City of Arnolds Park NEWSLETTER SPRING 2015

WALKER RETIRES

Ron Walker will retire after 35 years as Arnolds Park City Administrator. An open house honoring Ron Walker will take place at the Arnolds Park City Hall, 156 North Hwy 71, on June 26 from 3:00- 5:00 p.m.

The building number must be easily seen from the street. The figures must also be no less than 2 1/2" in height and of a contrasting color with the background.

If you fail to comply with this ordinance, the City may proceed to place the assigned number on the principal building and assess the costs against property for collection in the same manner as a property tax.

Having a visible building number makes it much easier for the police department, the fire department, medical personnel, and city crews to find your home during an emergency.

If you are unsure what your building number is, please check with City Hall.

REMINDER

It is illegal to connect sump pumps, yard drains and/or eve spouts into the sewer lines.

PROJECTS

Main City Park: The new shelter house was to be completed by November of 2014. Due to the early winter, however, work on the building was suspended. The contractor should finish construction by the end of May.

Work on the rest of the project, that being walkways, lighting, parking lot, basketball court and rain gardens will begin this spring, as weather allows, and is to be completed by July 1. Beck Excavating of Spirit Lake was awarded the bid for this work with a total cost of \$326,777.98.

Total cost of this project will be around \$900,000 and has been funded in conjunction with the Okoboji Tourism Committee with a \$25,000 commitment each year for 10 years; and a REAP grant from the DNR in the amount of \$75,000.

Emerald Hills Drainage: Drainage plans are complete for improvements on the north end of Emerald Hills Golf Course. Water presently runs, during heavy rains, from the Emerald Hills subdivision and from North Emerald Hills, onto the golf course, and finally along the east side of the old railroad grade and onto Highway 71 near Stone Fountain Condominiums. Cohr's Construction of Lake Park was awarded the bid at a cost of \$114,117.

This project will create a detention area to hold some of the volume of water coming toward the highway and a series of bio-swales that will treat water going into the storm sewer and ultimately into West Lake Okoboji. Funding in part for this project will come from a Water Quality Grant and from the Dickinson Soil and Water Conservation District.

Monument Dr. Water Improvements: A bid was awarded to ABC Construction of Estherville for a new section of water main to be installed in Monument Dr., from Okoboji Grove Road to Miriam Lane near the Abbie Gardner Cabin. Cost of this project is \$32,924.50; which is to

be completed by July 1.

Benit Drive and Emerald Drive: Engineering has been done on Benit Drive and Emerald Drive. This project will include the replacement of some of the curb sections in the area, as needed; and milling and overlaying of the asphalt surface. Total cost to the City has been projected to be approximately \$165,082.

AT THE LIBRARY

We are excited to announce our new summer children's programming entitled, A "Superhero" Summer, Different Heroes, Different Stories. The program will kick off on Wednesday, June 3rd at 10:00 a.m. Children of all ages are welcome and there is no cost to participate in the program.

June 3rd at 10:00 a.m.- Be a Hero, Save the Planet: There's a Zoo in the Library! The Blank Park Zoo from Des Moines will be joining us for a fun program about the many plants and animals all over the world that need our help.

June 10th at 10:00 a.m.- Travel Back In Time: Heroes throughout History: Join us as we travel back in time to meet heroes from ancient Rome to the Heroes of the 21st century. The kids will then make their very own superhero to display in the "Hall of Superheroes". Afterwards, it's time to sit back with a bag of popcorn and watch these heroes in action with the movie, "A Night at the Museum".

June 17th at 10:00 a.m.- Meet Our Community Superheroes: The local fire department and police department will be joining us for a morning of "superhero" fun! Kids will have the opportunity to ride in the fire truck, explore the new police vehicle and learn valuable skills (like how to use a fire extinguisher) from our community's finest heroes.

June 24th at 10:00 a.m.- Be a Hero, Save a Butterfly: The Dickinson County Nature Center will be visiting the library to help us plant our own Butterfly Garden. Monarch butterflies are in need of our help! Butterflies need a safe place to rest their wings during their long migration back north. Unfortunately, their natural habitats continue to be destroyed.

In addition to these wonderful programs we will be having our weekly reading program. The kids will keep track of the books they have read and will bring their reading log to the library.

Each week the kids will get to spin our "Wheel of Fortune" for a chance at an extra "superhero" prize as well as pick out a free book to take home as a reward for all their hard work!

Please watch for information sent home with your child at school, in the newspaper, or stop by the library to pick up a flyer and sign-up sheet. We hope to see you this summer!

POLICE DEPARTMENT

As temperatures increase, so does the number of children and adults walking, cycling, roller blading, etc. Please use the proper safety equipment for these activities and remember that traffic laws are to be obeyed by motorists, cyclists, and pedestrians alike.

The police department would like to take this time to remind all pet owners that they must have their pets, especially dogs, contained on their property at all times. When walking animals, they must be on a leash; dogs should not be running at large. All animals must be in a secure location away from electric, gas, and water meters. This will assure your meters are read properly.

