\*The Innovative Mattress Solutions credit card is issued by Wells Fargo Financial National Bank. Special terms apply to qualifying purchases charged with approved credit. The special terms for 5 years (60 months) APR will continue to apply until all qualifying purchases are paid in full. The monthly payment for this purchase will be the amount that will pay for the purchase in full in equal payments during the promotional (special terms) period. The APR for Purchases will apply to certain fees such as a late payment fee or if you use the card for other transactions. For newly opened accounts, the APR for Purchases is 28.99%. This APR may vary with the market based on the U.S. Prime Rate and is given as of 04/04/17. If you are charged interest in any billing cycle, the minimum interest charge will be \$1.00. Offer expires 04/30/2017. Prior sales excluded. Art is for representation purposes only; actual product may vary. All beds not available in all stores, but may be ordered at customer's request. Conditions apply to the 120 Night Comfort Promise and 120 Day Price Promise. Please see store or website for complete details.

\*\*\*Innovative Mattress Solutions will discount the amount equivalent to sales tax for qualifying mattress set purchase. Customer responsible for payment of sales tax as required by law. See store for details. Offers cannot be combined.

A new scientific statement from the American Heart Association warns that statins could interact with other heart disease medications. The types of cardiovascular medications the writing committee examined included antiarrhythmic drugs, used to treat abnormal heart rhythms; medications used in treating congestive heart failure; antiplatelet agents and anticoagulants that are used to thin the blood; immunosuppressive agents, for patients who have undergone a heart transplantation; non-statin cholesterol lowering agents; and calcium channel blockers, commonly used to treat high blood pressure.

\*\*\*

The statement identifies specific doses at which certain heart disease medications can be used safely with statins as well as the combinations of statins and certain cardiac medications that may be potentially harmful.

\*\*\*

Recently postmenopausal women who were highly symptomatic with hot flashes and night sweats had a significant improvement in frequency and intensity of hot flashes when using lower doses of either oral conjugated estrogen or transdermal estradiol, with sustained improvement over 4 years, according to a study published in the journal of The North American Menopause Society, Menopause.

\*\*\*

Impulsive behavior is a factor in leading to food addiction. A drug called Modafinil, usually used for narcolepsy, shift work disorder and excessive daytime sleepiness, can reduce impulsivity and thus food addiction, according to a study published in Personality and Individual Differences.

There is only one Holy Elohim and His house will never be divided with man's savored doctrines (Mt 16:23-24). Yet many advocates of the so called Christian church (Ezek 13:22-23) mock Elohim's law (Gal 6:7), quip if the law is kept, daily burnt sacrifices are required (was and is) (1Pet 1:18-19). The Holy Altar was desecrated, needed to be destroyed (Mt 24:2, Mk 13:2), and in 70 C.E it was. Christ's sheep will follow Him (Jn 10:25-28), repent, be born again (Jn 3:3-7). He died so His sheep could live without sin (Jn 5:14, 8:11), not continue to wallow in sin (Rom 3:31). The Holy Bible: sin is transgression of the law. He that committeth sin is of the devil, teaching Christians (Acts 11:26) are not perfect (Mt 5:48), yet who is born of Elohim does not sin (1Jn 3:4-9). Nor did Christ change the law or himself (Mt 5:17-19, Heb 13:8) and will enforce The Law (Mt 7:21-27, 25:31-46). "Eccles 12:12-14, Mt 12:36-37, 15:9, Rev 22:14-15". So Be It!

## Saving You MONEY

**SHOP TODAY'S LOW PRICE TAGS:**  
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

**NO LIMITS:**  
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
