Did You Know? Humpty Dumpty wasn't a clumsy egg with an inner ear problem. 'He' was actually a powerful cannon used in the Siege of Colchester during the English Civil War. Dubbed "Humpty Dumpty" in the summer of 1648, it was mounted on the peak of a protection wall that lay facing the St. Mary's Church in Colchester. When the church tower was bombarded by enemy fire, blowing the top of the wall off, Humpty Dumpty had a 'great fall.'

Since Colchester was a royal stronghold, 'all the kings horses and all the king's men' rushed to put Ol Humpty Dumpty back together again. Unfortunately, in those days, duct tape and Gorilla Glue weren't in stock at the local town market, so the vague ending of the popular nursery rhyme didn't turn out so well in reality.

As we stood in formation at the Pensacola Naval Air Station, our Flight Instructor said, "All right! All you dummies fall out."

As the rest of the squad wandered away, I remained at attention.

The Instructor walked over until he was eye-to-eye with me, and then just raised a single eyebrow.

I smiled and said, "Sure was a lot of 'em, huh sir?"

The Fraternal Order Of Eagles Holds Annual Scholarship Golf Tournament

The Fraternal Order of Eagles Annual Scholarship Golf Tournament was held Saturday April 15 at Southern Hills Golf Course. The Annual Tournament helped raise money for the Eagles Scholarship Program which will present ten \$1,000 Scholarships to area students at the Scholarship Dinner to be held July 22 at the Eagles. Winners of this year's Tournament were Tim Warren, Jeff Myers, Kevin Davis and Donnie Searce. A dinner was held at the Eagles after the Tournament for the player's and prizes were awarded. Jeff Myers won the 50/50 and donated it to the scholarship fund. A big thank you to Jeff, our players and the Eagle members who did a great job with the tournament and food.

College Advice From The 'Experts' Who've Been There

Only 60 percent of college freshmen will graduate within 6 years according to the latest report from the National Center for Educational Statistics. That's pretty scary stuff for college-bound students and their tuition-paying parents — especially if loans are part of the financial formula.

Even for those students who make it to graduation, there may be some question as to whether they made the most of their time on campus. As this Northern Michigan University senior reflects, "There I was, about to graduate with some random degree and feeling like I'd wasted my parents money."

And from a University of Florida senior: "The problem with college is that you figure it out about the time you're ready to graduate."

Helping college students "figure it out" sooner rather than later is what the latest edition of the award-winning "Been There, Should've Done That — 995+ Tips for Making the Most of College," (Front Porch Press) continues to do. The 4th edition again draws from interviews with seasoned collegians across the U.S. According to author, Suzette Tyler, a former academic adviser at Michigan State University, "their 'expert' advice is refreshingly insightful and often more encompassing than might be found in an adviser's office."

"I could talk until I was blue in the face about things like time-management and self-discipline," Tyler explains, "but when a fellow student says, 'I got great grades and I never missed a party and here's how to do it,' it has far more impact.

Here are some tips from 'the experts':

- "The first few weeks are great. You're meeting people, partying ... no tests, no papers. Then ...WHAM! Everything's due in the same week! If you weren't hitting the books right along, you'll spend the rest of the term digging yourself out!" - Senior, University of California, Santa Cruz
 - "Gather all the syllabi during the first week of classes and write down the due date for every single paper, project, test or whatever. You'll see instantly which weeks are potential killers." - Junior, Wake Forest
 - "Sitting in a classroom is the easiest part of college and it cuts study time in half. Why make it hard on yourself? GO!" - Senior, University of Iowa
 - "What separated me from the masses was 'connecting' with a faculty member. I didn't even know what the possibilities were until he laid out a 'roadmap' and showed me a few shortcuts to get there. When my confidence was shaky, he reminded me that I could do it." - Graduate, University of Michigan.
 - "Pick the professor, not the time of day." - Junior, Duke University
 - "Get a job in the office of your major. You'll get to know everyone from the secretaries to the dean, all of whom can be very helpful. If any great opportunities come along, you'll be the first to know." - Senior, Indiana University
 - "There's no reason to fail! There are people here to help and it's free. Actually, you've paid for it so you might as well use it." - Senior, Michigan State University
- "The students who make the most of their college experience aren't necessarily the smartest ones. It's often the average kids who know how to utilize the system, connect with the professors, take advantage of extracurricular activities, and manage their time well who reap the rewards," Tyler says. "Been There, Should've Done That" can help students get all they can out of the next four years.

