Resolutions...
 Now is a time when many of us reflect back on the past and try to implement a plan for a better future. Many of us have a goal to lose weight, exercise more, or stop some habit that may not be good for us. Are you including your finances in your goals for 2017? Give this some thought and decide what kind of financial goals you need to set for yourself. Here are some suggestions you may want to consider:

- Improve your credit score
- Set a goal for a savings account
- Pay off debt
- Savings plan for retirement

After you determine what your goal is the next step is to develop a plan to reach that goal. Setting a short term goal and reaching that goal will encourage you to set a larger goal. Putting your plans in writing will also help you in deciding what you need to do to reach that goal. Changing habits is never easy but one thing is for sure... nothing changes if nothing changes. Let us help you reach your financial goals!

Questions That Haunt Me

How important does a person have to be before they are considered assassinated instead of just murdered?

Once you're in heaven, do you get stuck wearing the clothes you were buried in for eternity?

Why does a round pizza come in a square box?

What disease did cured ham actually have?

How is it that we put man on the moon before we figured out it would be a good idea to put wheels on luggage?

Why is it that people say they 'slept like a baby' when babies wake up like every two hours?

Why are you IN a movie, but you're ON TV?

Why do people pay to go up tall buildings and then put money in binoculars to look at things on the ground?

Why do doctors leave the room while you change? They're going to see you naked anyway...

Why is 'bra' singular and 'panties' plural?

Why do toasters always have a setting that burns the toast to a horrible crisp, which no decent human being would eat?

If Jimmy cracks corn and no one cares, why is there a stupid song about him?

Why does Goofy stand erect while Pluto remains on all fours? They're both dogs!

If corn oil is made from corn, and vegetable oil is made from vegetables, what is baby oil made from?

Do the Alphabet song and Twinkle, Twinkle Little Star have the same tune?

Why did you just try singing the two songs above?

Did you ever notice that when you blow in a dog's face, he gets mad at you, but when you take him for a car ride, he sticks his head out the window?

Why, Why, Why do we press harder on a remote control when we know the batteries are getting dead?

Why do banks charge a fee on 'insufficient funds' when they know there is not enough money?

Why does someone believe you when you say there are four billion stars, but check when you say the paint is wet?

Why do they use sterilized needles for death by lethal injection?

Why doesn't Tarzan have a beard?

If people evolved from apes, why are there still apes?

Why is it that no matter what color bubble bath you use the bubbles are always white?

Relax, we'll do the housework.

Now here's a tip! by Jo Ann Derson

* If you've changed your prescription for eyeglasses, why not donate your old pair? Look for collection boxes from your local Lion's Club, or search the organization's website, lionsclub.org. It collects all prescription eyewear and redistributes the glasses to those in need.

* Make your own double boiler by resting an ovenproof glass bowl on top of a pot. Fill the pot 1/4 full with water and boil. Place the glass bowl on top of the boiling water and melt away!

* "To loosen the seal on a pickle jar (or other sealed jar with a metal lid) simply tap the edge of the lid with a butter-knife handle. Light taps are all you need. You also can gently tap the edge of the lid directly on the countertop." -- P.P. in Mississippi

* Want to make your own dryer softener sheets? Here's an easy tip: Soak a washcloth in regular liquid softener. Wring out the excess softener and lay flat or hang to dry. This makes a reusable softener sheet. You can get 15 or so uses out of your cloth before it needs to be resoaked.

* "When adding flour to your stand mixer, try adding the flour in one batch and covering the top with a towel. Hold in place loosely while the mixer incorporates the flour. You will not get a big dust cloud!" -- M.H. in Indiana

* Speaking of stand-mixer tips, here's a good one: Use the dough hook on your stand mixer to shred chicken or pork from the slow cooker. Simply remove fat, add meat in hunks to bowl and mix. It's so easy!

Reality TV

I realized that my five-year-old grandson had been watching too many reality TV shows the day we attended a relative's wedding.

