PATIENT TESTIMONIAL

I had a total right knee replacement. When I was released from the hospital I immediately started outpatient physical therapy at Horizon Health and Rehab and I'm glad I did! During my visits, Josh Fogleman and Mandy Tuscan helped me with exercises that got my strength, endurance, and balance back. I believe this was a BIG key to my quick and total recovery. I was driving 2 weeks after surgery and was back on the golf course within a month after surgery. At 73 years old, I feel that is miraculous! I thank God and the Horizon team for the rapid recovery that you all helped me to achieve!

With appreciation, T. R. Ball

Horizon is pleased to respond to the accolade it has received in providing quality post acute care services to our community by introducing this new offering of outpatient therapy services with the team you have grown to trust and depend.

We're here to help! Let us be your advocate.

Planning Ahead

Pre-Planning

Consider the advantages:

- Make important decisions together, not alone...
- If something were to happen to you today, your family would know what to do...
- You have peace of mind knowing you have minimized the anxiety for loved ones...
- Your final wishes will be carried out...
- You can choose a pre-payment plan that fits your budget...
- Costs are locked in and you are protected...
- Most pre-arranged plans are transferable, should you transfer or move to another area...

By Pre-planning Your Funeral, You Can:

- Make all the arrangements during a time of peace and not leave them to your family during their time of grief.
- Make your wishes known.
- Control the cost of your funeral and protect from inflation.
- Ensure that personal records are organized and easy for your survivors to locate.
- Protect your insurance so that it provides for your survivors and not for funeral expenses. and
- Provide protection in case the need arises before it is expected.
