THE HISTORY CHANNEL

• On March 23, 1839, the initials "O.K." are first published, in The Boston Morning Post. Meant as an abbreviation for "oll correct," a popular slang misspelling of "all correct," its popularity exploded when it was picked up by politicians.

• On March 21, 1871, journalist Henry Morton Stanley begins his search through Africa for missing British explorer Dr. David Livingstone, who had been gone for six years. Reaching Lake Tanganyika, Stanley spotted a white man in the crowd and famously asked, "Dr. Livingstone, I presume?"

• On March 25, 1933, President Herbert Hoover accepts the newly commissioned USS Sequoia as the official presidential yacht. The Sequoia would go on to serve eight U.S. presidents. Previously, the Department of Commerce had used it as a decoy to catch Prohibition lawbreakers.

• On March 22, 1947, in response to fears about communism in the United States, President Harry Truman issues an executive decree establishing a sweeping loyalty investigation of federal employees. Loyalty boards were to be set up in every department and agency of the federal government.

• On March 24, 1955, Tennessee Williams' play "Cat on a Hot Tin Roof" opens in New York. The play would win Williams his second Pulitzer Prize, following "A Streetcar Named Desire" in 1947.

• On March 26, 1987, responding to a 911 call, police raid the Philadelphia home of Gary Heidnik and find a veritable torture chamber where three women were chained to a sewer pipe. Heidnik helped inspire the Buffalo Bill character in Thomas Harris' "Silence of the Lambs."

• On March 20, 1995, several packages of deadly sarin gas are set off by the Aum Shinrikyo cult in the Tokyo subway system, killing 12 people and injuring over 5,000. Sarin originally was developed in 1938 in Germany as a pesticide.

SEWING PROJECT TO HELP FOSTER KIDS IN RI
Organizers of The Sewing Project to Help Foster Kids are looking for volunteers to sew kid-friendly pillowcase bags for foster children. When a child is taken from a home that has been deemed unsafe by DCYF (Dept. of Children, Youth & Families), the child may take only a small amount of toys, clothes, and personal belongings. Many times, DCYF workers just don't have enough suitcases to use, so when a child arrives at a Crisis Center, Group Home or Foster Home, many times they arrive with literally 1 or 2 large black trash bags full of personal items. Let's change that! This is an ongoing project. Work at your own pace. For more information, contact Hollie at 385-9876 or holliegal@verizon.net

HINTS FOR HOMEOWNERS

Tips To Help First-Time Homebuyers Create The Rooms Of Their Dreams

(NAPSA)—Decorating doesn't have to be confusing for first-time homebuyers. Starting with the basics and slowly adding small, decorative touches can help first-time homebuyers feel more at home. Here are some decorating tips:

Begin with a Budget
Allocate dollars for flooring, paint, furniture, decorative accessories and any additional items. Then make a list of "needs," such as a sofa and coffee table, and a list of "wants," such as a portable kitchen island or a plasma television.

Start with the Basics
Take inventory of furniture items that will make the move into the new home and those that will not. Select furniture to keep based on your new decorating style or start with a new sofa.

For example, La-Z-Boy offers something for every decorating taste, including the La-Z-Boy "Quinn" sofa, which features a contemporary look, and the elegant "Sheffield." This 11-piece sectional and sofa group allows for a multitude of configurations that can be customized to fit any room.

For those facing space challenges, look for furnishings that combine fashion with function. A sleep sofa, for instance, performs double duty, turning a den into an instant guest room when out-of-town guests arrive. Likewise, a storage ottoman such as the La-Z-Boy "Cory" can double as a cocktail table, while hiding magazines, toys and DVDs.

Plan Ahead
Before making furniture purchases, plan the layout of the room. First-time buyers may have a hard time visualizing how their favorite chair and new sofa group will all fit together in the same space. That's why lazboy.com offers two-dimensional room-planning technology that lets visitors create and view their own room layouts on the computer screen.

Also, for those working with an existing color scheme, many La-Z-Boy Furniture Galleries offer Kaleidoscope, which works with customers to select fabrics that will coordinate with existing colors or create a room with inspiration from a favorite accessory.

Shoppers simply bring the item of their choice to a participating store to be scanned.

