SPEAK OUT

Dear "Speak Out",

Friday evening my husband and I were dining in Geneseo with friends. As we went toward our table I noticed a gentleman sitting in a booth wearing a "I am a Viet Nam War Veteran" ball cap. After we were seated I looked in my wallet and went over to this local hero. I apologized for interrupting his and his companion's dinner; and proceeded to hand him a card from the Mt. Morris Boyd-Parker VFW Post #547 Auxiliary thanking him for his service to our country. I said, "On behalf of a grateful nation and especially the Members of the Auxiliary of Mt. Morris I want to thank you for your heroism and sacrifices. May God bless you."

I returned to my seat located opposite of where he was sitting, getting many questionable looks from my dining companions. I explained what I had done while finding myself gazing directly at this surprised hero. He nodded at me and proceeded to use his napkin to wipe his eyes. I returned the nod and smiled. When he left I wished him a good night; reflecting on my 3 classmates who failed to live through their service in Nam. All lost at the age of 19..mere boys who followed orders to fight in a war that was so unpopular with so many in our country that they were spat upon and rejected when home on leave. The next time they returned home each was in a flag draped coffin. A scene that repeated itself over and over throughout our Nation's History.

All I could think of that Friday as I watched that hero wipe his eyes was how I wish I could have hugged Hugh, Mike and Joe - after handing each of them a card thanking him for his service. How I wish each of them had been able to watch his baby reach a year old. We honor these heroes on every Memorial Day.

Thankfully, there are many of our heroes still among us. On Friday, November 11th, Veterans' Day, we all can thank our heroes who have returned to their families by the Grace of God; heroes who walk among us every day; heroes you may not even know had served. We all know at least some of these heroes: many are in your own family. We owe them all unlimited gratitude for the freedom their bravery affords us. We need to just take that first step toward a hero so they are assured that he or she is forever remembered, honored and respected- no matter where or when they served.

You don't need a printed card; you don't need to personally know him or her. Step out of your comfort zone and say thank you: if he or she has a napkin in hand, I can promise you it will be used in just the same way as the Veteran I thanked last Friday. You truly will not ever regret taking that step. Not ever.

Honoring all our Veterans,
Elizabeth ("Smidge") Stevens
on behalf of the Auxiliary of VFW Post #547, Mount Morris

Dear "Speak Out",

Public disrespect for our nation has been growing among some Americans in recent years. Lack of respectful attention at the playing of our National Anthem has become obvious by the actions of some athletes at public sporting events. Many schools and universities no longer pledge allegiance to our flag during the school year. This is a part of an attack on American culture and religious faith.

These days as we observe Veterans Day and, later, Thanksgiving Day, Americans must understand that our ancestors came to these shores originally to be free people and practice their religious faith. Through the decades millions of people from abroad continued to risk their lives to come here and be a part of our American way of life and the traditions we all hold so dear.

On Veterans Day this coming week let us remember all who gave their lives serving in our American Armed Forces with the words of Abraham Lincoln: "Let us be dedicated to the work they so nobly advanced. Let us be dedicated to the task remaining before us, that from our honored dead we take increased devotion...that we today highly resolve...that this nation have a new birth of freedom."

If we insist on patriotic education for our school children and new immigrants, we will build a cultural bond that has made America the most exceptional nation in all history.

HAVE YOU HEARD EINSTEIN'S DEFINITION OF INSANITY?

Doing what you always did, and expecting a different result. I'm sure most of you are very weary of all the politicking that going on with the upcoming presidential debate. So much emphasis is on Trump vs. Clinton, that the other races are almost being ignored - such as the race for the US Senate between Chuck Schumer, who has held public office for four decades, and challenger Wendy Long who is seeking to change the landscape of corruption in Washington which comes from lack of term limits. Chuck Schumer has promised that if re-elected, he will appoint liberal Supreme Court justices who will take away our 2nd Amendment right, our religious liberty and free speech. Wendy will vote to protect the 2nd Amendment, and vote for justices who will respect the Constitution rather than re-create it. She is a common sense candidate who wants to secure our borders, and enforce the immigration laws that are already on the books. Really, if you want our state and our beloved country to be better, don't just vote by name recognition. You'll continue to get what you've always gotten - big government that over regulates, rising taxes to support private interests, and corruption at every level.

Sincerely, Carolyn

Giving Back To The Community

A local motorcycle activity group is giving back to the community. The Dansville Moose Riders are members of the Loyal Order of the Moose Lodge #1130 located in Dansville. Throughout the year this group holds fundraisers that support donations to the Vincent House and community members in need. Annually the Dansville Moose Riders host a motorcycle run to benefit the Vincent House. This event started in 2012 and within the last five years has raised over \$8,000 for the Vincent House. In addition to the motorcycle run the group also participates and provides a sponsorship for the Vincent House Polar Plunge in April.

