**Prayer to St. Jude**

Most holy Apostle, St. Jude, faithful servant and friend of Jesus, the church honors and invokes you universally, as the patron of hopeless cases, of things almost despaired of. Pray for me, I am so helpless and alone. Make use, I implore you, of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to my assistance in this great need that I may receive the consolation and help of heaven in all my necessities, tribulations, and sufferings, particularly (your request) and that I may praise God with you and all the elect forever. I promise, O blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you. Amen.

**The Garden Bug**

Tilling soil

Prepping your soil for the demands of the growing season ahead is key to the success of your garden this year. If the soil crumbles when you work it around in your hands, then it is ready to till; if it is sticky, it may be too wet. Use a soil testing kit to see what nutrients should be added to your soil, then work the needed amounts of lime, fertilizer and/or manure into the soil right before planting.

**INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS - PROVIDENCE, RI**

**IBEW LOCAL 99**

**Local 99 is the recognized leader in the Electric Industry**

Not only does the IBEW represent a nearly inexhaustible supply of qualified manpower, we also enjoy a fantastic working relationship with the most ethical contractors that exceed the highest standards in the industry on every project they perform.

Over the past several years, Local 99 has invested in an aggressive marketing plan to attract the finest Apprentice Applicants, the Highest Skilled Journeymen and the most Professional Contractors the industry has to offer.

Our training campus is unmatched in the industry and we have attracted a staggering number of apprentice applicants over the past few years. The opportunities for qualified Journeymen are amazing and the contractors are streaming in the doors looking for the avenue to success.

We are certainly not looking for just anyone; we are only looking for the best in the industry. If you are an honest, hard working, mechanically inclined person looking for a rewarding career, you need to check out our Apprenticeship program. If you are a Quality Journeyman who can't seem to earn the wages and benefits you know you and your family deserve, you need to talk to us. If you are a Contractor and you are figuring out the qualified men and women are right here at Local 99 and not in the want ads, you need to talk to us!

Every conversation is 100% confidential. We meet with open-shop workers every single day and many are welcomed to join our ranks. Our new contractors breathe a sigh of relief knowing they finally can count on every member of their team, and younger people looking for that right avenue, figure out that the IBEW has incredible training and career opportunities for people who meet the highest standards.

You would be hard pressed as an Apprentice, Journeyman or Contractor to find a better opportunity than partnering up with the IBEW. So what have you been waiting for? Give us a call today!

*Now here's a tip!*  
by Jo Ann Derson

• "Here's my tip: Fasten all buttons, snaps, fasteners and zippers on your clothes before washing and drying. It will help them keep their shape. Turn socks inside out, too. It will help prevent them from getting fuzzballs." — M.W. in Saskatchewan, Canada

• "If you are training a puppy or your fur baby has an accident on the carpet, here's how to prevent a reoccurrence in the same spot: Blot up urine, then saturate the spot with club soda. Allow it to sit for five minutes, then blot with paper towels." — S.S. in Arkansas

• "In this day of recycling and reusing, before I discard an item, I look to see if any part of it can be reused. I removed wire from a broom that can now be used to hang a picture on the wall. I also remove any reusable screws or nails from items I toss. I put them in plastic jars." — B.B. in Maine

• Here's one for hamster owners out there, from C.H. in Utah: "If your dwarf hamster makes much noise when running in its wheel (especially metal wheels), just lube it with a little olive oil. Just a drop or two will make the wheel turn smoothly and silently, without posing any harm to the little ones in case they lick it."

• "Put battery-operated lights on each wall in the main rooms for when there are power outages." — M.W. in Iowa

• W.T. from "The Road" (he's an RV traveler) is looking for suggestions to remove the smell from the lid of glass jars to make them reusable — say, salsa jars or peanut butter jars. If you have a solution for W.T., send it to me at:

## Home Ideas How To Choose Exterior Siding Colors And Textures For Your Home

(NAPSA)—When it comes to picking the right colors and textures for a home, most homeowners color themselves confused. There are so many styles to choose from. Exterior design does not need to be difficult. Here are eight tips to help you pick the perfect home palette:

**1. Think about the kind of statement you want to make.**

Do you want your home to naturally blend in with the environment or be bright and distinctive? Would you like your home to be welcoming or stately?

**2. Look around that appeal to you.** What makes the homes you see look friendly and appealing? Take pictures and think about how the color scheme helps deliver that look.