The color-matching system compares the color of the item with more than 1,000 textiles in the line and recommends base or accent fabrics that either match or coordinate with the scanned accessory.

Add a Touch of Color
Once furniture fabrics are selected, homeowners can start building a color scheme. Take the color selected for your sofa and pick two complementary colors and repeat each color a minimum of three times throughout the room in wall coverings, pillows, rugs, window treatments and accessories. This will help tie all items in the room together.

Get Personal
It's time to accessorize. Use a wedding photo album as a coffee-table book, frame pictures of family and friends or display shells and rocks collected on vacation to make the home more warm and welcoming.

Personal touches are what truly transform a house into a home. And if first-time homeowners still feel that all hope is lost, the galleries also offer free in-home design assistance to help pull it all together.

DRIVERS: Getting Home is Easier. Nice Pay Package. BCBS + other benefits. Monthly Bonuses. No-Touch. Chromed out Trucks w/APU's. CDL-A. 1-855-200-4631.

Hints For Homemakers

Stop Roof Streaks
(NAPSA)—If you ever see black or other colored streaks on your roof, your problem is more than looks—but it can be resolved.

What It Is
Those streaks come from vegetation eating the mineral content of your shingles. The vegetation is literally eating your roof for lunch. Not taken care of, it will shorten the life of your roof dramatically.

What To Do
Fortunately, there are inexpensive, easy-to-apply cleaners that can remove this unwanted vegetation. They come in concentrate and are diluted to the desired strength. The diluted solution is placed in a garden-type sprayer and applied to the roof, and in a half hour or less you rinse it off and the stains are gone. These cleaners contain no chlorine bleach. There's no threat to your perimeter plantings. Two of the more popular such cleaners are Shingle Shield and Stainhandler.

Learn More
You can get all the details on these cleaners at www.stainhandler.com, (800) 942-3004 and www.shingleshield.com, (888) 724-6426.

HINTS FOR HOMEOWNERS

The Value Of Your Home Is Paved With Curb Appeal

(NAPSA)—In today's challenging real estate market, homeowners are realizing how important that first look is when a prospective buyer visits their home. That's why landscaping and driveways have become as important a feature as a new kitchen.

Driveways and front walkways are the first things a prospective buyer sees. An impressive driveway usually indicates how well a home is maintained. Driveways that use pavers provide a low-maintenance surface that also provides a friendly "welcome mat" to neighbors and visitors.

Walkways and driveways not only lend more grace to an entrance, they can improve your home's curb appeal.

An increasingly popular driveway design choice is also a practical one: concrete pavers.

Pavers can be snowplowed. Some projects use heated walks and driveways to eliminate snowplowing, as the pipes placed under pavers circulate hot water to warm the pavers and melt snow.

Cost Is Recouped
Real estate experts say it's easy to recoup the cost of a driveway upgrade. In fact, your return on investment may double when you sell the house.

In warmer climates, using lighter-colored pavers results in a cooler surface for bare feet on patios and pool decks.

Pavers are available in a variety of colors, shapes and laying patterns that can match any architectural style—from colonial to Mediterranean to modern.

Homeowners often use lighting right in the surface of a driveway or walkway, with paver-shaped fixtures that fit into the paving pattern to guide users and create a warm mood.

Inexpensive Room Addition
Further good news is that patios—as outdoor living spaces—are an inexpensive room addition that increases the value of a home. A well-designed patio of interlocking concrete pavements not only provides extra entertaining space, it enhances the character of your home.

CLEAN UPS: Junk, brush, construction debris. Deliveries of Loam or Mulch. 368-9385.

• Have a squeaky door? Spray the hinge with cooking spray. Open and close the door a few times to work the spray into the hinge, and your squeak should disappear!

• "If you make your own pesto, try using pistachios instead of pine nuts. The result is amazing, and a slightly better nutritional profile, too." — T.D. in New York

• To clean terra cotta pots for new plants, follow these steps: Use a plastic brush to remove large dirt chunks and stuck-on materials. Soak pots in a 25 percent vinegar solution for 20 minutes. Scrub with a plastic scrubbie and rinse. If all deposits are gone, clean with soapy water and put out to dry. If not, resoak in vinegar. Happy planting!