DCC Students Meet For President's Luncheon

Danville Community College students joined DCC President Dr. Bruce Scism on Tuesday, April 11, for lunch and a roundtable discussion about campus life in the Wyatt Building board room. The luncheon gave students an opportunity to provide input into the upcoming year's activities and initiatives and to share their ideas for the college at large. Pictured, seated, from left, are Shyheim Towles, representing the Student Government Association, Student Senate Treasurer Michael Sheetz, Student Senate Vice President Patrice Gear, Student Senate President Dustin Evans, Christopher Alvarez, representing the Student Government Association, Alpha Beta Gamma President Donnie Tremayne Coleman, and Phi Theta Kappa Secretary Luanne Davis; and, standing, Transfer and Student Activities Coordinator Kirstin Pantazis, David Wingfield, representing the Student Government Association, Makayla Dodson, representing the TEACH Club, Phi Theta Kappa Vice President Kellie Wyatt, Phi Theta Kappa President Nicholas Hines, Cameron Worsham, representing Alpha Beta Gamma, Garrett Richards, DCC Knights Baseball Team player #5, African American Culture Club Vice President Kimaya Hall, African American Culture Club President Ashley Wilson, and DCC President Dr. Bruce Scism.

Salome's Stars

ARIES (March 21 to April 19) Temper your typical Aries urge to charge into a situation and demand answers. Instead, let the Lamb's gentler self emerge to deal with a problem that requires delicacy.

TAURUS (April 20 to May 20) You are aware of what's going on, so continue to stand by your earlier decision, no matter how persuasive the counterarguments might be. Money pressures soon will ease.

GEMINI (May 21 to June 20) By all means, have fun and enjoy your newly expanded social life. But don't forget that some people are depending on you to keep promises that are very important to them.

CANCER (June 21 to July 22) You need to wait patiently for an answer to a workplace problem and not push for a decision. Remember: Time is on your side. A financial matter needs closer attention.

LEO (July 23 to August 22) You now have information that can influence that decision you planned to make. But the clever Cat will consult a trusted friend or family member before making a major move.

VIRGO (August 23 to September 22) Good news: You're finding that more doors are opening for you to show what you can do, and you don't even have to knock very hard to get the attention you're seeking.

LIBRA (September 23 to October 22) Your gift for creating order out of chaos will help you deal with a sudden rush of responsibilities that would threaten someone less able to balance his or her priorities.

SCORPIO (October 23 to November 21) Congratulations. Your energy levels are coming right back up to normal -- just in time to help you tackle some worthwhile challenges and make some important choices.

SAGITTARIUS (November 22 to December 21) The sage Sagittarian should demand a full explanation of inconsistencies that might be cropping up in what had seemed to be a straightforward deal.

CAPRICORN (December 22 to January 19) A conflict between obligations to family and to the job can create stressful problems. Best advice: Balance your dual priorities so that one doesn't outweigh the other.

AQUARIUS (January 20 to February 18) Don't guess, speculate or gossip about that "mystery" situation at the workplace. Bide your time. An explanation will be forthcoming very soon.

PISCES (February 19 to March 20) Boredom might be creeping in and causing you to lose interest in a repeat project. Deal with it by flipping over your usual routine and finding a new way to do an old task.

BORN THIS WEEK: You can warm the coldest heart with your lyrical voice and bright smile. You find yourself at home, wherever you are.

The Month of April is National Safe Digging Month Danville Utilities offers the Following Safety Tips

**APRIL IS NATIONAL SAFE
DIGGING MONTH**

Danville Utilities wants to remind you that it is **STATE LAW** to call 811 before you start digging around your property for that spring project. When you call 811 a professional locator will come out to your property and locate all underground utilities that you may not know about, such as buried water, phone, electric, and gas lines. This service is **free** and can help you avoid a costly and possible dangerous excavation accident. When you call you must wait the required time (3 days) before digging, so plan ahead. Call by Tuesday to dig on Saturday.

Remember to always call before you dig, no matter how large or small your project is, if you dig you must call.

CARBON MONOXIDE

Incomplete combustion of any fuel produces carbon monoxide. Carbon monoxide is poisonous and has no odor, taste or color. Carbon monoxide detectors are very helpful in the detection of this harmful gas but they are no substitute for using gas burning appliances or apertances properly. This includes having them serviced and inspected once a year by a certified contractor.