**3. Consider the materials already used in the house.** Is the foundation brick, stone or concrete? What colors are the roofing shingles? The colors and textures you choose don't have to match existing materials but should harmonize with them.

**4. Use an exterior design visualizer that lets you try colors and styles on your home's exterior without leaving the comfort of your home.** For example, with siding manufacturer Exterior Portfolio's Dream Designer visualizer you can mix and match siding colors, textures and styles online to find the right exterior home design. The online tool gives users the freedom to change siding, window, door and corner trim, as well as roof color. You can also choose from a gallery of homes or upload images of your own home to design with. Try the Dream Designer at [www.ExteriorPortfolio.com/DreamDesigner](http://www.ExteriorPortfolio.com/DreamDesigner).

**5. Consider the surroundings.** Some siding textures and col-

Using an online digital program, you can upload a picture of your home and design and color it to your heart's content.

ors work better in some environments than others. For example, a bright color that would look right in New Mexico might seem too garish for a home in Maine. Is the area you live in sunny or snowy? Is your home near a desert or a forest? In a city or the country?

**6. What colors work best with the style of your home?** Colors can be brighter with a Victorian house, say, than a Colonial house, if you want to stay accurate to the period.

**7. Get samples to see how each color looks on your home.** Swatches and color samples aren't just for a home's interior. The best way to test your home's design decisions is with actual color samples. Through Exterior Portfolio's Dream Designer program, you receive a customized Dream Designer Board with high-resolution images of your exterior design and large siding sample pieces so you can try it before you buy it.

**8. Lighten up.** Pick a lighter neutral shade for the walls; use white for window trim and darker colors on add-on features such as shutters. Use bold colors or bright neutrals to play up beautiful architectural features.

### Decorating Your Home

**Aesthetics, Performance, Efficiency—Siding Options Are Nearly Endless**

(NAPSA)—When it comes time to choose exterior siding for your home, there are a number of factors to consider, including curb appeal, installed cost, durability, sustainability and resale value—not to mention the color, texture, design and trim options that help to achieve a finished look. Your home reflects your individual personality and style, and the same sense of style you demonstrate inside can be expressed outside.

Whether you are creating a new look for your home or restoring its original, authentic beauty, there are a handful of siding types to consider. The following breakdown of siding can help you determine the right siding for your home.

Typically at a higher price point, polymer siding is made from polypropylene resin and is offered in a shake or shingle style with a cedar texture. Closely replicating perfection or rough-split wood, this siding can be used as a whole-house application or, more cost effectively, in accent areas for a unique look. CertainTeed offers Cedar Impressions siding in over 30 different colors and six styles to fit your personal style.

According to a recent study conducted by Hanley Wood, LLC, fiber cement siding returns more than 83 percent of the project cost upon resale. Many fiber cement siding options, such as CertainTeed's WeatherBoards, contain a high-recycled content, making it also an eco-friendly choice. This durable, noncombustible siding stands up to the elements, provides long-lasting appeal and is backed by long-term warranties. Additionally, it comes finished or

Show your home you're on its side by making smart siding choices.

primed and ready for painting, allowing a homeowner extra design flexibility.

Helping to create a comfortable interior and a beautiful exterior, insulated siding can help homeowners increase their energy savings and decrease their carbon footprint. With high-recycled content, insulated siding takes sustainable siding to the next level. In fact, CertainTeed CedarBoards Double 6-inch insulated siding boasts an industry-leading 60 percent recycled content, and its flat, even face provides the look of wide-board wood siding.

Ultralow-maintenance vinyl siding is America's most popular choice, and for good reason. The most affordable siding option, vinyl is built to last and brings color, style and durability to a home's exterior.

No two homes are alike. Different historic backgrounds, climates and homeowner preferences and lifestyles call for different types of siding.

**Rin-Tin-Tin**

**Q.** When I was a youngster growing up in Illinois, I was quite the fan of Rin-Tin-Tin. I ate Nabisco Shredded Wheat since the company sponsored the television series. I have the "Adventures of Rin-Tin-Tin" board game and the magic brass-ring set. I am not interested in selling, but I have wondered what they might be worth. Incidentally, I had a dog that I named Rin-Tin-Tin. — Carl, El Paso, Texas

**A.** Warner Brothers introduced The Wonder Dog in 1923, and the talented German Shepherd became an instant star and generated so much money that he actually saved the studio from bankruptcy. Rin-Tin-Tin starred in 19 films for Warner Brothers between 1923 and 1930. He was also featured on both radio and television. Your board game is valued in the \$50 to \$150 range, depending on condition, according to Ted Hake, author of the "Price Guide of Character Toys." If your brass-ring collection is complete, Hake believes it could be worth as much \$600.

