TOP CHEF

Eighth annual event seeks to raise funds for MCCD causes

Culinary artists from Elkhart Lake will compete for top honors at the 8th Annual Top Chef Elkhart Lake on Sunday, March 12 at the Osthoff Resort.

The best part is that you get to enjoy their creations by taking part in the Top Chef event.

The public is invited to join in a great afternoon with their friends and neighbors to enjoy sampling an elegant tasting menu of gourmet food crafted by the area's finest chefs.

Top Chef is approved and endorsed by WisconsinTravel.com.

The fun event features a live cooking competition among chefs from six noted restaurants in Elkhart Lake. The chefs will prepare their entrees (each chef using a selection of ingredients determined at a drawing) and then present their culinary creations to assembled guests and a panel of judges.

The real winners of the event will be the special needs children in and around Sheboygan County. With funds raised through Top Chef Elkhart Lake, the Midwest Council for Children with Disabilities (MCCD), a registered not-for-profit charity and 501 (c)(3) organization, assists local children with therapy, medical treatment, equipment and supplies that are unaffordable and not covered by health insurance.

The seven prior Top Chef Elkhart Lake events have raised more than \$450,000 for MCCD and its goal of helping area children in need. Embraced by the Elkhart Lake community, the event has been close to a sellout in each of its seven years and advanced tickets are moving fast for the 2017 event.

This year's event will be held from 3-7 p.m. in the Grand Libelle Ballroom at the Osthoff, 101 Osthoff Avenue, Elkhart Lake. Chefs competing in the event will hail from Brown Baer, Lake Street Cafe, Lincoln Street Sports Bar & Grill, Lola's

Fun at Schnee Days '17

Schnee Days 2017, held the final weekend in January, offered great fun for the entire community. Above, children broke loose on the annual ice cube hunt in the village park. At left, a mother and her daughter paused to enjoy lunch at the chili cookoff. Kite flyers were on hand to share their colorful wares, below. This year, with unsafe conditions on Elkhart Lake, they flew their kites on the Glacial Nine at Quit Qui Oc Golf course.

Sharing our Journeys

By Carol Edler Baumann

Shopping more than past time

Shopping is much more than merely a national pastime. It's a life experience that can be all consuming and something that dominates our lives. Just think of it, when aren't you buying something?

Buying can be compulsive—the uncontrollable desire to purchase things we don't need and might never use. You've probably seen some of the "Hoarder" shows on TV. It might just be a routine task of getting groceries for the week's food needs. It can also have a serious effect on our future lives—like a mortgage on a house where payments might seem like they're going on forever.

If you ever watch the home shopping channels you can't help but be persuaded to buy from the attractive, slick, smooth talking persons who come off as your greatest friends. It's staggering to think that they sell, sell, sell 24 hours a day, seven days a week and they have been doing this for years and years. And it's all of us who are buying those thousands of items.

Retail stores are constantly repositioning themselves and minutely analyzing their markets to determine how they can sell more and keep customers coming back for even more.

Finally, I admit—I hate shopping! By contrast, my husband, Richard, loves shopping. I can remember when I was in the midst of my career and time was always short, he would go to the store and sift through the dress selection. Then he would earmark a few that he thought I would like and look good in and were appropriate for the occasion for which I needed a new dress. Then he would take me to the store and review his suggested selections. Now that's how I like to shop.

I will admit that in our 58 years of marriage he didn't do all the shopping. We did share the adventure of choosing furniture, drapes and curtains, and a

number of other household items. That was an adventure that was both fun and enjoyable.

It brings back a lot of memories now when I look over the purchases we made some 30 or 40 years ago. We almost always chose wisely and every day when I look around I'm reassured that for the most part we did in fact make good choices. We like the things we bought then just as much as when we purchased them.

So shopping really is what you make it. For Richard and me it holds a lifetime of memories.

Firefighters aim to serve community

By Mike Mathes

for the Depot Dispatch

For the past 120 years, the Elkhart Lake Fire Department has personified the term "community service."

Focused on service, brotherhood and legacy, the Elkhart Fire Department boasts not only a proud tradition, but a bright future. The organization is a proud collection of individual volunteers that functions as a team to preserve and protect the wider Elkhart Lake Community.

The ELFD prides itself in being bigger and more powerful than the sum of its parts.

Fire Chief Pat Zorn said the department likes to think of serving as an opportunity for individuals being part of something greater than themselves. "Each individual adds unique resources, expertise, time and effort to create a powerful community force," he said.

The Elkhart Lake Fire Department provides direct firefighting and emergency response services for the Village of Elkhart Lake and the Town of Rhine. The department also stands ready to assist other departments through mutual aid pacts.

"We serve a village with a population of about 965 people and a township that encompasses 36 square miles," Zorn said. "And of course our population grows considerably during the summer months."

The budget for the Fire Department is supported equally by the village and the Town of Rhine.

It's a 50/50 split on everything including all trucks and equipment. Likewise, the village and township shares the cost of the fire station, along with the building of the firehouse in 2008-2009.

Serving many ways

The ELFD serves its communities in many ways, including the following—

■ **Firefighting**—through rapid communications networks, the ELFD is able to quickly get its modern equipment and trained personnel to a fire scene.

