**Asparagus With Lemon Cream**

Serve as part of a brunch spread or as a side.

- Salt
- Pepper
- 2 pounds asparagus
- 1 lemon
- 1/2 cup sour cream
- 2 tablespoons heavy cream
- 1 tablespoon snipped fresh chives

1. Heat large covered saucepot of water to boiling on high. Fill large bowl with ice and water.
  2. Add 1 teaspoon salt, then asparagus, to boiling water. Cook, uncovered, 4 minutes or until bright green and a knife pierces easily through stalks. With tongs, transfer directly to bowl of ice water. When asparagus is cool, drain well; roll between paper towels to dry completely. Asparagus can be refrigerated in airtight container or resealable plastic bag up to overnight.
  3. From lemon, grate 1 teaspoon peel and squeeze 2 tablespoons juice into small bowl. Whisk in sour cream, heavy cream and 1/4 teaspoon each salt and freshly ground black pepper. Sauce can be refrigerated in airtight container up to 3 days.
  4. Spoon sauce over asparagus and garnish with chives. Makes 6 servings.

**ARIES** (March 21 to April 19) Put your restlessness to good use by indulging the Arian love of exploring new places and seeking new challenges. There also could be a new romance waiting to be "discovered."  
**TAURUS** (April 20 to May 20) A surprise message from someone in your past could lead to a long-awaited reunion with a once-close friend. Also, look for a workplace problem to be resolved in your favor.  
**GEMINI** (May 21 to June 20) Your self-confidence is rising, and that should be a significant factor in helping you adjust to a new social situation, as well as adjusting to a series of changes in the workplace.  
**CANCER** (June 21 to July 22) Turnabout could be lots of fun when someone who previously accepted your tender, loving care without question now suggests that he or she wants to start taking care of you.  
**LEO** (July 23 to August 22) Put the lessons you learned from past disappointments to work in planning your future. The way ahead opens to opportunities "purrfectly" suited to the adventurous Lion.  
**VIRGO** (August 23 to September 22) This is a good time to renew contacts with family members and/or old friends who somehow slipped off your personal viewing screen in recent years. Travel also is favored.

**LIBRA** (September 23 to October 22) Most problems surrounding the recent personal situation have been resolved, and that means you should move on to other things that are important to you.  
**SCORPIO** (October 23 to November 21) Spend this weekend recharging your physical and spiritual energies. When you return to your workaday world, you'll be ready to take on that new project.  
**SAGITTARIUS** (November 22 to December 21) Be careful how you advise a troubled friend. Even your wise counsel could be misunderstood. Better to suggest that he or she seek professional help.  
**CAPRICORN** (December 22 to January 19) Family problems once again dominate and, once again, everyone seeks your guidance in these matters. Later, you can indulge in some much-needed relaxation.  
**AQUARIUS** (January 20 to February 18) Some mixed signals create confusion in the workplace. Best advice: Ask for explanations before you attempt to deal with any of these matters on your own.  
**PISCES** (February 19 to March 20) A patch of roiling water in the workplace could be threatening, but stay the course and you'll soon be clear of it. Then go out and have a great time with loved ones.  
**BORN THIS WEEK:** Your extraordinary leadership qualities mark you as someone people can turn to for guidance in difficult situations.

**Q.** Last year I saw a movie on cable that starred Jewel, the singer, and she solved a murder mystery. It was based on a book series, so I was wondering if they were planning to make the movies into a series. — *Lyla F., via email*

Jewel  
Ryan Plummer

**A.** You are talking about Hallmark Movies and Mysteries' "Fixer Upper Mysteries," which are based on best-selling author Kate Carlisle's book series. I am happy to report that because of record-breaking viewing numbers, there will be more installments coming your way. The second movie is "Concrete Evidence: A Fixer Upper Mystery," and it premieres Sunday, April 2, at 9 p.m. ET/PT. I spoke with Jewel recently about the series, and she is thrilled to return to the role of Shannon Hughes.

