**LIVE AT THE LAKE 2015**

**Damon Dotson And The Nadas To Perform**

On June 19th, we have Damon Dotson, sponsored by Re/Max Lakes Realty, Lance & Tracy Evans, and Northwest Wealth Management, followed by The Nadas on June 20th, sponsored by X Freight. Make sure to come to both of these great concerts for an exciting weekend!

Born and raised in Okoboji, Iowa, Damon Dotson is a well-known local artist with many accomplishments. He began by playing at backyard parties, graduations, birthdays, etc., which has paid off due to his strong fan base and growing venue options. A couple of Dotson's popular singles include, "Atmosphere," which was awarded TOP SOLO PERFORMANCE on OurStage as well as "Goodnight," that was granted Top Regional Pop Song.

The Nadas started out as a group of friends sharing a passionate hobby at Iowa State University and matured into a successful music career. The Nadas early success began by performing as the "house" band for a local restaurant in Ames, leading into their first album titled "Not A Sound." They simply do what they love - write, produce and perform music. They were named "Best College Band You've Never Heard Of" by Playboy magazine.

Thank you to Re/Max Lakes Realty, Lance & Tracy Evans, Northwest Wealth Management, and X Freight for bringing these concerts to Preservation Plaza on June 19th and June 20th to continue celebrating 125 years at Arnolds Park Amusement Park.

All Live at the Lake concerts are FREE to the public. Make sure to bring a chair to relax and enjoy both exciting concerts!

The next concert, June 27th will be Casey Muessigmann sponsored by Oak Hill Marina.

For a full list of the 2015 Live At The Lake concert schedule, go to ArnoldsPark.com.

## Rumpelstiltskin Opens At Treasure Village

Get the skinny on the story and find out the real deal! In this delightful twist on a classic story, Annie is entering her newest hat design in a competition at Le Image, the big fashion house. If she wins she will be able to afford medical school! She boasts to the head of the fashion house that she can even spin straw into gold to make groovy clothes! Will Annie be able to complete her challenge if she gets a little help from a glam rock stranger or will the price be too high to pay? Treasure Village Family Theatre opens the summer season with Rumpelstiltskin on Thursday, June 18.

Please note the starting time for all shows this summer is 10:00am. Doors will open at 9:30am. Tickets are \$7.00 each for ages 3 and up. A cash discount is always available. Please check our website [www.treasurevillage.org](http://www.treasurevillage.org) for more information about the 27 hole mini golf, face painting, or call 712-337-3730. Treasure Village is located on the west side of West Lake Okoboji, just 2 miles northwest of Milford on Highway 86.

### First Lutheran Walking Trail

First Lutheran Church of West Okobojo invites area residents who love nature and walking to use their "Mission Mini Mile" Walking Trail which is now open for the summer.

The trail is located just northeast of the church's education wing, at the intersection of Three Cross Road and Heritage Avenue. To walk the trail, begin at the sign shown above, go north .3 miles to the property fence. Then turn left (west) following the sign .1 miles to the western edge of the property by the fire pit. Follow the sign and proceed south .3 miles. The trail runs in front of the outdoor worship stage and speaking area, hooking up with the blacktop road which runs back up the hill to the parking area by the trail sign.

The trail, which is open to the public, features a great view of prairie with many colorful wildflowers and vegetation and pheasants, ducks, geese and several varieties of songbirds nearby. Dog owners are urged to clean-up after their pets to keep the trail clean. "God writes the gospel not in the Bible alone, but on trees and flowers, and the clouds and sky" - Martin Luther

**St. Joseph to present concert and class**

You might call it an encore performance to have cellist Thomas Fortner return to the campus two years in a row. Fortner will be performing Sunday, June 28, as *The Arts of St. Joseph* hosts *The Iowa Great Lake Music Festival Concert* — following a masters class for area string students two days earlier.

Over the last two months, the native-Texan performed his final symphony concert and his master's recital at McGill University in Montreal.

Also featured in the concert will be pianist Amy Zanrosso, and violinist Zachary Spontak. The trio will play selections from Beethoven, Debussy and Dvorak. A reception will follow the 4:30 concert.

Area string students are invited to observe that Friday's masters class. Call 712-338-2274 for more information.

Even though it won't officially be summer until Sunday, there's something going on every day or night this week and for the next couple months.

*The Jazzed Up Big Band of Okoboji* continues its summer season in the Majestic Pavilion tonight (Tuesday) at 7:00. And Glenn Henriksen should be restating his home concerts tonight at his place across from the old Presbyterian Church in Spirit Lake.

While Wednesday is officially Millie Kittleson's 90th natal day, the celebration at the Red Rock Center in Fairmont won't be until Sunday afternoon, from 2 - 5:00. 'Can't make the bash? Good wishes may be sent to Millie at: 867 70th Street, Sherburn, MN 56171. And be sure to leave your calendar open to celebrate Millie's century birthday. 'Understand Millie already has the Red Rock Center reserved. We just don't know whether the bash will be the weekend before or after Tuesday, June 25, 2025...

*Jessie James and the Outlaws* will be at Table 316 in Arnolds Park tomorrow night (Wednesday), from 7 - 9:00. And Tim Horsman and company will be performing poolside at The Inn, starting at 5:00...

Thursday presents a musical smorgasbord, as Kris Karr will be kicking off a big weekend of entertainment at the Little Swan Lake Winery, from 6 - 8:00; and the Iowa Rock 'n' Roll Music Association will have *Slow Jam* and *Starfire* rockin' the roof starting at 6:30 in the Roof Garden at the Arnolds Park Amusement Park. *The Spencer Municipal Band* will also be on stage in the band shell at East Leach Park, in Spencer, for a 7:00 open-air concert...

