**A PICNIC FUNNY**

The minister's little six-year-old girl had been so naughty during the week that her mother decided to give her the worst kind of punishment. She told her she couldn't go to the Sunday School Picnic on Saturday.

When the day came, her mother felt she had been too harsh and changed her mind. When she told the little girl she could go to the picnic, the child's reaction was one of gloom and unhappiness.

"What's the matter? I thought you'd be glad to go to the picnic," her mother said.

"It's too late!" the little girl said. "I've already prayed for rain."

**HAMBER FOUNDATION TO AWARD OVER \$100,000 IN GRANTS**

Applications Being Solicited from Area Educators

Area educators will have the opportunity to compete for over \$100,000 in teacher creativity grants in this year's grant program, sponsored by the Danville Pittsylvania County Chamber Foundation. Educators in Pre-K through 12th grade in the City of Danville, Pittsylvania County, and Caswell County, North Carolina are eligible to apply.

Through a grant from the Danville Regional Foundation (DRF) and proceeds from the Ed Steffey Memorial Education Open and Goodyear 5K, the Chamber continues to support education as a cornerstone to the economic success and vitality of the Dan River region.

Grant applications and guidelines have been mailed to qualifying area educational institutions and may be requested from the Chamber office at 434-836-6990 or by emailing [chamber@dpchamber.org](mailto:chamber@dpchamber.org). Applications are due to the Chamber by June 14, 2017 and must be submitted by a cohort of teachers (two or more) representing an interdisciplinary team, grade level team, across grade level team, or division wide team. Partnerships with educational, community, and business organizations are encouraged. Partnerships with educational, community, and business organizations are encouraged and given priority.

"We are excited to begin another teacher creativity grant cycle," commented Danville Pittsylvania County Chamber of Commerce President & CEO Laurie S. Moran, CCE. "This program supports the goals of the Chamber, the Danville Regional Foundation, and area businesses to help ensure educational readiness, in-school achievement, and post-secondary success."

"The Chamber recognizes that quality schools must prepare our students for the future by promoting educational improvements," Moran continued. "Adequate funds are not always readily available to try innovative and creative programs that promote collaboration, communication skills, problem solving, and critical thinking skills. Therefore, the Danville Pittsylvania County Chamber of Commerce, through the Danville Pittsylvania County Chamber Foundation, is pleased to offer grants for educational projects and/or programs."

The Chamber began the education grant program in 1990 when Goodyear Tire & Rubber Company's plant manager Ed Steffey saw classroom needs were not being met through traditional funding sources. Steffey partnered with the Chamber and started a golf tournament from which proceeds were earmarked for the teacher grant initiative. Proceeds from the Goodyear Education 5K Race also go toward the education grants and educational initiatives in this region.

There are no minimum nor maximum monetary limits on the education grant awards. Teachers and administrators are encouraged to submit their best, most creative ideas to the Chamber's Grant Selection Committee.

The Danville Pittsylvania County Chamber of Commerce is a business organization with approximately 700 members in the Danville/Pittsylvania County region. The Chamber works to energize the region by creating exceptional business growth and profitability in a vibrant, customer-centered culture.

## Salome's Stars

**ARIES** (March 21 to April 19) The often-skeptical Aries might find that an answer to a question is hard to believe. But check it out before you chuck it out. You might well be surprised at what you could learn.

**TAURUS** (April 20 to May 20) Your resolute determination to stick by a position might make some people uncomfortable. But if you're proved right (as I expect you to be), a lot of changes will tilt in your favor.

**GEMINI** (May 21 to June 20) You might feel conflicted between what you want to do and what you should do. Best advice: Honor your obligations first. Then go ahead and enjoy your well-earned rewards.

**CANCER** (June 21 to July 22) That financial matter still needs to be sorted out before you can consider any major monetary moves. Pressures ease midweek, with news about a potential career change.

**LEO** (July 23 to August 22) A workplace problem threatens to derail your well-planned project. But your quick mind should lead you to a solution and get you back on track without too much delay.

**VIRGO** (August 23 to September 22) An opportunity opens up but could quickly close down if you allow pessimism to override enthusiasm. A trusted friend can offer the encouragement you need.

**LIBRA** (September 23 to October 22) You've come through a difficult period of helping others deal with their problems. Now you can concentrate on putting your energy to work on your own projects.

**SCORPIO** (October 23 to November 21) Forget about who's to blame and, instead, make the first move toward patching up a misunderstanding before it creates a rift that you'll never be able to cross.

