Understanding Property Taxes

One question people have been asking recently regarding the upcoming April 7 election is, “How do I determine how much my taxes will go up with a \$1.34 per \$1,000 tax levy?”

The first thing everyone needs to understand is the full assessed value is not used for calculating tax increases. Only a portion of the assessed value is used. The following percents are used for the respective areas:

- Residential Property: 54% of assessed value is used
 - Commercial/Business: 90% of assessed value is used
 - Agricultural Land: 45% of assessed value is used
 - Agricultural Dwelling: 56% of assessed value is used
- Below is a small spreadsheet for each area listed above that should help people calculate increases for personal properties. Using residential property as an example, people with \$100,000 homes will be taxed on only \$54,000 (or 54%) of the total value. The formula (\$54,000 x .00134 = \$72.36) can be used to show the example's annual cost. The \$72.36 total also translates to \$6.03 per month.
- Anyone with questions, please call (712-338-4757), e-mail (gjanssen@okkoboji.k12.ia.us) or stop in at the central office (1205 7th Street, Milford).

Students Learn About Fishing

The Okoboji Boat Works and The Fish House hosted the Spencer Johnson Pre-School on Tuesday February 3, 2015.

The children were learning about fish and fishing. To enrich their unit of study they came to the Fish House to learn first-hand where fish live and how to fish. They were able to hear a story and to see the bottom of the lake where fish live.

They were also able to watch an ice fishing hole be augured into the ice and completed their experience by getting to see new Nautique Boats in the Surf Showroom.

Arnolds Park Amusement Park Featured In Iowa Tourism TV Spots

Arnolds Park Amusement Park is proud to be featured in the Iowa Tourism Office's 2015 marketing campaign. With a unique new twist on destination marketing, the latest round of television commercials leverage history and a lot of humor to showcase Iowa's unexpected destinations. See the ads at traveliowa.com/thisiowa.

“We’re excited to be part of this important campaign,” said Di Lorenzen, Marketing & Communications Manager. “Tourism is vital to our local economy, and we’re thrilled that millions of people around the Midwest will see these advertisements and choose to visit our area.”

In the commercials a regret-filled Napoleon Bonaparte is exploring the land now known as Iowa. At Arnolds Park Amusement Park, Napoleon is seen riding The Legend Roller Coaster. Kayaking, stomping grapes, cycling and savoring local cuisine, Napoleon learns first-hand what he lost in the Louisiana Purchase of 1803. As other travelers meet Napoleon they exclaim, "This is Iowa!" Napoleon remorseful replies with a "Yep."

“The Iowa Tourism Office’s mission is to grow the state’s economy by attracting travelers who spend money at our attractions, lodging facilities, restaurants, stores and more,” said Shawna Lode, Iowa Tourism Office manager. “Just as Iowa offers unexpected destinations, Napoleon delivers our messaging in an unexpected way, cutting through the clutter and making more of an impact on potential travelers.”

As people travel Iowa, they are encouraged to share photos of their travels on social media using *#ThisIsIowa*. A gallery of images is available at *thisisiowa.com*.

Tourism in Iowa generates more than \$7.75 billion in expenditures, employs 65,400 people statewide and generates \$353.9 million in state taxes. The Iowa Tourism Office is part of the Iowa Economic Development Authority. For more information, visit traveliowa.com, call 800.345.IOWA, or stop at any Iowa Welcome Center. Travelers can find additional Iowa travel inspiration on the *Iowa Tourism Office blog*, *Facebook page*, *Twitter feed*, *Pinterest boards*, *Google+ page*, *Instagram*, or *YouTube channel*.

Mark Wehrspann, left, was presented with Milford Kiwanis Club's newest Zeller Fellowship Award by Dave Stoeber, right. Mark has given so much to the local Club and also in service to Division 3 and to NE-IA District over the past years and is now serving as the Milford Kiwanis Club's Treasurer.

The Zeller Award is a cash donation of \$1,250 to the Eliminate Project. The Milford Kiwanis Club has made the donation in Mark's name for the Cause. Walter Zeller made the first gift to establish the Kiwanis International Foundation in 1940.

The Cause is the Eliminate Project: Kiwanis eliminating maternal and neonatal tetanus. One Zeller Award donation can save or protect more than 690 women and *all of their future babies!* At each and every meeting, the "peanut butter jar" gets passed around and the club members have upped the request to have each member put in \$2 per week for the Eliminate project. If this is done, in 5 years the club members will have earned the Model Club Award for the Eliminate Project for a total of \$36,000 contributed for the Cause. What a fantastic worthwhile accomplishment when they do, and they will, complete the goal. The new members are equally excited to have the opportunity to participate in such a project. Spencer Day Breakers challenged the members on the Model Club and they *will* exceed the challenge! No doubt about it!