*Boji Bay Fun House and Pavilion*, in Milford, continues its summer concert series Friday night, with Richie Lee and his Fabulous 50s show — outdoors or inside, depending on a very iffy weather forecast. Damon Dotson will be on stage at the same time in Preservation Plaza. And Bill Lauritzen will be performing in the Lakeside Lounge at The Inn, from 6 - 8:00...

Along with all the *Vettes in the Park* activities all weekend long at Arnolds Park, *The Nadas* will be performing Saturday night on the Preservation Plaza stage, while Bill Carpenter will be performing a solo show as a part of the *Diamond Lady's* sunset cruise, from 6 - 9:00...

There'll be a *Father's Day* double header at the Little Swan Lake Winery, Sunday, with Damon Dotson on stage in the barn from 4 - 6:00, and *Key and the Shane Gang* will be playing on the same stage from 7 - 9:00...

And, as always through the summer months, *The Dick Bauman Big Band* will be performing Monday night in Pomerantz Hall at the Pearson Lakes Art Center, from 7 - 9:00...

With all that's happening out and about on the campus of the U of O, you might think that someone might make a fortune selling or renting roller skates through the summer tourist season. It's finally here. Enjoy!

Only *The Headliners'* bassman Andy Hall managed to avoid the lens when the group performed Wednesday night at Thoreson Park, in Estherville. From left to right, the members include: Scott Hesse, Tony Gulizia, Roger Neumann, Joey Gulizia, Michael Gurciullo, Dan Cassidy, and C. J. Kocher. Hall is hidden behind Dan Cassidy.

You are invited to join the *Old Professor for Ballads, Blues and Big Bands, too*, at *Class 105*, *The LIVE Broadcast* from the College of Musical Knowledge at the University of Okoboji. *Class 105...* airs Sunday mornings from eight 'til noon, on 105.7, KRAQ-FM. All the news that fits, we print. Please send your music-related announcements or comments to: [class105@connect.com](mailto:class105@connect.com) or P. O. Box 676, Okoboji, Iowa 51355-0676

## Farm Market News by Mike Miller

Located at Dickinson Co. Fairgrounds  
15th Street & Peoria Avenue Spirit Lake, IA 51360

**Radishes Are Rocking:** Welcome to farm market news. Well it did not take long for our produce vendors to get into the swing of things. The simple radish is grown by so many and yet there will be few to be found as the market nears closing time at noon. As expected we are seeing early lettuces and many pounds of spinach. The spring salads will be around for the next few weeks but the rhubarb will not. This week would be a good time to load up on some, or better yet, let one of the fine bakers save you the work. From rhubarb pies to bread the very seasonal taste of rhubarb should not be missed. How could any spring salad be complete without green onions, they are abundant this season and the quality is high. A quick tip for strawberries is get them early as they sell out so fast, so sweet and the shortest of seasons.

**A quick note on eggs and poultry:** We are blessed to have a few egg vendors who work on a small scale and have eggs. I know this for a fact that the best time to get eggs is on Wednesday because they do sell out quickly. One vendor sold out before 10AM. As for the poultry, Guritz Farms has just gotten their chickens back from the processor as of Saturday and they are available for purchase. In fact, Mark is offering a special with his turkeys from last season. He needs the room for the chickens. (shameless plug) I am getting the turkeys because they are the best tasting birds I have had the pleasure to cook up. There will be plenty more shameless plugs as the season progresses because we are all about the taste. Next week I will be concentrating on the flora part of our little market. Until that time EAT WELL!

## Governor Terry Branstad To Visit STEM Camp

Governor Terry Branstad highlights the annual Science, Technology, Engineering and Math (STEM) Camp on Thursday, June 18, with a visit and an address to the STEM campers – and the public – starting at 4:10pm. After the Governor's address, STEM campers have the opportunity to ask questions.

The theme for this year's camp is "The Super Hero in You." Upcoming seventh and eighth graders attend the STEM Camp, sponsored by Iowa Lakes Talent Search, a federally funded TRIO program, at the Estherville and Emmetsburg campuses. Students come from all over to meet new friends and reconnect with old. Participants in the Iowa Lakes TRIO Talent Search program have the opportunity to attend the camp for free.

The four-day, three-night camp features fun, educational and hands-on activities and is offered every year. This is the fourth year for the event. Some of the classes offered this year include: "Totally Irresponsible and Possibly Catastrophic Science," "Teenage Mutant Ninja Turtles—the Power of the Ooze," "Warbird Gaming Wizards," "Underdog vs. Cat Woman," "Warriors within You," "The Supernatural," and "Building Blasters."

Held at Iowa Lakes Community College, off-campus adventures are planned as well. Among the activities campers are attending is the STEM Festival organized by Molly Faber, Northwest Iowa Regional STEM Hub Manager. The STEM Festival is open to the community on Wednesday, June 17 from 5:00pm to 7:00pm at the Regional Wellness Center.

For more information about the STEM Camp or the TRIO Talent Search program, contact Trudy Ahrens, TRIO Director, at 712-852-5302. For more information about the STEM Festival, contact Molly Faber, Northwest Iowa STEM Hub Manager, at 712-362-8341.

## LETTERS TO THE EDITOR

**To The Editor:**  
A few days ago I was in the doctor's office awaiting to get my eyes checked.  
I was wearing my Vietnam Veterans hat. A lady wrote me this note:  
"Dear Sir,  
I wanted to thank you for your service to our country. If it weren't for brave men like you, we may not have the freedom we have today. May God bless you always for the sacrifice you made for us. Thank you."  
After receiving this note, (which brought tears to my eyes and touched my heart deeply) I found out she paid for my exam and glasses. It showed me that Patriotism is not dead in America and neither are kind acts.  
Thank you!  
A Proud Vietnam Veteran

## This Week at Lakeside Lab

**Coffee and Grounds:** Tuesday mornings, 8:30am. Waitt Lab. Join friends and Lakeside ecologists every Tuesday morning at 8:30am in restoring prairie, shoreline and savanna habitat, then relax with coffee, treats and conversation. Meet in front of Waitt Lab with your sturdy shoes and work gloves.

