Women having C-sections can suffer from a variety of infections. These infections include endometritis, cesarean wound infection, abscess, sepsis, septic pelvic thrombophlebitis, pyelonephritis, pneumonia and meningitis. Secondary outcomes include neonatal morbidities and adverse effects. The usual antibiotics being used may not always reduce these infections because they do not control some organisms such as ureaplasmas, which are frequently associated with post-cesarean delivery infections. A cephalosporin antibiotic has been used as the standard to prevent infections in women undergoing cesarean delivery; however, a new study has found that adding azithromycin to the usual antibiotic for non-elective cesarean delivery reduced post-cesarean delivery infections and severe adverse maternal events with no difference in neonatal outcomes.

Nonmedical use of prescription opioids more than doubled among adults in the United States from 2001-2002- to 2012-2013, based on a new study from the National Institute on Alcohol Abuse and Alcoholism (NIAAA), part of the National Institutes of Health. Nearly 10 million Americans, or 4.1 percent of the adult population, used opioid medications in 2012-2013 a class of drugs that includes OxyContin and Vicodin, without a prescription or not as prescribed (in greater amounts, more often, or longer than prescribed) in the past year. This is up from 1.8 percent of the adult population in 2001-2002. More than 11 Percent of Americans report nonmedical use of prescription opioids at some point in their lives, a considerable increase from 4.7 percent ten years prior. The number of people who meet the criteria for prescription opioid addiction has substantially increased during this time frame as well, with 2.1 million adults (0.9 percent of the U.S. adult population) reporting symptoms of "nonmedical prescription opioid use disorder (NMPOUD)," according to the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5).

Are you a MEDICARE patient with a CPAP?

Do you feel like this poor guy looks?
If you can't wear your CPAP because
of its bulkiness or discomfort, it's
definitely not helping your sleep
apnea. Dr Timothy Smith offers a
comfortable and convenient
alternative: a custom designed oral
appliance to move the jaw forward
and open the airway. Many of our
patients report feeling better and
more rested than they have in years.
Call us at **(256) 287-1250** about a

FOR IMMEDIATE RELEASE
 21 November 2016

CULLMAN, AL--Cullman County Schools, in partnership with Cullman Savings Bank and Merchants Bank, has been awarded 5.535 million in QZAB funds to renovate and improve school roofs, HVAC and electrical updates at the following schools:

Cullman Area Technology Academy	West Point Elementary School
Good Hope High School	Wolti Elementary School
Vinemont High School	Fairview High School
Hanceville High School	Hanceville Middle School
Cullman Child Development Center	

"I am so thankful and excited about this QZAB project and our local partnerships," said Shane Barnett, Superintendent of Cullman County Schools. "I really appreciate Dr. Franey's efforts in spearheading this project which will greatly benefit Cullman County Schools. These QZAB funds will allow us to complete projects that are listed on our Capital Plan up to 2020."

The funds are provided through the Federal Government's Qualified Zone Academy Bond (QZAB) program and supports improvements to school facilities in communities where there is significant participation (over 35%) in the Free and Reduced Meals Program. The funds are allocated through the State Department based on applications. The program requires a 10% match or in-kind contribution from businesses and private sector entities. This match is being met through services and/or donations from various community partners which include:

The Link of Cullman County, Inc.	Volunteers in Public Schools (VIPS)
Cullman Area Workforce Solutions	Cullman Area Chamber of Commerce
Cullman Savings Bank	Rehau Automotive, LLC
Temple Baptist Church	Wal-Mart
4-D Farm	Peoples Bank of Alabama
Cullman Regional Medical Center	Desperation Church
Wolti PTO	West Point First Baptist

Blessings in a Backpack -Bethlehem West Baptist Church and West Point Baptist Church
 Knap Sack for Kids - First Methodist Church in Hanceville, First Baptist Church in Hanceville, Trinity Lutheran Church, Stouts Mountain Baptist Church, Center Hill Baptist Church, Hanceville Civitan, Hanceville Culture Club, Hanceville Lions Club, and Pleasant Grove Methodist Church

We are very appreciative to the State Department, Cullman Savings Bank, Merchants Bank and all of our community partners for their efforts in securing the QZAB funds that will provide much needed renovations to our schools.

Satan (2Cor 11:13-15) has taught many they are like Christ just by going to a church with baptism or prayer and worship by a new covenant of changed times and laws (Dan 7:25, Mt 15:9, 1Jn 2:3-4). Christ was manifested to destroy the devil's works (1Jn 3:8-9) and gave His disciples who were first called Christians (Acts 11:26) Holy Powers (Mt 10:1). "He" sent them to teach all nations to observe whatsoever "He" had commanded them (Mt 28:20, Heb 13:8). By Satan's way (Mt 16:22-24), no one is like Christ nor brothers, sisters and mothers to Him (Mt 12:50). The altar and temple at Jerusalem were destroyed for sin, and man became the "Temple" (1Cor 3:16-17, 6:19) to worship Elohim by obedience to Christ (Jn 3:16, Acts 3:23), not by burnt offerings (1Sam 15:22). So Be It!
