## Relay For Life Is Hosting Kickoff Celebration January 12

The American Cancer Society's Relay For Life of Cullman County will kick off the 2017 fundraising season this Thursday at 5:30 p.m., in the Fellowship Hall of First Baptist Church of Cullman. This marks the 24th year for local fundraiser organized by a group of local volunteers.

The 2017 Relay For Life event will be held Friday, May 5, at Cullman County Fairgrounds, from 6 p.m. to midnight. This year's theme is "Once Upon a Cure," with participating teams encouraged to build their team theme/slogan around books.

Relay For Life is the signature fundraiser for the American Cancer Society. Cullman County's event is one of more than 5,200 communities in 20 countries where volunteers work together to raise money used to fund research, provide support and services to cancer patients and their families, and educate the public on prevention and early detection.

Participants are encouraged to have team members take turns walking around the designated path for the duration of the event. The continuous walking is the signifier that cancer never sleeps. It also honors cancer patients who don't stop fighting because they're tired.

Between now and May 5, teams will be hosting fundraisers as they try to meet their fundraising goals. Teams are asked to raise at least \$100 for each registered member of their team. Teams can raise funds through group events, individual fundraising, by securing event sponsorships and more. The Relay For Life committee offers several opportunities for fundraising to all teams. Teams that choose to set up campsites at the May 5 event continue their fundraising efforts that night by collecting donations for food, goods, games, and activities.

Relay For Life is open to all individuals, groups, businesses, etc., who would like to participate. "We have families who have banded together to honor loved ones affected by cancer; we have church and school groups and businesses all who want to support the American Cancer Society and the fight against cancer," said Helen Allen, a 23-year veteran of Relay For Life of Cullman County. "We all have been affected by cancer in some way. We all have seen the progress that's been made over the years, but there's still a lot of work to do, and we need your help."

Businesses who may not be able to field a team but still would like to support Relay For Life is welcome to provide help through donations and sponsorships.

Teams can now register at [www.relayforlife.org/cullmanal](http://www.relayforlife.org/cullmanal). For more information, contact Helen Allen at 256-709-4019 or [helen@weltimail.com](mailto:helen@weltimail.com) or ACS Staff Contact Haley Marecle at 256-531-4010 or [haley.marecle@cancer.org](mailto:haley.marecle@cancer.org). Most available antidepressants are ineffective, and some may be unsafe, for children and teenagers with major depression, according to the most comprehensive comparison of commonly prescribed antidepressant drugs so far, published in The Lancet. The findings indicate that out of 14 antidepressant drugs only fluoxetine (Prozac) was more effective at relieving the symptoms of depression than placebo, while taking venlafaxine was linked with an increased risk of engaging in suicidal thoughts and attempts compared with placebo and five other antidepressants.

According to two journal articles Liraglutide, trade name Victoza, has several effects on the body: It increases insulin secretion; it reduces hunger; and it decreases glucagon secretion. Insulin and glucagon are molecules produced by the pancreas that have opposing effects, with insulin reducing blood sugar levels and glucagon increasing blood sugar levels. Insulin is secreted by beta cells in the pancreas and glucagon is secreted by alpha cells in the pancreas. The results appear online in the Journal of the American Medical Association-Internal Medicine and in the Journal of Clinical Endocrinology & Metabolism.

\*\*\*

In an analysis that included nearly 30,000 overweight or obese adults, compared with placebo, orlistat, lorcaserin, naltrexone-bupropion, phentermine-topiramate, and liraglutide were each associated with achieving at least 5 percent weight loss at 52 week, and phentermine-topiramate and liraglutide were associated with the highest odds of achieving at least 5 percent weight loss, according to a study appearing in the June 14 issue of JAMA.

**BLUE TAG SPECIALS:**  
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

**NO LIMITS:**  
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

Scripture reveals Gentiles were not given the law by Moses, so Biblically it can be taught Gentiles are not under law. Christ was a Jew (Jn 4:9) and knew the blasphemy of them which say they are Jews and are not, but are the synagogue of Satan (Rev 2:9). Paul explains how the law is for Jews and Gentiles (Rom 2:5-16, 3:31). Can one be a Christian by refusing to hear what Christ The Holy Truth saith (Jn 14:6, Acts 3:23)? Sin no more (Jn 5:14, 8:11) for he that committeth sin is of the devil (1Jn 3:8-9). He did not change the law, for sin is a transgression of law (1Jn 3:4), He was without sin (Heb 4:15). It is vain worship when the doctrines are commandments of men (Mt 15:9). Christ receives honor from His Father, not from man (Jn 5:41-47). Calling Christ Lord then not obeying Elohim (Mt 7:21-23). Christ said He would judge all (Mt 25:32). He never changes (Heb 13:8). It's a disgrace how many demoralize Christ for man's religion. So Be It!

**Wonderful Mother**  
By Patrick O'Reilly

*God made a wonderful Mother,  
A Mother who never grows old;  
He made her smile of the sunshine.  
And He moulded her heart of pure gold;  
In her eyes He placed bright shining stars,  
In her cheeks fair roses you see;  
God make a wonderful Mother,  
And He gave that dear Mother to me.*
