Whosoever speaks against The Biblical Words of Christ is Satan and his ministry (Mt 16:22-24, 2Cor 11:13-15). Most so called Christian churches savourest the commandments of men (Mt 15:9) and strengthens the hands of the wicked, that he should not return from his wicked way, by promising him life (Eze 13:22, Mt 4:9). Only Christ shall judge one's destiny (Jn 5:22-47, Rom 2:1-16, Isaiah 55:8-9). So Be It!

In a study of nearly 650 people with the eye disease age-related macular degeneration (AMD), half still had vision 20/40 or better, typically good enough to drive or to read standard print, after five years of treatment with anti-VEGF drugs that are injected into the eye. The results were published in the journal Ophthalmology.

Patients receiving cancer treatment could increase their chance of survival by up to 20% and help stop their cancer from spreading by taking a low-dose of aspirin, new research published in the journal PLOS ONE suggests. A systematic review of the available scientific literature found a significant reduction in mortality and cancer spread by patients who took a low-level dose of aspirin in addition to their cancer treatment (average study follow-up length over 5 years).

Umbilical cords of children whose mothers used selective serotonin reuptake inhibitors during pregnancy may be longer than umbilical cords of other newborn children, according to a new study from the University of Eastern Finland and Kuopio University Hospital. Selective serotonin reuptake inhibitors, SSRIs, are commonly prescribed antidepressants. This is the first time their association with umbilical cord length was observed. The findings were published in PLOS ONE. A long umbilical cord can weaken fetal circulation and expose the fetus to a lack of oxygen during the pregnancy or birth, among other things. According to the study researchers, this newly observed association of prenatal SSRI use with umbilical cord length may indicate that SSRI drugs increase fetal activity and movement in the uterus.

IN LOVING MEMORY

It broke our hearts to lose you, but you did not go alone. A part of us went with you, the day God took you home. If tears could build a stairway, and heartaches make a lane, we'd walk our way to Heaven and bring you back again. In life we loved you dearly, in death we love you still. In our hearts you hold a place no one could ever fill.