This year a couple of the Moose Rider members presented the annual bike run donation check to the Board Members of the Vincent House. The Vincent House is a comfort Care Facility for the terminally ill. The homelike setting provides comfort and care during a stressful time for individuals and families. The Vincent House prides themselves on doing whatever is necessary for someone to LIVE the rest of their life. There is never a charge to the resident or family, nor does Vincent House receive any health care reimbursement. The cost of operating the Vincent House is covered by donations from the community, memorials, and fundraising activities.

The Dansville Moose Riders chose to donate to the Vincent House in honor of their dedication to individuals and families during a time of needed support.

If you are interested in joining the Dansville Moose Riders, please give us a call at 585-335-7948 or visit www.dansvillemooselodge.com.

You don't need to own a motorcycle to join.

The group welcomes all individuals to join who are interested in planning, supporting, and volunteering for sponsored charitable events.

Home Energy Assistance Program (HEAP) 2016 – 2017

Regular HEAP opens on November 14, 2016.

Emergency HEAP opens January 3, 2017.

Apply for HEAP on-line at myBenefits.ny.gov beginning November 14, 2016.

Applying on-line is easy, applications are received by the agency right away, and allow the applicant to track the application and benefits.

Most individuals or families **receiving either Temporary Assistance or SNAP benefits** on September 18, 2016 will receive a one-time Regular HEAP benefit through that case and do not need to apply separately.

Livingston County residents that are unable to apply online, may request an application be mailed by calling (585) 243-7300. HEAP applications are mailed and accepted starting November 14th at the

Livingston County Department of Social Services

1 Murray Hill Drive
Mount Morris, NY 14510

It is very important to keep current on your utility bills.

If you fall behind prior to HEAP opening contact the company and try to make some arrangement for payment.

- Non-heating electric shut offs cannot be paid with Regular HEAP Benefits.
- Interviews can be done over the phone as long as a HEAP application has been filed either through myBenefits.ny.gov or in paper form with the agency.
- Do not wait until you are out of fuel to apply for HEAP. Let us know when you are **low on fuel** (less than a quarter tank). Non-utility fuel companies may charge a delivery fee if they deliver "off route" because you are out of fuel. This charge is deducted from your HEAP grant, so you will receive less fuel from your HEAP grant.
- If you have a shut off notice on your natural gas or electric, contact us **prior to being shut off**. If service is shut off, the company does not have to accept the HEAP grant to turn it back on.

Nunda Voters,

I was unanimously appointed to be the Republican candidate at their caucus for the position of Nunda Town Councilman. During the past weeks I have had the opportunity to speak with many of you. I would like to take this time to make you aware of my intent and to know a little about me.

I am the son of Betty and Ken Morris and was raised here in Nunda. Betty served 16 years as Mayor of Nunda, while I was growing up. I graduated in 1973 from Keshequa Central School. I am married to Wendy Morris, and we lived on DeGroff Road raising our 5 children over the years. I am now retired from the Livingston County Sheriff's Office, where I have been serving this community for 40 years. This is my first time seeking public office and will be a fresh face on the Town Board, bringing new ideas and concepts.

Some of the things I support are the Nunda Village Park, which my mother helped to create. I will work with the town, village and church to seek a commitment to the park, continuing to make Nunda a nice place to live. The highway department uses over 50% of our budget, this needs thought put into short and long term planning to create a reserve for maintaining our equipment and roads. With the police department I will work closely to create trust and support for our goals to protect the community. I will also work with the village, school and county in an effort to consolidate some services, while keeping our community safe and comfortable.

Being that I am retired, I can give 100% effort to the position of Councilman, looking for better ways for our community to move forward. I will be available to listen and talk with you, the voter, and if you can't come to me, I will come to you.

Thank you for your time in reading this and for casting your important vote on November 8th. When elected, you can count on me serving you and our community.

God bless Nunda, and the United States of America.

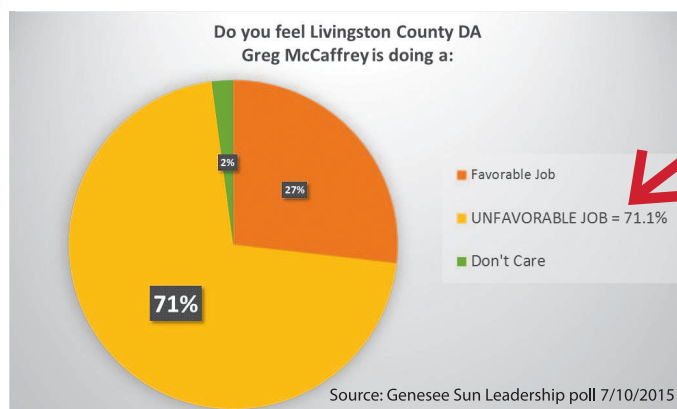

Thank you,

Randy Morris

Why is Ray Sciarrino running for District Attorney? Because...