Possible symptoms of carbon monoxide poisoning:

- Dull headache
- Weakness
- Dizziness
- Nausea and vomiting
- Chest pain
- Confusion
- Impaired judgment and irritability

**WHAT TO DO IF YOU SUSPECT
A GAS LEAK**

Look for blowing dirt or continued bubbling of standing water.

Listen for loud hissing or roaring sound near natural gas appliances or lines.

Smell for the distinctive rotten-egg scent, act even if it is a small amount.

Leave the area **at once** if you detect a leak. Do not try to locate or fix the leak.

Call Danville Utilities at 434-799-5284 or 911 once you are safely away from the area. Stay away until a Danville Utilities representative or emergency personnel indicate it is safe.

Remember while near a possible gas leak, do not touch or use anything that could cause a spark, such as lighters, matches, flashlights, light switches and telephones including cell phones.

- 1/2 cup chopped, toasted nuts (optional)
- 2 teaspoons ground cinnamon
- 1 pound frozen bread dough, thawed according to package directions
- 2/3 cup raisins

Grease 12 muffin cups with 1 tablespoon butter.

To prepare honey nut topping: Mix together 1 tablespoon butter, 1/4 cup honey and chopped nuts, if desired. Place 1 teaspoon topping in each muffin cup.

To prepare buns: Mix together remaining butter, remaining honey and cinnamon. Roll out bread dough onto floured surface into 18-by-8-inch rectangle. Spread filling evenly over dough. Sprinkle evenly with raisins.

Starting with long side, roll dough into log. Cut log into 12 slices, 1 1/2 inches each. Place one slice, cut-side up, into each prepared muffin cup. Set muffin pan in warm place; let dough rise 30 minutes.

Heat oven to 375 F.

Place muffin pan on foil-lined baking sheet. Bake 20 minutes, or until buns are golden brown. Remove from oven; cool in pan 5 minutes. Invert muffin pan to remove buns.

Mini Popcorn Balls with Chocolate 'Fondue'

Prep time: 25 minutes
Servings: 12

- 1 bag Orville Redenbacher's Smart Pop! 94 Percent Fat-Free Butter Microwave Popcorn nonstick cooking spray
- 1/4 cup stick butter or margarine (1/4 cup = 1/2 stick)
- 1 package (10 ounces) marshmallows
- 1/2 teaspoon vanilla extract
- 1 1/2 cups light chocolate syrup
- colored candy sprinkles (optional)

Prepare popcorn according to package directions. Remove all un-popped kernels. Spray large bowl with nonstick spray; add popped corn.

In medium saucepan over medium heat, melt butter. Add marshmallows and vanilla. Heat 5 minutes, or until marshmallows melt, stirring frequently. Pour over popcorn; mix well with spoon sprayed with cooking spray. Moisten hands with water before shaping popcorn mixture into 24 small balls, about 1/3-cup popcorn mixture each.

In small saucepan, heat chocolate syrup over medium heat 5 minutes, or until warm, stirring occasionally. Transfer to small, fondue-style pot.

Use wooden skewers or fondue forks to pick up popcorn balls and dip into chocolate and sprinkles, if desired.

An Un-beet-able Dessert

There's nothing like a colorful dessert to cap off an evening of entertaining. These vibrant cupcakes don't need artificial dyes to give them their red hue. The secret ingredient is beet, which adds coloring and packs fiber, manganese and iron. Find more healthful recipes perfect for any gathering at aicr.org.

Red Velvet Cupcakes

Reprinted with permission from the American Institute for Cancer Research
Servings: 12

- 1 cup canned beets, drained
- 1/2 cup reduced-fat buttermilk, divided
- 1/2 teaspoon white vinegar
- 1/2 teaspoon vanilla extract
- 3/4 cup, plus 2 tablespoons, unbleached all-purpose flour
- 6 tablespoons unsweetened natural cocoa, plus 1-2 tablespoons for decorating
- 1/2 teaspoon baking powder

- 1/2 teaspoon baking soda
- 1/2 teaspoon ground cinnamon
- 1/2 teaspoon kosher salt
- 1/3 cup canola oil, chilled
- 3/4 cup sugar
- 1 large egg, cold

Cream Cheese Frosting:

- 2/3 cup confectioners' sugar
- 4 tablespoons reduced-fat cream cheese

- 1/2-1 teaspoon vanilla extract

Heat oven to 350 F. Drop paper liners into 12-cavity muffin pan.