■ **Search and rescue**—the job of the ELFD First Responders is to locate, assess, stabilize, immobilize and transport the injured. This is done on both land and water, in all sorts of weather conditions.

■ **Auto accidents**—The ELFD is routinely called to accident scenes to assist with preventing or extinguishing fires. The department also employs Jaws of Life rescue equipment.

■ **Weather related disasters**—The ELFD is called upon to help during severe weather, all the way from tornadoes to blizzards and flooding.

■ **Chemical spills**—The ELFD is equipped to assist with hazardous situations helping to contain spills and preventing fires.

ations helping to contain spills and preventing fires.

Volunteer members

At this time, the ELFD has a total of 31 members, including one female firefighter. The department can accept up to 55 members.

Zorn, in his seventh year as chief, is joined in departmental leadership by Robert Schmidt, first assistant chief, and Andy Martin second assistant chief.

Troy Conrad, Brian Feldmann and Keith Fischer are department captains.

Lynn Bub has the longest tenure of current ELFD volunteer firefighters with 40 years of service.

The department has a total of eight rigs, housed at its showcase firehouse on the south end of the village on Highway 67. They stand at the ready to respond.

Beyond the traditional water tenders, pumper trucks and aerial ladder truck, the department also has a 4-wheel drive pickup, a response van for personnel and equipment, a Polaris ATV for grass fires and rescue, a small boat for water rescues and eight water rescue suits.

Community fundraisers

In addition to firefighting, the Elkhart Lake Fire Department weaves its way into

continued from page 4

the fabric in a couple of other key ways.

One is the annual Fireman's Picnic, held on the weekend that includes the first Sunday in July. "It's a big event and it's our major fundraiser of the year," Chief Zorn said. "We would never be able to do it without a lot of help. It takes 25 people alone just to run the brat stand on the Sunday of the picnic."

The Elkhart Lake Fire Department actually owns fireman's park—leasing it out to a vendor who runs the park during the warmer seasons of the year. The park operations also bring another source of funding for the department.

Matt Cain, a member of the department, is the current operator of the park.

Fireman's Park was purchased by the department for a mere \$5,000 back in 1931.

Additionally, the department holds an annual Breakfast at the Firehouse event

which is a combination fundraiser and open house.

Volunteers are always welcome

Zorn said volunteer help is always welcome by the Elkhart Lake Fire Department. Obviously, those seeking the opportunity to become members are encouraged to place their names in consideration.

But volunteerism to support the fire department can take other forms.

Community members can join the Auxiliary or other groups and committees that plan and manage fundraisers.

Volunteers are always welcome to lend their talents to help with planning and running the Fireman's Picnic.

People who would like to commit to maintaining the beauty and quality of Fireman's Park are also encouraged to step up to volunteer

Frank Lloyd Wright's birthday observed

In 2017, Wade House Historic Site will celebrate the 150th birthday of famed architect Frank Lloyd Wright with season-long exhibits, lectures, and educational activities focusing on Wright's life and work in Wisconsin and his relationship with Sheboygan carriage collector and restoration expert Wesley W. Jung.

Highlights of Wade House's celebration of the 150th birthday of Frank Lloyd Wright will include:

- **The Wright Carriage Exhibit.** A display of horse-drawn carriages owned and used by Mr. Wright from the Site's Wesley W. Jung Carriage Museum collection including Mr. Wright's 1890 roof-seat omnibus. The Wright Carriage Exhibit will open on the evening of Thursday, June 8.

- **A Taliesin Album.** An exhibit featuring rare photographs from 1911-12 of the construction of Taliesin, prior to its substantial destruction by fire in 1914. "A Taliesin Album" will open on the evening of Thursday, June 8.

- **Future Genius Station.** Architectural toys, books and activities for children located in the Museum including sets of Mr. Wright's beloved "Froebel" blocks which first captured the famed architect's imagination as a child and influenced his future work.

- **Monthly speaker Series.** Free admission to monthly speakers on subjects as diverse as the archives of interior designer George Mann Niedecken who worked with Wright, the tragic story of Martha "Mamah" Borthwick, and Wright's famed Schwartz House in Two Rivers. The monthly speaker series will begin in March and run through November.

Wade House's celebration of Frank Lloyd Wright's 150th birthday will begin on Saturday, March 4 with the first lecture of our "Frank Lloyd Wright: A Wis-

consin Original" monthly speaker series. Ryan Hewson, Manager of Collections for the Frank Lloyd Wright Foundation, will present a lecture titled "Taliesin and Horsepower" at 1 p.m. The lecture will be preceded by a beer and light hors d'oeuvres reception, which will begin at 12:30 p.m.