If you are going to be using ATV's or golf carts this summer please make sure you are aware of all the rules and regulations. Copies of these ordinances are available at City Hall or you may contact the Police Department with questions at any time.

The Arnolds Park Police Department is looking forward to another busy summer season for our area businesses. We are always striving to enhance police protection for our citizens and our tourists to make Arnolds Park as safe as possible.

You can reach the Arnolds Park Police at 712-332-2227 from 9 a.m. to 4:30 p.m., Monday thru Friday. After hours, please call the Communications Center at 336-2525; and for an emergency, call 911.

As always, if our department can be of service to you, please contact our office and we will do our best to assist you with your Law Enforcement needs.

GARBAGE COLLECTION

Beginning the week of Monday, May 25, residential garbage will be picked up twice a week, with those days being Monday and Friday.

All garbage must be in City Bags and set at the curb. City Garbage Bags may be purchased at City Hall, Casey's, and Boonedocks, in Arnolds Park and Hy-Vee in Spirit Lake.

The City will pick up white goods (washers, dryers, refrigerators) and brown goods (TVs, VCR, and other electronics) curbside and dispose of them for you. Prior to pick up by the City, you will need to purchase a sticker at City Hall. Prices range from \$15 to \$35 depending on the item and size.

YARD WASTE DISPOSAL

As a service to the citizens of Arnolds Park, yard waste is collected curbside on Tuesdays. This is a service that many communities do not offer.

In order for us to continue to provide this service we ask that you abide by the following guidelines. The yard waste must be in City bags, tied shut, and at the curbside by 7:00 a.m.

on collection days. Do not double bag any yard waste. Yard waste that is double bagged or placed in any other type of container, including black or brown garbage bags, will not be picked up. Branches will be picked up as long as they are cut in 4-foot lengths and bundled together with a City bag attached.

If instead you choose to burn, any yard waste you burn on your property, must originate on your property. Yard waste cannot be burned on City property, placed or blown on street right of ways, public roads, or neighboring lots.

CURBSIDE RECYCLING

Recycling is one of the best ways for you to have a positive impact on the world in which we live. Recycling is important to both the natural environment and us.

All recyclable items must be clean and separated before being placed in the recycling containers. Make sure all recycling is in the recycling containers and not stacked beside them.

Recycling is collected curbside on the 2nd and 4th Fridays of every month. If you should happen to miss the curbside collection, you may take your recycling to the community recycling bins.

These recycling bins are located at the City maintenance building at 700 240th Avenue (just east of Pelican Ridge).

Styrofoam is not a recyclable item in the City of Arnolds Park; please do not place Styrofoam in the residential bins or the community bins.

CITY HALL HOURS

As we approach our busiest time of the year we wanted to remind everyone of City Hall's hours of operation. We are open Monday thru Friday 9:00 am-12:00 noon and from 1:00 pm-5:00 pm. The office will be closed from 12 noon until 1:00 pm for staff lunches.

The City office will be closed June 29-30 for the Fiscal Year end.

UTILITY BILLING

In order to receive the discount on your water, sewer, and garbage bill, payment must be received in our office by 5 p.m. on the day that they are due.

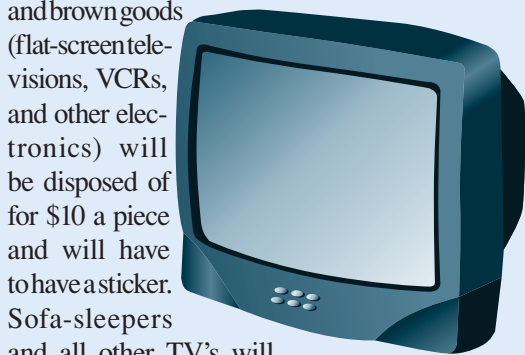

The City has the ability to directly deduct the utility bills from checking accounts at any bank. You would still receive a bill at your home stating paid by bank.

Utility bills are billed quarterly; or for your convenience, you may change to annually. Just contact City Hall if you would like either of these changes.

We are currently in the process of acquiring software that will allow us to take Debit/Credit cards and for you to make payments on-line. We hope to have this in effect by the end of summer.

IOWA ONE CALL

Iowa law requires that any person, homeowner, professional, public, or private entity, planning to engage in any form of excavation within the state of Iowa, must notify the Iowa One Call notification system, at 1-800-292-8989 or 811, at least

You will need to purchase this sticker at City Hall prior to June 1; no lawn waste or recycling will be collected.

If you need to dispose of building structures or other large objects that two men cannot easily handle, please call City Hall at (712) 332-2341 to make special arrangements, and we will try to accommodate you.

The City will not pick up any hazardous waste materials, such as oil, paint, insecticides, weed control products, etc.

Please refrain from placing items curbside before Saturday prior to clean up day. All debris, however, needs to be curbside and ready for pick up by 7:00 a.m. on June 1.

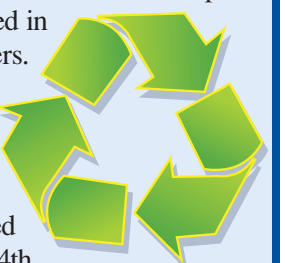

This is a good opportunity to get everything cleaned up and looking nice outside your home.