FACT:

In a poll by the Genesee Sun, McCaffrey received a 71% **UNFAVORABLE** JOB RATING

71%
UNFAVORABLE
JOB RATING

FACT:

In the last year alone, AT LEAST 11 accused felons were released from jail BECAUSE McCaffrey didn't present their cases to a grand jury in time. He let them sit in jail for 45 days, without doing his job. Those people were released BACK INTO THE COMMUNITY; one is still a FUGITIVE.

FACT:

McCaffrey does NOT communicate with victims! It is the job of the DA's office NOT to just PROSECUTE cases, but to prepare victims, and to adequately support them through the case's development, and potential trial. Victims are uninformed and unprepared.

FACT:

Ray Sciarrino has PERSONALLY seen McCaffrey lie to a County Court Judge about the wishes of a victim he in fact NEVER SPOKE TO.

FACT:

McCaffrey was appointed DA by Governor Cuomo. He was also a special guest of Governor Cuomo at the signing of the SAFE ACT. During his interview on WYSL 2nd Amendment Radio Show, McCaffrey was asked 2-3 times whether he supported the **REPEAL** of the SAFE ACT and he replied, **"I'm not comfortable answering that..."**

SAFE ACT signing: A video link of the ENTIRE EVENT is available online at www.ray4da.org

"When I first met Ray, I was an involved community member and local architect concerned about the abandoned Old School in Perry, NY. Ray came forward with a vision, a commitment and the skills necessary to save the building from almost certain doom.

Over several years, I had the privilege of working closely with Ray through my architectural firm, as he developed plans, navigated the complex logistical and code shoals of adaptive re-use, and proceeded methodically to renovate the building classroom by classroom, recruiting commercial and residential tenants and a computer lab for the community.

Ray's vision and dedication brought this building from a potential liability into one of Perry's greatest assets. Now, more than a decade later as mayor, I can fully appreciate that Perry was then at a crossroads. The Old School could have become a lingering symbol of decline and disinvestment. Instead it became one of the first symbols of a Perry renaissance that is now in full throttle.

It always comes down to people. It was Ray's dedication, his ability to think big, and his courage in tackling a 100,000 sq ft historic building that made the difference."

"I am a criminal defense attorney in Western New York, and former Assistant District Attorney in Livingston & Chemung Counties – I endorse Raymond Sciarrino for District Attorney of Livingston County. **When I first became a prosecutor in Chemung County, I was taught that fundamentally, the prosecutor is seeking to do what is fair, to provide justice – not to obtain convictions at any cost.**

I moved on from Chemung County to Livingston as a prosecutor and had the opportunity to work with Ray Sciarrino on a number of cases in his role as defense attorney and appeared before him in his capacity as Leicester Town Court Judge. **The qualities I observed in Mr. Sciarrino are rare and essential to a position of power, particularly the position of District Attorney.**

Ray is honest, compassionate, has common sense, and has a keen understanding of the law.

Before I began writing this endorsement, I asked what Mr. Sciarrino's platform was for his campaign and in reply was told "**common sense for a safer community, on a case-by-case basis.**"

That is exactly what we need in a District Attorney, one who will exercise discretion focusing on a greater goal of ensuring safety. Discretion is critical as a prosecutor. Without discretion, convictions become robotic, removing the human element and ignoring the unique and particular circumstances of each case.

Many District Attorney's Offices across the state implement 'policies which discourage the exercise of discretion on a case-by-case basis – Livingston County is no exception.

Ray Sciarrino is a fair and honest man and a skilled attorney. He has the character to exercise sound discretion by avoiding rigid policies and favoring a critical review of each case, each defendant, and each victim. I wholeheartedly believe that he will do what is fair, just, and right to keep Livingston County safe while maintaining the Constitutional protections guaranteed to its citizens."

Jeffrey V. Scherer, Esq.
Law Offices of Jeffrey V. Scherer
Former Assistant District Attorney of Livingston County

I do not know anyone who has more respect for the law than Ray Sciarrino! He is passionate about upholding the law and acts with integrity in every situation. I am a proud supporter of his campaign and truly believe he will bring integrity and justice to the office.

Amy Bowles Slusser, Professor

As District Attorney I will:

- employ a teamwork mentality with law enforcement;
- have the fortitude to make tough legal decisions, even if they are politically unpopular;
- employ legal analysis and review on a case by case basis;
- employ non-policy driven practices which consider the human element inherent in all cases;
- avoid overcharging and overzealous prosecution;
- increase and improve upon victim services; and
- bring common sense to the indictment process (The Ambulance Case).

