Blink Marketing and Oak Hill Marina Sponsor "Angel Tree" for Meals on Wheels

The Meals On Wheels "Angel Tree" will be displayed at Blink Marketing, 1701 Okoboji Ave., Milford, on Highway 71, during the holidays. This program was designed to bring in donations that will directly allocate to the "Meals on Wheels" local programs.

The public can participate by purchasing ornaments for \$5.00 each, which in turn, covers the cost of a meal for an elderly person who will be home bound this holiday season. All donations stay within the community and go directly to the established Meals on Wheels program in Dickinson County.

"We were very pleased with the response of our friends and community who have given so generously the last few years and we hope to continue to grow our efforts every holiday season. We had to skip the program last year due to our office move, so, we are happy to be back again this year. This is such a humble and rewarding experience to visit someone, who gets so much joy out of the meals we deliver and the small conversations we have, because they sometimes have no family visiting them during the holidays," said Jill Harms, President and owner of Blink Marketing. "It is fun to see our employees get involved not only with the donations, but in delivering the meals to the homebound as a team," said Jake Jostand, owner, Oak Hill Marina.

The Angel Tree will be up until December 23, at Blink Marketing in Milford, directly across from Sunshine Foods. Blink Marketing and Oak Hill Marina are committed to making a difference for families in northwest Iowa and both support a variety of causes and local organizations. If you are a local business and would like to partner with us on this community effort, please reach out to Jill Harms at Blink26.com.

Harbor Christmas Musical

The Harbor Christmas Choir of Harbor of Joy Lutheran Church, will share the musical, "Mary, Did You Know", the

weekend of December 10-11, at several churches in the area. On Saturday, December 10, the choir will be at Hope Lutheran Church in Everly, Iowa, at 7:00pm. This is the second year that Hope Lutheran has hosted the choir. There will be a reception

following the musical for all who attend. The times and churches for the musical on Sunday, December 11, are 9:30am at Harbor of Joy Church in Milford and 3:30pm at Faith Lutheran Church in Sibley, Iowa. A soup supper will be served after the Sibley performance.

Bob Floss, director, says "This musical is based on the song written a few years ago by Mark Lowry and Buddy Greene that captivated the imagination of people everywhere. That song asks a surprising and intriguing question of 'Mary...Did You Know?"

To all who attended

Special Thanks to our Veterans, IRRMA and all who supported this!

We appreciate you all!

Great Lakes Communication Corp. Honored

The Iowa Area Development Group (IADG), on behalf of Iowa's rural electric cooperatives, municipal utilities and independent telecommunication companies, honored seven distinguished Iowa companies with the Iowa Venture Award at a luncheon held in conjunction with the Iowa Association of Electric Cooperatives' annual meeting at the Sheraton West Des Moines.

"The Iowa Venture Awards Luncheon provides a forum to celebrate the courage, contribution, innovation responsibility and vision of Iowa entrepreneurs," said IADG President Rand Fisher. "IADG, on behalf of our sponsors, is proud to recognize these seven outstanding companies for their contribution to their community, region and state."

For 29 years, IADG has presented Iowa Venture Awards to individuals and organizations, both large and small, in recognition of their significant contributions to Iowa's economy through entrepreneurial leadership, innovation and the creation of job opportunities. History has demonstrated that these are among the most accomplished and successful companies in the state. Together they are helping to sustain and grow Iowa's economy. The Iowa Venture Award Hall of Fame showcasing these 248 companies can be found at www.IADG.com/HallOfFame.

IADG is the business and community development leader for Iowa's rural electric cooperatives, municipal utilities and independent telecommunication companies. Since 1985, the Powerful Partnerships and economic development efforts of IADG and their sponsors have assisted with more than 2,000 projects, generating in excess of \$10.15 billion of capital investment and over 51,500 new or retained jobs for Iowa.

Obituaries

Inez Marguerite Rossiter of Spencer, was welcomed to heaven by her Savior on December 1, 2016. She was

a devoted wife of 58 years to Marvin, a loving mother to her children Mark Marvin -- who is also with her in paradise -- Kimberly Ann Cloyd (Miles), Stephanie Sue Gebert (Wade) and Kevin Melvin Rossiter, and a beloved grandmother to Ben, Victor, Lauren (William) and Hayley.