Working knife up and down in measuring cup, coarsely chop beets. Place beets in blender, add 1/4 cup buttermilk and blend until beets are finely chopped. Add remaining buttermilk, vinegar and vanilla and blend to puree. Set beet mixture aside.

In small bowl, combine flour, 6 tablespoons cocoa, baking powder, baking soda, cinnamon and salt, and set aside.

In medium bowl, combine oil and sugar. With hand mixer on medium speed, mix until sugar is evenly moistened. Add cold egg and beat on high until mixture resembles

mayonnaise and sugar is almost completely dissolved, 90 seconds. Add beet mixture and beat until combined. Sift dry ingredients into bowl and mix, either on low speed or by hand until combined with wet ingredients.

Divide batter evenly among lined muffin cups, filling them about two-thirds full.

Bake cupcakes 28-30 minutes, or until tops feel springy. Immediately transfer cupcakes to wire rack and cool completely before frosting.

Ice cupcakes, using about 1 tablespoon frosting for each. Place remaining cocoa in strainer and sprinkle over frosted cupcakes. If desired, let cupcakes sit at room temperature to allow frosting to set, about 2 hours. **Note:** Frosted cupcakes can sit at room temperature for up to 12 hours.

To make Cream Cheese Frosting: In small bowl, work sugar and cream cheese together with wooden spoon or hand mixer until combined. Mix in vanilla.

Note: Frosting is best when refrigerated 8 hours or overnight, loosely covered, before using. It keeps in refrigerator 5 days.

DCC Speaker Brings Justice To The "Disappeared"

Danville, Va., April 14, 2017 — Danville Community College hosted renowned speaker and cultural anthropologist Fredy Peccerelli for a guest lecture on Thursday, April 13, in Oliver Hall about his organization's efforts to identify the bodies of more than 40,000 "disappeared" Guatemalan citizens from the country's 1960-1996 civil war.

Peccerelli founded an organization called the Forensic Anthropology Foundation of Guatemala (FAFG) to use DNA, archaeology, and storytelling to assist families with finding the previously unidentified bodies of their loved ones after he learned about cultural anthropology in college.

"It's a sobering task, but it can bring peace of mind — and sometimes, justice," Peccerelli explained.

Peccerelli delivered a TED Talk in 2014, available at ted.com, about his efforts to bring closure to the families of 40,000 of the more than 200,000 Guatemalan citizens who were killed during the Latin American country's 36-year civil war from 1960 to 1996. These 40,000 victims were never found and are referred to as the "disappeared."

La Comisión para el Esclarecimiento Histórico (CEH) or Guatemala's Historical Clarification Commission was formed in 1994 and produced much of the data and reports upon which FAFG's work is based.

According to FAFG's website, "El informe de CEH revela que 'La Desaparición Forzada fue una violación a los derechos humanos que se registró a lo largo de todo el período de duración del enfrentamiento armado.'"

Translated, the statement indicates that "Forced disappearance was a violation of human rights that was recorded throughout the entire duration of the armed confrontation."

For 36 years, family members, friends, coworkers, and others seemingly vanished with no explanation and no path to healing for those left behind.

On Thursday, Peccerelli talked to DCC students, faculty, and staff about what happened to the thousands of "disappeared" people and that they were mostly executed or forced into slave labor before being executed. During the question-and-answer session at the end of the lecture, he explained that he doesn't believe his work brings closure to families, but that it does create a pathway to healing and, in some cases, justice.

Starting in the mid-1990s, the "disappeared" began to be located in unmarked mass graves with very little identifying information to connect them with the CEH dossier. Enter Peccerelli and FAFG, who work to provide solace to the families of the "disappeared" and to provide evidence for the trials of those involved in their deaths.

Peccerelli was born in Guatemala, but he and his family fled to Brooklyn, New York, when he was nine years old after his father received threats from a death squad in 1980.

Peccerelli also talked about an upcoming Steven Spielberg documentary, Finding Oscar, which debuted on April 14 at select theatres in the United States.

For more information about Peccerelli and the Fundación de Antropología Forense de Guatemala, visit www.fafg.org. For information about upcoming free public lectures at Danville Community College, see the events calendar at www.danville.edu.