## The Arts of St. Joseph Presents The Iowa Music Festival Concert

"The Arts of St. Joseph" presents The Iowa Lakes Music Festival Concert featuring cellist Thomas Fortner, pianist Amy Zanrosso, and violinist Zachary Spontak, Sunday, June 28, 4:30pm at St. Joseph Catholic Church in Milford. The trio will play selections from Beethoven, Debussy and Dvorak. A reception will follow the free concert. Doors will open at 4:00. A free will offering will be accepted.

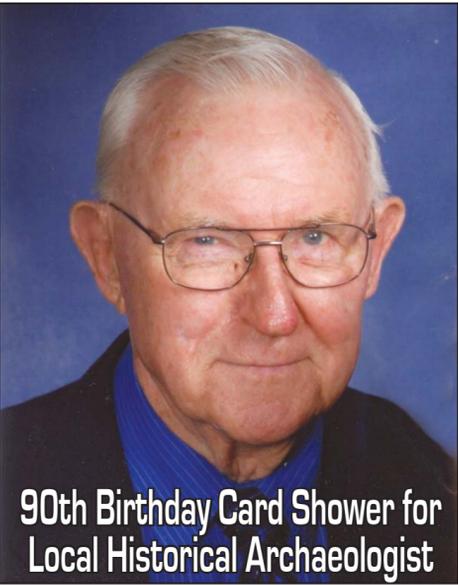

Thomas Fortner, an active soloist, chamber musician, and conductor, has performed concerts across the United States, Canada and Switzerland. Thomas completed his master studies in cello at McGill University in Montreal, Canada. He is one of the founding members of the TARDIS String Quartet that is dedicated to promoting classical music in non-traditional venues. In 2014, Fortner founded the Iowa Lakes Music Festival, which hopes to bring world class musicians to the Lakes Area.

Amy Zanrosso, pianist, is a sensitive and dynamic musician from the Bay Area, California. She is a collaborator much in demand throughout the United States. Amy has worked within a wide range of musical genres, recently specializing in classic tango.

Zachary Spontak, violinist, from Alaska, is a student of Paul Kantor, Rice University, Houston. Called a "natural leader" by Casa Magazine, Zachary is an active chamber musician and soloist. Spontak has performed in Baltimore's Meyerhoff Hall and Carnegie Hall, appearing on NPR's "From the Top".

The Iowa Lakes Music Festival Master Class will be Friday, June 26 from 2:00 - 4:00pm at St. Joseph. The Anderson Trio of Arnolds Park will be the active participants for the class. Area student strings musicians are invited to observe the Master Class. For more information and to register for the class contact Father Tom Flanagan at 712-338-2274.

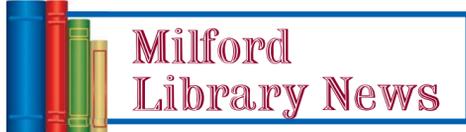

"The Arts of St. Joseph" is proud to host this concert as part of their series of sacred arts presentation. "We are grateful to our corporate sponsors: The Patrice and Rita Leary Foundation and United Community Bank."

"Barlow's music transports the listener across time and space on an imaginary journey to a rustic Irish fishing village or the misty Scottish Highlands or an enchanted English forest. In concert, Barlow brings the songs alive by sharing the history, legend and humor behind the music. His expressive arrangements have been described as "music to soothe the soul, warm the heart, and lift the spirit." - [www.jerrybarlow.com](http://www.jerrybarlow.com)

**Time Will Tell On Prohm**

Iowa State hired former Murray State coach Steve Prohm last week to replace Fred Hoiberg as their 20th men's basketball coach. Prohm compiled a 104-29 record at Murray State, including a trip to the third round of the 2012 NCAA Tournament, two outright Ohio Valley Conference championships and a trip to the NIT quarterfinals this year. The Racers also won 25 straight games this season before being beat on a buzzer shot in the Ohio Valley Conference Tournament finals, keeping them out of the NCAA Tournament despite their 29-6 record.

Prohm will inherit a team at Iowa State that many "experts" believe will contend for a Big 12 championship and make a deep run into the NCAA Tournament. One of the draws of Prohm for ISU officials was the style of play that he coaches and how similar it is to what Hoiberg ran with the Cyclones. Last year the Racers averaged 79 ppg, which was 8th in the nation and just ahead of Iowa State's 78.4 ppg. Prohm also runs many of the same offensive sets that Hoiberg ran at ISU, and has even spent time in the past at Cyclone practices, picking Hoiberg's brain while taking notes on ISU's potent offense. Another thing that Prohm had in his corner was when ISU athletic director Steve Pollard asked Hoiberg who he should consider as his replacement, the first name out of Fred's mouth was Steve Prohm, saying "he runs everything that I run. I've met him (and) he's a man of character". That's a pretty strong endorsement from the man who turned the Cyclones into a national power in his five years. Prohm also has a very solid reputation among other coaches in basketball, and has a knack for developing under-recruited players into pros, as his point guard on this year's team, Cameron Payne is a potential NBA lottery selection and former Racer Isaiah Canaan averaged just under 10 points a game this past season for the Philadelphia 76ers. Neither Payne nor Canaan were ranked in the top 50 of their positions coming out of high school.

