## BETTER HEARING CAN BE YOURS

### Advanced Hearing Technology Event

#### 3 Steps to Better Hearing

##### STEP ONE

### CALL

Call and schedule a free hearing evaluation at one of our convenient locations.

##### STEP TWO

### Free Hearing Evaluation

Find out what you're hearing and what you're not. Discover whether you have hearing loss or is it ear wax?

##### STEP THREE

### Try Before You Buy!

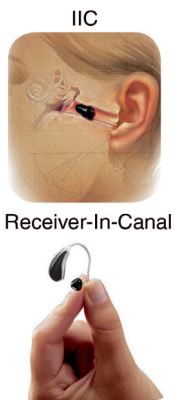

Take the hearing aids home and wear them out and about in your normal daily life. If after wearing your hearing aids for a period of 2 weeks and you are not completely satisfied with them, just return them.

I finally took my lovely wife's advice and reluctantly looked into getting hearing aids. I am not deaf or anything, but I found I was asking folks to repeat themselves more often as I aged. I resisted hearing aids because it carried a stigma, for me anyway, that one is growing old and dependent. I contacted The Hearing Aid Center in Dickson and got tested by Cassie Tuminello who analyzed my hearing test and suggested a set that would be best for me. Cassie was a pleasure to deal with. She was professional and very knowledgeable of the products she offers. At no time did I feel pressured or pushed to decide on a product. She takes time to make sure you are well informed before making a decision. After the initial "fitting" and orientation, I was a satisfied customer. Tiffany Huskey met with me over the next month doing minor adjustments to make my auditory experience the best that it can be. Like Cassie, Tiffany was very professional and informative. She listened carefully to my feedback and questions, and made sure I am a satisfied customer. The whole experience at The Hearing Aid Center was pleasant and productive. I need to hear well in my career. The Hearing Aid Center made that happen. My lovely wife is happy too! Thank you Cassie and Tiffany!

## Propane Prices Got You Down? Yank the Tank! Natural Gas will save you money!

- **Dependability:** Since the vast majority of the natural gas system is underground, it is not typically affected by inclement weather or other transportation problems. Always there when you need it.
- **Monthly billing:** No more large bills due when the tank is filled, you will receive a monthly bill.
- **More economical:** Operating cost for Natural gas equipment is substantially less than propane. Consider this:
  - If you used 800 gallons of propane last year at \$1.50 per gallon, you spent **\$1200** for fuel alone.
  - Using natural gas, your fuel cost for the same amount of energy would have been approximately **\$519** on our heat only rate or only **\$445** for year round use.

For more information on the availability of clean efficient NATURAL Gas please call or drop by today!

# PRE - PLANNING

## Planning Ahead Makes it Easier on Everyone

### Consider the Advantages:

- Make important decisions together, not alone...
- If something were to happen to you today, your family would know what to do...
- You have peace of mind knowing you have minimized the anxiety for loved ones...
- Your final wishes will be carried out...
- You can choose a pre-payment plan that fits your budget...
- Costs are locked in and you are protected...
- Most pre-arranged plans are transferable, should you transfer or move to another area...

### By Pre-planning Your Funeral, You Can:

- Make all the arrangements during a time of peace and not leave them to your family during their time of grief.
- Make your wishes known.
- Control the cost of your funeral and protect from inflation.
- Ensure that personal records are organized and easy for your survivors to locate.
- Protect your insurance so that it provides for your survivors and not for funeral expenses. and
- Provide protection in case the need arises before it is expected.