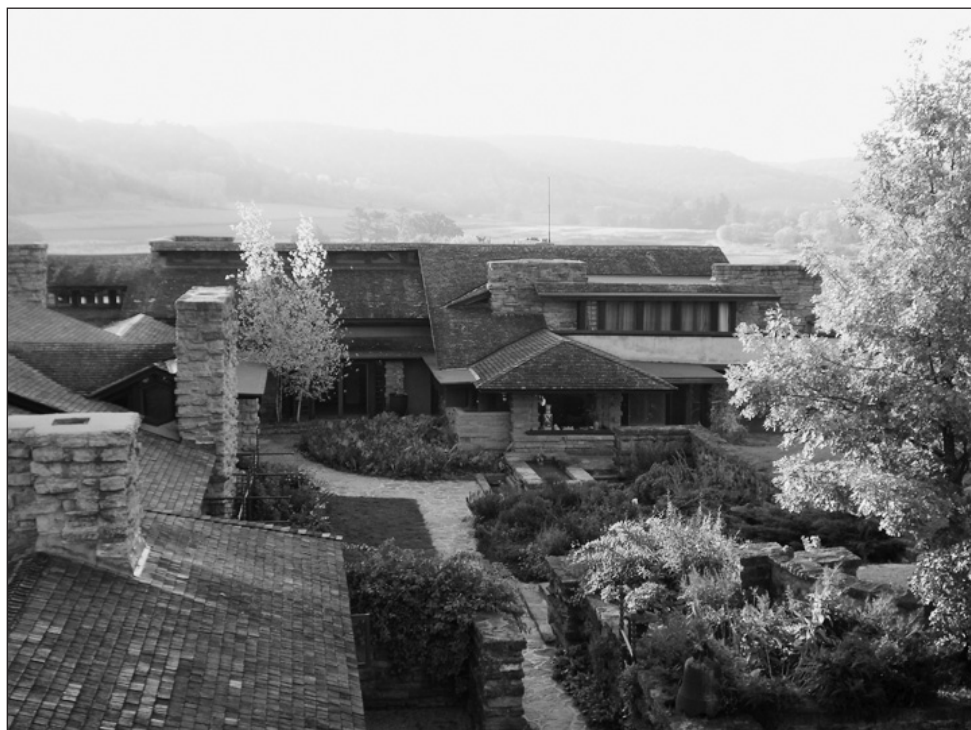

Mr. Hewson's presentation will highlight how horses were part of Wright's plans for Taliesin and a life-long hobby for the famed architect. The talk will begin with a brief history of the development of Taliesin and the buildings that comprise the Taliesin Estate, starting with the arrival of Wright's ancestors to the Wyoming Valley of Wisconsin, where Taliesin is located and concluding with Wright's death in 1959. Hewson will outline how horsepower shaped Taliesin and describe the various carriages that Wright owned. The presentation will conclude with an update on current preservation projects in progress at Taliesin as well as a brief question and answer session.

Wade House's second "Frank Lloyd Wright: A Wisconsin Original" lecture will take place on Saturday, April 15 at 1 p.m. Michael Ditmer, co-owner and manager of Still Bend, a 1940 Frank Lloyd Wright designed house in Two Rivers, Wisconsin. Through photos, Ditmer will describe the Bernard Schwartz House, Wright's built version of his Life Magazine "Dream House" design from 1938.

The "Frank Lloyd Wright: A Wisconsin Original" monthly speaker series will take place at the Wade House Visitor Center located at W7965 Hwy. 23 in Greenbush, WI, halfway between Sheboygan and Fond du Lac. Admission to each "Frank Lloyd Wright: A Wisconsin Original" lecture is complimentary. For more information, please visit our website at wadehouse.org or call 920-526-3271.

Ryan Hewson, Manager of Collections for the Frank Lloyd Wright Foundation, will provide a look at how horsepower shaped Taliesin as well as the various carriages that Wright owned.

Taliesin, Spring Green, WI. Taliesin was Wright's primary residence for 48 years from 1911 to 1959.

On the Lake, Paddock Club and Elkhart Inn. Quit Qui Oc will also participate by providing appetizers at the event.

Dr. Andrew Campbell, renowned plastic surgeon-and gourmet-returns as emcee of the event.

To add to the attraction of the event, Top Chef Elkhart Lake features a live and silent auction. Among the wide ranging selection of auction items are dinners at some of the featured restaurants, gourmet cookware, fine wines and chef-prepared dinners put together in the winning bidder's home kitchen.

For more information, or to place reservations for the event, contact event organizer Lynn Shovan, by phone at 920-207-4561 or email lynn@lakestreetcafe.com. Tickets can be purchased at Lake Street Cafe or through the MCCD website-

www.mccdcare.com-where additional information is available, tickets are \$75. Full tables and sponsorships can also be reserved through the website.

The Midwest Council for Children with Disabilities was founded in 1997 by a group of small business owners to provide financial assistance to children challenged physically, developmentally or cognitively.

MCCD provides families of these children the means to pursue medical treatments and therapies that are not covered by health insurance. The organization channels 100% of every dollar raised above costs of the event for the children. MCCD has no employees and no overhead, no director receives financial compensation, nor does any director have children in the program.

Chris Gebert, Paddock Club, earned the Judge's Choice award in 2016.

Spring Break Days at Camp Y-Koda

With spring in the air and summer on its way, Camp Y-Koda is ready to provide your children with opportunities to enjoy the outdoors. Send your kids to Camp Y-Koda for Spring Break Camp where they will get to enjoy a taste of Summer Camp a few months early. You can sign your child up for just one day or a whole week of fun from March 27-31. Camp runs from 8:30 a.m.-4 p.m. each day for kids ages 4-12, with extended care and busing available for your convenience.