Centra To Host Fair For Children And Families Affected By Autism

LYNCHBURG, VA. — Centra Autism and Developmental Services will sponsor a resource fair on April 29th for area children, adults and families affected by autism spectrum disorders.

This free event will be held from 10am-1pm at Centra Alan B. Pearson Regional Cancer Center, 1701 Thomson Drive, Lynchburg, VA 24501. Parking is available in the main lot.

The fair will feature sensory stations for the kids as well as other activities, child care provided by trained professionals, community autism service providers that can offer information, vendors with products for sale, and free refreshments. There will also be services for parents.

"With one in 68 children being diagnosed on the autism spectrum, we recognize the need for people to receive support and have access to resources. We are proud to be able to showcase some of the great local organizations who provide services to people with autism" says Crystal Collette, manager of Centra Autism Services. For more information or to register for the Resource Fair, or to get involved, please contact Jill Goughnour at jill.goughnour@centrahealth.com or call 434-200.4447 or visit CentraAutism.com

About Autism

Autism is a general term used to describe a group of complex developmental brain disorders – autism spectrum disorders – caused by a combination of genes and environmental influences. These disorders are characterized, in varying degrees, by communication difficulties, social and behavioral challenges, as well as repetitive behaviors. An estimated one in 68 children in the U.S. is on the autism spectrum – a 78 percent increase in six years that is only partly explained by improved diagnosis.

Friends Ask For Support for Joan Yeatts, Their Former Boss
 Have you ever gone through stress in your life? We would like to request your assistance in helping our former boss, Joan Yeatts, who has gone through more than her share for over 6 years. Joan was a caregiver for her husband, James Yeatts, who passed away in January 2017. Although James was a veteran, their finances were drained due to his health issues. During this time she had major shoulder surgery. In March, she was taken to Roanoke, as she had been diagnosed with a brain bleed, which she is currently recuperating from. To stay at home, she has had to hire sitters to stay with her. This precious woman has been through so much already, and is now facing trips to a neurologist, as well as having to seek treatment from Hematology and Oncology Specialists in Lynchburg. Needless to say, these trials have drained her emotionally, physically, and financially. Joan has always been a hard worker and so compassionate. She has always been there for her friends, family, and coworkers. During our time working together, Joan instigated numerous fundraisers, raffles, yard sales, etc. to assist needy families in our area. If GOD lays it upon your heart, we would greatly appreciate it if you could support Joan, whether prayerfully, financially, or emotionally. If you would like to send a donation, the address is 1009 David Giles Lane, Blairs VA 24527. **Thank you so much,** Sandra Warrick, David Rust, & Debra Simmons *Friends and former employees of Joan Yeatts.*

FLASH BACK

POP ROCK & SOUL TRIVIA BY MICHAEL HARPER

- Which girl group recorded the 1950s-era "Hearts of Stone"?
- What's that weird sound at the beginning of the Safari's "Wipe Out"?
- Name the 1957 song that was used in "The X-Files" season four "Home" episode.
- What was the title of the Edgar Winter Group's 1974 album?
- Name the song that contains this lyric: "Ocean's apart day after day, And I slowly go insane, I hear your voice on the line, But it doesn't stop the pain."

Answers

- The Fontane Sisters, of New Jersey. The trio retired in 1961, not wanting to be part of the rock 'n' roll scene.
- The sound of a surfboard breaking, which is where the song got its name. To "wipe out" is to fall off the surfboard.
- "Wonderful! Wonderful!" "Home" was "The X-Files" first episode to have a viewer warning for graphic content.
- "Shock Treatment"
- "Right Here Waiting," by Richard Marx, in 1989. He wrote the song to his wife while she was on location in South Africa. The song climbed the charts around the world, hitting No. 1 in Australia, Canada, Ireland, New Zealand and the U.S.

The Garden Bug
Planting by the moon

Just as the moon influences the tides, it also has a gravitational effect on the moisture within the earth, and the moisture within plants themselves.

From the day the moon is 'new' to the day it is 'full', plant annual flowers and vegetables that bear crops *above* ground.

From the day after it is 'full' to the day before it is 'new' again, plant flowering bulbs, biennial and perennial flowers, and vegetables that bear crops *below* ground. - Brenda Weaver

THE HISTORY CHANNEL

* On May 1, 1926, Ford Motor Company becomes one of the first companies in America to adopt a five-day, 40-hour week for its automotive factory workers. Other manufacturers soon followed Ford's lead, and the Monday-to-Friday workweek became standard.