CAMPGROUND

Overnight camping is available on a first come first serve basis at the Boater's Access City campground located on Minnewashta at 7 Bascom Street. The rates are \$35 per night with electricity and \$25 per night with no electricity. The City does not take reservations.

BUILDING NUMBERING

The City of Arnolds Park has an ordinance that requires the owner to install and maintain the building number on the principal building of each lot.

## Hutchins Earns Eagle Scout Award

On February 4, 2015, Kyle Hutchins, son of Wanda and Larry Hutchins of Spirit Lake, earned the Boy Scouts of America Eagle Scout Award. Kyle is a member of Spirit Lake Troop 168, led by Scoutmaster Gary Zeman.

In order to obtain the Eagle rank, a community or church-related service project must be completed. For his Eagle project, Kyle planned and constructed fifteen prayer boxes representing the Stations of the Cross at the Lutheran Lakeside Camp in Spirit Lake. The prayer boxes are used to help Christians focus on specific prayer needs and facilitate contemplation on one's faith. With the help of volunteers from Troop 168, friends and family, he obtained the materials for the prayer boxes and organized the work parties for the building and installation of the Stations of the Cross. Bomgaars Building Center, Consumer Lumber Company, Gene Krueger Construction, and Lutheran Lakeside Camp were instrumental in making this happen. Lutheran Lakeside camp and Larry Hutchins provided the tools, space and equipment needed to do the work.

Kyle, 17 years old and a graduate of Spirit Lake High School, is planning on attending college this fall and pursuing a degree in Business Management. An Eagle Scout Court of Honor Ceremony will be held Saturday, May 16, 2015, at 2:00pm at the American Legion Post 23 in Spirit Lake.

**Creatives Wanted for ReNew-able Creations June 19-21**

The Lakes Community Land Trust and ReNew invites you to be a part of ReNew-able Creations. They are hosting a weekend-long event that will combine art with environmental sustainability, all while benefiting affordable housing and sustainable land usage. Teams of up to three amateur sculpture artists will get the chance to demonstrate resourcefulness and creativity in the art of "Junk Sculpture". Each team will have from 8:00am Friday morning to 12:00pm Sunday afternoon to create a one-of-a-kind sculpture using recycled building materials exclusively from the ReNew store.

There will be a \$50.00 entry fee (per team) for the event. Cash prizes of \$750, \$500 and \$350 will be awarded to first, second, and third place. New this year, judging will be by peoples choice balloting.

For more information, contact Chris Fontenot at the ReNew Store 712-336-1068 or [renewstore@lakesclt.org](mailto:renewstore@lakesclt.org).

## Ainsworth-Orleans Beach Shelter Dedication Ceremony

A dedication of the Ainsworth-Orleans Beach park and shelter house on the south shore of Big Spirit Lake will take place 10:00am Saturday, May 16.

The public is invited to attend the ceremony honoring the newly improved park owned by the Dickinson County Conservation Board. The family of Bob and Delaine Olson, former resort owners in the Iowa Great Lakes area, donated the funds to build a shelter house at the park, and it will be dedicated in honor of the Olsons' legacy.

Bob Olson was a former councilman and mayor of Orleans.

In addition to the Olsons and the Dickinson County Conservation Board, donations for park improvements were received from the city of Orleans, Spirit Lake Protective Association and a memorial in the name of Harry Perkins.

## Call for Artwork For The PLAC

In conjunction with the Pearson Lakes Art Center's 50th Anniversary occurring in 2015, the organization invites artists to submit an application to complete a new work commemorating the anniversary. The PLAC will review entries and select one artist to complete a 50th Anniversary piece based on the description and sketch submitted with this call. Artists are required to complete a new work; previously completed art will not be accepted. The completed original work will be auctioned at the PLAC 50th Anniversary gala on July 25th with proceeds supporting the mission and activities of the Art Center.

In addition, a limited number of high-quality canvas giclée reproductions will be sold at the gala. For more information or questions, please contact Tim Hoheisel, Executive Director, Pearson Lakes Art Center (2201 Highway 71 North, P.O. Box 255, Okoboji, IA 51355) 712-332-7013 ext. 106, or [director@lakesart.org](mailto:director@lakesart.org).

**Spencer Hospital Gives Back**

Helping others comes naturally for Spencer Hospital employees and many hospital staff members look for opportunities to help outside of the hospital in numerous ways throughout their communities. This weekend, several hospital staff members volunteered time to spruce up a couple of patients' yards and assist in other spring cleaning tasks. Other volunteers helped with the Child Safety Seat Check held at the Spencer Fire Department. In upcoming weeks, other hospital employees have volunteered to assist with the Avenue of Flags projects in both Spencer and Hartley.

 SAVING THE BRICK AND MORTARS OUR NATION IS BUILT ON

**3** Think about which three independently owned businesses you'd miss most if they were gone. Stop in and say hello. Pick up a little something that will make someone smile. Your contribution is what keeps those businesses around.

