## Jemison Place - A Safe Place

Jemison Place, located at 8 Main Street in Mount Morris, is a transitional housing program offered to woman with children who are homeless, or at risk of homelessness. In today's society, there are many situations that can lead to homelessness. Jemison Place was designed to help a select group of people to overcome and effectively address these issues that lead to their need for housing support services.

Since opening its doors in March, 2014, twenty-one families have called Jemison Place "home." Many, for the first time, experienced a stable and supportive environment. The program provides residents with comprehensive services and support from within the community to help move them toward self-sufficiency, housing stability and independence. These applicants must demonstrate the desire, motivation and ability necessary to use and maximize the many services offered through the program.

The Jemison Place Program is a result of many years of planning through OTDA, PathStone Corporation, Livingston County Department of Social Services and Chances and Changes, Inc. Many Livingston County agencies are involved in the daily oversight of the Jemison Place Program.

For more information, please call Chances & Changes at 585-658-3940.

## ADVERTISING PAYS OFF

### Code Corner by John Polito,

Village of Mount Morris Code Enforcement Officer

### Unregistered vehicles, boats, trailers and campers.

The building codes do not allow residents to have unregistered vehicles, boats, trailers or campers visible in their yard. The Mayor is heading up a task force to begin working on compliance with these codes early in 2017.

If you have an unregistered vehicle(s), find your titles and either register them with DMV, sell them or take them to the junk yard. It can take up to 10 working days to get your title, so please act now.

A junk yard can take your vehicle without a title if it is old enough. They will then issue you a statement saying they properly disposed of the car.

There are some exceptions to the rule.

1. You can keep a vehicle inside a building or in an enclosure.
2. A racecar or historic vehicle can be on a trailer and does not need registration.
3. Vehicles for sale: 60 days is the maximum number of days you may sell a vehicle in the Village on a lot. A lot is only allowed to have 2 vehicles sold from there in a 12 month period. The vehicle must belong to the lot owner or a resident of said lot. The vehicle must sit on stone or pavement while it is up for sale. Additional regulations apply to commercial sales lots.
4. Commercial garages come under separate rules and regulations

The old law used to allow one unregistered vehicle to be present. Today's New York State code does not allow any.

Fines for violators can start 10 days after receiving a written notice. The fines continue to add up for each day afterwards at a rate of \$100/day. The Village, after proper notice, may elect to tow the vehicles and charge the expenses back. (Please note: some of these codes are specific to Mount Morris and may not apply in other Towns or Villages)

Please call if you have any questions. 585-330-5644.

This was a milestone for the state and a transformative moment in American democracy. Equal opportunity is as important today as it was when Susan B. Anthony was arrested in Rochester for attempting to vote.	CHRISTINE RIDARSKY Rochester Historian
January 28th	<b>EARLY WOMEN PHYSICIANS OF THE GENESEE COUNTRY</b> Did you know that two of the female students and one professor at the first truly co-educational medical school in the country came from the Genesee Valley? CRAIG Braack Allegany County Historian
February 11th	<b>THE BURNED OVER DISTRICT</b> In the 19th century, New Yorkers were gripped by waves of religious revivalism. New groups established churches and utopian experiments all vied for converts. Examine the Shakers, Millerites, Mormons, Spiritualists and Evangelists and the impact that they had on social change.	PETER WISBEY Genesee Country Village and Museum

ALEX PIERCE Local Historian
February 25th	<b>THE GIANT CARDIFF - America's Greatest Hoax</b> A ten-foot tall petrified giant is unearthed on a farm near the small rural town of Cardiff, New York in 1869. The word of the discovery soon 'echoed' across the countryside and it was quickly sheltered from the weather by a canvas tent to protect paying gawkers from the whims of New York's weather.	RICH HAMELL Geologist

## Millenium Drive Open for Business

Geneseo, NY... The Millenium Drive Extension project has been completed and is open for traffic. This extension, funded by Livingston County and a County priority project for 2016, creates a second access point to the Millennium Drive Complex via Veteran Drive. This road project was designed to help mitigate traffic concerns at the intersection of Millennium Drive and Lakeville Road (US 20A) by providing alternative access in and out of the complex for its many tenants and visitors. The roadway extension also provides access to parcels suitable for potential future development.

A big thank you to Greg O'Connell, the Village of Geneseo Public Works Department and the Livingston County Highway Department for their collaborative efforts towards project completion.

## LIVINGSTON COUNTY Planning Department Awarded \$25,000 Grant as part of New York's Great Lakes Basin Small Grants Program

Geneseo, NY: The Livingston County Planning Department was recently awarded \$25,000 from the New York Sea Grant (NYSG) in partnership with the New York State Department of Environmental Conservation (NYS DEC) for its proposed project that will serve to benefit the environment and economy of New York's Great Lakes basin by demonstrating the application of ecosystem-based management (EBM) to local watershed challenges. This small grants program is designed to support local projects that lead to larger-scale activities described in the Great Lakes Action Agenda (GLAA).

The Livingston County Planning Department and the Town of Livonia will install a 500 square foot rain garden, two 50 gallon rain barrels, and approximately 400 feet of shoreline restoration at Vitale Park on the shore of Conesus Lake. Each will serve as a functional demonstration project and will be accompanied by an interpretive public education kiosk. A landowner how-to booklet for shoreline restoration, lake friendly landscaping, and green infrastructure will be developed to accompany the Conesus Lake Watershed Council's newly developing "Shorescaping" public education campaign.

Mr. Eric Gott, Supervisor for the Town of Livonia stated, "The Town is very interested in employing green infrastructure and shoreline restoration to ameliorate water quality in Conesus Lake and downstream and serving as an educational model for future projects elsewhere. We look forward to working with the Livingston County Planning Department and all involved stakeholders on this project."