Schable student recital Saturday at Spencer

John Moore, Milford's very-own link to the *Metropolitan Opera*, is returning this week to be a part of Okoboji High School classmate (Class of 2000) Jessica Schable's annual studio master's class along with Dr. Brandon Hendrickson. A baritone, Hendrickson is voice faculty member at the University of South Dakota, and also an active performer on the opera, concert and recital stage. The recital is 7:30, Saturday night, at the SCT Playhouse in Spencer, the night before the three become clinicians on Sunday, with 25 of Schable's vocal students from Spencer, Spirit Lake and Okoboji high schools. And just for the record, last year's show was SRO. So you might want to call the SCT to get your tickets today. And if you ask why the master's class is held on a Sunday, Schable will tell you it has something to do with most of her students being involved in Saturday's high school jazz and show choir festival — after the Spencer and Okoboji students get a few advance tips, Friday, from the clinicians. We wish them all well in the competition!

Elsewhere on campus this week, *The Lake Patrol* will be performing at *Boji Bay Fun House Pavilion*, in Milford, Thursday night, from 7 - 9:00... *Jessie James and the Outlaws* is booked for dancers and listeners, Friday night, at Spencer's Family YMCA... And, Saturday night will see *Night Fever*, a tribute to the *Bee Gees*, at the Fairmont Opera House, in Fairmont, beginning at 7:30...

The Okoboji middle school and high school instrumental music department will present its *All Bands Concert*, next Tuesday (March 10), in the OHS Auditorium. Six groups are involved in the show to encompass and combine students from their first experience in the fifth grade band, through the high school years. This show also starts at 7:30 p.m...

Kelley Hunt will be performing at the *Pearson Lakes Art Center*, next Thursday (March 12), with a mix of musical styles that includes blues, jazz, rock, country and a bit of boogie-woogie thrown-in, with some gospel, R&B, and a B-3 to boot... The following Tuesday (March 17), the U. S. Army's premier touring show, *The Volunteers*, will be on the same stage in the Lauridsen Theatre.

Both shows start at 7:30 p.m...

The PLAC has also announced that getting tickets for its performances will be easier starting today. With online ordering you will even be able to pick your seats. Once the tickets are ordered they will be held at the box office until the day/night of the show. That address is: lakesart.org/buy-tickets/

Okoboji High School jazz choir and jazz band came back from last week's *Lewis and Clark Jazz Festival* after *Boji Voices* won second place, and the OHS Jazz Band won first place -- both in Class 2A. Drummer Brittany Kolbeck was selected as the outstanding performer of the day in the jazz band competition.

The two groups will travel to Vermillion, SD, to perform at the *Coyote Jazz Festival* on March 17th for the final regular season jazz festival of the year.

The OHS Jazz Band will perform at the Iowa Jazz Championships, not in April as noted here earlier, but March 31, due to a schedule conflict. This will be Okoboji's 21st consecutive IJC appearance.

Okoboji band director Greg Forney was featured a week ago Monday in a *Sioux City Journal* article by Tim Gallagher, to explain how trumpet player Clark Terry, who died two days earlier at the age of 94, was a part of the music program at Westmar College, in Le Mars.

When he joined *The Tonight Show Band* in 1960 (led first by Skitch Henderson, then 'Doc' Severinsen) Terry was the first black musician to be a part of a band that was featured on a national television program. He worked with a host of music greats across seven decades and was honored with a Lifetime Achievement Award as a part of the Grammy ceremony in 2010.

But as Forney explained, more importantly, Terry was giving as a musician. Forney played with the *Westmar Superband* for seven years, and told Gallagher that Terry, who played with the band three times in that period, "was a true genius, but, at the same time, such a nice, generous man when it came to kids."

One of those "kids" was Sioux City's Ryan Kisor, a trumpet player who grew up in a musical family in Sioux City. When Terry met Kisor for the first time, the youngster was in his early teens. As Forney tells the story, Terry recognized him as "the real thing," and began to improvise with him.

It was about that same time that the young Kisor was part of Sioux City's *North High School Jazz Band* (directed by his father Larry Kisor) that astounded the audience one Saturday afternoon at the Arnolds Park Amusement Park.

Two years later young Kisor won the first *Louis Armstrong Trumpet Competition* at the *Thelonious Monk Institute*. He earned a contract at what was Columbia Records, and more recently has been a part of the *Jazz at Lincoln Center Orchestra* directed by Wynton Marsalis.

Estherville's Steve Danielson had like stories to tell of Terry's time with the high school band in his hometown, and how impressed the youngsters were to be working with someone of Terry's stature.

As we mourn the passing of the greats in any field, we have to take time to remember it wasn't just their on-stage performances that made them great. It was the way they shared with other musicians -- and students -- as 'Mumbles' did.

Man, Myth, Legend

OHS Jazz Band members Brittany Kolbeck and Emma Myhre display one of the T-shirts worn by the band members for their practice last Friday, before presenting a shirt to OHS and OMS band directors Greg and Julie Forney, at Friday night's *Evening of Jazz* concert.

You are invited to join the Old Professor for Ballads, Blues and Big Bands, too, at *Class 105*, The LIVE Broadcast from the College of Musical Knowledge at the University of Okoboji. *Class 105... airs Sunday mornings from eight 'til noon, on 105.7, KRAQ-FM.* All the news that fits, we print. Please send your music-related announcements or comments to: class105@connect.com or P. O. Box 676, Okoboji, Iowa 51355-0676

Student Art on Display At AOG

The annual exhibit of artwork by artists of area high schools will be on display at Arts on Grand in Spencer from March 3rd through April 4th. Submissions by artists may include sculpture, painting, drawing, printmaking, photography, ceramics, and graphic design.