**50** If just half the employed U.S. population spent \$50 each month in independently owned businesses, their purchases would generate more than \$42.6 billion in revenue.\* Imagine the positive impact if 3/4 of the employed population did that.

**68** For every \$100 spent in independently owned stores, \$68 returns to the community through taxes, payroll, and other expenditures. If you spend that in a national chain, only \$43 stays here. Spend it online and *nothing comes home.*

**LETTERS TO THE EDITOR**

Dear Editor:  
 Every day is a different kind of exciting at Girl Scouts of Greater Iowa, but we couldn't keep that excitement going year after year without support from dedicated community organizations like the Good Neighbor Fund of Okoboji and Spirit Lake.  
 Thanks to support from this wonderful organization in your community, we are able to provide financial assistance, volunteer training, and program resources so girls in Dickinson County can learn and grow in ways they never thought possible.  
 Girl Scouting builds girls of courage, confidence, and character, who make the world a better place. Every day we strive toward this mission by providing a more diverse curriculum of activities than any other organization. From self-esteem development, learning leadership, and anti-bullying skills, to exploring STEM, healthy living, art, and financial literacy, Girl Scouts is relevant for every girl.  
 Thank you for being a good neighbor by investing in girls and changing the world.  
 Sincerely yours,

## David Boelter, More Than A Sculpture Artist

The next exhibit at Arts on Grand features the work of David Boelter, professor of art at Buena Vista University. David was born in Spencer in 1972. He did undergraduate work at the University of South Dakota and Buena Vista. His graduate degree work was done at the University of Iowa during which time he was awarded the National Outstanding Student Achievement Award by the International Sculpture Center. In 2001 he joined the faculty of Buena Vista where he received tenure in 2007. He teaches sculpture, ceramics, drawing, and art history courses. Professor Boelter's fascination for a variety of materials allows him to utilize wood, stainless steel, corten steel, fiberglass, various resins, clay, aluminum and bronze. His artwork has been exhibited all over the country in solo exhibitions, invitationals, juried exhibitions, and commission projects. This particular exhibit is called Arbitrated Grounds, which is the artist's response in working through two competing ideas—accidental beauty and ultimate consequence caused by human appropriation of rural landscapes. His work is an attempt to create a dialog about how human actions and behaviors influence the function of bodies of water and land in a contemporary industrialized society and drive specific environmental change. The reception for "Arbitrated Grounds" is 5:00 to 7:00pm on Friday, May 15. The artist will be present to talk about his work. Refreshments will be served. The event is free and the public is cordially invited.

- DEFINITIONS**
- Maximum Contaminant Level (MCL) – The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
  - Maximum Contaminant Level Goal (MCLG) -- The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
  - ppb -- parts per billion.
  - ppm -- parts per million.
  - N/A – Not applicable
  - ND -- Not detected
  - RAA – Running Annual Average
  - Treatment Technique (TT) – A required process intended to reduce the level of a contaminant in drinking water.
  - Action Level (AL) – The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
  - Maximum Residual Disinfectant Level Goal (MRDLG) - The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
  - Maximum Residual Disinfectant Level (MRDL) - The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
  - SGL – Single Sample Result
  - NTU-Nephelometric Turbidity Unit

**GENERAL INFORMATION**

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants or potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Spirit Lake and Orleans are responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

**CONTAMINANT / OTHER VIOLATIONS**

This system had no contaminant violations or any other violations in 2014.

**SOURCE WATER ASSESSMENT INFORMATION**

This water supply obtains water from one or more surface waters. Surface water sources are susceptible to sources of contamination within the drainage basin.

| Surface Water Name | Susceptibility |
|--------------------|----------------|
| Big Spirit Lake    | high           |

**OTHER INFORMATION**

Turbidity is an indicator of treatment filter performance and is regulated as a treatment technique.

Our water utility is making every effort to protect the water system from potential security threats. You, as customers, can also help. If you see any suspicious activity near the water tower, treatment plant, or fire hydrants, please contact us at the Spirit Lake Water Department at 712-336-2127 or the local police/sheriff department at 712-336-2525. **Summer At The Nature Center**

Summer in Okoboji means time spent outdoors, and if you can learn a little bit while having fun in the sun then it's all the better.

The Dickinson County Nature Center in Okoboji provides free entertainment for all ages through a variety of programs including Hike the Wild, Nature Playtime for Tots, Nature Explorers and Young Naturalists.

Although Hike the Wild is a year-round program, the beautiful weather in the summertime makes it a must-participate in event. Plus, this year's hikes feature some new and fun themes.

The Elinor Bedell State Park hike 9:30am Tuesday, May 26, was originally scheduled as a Pooch Pals hike but due to recent cases of canine influenza virus we have decided to forgo this theme and instead will have fun hiking with just us humans.

Fish lovers will have fun at the 9:30am Tuesday, June 23, event at Westport Park south of Milford. Take a hike around the pond and then stay afterward to try your luck fishing. Bring a picnic lunch for the perfect day.