• Keep baby occupied at the table with this parenting trick: Add a little poster paint or finger paint to a gallon size zipper-top baggie. Close tightly, removing all air from bag. Tape edges to the table with masking tape. Now Junior can make patterns in the paint, essentially mess-free painting.

• "Magazine holders, placed on their side, make an excellent and useful set of shelves in a traditional freezer. Who hasn't had the contents of their freezer tumble out because they removed something from the bottom of the pile? It's much easier with these 'shelves.'" — V.R. in Georgia

• If you spill glitter, don't panic! Using a small hand broom, sweep up as much as you can. Then, bust out your lint roller. It will pick up those stubborn pieces that stick to floors. For anything that's left over? Try enjoying the sparkle!

(NAPS)—Science, it seems, has good news for homemakers. It's now possible to own beautiful, stylish windows high in insulating value and low in maintenance costs. Possible only if the windows are made of vinyl.

Whether your decorating style is high tech or highly traditional, an energy-efficient vinyl window can provide a nice reflection on your good sense and good taste.

Today's vinyl windows come in multiple styles and colors to match just about any decorating style and taste. They never need painting, staining, or sanding and can be easily cleaned with soap and water.

Some high quality windows, like the Quantum2, come with a lifetime product warranty, a glass breakage warranty, and a 40 percent fuel savings pledge that guarantees to save you 40 percent on your annual fuel consumption.

Birding BITS BY Cindy Brook

Feeder Basics
Find a bird feeder that works for you. Make sure it's easy to clean. I like my large, open-tray feeder. I get lots of birds from warblers and titmice to blue jays and woodpeckers. Also, simply tossing seed on the ground near brush cover will bring songbirds to your yard. Enjoy!

Hints For The Home

Creating An Outdoor Sanctuary 

(NAPSA)—Be it a small urban terrace or a palatial deck, it's fun to turn an outside space into your own private sanctuary.

To help, lifestyle expert, HGTV personality and best-selling author Susie Coelho, who has a home collection on QVC, offers some tips:

- Re-create the comfort of an indoor retreat by using outdoor rugs, decorative outdoor pillows and colorful umbrellas. Stretch your dollar further by getting reversible pillows that have a print on one side and a solid on the other.
- Surround yourself with votives, sconces and candles. Hanging lanterns adds a colorful and festive touch.
- Adding the sound of running water with a water feature can turn any outdoor space into a peaceful sanctuary. Wall art pieces can add a great European feel to even the smallest of spaces.
- Create a fun and entertaining area with all the amenities. Fire pits are the chic version of sitting around the campfire. Add a bar, outdoor grill, plenty of seating and mood lighting with lanterns and votives to liven up the party.
- If you have the space, create an outdoor room with a portable pavilion. Fill it with all the comforts of home, like you would a living or dining room area. Add candles, magazines, throw pillows and lanterns. Drape an inexpensive gauze fabric over an umbrella or arch for a romantic feel.

For information on her *Susie Coelho At Home* collection, visit www.QVC.com or call (800) 345.1515.

Pets Help Forge Community Ties

DEAR PAW'S CORNER: I recently graduated from college and took a job in a brand-new city. The area is great, but I feel lonely most of the time and haven't really met anyone I can hang out with regularly. A colleague at work laughingly suggested that I get a dog. Although it was meant to be a joke, I'm kind of considering it. Should I get a dog, or is it a bad idea to have one in the city? — *Kurt H., Somerville, Massachusetts*

DEAR KURT: It sounds like a great option. Of course, as a pet-care adviser, I'm a little bit partial to the idea. But I also can tell you that pets not only enrich our lives, but enrich the lives of our neighbors in subtle ways, too. A new study reported in Scientific American found that people with pets are more likely to get to know other people in the neighborhood, and those relationships have more substance than casual "hellos."

List the pros and cons of owning a pet. Do you have the time to care for and train a dog? Do you have roommates, and are they OK with having a pet in your apartment? What additional costs are involved — food, veterinary care, licensing, training, apartment pet fees and so on? What size and breed of dog is best for your living space? Lifehacker has a very comprehensive guide to considering, deciding and then bringing a dog home.

