What is a Mother?

She's a big smile with love in the middle...She's two eyes filled with hope & pride & just a hint of fear. She's a member of the world's greatest sorority. She's America's hardest working career girl...she's a mother.

She's old & young & in between...she's short & tall & rich & poor. She's the hope of the world with love in her heart...she's a mother.

Mothers like: fathers...children...quiet nights at home...fires in fireplaces...family outings...the happy shouts of boys & girls...A's on report cards...& the music of family laughter.

A mother is the most talented & useful of all living people. She can keep fathers happy...volunteer for church work...& push pounds of spinach through the lips of a young baby.

Mothers lend sons to America to fight its wars...furnish quarterbacks for football teams...and husbands for other women. She's the future of the world in a pretty dress...she's a mother.

AUCTIONEER'S COMMENTS

Raymond Howard was a life-long truck and automobile mechanic. This is a rare opportunity to see top quality, and in many cases, near new tools all in one location. He had started on a dream project to build a 70's era Chevrolet pickup on a late model chassis, but was not able to get it completed. If you are looking for an interesting project, this may be your best opportunity to get one with a head start. Well maintained, top quality, and due to the nature of this liquidation everything sells absolute! Bring your trailers, cash, a friend, and whatever else you need and come join us for this event!

Thank you, Michael Howk