Arts on Grand is also pleased to showcase a special mural project by Spencer middle school students. This year, the show will be judged by Arts on Grand's jury committee, and several prizes, including Best of Show, will be awarded. Arts on Grand encourages the public to attend the artist reception on Thursday, March 5, from 5:00 to 7:00pm and vote for their favorite work of art. The artwork with the most votes will receive the much coveted "People's Choice" award. The winner will be announced at the end of the reception.

That's not all — we believe that art should be fun and engaging for everyone of all ages! Along with the exhibit there will be several kinetic drawing machines and drawing robots, made with the help of Torrey Proctor, Spencer's very own K-5 STEM teacher. We are happy to set up visit times with area schools that wish to bring students in to view the exhibit and play with the drawing machines and bots.

Please join us for the artist reception on Thursday, March 5th, from 5:00 to 7:00pm. Teen approved snacks and beverages will be served. Come and support the work of our up-and-coming artists! The reception is open and free to the public. This year's exhibit is generously sponsored by Farmers Bank.

Tax Assistance To Home Owners

“The State of Iowa offers property tax assistance to elderly, disabled and mobile/manufactured/modular home owners if they have a total household income of less than \$22,011. To qualify for this assistance, an Iowa Property Tax Credit Claim form for the September 2015 and March 2016 property tax payments must be filled out. These forms are now available at the Treasurer's Office for qualifying property and mobile home owners,” says Dickinson County Treasurer Kris Rowley. “Stop in or give us a call and we can get one to you.”

Property tax credits were established by the state legislature to help low income elderly or disabled property owners pay their property tax bills. To qualify for this assistance a citizen must be 65 years of age or older by December 31, 2014, and have a total household income less than \$22,011, or be totally disabled and 18 years of age or older by December 31, 2014.

The State also provides assistance for mobile/manufactured/modular home owners with their mobile home tax payments if they have a total household income of less than \$22,011 and were 23 years of age or older as of December 31, 2014.

“These forms are also available online at the Department of Revenue's website: <https://tax.iowa.gov/sites/files/idr/IAPropertyTaxCreditClaim%2854001%2915.pdf> – Iowa Property Tax Credit Claim for 2015. <https://tax.iowa.gov/sites/files/idr/forms/154002.pdf> - Claim Instructions. <https://tax.iowa.gov/sites/files/idr/forms/154014.pdf> - 2015 Iowa Mobile/Manufactured/Modular Home Owner Application for Reduced Tax Rate.

We're glad to help citizens who meet the criteria for these state assistance programs,” says Rowley. For more information regarding property taxes or credit claim forms, contact the Treasurer's Office at 712-336-1205.

Spirit Lake Noon Kiwanis Celebrates Valentine's Day With Hilltop Care Residents

On Wednesday, February 12th, the Spirit Lake Noon Kiwanis served dinner and entertained the residents of Hilltop Care for Valentine's Day. The Spirit Lake Middle School Builder's Club also made valentines to share with the residents. It was a wonderful evening with candle light, sparkling beverage, fun entertainment, and the servers in black tie. A great time was had by all involved.

Okobojo MS And HS Present All Bands Concert

The Okobojo Middle School and High School Instrumental Music Department will present the popular All Bands Concert Tuesday, March 10. This concert gives the audience the opportunity to view the progress and development of the musicians through the years. The concert begins with the Fifth Grade Band and then moves through the years with the Sixth Grade Band, Seventh/Eighth Grade Band, combined 6-8 Band, High School Band, and concludes with the combined 7-12 Band. Very little equipment needs to be moved and one band takes the stage and the previous band leaves, so the concert moves along quickly. The concert will last about one hour and there is plenty of variety to please everyone. The concert is in the auditorium and begins at 7:30. Admission is \$5 and activity passes are accepted.

Exciting Day For Okobojo Jazz

The OHS Jazz Band and Boji Voices will travel to Vermillion, SD, to perform at the Coyote Jazz Festival on Tuesday, March 17th for the final regular season jazz festival of the year. The OHS Jazz Band will perform at the Iowa Jazz Championships on Tuesday, March 31. This will be Okobojo's 21st consecutive IJC appearance.

Competitors in the Knights of Columbus District Free Throw Championship held at Spirit Lake High School were highly skilled youth from Spencer, Terri, Spirit Lake, Milford, Okoboji and Lake Park.

K of C Free Throw Champions

Twelve girls and boys ages 9 to 14 were named champions of the 2015 Knights of Columbus District Free Throw Championship and earned the right to compete at the regional level. The district battle took place February 8 at Spirit Lake High School and was sponsored and run by the Knights of Columbus Iowa Great Lakes Council 5043.