Each day of Spring Break Day Camp will be packed full of traditional camp activities like archery, BB gun, survival skills, nature hikes, Ga Ga Ball, Capture the Flag, arts and crafts and more. Camp also includes educational programs, including learning about local animals like birds, mammals, frogs and snakes, and each day campers participate in Camp Readers to strengthen their reading skills. If weather allows, we will even open up the boathouse and take the kayaks, canoes and rowboats out on the pond for the first time of the year.

If you're thinking about signing your child up for Summer Camp for the first time, Spring Break Camp is a great opportunity for your child to give it a try. Of course, it is also perfect for those who are familiar with camp and just can't wait for summer to start.

Camp Y-Koda has recently released the 2017 Summer Camp Brochure, and camps are filling up fast. Now is the time to take advantage of the Early Bird Special and save 10 percent on Summer Camp when you register your camper for two or more weeks by April 1.

A variety of camps are offered at both Camp Y-Koda and Maywood over the course of summer that will captivate the interests of children from ages 4-16 and allow them to reconnect with nature. Traditional Day Camps are offered each week, a variety of Specialty Camps focus on a specific theme or skill and the Pee Wee and Eco-Buds programs are perfect for the youngest campers. For the oldest campers who are seeking even more of an adventure, off-site adventure trips provide an incredible experience.

All Summer Camp staff members are certified in Life guarding, First Aid and CPR for the Professional Rescuer and undergo intensive training to keep your kids safe. Transportation and extended care are offered to make getting your kids to camp easy and you can even claim camp as childcare on your tax returns. Camp Y-Koda has been a YMCA Camp since 1969 and is a State of Wisconsin Licensed Day Camp.

Camp Y-Koda is a great place to spend this spring and summer having fun playing outdoors and making new friends. Pre-registration is required for Spring Break Camp and Summer Camp.

To register or learn more, visit the Sheboygan or Sheboygan Falls YMCA, www.campykoda.org, or call 920-467-6882.

Bringing comfort no matter the season

By Mike Mathes

for the Depot Dispatch

For the past 12 years, Four Seasons comfort has been providing heating and cooling solutions for the Sheboygan County area.

A new member of the Elkhart Lake Chamber of Commerce, Four Seasons Comfort expanded its original location in Sheboygan by opening a Plymouth site in 2015. Partners Jeremy Lensmire and Mike Pelzel saw the opportunity to extend their business base while following the company's mantra.

"We remain a smaller company that wants to give a good product for a good, honest price," Lensmire said.

That philosophy has offered the company an opportunity to grow steadily over its 12-year history.

The bulk of the work done by Four Seasons Comfort falls into the residential and light commercial realms. The company serves customers in a range beyond the Sheboygan County line into neighboring communities like Kiel, New Holstein and even as far away as Port Washington.

Install, maintain, repair

Four Seasons Comfort supports private residences and commercial businesses by installing, maintaining, and repairing heating and cooling systems.

The company is experienced in every aspect of:

- Furnaces/Forced air systems
- Boilers
- Air conditioning systems

Two of the main brands offered for new equipment are Bryant and Trane. Trane has been a mainstay brand throughout the 12 years for Four Seasons Comfort. Four Seasons brought the Bryant line on board in 2015.

Scheduled maintenance

The manufacturer of your heating and/or cooling equipment has guidelines for the type and frequency of recommended preventative maintenance. Four Seasons Comfort have full access to those specifications, from all manufacturers. Four Seasons will work with you to set a schedule that will keep your equipment running properly, and avoid costly repairs that are entirely preventable.

Partners Jeremy Lensmire and Mike Pelzel offer customers solutions for heating and air conditioning through their business, Four Seasons Comfort.

Handling emergencies

We all like to be able to plan ahead. But an emergency breakdown doesn't announce itself ahead of time.

When an emergency breakdown does occur, Four Seasons has the equipment, spare parts, and expertise to address your problem, and it's all ready to roll your way at any hour.

From experience, Four Seasons Comfort offers the know how to work through emergencies, "We know what's likely to fail and can typically fix it right away. If it's a part we need to order, we'll get it fast, because we're in direct touch with all the manufacturers and parts warehouses, who also have emergency service.

For emergency, 24/7 service, please call Four Seasons Comfort at (920) 565-2095.

Community presence

Jeremy, Mike, and the Four Seasons

Comfort team have supported numerous community organizations throughout the years by offering financial support, volunteering time, and being involved in coaching of youth athletics. They take pride on being able to give back to local communities that have been so supportive of their business family. For years, Four Seasons has taken part in Habitat for Humanity efforts, donating both time and equipment to the efforts to construct housing for those in need.

Also, Four Seasons Comfort has been a strong supporter of education. The company is in its fifth year of supporting Sheboygan South and North High Schools with their home building projects.

"We believe in supporting the young people who are learning to be involved in the trades," Lensmire said.

Supporting community heroes

Last year, for the first time, Four Sea-

sons Comfort participated in a Bryant-sponsored Salute to Community Heroes program.

The partnership offered a newly installed furnace to a hero determined through a local nominating process.

Among four nominees, Linda Wieck, of Plymouth was honored as the first community hero by Four Seasons Comfort/Bryant. Wieck has been a key organizer of the camouflage quilt project that has made more than 25,000 quilts for US service men and women, and more recently for veterans who reside in nursing homes, assisted living, home bound or hospice situations.

