ADVANCED HEARING INSTRUMENTS

RIVERVIEW OFFICE (734) 285-1669

\$500 OFF A PAIR OF DIGITAL HEARING AIDS!
CALL TODAY TO SCHEDULE AN APPOINTMENT

Offer expires January, 31st 2017

THE EFFECTS

LET'S FACE IT, LIVING WITH HEARING LOSS CAN BE FRUSTRATING, EVEN DANGEROUS. HEARING AIDS CAN ALLOW YOU TO FUNCTION BETTER IN ALL AREAS OF YOUR LIFE.

YOUR FAMILY

Your grandson's silly secrets. Your wife's soft "I love yous." These are sounds you definitely don't want to miss.

YOUR SAFETY

A car horn. An ambulance siren. The fire alarm. Hearing loss can cause you to miss important signals that alert you to danger.

YOUR WORK

If you're missing important information on phone calls or in meetings, you may not be working at the level you want to be.

YOUR HAPPINESS

Do you feel uncomfortable at social gatherings? Are you missing the rewarding sounds of nature or your favorite music? Don't let hearing loss affect your quality of life.

DON'T WAIT

YOU WOULDN'T PUT OFF GETTING GLASSES IF YOU WERE HAVING TROUBLE SEEING. HEARING LOSS IS NOT SOMETHING YOU SHOULD JUST "PUT UP WITH." IN FACT, RESEARCH SHOWS EARLY TREATMENT CAN MAKE A DIFFERENCE.

USE IT OR LOSE IT

Over time, reduced stimulation to your ears and brain can actually impair the brain's ability to process sound and recognize speech. Hearing impairment is only partially recoverable with hearing aids.

THE SOONER THE BETTER

When you can't hear what's going on around you, your mental sharpness and communication abilities suffer. The earlier you start using hearing aids, the quicker you'll notice benefits.

In home appointments now available, call today to schedule a free consultation!

*Penrickton Center
for Blind Children*

Penrickton Center for Blind Children was established in 1952 by three Taylor families (*Penman, Ricker, Wigginton*) as a day nursery for blind pre-schoolers because no such program existed. Over the years, Penrickton Center has changed to meet the needs in the community. Currently, we specialize in treating blind children ages 1-12 with a least one additional disability such as cerebral palsy, autism, brain damage, and developmental delay.

Since no fees are ever charged for our services, we continue to need the support of many caring people. Penrickton Center does not receive any state, federal, United Way or insurance money. Instead, we rely solely on private donations from many individuals, service clubs, corporations and foundations.

Please feel free to visit Penrickton Center to see how we help some very special children. For further information, contact Kurt M. Sebaly, Executive Director or Patricia L. Obrzut, Assistant Director.

University of Michigan-Dearborn was founded in 1959 with a gift of just over 200 acres from the Ford Motor Company. Since then, we've grown as a comprehensive, top-ranked, regional public university.

At UM-Dearborn, we emphasize hands-on learning, small class sizes, engaged faculty, and a commitment to make an impact in southeast Michigan.

We prepare students to be Difference Makers in industry and in the community long before they graduate. And we're

addressing challenges to the region head-on through pioneering research, strategic partnerships and civic engagement.

We are creative thinkers, innovators and leaders, and we're proud to call Dearborn home. Our beautiful campus, once owned by Henry Ford, continues to foster his bold spirit of entrepreneurship and collaboration.