In the competition, the winner of the 9-year-old boys' division was Ashten Ver Steeg and for the girls it was Gensley Ball. Medaling for the males at age 10 was Ethan Dirksen and for the females, Jayna Graettinger. Spencer's Karter Petzenhauser was the 11-year-old boys' champion and Olivia Irmirer championed the girls' division. Spirit Lake's Max Bower was the winner of the 12-year-old boys' division, while Chelsea Shelley took home the medal for the girls. In the 13-year-olds' bracket, Jaden Rueter of Lake Park was the boys' champion, and Spirit Lake's Ella Skinner was the girls' champion. Winning for the 14-year-old boys was Greg Will of Spirit Lake, and for the girls it was Autumn Rausch.

Jim Miller, Grand Knight of Council 5043, said the competition was fierce. "Any time you have the kids competing for a chance to go on to the regional level," Miller said, "the competition gets amped up a bit. Plus, they were shooting 25 free throws, versus only 15 at the local council level."

Miller also thanked the Spirit Lake Community School District for its support of events like the Free Throw Championship and the Knights of Columbus Spelling Bee, also held that week at Spirit Lake Middle School.

District winners are eligible to compete in the regional competition in Remsen, with an eye toward moving on to the state and international levels.

Iowa Great Lakes Council 5043 sponsors annual events including the Free Throw Championship and the Knights of Columbus Spelling Bee. They also run the Soup and Pie Supper in November, monthly omelet breakfasts and the Tootsie Roll Drive for Persons with Intellectual Disabilities Labor Day weekend, benefiting local organizations.

Spencer Hospital Hosts Meet And Make Event

Join Spencer Hospital dietitians, Amanda Scanlan, Judy Erickson and Greta Farley, for a fun and healthy event on Wednesday, March 4 from 11:30am to 1:00pm. During this come-and-go event, participants will be able to make two delicious recipe-in-a-jar meal mixes to take home and enjoy or give to a friend. Cost is \$5 to participate.

The Meet and Make recipes featured will be Cranberry-Pecan Pancakes and Southwestern Three-Bean and Barley Soup. The pancakes can be made at home as part of a healthy breakfast or a fun breakfast-for-supper meal! Round out the rest of the meal with a side of scrambled eggs and fruit for a nutritionally-balanced meal. The Southwestern Three-Bean and Barley Soup can be paired with a grilled cheese sandwich made on whole grain bread.

Both recipes include a nutrient that most of us do not get enough of on a daily basis: fiber. As February is American Heart Month, it is a good time to highlight this heart-healthy nutrient. Dietary fiber is the term for several materials that make up the parts of plants that your body cannot digest. When eaten regularly, fiber intake has been associated with increased diet quality and decreased risk of cardiovascular disease. The pancake recipe incorporates whole wheat flour and pecans, both of which are good sources of fiber. The soup recipe contains three kinds of beans as well as barley; both provide a great source of fiber.

To take part in this special Meet and Make program, please call Spencer Hospital's Registration Line at 712-264-6142 or register and pay online at www.SpencerHospital.org and click on Event & Education Calendar under Patient and Visitors tab.

PLAC Bus Trip To See Jackson Pollock Mural In Sioux City

The famous 20' by 8' Jackson Pollock painting simply entitled Mural is currently on exhibit in Sioux City until April 1. If you want to go see it, now is your chance!

The Pearson Lakes Art Center is organizing a bus trip from Okoboji to Sioux City on Friday, March 20, to see this modern art masterpiece. The bus will leave from the PLAC at 8:00 a.m. and return by 5:00 p.m. Cost for the trip is \$50 per person for PLAC members and \$60 for non-members. Space is limited and is reserved on a first-come, first-served basis. Please RSVP by March 6 by calling 712-332-7029 or emailing boxoffice@lakesart.org.

Admission to the Sioux City Art Center is free, but the tour group will be given a special program about Pollock and Mural by curator Todd Behrens. Also included in the fee is lunch at the Sioux City Art Center. After lunch, attendees may continue to tour the Sioux City Art Center on their own or visit the Sioux City Public Museum across the street. The bus will leave for Okoboji from Sioux City at 3:00 p.m.

About Mural, courtesy of the University of Iowa Museum of Art: "Mural is considered by many to be the most important modern American painting ever made. For Mural, Pollock evoked the myriad stylistic techniques and theoretical methodologies to which he had been exposed. He synthesized these elements in the moment and created a painting that is inundated with personal, cultural, social, political, and art-world references: the work of his early mentor Thomas Hart Benton and the Regionalist style; the landscape of the Midwest and Native American imagery and philosophy; commercial art; the Works Progress Association (WPA); Mexican murals, Soviet Social Realism and Marxism; the influence of refugee artists from wartime Europe; Asian calligraphy; African and other non-Western art; film; the explosion of World War II and America's response; Picasso's work, especially Guernica (1937); and Jungian psychotherapy.

Pollock harnessed all of these elements, with their diverse strengths, as he experienced them in a frenetic coming-togetherness, acting and reacting within his own bravura-painting performance.

