DID YOU KNOW?

your hearing health has a direct effect on your overall health.

Hearing loss can occur for a number of reasons. Some causes can be natural, like the aging process, and others would shock you. One of the most common causes of hearing loss is exposure to loud noise. There are also medical reasons for hearing loss like viruses, bacteria, heart condition or stroke, head injuries, tumors and certain medicines. New studies have revealed some surprising causes as well, like diabetes or hypertension.

In a recent survey, adults* with untreated hearing loss were **more likely to report depression, anxiety and paranoia** than peers who wore hearing aids.¹

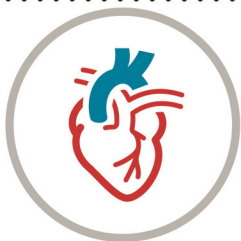

*50 years and older

Seniors with hearing loss are significantly more likely to **DEVELOP DEMENTIA** than those who retain their hearing.²

People with mild hearing loss

are 3x more likely to have a history of falling than people with normal hearing.³

People with low-frequency hearing loss are considered **at risk** for **cardiovascular events**.⁴

Untreated hearing loss can contribute to social isolation, anxiety, depression and **cognitive decline**.⁵

The first time the family tells you to turn down the TV, it's time for a hearing test!

Marisa Thornton
Business Development

I started my journey with Exchange Media Group in December 2007. While some things have changed, our commitment to small businesses has never wavered. We take pride in the fact that we've helped so many over the years. Our market saturation, strong readership, great customer service and vision for the future are what sets us apart from the rest. While our print product is strong, we realize the need to have a presence online. It's exciting to tell people the new digital products and services we've added to accommodate our growing clientel.

I love my job and my customers!

Mary Ann Marsh
Business Development

"Bill Thomas, founder of the Exchange, brought me on board 25 years ago. We had 1 edition at that time and now have grown to 6 editions. Our weekly Exchange reaches over 83,000 homes and thousands of people visit our website. I love seeing my customers connect to their customers and watching their businesses grow. Many of my customers over the years have become very good friends, which has been rewarding. I have been a member of the Fayetteville Kiwanis Club for 24 years and have loved working and helping serve children in our community. I feel very fortunate to have been a member of Team Exchange Media Group for so many years."

Sandra Thomas
Business Development

I can remember when Exchange made it's debut. It was just what the community needed - a place to bring buyers and sellers together; a place to showcase products and services; a place to inform, congratulate, or thank others. I know personally how well Exchange works because my family and I have used it for years. Therefore, it is an honor to recommend Exchange to my friends and customers

I love working with the people in the communities that make up Franklin County. From the Chamber staff and local community administrations, to the business owners and individual Exchange readers, I have met the nicest folks. They care about their neighbors and their community which makes my job meaningful.

Job Description

Business Development team members help local businesses connect their products and services with people in our community. You will be responsible for developing meaningful relationships with your customers. You will work with them to see if their needs align with our products. You will create your schedule to best serve your customer's needs. The majority of your time will be spent in the field working with businesses. We have sales training each week.
