HELP WANTED

FT Pack House Manager - Produce Farm, Local produce farm is seeking a motivated, hardworking individual, who can be responsible for managing all labor activities performed within the pack-house. The position requires excellent communication and organizational skills as well as the ability to make good decisions pertinent to product processing. You will need to monitor and assist a crew with daily tasks related to produce cleaning, handling, storage, packing and shipping to provide the best product quality possible while minimizing expense. The position requires computer work to be completed in both Excel and Word, as well as keeping accurate, daily logs. Food Service experience would be helpful for the sanitation and processing standards required. This is a 40+ hour a week, physical position. Wages determined by experience. Red Earth Farm, Kempton. 610-756-3600.

LABORERS: Tree Nursery taking applications now for seasonal work in our growing and retail areas as soon as the weather allows. Potting, Digging, Displaying, Loading and Unloading Trees & Shrubs. No experience necessary. If you desire a quick moving day with diverse physical outdoor activity you will enjoy this work. Lifting required. Flexible FT, PT, partial day/ week available. Students welcome. Call Karen at Foliage Farm, Rt. 222 near Kutztown to apply. 610-442-5634 between 9am and 6pm Anyday.

HELP WANTED

We are looking for an energetic and friendly person to take a position as our Weekend Night Auditor. The hours are part time, 11pm to 7am Friday and Saturday nights, two alternating weekends a month. Additional 1st and 2nd shift hours may be offered if the candidate is willing. The duties of the position include: check ins and check outs during your shift, balancing the day's transactions, and customer service duties. For an application, please stop on by anytime. 327 Star Rd, Allentown PA 18106. We are located just off of Rte 100 behind the Starlight Diner and Boston's Gourmet Pizza near I 78.

HELP WANTED

Field Production Supervisor. We are seeking an experienced Field Supervisor who can successfully manage all aspects of our field vegetable production. The ideal candidate will be able to lead by example, impart new knowledge and technique and have the ability to teach and mentor our crew members. Field Prep: Amendment Application, tillage and bed prep, plastic laying Field Planting: direct seeding, transplanting, install trellising for crops requiring it. Manage and Implement Planting Schedules and Maintain Logs Weed and Disease/ Pest Mgmt.: Use William's System tine weeder and assure that weed control is done timely and in an efficient manner. Harvest: Assure efficiency and quality, maintain accurate counts, and keep up-to-date field records. Red Earth Farm, Kempton. 610-756-3600.

FRONT DESK Help Wanted: We're looking for a dedicated and customer service oriented individual to join our team. The hours on offer are part time flexible 1st and 2nd shift. Duties to include: customer interaction and management of guest transactions and bookings, creating bookings via phone, and providing recommendations to guests on local activities and eateries. Computer experience is a plus, prior experience in the hospitality field is also desired, but not required. Positive attitude and demeanor is a big plus! If interested, please apply at our location: Sleep Inn, 327 Star Rd, Allentown, PA 18106 (behind Starlight Diner and Boston's) Please apply in person or submit your contact information to our location.

HOUSEKEEPING SUPERVISOR WANTED: We are seeking an energetic and motivated individual to supervise our housekeeping department. Prior experience is preferred. Duties to include cleaning guest rooms, scheduling appropriate housekeeping coverage, and thorough room inspections. Compensation negotiable. If interested, please apply at our location: Sleep Inn, 327 Star Rd, Allentown, PA 18106 (behind Starlight Diner and Boston's) Please apply in person or submit your contact information to our location.

Produce Farm - FT Lead Tractor Operator The Lead Tractor Operator will be responsible for all tractor related field tasks including; field preparation, application of amendments, installation of irrigation and plastic mulches, spraying, transplanting, cultivation and mowing. Despite working mostly independently from other departments, the Lead Tractor Operator is expected to communicate daily with both Field & Pack house Managers to ensure efficient coordination of daily work priorities. As the growing season progresses, the operator will be asked to facilitate harvests from time to time and may be asked to assist with pack house duties when needed. Lead tractor operator is also responsible for general maintenance of tractors and implements as well as any minor repairs as they arise. This is a full time 40+ hours per week position and hourly wages will be based on experience. Red Earth Farm, Kempton. 610-756-3600.

Windsor Press, Inc. OFFICE HOURS Mon. - Fri. 8am to 5pm

IF YOU HAD TO SIT FOR THIS LONG, YOU'D WANT TO BE COMFORTABLE TOO.

Overnight Accommodations Now Available in Our Farmhouse

GOLDEN OAKS GOLF CLUB and RESTAURANT

Fall in love for a second time with the rustic charm of our 1850's restored barn and covered deck, with spectacular views of our award-winning golf course, or our glass-enclosed pavilion room which accommodates functions of about 100 people and offers panoramic views of our beautiful golf course with its own private bar.

Our experienced staff will help you plan your special day to make your occasion unforgettable.