In addition to the Elkhart Lake Chamber of Commerce, Four Seasons Comfort is also a member of the Plymouth and Sheboygan Chambers of Commerce.

THE FACES OF SCHNEE DAYS

Young faces. Older faces. Friendly faces. Talented faces. These are some of the faces that offered their presence to the exciting events of the weekend. From ice cube hunting, to kite flying, to the talent show, to the Schneelauf and Chili Cook Off, the community got out and embraced Wisconsin's winter with a commitment to have a great time.

Thanks to all who participated!

PAC hosts classes with Mulholland

Kathleen Mulholland will share her life-long experience to every person that participates in the classes she'll be offering this spring at the Plymouth Arts Center. Kathleen received her BFA in art from the University of Florida, and MA in art and art education from the University of Central Florida.

She has spent a lifetime teaching at all grade levels and painting in many mediums. Her batik and dyed scarves are featured in the gift shop, along with a sampling of her images on cards.

She has received awards from coast to coast, and has now settled back in the area where she was raised.

"Shapes, forms, and colors, from nature ground the viewer with substance, then encourage a drifting off into a mysterious imaginative worth. One cannot view Kathleen Mulholland's watercolors without feeling a sense of much more than what first appears on paper," one reviewer said.

Registration for these class is now open online, by phone or stop by the Plymouth Arts Center to sign-up.

KATHLEEN MULHOLLAND CLASSES

Silk Scarf Batik

Using hot and cold wax methods transform a 60" silk scarf into a beautiful wearable work of art as Kathleen walks you through the techniques of Batik dyeing.

Date: Saturday, March 18
Time: 9:00-12:00

Class Participant Fee: \$45-Member (\$55-Non-Member) + \$15 Material.

Please bring material fee to class. Adults.

Novice Watercolor

In this one-day intensive workshop, you can learn the basics of watercolor and how to feel confident and comfortable with this loose and free style of painting. This class is for the beginner. The instructor will supply the paper, paint, and brushes, everything you need to get started in your exploration of watercolor! Bring a bag lunch and your creativity!

Date: Saturday, March 11
Time: 9:00-3:00

Class Participant Fee: \$55 Member (\$65 Non-Member) + \$15 Material Fee

Please bring material fee to class. Adults.

Spring Watercolor

Wonderful Spring is ahead! Time to smell and paint the flowers and other joys of the season. If winter has made you a bit uptight, then it is time to enjoy watercolor again with this loose and free style of painting. You can use this method as a starting point, then add your personal style. Beginners are definitely welcome. A supply list is available upon request.

Dates: March 23, 30, April 6, 13, 20, 27
Time: 12:30-3:30

Class Participant Fee: \$85 Member (\$95 Non-Member) + \$15 Material

Adults.

Kathleen Mulholland will share her life-long experience to every person that participates in the classes she'll be offering this spring at the Plymouth Arts Center.

Robin Hood, sort of, on stage

The weekend of March 3-5, Elkhart Lake-Glenbeulah High School Drama will present a comedy by Pat Cook, "The Legend of Robin Hood...Sort Of."

The production is directed by Kerrylynn Kraemer and Bill Johnston.

Performances are Friday and Saturday 7:30 p.m. and Sunday 2:30 p.m. Tickets in advance: \$3 student; \$5 adult and at the door \$5 student; \$8 adult. Tickets are available at the Elkhart Lake-Glenbeulah High School office or call (920) 876-3381.

Cast members include Max Borland, Leah Hetzel, Ethan Heier, Conor Kahlhammer, Kylie Kaczor, Alxis Miller, Emma Mrozinsky, Andrew Sitko, Paige Ward and Patrick Ward.

The story of Robin Hood as retold by Friar Tuck. Robin Hood falls in love with the beautiful Maid Marion but the Sheriff of Nottingham wants Maid Marion all to himself and devises a plan to get rid of him. Robin teams up with Little John and, with the aid of his band of Merry Men, he

robs the rich and gives to the poor. However, no men signed up, only women, so they came to be known as Robin and his band of Minute Maids. Throw in a deceitful, rhyming witch named Witch Waye and a southern speaking King John and things get really interesting.

Tax districts pay dividends

Tax Incremental Districts

Last month I promised some information on our Tax Increment Districts (TID). TIDs are a vehicle used under Wisconsin State Statute to promote growth in a Village or City. The test for qualifying a project for a TID is if the project would not happen without it.

Elkhart Lake has created four TIDs. The development that has occurred would not have happened without creating the TIDs. Basically, when a TID is created, all of the tax dollars paid by that new project goes into a TID fund. These are tax dollars collected from the village, school district, county, state and LTC. The taxes paid are used to pay debt associated with the project. It is our hope that at the end of the TID that there is additional dollars to fix and replace infrastructure. After the TID is closed the taxes go back to the other taxing jurisdictions and our general fund. Generally the TID closing results in a windfall and a lower tax rate.

TID #1 involved the original Osthoff Resort project and was successful as was designed. It paid for a great deal of infrastructure that saved the taxpayer from assuming the burden.

