Strange BUT TRUE

By Samantha Weaver

* It was world-renowned American photographer Ansel Adams who made the following sage observation: "It is horrifying that we have to fight our own government to save the environment."

* You might be surprised to learn that the blood of a grasshopper is white.

* Tacumbu prison in Asuncion, Paraguay, is notorious for its overcrowded conditions: 3,500 inmates are crowded into a space designed for half that number, and many of them sleep on cardboard directly on the floor. One inmate, however, until recently enjoyed amenities that many outside the prison walls would love to have. Drug trafficker Chimenos Pavao bribed officials to look the other way, then set up a fully furnished, tastefully decorated three-room suite, complete with air conditioning, a refrigerator, a library, a flat-screen TV, a DVD player and a treadmill. The luxury cell was discovered when a bomb threat caused police to search the entire prison.

* If you've ever been the victim of a purse-snatching, here's a discouraging bit of information: Those who study such things say that four out of five perpetrators get away.

* In 1804 our planet hit a milestone: a population of 1 billion people. It took 123 years to add another billion, then only 33 more to get to 3 billion, in 1960. We crossed the 4 billion mark in 1974, hit 5 billion in 1987, and got to 6 billion in 1999. In 2011 (or early 2012, depending on who's doing the estimating, the earth's population passed 7 billion, and those who study such things expect us to get to 8 billion sometime in the mid- to late 2020s.

Thought for the Day: "Justice will not be served until those who are unaffected are as outraged as those who are." -- Benjamin Franklin

The Preacher Plays Hooky

There was this preacher who was an avid golfer. Every chance he could get, he could be found on the golf course swinging away. It was an obsession.

One Sunday was a picture perfect day for golfing. The sun was shining, no clouds in the sky, and the temperature was just right. The preacher was in a quandary as to what to do. Play golf or give the Sunday service.

Shortly, the urge to play golf overcame him. He called an assistant, told him he was sick and asked the assistant to take care of the Sunday church service for him. He packed the car up and drove three hours to a golf course where no one would recognize him. Happily, he began to play the course.

An angel up above was watching the preacher and was quite perturbed. She went to God and said, "Look at the preacher. He should be punished for what he is doing." God nodded in agreement.

The preacher teed up on the first hole. He swung at the ball and hit a perfect drive, straight as an arrow, four-hundred yards right to the green, where it gently rolled into the cup (as they say in basketball, "nothing but net"). A picture perfect hole-in-one. He was amazed and excited.

The angel was a little shocked. He turned to God and said, "Begging Your pardon, but I thought you were going to punish him."

God smiled. "I did. Just think about it... who can he tell?"

Kindergarten Is FUN!!

Flash back to when you were little and getting ready to start kindergarten. Were you scared? Were you excited? Kindergarten is an important milestone in the life of your child. It's vital they are prepared and excited to start learning.

If you're wondering how you can make it easier on your child, and you, it's recommended you plan visit to the school your child will be attending. Early kindergarten registration is Friday, March 10, and it's the perfect time for a school visit.

Some important tips:

- Contact the school ahead of time and make an appointment to visit
- Talk about school in a positive way to your child

Kindergarten registration forms can be picked up at the school your child will be attending or the school board office in Danville (341 Main Street, Suite 100) or in Chatham (39 Bank Street). To register for kindergarten, you'll also need your child's birth certificate and up to date immunization form.

If you are not sure which school zone you live in, call Danville Public School's administrative office at 799-6400, or Pittsylvania County Public School's administrative office at 432-2761.

Support Our Local Law Enforcement

GoDocs bought lunch for the Danville Police Department on February 17th, declaring it "Support our Local Law Enforcement" day! "We hope to encourage other local businesses and community members to take a moment and let our police officers know that we support them and are so grateful for the sacrifices they make for our community every day! Let's come together and saturate the headlines with positive stories!" (GoDocs Facebook Page)

The community-oriented healthcare center plans to make honoring a group of first responders a quarterly event.

ARIES (March 21 to April 19) You're correct to want to help someone who seems to need assistance. But be careful that he or she isn't pulling the wool over those gorgeous Sheep's eyes. You need more facts.

TAURUS (April 20 to May 20) Your Bovine optimism soon will dispel the gloom cast by those naysayers and pessimists who still hover close by. Also, that good news you recently received is part of a fuller message to come.

GEMINI (May 21 to June 20) Feeling jealous over a colleague's success drains the energy you need to meet your own challenges. Wish him or her well, and focus on what you need to do. Results start to show in mid-March.

CANCER (June 21 to July 22) You're likely to feel somewhat Crabby these days, so watch what you say, or you could find yourself making lots of apologies. Your mood starts to brighten by the weekend.

LEO (July 23 to August 22) Your pride might still be hurting from those unflattering remarks someone made about you. But cheer up, you're about to prove once again why you're the Top Cat in whatever you do.

VIRGO (August 23 to September 22) A misunderstanding with a co-worker could become a real problem unless it's resolved soon. Allow a third party to come in and assess the situation without pressure or prejudice.

LIBRA (September 23 to October 22) Call a family meeting to discuss the care of a loved one at this difficult time. Be careful not to let yourself be pushed into shouldering the full burden on your own.

SCORPIO (October 23 to November 21) An upcoming decision could open the way to an exciting venture. However, there are some risks you should know about. Ask more questions before making a commitment.

SAGITTARIUS (November 22 to December 21) Personal matters need your attention during the earlier part of the week. You can start to shift your focus to your workaday world by midweek. Friday brings news.

CAPRICORN (December 22 to January 19) You've been going at a hectic pace for quite a while. It's time now for some much-needed rest and recreation to recharge those hardworking batteries.