Veterans Endorse Ray Sciarrino

Dear Neighbor,

After a series of my own poor decisions, I found myself in Livingston County Court facing charges of Felony DWI, foolishly thinking that the Court may give some credence to my past record of military service as a combat veteran in Vietnam, community service, and service related injuries. None of this was taken into account by the DA's office in charging me. While I could have hurt someone badly because I was drinking and driving; thankfully no one was hurt and no property was damaged.

In Livingston County, there is no recognizable alternative path, no understanding, no ability or desire to detect invisible wounds, nothing that would help Veterans who have found themselves afoul of the law. Our incumbent District Attorney has publicly stated that he feels PTSD is a reason for longer incarceration and shows no inclination towards treatment as an alternative. In order to be fair and just, individual analysis needs to be conducted for both victims of crimes, and defendants because they too will continue to live in our community.

For these reasons, I support Ray Sciarrino for Livingston County District Attorney. Ray will be fair and just and consider the facts and circumstances of each case.

James C. Creagan
Geneseo, New York

Dear Fellow Voters,

I am a registered Democrat, Livonia High School graduate, and the Campaign Manager for the Republican Candidate for District Attorney, Ray Sciarrino. I resigned from my job as Assistant Public Defender in Livingston County to support Ray in his election. I believe that Ray will do the right thing to serve our community, even if it is unpopular.

Prior to working for the County, I spent four years on Active Duty with the United States Marine Corps, defending Marines and Sailors accused of crimes. Defending our rights has always been a priority for me, much like Ray's dedicated career as a criminal defense attorney and Town Justice. Like Ray, I see things in the District Attorney's office that are unfair and do not serve the betterment of the community.

My roots run deep and Ray is the right choice for this election, I urge you to vote with me for Ray November 8th.

Very Respectfully,
Brittney R Bennett
Livonia, New York.

Help me bring integrity back to the District Attorney's office.

I would appreciate your vote on
Election Day, November 8th.

Sincerely,

Raymond P. Sciarrino

We raised over \$12,000 the day of the party, but our grand total for the year was over \$25,000!!! We started the day with over 160 donated items from great businesses, family, friends and community members!! We have been able to send over 100 checks in the two short years we have been keeping the money local to those battling any type of cancer within our surrounding communities—so, thank you to each and every one of you who donated food, bought a ticket (or two), sweatshirt, and/or came to the party to support us.

This year we had the talented Boobie Brothers Band (aka Burn Brothers) donate their time and talent, as well as Jean Angililli (photography) and Jason Carpenter (DJ). WISDOM TEETH

Wisdom teeth, also known as "third molars," are the last teeth to develop and erupt into the mouth. Unfortunately, they are the most common teeth to be 'impacted' or unable to fully erupt between the ages of 15-20, but can be seen earlier or appear much later in life. Impacted teeth are not able to erupt through the gum tissue fully or at all. This can be due to many reasons, including lack of room for the teeth (jaw growth), malposition of teeth or pathology. Nearly everyone has at least 1 impacted wisdom tooth.

Why are wisdom teeth removed?

There are many reasons wisdom teeth require removal; These include pain, swelling, infection, orthodontic treatment, periodontal disease, cavities, shifting of teeth, age and pathology (such as cyst development). If not removed, impacted wisdom teeth could lead to damage of adjacent teeth or cause infection, which is a very common reason that they are removed. If they do erupt fully, they often are difficult to clean and maintain, have bacteria associated with them which can lead to systemic infection and illness that can affect the heart and make management of other illnesses such as diabetes more difficult. If the teeth remain impacted as people age, other pathology can develop, such as cysts and tumors. Management of these situations is often compromised by anatomy and other medical concerns. Pain-free does not mean problem-free or pathology-free. If the wisdom teeth erupt fully, are hygienic and without pathology, proper follow up is in order with periodic exam and x-rays.

What is the best age to remove wisdom teeth?

Studies have consistently shown that removing wisdom teeth in the teen years is by far easier for patients. This is due to bone being softer, roots not being fully developed, better healing process, and an essentially uncomplicated or benign medical history.

Oral & Maxillofacial Surgeons and Wisdom Teeth

If you have been recommended to have your wisdom teeth removed, you will most likely be referred to an Oral Surgeon (OMS) for evaluation. OMS's remove thousands of teeth, including wisdom teeth, every year. They perform hundreds of anesthetics for various reasons every year, have advanced training in surgical and anesthetic complications and employ a team that is certified in anesthetic care giving. There are various types of anesthetics that an OMS can administer in a very safe and controlled environment. Most often, as a result of their extensive training and experience, teeth removed by an OMS results in less pain, swelling, infection and other complications.