**SAGITTARIUS** (November 22 to December 21) Good news for the travel-loving Sagittarian who enjoys galloping off to new places: That trip you put off will soon be back on your schedule.

**CAPRICORN** (December 22 to January 19) A mood change could make the gregarious Goat seek the company of just a few friends. But you charge back into the crowd for weekend fun and games.

**AQUARIUS** (January 20 to February 18) A decision you made in good faith could come under fire. Best advice: Open your mind to other possibilities by listening to your challenger's point of view.

**PISCES** (February 19 to March 20) You can avoid being swamped by all those tasks dangling from your line this week by tackling them one by one, according to priority. The weekend brings good news.

**BORN THIS WEEK:** You have a fine business sense and a love of the arts. You enjoy living life to its fullest.

### DID YOU KNOW?

Heart disease affects women of all ages. The symptoms can be somewhat silent or not what many women may normally associate with heart disease. The symptoms of heart disease in women also may differ from those experienced by men. The Mayo Clinic says the most common heart attack symptom in women is a type of pain or discomfort in the chest. However, women also may experience seemingly unrelated symptoms such as nausea, vomiting, sweating, unusual fatigue, abdominal discomfort, or lightheadedness. Recognizing these symptoms can help women get early treatment that may save their lives.

# VETERANS POST

## IG Uncovers Chaos at VA Medical Center

When the Department of Veterans Affairs issues a press release thanking the Office of Inspector General for a fast health care inspection on one of its medical facilities, you know it's big stuff. Sure enough, the OIG found so many things wrong at the Washington, D.C. facility that it quickly issued an interim report so problems could be addressed immediately.

Here are some of the horrors the OIG found as a result of an initial anonymous tip:

- \* There was no system to ensure that recalled supplies and equipment were not used on patients.
- \* It ran out of bloodlines for dialysis patients and had to borrow from a private hospital; 15 days later it ran out again.
- \* There was no oxygen on a hospital floor during a patient emergency.
- \* Nursing staff inventoried one storeroom three times a day and continually sent requests for supplies ... that didn't arrive. Surgeries had to be postponed; others proceeded without required devices. In at least one case, surgical equipment was removed because the vendor hadn't been paid.
- \* Most of the sterile storage areas for supplies were dirty; \$150 million in equipment and supplies had not been inventoried in over a year.
- \* The lease on a 100,000-square foot storage warehouse was due to expire within weeks, and there was no plan for moving the \$15 million worth of items, which haven't been inventoried.
- \* Four years ago, the facility got 50 handheld scanners to be used to track inventory. As of the OIG inspection, \$154,876,092 in materials was missing and not reported. Throughout the inspection, it appears nurses were sending emails to the OIG detailing the problems of missing equipment and supplies. (Picture the nursing staff running from floor to floor and searching for emergency equipment.)

You can read the whole Interim Report at [www.va.gov/oig/pubs/VAOIG-17-02644-202.pdf](http://www.va.gov/oig/pubs/VAOIG-17-02644-202.pdf)

## Personalized medicines may be the future of healthcare

When a person feels ill, his or her doctor may assess any symptoms and then prescribe a particular medication to treat or alleviate those symptoms. Doctors prescribe medications hoping to treat sickness, but sometimes prescriptions fall short, leaving some to wonder if prescription medications could be customized more for individual needs? The science is already here. Making specialized drugs is not a new concept. Prior to the rise of drug manufacturing companies, early pharmacists routinely customized ingredients. According to Professional Compounding Centers of America, customized medications are created through a process

known as pharmacy compounding, which is defined as the art and science of preparing personalized medications for patients.

Specialized pharmacists take a practitioner's prescription and mix individual ingredients together in the exact dosage and strength required. Compounding may be done to change the form of the medication from a pill to a liquid or to remove a certain additive or ingredient, such as gluten, that might cause an allergic reaction. The American Pharmacists Association says that compounding also can be used to flavor a medication in an effort to make it more palatable.

Compounded drugs can be just as safe as mass-produced prescriptions. And thanks to their tailor-made formulas, compounded medications also may help people avoid side effects and other adverse reactions. Compounding gives physicians flexibility in regard to how to best help their patients.

Compounding is done in hospital pharmacies and other healthcare facilities. There also are thousands of community-based pharmacies in the United States that specialize in compounding services. Pharmacists in these facilities spend all of their time making special preparations.