**Q.** I have a small bowl that I was given several years ago. The only mark on it is "Koeniz." Can you tell me anything about it? — Sarah, Toledo, Ohio

**A.** Your bowl was crafted by Diane Koenig, a studio potter operating in the Hudson, Ohio, area. According to "The Encyclopedia of U.S. Marks on Pottery, Porcelain & Clay," by Lois Lehner and published by Collector Books, Koenig makes wheel-thrown graffito and slipware pieces, mostly in blue and white, black and white or combinations of those colors. She graduated from Bowling Green State University in 1976 and has worked as a potter ever since.

**Q.** I have two 78-rpm records, "Like a Dream" recorded by Caruso, and "Song of India" as cut by violinist Fritz Kreisler. Could you please tell me if they have any value and, if so, where I can sell them. — Robert, Daytona Beach, Florida

**A.** Your 78s are worth about a dollar each. Despite rumors to the contrary, most of the Victor Red Deal recordings by Caruso have very little value. Serious collectors are more interested in his more scarce sessions, such as the ones he had at Zonophone.

Write to Larry Cox in care of KFWS, 628 Virginia Drive, Orlando, FL 32803, or send e-mail to questionsforcox@aol.com. Due to the large volume of mail he receives, Mr. Cox cannot personally answer all reader questions, nor does he do appraisals. Do not send any materials requiring return mail.

### Curb Appeal

#### Window Grilles Are An Easy Way To Add Style To Your Home

(NAPSA)—When it comes to creating curb appeal, it's usually all in the details—exterior details that a home lacks or that may need upgrading.

Even a basic tract home can stand out with the addition of classic details such as shutters, new trim, window boxes and beautiful window details.

Upgrading your windows is an easy way to enhance your home and increase its resale value—and you don't have to replace them to improve the way they look. You can add new trim to freshen their look or window grilles to add visual warmth and charm. Replacement windows can be expensive but, fortunately, window grilles can be retrofitted to existing windows. Starting at about \$40, the average window grille can make it much easier to upgrade your home, even on a tight budget.

New and replacement window grilles—in wood and aluminum—come in a variety of patterns, profiles and colors and can be customized for specific windows. Classic grille styles include Colonial, Prairie, Craftsman or diamond patterns. You can choose wood-look interior grilles in wood tones and exterior grilles can also be painted in your choice of colors. Here are some tips from the grille experts at ScreenItAgain to help you shop.

Window grilles can add style and warmth to your home.

- Visualize the effect. Print out pictures of the exterior of your home to draw grille patterns on, or even compare patterns with a photo of a home you admire.

- Ask about fastening systems. Removable wood grilles that snap in place can be ordered in "sets" of replacement window grilles. They are secured with a choice of fastening systems that can be tailored to best work with your existing windows.

- Look for an experienced manufacturer with an informative website so you can be sure of quality, performance and durability.

- A great way to save money on replacement window grilles is to do it yourself via a trusted online source. ScreenItAgain can help. For more information, visit [www.screenitagain.com/grilles](http://www.screenitagain.com/grilles).

**Strange BUT TRUE**

By Samantha Weaver

• It was the 32nd president of the United States, Franklin D. Roosevelt, who made the following sage observation: "Government by organized money is just as dangerous as government by organized mob."

• You might be surprised to learn that Helen Keller, best known as the first blind and deaf person to earn a bachelor's degree, loved performing. She spent years on vaudeville tours, and in 1919 she starred in "Deliverance," a silent film about her life.

• In the Canadian town of Churchill, Manitoba, most people don't lock their car doors. The primary motivation for this practice isn't trust (although, of course, trust is required), but public safety: A pedestrian who unexpectedly encounters a polar bear will be able to find refuge in any car along the street.

• With warmer weather approaching, you might want to consider heading to Sault Ste. Marie, Michigan, to witness an annual rite of spring. Students at Lake Superior State University gather on (or near) the first day of spring for the annual Snowman Burning. Started in 1971 by a campus club known as the Unicorn Hunters, the tradition involves setting alight a 12-foot-tall "snowman" — usually built of recycled paper, wood and wire — to celebrate the end of winter.