TID #2: Accomplishments to date - Sargento & Victory

This TID assisted with the expansion of Sargento. It will add to the Village tax base, more than double jobs at this location, and add to general economic activity in the Village.

It has already helped pay for improvements to several streets (Lake, Garfield, Osthoff) as well as some utility costs. The overall benefit is that those projects don't need to be levied (which keeps taxes lower) or impact the budgets of the utilities.

This TID also helped initiate the development of the Victory South area, including Throttlestop and Compassionate Care Animal Clinic. It also helped finance the cost of Victory Lane, new water, sewer, storm water lines in the Victory South area.

Financially the projections for this TID appear strong. Assuming a total valuation of \$6,500,000 from Sargento and \$2,750,000 from Victory South the

TID will have approximately \$360,000 in positive increment available by the end of the TID's life. Additional development will increase that amount. Victory North could provide up to \$19,000,000 in assessed value to this TID.

TID 3: Accomplishment to date - Osthoff Convention Center

This TID assisted with the expansion of Osthoff Resort by allowing for additional and larger conferences (tax base, jobs, tourism, and general economic activity to the Village).

This TID has helped pay for improvements to several streets (Lake and Osthoff). Again, the overall benefit is that these street projects do not need to be levied which keeps taxes lower.

Financially this TID is also in a strong position. Assuming no increases or decreases in valuation, this TID will have approximately \$270K in positive increment available by the end of the TID's life.

TID 4: Accomplishment to date - Wolf Motorsports & Villas

This TID assisted with the creation of the Wolf Motorsports Villas and Shop. This project has increased the Village's tax base, increased tourism, and provided general economic activity to the Village.

This TID has helped to pay for improvements to serve that development, including the water and sewer.

Financially this TID may be in the strongest position. Assuming no increase or decrease in valuation and a final build-out value of \$10,000,000, this TID will have approximately \$2,000,000 in positive increment available by the end of the TID's life.

Conservatively speaking, these three TIDs will produce \$2,630,000 in excess increment to use on village projects.

Possible TID Projects

Some possible projects that are being contemplated through the TIDs are:

- Bury power lines along Pine Street.
- Update and fix the Depot.
- Build path from Wolf Motorsports (Badger Rd) to the village.
- Extend sidewalk on Hickory Lane to

Highway 67.

- Other Miscellaneous street and infrastructure projects.

If you have questions about our TIDs please call me at 920-946-1844 or email me at arudnick@elkhartlakewi.gov.

Change in Garbage Pickup Date

As a reminder, Advanced Disposal had requested that the Village move the garbage pickup day to Mondays. They indicated that they are reorganizing their pickup schedule in Sheboygan County. The Village Board agreed to move the date to Monday. This started in January, 2017. As a reminder, garbage collection occurs every Monday except when it is moved due to holidays falling on the Monday. Below are the dates of garbage pickup when a holiday falls on a Monday:

- Memorial Day - Tuesday, May 30, 2017
- Labor Day - Tuesday, September 5, 2017
- Christmas Day - Tuesday, December 26, 2017
- New Year's Day - Tuesday, January 2, 2018

Building & Shoreland Permits

The Village is experiencing an increase in new construction. It is a reminder that residents and businesses need to have building and shoreland permits for any work they may do. This includes any tree trimming or removal on any properties bordering the lake. It is always best to contact the Village at 876-2122 before starting any project to see if it requires a Village permit.

Winter Parking Rules

All Night Parking Regulated.

6.04(2) (a) No parking of any motor vehicle shall be permitted on either side of any Village street or in the parking lot north of Square Street or the parking lot on North East Street between the hours of 2:00 o'clock A.M. and 6:00 o'clock A.M. commencing the fifteenth (15th) day of November and ending on the first (1st) day of April of every year.

(b) Any vehicle parked in violation of the provisions of this ordinance shall be removed from the streets and stored, and

such removal and storage shall be at the expense of the owner of said vehicle.

Vehicles violating this ordinance will be ticketed.

Snow Removal

Ordinance 10.03 Removing Snow from Sidewalks: residents must clean snow and ice from sidewalks within 14 hours of any snowfall in a 24-hour period.

Snow cannot be blown or plowed onto Village Streets. Residents must also shovel out any hydrants near their home. As in past years, you will not be notified that snow needs to be removed. If you have not shoveled in the prescribed time, the village will shovel your walk and bill the property owner. Also, the entire sidewalk must be shoveled. A path is not sufficient and you will be in violation.

Auto Pay Your Water Bill

The Village of Elkhart Lake accepts Automatic Clearing House (ACH) payments for your water/sewer bills. If you are interested in having your water/sewer bill automatically debited from your bank account, please contact the Village at 920-876-2122 or email clerk@elkhartlakewi.gov and we will work to set you up on the program.

Email Notification List

The Village would like to keep you informed of news and changes that may occur on occasion. We would like your email address. These will be kept confidential. We will remind you of changes in the garbage collection schedule and any other things that come up periodically.

Email Jessica Reilly at jreilly@elkhartlakewi.gov to be added to the list.