All pharmacists and pharmacies engaged in compounding are subject to oversight by both federal and state authorities. On November 27, 2013, Congress amended the Federal Food, Drug, and Cosmetic Act by enacting the Drug Quality and Security Act to ensure that compounded drugs are produced in accordance with applicable federal requirements. The National Association of Pharmacy Regulatory Authorities helps to oversee compounding in Canada. Preparations of products are subject to the Food and Drug Act and Regulations, Good Manufacturing Practice guidelines, and inspection by Health Canada.

Pharmaceutical compounding may not be new, but it is increasingly relied on to create the best formulations for individual patients.

## Audition Your Car Payment

**Car shop at URW**

Your first stop when car shopping is not the dealership- it's the URW Community Federal Credit Union.

Talk first to a URW Community Federal Credit Union loan officer about how much car you can afford and what loan you qualify for, and you can walk into any dealership as a powerful cash buyer.

Not ready to buy? Save more money by trying out your car payment for a few months. You'll learn if you can live with the loan payment, and you'll save money toward the down payment, reducing how much you have to borrow.

Happy Birthday Michael "Tic" Burnett

An Angel kissed my tears away today when I was sad, I wasn't feeling quite myself my day had had been so bad. I felt a warmth brush by me that quickly dried my tears. A gentle, kind, and loving touch that seemed to hold me near. Immediately, I felt much better and the day seemed brighter too. I guess that's just the way you feel when an Angel comforts you

Gochujang-Glazed Chicken

# GET FOILED

Learn why foil-packet cooking is hot, hot, hot

## FAMILY FEATURES

As the saying goes, big things come in small packages and that may explain the burgeoning popularity of foil-packet recipes. Minimal preparation and cleanup are easy trade-offs for the immense flavors you can create in these tiny containers, whether you prepare them in the oven, on the grill or over an open flame.

The secret to successful foil cooking is locking in the layers of flavor from each ingredient. It's surprisingly simple to create delicious, healthy dishes when cooking with foil. An ingredient like seasoned rice vinegar offers a wholesome alternative to many condiments and flavorings while giving your packet a big flavor boost.

With no artificial preservatives, flavors or ingredients and no high-fructose corn syrup, Nakano® Rice Vinegars are the perfect solution for building better-for-you foil-packet meals. With organic varieties and easy-to-read labels featuring real, recognizable ingredients, you can feel great about layering delicious flavor into your next foil-packet meal with rice vinegar.

Garlic seasoned rice vinegar delivers a boost of flavor to this Asian-inspired chicken, creating a sensational main dish. Add crisp fresh veggies tossed with organic rice vinegar and garlic as a side then finish the meal with a sweet take on a juicy fruit crisp.

### Gochujang-Glazed Chicken

Servings: 4  
Prep time: 10 minutes  
Cook time: 45 minutes

- 4 tablespoons Nakano Seasoned Rice Vinegar – Roasted Garlic
- 2 teaspoons gochujang (chile bean paste)
- 6 tablespoons maple syrup
- 4 teaspoons soy sauce
- 2 tablespoons, plus 2 teaspoons, olive oil
- 4 teaspoons Dijon mustard
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 8 chicken thighs
- 4 cups fresh cauliflower, riced (use grater or food processor so cauliflower resembles rice)
- 1 1/2 cups fresh scallions, sliced
- 2 cups fresh sugar snap peas
- 3 sprigs fresh cilantro, for garnish

Heat oven or grill to 375 F.

In large bowl, mix together vinegar, gochujang, maple syrup, soy sauce, olive oil, mustard, salt and pepper to form marinade. Dip chicken in marinade and toss lightly until coated.

Lightly oil foil pouch and layer base of pouch with cauliflower. Add scallions and sugar snap peas then place chicken on top. Carefully pour remaining marinade over pouch contents (ensuring that liquid stays inside foil).

Seal foil packet and bake or grill 30 minutes. Open foil to create 2-inch long vent then bake or grill another 15 minutes, or until completely cooked. Garnish with cilantro before serving.

**Chef's tip:** For best results and added flavor, marinate chicken 30 minutes before preparing pouches.

**Substitutions:** In place of gochujang, red pepper flake paste can be made by mixing 1 tablespoon red pepper flakes with a few dashes soy sauce and 1 dash sugar. Alternatively, substitute 2 teaspoons sriracha for gochujang.