July features two events, one on the regularly scheduled fourth Tuesday of the month at 9:30am at Cayler Prairie and an additional full moon hike 8:00pm Friday, July 31, at Kenue Park.

Nature Playtime for Tots is a year-round event held 10:30am the second Wednesday of each month for toddlers ages 2-5 (as of June 1) with a parent or guardian. Enjoy making a craft, playing games and learning about all kinds of neat topics:

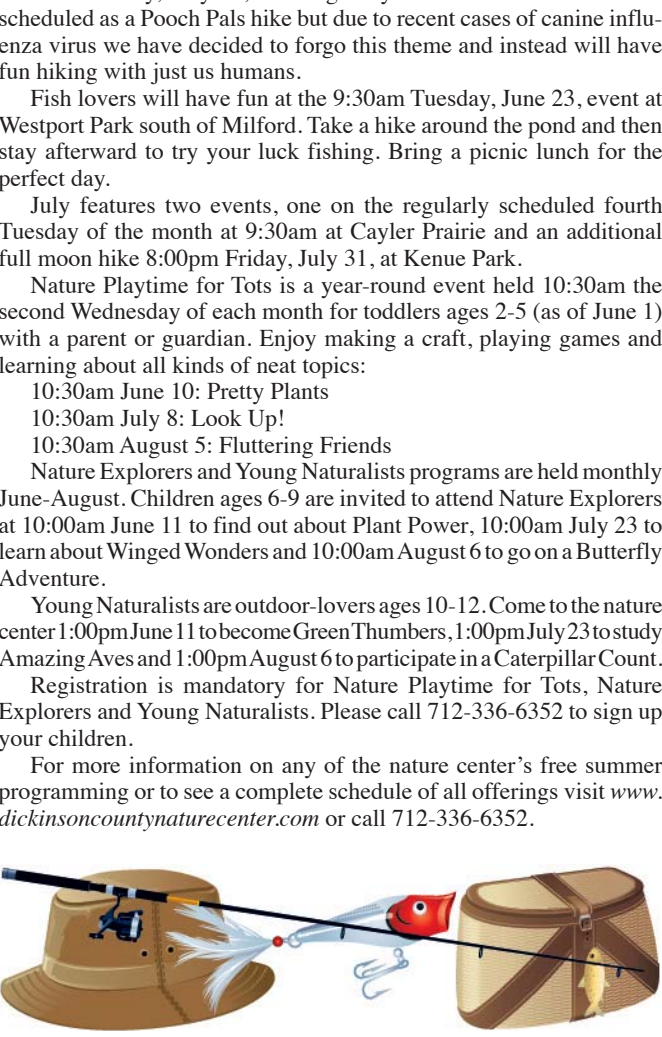

10:30am June 10: Pretty Plants  
10:30am July 8: Look Up!  
10:30am August 5: Fluttering Friends

Nature Explorers and Young Naturalists programs are held monthly June-August. Children ages 6-9 are invited to attend Nature Explorers at 10:00am June 11 to find out about Plant Power, 10:00am July 23 to learn about Winged Wonders and 10:00am August 6 to go on a Butterfly Adventure.

Young Naturalists are outdoor-lovers ages 10-12. Come to the nature center 1:00pm June 11 to become Green Thumbers, 1:00pm July 23 to study Amazing Aves and 1:00pm August 6 to participate in a Caterpillar Count.

Registration is mandatory for Nature Playtime for Tots, Nature Explorers and Young Naturalists. Please call 712-336-6352 to sign up your children.

For more information on any of the nature center's free summer programming or to see a complete schedule of all offerings visit [www.dickinsoncountynaturecenter.com](http://www.dickinsoncountynaturecenter.com) or call 712-336-6352.

**Arnolds Park Library News**

**A "Superhero" Summer Program At The Arnolds Park Library**

We are excited to announce our new summer children's programming entitled A "Superhero" summer, Different Heroes, Different Stories. The program will kick off on Wednesday, June 3rd, at 10:00am. Children of all ages are welcome and there is no cost to participate in the program.

June 3rd at 10:00am- Be a Hero, Save the Planet: There's a Zoo in the Library!  
The Blank Park Zoo from Des Moines will be joining us for a fun program about the many plants and animals all over the world that need our help. Animals from the endangered species list will be joining us to share their stories and help teach us to be backyard heroes! Come enjoy this wonderful program and meet these heroic animals. A huge thank you goes out to the Arnolds Park Library Foundation for making this program possible!

June 10th at 10:00am- Travel back in Time: Heroes throughout History: Join us as we travel back in time to meet heroes from ancient Rome to the Heroes of the 21st century. The kids will then make their very own superhero to display in the "Hall of Superheroes". Afterwards, it's time to sit back with a bag of popcorn and watch these heroes in action with the movie "A Night at the Museum".