Mural was given to the University of Iowa in 1951. In the 1940s, the UI School of Art and Art History was called "Greenwich Village West" — given the status of former faculty such as Philip Guston, as well as the school's growing reputation as a notable laboratory for creative experimentation and innovation. Peggy Guggenheim, the leading dealer of Modern Art in New York at the time, recognized the significance of the UI studio art program, when she gave Mural to the University.

Mural is on display at the Sioux City Art Center until April 1, 2015.

The painting has recently finished a two-year technical study and conservation treatment by research scientists at the Getty Conservation Institute (GCI) and conservators at the J. Paul Getty Museum."

This provocative love story, about the right to intimacy for everyone, lasts 100 minutes.

5th Annual Family Fest

The Clay County Regional Events, Positively Spencer Youth, and the Governor's STEM Advisory Council, and Northwest Iowa Region present the 5th Annual Family Fest. Held on Saturday, March 7 from 10:00am – 4:00pm. The show is free and open to the public. All families are encouraged to attend.

There are many hands-on exhibits for families to enjoy at Family Fest 2015. Families will be able to check out Safety City, sponsored by Spencer Hospital. Safety City will feature a fire truck, police cars, and ambulance. Local police, fire and rescue staff will be on-site to describe their services and answer any questions. Also, stop by the Spencer Hospitals booth as they will be doing a taste testing for the kids.

Families will be able to find information on youth organizations, businesses featuring services and products for families, sports organizations, and much more. The Clay County 4-H program will have more space at their booth this year with hands-on science and art activities for kids to do including Bunny Hopping. Some of the activities are going to be led by 4-H members. Make sure you stop by the Clay County 4-H area for information on youth development, family and community programs.

Families can enjoy the inflatables, sponsored by The Farmers Trust & Savings Bank of Spencer. This year the inflatables are marine themed. There will also be two mini inflatables for the little ones.

Families may watch the Entertainment Stage, sponsored by Community Bank & Insurance. The stage will feature Spencer Family YMCA, Spencer High School Choir, Spencer Library and many more. A new act starts at the top of each hour. Make sure you stop by the ballroom to see all the acts throughout the day.

Along with the Entertainment Stage, STEM & Iowa Lakes Community College will be doing activities and demonstrations in the ballroom. Kids will have the chance to experience learning about Science, Technology, Engineering and Math in a fun and interactive way.

Molly Faber, Regional Manager with Northwest IA STEM says, "We are very excited to be part of the 5th Annual Family Fest because, as we've seen over the years, it's a great opportunity for families to spend quality time together. Northwest IA STEM and Iowa Lakes Community College are proud to be a part of this event because it creates an opportunity for parents and children to connect with one another by participating in fun and non-traditional learning activities that focus on STEM. Faculty and staff from the college, along with STEM champions in NW IA are eager to share their passion and knowledge with local families."

SMU will be in the arena this year featuring their water utilities, with hands on activities for the kids to explore. Amanda Gloyd, Marketing & Communications Relations Manager with SMU says, "Spencer Municipal Utilities has been involved with Family Fest in the past and is looking forward to another great event for families and children in our community. This year our display will feature our water utility and help children learn about the process water goes through to get to the faucet. We hope everyone in the community comes out and takes advantage of this free opportunity."

We also need to thank our corporate sponsors, for without them this event wouldn't be as successful, we appreciate the commitment to families provided by Spencer Hospital, Farmers Bank of Spencer, SMU and Community Bank & Insurance.

Jill Toft, Tourism Director for Clay County CVB says, "Family Fest is a great event for Clay County. As our attendance grew over the past 5 years, we noticed more and more people coming from outside Clay County to this event. We are very fortunate to have a wonderful facility to host this family-friendly event."

We sincerely appreciate all the support we receive throughout the year from the residents and businesses throughout Spencer and NW Iowa. We also appreciate our partnership with Positively Spencer Youth, STEM and Iowa Lakes Community College.

January Housing Trends: Iowa Home Prices Continue To Rise

The Iowa Association of REALTORS® (IAR) reported that January home prices are up, homes are selling faster and number of sales dipped slightly when compared to January of last year.

According to the IAR's Housing Trends Report, the median sale price increased by 4.5 percent. The median sale price rose from \$119,500 in January of 2014 to \$124,900 last month.

Sales across the state saw a slight decrease of 1.6 percent from last year at this time. There were 1,898 homes sold in January 2014, while 1,868 were sold last month. In contrast, four out of the five largest real estate boards and associations in Iowa reported an increase in the number of sales when compared to January of last year.

While home sales in the winter typically slow down, there was a 12 percent increase in active listings from January 2014. In addition, pending sales are up 12.7 percent from January of last year. This bodes well for sales in late winter and early spring.

Homes are selling faster when compared to last year. The days on market was 95 in January 2014 and dropped to 89 days last month.

"With new listings and pending listings trending upward, we expect this will lead to more sales in the late winter and early spring period. The new 3 percent down payment programs from Fannie Mae and Freddie Mac should help boost home sales. The statewide inventory of homes on the market is still relatively low. This is a great time to put your home on the market before the usual spike in the spring!" stated Jon Yocum, President of the Iowa Association of REALTORS®.