As the four bridesmaids walked down the aisle toward the front of the church, he turned to me and asked, "Is this where the groom decides which one he wants to marry?"

Strange BUT TRUE

* It was American linguist, philosopher, historian and social critic Noam Chomsky who made the following sage observation: "Students who acquire large debts putting themselves through school are unlikely to think about changing society. When you trap people in a system of debt, they can't afford the time to think."

* If you were to choose a perfectly average snowflake and count up the number of water molecules that make it up, you'd find 180 billion of them.

* Some researchers estimate that, if left to their own devices, a single breeding pair of cats could produce a whopping 354,294 offspring within five years.

* It's been reported that saloons once offered free lunches -- and made sure those lunches were heavily salted in order to encourage patrons to buy more beverages.

* The word "dandelion" comes from the French phrase "dent de lion" -- supposedly so named because the jagged edges of the plant's leaf resemble a lion's teeth.

* You've probably never heard of Roman emperor Elagabalus; he served for only four years -- from 218 to 222. Among his contemporaries he was known for his decadence and eccentricity. For example, he was notorious for hosting elaborate banquets, then putting the ancient Roman equivalent of whoopee cushions on guests' seats.

* Those who study such things say that a woman's sense of smell is enhanced just before and during ovulation.

* If you had a billion dollars, you could spend \$1,000 every day for nearly 3,000 years before you ran out of cash.

Thought for the Day: "As any honest magician knows, true magic inheres in the ordinary, the commonplace, the everyday, the mystery of the obvious. Only petty minds and trivial souls yearn for supernatural events, incapable of perceiving that everything -- everything! -- within and around them is pure miracle." -- Edward Abbey

"To laugh often and much; to win the respect of intelligent people and the affection of children... to leave the world a better place... to know even one life has breathed easier because you have lived. This is to have succeeded."
Ralph Waldo Emerson

Salome's Stars

ARIES (March 21 to April 19) Guess what, Lamb? You're about to experience a new perspective on a situation you long regarded quite differently. What you learn could open more opportunities later.

TAURUS (April 20 to May 20) The Bold Bovine is tempted to charge into a new venture. But it might be best to take things one step at a time, so that you know just where you are at any given point.

GEMINI (May 21 to June 20) It's a good time to go on that fun getaway you've been planning. You'll return refreshed, ready and, yes, even eager to tackle the new challenge that awaits you.

CANCER (June 21 to July 22) The Moon Child loves to fantasize about magical happenings in the early part of the week. But the sensible Crab gets down to serious business by week's end.

LEO (July 23 to August 22) What goes around comes around for those lucky Leos and Leonas whose acts of generosity could be repaid with opportunities to expand into new and exciting areas of interest.

VIRGO (August 23 to September 22) Your concern about your job responsibilities is commendable. But you need to take some quiet time to share with someone who has really missed being with you.

LIBRA (September 23 to October 22) Aspects favor getting out and meeting new people. And as a bonus, you might find that some of your newly made friends could offer important business contacts.

SCORPIO (October 23 to November 21) You might take pride in wanting to do everything yourself. But now's a good time to ask family members to help with a demanding personal situation.

SAGITTARIUS (November 22 to December 21) Pay more attention to the possibilities in that workplace change. It could show the way to make that long-sought turn on your career path.

CAPRICORN (December 22 to January 19) Your need to succeed might overwhelm obligations to your loved ones. Ease up on that workload and into some well-deserved time with family and friends.

AQUARIUS (January 20 to February 18) Love rules for amorous Aquarians who can make good use of their ability to communicate feelings. Don't be surprised if they're reciprocated in kind.

PISCES (February 19 to March 20) Fishing for compliments? No doubt, you probably earned them. But it's best to let others believe they were the ones who uncovered the treasure you really are.

BORN THIS WEEK: Your good works flow from an open, generous heart. Nothing makes you happier than to see others happy as well.

