# Time for Change

**The aldermen running for reelection have made poor decisions that can negatively affect your income for years. Fayetteville needs new ideas from new leaders.**

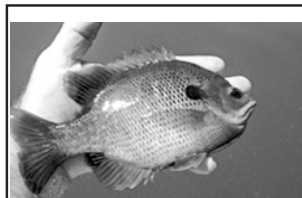

1. City residents voted 75.03% to 24.97%, in May of 2011, against a \$10,000,000 bond issue, but two aldermen running for reelection (Shelton and Bryant) ignored the results. They bypassed your vote by approving a \$6,000,000 capital outlay note to benefit the city school system during a Special Called Meeting, on August 19, 2011. The aldermen (Shelton, Bryant and Whisenant) later voted to convert the capital outlay note to a bond issue. This resulted in an interest expense increase of 238% (\$998,163 to \$2,375,971). (Board of Mayor & Aldermen Meeting 02/12/2013) Source of Interest: Financial Report of Fayetteville City Schools 2012 and 2013. These alderman simply don't listen to the majority but their actions affect everyone.

2. City Aldermen voted 5-1, in September, to approve additional funding for a new spec building, in our industrial park. Lincoln County Commissioners joined the city by unanimously voting to approve this project. Gwen Shelton is the only elected official that voted AGAINST funding the new building. She joined Michael Whisenant in voting against funding the road expansion to the new building. Is Alderman Shelton putting personal agendas ahead of what is best for you and Fayetteville? The Industrial Development Board has repeatedly proven the value of spec buildings and how they lead to more jobs.

**Your vote for new aldermen is not a vote against the City School System. It is a vote for leadership that will listen to your vote. Our community needs fresh ideas and not the same people running our government.**

# Why Do They Divide Us?

Some individuals use fear tactics, intimidation and lies to influence you.

There is no plan or desire to close the Fayetteville City School system and there never has been. Instead of answering direct questions about finances and test scores they have incited fear by spreading inaccurate information about closing the city schools. Why won't they answer direct questions? Why is their response to instill fear in the students, teachers, parents and community? The students and faculty have done nothing wrong. The issues aren't about them. Our community must face difficult issues to move forward. We must remember that disagreement does not equal hate. Even though we may not see "eye to eye," we do not hate you.

No one wants to take actions that would be considered "destroying our city". Would that not hurt everyone? We want people to make smart decisions and correct bad decisions.

Lincoln County government conducted a study on metro government and found that it was not feasible. There is no plan for metro. It is not the best form of government for our community.

Fayetteville is a wonderful place to live and work. That is why we choose to call Fayetteville home. We believe you should give generously to charities, schools, athletics and other endeavors to help our community.

You shouldn't believe social media without verifying the facts, and just like our national politicians, repeating something over and over, does not make it true.

**The only agenda is a better Fayetteville which helps us all.**

# Donna Hartman ALDERMAN

Contrary to political propaganda I am NOT against the city school system, my son attended there. I am NOT for Metro Government, this is not even an issue in this election. Nor am I anti-Fayetteville, I want to see our city grow. These folks are just trying to use scare tactics to get their way. I am ashamed of such actions by a few in our small city.
