Pregnancy Q & A!

Q: Should I have a baby after 35?
A: No, 35 children is enough.

Q: I'm two months pregnant now. When will my baby move?
A: With any luck, right after he finishes college.

Q: What is the most reliable method to determine a baby's sex?
A: Childbirth.

Q: My wife is five months pregnant and so moody that sometimes she's borderline irrational.
A: So what's your question?

Q: My childbirth instructor says it's not pain I'll feel during labor, but pressure. Is she right?
A: Yes, in the same way that a tornado might be called an air current.

Q: When is the best time to get an epidural?
A: Right after you find out you're pregnant.

Q: Is there any reason I have to be in the delivery room while my wife is in labor?
A: Not unless the word "alimony" means anything to you.

Q: Is there anything I should avoid while recovering from childbirth?
A: Yes, pregnancy.

Q: Do I have to have a baby shower?
A: Not if you change the baby's diaper very quickly.

Q: Our baby was born last week. When will my wife begin to feel and act normal again?
A: When the kids are in college.

THAT MOMENT AFTER YOUR FIRST BITE...

WHEN YOU REALIZE YOU HAVEN'T PRAYED

Chatham First Town Banner Contest

Chatham First invites area artists to design new banners for the town's lampposts to commemorate Pittsylvania County's 250th anniversary. We are excited to see what creative minds in the area come up with!

We are looking for a series of four seasonal banners — Spring, Summer, Fall, and Winter — plus one that celebrates Chatham's historical heritage. Artists must submit a total of five designs.

The winning artist will receive \$250 in cash, and the pride of having their designs grace the lampposts along Main Street in Chatham, Va.

Elements that may be considered for inclusion, but are not required:

*Buildings that represent Chatham, in silhouette or line drawing form.

*Color: Keep in mind, banners will be displayed adjacent to the flower baskets, which are planted with a similar color scheme each year. (See photo.)

Eligibility:

Any artist may submit designs.

Fee:

There is no fee to enter.

Submission Due Date:

Designs must be submitted via email to adavis@reidstreetgallery.com by May 1, 2017.

Specifications:

Finished dimensions for designs must be 18" w x 30" h, in portrait orientation, using vector graphics.

Winning artist will be notified by May 15. Winning designs will be revealed at a special reception on Thursday, June 15, 2017, at Reid Street Gallery, and will later be hung along Main Street in Chatham, as appropriate to season and design.

For more information, contact Alisa Davis at 434-203-8062 or adavis@reidstreetgallery.com.

Chatham First will make all decisions in the judging of entries. We reserve the right to request revisions or accept partial entries. Judges' decisions are final.

Salome's Stars

ARIES (March 21 to April 19) Avoid having someone else take credit for the project you started by finishing it yourself. Then it will be you lovely Lambs who will be wearing those well-deserved laurels.

TAURUS (April 20 to May 20) The facts about a new opportunity are still emerging. Wait until they're all out in the open, and then use your keen business sense to help make the right decision.

GEMINI (May 21 to June 20) You might feel confused, even hurt by a friend who suddenly puts distance between you. If she or he won't discuss it, don't push it. An explanation should come in time.

CANCER (June 21 to July 22) Your willingness to be part of the team opens doors that had been shut to you. Keep them open by keeping your promises even when your commitment seems to be wavering.

LEO (July 23 to August 22) Congratulations. You're really getting things done to perfection. And don't forget to take a catnap now and again to keep those energy levels up and bristling for action.

VIRGO (August 23 to September 22) Your "plain-talking" honesty is admirable. But sometimes sharp words can leave painful scars. Be careful that what you say doesn't come back to hurt you.

LIBRA (September 23 to October 22) A stress-filled period takes a positive turn as you deal with the underlying problem. Act now to avoid a recurrence by changing some basic rules in your relationship.

SCORPIO (October 23 to November 21) Your rising energy levels make it easier for you to achieve some important objectives. This could lead to a big boost in how you're perceived, both at home and on the job.

SAGITTARIUS (November 22 to December 21) A changing picture begins to emerge as you learn more about an offer that seemed so right but could be so wrong. Look to a trusted adviser for guidance.

CAPRICORN (December 22 to January 19) Spiritual aspects are strong. Take time to reflect on the path you're on and where you hope it will lead you. It's also a good time to reach out to loved ones.

AQUARIUS (January 20 to February 18) You could be assuming far too many responsibilities, whether it's at work or in personal matters. Be careful that you're not weighed down by them.