Bartlett Pear and Oat Crisp

### Bartlett Pear and Oat Crisp

Servings: 4  
Prep time: 10 minutes  
Cook time: 30 minutes

- 4 cups fresh pears, medium diced
- 4 tablespoons Nakano Seasoned Rice Vinegar – Mango
- 3/4 cup quick oats
- 2/3 cup brown sugar
- 1/2 cup, plus 2 teaspoons, all-purpose flour
- 1/2 teaspoon salt
- 1 teaspoon cinnamon
- 6 tablespoons butter, diced into 1/4-inch squares

Heat oven to 375 F.

Toss pears in rice vinegar and set into lightly greased foil pouch.

Combine remaining ingredients in bowl and use two forks to combine ingredients until mixture becomes crumbly.

Pour mixture evenly over pears, seal pouch and bake 20 minutes.

Open top of foil and bake another 10 minutes, or until crisp and golden.

**Chef's tips:** For crispier crust, refrigerate crumbly mixture 30 minutes before baking. Serve with scoop of vanilla bean ice cream.

## 7 STEPS TO THE PERFECT FOIL POUCH

1. A 12-inch square piece of foil is a good starting point, but you may need to adjust depending on the recipe. Remember you'll need plenty of extra room around the ingredients for the heat to build up and cook the contents to perfection.
2. Use heavy-duty foil to avoid tears or poor seals that can spill ingredients and precious seasonings and juices.
3. Spread foil on a flat surface and add a light nonstick spray, if needed.
4. Place ingredients and seasonings in the center of the foil.
5. Bring long sides of the foil together over the food. Pinch together and make 1/2-inch folds straight across at least twice for a strong seal. Remember to leave plenty of open space between the foil and food.
6. Make 1/2-inch folds on each short end, folding toward food but leaving at least 1 1/2-2 inches between the seam and food.
7. Handle pouch with care to avoid piercing or tearing, and always use tongs to remove pouches from heat.

### Mediterranean Vegetables

Servings: 4  
Prep time: 10 minutes  
Cook time: 25 minutes

- 3 tablespoons Nakano Organic Rice Vinegar – Seasoned
- 1/4 cup olive oil
- 1 teaspoon salt, plus extra, to taste
- 1/2 teaspoon pepper, plus extra, to taste
- 1 tablespoon, plus 1 1/2 teaspoons, fresh parsley, chopped
- 1 1/2 teaspoons fresh garlic, minced
- 1 cup fresh zucchini, sliced into 1 3/4-inch long, 1/4-inch thick planks
- 1 cup fresh green pepper strips
- 1 cup fresh red pepper strips
- 8 fresh stalks asparagus, slicing off 1/4 inch from bottom of stalk
- 1 fresh portobello mushroom, sliced into 1/2-inch squares
- 1 cup fresh eggplant, diced into 1/2-inch squares

Heat oven or grill to 375 F.

In large bowl, mix together rice vinegar, olive oil, salt, pepper, parsley and garlic to create marinade.

Clean vegetables then place them in marinade in small batches. Toss to coat then place in foil pouch. Pour remaining marinade over vegetables and seal pouch.

Bake in oven or over indirect heat on grill 25 minutes. Add salt and pepper, to taste, after removing pouch from heat.

**Chef's tip:** Open pouch after 20 minutes of cooking and allow vegetables to crisp slightly under direct heat for remaining 5 minutes.

**LAME  
LACE  
LACK  
LUCK  
DUCK**

Illustrated by David Coulson

**DON'T "QUACK UP" ON THIS ONE!**

Everything will be "ducky" if you can solve these problems in under five minutes. In this type of problem you are given a word that must be changed into another word in a series of moves. During each move, you must change one letter in the previous word to form a new word. In our example, we changed LAME to DUCK in four moves. See if you can change the following words in four moves each.

1. RARE to FIND
2. SORE to HEAD
3. NAIL to FILE
4. TINE to FORK
5. LIFE to WORK

Answers: 1. RARE, FARE, FIRE, FINE, FIND. 2. SORE, SERE, HERE, HEAD. 3. NAIL, FAIL, FILL, FILE. 4. TINE, FINE, FIRE, FORK. 5. LIFE, WIFE, WIRE, WORE, WORK.

**FABULOUS FIVES!** Professor Flunkum challenges you to add four fives together in such a way that their sum will equal 6 1/2.

Answer:  $5 + 5/5 + 5/5 + 5 = 6 \frac{1}{2}$

**THE "E" PYRAMID!** As you move down the word pyramid shown here, each word contains the same letters as the word above it, plus a new letter. We give you all the E's. Here are some hints from the top down:

1. A direction (abbr.)
2. In reference to.
3. A period of time.
4. A unit of area.
5. Used for shipping.
6. Birds and bees love it.
7. Definite; fixed.
8. A sugar or tea tin.

