**Serta perfect sleeper**

- Helps reduce tossing and turning**  
**ComfortRight™ Layers**  
This advanced system of foams and fluffy fibers is designed to provide instant comfort. This helps reduce the pressure points that can cause tossing and turning so you can sleep more comfortably through the night.
- Minimize impact from partner movement**  
**TrueSense® Design**  
Serta's exclusive design helps minimize the impact of partner movements, working to isolate motion at its source so you can enjoy a peaceful night's sleep with fewer disruptions.
- Encourages proper back support & alignment**  
**Custom Support® System**  
Every Perfect Sleeper features a system of durable, yet flexible carbon steel coils that work to promote proper support and alignment across the entire body.
- Resists sagging & edge roll-off**  
**ComfortLast® Construction**  
Designed to enhance durability of the mattress and is thoroughly tested beyond industry standards to make sure it can resist sagging and edge roll-off. This enhanced durability can help extend the comfort life of your mattress.
- Promotes a balanced sleep temperature**  
**CoolBalance® Technology**  
A unique combination of high-performance heat and moisture-regulating fabric and an overall mattress design that helps promote airflow. Together, these help provide a comfortable, balanced sleep temperature.

**SAVING ENERGY AT HOME**  
**IS EASIER**  
**THAN YOU THINK**

**Start today with these simple tips.**

- LOOK FOR THE STAR**  
When replacing appliances or electronics—including clothes washers, dishwashers, refrigerators and TVs—be sure to select ENERGY STAR® models.
- CHANGE YOUR BULBS**  
LEDs use 70 to 90 percent less energy and last up to 15 times longer.
- GET WITH THE PROGRAM**  
Set your programmable thermostat at a lower temperature during times when no one is home and while you sleep.

Hearing aids do not restore natural hearing ability. Individual experiences vary depending on severity of loss, accuracy of evaluation, proper fit and ability to adapt to amplification. Hearing screening and video otoscope exams are always free, they are not medical exam and are used to determine proper amplification needs only. See your Miracle-Ear rep for complete details on all offers contained herein. ^Studies conducted at the University of Northern Colorado (2014) and Oldenburg Horzentrum (2013) showed that Speech Reception Thresholds (SRT) in cocktail-party situations improved up to 2.9 dB for wearers with mild to moderate hearing loss using GENIUS with Directional Focus, compared to people with normal hearing. This corresponds to over 25% improvement in speech understanding. £ Free services and products available on ME4 Solutions and higher.

## BE AWARE! KEEP YOUR VEHICLE SAFE, DEPENDABLE AND ON THE ROAD LONGER.

### 6 Ways You Could be Killing Your Car

Owning a car can be a dream or a nightmare depending on how well you take care of your vehicle. The following are six things that many motorists do that can harm their car and their wallet.

- 1. Ignoring the check engine light.** Ignoring an illuminated check engine light can result in serious engine trouble and costly repairs. At the very least, this warning light could alert you to an engine problem that is negatively impacting fuel economy.

**2. Failing to change fluids and filters.** Many fluids are required for the operation and protection of vehicle systems and components. Checking fluid levels regularly, along with the filters, helps ensure that your vehicle runs dependably and extends vehicle life.

**3. Neglecting your tires.** Your vehicle's tires should be checked frequently for inflation and tread depth. Under inflated tires can wear out more quickly, needing to be replaced sooner, and can negatively impact safety, gas mileage and performance.

**4. Not following a service schedule.** Because many car parts and components wear out or become damaged over time, vehicles need to be routinely serviced in order to perform optimally. Routine inspections and timely repairs will help keep your car running efficiently and will help you avoid more expensive repairs down the road.

**5. Keeping a dirty car.** Allowing your car to go too long without a wash leads to buildup of damaging chemicals and dirt, increases the potential for rust from road salt and interferes with proper visibility needed for safe driving.

**6. Being a severe driver.** Whether it's stop-and-go traffic, extreme weather, rough roads or heavy loads, it can sometimes be difficult to limit severe driving conditions. However, you can drive smart and improve fuel economy by observing the speed limit; avoiding aggressive driving, including quick starts and stops; not hauling unnecessary items; and keeping your vehicle properly tuned.

# Consequences of untreated hearing loss.

It's been proven that hearing health is directly connected to overall health and well-being.

When you're able to hear and engage with the world around you, you live a better and healthier life.

## Depression

Those with untreated hearing loss have significantly higher incidence of feelings of isolation and depression.

## Balance

People with mild hearing loss (25 dB) are 3 TIMES more likely to have a history of falling. Every additional 10 decibels of hearing loss increases the chances of falling by 1.4 times the original risk.

## Cognitive Decline

Adults with untreated hearing loss experience a 30-40% faster decline in cognitive abilities compared to peers with aided hearing.

## Dementia

Adults with untreated hearing loss are more likely to develop dementia.

## Lifespan

Studies show older adults with untreated impaired hearing have a shorter lifespan than peers.

## Tinnitus

90% of people with tinnitus have hearing loss.

Mike Long founded Long's Hearing Care in 1986 with one simple goal in mind — to make hearing accessible and affordable to everyone in a comfortable “family” environment. “We smile, joke and have fun with our customers. We truly love what we do.” After nearly 30 years in business, the approach seems to be working.

- Mike Long, owner of Long's Hearing Care Systems, attends training in Minnesota regularly to keep abreast of the latest techniques and technology in hearing aids.
- Your satisfaction grows our business. We offer a 100% money-back guarantee.
- We pride ourselves in offering products and services that are tailored to fit your specific needs and lifestyle.
- Outdoorsmen, musicians, and those who work in environments with extreme background noise all have different concerns that we can help address with our expertise and high-tech products.
- We pledge to always do what's right for you. Our honest business philosophy has been trusted by generations of families for over 30 years.
- We won't inflate prices to offer unbelievable discounts, buy-one-get-one-free offers, or other schemes.