AQUARIUS (January 20 to February 18) This is a good time to upgrade your current skills or consider getting into an entirely different training program so that you can be prepared for new career opportunities.

PISCES (February 19 to March 20) Keep a low profile in order to avoid being lured away from the job at hand. Focus on what has to be done, and do it. There'll be time later to enjoy fun with family and friends.

BORN THIS WEEK: You can be a dreamer and a realist. You dream of what you would like to do, and then you face the reality of how to do it.

We thought of you with LOVE today, but that is nothing new. We thought about you yesterday, and every day before that too. We think of you in silence, we often speak your name. We hold on to our memories, and keep your picture in a frame. Your memory is our keepsake, with which we will never part. God has you in his keeping, we have you in our hearts!

**We love and miss you!
We will be with you soon!**

”You’re More Than Welcome, Friend”

You’ve been working on a research paper for your AP English class for 3 hours at a restaurant, on your only day off of a busy schedule of work and cheerleading. With the majority of your paper saved on your laptop, you step away for a quick bathroom break, and return to only find the papers surrounding an empty space where your laptop sat just moments before.

This is the situation Makayla White found herself in on February 7th. “It would have been different, I think, if it was just a laptop. But I had books and papers everywhere...they could see I was working.”

It doesn’t take long in listening to Makayla’s mom, Lisa Carrington, to know that her daughter is a hard worker. She talks about how Makayla will have days so full of school, work, and extra curricular activities, that she will come home and take a nap, just to get back up a few hours later to get homework completed in the middle of the night. “She works hard, and that’s what really got me,” said Carrington. She goes on to tell about the day after the laptop was stolen, when it really sank in that it was gone: “She just broke down that morning. I said ‘It’s going to be alright. God’s going to work it out.’ And I didn’t know how, but I always tell her that. And He worked it out.”

In hopes that someone would see it and have information on the whereabouts of the laptop, Lisa wrote a Letter to the Editor of the Danville Register and Bee. It was that letter that Micah Pacifico, Co-Owner of GoDocs Mobile & Healthcare Center, saw while creating an ad on Facebook. In the letter titled “What You Stole”, Carrington states: “You stole a high school senior’s entire semester of notes and assignments for her classes. You stole her flash drive, which contained 6 pages of an eight page English assignment that she had been working on for three hours that day. You stole a whole afternoon of research that she had done on her only day off work. What you did not steal was her determination to succeed. What you did not steal was her faith that God will make a way for her to get back everything that the devil attempted to take from her. What you did not steal was the support of her family to make sure she still succeeds in spite of this setback.”

“It resonated with me, because the same thing happened to me when I was in college. I had worked and worked on (an assignment), and it was gone.” said Pacifico. “When I read your story, I got to thinking about how bad I felt when it happened to me. I had to take a loan out to get another laptop. We wanted something positive to happen to counteract the bad thing that happened to you. We can’t get your work back, but we want to buy you another laptop.” With that, Micah introduced Makayla and Lisa to Donald Freeman of Freeman’s Computer Repair, who is contracted by GoDocs for all of their I.T. needs, and they sat together searching through computers until they found one that fit Makayla’s needs and wants. When it’s delivered this week, Freeman will install all of the programs needed, and Makayla will have a laptop that’s ready to help her finish out her high school year, and go to Patrick Henry Community College with her in the fall.

“When I wrote the letter...I wasn’t expecting this!” says Carrington.

“When we read this letter, we were at a place where we could do something nice. I feel like when you’re given that opportunity, you take advantage of it.” Pacifico said “Bad things happen. That’s life. Sometimes there will be good people there to try and make up for it, sometimes there won’t. I’m glad we could do this for you today.”

Makayla and Lisa expressed their gratitude, to which Micah replied simply “You’re more than welcome, friend.”

Dutch Butter Cake

Ingredients:

- 2 cups (250 grams) all-purpose flour
- 8 ounces (1 cup) unsalted butter
- 2/3 cup (150 grams) sugar
- 1/4 teaspoon salt

Directions:

- Preheat oven to 350 degrees F. Line an 8x8 baking dish with foil.
- Melt the butter and mix it with the flour, sugar, and salt until just combined. Don't overmix. Press into the bottom of prepared pan.
- Bake at 350 for 30 minutes until the edges just start to turn golden. The middle will still VERY gooey, but the cake is definitely done at this point. Allow to cool completely before removing foil from pan and cutting into squares. Enjoy!

* "Save the plastic cups that yogurt or fruit comes in. You can reuse them for Jell-O cups. Cover with a piece of plastic wrap, and secure tightly with a rubber band." -- E.D. in Kansas

* Start seeds in the cups of an egg carton, the kind that are made from paper. You can get them going on a windowsill inside. When it's time to plant in the ground, score the bottom of each cup and plant it -- paper and all -- in the dirt.

* "I found a decorative cardboard box that is big enough to hold a power strip. After installing it in the box so it looks pretty, I made holes out the side for different kinds of chargers (Apple, Android, etc.). The cord can be stored in the box or pulled out enough to charge a device. It looks nice on the side table instead of a mess of cords." -- W.L. in Alabama

* "Cheese can be grated, then frozen. The frozen cheese can be used in casserole dishes without even defrosting. I find it convenient to freeze my mozzarella in batches because we make a lot of individual pizzas. I can get a big block, grate it and freeze. It keeps for a long time." -- J.M. in Pennsylvania

* Lipstick and lip gloss (including lip balms) shouldn't be kept for more than a year. You can extend the life of your favorite lip wear by shaving a bit off and using a brush to apply it from the cut-off portion. If it touches your face, it can collect and breed bacteria. Be sure to replace mascaras every six months at minimum, and clean brushes regularly.