Dr. Michael Becher

Michael Becher died Tuesday as a result of complications from a recent illness, in Danville, VA

Michael is survived by his loving wife, Mira; his adoring children, Jonathan, Emily, and David; four doting grandchildren; and the enduring smile which touched everyone he met.

Dr. Becher was a quiet, unassuming man but should not be underestimated. Few knew he had two PhD's and a Masters. Fewer still knew he had traveled the world helping companies develop better textiles. And almost no one knew he spoke 6 languages.

Michael was born in Tomaszów Lubelski, Poland and also lived in Russia, Germany, and Israel. He was recruited to New York by Professor Herman Mark, a world-renown researcher in polymer chemistry. Dr. Mark sponsored Michael's PhD at Polytechnic University in NYC and was his mentor for many years later. Michael gave credit to Dr. Mark for much of his own success.

In the early 60's, Michael moved to Danville to help start a new textile company, Hanover Mills. He was plant manager for the initial location in Yanceyville, NC but over time the company grew to include operations in Hillsborough, Fuqua, and Danville. Hanover Mills became one of the largest independently owned and operated nylon and polymer plants in the South, and Michael rose to Senior Vice President of Research and Operations. Always wanting to stay active, after his retirement, Michael continued to consult for several textile companies.

Textiles weren't just Michael's profession; they were his passion. If he liked your shirt or blouse, he was likely to guess the material and the fineness of the denier. He was naturally picky about the fabrics he wore - it could be quite the expedition to find a pair of socks that met his high standards!

Michael loved classical music, reading history books, and learning about family genealogy. His kids remember that nearly every person they brought home was asked a standard question: "Do you know I can tell where your family came from by your last name?" He almost always guessed right.

A funeral service washeld at 11:00 AM, on January 6, 2017 at Townes Memorial Chapel, followed by interment at Green Hill Cemetery.

The family asks that, in lieu of flowers, donations to be made in Michael's name to either Temple Beth Shalom (129 Sutherland Ave) or Danville Concert Association (P.O. Box 11284).

February 8th program at the Danville Wednesday Club

The public is invited to attend The Danville Wednesday Club's February 8th, program. Coffee will be served at 3:15 and the program will begin at 3:45.

Guest speakers are Larry Oldham and Dena Hill, who will speak on "Living In a Conflicted World".

"Larry was born and raised in Greensboro, North Carolina. As a young man he showed great aptitude as a leader. Hew was elected President of the student body at his elementary school. Larry was not elected for his leadership skills but because he was the funniest student. Much to his chagrin, he never led a school function because the Principal and teachers were afraid he would go rogue. this is a true story.

Dena and Larry attended high school together in the sixties. Larry's antics were what brought him to Dena's attention. She moved to Danville in the nineties which put her in the position of having to raise two children in Danville, Larry and her biological son, Chris. Engaged for over fourteen years and married for six, has given Dena many gray hairs but you'll never see them as long as them make color in a bottle! Dena has two sons who are physicians and a daughter in finance."

1. Who released "Strange Brew," and when?
2. Which singer wrote and released "Draft Dodger Rag," and when?
3. Name the girl group that started out as Audrey and the Teenettes.
4. The McCoys followed their "Sloopy" success with a cover of what song?
5. Name the song that contains this lyric: "Down in the malt shop shortly thereafter, Met another girl about as cute as she could be."

Answers

1. Cream, in 1967. The psychedelic rock song featured Eric Clapton on lead vocals.
2. Phil Ochs, in 1965. The song outlines all the possible ways a Vietnam War draft resister could avoid being called up for duty.
3. The Orlons. They were originally a quintet, until Audrey's mother banned her from singing in clubs and she and sister Jean quit. The Orlons became one of Philadelphia's top groups, with hits including "The Wah Watusi" and "South Street."
4. "Fever," recorded in 1955 by Peggy Lee, who made it her signature song.
5. "Down by the Station," by the Four Preps, in 1959. In the song, the singer keeps finding new girlfriends. It was a rewrite of a 1948 children's song about "the little pufferbellies all in a row."

