#### **BUSINESS IMPROVEMENT DISTRICTS**

One of my goals from day one as your Council Member has been to foster a better business environment in our community. When local businesses thrive, the community thrives. To that effect, I've spearheaded the creation of a number of Business Improvement Districts. BID's are public-private partnerships that improve the quality of a commercial corridor. They provide resources for additional cleaning and security. They usually sponsor events for the community to enjoy. The Westchester Square BID has been a prime example for the potential these BID's have. The Morris Park BID has just "gone over the top" in terms of property owner support. A BID must have the support of 50% of the business on a commercial corridor. I'm thrilled that Morris Park met that standard and now is in the final stages of becoming an official BID. There has been a similar effort for East Tremont in Throggs Neck. I hope that the business/property owners in the community will do the right thing and get this BID off the ground.