Inez was a lifelong devoted Christian and a member of

First English Lutheran Church. She loved her family, her beautiful flower garden, music, fishing and all birds except sparrows and crows. She had a wonderful, albeit unique, sense of humor and was a source of wisdom, strength and support to her family and many friends. She will be dearly missed this side of heaven.

Inez was preceded in death by her parents, William and Anna Meyer; 2 brothers, Royal and Austin Meyer; and her son Mark in 1987.

Annual Festival of Trees

The Great Lakes Mall will be hosting their 7th Annual Festival of Trees thru the month of December. This year, Spirit Lake Silver and Gold will be giving a gift of \$300 for 1st Place and \$150 for 2nd Place.

Voting will run until December 24, with the winner being announced Monday, December 26.

THANK YOU!

The First Lutheran Church staff and family wish to share our heartfelt thanks and deepest appreciation for the outpouring of love and support received from the community as we mourned the loss of our senior pastor, Bob Vaage. We were humbled by the acts of kindness extended as we made preparations for the visitation and service in celebration of his life.

We share a special note of appreciation to St. Joseph's Catholic Church for hosting and organizing the after-service

We thank Bethany Lutheran Church of Spencer, Harbor of Joy in Milford, Union Memorial in Milford, Calvary United Methodist in Arnolds Park and staff from Okoboji Community Schools for providing food and volunteers for the meal.

We express additional thanks for chairs provided by Ingham-Okoboji Lutheran Bible Camps and the Okoboji Bible Conference, transportation furnished by the Okoboji Community School District and Camp Foster, parking attendants arranged by the Milford Kiwanis Club and childcare provided by Grace Lutheran Church and Time Out Nursery.

Many other local churches, organizations and individuals also offered and provided their assistance in a variety of ways of which we are extremely grateful.

Most importantly, we thank the community for their continued prayers and support for our congregation as we journey forward.

Student, Professor at ILCC Wins Photography Awards

Natalie Rosenberg's decision to plant more than 100 sunflowers in her garden this year paid off in more ways than one

when she earned third place in the illustrative category at the Professional Photographers of Iowa Fall Convention recently in Des Moines.

"She has a good sense of composition and color harmony, and has gotten very good on the technical side," said Dave Petrick, lead adjunct instructor with the photography program at Iowa Lakes Community College.

Petrick attended the convention with Rosenberg and

another student, Catherine Teach. It was the first time at the print competition for Teach, who was there to observe and may compete next year — just like Rosenberg watched and learned before entering the contest.

"It's a good learning experience," Petrick said. "They learn if their photography is on track to be on a professional level, as

judged by some of the best professional photographers in Iowa." Students who attend the two-day convention with Petrick also get to participate in the event's in-depth classes on different areas of photography, such as newborns or senior portraits, and have opportunities to meet vendors and other photographers.

"(Entering competitions) is one of the best things you could do for yourself to help you become a better photographer," Rosenberg said. "You will adapt to what the judges are looking for in every photo you take."

She also said she appreciated hearing immediate feedback from the judges during the judging.

Petrick intends to continue bringing students in his photography classes to conventions and workshops. Anyone interested in the photography program at Iowa Lakes Community College should contact Petrick at dpetrick@iowalakes.edu or 712-362-7954, or call Admissions at 1-866-425-2537.

Three teams have been invited to advance to the Championship event at Iowa State University in January. In addition, the Champion's Award winning team and the Global Innovation Award nominee will participate in the state event.

FIRST® LEGO® League (FLL) is an international program, created by FIRST® and LEGO®, designed to get children interested in and excited about science and technology - and teach them valuable career and life skills. FIRST® (For Inspiration and Recognition of Science and Technology) releases a new challenge each year that engages teams in hands-on robotics design and scientific research. This year, the 'challenge' was to research and present creative solutions around the theme of "Animal

three stores at a time.

Think about which three independently owned businesses you'd miss most if they were gone. Stop in and say hello. Pick up a little something that will make someone smile. Your contribution is what keeps those businesses around.