There is no doubt that Prohm has his work cut out for him, replacing perhaps the most popular player/coach in Iowa State history known to everyone as The Mayor, while also inheriting a team loaded with expectations. This first year is really a no-win situation for Prohm, if the Cyclones can finally dethrone Kansas from the Big 12 regular season championship, and make a run in the NCAA Tournament; that is something they were supposed to do. If they don't finish in the top 2-3 of the Big 12 and have another early NCAA Tournament exit, then the blame will undoubtedly fall on Prohm. Adding to the pressure that Prohm will face is that he will have to reload an ISU team in 2016-17 that will be without Georges Niang, Naz Long, Jameel McKay and possibly Monte Morris if the star point guard turns pro early. Those are some big time players to replace for anyone, let alone a coach in his first year at a high major job.

Like all coaching hires, only time will tell if Prohm is the right man for the Cyclones. Everything you hear about him is that he is very similar to Hoiberg, minus the athletic success in college and the fact that he's not from Ames. Prohm apparently has a very calm demeanor on the bench and has a great relationship with his players, being known as a "players' coach", much like Hoiberg was. I only hope that ISU fans will give Prohm a chance to lead this program the way that he sees fit, and realize that he's not the Mayor. Fred gave us a hell of a run during the past five years, but it's now time to move forward and look ahead. Who knows, maybe after a few years we'll be calling Prohm The Prez?

**YMCA Soccer Team Wins Soccer Fest**

U 12 Dickinson County United played in the Mankato SoccerFest on Saturday, June 13. They played their first game with a 6-1 win against the Redwood Falls Thunder. Their second game was against Mankato Hornets, pulling down a 9-2 win and then the last game was a 6-2 win over New Prague. The team won the day! "They played so well today and I heard from several other coaches and officials at this tournament, asking me how I get a group of 12 year olds to play like they do as a TEAM on the field. They are just a non-selfish group of kids and they really play the game together well. I am so proud of these boys," said Rocky Thompson, coach.

## Hengeveld Joins Northwest Bank As Commercial Banker

Dan Kitzinger, Lakes Market President of Northwest Bank is pleased to announce April Hengeveld as Commercial Banker in Arnolds Park. April's expertise is in commercial lending and her primary responsibilities include developing and servicing commercial businesses to help meet their banking needs.

Hengeveld graduated from Buena Vista University with a degree in Business Management and Human Resources. Prior to joining Northwest Bank, April was a commercial lender at US Bank in Cedar Rapids, IA.

April, her husband Joe and their daughter Jenna are currently in the process of locating to the northwest Iowa area from Marshalltown, IA. April enjoys giving back to the community and has served on the board of directors for the Boys and Girls Club of America and was a volunteer for Junior Achievement.

When asked about joining Northwest Bank, April commented, "My family is from northwest Iowa and I'm very excited to relocate to this area and to join a local organization that's known for their support of community growth. I'm eager to cultivate new relationships within the Lakes area and provide the personal service Northwest Bank customers know and deserve."

Dan Kitzinger commented, "April's experience and knowledge of commercial banking will provide a solid resource for our business and personal customers. We are excited for the opportunity to have April join our team and begin working with our customers in the Lakes area."

Northwest Bank is a \$1.40 billion community bank that offers a full line of business, agricultural, mortgage, consumer deposit and lending services as well as wealth management services. Northwest Bank has offices located in Algona, Arnolds Park, Ankeny, Belmont, Estherville, Fort Dodge, Humboldt, Le Mars, Milford, Sioux Center, Sioux City, Spencer, Spirit Lake, Storm Lake, West Des Moines, Iowa and Omaha and La Vista, Nebraska.

## Okoboji Debate Nationals

Three students and two coaches are ready for OSL's 20th trip to the National Speech and Debate Association Nationals. The team will travel from Milford to Dallas on Saturday the 13th for the tournament that runs from Sunday thru Friday at the Sheraton Dallas.

Brandie Bushee qualified for the tournament in Congressional Debate in the House. This is the second year in a row Bushee has qualified, though last year she qualified in Public Forum Debate. Bushee is a senior at Okoboji High School. Bushee explained, "I hope to represent Iowa and the West Iowa District well, and Dallas will be fun. Plus, it will be a great way to end my Okoboji career with Mr. Stevens." She is following in the footsteps of her sister, Haley who was a two time qualifier in Congress.

Andrew Dunn also qualified in Congressional debate but in the Senate. It has the most elite field of any of the events. Dunn, a sophomore at OHS, also is a public forum debater normally, but after not qualifying in his preferred event, earned his national ticket by winning a spot at the NSDA West Iowa District held in Carroll in March. Dunn remarked, "It's great representing Iowa, though the idea of debating at nationals is a bit intimidating. Once we start debate, I think it will be a lot of fun."

The final member of the team, Rebecca Owens, a senior from Spirit Lake High School, will be competing for the West Iowa World Schools Debate. This international style of debate has attracted more than 150 teams from around the world. It is a very different style, and some debates are totally impromptu while others are planned in advanced. She has been forced to practice with her team, that includes debaters from Dowling and Roosevelt, through internet connections and is coached by a former college World School debater.

Coach Greg Stevens commented, "It should be a great Nationals for these three. Dunn and Bushee have a large learning curve since Congress isn't their normal event. However, both are really strong speakers." Stevens did report that the House and Senate now have the same bills, which is a change from the past. That means the prep work can be shared.

Assistant Coach Cheri Shatto added, "It's really great to see these three work so hard to get ready to face the best in the country. Owens will compete against the best teams in the world that are representing their countries."

Sunday should be interesting because the United States world team, comparable to a junior Olympic basketball team, will do an exhibition debate for all of the competitors and judges.

This will be Stevens last trip as a coach for OSL and his retirement will commence when the team returns from Dallas. He has coached 40 students to Nationals including 5 who have finished in the top 20.