The information used to create the IAR January 2015 Housing Trends Report was current as of January 18 at 8:40 a.m. The information is subject to change due to the dynamic nature of the IAR's housing statistics system, which is updated hourly based on information present in local participating MLS (multiple listing service) systems.

The term Realtor® is a registered trademark, which identifies real estate professionals who follow a strict Code of Ethics as members of the National Association of Realtors®.

The Iowa Association of Realtors® is the state's largest real estate professional organization representing over 6,600 members and affiliates. The IAR releases a Housing Trends Report each month. Data is collected from local Realtor® boards through their multiple listing service (MLS), which tracks sales activities in the board area. IAR compiles all the local board data into the statewide report each month. Reports are available online to IAR members and affiliates with a login and password. Anyone is eligible to become an IAR affiliate. For membership information, visit www.iowarealtors.com.

Northwest Region STEM Hub Partnership Renewed

Iowa Lakes Community College has received word that its agreement to serve as a Northwest Region Science, Technology, Engineering and Mathematics (STEM) Hub has been renewed for another three years. The Iowa Governor's STEM Advisory Council reviewed performance reports and invited Molly Faber, Iowa Lakes STEM Hub Programmer, to comment on the strengths and opportunities for growth moving forward.

Faber said, "The 14 Scale-Up Programs available for the 2015-2016 year are great opportunities for formal and in-formal educators to introduce students to STEM or help continue students' interest and engagement in STEM."

She continued, "We know how important STEM education is for the future of Iowa and want to make sure we are supplying educators with the right tools and resources for continued growth."

To date the Northwest Region STEM Hub Partnership awarded 266 Scale-Up awards to formal and informal educators impacting 16,686 students in the 2014-2015 school year. Every school in the Northwest Region now has access to Defined STEM through a regional license, making STEM available to everyone in the hub.

Co-chair of the STEM Council, Lt. Gov. Kim Reynolds, said, "Each institution exceeded our hopes and expectations regarding support for our regional STEM managers. We are grateful to the professionals on each campus who make the system work."

After approving the renewals, the STEM Council reached a consensus agreement to require each regional hub institution engage a set number of partner institutions in its region for purposeful collaboration in the coming year, an outgrowth of the competitive nature of the initial awarding of hub status to these campuses and in order to expand the network and penetrate local communities.

"The great work being done in STEM across Iowa is really the result of local partnerships forged through our network of hub institutions and regional managers," said Mary Andringa, CEO of Vermeer and co-chair of the STEM Council. "There is a can-do, collaborative spirit among these seven colleges and universities that serves as a model for local schools, businesses and other organizations."

As part of the partnership with local schools, Iowa's Scale-Up Initiative now offers 14 programs ranging from building robots and wind turbines to virtual reality, agricultural science, STEM career awareness and more. Four additions to last year's 10 options, include "Ten80 National STEM League," "ST Math," "Project Lead the Way Launch," and "Project Lead the Way Computer Science and Software Engineering."

In the last three years, several thousand educators have implemented Scale-Up programs including PreK-12 teachers, homeschoolers, after-school club leaders, Extension and 4-H professionals, daycare providers and church group sponsors. Almost all of Iowa's 348 school districts take part, reaching more than 100,000 youth each year.

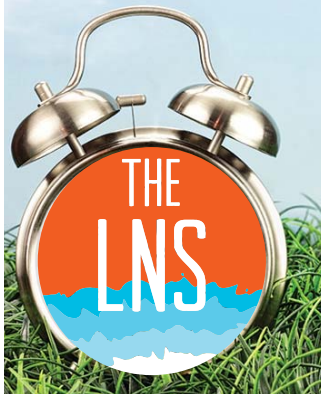

Results from the 2013-2014 Iowa STEM evaluation report show nearly 90 percent of students who participated in a Scale-Up program reported higher interest in at least one STEM subject or career with nearly 75 percent of past Scale-Up teachers continuing their program after the STEM Council's financial support ends.

"The STEM Council decided early on that the most efficient path to our goal for outstanding STEM in every classroom was to find and grow best practices rather than to reinvent the wheel," said Andringa. "Scale-Up is that vehicle, driven by our outstanding team of regional network managers, delivering proven and exciting hands-on learning across the state."

Pre K-12 educators are invited to apply for these STEM learning programs for the 2015-2016 academic year at IowaSTEM.gov/2015-16Scale-UP. Applications close on Monday, March 9, with recipients announced at the end of March.

Kelley Hunt and All-Star Band Appear at PLAC

Celebrated Kansas City roots/blues/Americana singer songwriter/keyboardist/guitarist Kelley Hunt will appear in concert Thursday, March 12 at Pearson Lakes Arts Center 2201 US-71 Highway in Okoboji. Showtime is 7:30pm. Tickets are \$22 for non-members, \$18 for members, \$15 students and are available through the art center box office by calling 712-332-7029 or www.lakesart.org. Hunt arrives at Pearson Lakes on a roll of packed performances having sold out The Dakota in Minneapolis and The historic Folly Theater in Kansas City in recent weeks.