If just half the employed U.S. population spent \$50 each month in independently owned businesses, their purchases would generate more than \$42.6 billion in revenue.* Imagine the positive impact if 3/4 of the employed population did that.

For every \$100 spent in independently owned stores, \$68 returns to the community through taxes, payroll, and other expenditures. If you spend that in a national chain, only \$43 stays here. Spend it online and nothing comes home.

The number of people it takes to start the trend...you.

Pick 3. Spend 50. Save your local economy.

WASSAIL! Iowa Lakes Community College music students enjoyed some merry-making this weekend as a part of the annual Madrigal Feaste

Tritle's concerts celebrate Christmas in New York

This Saturday's Cathedral Christmas Concert at New York's Cathedral of St. John the Divine — where Spirit Lake native Kent Tritle is Director of Cathedral Music and Organist — celebrates France.

Poulenc's stunning organ concerto gives the Great Organ a star turn, while his Four Motets evoke the mystery of the Christmas miracle. Charpentier's charming In Nativitatem Domini Nostri Jesu Christi Canticum tells the Christmas story through a Baroque lens, angels and shepherds abiding! The audience joins to sing favorite Christmas carols and the Cathedral Choristers (children's choir) will adorn the program with seasonal selections by Willcocks, Britten, Rutter, and Fraser, accompanied by harp. Kent explained in a recent email that it is guaranteed to put you into the holiday spirit! The concert is Saturday, at 7 p.m. If you're in New York this weekend, please tell Kent we said, "Hi!"

Depending on your schedule, you can also pick your Kent Tritle Carnegie Hall *Messiah* concert — or hear them both. *The New York Times* has praised both the "rich and full-bodied" performances of Handel's masterwork by the 200-voice Oratorio Society of New York, and the "excellent chorus and top-notch soloists" of the Musica Sacra presentations.

On Wednesday, December 21st Kent will be leading the Oratorio Society of New York and soloists Kathryn Lewek, soprano; Jakub Józef Orlinski, countertenor; William Ferguson, tenor; and Adam Lau, bass. Soloists on Thursday, December 22, leads Musica Sacra with Lewek; Orlinski; Colin Balzer, tenor; and Scott

Dispensa, baritone. Founded by Leonard Bernstein in 1984, the annual New Year's Eve Concert for Peace is a signature event at the Cathedral. Returning this year are special guests Judy Collins and Jason Robert Brown, along with host Harry Smith. This year's program features Haydn's Symphony No. 6, Morning; excerpts from J.S. Bach's monumental Mass in B

Minor, a set of spirituals by African-American composers and arrangers; and the New York premiere of Paul Moravec's Light Shall Lift Us.

A bit closer to the campus of the UofO — but not much — Sherburn, Minnesota's very-own Millie Kittleson recently stepped up to a Branson, Missouri stage when she was asked to sing with one of the acts in the Midwest's country music mecca. As strange as it might seem after the nonagenarian performed decades ago at the Grand Old Opry in Nashville, she had never been heard in Branson

While live music slows down as we approach Christmas, this week will see *John Senn and Friends* return to Table 316 in Arnolds Park, Wednesday night, from 7 - 9 p.m...

The Spirit Lake High School Music Department will present its holiday concert, Sunday afternoon, at 3:00, in the SAMI Center...

And Adam Layman will take the stage in the barn at the Little Swan Lake Winery, for Thurs-ty Thursday, from 6 - 8 p.m. And Scott Larsen will perform on the same stage, Sunday, from 4 - 6 p.m...

Looking ahead, Glenn Henriksen will be performing his annual Christmas concert at the Pearson Lakes Art Center in Okoboji, on Thursday, December 15th — the same night Chip Davis' Mannheim Steamroller will perform at the Clay County Regional Events Center in Spencer. Floor seats for Mannheim are

virtually sold-out, along with half the bleacher seats.

The night after his PLAC concert, Glenn will appear with much the same show at the Red Rock Center in Fairmont..

Research director RD has found a dearth of historic events this week and concentrated on birthdays instead.