PISCES (February 19 to March 20) You're getting closer to your goals. And since nothing succeeds like success (or the promise thereof), don't be surprised to find new supporters swimming alongside you.

BORN THIS WEEK: You are always the first to try new ventures and confront new challenges. You inspire others with your courage to follow your bold example.

Did You Know? While high school seniors on the cusp of graduating and moving on to college give ample thought to their college majors, many are likely to change majors at least once after enrolling in a college or university. According to the University of La Verne, between 50 and 70 percent of college students change majors at least once, and many of them will change their majors three times before they graduate. The University also reports that 50 percent of college graduates pursue careers that are not related to their majors. Career and personality assessments can help students determine which subjects they may want to study upon enrolling in a college or university. Such assessments can help students discover their interests, and then students can work with advisors and career counselors at their colleges or universities to find majors that align with those interests. High school seniors on their way to college in the coming months can rest easy that, even if they don't know what to study when they arrive on college campuses this fall, many of their fellow freshmen are equally uncertain.

"The Risks Of Siding With Jesus"

My dreams are usually vague, fuzy, and incredibly disjointed. But the epic saga from last night as I write this was crystal clear, and left me somewhat shaken, and fearing for Gotham...

Batman (The Christian Bale Batman) was being forced to retire. Mind you, he seemed to be in perfectly good shape, still young and strong, and I have no idea why he had to go. He was, though, being allowed input on his replacement. Loyal Alfred (The Michael Caine Alfred, whom I will always see as Scrooge in "The Muppet Christmas Carol") had come up with the perfect replacement. Batman, though, was adamantly opposed to the idea. He was not even willing to give his replacement a chance.

The replacement Alfred had settled on was Greg from the Brady Bunch...

There he was, sitting nearby in a Lazy Boy recliner, wearing a checkered shirt, smiling that iconic smile, curly hair waving as he nodded his head. I cannot get over the contradistinction of the Dark Night, brooding angrily, while Greg Brady grinned at him, ready to take his job. I can only imagine, had I been able to sleep longer, the hilarity that would have ensued in Gotham:

"Here's the story, of a guy name Joker, who was thinking up some really awful crimes, all of them were even worse than the others, he should be doing time.

"Here's the story, of the brand new Batman, who was planning how to stop the Joker cold, he would need help from his brothers and his sisters, who now are getting old."

I told my wife my dream. She sighed that deep sigh again that I hear so often. I don't think she knew what she was getting into when she said "I do."

It would be very hard to replace Batman. Hard, but not impossible. After all, Michael Keaton was replaced by Val Kilmer who was replaced by George Clooney who was replaced by Ben Affleck, etc. He can be replaced. Just not by Greg Brady.

But as my mind turns to more serious matters, I realize both in gratitude and awe that the one hero that can never be replaced is Jesus. For starters, he was and is actually real. As to the "was" part, the late Michael Grant, professor at Edinburgh, an atheist, wrote a book titled "An Historian's Review of the Gospels." In it, he approvingly cited a quote by Otto Betz,

which said, "To sum up, modern critical methods fail to support the Christ-myth theory. It has again and again been annihilated by first rank scholars. In recent years, no serious scholar has ventured the non-historicity of Jesus, or at any rate very few, and they have not succeeded in disposing of the much stronger, indeed very abundant, evidence to the contrary."

Not only did Jesus and does Jesus exist, he has credentials that are unmatched, and cannot even be closely duplicated. The gap between his qualifications and any other would be savior is far greater than the gap between Batman and Greg Brady. Jesus was pre-existent. John 1:3 says "All things were made by him; and without him was not any thing made that was made. Colossians 1:16-17 says, "For by him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers: all things were created by him,

and for him: And he is before all things, and by him all things consist."

Jesus was also virgin born (Isaiah 7:14, Matthew 1:18) and lived a totally sinless life (Hebrews 4:15). Even his enemies testified of his character. Pontius Pilate said "I find no fault in him." Most importantly, many have laid down their lives for friends, or for good people, but Jesus died for all, including the worst of the worst (Romans 5:8). And then he rose from the dead under his own power, and was seen of more than five hundred witnesses (1 Corinthians 15:6).

Seeing all this, 1 John 2:2 says that he is "the propitiation (satisfactory sacrifice) for our sins: and not for ours only, but also for the sins of the whole world." God the Father is only satisfied by one thing: Jesus dying for us.

There is no replacement at all for that.