Kelley Hunt's accomplished indie career spans 5 previous releases, 150K units sold, a formidable international tour history including appearances on a long list of elite stages in North America and Europe, 6 appearances on American Public Media's St. Paul-based icon "A Prairie Home Companion" and plenty of other critical acclaim. But to hear the international press, fans and radio rave she has taken the most impressive step of her career with the May 20, 2014, 88 Records release of "The Beautiful Bones", her sixth album and her fourth as co-producer.

Across-the-board stellar reviews have posted for the new album. "More than bones prove beautiful on this scintillating release ...," "As she rips across strong originals like the funky 'Golden Hour' to high-torque, torrid testaments like the gospel blues of 'Release and Be Free', Kelley Hunt's time has come," writes Blues Music Magazine. Blues Blast Magazine says: "...this work is both totally inspirational and one of the best CDs you'll hear this year." Tumblr says: "a beautiful work of art. I highly recommend this ... It is an album you will want to hear over and over discovering something new each time." American Blues Scene exclaims: It is not very often that we receive an album that makes us sit down and really listen; like, grabs us and demands our full attention. Multi-instrumentalist Kelley Hunt has done exactly that with her new album, The Beautiful Bones. The album has depth, soul, personality, and nuance." "... a 50-minute journey through these 12 windows into Kelley Hunt's musical soul. Though some selections here are more blues or soul inflected than others, the entire album resonates with a quiet comfort firmly grounded in a gospel voice. The sound and mix on this album is first rate, and the music has an inviting clarity and freshness about it. This album will definitely lift your spirits and make you smile, on the inside."

NYC's Elmore writes: "Kansas City-based Kelley Hunt delivers a dozen originals (some with a co-writer) that span blues, roots, soul, rock and mostly gospel on The Beautiful Bones, her most fully realized album to date. These tunes showcase her marvelous vocal range and ever evolving strength as a songwriter." Cashbox summarizes: "Kelley Hunt soars on her new release and invites listeners along for the ride."

Thematically "The Beautiful Bones" album is about acknowledging, embracing and remembering our universal roots," says Hunt, "not shying away from some tender truths, seeing the beautiful in the everyday-ness of the world, and celebrating the power of the heart of things." "The title song came about in a surprising way," recalls Kelley. "I was sitting in my kitchen, looking out at the snowy Kansas landscape, playing a beautiful new guitar that I'd been given for Christmas and I began to see a barren silver maple just outside the window as my grandmother's hand. It's as if a message from her and all the strong women in my family was being sent and all of a sudden the song practically wrote itself. Words, music - everything - came at once. I was so moved by both the experience and the unexpected sentiment of the song I had tears in my eyes."

"The Beautiful Bones" is Kelley Hunt's sixth commercial release and builds on the critical acclaim and radio airplay from its predecessors. "Kelley Hunt resides among those bluesy, soulful piano players who write great songs," wrote Vintage Guitar. "A superb live performer, immediately drawing you to the power of her music and her voice," said Elmore magazine in a review of an earlier album. "This Kansas is a full-blown phenomenon: powerhouse singer, hard boogieing pianist, polished songwriter," exclaimed the Minneapolis Star-Tribune.

Born in Kansas City, Kelley Hunt's love of roots music came from listening to early blues, R&B, jazz, rock and gospel, with influences ranging from Aretha Franklin, Dinah Washington, Mahalia Jackson and Ann Peebles to Charles Brown, Johnny Johnson, Professor Longhair and Jay McShann. She grew up around a mother who sang jazz and blues and was also influenced by her gospel singer grandmother who traveled for a while with a gospel choir and sang in New Orleans.

Winter Games Polar Plunge Proceeds Presented

The 35th Annual University of Okoboji Winter Games Polar Plunge, sponsored by Okoboji Harley Davidson, raised \$1,815 for the Arnolds Park/Okoboji Fire & Rescue. Held on Saturday, January 24th, the Okoboji Harley Davidson Polar Plunge saw 121 brave souls take a dip in the icy waters off of the State Pier in Arnolds Park to raise both funds and awareness for this extraordinary group of volunteers.

Arnolds Park/Okoboji Fire and Rescue was established as a joint department in 2000 from the two cities, separated by a bridge that also separates West Lake Okoboji and East Lake Okoboji. The services currently offered by the department include: fire protection services to the cities of Arnolds Park and Okoboji, initial vehicle stabilization, extrication and rescue, a surface water rescue team, emergency medical services, operations level hazardous material response for small to medium incidents, underwater search and rescue team (dive team), the area's exclusive fire boat, and ice rescue response with the areas only airboat.

An enormous "thank you" to, the event sponsor, Okoboji Harley Davidson. In 2007 Ernie's Harley Davidson of Algona started construction of a second location in Okoboji. Opening in February 2008, Okoboji Harley Davidson's showroom has an awesome selection of Harley Davidson Motor Cycles, gear, apparel and an ultra-enthusiastic and friendly staff who consistently pay-it-forward in our community.

The 36th Annual University of Okoboji Winter Games will be held January 29-31, 2016. Please visit www.uofwintergames.com or contact Jen Johnson-Ross at jen@okobojichamber.com to be involved.