Dave Brubeck, who is best-remembered for his 1959 recording of Take Five was born on this day in 1920. But is was just 20 years ago that Brubeck released the Dave Brubeck Christmas long-playing album that became one of the bestselling albums of 1997...

Songwriter Louis Prima, who was also an actor, jazz trumpet player and band leader, was born on December 7, 1910. And since we're thinking about Christmas RD notes that two of Louis' biggest hits were What Will Santa Claus Say (When He Finds Everybody Swingin') and Shake Hands with Santa Claus, from 1936 and 1951, respectively...

Sammy Davis was born Samuel George Davis, Jr., on December 8, 1925. Among hundreds of other songs, Sammy sang Sweet Gingerbread Man — the 1970 tune written by Michel Legrand and Alan and Marilyn Bergman. RD thinks he was a bit ahead of his time, as December 10th is Gingerbread Deco-

Fifties pop star Brenda Lee turns 72 on Sunday. Born in Georgia, Brenda Mae Tarply is best-known for two songs: her 1960 hit, *I'm Sorry*, and *Rockin' Around* the Christmas Tree, which she first released in 1958. The rockin' song was written by Johnny Marks, and has been a holiday standard for more than 50

If Marks' name rings a bell, that would be a Christmas bell. Although he was Jewish, Marks specialized in Christmas music and penned many other holiday standards, including Gene Autry's Rudolph, the Red-Nosed Reindeer, Burl Ives' A Holly Jolly Christmas, and Chuck Berry's Run Rudolph Run...

WHY DO I HEAR... BUT NOT UNDERSTAND?

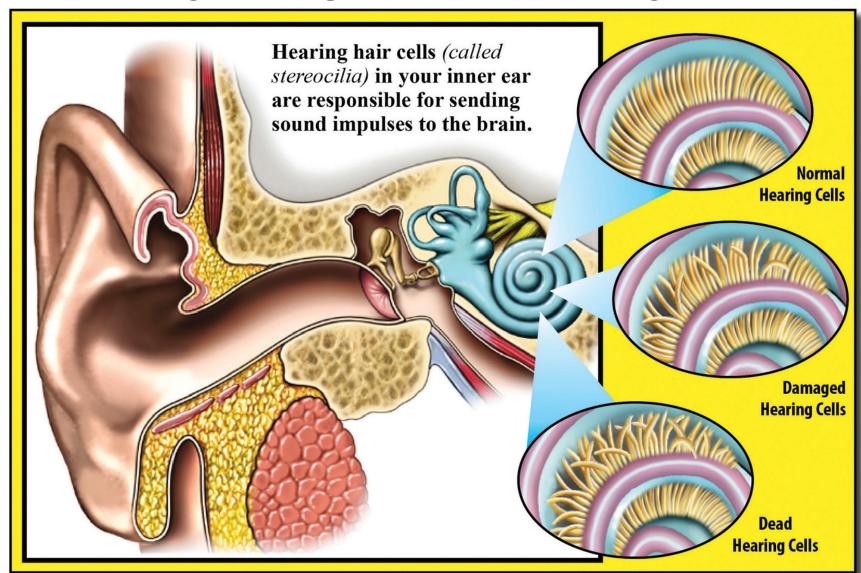

Study by Cambridge University in England Reveals Key Answer

Until recently, there was no practical way to identify dead regions of hearing cells in the ear. However, a new Britishdeveloped procedure using standard test equipment now allows for identification of dead hearing cell regions. The study suggests that the presence or absence of dead regions may have serious implications in the fitting of hearing aids.

This research reveals that amplifying dead cells is a mistake which will result in poorer speech understanding in noise. A new type of digitally programmable microcircuit is now available using Nanoscience technology that can be programmed to bypass the dead cells. As a result, the patient's usable hearing cells receive

amplification, thereby improving speech understanding in noise. During our audiometric test battery, we use specialized speech in noise testing to determine a patient's unique "Signal to Noise relationship". In other words, how much louder does speech need to be than noise to capture 50% of what's being said in typical challenging environments? This information is invaluable when determining

individual treatment plans. Using this information, we can recommend the right product to start with and

set realistic expectations based on a patient's unique "hearing fingerprint" - a truly customized fitting model.