June 17th at 10:00am- Meet our Community Superheroes: The local fire department and police department will be joining us for a morning of "superhero" fun! Kids will have the opportunity to ride in the fire truck, explore the new police vehicle and learn valuable skills (like how to use a fire extinguisher) from our community's finest heroes. As a special treat John Adams will be joining us with everyone's favorite Superdog Savvy! Kids will have an opportunity to pet Savvy and listen to her extraordinary tales of helping people throughout our community. The fireman will also have the grills going and hotdogs and chips will be served around 11:00am.

June 24th at 10:00- Be a Hero, Save a Butterfly: The Dickinson County Nature Center will be visiting the library to help us plant our own Butterfly Garden. Monarch butterflies are in need of our help! Butterflies need a safe place to rest their wings during their long migration back north. Unfortunately, their natural habitats continue to be destroyed. Everyone will have the opportunity to roll up their sleeves and dig in as we create a safe environment for the butterflies. Each child will get to bring home their own butterfly garden to plant and watch throughout the summer!

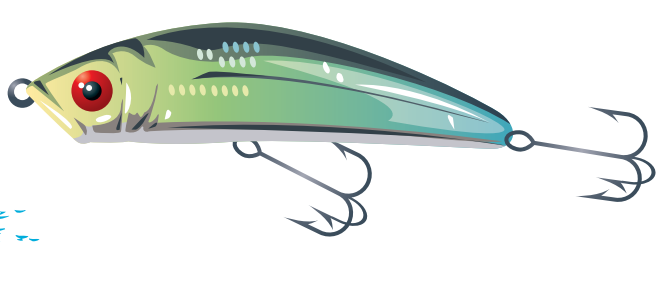

In addition to these wonderful programs we will be having our weekly reading program. The kids will keep track of the books they have read and bring their reading log into the library. Each week the kids will get to spin our "wheel of fortune" for a chance at an extra "superhero" prize as well as pick out a free book to take home as a reward for all their hard work! The reading program will run from June 1st through July 15th.

To sign up for the program or for more information, please stop by the library at 156 N Highway 71 (located in the City Hall building). We hope to see you this summer!

**Call for Artwork For The PLAC**

In conjunction with the Pearson Lakes Art Center's 50th Anniversary occurring in 2015, the organization invites artists to submit an application to complete a new work commemorating the anniversary. The PLAC will review entries and select one artist to complete a 50th Anniversary piece based on the description and sketch submitted with this call. Artists are required to complete a new work; previously completed art will not be accepted. The completed original work will be auctioned at the PLAC 50th Anniversary gala on July 25th with proceeds supporting the mission and activities of the Art Center. In addition, a limited number of high-quality canvas giclée reproductions will be sold at the gala.

**History:** The Lakes Art Center was founded August 23, 1965. The mission was to offer instruction, and provide exhibition opportunities to local visual artists. Since then, the operation has expanded to include six art galleries, a performing arts theater, and an art education program. Art exhibitions, performances, and art classes are held all year around. In 50 years, the organization has grown to be one of the premier art centers in Iowa. Several years ago the name was changed to Pearson Lakes Art Center to honor founders and benefactors Bud and Bev Pearson.

**Deadline:** Artists interested in exhibiting works must complete an application form, which can be found on the PLAC website at <http://lakesart.org/artists>.

Completed applications should be returned to PLAC Executive Director Tim Hoheisel, P.O. Box 255, Okoboji, IA 51355 or by email to [director@lakesart.org](mailto:director@lakesart.org) no later than Friday, May 15, 2015. Deadline for submitting completed artwork is Monday, July 20, 2015.

**Requirements:**

- The two-dimensional piece must be dry, framed if necessary, and ready to be auctioned by July 20, 2015.
- Size of pieces may vary but should be no less than 3' tall. Large format pieces are encouraged.
- The winning piece should be appropriate for a wide viewing audience and should, but is not required to, reflect some aspect or characteristics of the Iowa Great Lakes region, the Pearson Lakes Art Center, or the history of the organization/area.

**Eligibility:** Call is open to any and all regional artists who live and work within 100 miles of the Pearson Lakes Art Center. Finished piece must be original and created specifically for the PLAC 50th anniversary. Pieces deemed not original to the artist or created prior to this Call for Art will not be accepted.

**Media:** Paintings; watercolor, gouache, tempera, casein, oil, or acrylic media will be accepted as well as Prismacolor pencil or pastel drawings. Image must be able to be reproduced as a giclée. ### "Putting for Patriots" Event