VETERANS POST

Tainted Drinking Water Beyond Camp Lejeune

It's finally here: eight conditions have been added to the Department of Veterans Affairs list of presumptive illnesses caused by tainted drinking water at Camp Lejeune.

While the VA has been treating 15 illnesses, there were no benefits attached. Now it will provide disability benefits for: adult leukemia, aplastic anemia and other myelodysplastic syndromes, bladder cancer, kidney cancer, liver cancer, multiple myeloma, non-Hodgkin's lymphoma and Parkinson's disease. Dates of service are Aug. 1, 1953 to Dec. 31, 1987, for a minimum of 30 days. Yes, this is great news. Yes, this means ill veterans will get the benefits they deserve. And yes ... this is all so very late.

Remember years ago when Colorado Sen. Kay Hagen shredded The National Research Council and pointed out all the research the NRC ignored? Remember all the little kids who came down with leukemia, and the federal study that showed twice the rate of birth defects at Camp Lejeune? And remember the shock when 700,000 lost documents were suddenly found? Remember when it was revealed that dry-cleaning fluid was in the drinking water at Tarawa from 1957 to 1985? We can't forget just because the benefits have kicked in.

Why? Because in 1977, a civilian contractor discovered that TCE was present in the drinking water at Pease Air Force Base in New Hampshire. The base closed in 1991 and turned into Pease International Tradeport. In 2015 the EPA jumped in and found perfluorinated compounds, an ingredient in firefighting foam, and others. The state of New Hampshire started testing people, and based on results, it's changed the initial health advisory (short-term drinking water exposure) to a lifetime health advisory level.

For more information on not only Pease, but hundreds of other bases, Google "Pease Air Force Base water."

Distracted Driving A REAL THREAT

Dating back to the days of the first automobiles, drivers have always taken on a degree of risk when getting behind the wheel and hitting the open road. While technology has done much to mitigate that risk, it's also contributed to the growing number of distractions drivers face on the road. Distracted driving is a significant threat. According to the Centers for Disease Control and Prevention, in 2012 more than 3,300 people were killed in crashes involving a distracted driver. Just a year earlier, 17 percent of crashes in which someone was injured involved distracted driving.

Those figures are even more disturbing when one considers the problem of underreporting with regard to distracted driving. The National Safety Council notes that underreporting of mobile phone use leading to car crashes makes the issue of distracted driving appear less substantial than it likely is. Perhaps because they fear potential citations or even possible incarceration, many drivers involved in crashes do not admit to using mobile phones while driving. But a 2011 CDC study found that distracted driving is a genuine threat. In the study, survey participants were asked how often they had read or sent a text message or email while driving in the previous 30 days. Nearly one-third of study participants in the United States admitted that they had, and those figures were similar in Portugal and Belgium.

In addition, 69 percent of U.S. drivers between the ages of 18 and 64 reported that they had talked on their mobile phones while driving in the past 30 days. Combatting distracted driving is not easy. As the use of mobile devices grows, many people are finding it increasingly difficult to put those devices down, even when they are behind the wheel of their automobiles. But there are some steps drivers can take to improve their awareness on the road. One such step is to reduce reliance on hands-free devices. Though it might seem as though hands-free devices are the ultimate weapon against distracted driving, the NSC reports that more than 30 studies have shown that such devices do not make drivers any safer. That's because drivers remain distracted by the conversations they have while using hands-free devices. Reports from the NSC, Texas Transportation Institute and AAA Foundation for Traffic Safety indicate that drivers talking on handheld or hands-free devices can fail to see as much as 50 percent of their surroundings. When driving, stick to driving so you can focus all of your attention on the road, where it belongs. Another step drivers can take to improve their awareness on the road is to educate themselves and their teenaged drivers about the dangers of distracted driving. A University of Utah study found that drivers using mobile phones had slower reaction times than drivers with a .08 blood alcohol content, which is the legal intoxication limit in many states. If more drivers realized that speaking on their mobile phones impairs their reaction time even more than driving drunk, then perhaps more people would put down their phones and continue their conversations once they reach their destinations. Finally, drivers who recognize their habits can take steps to prevent those habits from putting them in harm's way. If you are never too far away from your mobile phone and unable to resist the urge to read and/or answer a text message or email, turn your phone off and put it in the glove compartment before you hit the road. Doing so might just save your life and the lives of your passengers and fellow motorists.

We thank our local community for the privilege of serving you since 1960. Call us for driveways, sidewalks, basements and foundations.