VETERANS POST

by Freddy Groves

Crisis Line Expansion a Lifesaver for Vets

The Department of Veterans Affairs Crisis Line recently held a ribbon cutting at a facility in Atlanta that will expand by 600 veterans the number it can help each day, doubling its capacity. The goal of the VA Crisis Line is to be available 24/7 to veterans who are in crisis and are suicidal. The hotline serves an important link in connecting veterans with Suicide Prevention Coordinators in each VA Medical Center.

The stats are impressive. The Crisis Line began with 14 responders and two health-care technicians manning four phones at a New York VA medical center. Since they began in 2007, responders have:

- Answered 2.6 million calls.
- Sent emergency services to 67,000 locations after crisis calls.
- Forwarded 425,000 referrals to suicide prevention coordinators, ensuring continuity of care.
- Talked to 314,000 veterans or family members in the website chat option.
- Answered 63,000 text messages since that option began in 2011.

By the end of 2016, crisis calls are automatically transferred to the hotline if the veteran (or family member) calls the local VA medical center and presses 7 during the automatic greeting.

The biggest bonus of crisis-line expansion: The VA is almost to its goal of having zero calls forwarded to a contract responder when lines are busy. It's also down to roughly nine seconds to have a veteran speak to trained personnel.

The number for the National Suicide Prevention Hotline is 1-800-273-TALK (8255). Veterans press 1 to reach the VA responders. For text messages, call 838255. On the website use the chat feature to talk with someone immediately.

Meanwhile, to be prepared in case you ever know someone who needs the information, check out the website at www.veteranscrisis-line.net. See what features and information it has. Maybe even take the Self-Check quiz.

CHEDDAR CHEESE CHICKEN PIE

- 1 (2 to 2 1/2 pounds) cooked chicken, meat cut into chunks, skin and bones removed and discarded
- 1 stick butter, divided
- 1 medium onion, diced
- 3 stalks celery, diced
- 2 cloves garlic, diced
- 1 (16-ounce) bag frozen soup or stew vegetables
- 2 teaspoons poultry seasoning, divided
- 1 1/2 teaspoons salt, divided
- 1 teaspoon pepper, divided
- 1/4 teaspoon cayenne pepper
- 1/4 teaspoon sugar
- 4 tablespoons all-purpose flour
- 1 cup cream, evaporated milk or buttermilk
- 1 cup chicken broth
- 1/4 teaspoon nutmeg
- 1 cup grated sharp cheddar cheese
- 1 (9-inch) frozen pie crust

1. Heat oven to 350 F. Lightly grease a 2-quart casserole dish.
2. Melt 4 tablespoons of the butter in a large skillet over medium heat. Stir in onion, celery and garlic. Cook until tender, about 5 minutes.
3. Stir in chicken and frozen vegetables, 1 teaspoon of the poultry seasoning and salt, 1/2 teaspoon of the pepper, the cayenne pepper and sugar. Cook, stirring occasionally for 2 to 3 minutes. Remove chicken mixture from skillet and place in the prepared casserole dish. Set aside.
4. To make the sauce, melt 4 tablespoons of the butter in the skillet over medium heat. Whisk flour and remaining teaspoon of poultry seasoning into the butter; turn heat to low and cook, stirring occasionally, until light brown and thick, about 3 minutes. Turn heat to high and slowly whisk in the cream, evaporated milk or buttermilk. Whisk in chicken broth. Continue whisking until mixture thickens, about 3 to 5 minutes. Stir in remaining salt and pepper, and the nutmeg.
4. Pour the cream sauce over the chicken mixture, stirring to coat the mixture evenly. Sprinkle the chicken mixture with the cheese. Top filling with the prepared pie crust, pressing down crust around the edges of the dish to seal the crust over the filling. Cut three, 1-inch slits in the center of the crust to allow steam to escape. Bake for 30 to 35 minutes until crust is brown and golden. Serves 6 to 8.