Pirate's Cove Adventure Golf, in Arnolds Park, Iowa, will host the Ninth Annual Putting for Patriots fundraiser, May 16-17, and May 23-25. This national event will occur simultaneously at 33 Pirate's Cove, Pirate's Island and Jungle Golf miniature golf courses throughout the United States. This May event will culminate on Memorial Day weekend and support three charities, which serve our wounded veterans, their families and survivors of the fallen. These organizations include: "Hope For The Warriors", "Homes for Our Troops" and "TAPS - Tragedy Assistance Program for Survivors." Pirate's Cove, Jungle Golf and Pirate's Island will donate a percentage of their total sales on Saturday, May 23 and Sunday, May 24. In addition, from May 8 through May 25, each golf course will accept donations to be turned over to the three charities. Since its inception, this event has raised over \$231,000. "Memorial Day was specifically founded to remember those who died serving our nation," notes Brad Graft, Pirate's Cove Partner and Regional Director. "The Pirate's Cove / Pirate's Island family thought it appropriate to establish an annual event to serve charities that assist our living veterans and the survivors of fallen military members. These are men and women who have sacrificed so much for our freedom." Pirate's Cove, Pirate's Island and Jungle Golf operate 33 miniature golf courses throughout the United States. For more information, visit their Websites at [www.piratescove.com](http://www.piratescove.com), [www.piratesislandgolf.com](http://www.piratesislandgolf.com), and [www.junglegolfminigolf.com](http://www.junglegolfminigolf.com). ## Youth in Philanthropy Raised \$32,400 for 2015 Grants to Lakes Community

The Okoboji Foundation Youth in Philanthropy held a year-end celebration on Wednesday, May 6th to announce their 2015 Grant Awards. The event was held at Pearson Lakes Art Center to highlight audio and performance upgrades funded by a 2014 YIP Grant.

Bryan Johnson of Lake Okoboji Methodist Camp and Sue Richter, representing Historic Arnolds Park, Inc., joined Youth in Philanthropy participants from Okoboji and Spirit Lake High Schools including: Shaelyn Adams, Noah Bouse, Katelyn Brockmeyer, Billy Brown, Erin Dau, Nick Goodenow, Alec Harrington, Jake Heitritter, Meredith Hickerson, Kailie Hromatko, Trevor Jensen, Blake Lineveaver, Ryan Maris, Jenna McCoy, Nathan Miklo, Emma Myhre, Alex Pringnitz, Matt Schmitz, Mick Skinner, Courtney Tift, Joie Veldman, Anna Vos, Jacob Vos, and Savannah Wiedow.

Youth in Philanthropy raised \$32,400 in 2014-15, a record annual amount. YIP has raised \$120,000 since 2010 with Grant Awards to:

2015: Fish Barrier between Center and West Lake Okoboji by Dickinson County Soil & Water Conservation District

2015: Aerial High Ropes Confidence Course at Lake Okoboji Methodist Camp

2015: 125th Anniversary Time Capsule at Historic Arnolds Park, Inc.

2014: Performance Technology Upgrades at Pearson Lakes Art Center

2014: Kennel and Cattery Doors at Humane Society of NW Iowa

2013: Walking Trail along Miller's Bay at Lakeside Lab

2013: Disc Golf Course at Kenue Park

2012: Splash Pad at Memorial Park by Spirit Lake Kiwanis

2012: Structural Repairs at Discovery House

2011: Chapel Roof at Camp Foster YMCA

Youth in Philanthropy teaches the Next Generation about the importance of community giving. Students meet October through May to learn about the Okoboji Foundation and other nonprofits and raise funds to make grants steered by student decision.

When asked about their Youth in Philanthropy experience, students commented:

- "Youth in Philanthropy has been one of my favorite high school activities and the lessons of philanthropy have certainly made an impact on my life."
- "When I go to places in our area and see something funded by YIP, I feel proud. I'm a piece of it and really involved, not just while I'm in high school but for years and years to come."
- "It's a fun way to work together with kids from both Okoboji and Spirit Lake schools and make a real change."
- "It is very important for us to learn how to make decisions in a group setting that will have a lasting positive impact on our community."

Application to participate in Youth in Philanthropy is available online each September at [www.okoboji-foundation.org](http://www.okoboji-foundation.org) click on the Youth tab. Contact Mary Freiborg or Holly Skopec at the Okoboji Foundation with questions. Phone 712-332-7177 or email [info@okobojifoundation.org](mailto:info@okobojifoundation.org)

## Capstone Research Projects Display

Infinity Scholars at Iowa Lakes Community College finished their year displaying capstone research projects. Scholars in science, technology, engineering and math (STEM) majors are selected for the program based on academic excellence.

They qualify for scholarships up to \$4,350 per year. Iowa Lakes has six more scholarships available this year for a total of \$170,000. The grant allows another \$130,000 next year.

The goal of the program is to provide an improved educational experience through varied activities such as the Capstone project and the recent spring break trip to national science laboratories in Chicago.

Students celebrated their research in a Capstone Event on Wednesday, April 29 in the SERT Center on the Estherville campus.

Topics varied as widely as the Infinity Scholars' interests. The NSF grant requirement is that they be science, technology, engineering or math (STEM) majors. Following are the students' names, hometowns, majors and research topic.