* On May 7, 1945, Gen. Alfred Jodl of the German High Command signs the unconditional surrender of German forces. Jodl had hoped to limit the terms of German surrender, but Allied commander Gen. Dwight Eisenhower demanded complete surrender.

* On May 3, 1952, a ski-modified U.S. Air Force C-47 becomes the first aircraft to land on the North Pole. Lt. Col. Joseph Fletcher walked to the exact geographic North Pole, probably the first person ever to do so.

* On May 2, 1964, an explosion of a charge assumed to have been placed by Viet Cong terrorists sinks the USNS Card at its dock in Saigon. No one was injured and the ship was eventually raised and repaired.

* On May 4, 1970, National Guardsmen open fire on a group of unarmed antiwar demonstrators at Kent State University in Ohio, killing four students and wounding nine. The nearest casualty was 20 yards away. A federal court later dropped all charges against eight Ohio National Guardsmen.

* On May 5, 1776, British Lt. Gen. Henry Clinton issues a proclamation denouncing North Carolina patriots' "wicked rebellion" and recommends that the inhabitants return their allegiance to the king. Although he offered full pardons to all persons, it was not a success and he abandoned the area.

* On May 6, 1994, a rail tunnel under the English Channel officially opens, connecting Britain and the European mainland for the first time since the Ice Age. The "Chunnel" runs below the seabed for 23 miles. Each day, about 30,000 people, 6,000 cars and 3,500 trucks journey through the Chunnel.

CHICKEN LO MEIN

Here's an "Americanized" version of a classic Chinese dish that has a great flavor of the Orient!

- 1 (14-ounce) can Swanson Lower Sodium Fat Free Chicken Broth
- 2 tablespoon reduced-sodium soy sauce
- 1/4 teaspoon ground ginger
- 1/4 teaspoon dried minced garlic
- 2 cups frozen Oriental or stir-fry vegetables, thawed
- 1 1/2 cups broken uncooked spaghetti
- 1 1/2 cups diced cooked chicken breast
- 1/4 cup sliced green onion

1. In a large skillet, combine chicken broth, soy sauce, ginger and garlic. Bring mixture to a boil. Stir in vegetables and uncooked spaghetti. Continue cooking for 8 to 12 minutes or until vegetables are just tender, stirring occasionally. Add chicken. Mix well to combine.
2. Continue cooking until mixture is heated through and vegetables and spaghetti are tender, stirring often. When serving, top each dish with 1 tablespoon green onion. Makes 4 (1 cup) servings.

TIPS: 1) Thaw vegetables by rinsing in a colander under hot water for one minute. 2) If you don't have leftovers, purchase a chunk of cooked chicken breast from your local deli.

* Each serving equals: 231 calories, 3g fat, 22g protein, 29g carbs, 673mg sodium, 51mg calcium, 2g fiber; Diabetic Exchanges: 2 Meat, 1 1/2 Starch, 1/2 Vegetable; Carb Choices: 2.

Now here's a tip!
by Jo Ann Derson

* "Add dryer sheets to storage totes along with clothes and shoes." -- M.W. in Iowa

* "Try soaking an ink stain in rubbing alcohol for a few minutes before putting the garment in the wash." -- B.D. in Virginia

* A.H. from Texas writes: "If you do a lot of bead work or have children who collect rocks, save your old pill bottles with the labels peeled off to put beads/rocks/findings into. The pill bottles are clear enough to see what's inside, and it saves money on pricey, specifically designed containers."

* "When your container of cornstarch is empty, take a dry cloth and wipe it out. Now you can use these canisters for your children's crayons. When there's a group of children, everyone can have their own crayons. You also can use these canisters for erasers, pins, buttons, beads, etc." -- D. in Virginia

* "I do dishes the old-fashioned way: in the dishpan in the sink. I put a second dishpan in the other sink and rinse the dishes over it to catch the water. I then use it to flush the toilet. I can flush at least three times a day with the rinse water. Washing your produce also takes a lot of water that you can catch in the dishpan and use for watering outdoor plants." -- C.S.R. in Florida

* "Instead of using candles during a power failure, most hardware stores and home-improvement centers sell battery-powered lanterns for \$16 to \$20, and some last for days." -- J.P. in New Jersey