Alan Rudnick
Village President

Career Day shows options for students

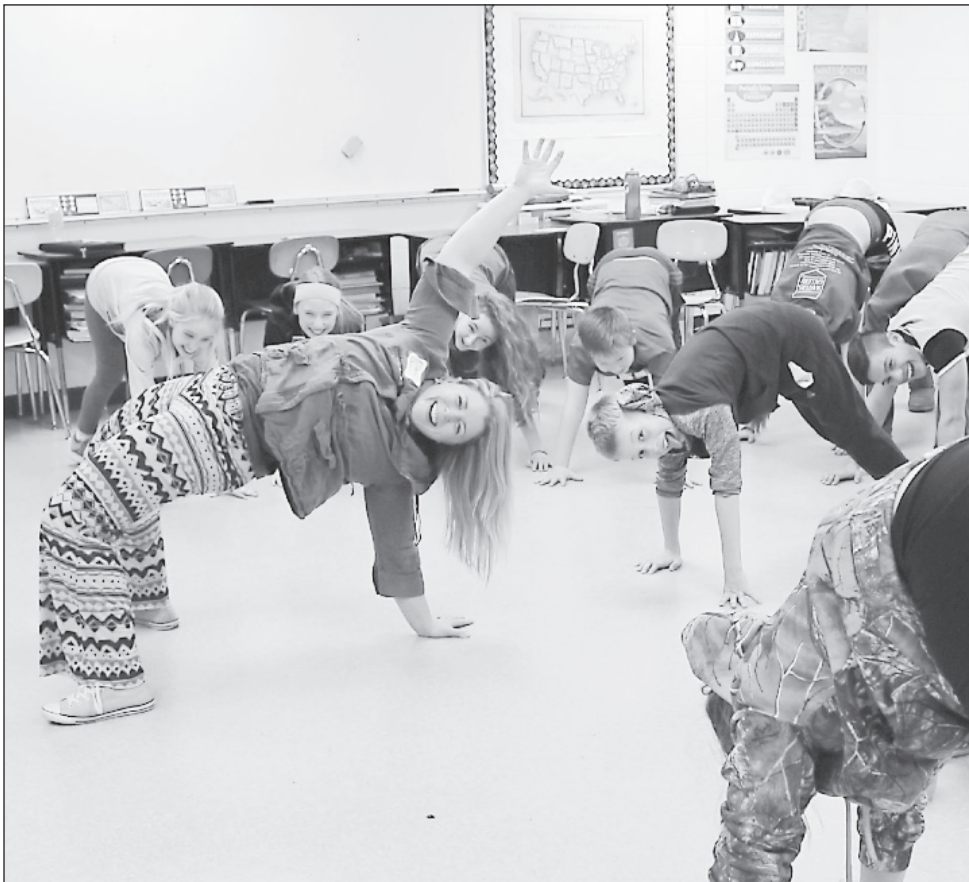

On Career Day, Friday, Feb. 10 students had the opportunity to learn about various careers including small business, construction, hospitality, arts management, manufacturing, engineering, social work, and video game design.

Students enjoyed interacting with the volunteers and learning about the many aspects of their professions.

Over half the presenters were alumni from Elkhart Lake-Glenbeulah School District.

Dr. Andrew Williams, an Assistant Professor of Art (Media) History at the University of Wisconsin- Stout, speaking with students through video conferencing about the video game design industry.

Ellen Dupuy, a small business owner of Soel Fitness, having students participate in a Yoga instruction.

Brenda Johnston, an Assistant Professor of Art Management at Butler University.

Classical Mystery Tour comes to Weill Center

What would The Beatles have sounded like if they had the chance to perform live in concert with a symphony orchestra?

Find out when James Owen presents Classical Mystery Tour: A Tribute to the Beatles performs live with the Sheboygan Symphony Orchestra, with Kevin McMahon, Music Director and Conductor on Saturday, June 17 at the Stefanie H. Weill Center for the Performing Arts at 7 p.m.

The four musicians in Classical Mystery Tour look and sound just like The Beatles, but Classical Mystery Tour is more than just a rock concert. The show presents more than two-dozen Beatles tunes performed exactly as they were originally recorded. Hear "Penny Lane" with a live trumpet section, experience the beauty of "Yesterday" with an acoustic guitar and string quartet, enjoy the classical/rock blend on "I Am the Walrus," and relish the cascading crescendos on "A Day in the Life."

From early Beatles music on through the solo years, Classical Mystery Tour is the best of The Beatles like you've never heard them before. You might say it's the best show the Beatles never did!

Tickets can be purchased in person at 826 N 8th Street, Sheboygan or phone at 208-3243 or online at www.weillcenter.com. Ticket office hours are 9 a.m. to 5 p.m. weekdays. The ticket office will also be open two hours prior to the start of show. For more information, contact the Sheboygan Symphony Orchestra office at (920) 452-1985.

This is a fundraiser for the Sheboygan Symphony Orchestra. Purchase your tickets as soon as possible.

About Classical Mystery Tour

Since its initial show at the Orange County Performing Arts Center (now

renamed the Segerstrom Center for the Arts) in 1996, Classical Mystery Tour has performed with more than 100 orchestras across the United States and around the world, receiving accolades from fans and the media.

The Los Angeles Times called the show "more than just an incredible simulation... the swelling strings and soaring French horn lines gave the live performance a high goose-bump quotient...the crowd stood and bellowed for more."

