# I Don't Need To Advertise

**You're Right... There is a time NOT to advertise, when...**

1. You have no competition.
2. You have all the business in town.
3. There are no new people moving into your area.
4. You want to keep your large inventory.
5. You have more business than you can handle.
6. The birth rate is zero.
7. You have more than enough friends that shop your business, keeping you far to busy.
8. You've netted your third million (after taxes).
9. You have no desire to work hard.
10. You would have to hire more people to handle the additional business advertising brings.

**The time to start advertising is...**  
 When you don't agree with all the above.  
**The place to start advertising is...**  
 The one that has a combined circulation of 71,500 homes.

The Family Of The Late  
*Mark Naftzinger*

would like to send our sincere gratitude for all the love and support during our time of loss.

THANK YOU to everyone for the cards, flowers, food, memorial donations, attending services & mostly the prayers. A special thank you to all the First Responders who assisted at the scene. We will never forget "Uncle" Mark & may his memory live on forever.

WITH MANY THANKS,  
THE NAFTZINGER & BAIR FAMILIES

**Why Go To A Holistic Expo/Fair?**  
by Lori Kleinsmith

Let's look at the word "holistic." According to Webster, the definition of Holistic is "relating to or concerned with wholes or with complete systems rather than with the analysis of, treatment of, or dissection into parts <holistic medicine attempts to treat both the mind and the body> <holistic ecology views humans and the environment as a single system>." When going to a "holistic" expo, it simply relates to the whole mind, body & spirit connection. By attending a Holistic Expo, you will be pleasantly surprised at the wide variety of exhibitors that are presenting their services, products and information. Many expos offer free lectures where everyone is invited to learn about the presenter's topic. Questions are always encouraged by all exhibitors who are eager to share their information. It is a great time to

**CHRIST CHURCH UCC - 4870 Kutztown Rd., Temple**

learn, explore and sample services and products you may be interested in. We are very lucky to live in an area that has a number of fantastic expos. This includes the Inner Peace and Wellness Center's, Fourth Annual Spring Holistic Expo, Saturday, April 8, 10-6 & Sunday, April 9, 10-5. The Holistic Expo will be held indoors at the Hamburg Field House. Admission is \$7.00. All the lectures are free with everyone encouraged and welcome to sit in as many lectures as they would like. This year there are over 50 vendors for you to explore. Tasty food will be available to purchase. Bring the children on Saturday and let them explore the Crystal Corner & at 1PM learn Tai Chi for kids. I will be offering foot reflexology, sign-up sheets for upcoming classes, and as always, answering questions and talking about hypnosis. Stop by and enter my drawing to win a

free reflexology session. No purchases necessary. Lori Kleinsmith is a certified hypnotist, R.M. and owner of Pinnacle Hypnosis and Therapies. 610-823-4160 www.pinnaclehypnosis.com. Offering full-range of hypnosis, reiki and foot reflexology sessions and classes. Also, Christ Church UCC in Temple will be having a Holistic Fair on April 22nd. Have a look at their ad on these Health, Mind and Spirit pages.

**PULL-APART EASTER BREAD**

- |   |                                |
|---|--------------------------------|
| 6 Cups All-Purpose Flour, or More If Needed (Divided) | 3 Eggs, Beaten                 |
| 1 Tbl. Rapid Rise Yeast                               | 1 Lemon, Zested & Juiced       |
| 1/2 Cup White Sugar                                   | 1 Egg Yolk                     |
| 1/4 Tsp. Salt   | 1 Tbl. Water                   |
| 1/2 Cup Unsalted Butter                               | 1/2 Cup Seedless Raspberry Jam |
| 1-3/4 Cups Milk                                       | 1 Cup Confectioner's Sugar     |

In a large bowl, whisk together 4 cups of flour, the yeast, white sugar, and salt. In a saucepan over low heat, melt the unsalted butter with the milk until the mixture is warm, about 110°. Gradually whisk about 1/3 of the butter-milk mixture into the beaten eggs, then return the egg mixture back into the remaining milk mixture. Stir the lemon zest into the liquid ingredients (set aside lemon juice for later). Pour the liquid ingredients into the flour mixture, and stir until thoroughly combined. Add enough flour to make a soft dough; turn the dough out onto a floured surface, and knead until smooth and elastic, 8 to 10 minutes. Place dough into an oiled bowl, and turn the dough around to cover surface lightly with oil. Cover the bowl with plastic wrap, and allow to rise in a warm place until doubled, about 1 hour. Punch down the dough, and allow to rest for 10 minutes. Divide the dough in half, and roll each half into a round ball. On a floured surface, roll out a ball into a 12-inch circle. Place a drinking glass, face down, into the center of the circle to prevent cutting the dough too far into the center. Cut the dough with a knife, from the edge of the dough circle to the rim of the glass, into quarters. Cut each quarter into 5 narrow wedge-shaped strips. (Center of the dough is uncut). Remove the drinking glass. There are 20 narrow wedge-shaped strips surrounding the uncut center of the dough. Pick up two adjacent strips, and twist them together about 4 times; pinch the ends of the two pieces together at the top. Gently coil to form a rough flower shape. Arrange the round into the middle of the circle, where the drinking glass was. Pick up two more adjacent strips, and twist and pinch them as before; coil them into a rough round, and arrange the new petal next to the center rosette. Repeat with remaining 16 strips, twisting and pinching them in twos, coiling and arranging them into 8 more petals around the center rosette. Finished bread has 9 petals surrounding the center round. Repeat steps with the second ball of dough to make two breads. Grease a baking sheet, or line with parchment paper. Place the shaped breads onto the prepared baking sheet, reshaping them into rounds if needed; cover with a clean kitchen towel, and place into a warm spot to rise until almost doubled, 30 to 45 minutes. Preheat oven to 375°. Beat the egg yolk with warm water in a small bowl, and brush the mixture over both the breads. Bake in the preheated oven until the breads have turned golden brown, about 25 minutes. Allow to cool. Use your fingers to gently deepen the indentations in the center of each petal, and fill each with about 1/2 to 1 teaspoon of raspberry jam. Mix the reserved lemon juice and confectioners' sugar in a bowl to form a glaze; drizzle the glaze in thin lines all over the breads. Allow glaze to set. To serve, pull the petals apart.

**BRIDGESTONE ECOPIA™ EP422 Plus All-Season Touring**

The Ecopia EP422 Plus featuring T-speed rated sizes is one of Bridgestone's ecologically oriented Standard Touring All-Season tires developed for the drivers of coupes, sedans, minivans and small crossover vehicles looking to combine year-round traction, handling and comfort with reduced environmental impact. Ecopia EP422 tires are designed to enhance vehicle fuel economy by reducing tire rolling resistance along with the vehicle's carbon dioxide (CO2) emissions while delivering year-round, all-season traction, even in light snow. The Ecopia EP422 uses an all-season tread compound featuring Bridgestone's unique NanoPro-Tech (Nanostructure-Oriented Properties Control Technology) to reduce rolling resistance and energy loss while maintaining dry, wet and wintertime traction. This compound is molded into a symmetric tread design that combines notched shoulders and intermediate ribs with independent center blocks for dry road tracking and traction. Four circumferential grooves are designed to help water flow from under the footprint to resist hydroplaning and enhance wet traction while notches and sipes increase the edges that bite into light snow. The tire sidewalls feature Bridgestone's Fuel Saver compound to further increase efficiency. The tire's internal structure includes twin steel belts reinforced by spirally wrapped nylon on top of a polyester casing to blend ride comfort and durability.