**LETTERS TO THE EDITOR**

Dear Business Owner,

The Iowa Great Lakes Water Safety Council has partnered with Compass Pointe and Priority #1 to promote safe, smart and sober boating in our area this summer starting Friday, June 26th. Thanks to public awareness and effective policies we have been fortunate to experience very few boating accidents in the past few years. However, in the accidents that have happened alcohol was involved in more than 70%. Through this campaign, we hope to continue to keep our lakes safe and fun for everyone. The accompanying flyers will alert your customers to the role they can play in accomplishing the goal. Thank you for your cooperation by displaying these items in a prominent spot in your establishment.

We would appreciate you promoting the slogan, "Be A Smart, Safe, Sober Boater" on any outside advertising you may have available starting Friday, June 26th.

If you need replacement or additional materials or have any questions regarding this campaign please contact Angie at 712-336-5281. We are hoping to reach as many people as possible before the 4th of July then throughout the summer and truly appreciate your help!

Sincerely,  
Compass Pointe Behavioral Health Services,  
Iowa Great Lakes Water Safety Council and Priority #1

**2015 Farmers Bank Stage Acts Announced**

The Clay County Fair is excited to announce six exciting acts that will be performing on The Farmers Bank Stage at the 2015 Clay County Fair, September 12-20. "The variety on the Farmers Bank Stage is tremendous this year," said CCF Manager Jeremy Parsons. "A cappella, polka, comedy and more will entertain our fairgoers daily." Kicking the Fair off on September 12-14 will be Holy Rocka Rollaz and Mind Games. The high-energy Minneapolis trio Holy Rocka Rollaz will take fairgoers back to the 1950's playing songs from Elvis Presley, Buddy Holly, Chuck Berry and Johnny Cash. Holy Rocka Rollaz knows how to deliver the spirit and the sounds of the classics. Mind Games, featuring certified hypnotist Jared Sherlock, is a comedy stage show that guides volunteers into a world of hilarious daydreams and challenges. Sherlock was recently named the "Minneapolis Indie Performing Artist of the Year." The middle of the Fair (September 15-17) will feature BLEND and the Wendinger Brothers. BLEND is a cappella duo wop quartet that brings back memories of the 1950's and 1960's with a fun twist. The group will be bringing renditions of songs which most everyone has heard of to the Farmers Bank stage. Peter and Paul Wendinger of the Wendinger Brothers are a polka duo. The brothers, who are a returning Fair favorite, were hired to play at a polka festival in Honolulu, Hawaii in 1976 and have been playing ever since. The Farmers Bank Stage will close September 18-20 with Becky Schlegel and Kenny Ahern. Becky Schlegel is an original classic country, bluegrass and folk singer. Schlegel will take the Farmers Bank stage audience on a musical journey exploring new places and meeting new people in every song. World-class family entertainer Kenny Ahern is a hilarious physical comedian. Ahern will present heartwarming wit and spectacular artistry to fairgoers. **Iowa Lakes Sponsors Bus Trip to the Iowa Great Lakes**

Enjoy the sights close to home with bus trips sponsored by Iowa Lakes Community College. First explore the Iowa Great Lakes on a trip leaving the Spencer campus at 1:30 p.m. on Wednesday, June 17 and returning around 10:30 p.m. Visit the Classic Car Museum, Little Swan Lake Winery for a tour and tasting, have dinner at The Inn, and see On Thin Ice at the Okoboji Summer Theatre. On Thin Ice is a PG-13 farce written by Dan Schultz. It's set in Okoboji at the Winter Games on the eve of the Iowa Caucuses. It is the story of a lowly congressman campaigning for the highest office in the land. Standing in his way are a scheming campaign manager, a meddling journalist, and a host of loony characters. Full of door slamming and bed hopping, this show proves that America is still the land of promise... especially during election season. Cost for the trip is \$60.00 and includes all tours and tickets. Dinner is additional. For more information or to register, call 800-252-5664 or go online to http://www.iowalakes.edu/continuing\_education/registration\_form\_noncollege\_credit\_classes/ and register for Course #62651.

## Arnolds Park Amusement Park's 125th Anniversary Essay Contest Winners

Arnolds Park Amusement Park held an essay contest in honor of their 125th Anniversary that some area schools chose to participate in. The theme was *Memories of the Arnolds Park Amusement Park*. The following essays are the first place winners of the schools and grades that chose to participate.

Elementary students also participated in picture essays with the same theme. You can go to *The Lakes News Shopper's* Facebook page and search the news feed to see the top four winners of each grade for those that participated [www.facebook.com/pages/Lakes-News-Shopper/3290439113](http://www.facebook.com/pages/Lakes-News-Shopper/3290439113).

### Look Mom, No Hands

by Hannah Gulick • Spirit Lake Junior

Sugar, sun, and suspense, rainbow mouths, running feet, and rising heat, or better known as a day at Arnolds Park in the shoes of a seven year old. With hands sticky from Tropical Snow and restless anticipation, these times mark the best of a child's life, as amusement parks bring endless thrill and summer days rarely give way to thunderstorms. The Park, in a child's eyes, offered a not-so-mini-roller coaster, a carousel with horses as fast as race cars, and a train much like that of the Polar Express, but there was also a grand challenge presented to every kid. This challenge of all challenges, worth more than any amount of Nutty Bars, was to stand next to the bear that guarded all of the big kid rides and finally reach his outstretched arm with the tip of your head, granting access to the worlds of adult rides.

