Rodeo Proceeds Donated To Special Needs Students in Cullman

Cullman County Sheriff Matt Gentry and the Cullman County Sheriff's Rodeo Committee donated \$15,500 from the proceeds of the 2015 Sheriff's Rodeo to Cullman County Superintendent Shane Barnette and Cullman City Schools Superintendent Susan Paterson.

The money will be divided between the thirty one schools in Cullman County who have special needs children.

"The special needs rodeo is one of the highlights of the year for us at the sheriff's office. It's a great opportunity for the staff to be with the children and see the smiles and joy it brings", said Sheriff Matt Gentry.

Parkinson's disease (PD) is the second most common neurodegenerative disorder that causes a range of motor and non-motor symptoms. During the course of the disease, dopamine (DA)-producing neurons are lost and bundles of proteins known as Lewy bodies (Lbs) form in the brain. A study reported in the Journal of Parkinson's Disease provided molecular evidence that the FDA-approved leukemia drug nilotinib may restore brain dopamine and reduce toxic proteins associated with LB formation in PD and dementia patients.

A new study published in the Journal of Clinical Oncology provides a major link between low levels of vitamin D and aggressive prostate cancer. The research showed deficient vitamin D blood levels in men can predict aggressive prostate cancer identified at the time of surgery. The relationship between vitamin D and prostate cancer may explain some disparities seen in prostate cancer, especially among African-American men. Prior research by Murphy and colleagues showed African-American men who live in low sunlight locations are up to 1-1/2 times more likely to have vitamin D deficiency than Caucasian men

A study to be published in the Journal of the American Academy of Child and Adolescent Psychiatry (JAACAP) reports that use of certain antidepressants during pregnancy can result in offspring depression by early adolescence. Researches found that children exposed to selective serotonin reuptake inhibitors (SSRIs) during gestation had more chance of being diagnosed with depression after age 12, reaching a cumulative incidence of 8.2% by age 15 For children exposed to maternal psychiatric illness but no antidepressants, the incidence was 1.9%.

**OCTOBER IS
 BUSINESS LICENSE RENEWAL MONTH**

Any license not purchased during the month of October will face penalty and interest.

Before any person, firm, or corporation shall engage in or carry on any business or do any act for which a business license is required, shall pay to the Judge of Probate of the County in which it is proposed to engage in or carry on such business, the amount required for such license. The cost of a business license is based on the type business it is and for certain businesses the location of the business.

Per Act 2014-430, effective October 1, 2014, prior to being issued a business license by the Probate Office, the applicant must provide the Social Security Number (SSN) for individuals or their Federal Employer Identification Number (FEIN) for other entities.

The Probate Office mailed out reminders to businesses. County license may be purchased by mail, a \$2.00 mail fee must be included. Please bring your renewal notice when renewing in person or include renewal notice when renewing by mail.

Certain businesses must have permits before obtaining the license. Please bring or include all permits for business license in order to avoid a delay in the purchase of the license.

The Probate Office employees have worked diligently to prepare for business license renewals, especially those in the license department. I want to say "Thank You" to each one of them for their hard work.

License may be purchased at the Courthouse Probate Office, Baileyton Sheriff's substation, Dodge City Town Hall and Hanceville City Hall/Monday-Friday, 8:00 AM to 4:30 PM.

Any questions please contact the Probate Office 256-775-4802 or 256-775-4804.

Thank You,

TAMMY BROWN
 Judge of Probate

Carolyn McClendon Vandiver

August 23, 1946 ~ September 19, 2016

We the family of Carolyn Vandiver would like to thank the many friends and family members who have been with us throughout this difficult time. To the church, those who brought food, sent flowers and visited, your kindness was a great comfort to our family. Carolyn Vandiver was not only a loving wife, mother and homemaker, but a lifelong pianist, singer and songwriter. From a child she has attended church and dedicated her Christian life to the Lord's work. In her obedience, God has used her life for His glory. She did not seek for the riches of this world, but she was rich in the Lord Jesus Christ.

*In Sincere Appreciation,
The Family of Carolyn Vandiver*

Do you feel like this poor guy looks? If you can't wear your CPAP because of its bulkiness or discomfort, it's definitely not helping your sleep apnea. Dr Timothy Smith offers a comfortable and convenient alternative: a custom designed oral appliance to move the jaw forward and open the airway. Many of our patients report feeling better and more rested than they have in years. Call us at **(256) 287-1250** about a sleep apnea consultation today.

Theologians claim to be expert or a student in study of Elohim, yet teach man's theory and deny the Holy Truth of Christ (Mat 5:17-19, Jn 5:14, 8:11, 1Jn 3:8-9). Their church doctrines align with the beast's covenant of changed times and laws (Dan 7:25). They claim to teach from the Bible yet contort verses that strengthen the hands of the wicked, that he should not return from his wicked way, by promising him life (Eze 13:22, 2Cor 11:13-15).

Saving You MONEY

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