These new products come in all shell sizes, including the smallest digital models. During its release, Professional

Hearing Aid Center is offering this new frequencyshaping hearing instrument.

Iowa history - Milford, Iowa. Please give The Lakes News Shopper thanks for being sponsors.

Area residents may not know that many business buildings in the Milford area have changed throughout the years, including the Iowa Apartments (across from the former JoWaCo Depot). The building was originally built by the Munson Bros. for sales of Ford cars and storing cars on the floor. An elevator in the northeast corner took the cars to the second floor. One fall, they stored corn on the second floor. In later years, there was a Maid-Rite Cafe, the first if I recall, along with other cafes. A jewelry store, bar/barber shop were to the south of the entrance. The large basement had a four lane bowling alley that was enjoyed by many. The basement was also a bomb shelter, bicycle shop "By Slip", a youth center, antique shop and more. When the building was built, you could run a freight train from the entrance to the rear. This was one of the best early buildings built.

Star Trekking Program

The closest supermoon since 1948 showed up in November, but was it really that big of a deal?

Supermoons actually aren't all that rare. The term just means a full moon that closely coincides with the moon's closest point to Earth in its monthly orbit, and to most people, a supermoon doesn't look all that much different than a regular full moon.

"There are five to six of them per year," said naturalist Charles Learn all about supermoons during the next Star Trekking

program at 8:30pm on Tuesday, December 13. Vigdal will also teach about the Geminids meteor shower during the program at the Dickinson County Nature Center in Okoboji.

Although not the most well-known, the Geminids meteors are some of the most reliable and prolific. Radiating from the Gemini constellation, this meteor shower will peak the night of December 13 and the early morning of December 14. The meteors stem from the Earth crossing the orbital path of asteroid 3200 Phaethon, a mysterious body that is referred to as a rock comet. Debris from this body crashes into the Earth's atmosphere at 80,000 miles per hours, creating the meteors.

"A lot of meteor showers happen after midnight, and we won't be out that late, but we'll give them a good idea of where to find it," Vigdal said.

In addition to the late-night meteors, astronomers also see the possibility of the Geminids meteor shower producing an earthgrazer meteor. If it does happen, this slow-moving and long-lasting meteor would travel horizontally across the sky in the early evening of December 13.

"Looking at the stars in the winter is a little more challenging because of the cold and people don't always want to go outside, but I like to go outside in the winter, and we get clearer skies," Vigdal said. "There are shorter days, and there's more time to look at the stars. It's also something to do to get outside in the winter so people don't turn into hermits when the weather gets cold."

During the Star Trekking program, Vigdal will also discuss winter constellations, such as Orion, and will preview special astronomical events in 2017, including the August solar eclipse.

Iowa Lakes Community College Wins 'Build with Bags' Grant

Iowa Lakes Community College has one table and three benches thanks to the Build with Bags program.

The plastic bag recycling program – which is led by Iowa grocers - announced earlier this year that Iowa Lakes was one of 18 recipients of a Build with Bags grant award. The college received \$1,800 to purchase one table and three benches that are made from recycled plastic bags by Plastic Recycling of Iowa. One table represents approximately 20,000 bags that won't end up in the landfill.

Fareway in Emmetsburg played an important role in making this grant possible. Store Manager Lloyd Satterwhite wrote a letter of support on behalf of Iowa Lakes Community College that led to it being selected to receive a grant.

"Fareway was a great community partner in this effort," said Bill Lapczenski, Director of Auxiliary Services. "As a college that truly makes an effort to be 'green' we appreciate their support."

The Build with Bags partners have four goals. They include encouraging purchases of furniture and equipment made from recycled plastic for parks and schools. The other three include increasing the amount of plastic bags recycled, reducing consumption of plastic bags and increasing the safe use of reusable bags.

A total of 39 applications were submitted from which 18 winners were selected by a committee of four representatives in support of the Build with Bags program. Each committee member individually scored applications. The scores were then combined for an overall point total. This year, the top 18 applicants with the most points received grants totaling \$32,464.85.