* "A convenient way to measure oil and not have to wash out the measuring cup: Mark a glass jar with kitchen labels for 1/4, 1/3, 1/2, 2/3 and 1 cup quantities. So easy." -- J.K. in Vermont

* "After baking cookies, place a half to a whole piece of any kind of bread in with them. Even if the cookies were made a couple of days before, it will really soften them right up. It works every time." -- N.O. in Colorado

* "Recently, my cellphone got wet and had to take a rest in a bag of rice for a day. It turned out OK, but I was reminded during that day off from having a smartphone that gone are the days when we know all our friends and family members' phone numbers by heart. Take a minute to fill out a good old-fashioned address book, or write a list of your most important numbers so that you'll always be able to access them." -- JoAnn

* Give kids a garden: Grab a container (a large flower-pot, or even a baby pool that has a hole in it), and let the kids fill it with soil and plants. Then they can decorate it with small toys to make a wonderland. Maybe it will be a miniature forest for fairies, or an off-road truck race track. It's good to get kids outside being creative.

* "We recently lengthened the pull chain for our ceiling light to accommodate our 7-year-old. To remind him to "use a light touch," we taped a colorful feather to the end. He uses his fingertips to pull the chain so he won't crush the feather instead of getting a fistful. It's working!" -- L.O. in Florida

Moments in time

THE HISTORY CHANNEL

* On April 14, 1865, John Wilkes Booth, an actor and Confederate sympathizer, fatally shoots President Abraham Lincoln during a play at Ford's Theater in Washington, D.C. The attack came only five days after Confederate Gen. Robert E. Lee surrendered, effectively ending the Civil War.

* On April 12, 1888, Cecil Kimber, founder of the British sports car company MG, is born in England. Following World War II, returning American soldiers who had become fans of MGs while serving in Europe helped popularize the brand in the U.S.

* On April 16, 1917, Vladimir Lenin, leader of the revolutionary Bolshevik Party, returns to Petrograd after a decade of exile to take the reins of the Russian Revolution. Lenin was drawn to the revolutionary cause after his brother was executed in 1887 for plotting to assassinate Czar Alexander II.

* On April 15, 1947, Jackie Robinson, age 28, becomes the first black player in Major League Baseball when he steps onto Ebbets Field in Brooklyn to compete for the Dodgers. Robinson broke the color barrier in a sport that had been segregated for more than 50 years.

* On April 11, 1968, rescue workers pick up the last survivors of the Wahine ferry disaster off the coast of Wellington, New Zealand. The ferry had capsized the previous day after hitting sharp rocks, leaving 53 people dead.

* On April 10, 1972, British film pioneer Charlie Chaplin accepts an honorary Academy Award for his "incalculable" contribution to the art of filmmaking. Chaplin had left the U.S. in 1952 for failure to pay taxes and McCarthy-era accusations. He came back long enough to accept the award.

* On April 13, 1997, 21-year-old Tiger Woods wins the prestigious Masters Tournament by a record 12 strokes in Augusta, Georgia, in the greatest performance by a professional golfer in more than a century.

SPICY MOCK-SUSHI TUNA WRAP

- 2 5- to 6-ounce packages of tuna
- 2 cups brown rice
- 2 tablespoons seasoned rice vinegar
- 1/3 cup low-fat mayonnaise
- 1 tablespoon hot sauce, such as Sriracha
- 1 green onion, chopped
- 4 (10-inch) whole-grain, spinach, or jalapeno wraps
- 2 cups (16-ounce) packaged coleslaw mix
- 1 ripe avocado, cut into 16 slices
- Reduced-sodium soy sauce or Bragg's Liquid Aminos (optional)

1. To make 2 cups of brown rice: Bring 2 cups water and 1 cup brown rice to a boil in a small saucepan. Reduce heat to low, cover and simmer at the lowest bubble until water is absorbed and rice is tender, about 40 minutes.
2. Remove from heat and let stand, covered, for 10-minutes. Or, to save time, prepare 2 cups instant brown rice according to package directions. Combine rice and rice vinegar in a small bowl. Set cooked rice aside to cool.
3. Combine tuna, mayonnaise, hot sauce and green onion in a medium bowl. Spread one-fourth of the tuna mixture over a wrap. Top with 1/2 cup rice, 3/4 cup coleslaw and 4 avocado slices. Roll up and cut wrap in quarters or in half. Repeat with the remaining filling and wraps. Serve with reduced-sodium soy sauce or Bragg's Liquid Aminos for dipping, if desired. Makes 4 servings.