As a seven year old, I was finally initiated into the big kid section of the Park, requiring one final act of courage as it was fortified by the relentless train as it ran on its barricaded tracks. Once across, I was introduced to new wonders of the world; the Scrambler, the Log Ride, and the Tilt-O-Whirl among others. Introduction to the real world was not free, though, as being tall enough for the big kid rides meant that you were tall enough to be exempt from most of the rides you were familiar with. There was seldom a best of both worlds, unless there was a friendly worker willing to overlook the height issue. This brought the distressing transition from the not-so-mini roller coaster to The Legend. The Legend was a giant in the face of any kid, offering the utmost respect from one's peers if it could be mastered. Mastery only required one ride, but it was the first time ascending that walkway that was the hardest. Mastery came for me when I was nine. It took a lot of encouragement from those around me, but I made the fateful trip up the ramp in the scorching heat and into the second car. It was there that I, among countless others, experienced the true thrill of a real roller coaster.

It was not long before elementary gave way to middle school, and it was in this intermediate school between elementary and high that the Park granted a different calling. The Park, though exciting as ever, was no longer a family endeavor taken every once and awhile when one's parents were able to break away from their job. It was now a place for meeting with friends, swimming in the lake, and daring one another to reach the top of the Topsy House. The Topsy House produced a similar sense of alarm to a middle schooler as The Legend did for an elementary student, as rumors of people falling into corners and getting stuck were told by the older kids to scare the younger. It was with this fear that middle schoolers took on the Topsy House, aiming to conquer by reaching the top railing and waving down to one's friends on the ground below. It was here, at the very top of the Topsy House, with the floor slanting away under your feet, and the railing seeming to be the only sturdy structure around, that a kid could look out over the boat spotted lake and realize the Topsy House was not so bad after all.

Another transition occurred as a middle schooler reached high school, and the Park took on yet another look. Most of the daring and conquering of the park had been accomplished, and a lot of friends spent their days at various jobs. This is when the Park became a place of employment and nighttime activity. There were plenty of interesting jobs available at the Park, from ride worker, to ice cream server, to waiter/waitress. Working in or near the Park didn't really seem like a job to a high schooler, but more of a privilege. These summer jobs were fast paced and left one worn out at the end of the day, but never too worn out to miss a concert at the Green Space. These concerts were the hub of activity throughout the summer, and friends were always available to be found or made. All in all, this makes Arnolds Park a place of excitement, friendship, and sunbats, leaving a person with countless celebrated memories.

## Chief Executive Officer Named At Arts On Grand

Arts on Grand, a nonprofit art gallery and learning center located in downtown Spencer, Iowa, is pleased to announce it has named Wendy Pouse as its new full time chief executive officer. Pouse has worked with the organization since July of 2013 as its office manager and will fill the vacancy created by Jennifer Galm's departure earlier this spring. The selection was made by members of Arts on Grand's Executive Committee and a specially created search committee. The new role of CEO is a restructuring of the previously held position, which will blend the financial side of Wendy's current tasks with the leadership attributes of the Executive Director position.

New changes within the organization also include the roles of Programming and Marketing Director, Katie Hughes, and new Curator, Justine Wagner. Hughes' position will now move to full time while Wagner's part-time position will now be permanent.

"I'm very excited by this opportunity and look forward to accomplishing my goals of getting many of our day to day processes more streamlined. I also look forward to bringing in more community activities and bringing back events such as "Music in the Gallery" and expand on our more successful events we currently offer."

Arts on Grand is a 501(c)(3) nonprofit organization providing artistic opportunities, education and outreach to Spencer, Iowa, and other communities in northwestern Iowa.

### The Park

by Caleb Miller • Okoboji 6th Grade

I love summer. Who doesn't? It's the time when you get to bike, fish, play baseball, hang out with buddies, and flirt with girls. If you're in Okoboji your summer means The Park. Arnolds Park makes people smile at the thought. Every time I see the Ferris Wheel my heart skips a beat. Okoboji is cold in the winter. So cold if you stand outside too long your fingers will freeze and pop off. The Ferris Wheel always keeps me alive during the winter almost as if it is whispering "Summer will come." The park is one of the lakes areas strong suits. It and the lakes. It is one of the reasons I am writing right now.

I remember getting out of the car after a hot, sweaty, and sticky six hour car ride. We had just moved to Okoboji. My legs creaked as we got out into the afternoon air. The first thing I heard was the laughter and joy of a group of middle school kids. One of the boys had cotton candy in his nostril making his buddies laugh. The sweet smell of cotton candy and popcorn drifted across the light breeze. My mom suggested that we go right to the house, but you could see in her eyes that she wanted to go have a good time at the park. The first thing I did was go and look for cute girls. I'm a middle schooler... my brain functions that way. After a couple moments of deciding on what to do, I saw my little brother gawking at the confusing yet interesting Topsy House. His smile was so big you could drive four cows and a guinea pig through it. My dad took us into the strangely angled building. The first thing my sister did was fall over. It was priceless. After about ten minutes of playing and a Michael Jackson *Lean* picture, we decided to step out. The sun had died down making the water golden and mesmerizing. Just the thought of it makes me smile. We saw The Legend, and our hearts tried to escape out chests. We walked up the wooden stairs to the platform. The trees around us were dancing with different shades of green. As I sat down inside the cushioned seats the bars slowly lowered around me and my little brother. I buckled up but the person that had sat there before me must have just had a Big Mac and Whopper combo. The ride started up, and it was too late to tighten my belt. I looked over the rickety sun cracked sign that said "The Point Of No Return." It seemed a little extreme to me, but I liked the little park's sense of humor. As we went down the big drop, I saw my little brother's big smile. It made me so happy watching him have that much fun. The ride was great. It had tosses, turns, ups, and downs. When the ride was over, we went to the Nutty Bar stand. The employees were so friendly. The sweet teenage girl with long blonde hair. She was always smiling. The food was just as good as the service. The cool soft ice cream, and then the crunchy crispy peanuts. The Root Beer cooled my throat as it gushed into my stomach. The taste was so good. The smell was wonderful. The lake was beautiful. This is why I love where I am. This is why I consider The Park to be the place to be.