• If you haven't listened to any new music in a while, chances are you're over 33. Those who study such things say that's the age at which Americans would rather stick to what they know than try out new tunes.

• If winter seems to be dragging on endlessly, be glad you don't live on Uranus; there, winter lasts 21 years.

### Taiwan Chicken Salad

It's the end of March, so maybe we'll be seeing some warmer weather and you'll feel like having a dish that makes it feel more like summer.

- 1/2 cup Kraft fat-free mayonnaise
- 1 tablespoon reduced-sodium soy sauce
- 1/2 teaspoon ground ginger
- 2 cups diced cooked chicken breast
- 1 cup pea pods or snow peas
- 3/4 cup shredded carrots
- 1/4 cup chopped green onion
- 2 teaspoons sesame seeds, toasted (optional)
- 2 cups shredded lettuce

1. In a large bowl, combine mayonnaise, soy sauce and ginger. Add chicken, pea pods, carrots, green onion and sesame seeds, if desired. Mix well to combine.

2. Cover and refrigerate for at least 15 minutes. Just before serving, stir in lettuce. Makes 4 (1 cup) servings.

HINT: If you don't have leftovers, purchase a chunk of cooked chicken breast from your local deli.

• Each serving equals: 153 calories, 1g fat, 1g protein, 10g carbs, 343mg sodium, 18mg calcium, 2g fiber; Diabetic Exchanges: 2 1/2 Meat, 1 Vegetable; Carb Choices: 1.

### Thanksgiving Novena to ST. JUDE

O Holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ. Faithful intercessor of all who invoke this special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg you, to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Marys and three Glory Be's. Publication must be promised. St. Jude pray for us and all who invoke your aid. Amen. This novena has never been known to fail. It helped me. Thank you St. Jude for answering my prayers.

**Selective Service Registration Is Key**

(NAPSA)—There's good news for young men who think that life is getting too complicated. There is one thing that is actually getting more convenient—registering with the Selective Service.

Young men are required by law to register with the Selective Service System within 30 days of their 18th birthday. Failure to do so can result in fines and, in some cases, incarceration.

By registering with Selective Service, young men remain eligible for Pell Grants and Guaranteed Student/PLUS Loans.

**Increased Convenience**  
 Fortunately, it is now possible to register online. To make it even more convenient, you can even use an iPhone, BlackBerry or other smartphone or computer. However, those who prefer the "old school" way can still register at a post office or when they fill out a FAFSA form.

**A Key To Opportunities**  
 By registering with Selective Service, young men stay eligible for Pell Grants, College Work-Study and Guaranteed Student/PLUS Loans.

Another advantage is that a young man stays eligible for federal job training, as well as numerous federal jobs.

To learn more, visit [www.sss.gov](http://www.sss.gov).

**Import Owners Have New Shock, Strut Options For Improved Ride**

(NAPSA)—With the ever-growing popularity of import vehicles, leading replacement-parts manufacturers and established North American brands are developing technologies that help enhance the unique characteristics of these cars, light trucks and SUVs.

**The Problem**  
 One key engineering battle-ground is ride control, where many import models' "tight," control-intensive steering and suspension systems can lead to increased ride harshness in some driving situations.

"There has traditionally been a trade-off between control and comfort in many import vehicles, especially those with lighter-weight chassis components and low-profile tires," said Bill Dennie, director of ride control channel management for global shock and strut manufacturer Tenneco Inc. "There's no doubt that consumers love the way these vehicles handle but they also complain about the ride being too harsh in many situations."

**An Answer**  
 To eliminate this compromise, Tenneco's Monroe brand recently introduced a broad new line of highly advanced shocks and struts for import vehicles. The new Monroe OESpectrum units feature a "Twin Technology Active Control System" that accentuates control while isolating impact-related noise, vibration and harshness before they are transmitted into the passenger compartment.

Many import owners prefer shocks/struts that eliminate harshness while providing a "tight" ride.

This emphasis on maintaining and improving the performance of import models is a logical response to the increasingly global face of the North American vehicle population, Dennie said.

"With the growth of foreign nameplates, we're leveraging our global engineering resources to deliver products that address the unique demands of import vehicles," he said. "What consumers might not realize is that we have long provided original equipment parts on many Asian and European models."

The combination of OE manufacturing experience, import-specific technologies and tried-and-true North American brands can provide an important additional benefit: convenience. Monroe products, for example, are available through thousands of parts stores and service shops.