"We really make an effort to sound exactly like the originals," explains James Owen, the founder of Classical Mystery Tour who also portrays John Lennon in the show. "The orchestra score is exact, right down to every note and instrument that was on the original recording. On 'Got to Get You Into My Life,' we have two tenor saxes and three trumpets. That's what it was written for, and that's what we use. And on 'A Day in the Life,' that final big orchestra crescendo sounds amazing when it's played live."

The release of The Beatles music on iTunes, plus the popularity of The Beatles Box Set and Beatles Rock Band, set off a new wave of Beatlemania and proved that The Beatles are more popular than ever. Because many Beatles fans never had the opportunity to experience a live Beatles show, Classical Mystery Tour offers that live experience—with a symphony orchestra.

"We have some real show-stopping numbers," says Owen. "I wish I could actually be in the audience to see and hear this show, because the power of the emotional and nostalgic connection this music has with audiences is hard to put into words."

Elkhart Lake-Glenbeulah Variety Show set for March

Enjoy an evening of music "Elkhart Variety Show" at Elkhart Lake-Glenbeulah High School Saturday and Sunday, March 18 and 19 at 6:30 p.m. in the Mauk Auditorium.

The audience will be entertained by numerous acts by the members of the ELGHS

Band and Choir. There will be activities for the kids, audience participation, and lots of snacks.

The event offers entertainment for the entire family. Tickets are \$5. For more information call (920) 876-3381.

WisconsinBankandTrust.com

**WISCONSIN
BANK & TRUST**

¹ Annual Percentage Yield (APY) is accurate as of 02/29/17. 1.51% APY applies to balances of \$0.01-\$20,000 and 0.01% APY to balances over \$20,000 if qualifications are met each monthly statement cycle. 0.01% APY applies to balances of \$0.01-\$20,000 and 0.11% APY to balances over \$20,000 if qualifications are met. The rates may change after the account is opened. To earn rewards, sign up for eStatements, use direct deposit and post 15 signature debit transactions within your monthly statement cycle. Limit one account per household in the bank's market area. Minimum \$25 to open. Fees may reduce earnings. ATM exchange fees of up to \$20 per monthly statement cycle will be refunded if reward requirements are met. Member FDIC.

Road America promotes leaders to vice president

Road America today announced it has promoted two leaders to Vice President, in recognition of their various achievements and roles in key business units. The promotions include: Michael Kertscher, Director of Business Services and Greg Wieser, Director of Operations.

“We have developed a very strong leadership team that has provided expertise and exponential results during a period of unique challenges and opportunities for our facility,” said George Bruggenthies, Road America’s president and general manager. “Both of these individuals have demonstrated success in driving key areas of Road America’s business and now become part of an overall leadership team that has us well positioned for the future.”

Michael Kertscher, Vice President, Business Development—Joining Road America in 2007, Kertscher began as Programs Manager overseeing the development of its group adventure programs, plus many

successful motorcycle and driving school programs. Kertscher was promoted to Director of Business Development in 2014 and took on added responsibility by overseeing track rentals and hospitality functions while driving partnership development to support Road America’s core event management initiatives.

Greg Wieser Vice President, Operations—After beginning his career at Road America on its maintenance team in ‘98, Wieser joined Road America full-time in 2000. Since then he has taken on greater roles in operations and facility management, which led to being promoted to Director of Operations in 2012. Wieser has coordinated operations at Road America in every level of racing and oversees the deployment of maintenance, emergency and security resources to support various event initiatives while managing various capital improvement projects at the facility.

Tegan named Student of Quarter

Congratulations to Abby Tegan, a fifth grader at Elkhart Lake- Glenbeulah Middle School, for being named Student of the Quarter!

Abby was nominated by fellow fifth grader, Ellison DeZwarte. Abby continually strives to do her best on her class work. Her hard work and determination is evident on a daily basis. Abby also demonstrates kindness to others. She goes out of her way to make sure other students are

included in activities. As Ellison stated on her nomination form, “She always puts her friends first.”

Congratulations to Abby on this outstanding achievement.

WISCONSIN'S
Elkhart Lake
 A legendary getaway

We like it here in Elkhart Lake!

MAYBE IT'S NOT ROCKET SCIENCE!

But for senior, Andrew Sitko, it's Systems Engineering.

Andrew chose a rather challenging path for his high school education. In preparation to being accepted at the Naval Academy, he elected to take college-level courses at EL-G including Physics, Calculus, AP Biology, and Psychology. Andrew also kept himself busy playing four high school sports, performing in school productions, and belonging to a variety of different clubs. And, at EL-G, he found the teachers and coaches who provided guidance and support to help him succeed both in and out of school—even assisting him with a school-based project to earn his Eagle Scout Award.

All of our students at EL-G are exposed to personalized opportunities to maximize their learning and development. We're the right size to recognize the individual student's needs and encourage academic, social and emotional growth. We can adapt to almost any challenge. Preparing someone to become a Systems Engineer doesn't have to be Rocket Science—if you really get to know the student.

If you want to find out more about how we customize education for every student at EL-G, please contact either principal, Debbie Hammann or Ryan Faris, to answer questions, schedule a personalized tour, or even to sit in on a class or two.