The Park is now one of my favorite places to look at on bike rides. Just the thought of going back is heartening. The cool breeze. The mesmerizing waves on the lake. The smell of popcorn, cotton candy, and boat exhaust. The feeling is overwhelming. It makes me miss it every second of the closed season. This Park is worth the best. This is the Park.

## Halestorm To Perform

The Clay County Fair is excited to announce an evening of rock music featuring Halestorm with special guest We Are Harlot in the U.S. Cellular Grandstand at the 2015 Clay County Fair on Saturday, September 19 at 7:30p.m.

"As always, our goal in the Grandstand is to provide something for everyone," said CCF Manager Jeremy Parsons. "This night of active rock featuring a Grammy Award-winning group will be one to remember."

Halestorm pushes musical boundaries with well-crafted songs that rise from a whisper to a scream, proving there's no limit to their creativity. They won a Grammy in 2013 for Best Hard Rock/Metal Performance for the song "Love Bites (So Do I)" and their newest album *Into the Wild Life* has Halestorm at the top of the charts again. Their first single, "Apocalyptic," went #1 on the mainstream rock chart. By embracing this style of music and their songwriting skills, they are able to appeal to fans of both Heart and Metallica.

We Are Harlot's first single "Dancing on Nails" confirms that they are here to conquer with their staggering versatility and breakneck pace. The band's big personality comes through from the start of their performance to the end. The Auxiliary's Teddy Bear program provides a stuffed teddy bear to every child who is admitted or has an outpatient procedure performed at the hospital.

Deadline to register is this Thursday, June 18th, 2015.

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji and Iowa History. Pictured are signs from the lakes area that many people will remember. The meals in church basement sign was during the W.P.A. years at the Catholic church in Milford. The small white sign was from the Barrel in the Fun House. The red, yellow and blue sign was also from the Fun House. The museum also displays the outside Fun House sign. The left bottom sign is the Madam Bessie fortune telling sign. The museum also displays the original Roof Garden sign as you went up the stairs. The skull crusher bicycle and red cutter sleigh is shown on the right. Some of these signs are now in a new museum building where we display many stands that were in the amusement park. Several scary items that were from the spook house are included. The museum is located 1 mile west and 1/2 mile north of the Catholic church in Milford. Call 712-338-2147 or email [ijclark1@msn.com](mailto:ijclark1@msn.com) for any information.

## DAR Launches Children's Chapter

In a formal ceremony on June 9, the Ladies of the Lake Chapter of the Daughters of the American Revolution (DAR) established the Okoboji Chapter of the National Society of the Children of the American Revolution (CAR).

Presiding with Regent Colleen Lemkuil of Spirit Lake were 17 year old David Graham of Sioux City, State President of the CAR, and Diane Lavender, Estherville, Senior Organizing President. The event took place at 1:00 p.m. in the Arnolds Park Shelter House, corner of Monument Drive and Okoboji Grove Rd.

David presented CAR pins to four charter members, Landon Peterson, age six; Ariana Peterson, age five; Austin Lavender, age seven and Helen Lavender, age six, all of Estherville. They are the children, respectively, of Luke and DAR member Katie Peterson and of Bob Lavender. They are the grandchildren of Diane Lavender.

In his address, 17 year old David described the CAR as the nation's oldest, largest patriotic youth organization with chapters in five countries and ten new local chapters in Iowa. Membership is open to age 21 to anyone lineally descended from someone who aided the cause of American Independence as a soldier, sailor, civil officer, or as a recognized patriot in one of the several colonies. CAR activities focus on patriotism; service and education about our American heritage. He brought congratulatory messages from National CAR president Erin Johnson and Iowa Senior State President Mary Petersen.

Okoboji Senior President Lavender noted that the planned activities will address the interests of various age levels and will also be fun for the young people as they develop an understanding of what it means to be an American. She encouraged 2015 DAR History Winner Jadyn Baumann and past History Winner Hannah Grovesnor, both of Milford, to become involved. Both students were honored at the meeting for their achievements in the field of history.

David, who is active in the Mary Bailey Potter CAR Society, Cherokee, also introduced the current CAR state project which is raising funds to purchase original Grant Woods lithographs. They will be displayed in the new American Gothic Museum in Eldon, IA. It is housed in the home pictured in Woods' famous "American Gothic" painting.

A national CAR project involves a rare Revolutionary War artifact, George Washington's Marquee tent which is the centerpiece of the new Museum of The American Revolution in Washington, D.C. Two hundred and forty years ago, General Washington spent eight years in a military campaign to secure our freedom from British rule. He made some of his toughest decisions in that tent, which became known as "the first oval office." Mrs. Lavender remarked "We can truly say that George Washington slept here."

For more CAR information, please contact DianeLavender56@gmail.com, 507-526-2897.

## Baumann Wins History Award

Jadyn Baumann, daughter of Keith and Joleen Baumann of Milford, is the recipient of the Daughters of the American Revolution (DAR) annual History Award. The presentation was made at the Okoboji Middle School's Awards Night on May 18 by 7th and 8th grade Social Studies Teacher Sue Hillsabeck and 5th and 6th grade Social Studies Teacher Mary Thunhorst, a DAR member. Jadyn will now be honored at the Tuesday June 9 meeting of the Ladies of the Lake Chapter of the DAR when they meet at 1:00pm at the Abbie Gardner Shelter House. Jadyn's family and friends are invited.

At the school ceremony, Mrs. Hillsabeck said that Jadyn "displayed consistent academic excellence as well as a commitment to pursuing historical knowledge beyond the classroom with her reading of historical material." She cited an essay which Jadyn wrote about the importance and relevance of learning about American history.

Jadyn's mother, Jolene, says that she's proud of her daughter's academic excellence and notes that another activity that Jadyn enjoys is that of playing clarinet in the Okoboji School Honor Band.

