New Customer Special: \$15 Off Your First Service!

David saw the need for a full service car clinic that offers mechanic and collision repair needs as well as late model auto sales. In that vision he has decided to create a new business that will fill those needs. That is how Below Car Clinic was born. A place you can trust to buy a car and have your mechanic and collision repair needs met.

Don't worry, he hasn't forgotten about the classic beauties. He is still restoring those precious gems at Restorations and Rods along with the service of your towing needs.

Chronic use of some drugs for heartburn and gastroesophageal reflux (GERD) speeds up the aging of blood vessels, according to a published paper in Circulation Research, an American Heart Association journal. This accelerated aging in humans could lead to increased cardiovascular disease, vascular dementia and renal failure. These findings support recent epidemiological and retrospective studies that observed associations between the long-term use of proton pump inhibitors (PPIs) and an increased risk of heart attack, renal failure and dementia. PPIs like esomeprazole (Nexium) are widely used for the treatment of GERD. These medications are sold over-the-counter in the United States so medical supervision is not required. While these drugs are effective when taken as prescribed, they were not approved for long-term use and evidence suggests that up to 70 percent of PPI use may be inappropriate. While PPIs were shown to affect vascular aging, H2 blockers like ranitidine did not adversely affect the endothelium. Brand examples of H2 blockers are Zantac and Tagamet. The FDA estimates about 1 in 14 Americans have used a PPI. In 2009, PPIs were the third-most taken type of drug in the U.S., and are believed to account for \$13 billion in annual global sales. In addition to GERD and heartburn, PPIs treat a wide range of disorders, including infection by the ulcer-causing bacterium Helicobacter pylori, Zollinger-Ellison syndrome, and Barrett's esophagus. PPIs come in a variety of forms, always ending with the suffix "-prazole," and other brand examples include Prilosec and Prevacid.

Among patients with melanoma, those who received both ipilimumab (Yervoy) and local peripheral treatments such as radiotherapy or electrochemotherapy had significantly prolonged overall survival compared with those who received only ipilimumab, according to a retrospective clinical study published in Cancer Immunology Research, a journal of the American Association for Cancer Research.

Childhaven Annual Appeal

Have a Merry Little Christmas

What Are You Thankful For This Year?

Here is what our Childhaven kids are saying:

"The biggest mistake I have made is leaving Childhaven. Please tell the girls not to leave - but to stay and take advantage of opportunities Childhaven provides."

"Coming from where I came from I praise God that there was a place like Childhaven to go. I didn't always get along with everybody, but I loved everybody. Childhaven gave me the tools I needed to become a better person."

Demonstrate your thankfulness today by giving to Childhaven for our Annual Appeal at www.childhaven.com or mail your gift to **P.O. Box 2070, Cullman AL 35056-2070.**

Childhaven serves 125 children and family members every day. Contributions make up most of Childhaven's income.

Change a life - make a donation today.

Are you a MEDICARE patient with a CPAP?

Do you feel like this poor guy looks? If you can't wear your CPAP because of its bulkiness or discomfort, it's definitely not helping your sleep apnea. Dr Timothy Smith offers a comfortable and convenient alternative: a custom designed oral appliance to move the jaw forward and open the airway. Many of our patients report feeling better and more rested than they have in years. Call us at (256) 287-1250 about a sleep apnea consultation today.

The Holy Bible reveals heathens cut trees from the forest and decorate them (Jer 10:2-5). Does The Holy Bible approve to give drunken parties or to cause children to be idolaters of a mythical character by lying to them (1Cor 6:9, Rev 22:15)? To commercialize any day for the love of money (1Tim 6:10)? For the poor to borrow and pay usury for what they really cannot afford to buy? No! The beast (Dan 7:25) has made Christ, the Holy Truth (Jn 14:6), appear as the reason for this man made holiday! So Be It

The Family Of
Eudie Murphree

We would like to thank each and every person who shared a memory, visited, sent a card, sent beautiful flowers or said a prayer for us in the passing of our Mother, Maw-Maw, and Sister. We send a special thanks for all who prepared food for our family at Roswell Creek Baptist Church.

We all feel blessed to have such caring people surround us with love. God bless each and every one of you.

BILL FLOYD RENTALS

HIGHWAY 157 Church of Christ

www.highway157church.com

“What is truth?” was asked by Pilate (*John 18:38*) and has been repeated through the ages. When it comes to the will of God many today think that truth is **subjective truth**.

Here is the problem with **subjective truth** in spiritual, i.e. Biblical, matters. Truth changes when one wants it to change. For those who use **subjective truth** the Bible changes to say what they want it to say at that moment. You may be deceived! Be wary, **subjective truth** seldom leads to true understanding of what God asks of you.

The Bible is **objective truth**, not subjective true! By that I mean that in spiritual matters truth is what God says it is! It will always be true no matter what people want it to be; righteousness will be righteousness and sin will always be sin! The Bible is never subject to what we want.

Jesus said if you want to worship God it must be in spirit and truth, (*John 4:24*). He makes the claim that “...Your word is truth.”, (*John 17:17*).

If we want **subjective truth** over the **objective truth** of the Bible we do so at our own peril. We fail to “rightly divided the word of truth, (*2 Timothy 2:15*). So if you want to serve God it must be as He wishes and not as you wish.