- Hayley Bishop, Spencer, A.A.: "Plant Life's Effect on Soil Health;"
- Joseph Boyer, Jackson, Minn., Environmental Studies: "Dangers in Our Water;"
- Cole Budach, Estherville, A.A.: "Synthesis and Analysis of Biodiesel from Various Oils;"
- Heaven Coughlin, Sioux City, A.A.: "Science Behind Pitching;"
- Jordan Croker, Boone, A.A.: "Finding an Effective Method for Enumerating Bacteria in the Oral Cavities of Canines;"

- Merete Klocke, Rolfe, Veterinary Technology: "Therapy Dogs for Veterans;"

- Matthew Kobliska, Waverly, Wind Energy and Turbine Technology: "Wind Farm Growth;"
- Carly Main, Buffalo Center, Veterinary Technology: "Knock-Off;"
- Tyler Ohl, Milford, A.A.S.: "Job Shadow a Veterinarian;"
- Tricia Rembold, Estherville, A.A.: "Physiological Effects of Therapeutic Massage;"
- Alyssa Rihner, Denison, Veterinary Technology: "The Age of Dogs;"
- Colton Rooney, Algona, A.A.S.: "Synthesis and Analysis of Biodiesel from Various Oils;"
- Ryan Steinkamp, Spencer, Wind Energy and Turbine Technology: "G-87 Base Controller Build and Program;"

- Andrew Sandstrom, Clear Lake, Environmental Studies: "The Effect of NestBox Location on Wood Duck Nesting Preferences in Minnesota;"
- Staci Schmeling, Emmetsburg, A.A.: "Misleading Graphs and the Common Core."

Each student gains experience, growth, and an improved educational experience through program activities designed to enhance overall STEM-student academic experiences. Project activities and assessments increase the number of well-educated and skilled students pursuing a four-year degree or entering the workforce directly into an in-demand field.

**'I'm Still Hot! It Just Comes In Flashes'**

*Spencer Hospital Women's Health Program*

Learn more about managing the many symptoms women may experience during the time called "Perimenopause" which can occur over several years prior to actually reaching menopause during a free educational program sponsored by Spencer Hospital on Tuesday, May 19th.

"I'm Still Hot! It Just Comes In Flashes" will feature a panel of three women's health experts: Dr. Abigail Drucker, OB/Gyn surgeon with Northwest Iowa Surgeons, PC; Dr. Hilary Kerrick, family practice physician at Avera Medical Group Spencer; and Mindy Sylvester, Spencer Hospital Women's Health Coordinator. The program will be held in Spencer Hospital's Conference Center beginning at 5:30pm and is anticipated to last an hour.

"Last fall we hosted a program specifically on menopause and during that session, we received many questions about the symptoms women deal with during perimenopause, that time period which can last several years for some women when they are still having regular cycles but are coping with hot flashes, excessive bleeding and other side effects of their bodies changing," explained Jeannette Hasley, the hospital's Women's Health Director. "In response to those many questions, we decided to design a program that would specifically address and educate women on how to manage those health challenges."

Though the program is free, preregistration is required. To register, visit [www.SpencerHospital.org](http://www.SpencerHospital.org) and click this program on the Event Calendar, then complete the registration form. Or, call Spencer Hospital's education reservation line at 712-264-6142.

**Career Connect At Iowa Lakes Earns NACEP Accreditation**

Iowa Lakes Community College learned recently that the Career Connect program has earned accreditation from the Accreditation Commission of the National Alliance of Concurrent Enrollment Partnerships (NACEP).

Iowa Lakes was one of only 12 colleges nationwide receiving NACEP Accreditation this year. Concurrent enrollment courses provide college credit-bearing courses to high school students taught by college-approved high school teachers. NACEP's standards (as the only national set of quality standards) serve as the model criteria for ensuring that the course content and expectations for student work in high schools match the standards of the sponsoring college or university.

"NACEP Accreditation is an endorsement of the quality of the concurrent enrollment programming we offer through Iowa Lakes," said Valerie Newhouse, President of Iowa Lakes Community College.

She added, "This is possible through high-level development opportunities and very dedicated and talented faculty at Iowa Lakes and in our partnering high schools. I appreciate the leadership exhibited by our secondary program staff led by Kari Hampe in achieving this goal."

Kari Hampe, Secondary Programs Director said, "We had a great team working on this: Scott Stokes, (current) Chief Academic Officer, Mark Gruwell (former) CAO, Jennie Knudson, Planning and Development Grant Writer and Ciara Johnson, Secondary Programs Coordinator. Everyone learned something going through this accreditation process. Career Connect was already completing many of the of NACEP requirements, so this helped us move to a more systematic approach."

She concluded, "By developing new documentation for site visits and professional development we have enhanced the relationship between college and high school faculty as well as added rigor and relevance to our program."

The Chair of NACEP's Accreditation Commission, Jaclyn Dumond of the University of Southern Indiana remarked: "I'm very pleased to recognize Career Connect at Iowa Lakes Community College as one of a select group of 97 concurrent enrollment partnerships nationwide accredited through NACEP's extensive peer-review process. Iowa Lakes Community College has demonstrated to its peers that the college courses it offers in high schools are of the same high quality as college courses offered on campus."

Beginning Monday, May 4, Career Connect is officially listed on the NACEP website. A gold star next to Iowa Lakes Community College's listing in the membership directory signifies accreditation.

As a NACEP-accredited program, Iowa Lakes earned the right to display the NACEP logo in program's materials.

For more information contact Kari Hampe, Secondary Programs Director, at 712-852-5228.