"Shannon is a woman who once didn't trust her intuition, and it cost her very dearly with her mother, and she made a promise to herself to never ignore her intuition again. And her fight is really every woman's fight, every human's right, which is to speak up for your inner 'knowing' and what you know is right and act on that. It was so synergistic with the platform that I'm building (with jewelneverbroken.com), and getting to act a character who's actually trying to live the same thing was a real fun opportunity."

Jewel also sees parallels between acting and being a singer/songwriter/poet: "While there are definitely different aspects of the craft, the way I find my way into it is pretty similar. I wasn't formally taught music; I taught myself guitar, and you teach yourself songwriting — same thing with poetry. I've always had an intuitive sense of looking inward, which came from my mindfulness practice and meditating from such a young age, and being curious and reading a lot. I was able to look inward to find my own authentic way. If you're willing to sit in the silence, you're going to find originality. I use my same skill set for looking inward and trusting my instincts."

**Q.** Do you know when "Game of Thrones" will be back? Usually it's around April or May, but I haven't heard anything. — *George A. in Rhode Island*

**A.** HBO has pushed back the premiere a few months. While there is not an exact date as of this writing, word has it that season seven will premiere in July. Don't forget, season seven will have only seven episodes, with the eighth and final season rumored to have just six.

**Q.** A few months back, I heard about a new Bill Nye science show. Can you give me any more information on that? — *Kelli T., via email*

**A.** "Bill Nye Saves the World" drops April 21 on Netflix. Each episode will tackle a topic from a scientific point of view, dispelling myths and refuting anti-scientific claims that may be espoused by politicians, religious leaders or titans of industry.

### "Miss Pepper" Happy Birthday!

Miss Pepper is a rescue who is celebrating her 8th birthday this week, March 23rd. She has become part of the family and her all-time favorite thing to do is sit on her throne made of pillows and keep her family company while she does her surveillance from her perch. A few of her other favorite things to do are enjoy days of beauty and taking car rides to Job Lot. Anytime you're having a bad day all you need is a couple minutes of cuddle time with this little angel to make you feel better.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

**Birdbath Basics**  
 Birds need fresh, clean water on a daily basis. Maintaining a birdbath is easy, especially if it's plastic or glass and not cement. A nylon scrubbie can be used to get rid of algae -- you don't need chemicals! I have four birdbaths and they all get used. Birds love water!

**Moments in time**  
 THE HISTORY CHANNEL

- On **March 31, 1492**, in Spain, a royal edict is issued by the nation's Catholic rulers declaring that all Jews who refuse to convert to Christianity will be expelled. Most Spanish Jews chose exile rather than renounce their religion and culture.
- On **March 27, 1905**, the high-profile murder of two London shopkeepers is solved using fingerprint evidence for the first time when a thumbprint found on the side of the cashbox was matched to one of the suspects.
- On **April 2, 1917**, President Woodrow Wilson asks Congress to send U.S. troops into battle against Germany in World War I. Four days later, Congress obliged. Wilson then signed the Selective Service Act, which required men between 21 and 35 years of age to register for the draft. The Army quickly grew from 200,000 troops to 4 million.
- On **March 28, 1941**, workers start clearing trees from hundreds of acres of land 30 miles west of Detroit, in preparation for construction of the Ford Motor Company's Willow Run plant, which will build B-24 bomber planes. Early on the plant was plagued by labor shortages and earned the nickname "Willit Run?"
- On **April 1, 1963**, the ABC television network airs the premiere episode of "General Hospital," the daytime drama that will become the longest-running serial program produced in Hollywood. On the same day, rival NBC debuts its own medical-themed soap opera, "The Doctors."
- On **March 29, 1973**, two months after the signing of the Vietnam peace agreement, the last U.S. combat troops leave South Vietnam. The accord was short-lived, and by early 1974 full-scale war had resumed.
- On **March 30, 1981**, President Ronald Reagan is shot in the chest outside a Washington, D.C., hotel by deranged drifter John Hinckley Jr. As Reagan was prepared for surgery, he quipped to his surgeons, "Please tell me you're Republicans."