Also, should you decide to get a dog, I hope you'll consider adopting from a local shelter. Many great dogs are waiting for just the right owner to find them.

Send your questions, tips or comments to ask@pawscorner.com.

ROAD TO SAFETY

Cars That Avoid Crashes
 (NAPSA)—Cars, trucks, buses and even bikes and motorcycles may soon be able to "talk" to each other to detect dangerous situations and help drivers avoid crashes before they happen.

"Connected vehicles will alert drivers if another vehicle is about to run the red light, when a car in their blind spot drifts too close for comfort, if there's a crash ahead or even if the next bridge is getting

By warning drivers about safety hazards, connected vehicles have the potential to save many thousands of lives each year.

icy," explained Scott Belcher, president and CEO of the Intelligent Transportation Society of America, who noted that vehicles can also be equipped with pre-emptive braking systems to help drivers slow down.

In addition, connected vehicles can provide real-time information and navigation to avoid traffic, find better routes, check transit schedules, locate and reserve a parking space and pay tolls.

To find more good ideas, the Research and Innovative Technology Administration launched the Connected Vehicle Technology Challenge, a national competition seeking ideas for ways to use connectivity between vehicles to make transportation safer, greener and easier. More at www.Challenge.gov and www.itsa.org.

Buying A Once-Wrecked Car

(NAPSA)—When it comes to used cars, safety is no accident. But an accident shouldn't keep you from buying a used car you love. In fact, you may drive away with a bargain.

The Problem
 There are plenty of previously damaged cars out there. In the U.S., car crashes happen about every 60 seconds—and one in six used cars being sold has been in an accident. The key is to know what you're buying.

Before buying a used car, check if any damage it sustained in an accident was properly repaired.

An Answer

You can start your used car search at the new Carfax.com. Every car for sale comes with a free Carfax Report that includes any reported accidents. It'll help you tell things like how severe the accident was, what areas of the car were damaged and if the air bags deployed. Next, get a mechanic to help you determine if the car was repaired properly.

Following these steps can help you find a swan where others see only an ugly duckling.

Learn More
 You can get more information and shop for great used cars at the new www.carfax.com.

Living Landscapes Matter

BEYOND CURB APPEAL

Why Living Landscapes Matter for Homeowners

It's no surprise that beautiful landscaping improves curb appeal and increases home value (by as much as 17%). But there are other benefits of living landscapes that smart buyers and sellers should know to protect their real estate investment and the environment.

HOW DO LAWNS BENEFIT HOMEOWNERS?

Improve Quality of Life
Without grass, your outdoor dining area, barbecue, fire pit and other outdoor living areas will be hotter and less enjoyable. Plus, greenspace reduces stress and makes kids smarter!

Produce Oxygen
Just 50 square feet of turfgrass produces enough oxygen to meet the daily needs of a family of four!

Combat Carbon
Turfgrass is the biggest carbon sink in the country and lawn sequester more carbon than it takes to maintain them!

Reduce Energy Costs
Planting the right living landscapes makes your home warmer in the winter and cooler in the summer!

YOU CAN STILL HAVE A YARD — YOU JUST HAVE TO CHOOSE WISELY

Choose the right plants
Select the right grass, shrubs, trees and plants for your climate zone and lifestyle.

Don't overwater
Less water makes grass grow deeper roots so it does a better job trapping carbon and releasing oxygen.

Brown happens
Grass will go dormant during a dry spell but will "green up" again when the rains return.

Diversify
Incorporate native plants with adaptive plants and grasses. Pollinator plants are good for local bees, butterflies, hummingbirds and more.

Irish Soda Bread

A rich and tender rustic Irish quick bread — the ideal dinner companion for corned beef.