Now in its seventh year, the Build with Bags Grant program has awarded \$249,175 in grants to more than 150 Iowa communities. Applications were evaluated based on set criteria that included a statement of need for the grant and the community's own plastic bag recycling efforts. Grant applicants were also asked to verify the recycled plastic content in the products they were looking to purchase and obtain an endorsement letter from a local grocer who is supportive of the community's project and recycling plans. Geographic location also played a factor as the committee wanted to disperse the grant awards throughout the state of Iowa. Statewide, Fareway Stores and Hy-Vee locations – plus many independent grocers – participate annually in this program.

Build with Bags is a cooperative effort of the Iowa Grocery Industry Association, Keep Iowa Beautiful, Metro Waste Authority in Des Moines, Iowa Department of Natural Resources and the Des Moines Register. It was originally launched in August 2009

Why Print Still Matters

The businesses with the most success continue to keep print advertising as a main source of marketing themselves

 Print advertisements leave a lasting impression on customers who associate your brand with out-of-thebox thinking and industry trend-setting.

 According to a study by Fluent and the **Newspaper Association** of America, print advertisements continue to carry sizeable influence and reach a large audience.

•Print media isn't only beneficial because of the wider audience it reaches. The printed word may also hold more persuasive weight.

GRAND FALLS CASINO & GOLF RESORT

Thousands Donated During Give Back Month

The final week of Give Back Month at Grand Falls Casino & Golf Resort brought in our largest donation collection of the month! November 22 through 28, donations were collected to benefit the Marine Corps Reserve Toys For Tots. The Toys for Tots program aims to help children experience the joy of Christmas by collecting new, unwrapped toys each year, and distributing those toys as Christmas gifts to less fortunate children in the local community. They strive to provide a message of hope to less fortunate youngsters that will assist them in becoming responsible, productive, patriotic citizens. Thanks to the generosity of our local community, we were able to collect a total of \$2,220 in just one week!

This brings our running total of donations provided during Give Back Month at Grand Falls to \$7,505 collected!

Thank you to all those whose generosity will help local charity organizations. Stay tuned for more opportunities to give back with Grand Falls in the coming months!

WINTERIM COURSES

Students may take one Winterim class during the four-week term. The enrollment deadline is Dec. 14.

Season 3 of the Okoboji Middle School's midmester class Pioneer Apprentice was a very close contest! Four groups battled

it out for the title of Pioneer Apprentice, Season 3. Each group connected with a local business in effort to find out what they would like to promote about their business. They then sat down as a team and created a commercial to promote them. At

the same time the Mr. Thompson and Mr. Spooner as human

groups worked very sundaes. hard raising money for this season's designee. The kids voted unanimously to support and raise money for Finley Brunsvold. I was so proud of how hard all of the kids worked on their fundraisers. In less than ten days, 15 kids raised \$1,156.26 for Finley. They also did an awesome job creating commercials for their business partner!

In the end, each group presented their projects to a panel of judges who were looking for how well they communicated with their business partners and how well they collaborated with the other members of their group. They were also scored on productivity, accountability, and creativity. The judges determined that this season's winner was the group called Boji Business whose members included Lexi Duffy as the project manager, Kayla Kollasch, Kaden Roberts, and Talyn Anderson.

I really would like to thank all of the parents who helped the kids with the fundraiser activities as well as all of the businesses that are willing to be a part of this class. They are the Humane Society, Farmers Savings Bank, The Lakes News Shopper, Just Teaz'n, Stan's Bait Shop, Snook's of Okoboji, Piccadilly Pizza/ Landmark Products, the Milford Y, The Three Sons, and Boji Bark. I would also like to thank those that donated to the fundraisers or when kids called on you. I appreciate your generosity and patience with an eager and energetic bunch of kids. Thanks to Mr. Thompson and Mr. Spooner for helping with the cause by becoming human sundaes.

It is exciting to see a bunch of kids work so hard towards a common goal. It is also fun and rewarding to see what they learn in regards to using their time wisely and working together as a team. Job well done to everyone who participated in this class! Mrs. Stoltenberg