The Farmhouse at Golden Oaks is a charming alternative, perfectly suited for smaller wedding and rehearsal dinners.

I Don't Need To Advertise

You're Right... There is a time NOT to advertise, when...

1. You have no competition.
2. You have all the business in town.
3. There are no new people moving into your area.
4. You want to keep your large inventory.
5. You have more business than you can handle.
6. The birth rate is zero.
7. You have more than enough friends that shop your business, keeping you far to busy.
8. You've netted your third million (after taxes).
9. You have no desire to work hard.
10. You would have to hire more people to handle the additional business advertising brings.

The time to start advertising is...
When you don't agree with all the above.

The place to start advertising is...
The one that has a combined circulation of 71,500 homes.

The Differences Between Hot And Cold Therapies

Inflammation can affect anyone, and those who have battled it likely have nothing positive to say. But while few people may associate inflammation with something good, inflammation is actually a process by which the body's white blood cells and the substances those cells produce protect the body from infection at the hands of bacteria, viruses and other foreign organisms. While inflammation is protective by nature, sometimes an inflammatory response is triggered by mistake. When that happens, the body's immune system, which is designed to protect the body, begins to damage its own tissues. The resulting symptoms of this faulty immune system response may include joint pain, joint stiffness, loss of function in the joints, and swelling of the joints. None of those symptoms are comfortable, and people suffering from them may be on the lookout for ways to alleviate their pain and suffering. While anyone battling persistent inflammation should speak with their physicians to explore their treatment options, a preliminary search of how to best treat inflammation will no doubt turn up information about heat therapy and cold therapy. The following breakdown should not replace a physician's advice, but it can help patients battling inflammation better understand both treatment options.

HEAT THERAPY
 According to the Merck Manual, a reference book for physicians and patients alike, heat works against inflammation by increasing blood flow and making connective tissues more flexible. Heat also can be used to combat edema, a condition characterized by an excess of fluid in the tissues of the body. Upon application, heat can temporarily reduce pain and alleviate stiffness in the joints. Heat also may temporarily relieve muscles spasms. The Cleveland Clinic notes that heat can be effective at relieving pain associated with worn-away cartilage in the joints because it eases chronically stiff joints and relaxes tight muscles. In addition, moist heat can relax painful neck spasms linked to nerves or blood vessels in the head or pain emanating from muscles in the neck. Heat can be applied via hot packs, infrared heat, paraffin baths, and hydrotherapy.

COLD THERAPY
 Cold therapy, sometimes referred to as "cryotherapy," can relieve pain associated with inflammation that has developed recently. Cold can help numb tissues and relieve muscle spasms and can also be used to alleviate pain associated with injuries. The Merck Manual notes that ice bags or cold packs can be used to apply cold. In addition, fluids that cool

Get To The Truth About Dieting And Weight Loss

Weight loss is a popular resolution come the new year. But in spite of that popularity, the resolution to lose weight is no small task. When resolving to lose weight, men and women will encounter an abundance of information about dieting and weight loss. It's difficult to know who to believe and to determine which plans will be effective. Research published by Shape magazine says nearly one in three young people embark on a new diet each month, but 45 percent give up after one week, and about half abandon their goals within a month. Data released in the Daily Mail in 2013 said that although one in seven (13 percent) women in the United Kingdom stick to a diet for 13 weeks or more, nearly one in five (19 percent) succumb to their favorite food cravings after a month. What's the magic formula for weight loss? Experts advise that there isn't any. Weight-loss strategies that require fad dieting or restrict certain foods may not produce long-term success. Rather, a lifestyle overhaul is

often the most effective weight loss strategy.

- Recognize that quick fixes do not work. Drastic weight loss approaches may produce immediate results, but such plans are not sustainable. Drastic plans include certain detoxes and cleanses; diets that eliminate all but a few foods; some prepackaged foods; and food-replacement strategies. Feelings of deprivation or boredom may make people following these diets unsuccessful in the long run. Losing weight means changing one's food and exercise plans over the long haul.
- Eat in regular intervals. Researchers at the National Weight Control Registry offer that spacing food evenly throughout the day is the key to successful, long-term weight loss. People who eat healthy food at regular intervals are better nourished, think more clearly and report fewer mood swings than those who eat erratically.
- Recognize that not all carbs are bad. People trying to lose

weight often hear that they should increase protein consumption and drastically reduce their intake of carbohydrates. While it's smart to reduce consumption of processed carbs and those that are made largely of white flour, there are some healthy carbohydrates, including beans, whole grains, fruits, and vegetables.

- Be flexible. As a person's body ages, his or her metabolism will change. Men and women should revisit their recommended caloric intake every few years. In addition, men and women can routinely revisit their exercise routines to determine the efficacy of those routines and alter their workouts to reflect the physical changes their bodies are going through as they age.

A person's first step before dieting or attempting to lose weight should be to consult their physician, who can help men and women achieve their weight loss goals in a way that's healthy and easy to maintain for years to come.