- 1/4 cup sugar
- 1 tablespoon baking powder
- 1 teaspoon salt
- 1 teaspoon baking soda
- 4 cups plus 1/2 teaspoon all-purpose flour
- 6 tablespoons cold margarine or butter
- 1 cup golden or dark seedless raisins
- 1/2 cups buttermilk

1. Heat oven to 350 F. Grease large cookie sheet.
 2. In large bowl, combine sugar, baking powder, salt, baking soda and 4 cups flour. With pastry blender or 2 knives used scissor-fashion, cut in margarine or butter until mixture resembles coarse crumbs. With spoon, stir in raisins, then buttermilk just until evenly moistened.
 3. With floured hand, gently knead dough in bowl a few times until dough forms a ball (do not overmix, or bread will be tough). Place dough on cookie sheet; shape into a 7-inch round loaf (dough will not be smooth).
 4. Sprinkle loaf with remaining 1/2 teaspoon flour. With sharp knife, cut 4-inch-long cross, about 1/4-inch deep, on top of loaf. Bake loaf 1 hour or until toothpick inserted in center comes out clean. Cool on wire rack. Makes 12 servings.
- Each serving: About 275 calories, 6g total fat (1g saturated), 6g protein, 49g carbohydrates, 2g fiber, 1mg cholesterol, 485 mg sodium.

- 2 garlic cloves, crushed with side of chef's knife
- 2 bay leaves
- 1 tablespoon black peppercorns
- 1 corned beef brisket, flat (thin) cut (3 1/2 to 4 pounds)

- 1 pound carrots, cut into 2-inch pieces
- 1 small head green cabbage (about 1 1/2 pounds), cut into 8 wedges

1. In cheesecloth, wrap parsley, garlic, bay leaves and peppercorns; tie with string and place in bottom of 5 1/2- to 6-quart slow cooker. Add corned beef; top with potatoes and carrots. Pour in enough water to cover meat. Place cabbage on top. Cover slow cooker with lid and cook on low setting 10 to 12 hours or until beef is very tender.

2. To serve, thinly slice corned beef across the grain; transfer to warm large platter with vegetables. Makes 8 main-dish servings.

Salome's Stars

ARIES (March 21 to April 19) This is a good time to reassess important relationships, both personal and professional, to see where problems might exist and how they can be overcome. Keep communication lines open.

TAURUS (April 20 to May 20) It's not easy to bring order to a chaotic situation, whether it's in the workplace or at home. But if anyone can do it, you can. A pleasant surprise awaits you by week's end.

GEMINI (May 21 to June 20) Be careful that you don't make an upcoming decision solely on the word of those who might have their own reasons for wanting you to act as they suggest. Check things out for yourself.

CANCER (June 21 to July 22) A personal relationship that seems to be going nowhere could be restarted once you know why it stalled. An honest discussion could result in some surprising revelations.

LEO (July 23 to August 22) That unexpected attack of self-doubt could be a way of warning yourself to go slow before making a career-changing decision. Take more time to do a closer study of the facts.

VIRGO (August 23 to September 22) A workplace problem needs your attention, now, before it deteriorates to a point beyond repair. A trusted third party could be helpful in closing the gaps that have opened.

LIBRA (September 23 to October 22) A recent family situation could give rise to a new problem. Keep an open mind and avoid making judgments about anyone's motives until all the facts are in.

SCORPIO (October 23 to November 21) Rely on your always-sharp intuition to alert you to potential problems with someone's attempt to explain away the circumstances behind a puzzling incident.

SAGITTARIUS (November 22 to December 21) Although you still need to do some snipping of those lingering loose ends from a past project, you can begin moving on to something else.

CAPRICORN (December 22 to January 19) With your self-confidence levels rising, you should feel quite comfortable with agreeing to take on a possibly troublesome, but potentially well-rewarded, situation.

AQUARIUS (January 20 to February 18) Travel is favored, both for business and for fun. The end of the week brings news about an upcoming project that could lead toward that promised career change.

PISCES (February 19 to March 20) You might feel suddenly overwhelmed by a flood of responsibilities. But if you deal with each one in its turn, you'll soon be able to hold your head above water and move on.

BORN THIS WEEK: You have a wonderful way of offering comfort as well as guidance. You would do well in the healing arts.

Prayer to St. Jude
Most holy Apostle, St. Jude, faithful servant and friend of Jesus, the church honors and invokes you universally, as the patron of hopeless cases, of things almost despaired of. Pray for me, I am so helpless and alone. Make use, I implore you, of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to my assistance in this great need that I may receive the consolation and help of heaven in all my necessities, tribulations, and sufferings, particularly (your request) and that I may praise God with you and all the elect forever. I promise, O blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you. Amen.