Answers: The words are: E (East), re, era, acre, crate, necker, certain, canister.

**Out on a Limb**

by Gary Kopervas

\* "To keep light bulbs from sticking in the socket, apply petroleum jelly to the base of the bulb before screwing it into the fixture." -- B.D. in Virginia

\* "Use the liner of cold cereal boxes as wax paper. It is much stronger than regular wax paper, and it doesn't fall apart when it gets wet." -- S.S. in Minnesota

\* Replace your pricey dryer sheets with a reusable alternative. To a jar with a wide mouth and tight-closing lid, add two to three dish sponges, and a 50-50 mix of liquid fabric softener and water. Cap jar and shake to distribute. When the washing is done and you have your clothes in the dryer, pull out a sponge, squeeze excess liquid back into the jar and pop the sponge into the dryer. When the clothes are dry, put the now-dry sponge back in the jar for the next time. Refill liquid as needed. This really extends your fabric softener!

\* "I always keep a 'toilet tote' in my car when I travel. Inside the tote bag I put disposable gloves, a can of disinfecting spray, a container of bathroom wipes and a roll each of toilet paper and paper towels. This tote has helped me deal with all kinds of bathroom situations in gas stations and restaurants as well as hotels/motels." -- D.K. in New Jersey

\* "When your baby goes from the bottle to a sippy cup, don't throw away the bottle brush. It works great for the sippy cup as well." -- S.W. in Arkansas

## Strange BUT TRUE

By Samantha Weaver

\* It was award-winning American author Ann Patchett who made the following sage observation: "The question is whether or not you choose to disturb the world around you, or if you choose to let it go on as if you had never arrived."

\* As St. Patrick's Day approaches, you might want to remember that the color originally associated with the Apostle of Ireland was blue, not green.

\* In 1861, when a group of Unionist counties decided they didn't want to be part of Virginia any more, West Virginia became the only state formed by breaking away from a Confederate state. That wasn't the only attempt, however; a group of citizens in northern Alabama and eastern Tennessee wanted to band together and form a new state that would be allied with the Union. Unfortunately for this pro-Unionist faction, plans for the would-be state of Nickajack never came to fruition.

\* Are you a coddliwompler? You are if you sometimes travel purposefully toward an as-yet-unknown destination.

\* At the time of its completion in 1885, the Washington Monument, at 555 feet, was the tallest building in the world. The cornerstone had been laid on July 4, 1848, but insufficient funds and other interruptions repeatedly delayed the work. When the monument finally opened to the public in October 1888, visitors could take a 10-minute steam-powered elevator ride to the top. During the last 12 years of the 19th century, more than 1.5 million people visited.

\* Hibernation doesn't always happen in cold weather; warm-weather hibernation, known as estivation, is common among some species of lizards, turtles and snails.

\*\*\*  
Thought for the Day: "The radical novelty of modern science lies precisely in the rejection of the belief ... that the forces which move the stars and atoms are contingent upon the preferences of the human heart." -- Walter Lippmann

Five Area High Schools Participating in School Events

In partnership with Danville Public Schools and Pittsylvania County Schools, the Danville Pittsylvania County Chamber of Commerce is sponsoring a Business Idea Fair at five area public high schools in Danville and Pittsylvania County. Students will participate and submit a business idea for the prize competition with cash prizes awarded to the top student business ideas at each school.

The Business Idea Fair will be set up similar to a 'science fair.' Each student participant will have a tri-fold project board and business plan executive summary for their business idea. If students have an actual business prototype or sample(s), they're welcome to include it as part of their display but that is not required.

Prize money totaling \$1,000 will be awarded to the winning students at each school.

The following schools are participating in the Business Idea Fairs which are open to the public:

- **Tunstall High School – April 20 at 6 p.m.**
- **Galileo Magnet High School – April 25 at 6 p.m.**
- **Dan River High School – May 2 at 4:30 p.m.**
- **GW High School – May 3 at 6 p.m.**
- **Gretna High School – May 4 at 4:30 p.m.**

The Business Idea Fairs are being sponsored by the Chamber's Teacher Creativity Grant which is funded through Danville Regional Foundation. It is modeled after the Barkhouser Free Enterprise Center's Business Idea Fair at Danville Community College. It is hoped the Business Idea Fair will help more students see business ownership and entrepreneurship as a career path.

**The Business Idea Fairs are open to the public and are free.**