Superintendent's Corner

Okoboji Middle School Midmester Academy:

Ryan Cunningham, Middle School Principal and Gary Janssen, Okoboji Community School Superintendent

Okoboji 7th and 8th grade students will be participating in the third annual Midmester Academy from March 16 to April 2 (14 days between third and fourth quarters). During their usual core class time (Math, Language Arts, Science, and Social Studies), students will participate in project-based-learning activities, where learning takes place through identifying and solving real-world problems.

One class that will be taught by science teacher, Jon Allen, is entitled "Solar Energy Production in Space and Okoboji!". The "Driving Question" is, "How can we use new solar technologies to make life better for people, like the astronauts in the international space station or students here in Okoboji, Iowa?" Students will answer questions like: "How does NASA provide energy to the International Space Station? How will NASA provide energy for research habitats on the moon and Mars? How can we use solar power technology here in Okoboji?"

Midmester learning activities will be relevant and rigorous and will include a strong focus on teamwork, critical thinking, communication and learning different subject content simultaneously. Students will be expected to show what they learned while working through each unit, not just at the end. Evidence needs to be provided, through the use of multimedia, to support their recommended solution to the identified problem.

Great learning takes place through Midmester Academy courses. Students were surveyed after completing their first Midmester Academy the past two years. Over 90% of the students said they preferred the Midmester classes over "normal" school, and approximately 95% of the students expressed a desire to have teachers provide more project-based learning experiences in the future. For that reason, Okoboji Middle School continues to expand in this area.

Anyone interested in learning more about the Midmester Academy is encouraged to contact Ryan Cunningham (phone: 712-332-5641) (e-mail: rcunningham@okoboji.k12.ia.us).

New Iowa Department of Education Attendance Center Ranking System Information

Dear Okoboji Parents and Guardians,

I'm writing to make you aware of a new state website that provides Iowans a snapshot of how our public schools and school districts are performing in two areas: student proficiency rates and growth toward college and career readiness.

This website will enable users to look up this information for any public school or district, including ours. You may find the new website, <http://reports.educateiowa.gov/acr>, a good source of information.

The website was developed by the Iowa Department of Education as a first step in meeting a requirement of the 2013 education reform law. This law requires the Department to evaluate and rank schools based on their performance on nine specific measures and to post this information on its website (<http://www.okoboji.k12.ia.us>, under "Students" tab).

Even though this website contains a lot good information, I personally feel the way it ranks schools from "low" to "high" and makes some schools look good at the expense of others, is not appropriate. Acknowledging schools for performing well is appropriate, but publicly embarrassing schools for not performing well is wrong.

This evaluation system is under development, and we expect to see a more complete system this fall. According to the Iowa Department of Education, the system will be rolled out in phases this year and next year. It's important to note that the new website available now does not represent the complete evaluation system. Instead, it represents the performance of each public school and district on two of the nine measures required by the law:

Student proficiency rates: The percentage of students proficient in math and reading in grades 3-8 and 11 based on state assessment results. Iowa's definition of "proficient" means performing at a basic level. Proficiency does not necessarily put students on the path to college and career readiness.

Growth toward college and career readiness: The percentage of students who met a growth target needed to be college and career ready. The Department has worked with our state assessment developer to link the Iowa Assessments to the college and career readiness benchmarks defined by ACT. The growth measure sets an expectation that all students will make progress each year and will be ready for college by the end of 12th grade.

The other seven performance measures are: Attendance rates, parent involvement, employee turnover, community activities and involvement, graduation rate, college readiness, and closing achievement gaps.

We believe this information can complement conversations in our community about our work to provide students a great education. However, student performance data only tell part of the story about how our schools are doing. To get the full story, I encourage you to stay connected with our schools as much as possible. Thanks for all you do for our kids.

Iowa Lakes Announces Job Fairs Open to the Public

Iowa Lakes Community College announces Annual Job Fairs open to all Iowa Lakes students and the public to be held in Emmetsburg on Tuesday, March 10 and Estherville on Wednesday, March 11, from 9:30am to 12:30pm. Nearly 100 employers are scheduled to attend between the two campuses.

Advice for students and other job-seekers includes information about what they should bring with them as they seek employment opportunities.

- Print at least 10 copies of resumes to be handed to potential employers,
- Dress for success (business attire and clean hygiene),
- Prepare to interview on-site,
- Rehearse a 30-second "elevator speech" highlighting qualifications.

Information is available through the Career Resource Center to help students and Iowa Lakes alumni prepare with resume writing tips, preparing a 30-second introduction (elevator speech), and dressing for success.

Optimal Resume Suite (<https://iowalakes.optimalresume.com>) is a free service for Iowa Lakes students and alumni that offers examples, templates, and cutting-edge software in developing resumes, cover letters, interviewing skills, webinars, etc.

Those with questions can call Kent Schmidt, Emmetsburg Career Resource Center at 712-852-5803 or Melissa Lutat, Estherville Career Resource Center at 712-362-7926 for help or answers to questions.