### The Coventry Veterans Council is inviting you to participate in our 3:00 PM Ceremony on Thursday, April 6, 2017 at the Anthony Green.

This date is the Centennial Anniversary of the United States entry into the GREAT WAR. More than 53,600 Rhode Islanders served from 1917 to 1918 in which 612 were killed or died in service. Six of them were from Coventry.

We will be honoring their dedication and sacrifice. This invitation is for anyone wishing to attend this once in a lifetime tribute to our fallen.

The members of the Coventry Veterans are from Coventry Memorial VFW Post 9404, S.P.R.M. Post 81 American Legion and Korean War Veterans

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## Moments in time

THE HISTORY CHANNEL

- On April 5, 1792, George Washington exercises the first presidential veto of a Congressional bill, which proposed a new plan for dividing seats in the House of Representatives. Washington decided that the bill would have resulted in a higher number of representatives than that proscribed by the Constitution.
- On April 3, 1860, the first Pony Express mail, traveling by horse and rider relay teams, simultaneously leaves St. Joseph, Missouri, and Sacramento, California. Ten days later, the westbound rider arrived in Sacramento, beating the eastbound mail packet by two days.
- On April 8, 1916, at the Boulevard Race in Corona, California, an early racing car careens through a barrier and into a crowd after a wheel breaks, killing the driver and two others. "Wild Bob" Burman had previously set a world speed record for hitting 129 mph.
- On April 7, 1920, Indian sitar legend Ravi Shankar is born in India. Shankar's "discovery" by the Beatles' George Harrison in 1965 made him a household name around the world and changed the music sound of the '60s.
- On April 4, 1933, a dirigible crashes in New Jersey, killing 73 people in one of the first air disasters in history. The Akron was the largest airship built in the United States.
- On April 6, 1970, Sam Sheppard, a doctor convicted of murdering his pregnant wife in a trial that caused a media frenzy in the 1950s, dies of liver failure. After a decade in prison, Sheppard was freed following a re-trial. His story is rumored to have inspired the television series "The Fugitive."
- On April 9, 1987, U.S. Secretary of State George Shultz states that he is "damned angry" about possible Soviet spy activity in the American embassy in the Soviet Union. Soviet officials called the espionage charges "dirty fabrications."

**LIBRA** (September 23 to October 22) An unusual request could put you in an awkward position. Best advice: Deal with it immediately. The longer you delay, the more difficult it will be to get out of it.

**SCORPIO** (October 23 to November 21) You should feel recharged and ready for whatever your workaday world holds for you. The same positive energy spills over into your personal relationships.

**SAGITTARIUS** (November 22 to December 21) A prospect might be less than it appears to be. Like the Archer in your sign, you always aim for the truth. And this is no time to settle for less than full disclosure.

**CAPRICORN** (December 22 to January 19) Start doing some serious thinking about a career move that could entail more than just changing job sites. Some lifestyle changes also might be involved.

**AQUARIUS** (January 20 to February 18) With tensions easing at the workplace, a more positive environment once again encourages the free flow of ideas so typical of the always-innovative Aquarian.

**PISCES** (February 19 to March 20) Show some of that usually hidden steel-strong Piscean backbone, and stand up for yourself if you hope to make a case for that promotion you know you deserve.

**BORN THIS WEEK:** You enjoy doing new things and staying ahead of the crowd. You would make a fine sports coach or military leader.

**ARIES** (March 21 to April 19) Be careful about doing someone a favor when you don't know the full story behind the request. Don't rely on someone's unsubstantiated assurances. Insist on all the facts before you act.

**TAURUS** (April 20 to May 20) That workplace problem still needs your attention before you finally can close the book on it. Meanwhile, a long-anticipated reunion gets closer to becoming a happy reality.

**GEMINI** (May 21 to June 20) You might be demanding more from others than they can give. Best advice: Have a long and frank talk to determine what the facts are. Tensions should abate as the week winds down.

**CANCER** (June 21 to July 22) Aspects are favorable throughout this week for making contacts that could be important to your career plans. Meanwhile, an old friend offers the advice you're seeking.

**LEO** (July 23 to August 22) It's time to stop licking your wounds from past mistakes. Get up and get going toward your future. Loyal friends will be there to help the Lion get back into rip-roaring shape.

**VIRGO** (August 23 to September 22) Take time out to go over what's expected of you before you begin your new project. Otherwise, you run the risk of pushing yourself harder than you need to.