## Terril Library News

We have completed our new shelving and floor plan project! We were able to purchase shelving for our non-fiction books in the adult section, picture-book shelving for our young children's section, and shelving to display the various genres of DVDs.

We were happy to receive a grant in the amount of \$3,250.00 from the Dickinson County Endowment Foundation last September which enabled us to complete the much needed improvement project. The D.C.E. Foundation has given us endowments in past years, as well, for the renovation of our library building and for books. We are so very grateful to the Foundation's Board of Supervisors for its consideration to help us meet our needs.

The summer reading program "Every Hero Has a Story" is just around the corner.

## TRAILS TALK

Jean Martin, Executive Director, DCTB  
TrailsDC@yahoo.com

Welcome to "Trails Talk," by Dickinson County Trails Board Director, Jean Martin. There is a lot happening on the Iowa Great Lakes Trails this summer! This week's column will give you an overview of the many active trails projects and activities, while future columns will cover specific subjects in more depth.

First, both residents and visitors, if you need a trails map/brochure, you can pick one up at the Iowa Welcome Center, adjacent to the Arnolds Park Amusement Park, or any of our fabulous hotels and resorts. Enjoy our many miles of trails around the Iowa Great Lakes, featuring both hard surface dedicated trails and street routes alike.

The finishing touches are being made on the new Pioneer Beach Road Trail. This mile-long stretch hugs the east side of East Lake, starting at Highway 9 and travels north to the State Fish Hatchery on 252nd Ave. The trail is now open and is already getting a lot of use! Please join our Grand Opening Celebration near the Fish Hatchery on Monday, June 29, at 4pm.

On the west side of West Lake Okoboji, the final segment on a long run of trail along Highway 86 is now under construction! Once the grading and underground pipe work is complete, the trail will be paved with concrete. Weather permitting, it should be ready for use in the first part of July! The Grand Opening Celebration for this trail will celebrate the completion of the entire trail along the west side of West Lake, and the generous donors who have made it possible! Stay tuned for the Grand Opening date and time.

Another trail that will be completed soon runs for 1,400 feet in Spirit Lake, from just north of Hy-Vee, on Peoria Ave., traveling in an arc northeast to join the Spine Trail at 15th Street. This is the first segment of trail on the former IANW Railroad bed. This Rails-to-Trails project will eventually result in over 40 miles of trail, from just west of Superior, traveling across both Dickinson and Osceola counties, to Allendorf. The complete Rails-to-Trails project is a multi-year commitment that is now in the planning stage.

Also in the planning stage is a trail along the east side of East Lake Okoboji, from Highway 9 all the way south, to the Moore Lake Development area. The south end of this trail will connect to the existing Arnolds Park trail near Bridges Bay. From that location, trail users will be able to travel to the Spine Trail and the entire Iowa Great Lakes area. This, too, is a multi-year project.

On the maintenance front, we are patching and resurfacing nearly two and a half miles of the Spine Trail from the McDonald's area north, past the YMCA, to 23rd Street in Spirit Lake. This is one of our oldest trails, and the project will result in a great surface that will last for many years. As you are reading this, patching and part of the new asphalt overlay is completed, with resurfacing of other sections to follow in July.

The 2014 Okoboji RAGBRAI Committee made a generous donation to the trails for emergency and way-finding signage. This project is being coordinated with Dickinson County Emergency Management, with completion targeted by the end of summer.

The Trails Board has set up an Endow Iowa Maintenance Fund with the Okoboji Foundation. We are looking at the long term need to assure that maintenance funds will be available into the future, as we build more trails and our trails get older. Donations to this fund are eligible for a 25% state tax credit for Iowa residents.

If you, your children or grandchildren enjoy using the trails, we invite you to join the Friends of the Trails. Friends donations and pledges are used to provide matching funds for grants, building, and maintaining trails. More information can be found on our website - dickinsoncountytails.com. Click on the Donate tab, then Friends of the Trails. Thank you!

## Bird Haven Reflections

by Carole Lochmiller

## Bird Haven's Spring Photo Contest

To date, we've had three winners in our photo contest: Brianna Graff with a picture of a Brown Thrasher; and Ryder Donkersloot with pictures of a Yellow Warbler and an American Redstart. They received 5 pounds of the bird seed of their choice.

The rules reviewed: What we need is a 4" x 6" photo of a bird from Wendell's list brought into the store. The rest of the birds on the list are the Common Yellowthroat, Scarlet Tanager and Ovenbird. The first photo will receive 5 pounds of the seed of choice. A second category is adult birds such as the Red-Bellied Woodpecker, Downy Woodpecker, Hairy Woodpecker, Purple Martin, American Robin and Common Grackle feeding young birds. These pictures should be easy to take this time of year.

We look forward to receiving the pictures and giving out seed to the winners.

Enjoying the birds: We are all glad that spring has finally made its arrival. Wendell and I weren't the only ones who thought they heard orioles and wrens long before their arrival. Now those birds are all here and going about their spring lives with great abandon. I love hearing the Purple Martins. They chatter constantly, but it is a pleasant chatter.

I'm not sure wren chatter is pleasant, but it sure is constant. The wrens are back in my "Heritage" River Birch. This year they had to accept a new house as the roof on the old one definitely was not rain proof anymore. There are three other wren houses nearby but they prefer the birch tree.

It is important to have several houses as they select their nesting sites much as we select a new home. In my case, the tree is right outside my neighbor's bedroom window. Good thing Andy is a good sport!

Several customers and I have had the discussion about grackles (blackbirds). That is one of the instances where it is six of one and a half dozen of another. Yes the grackles eat the fruit and nut mix, too, but I want to feed the robins and other birds that love that seed. Last night two pair of mourning doves were vying for eating spots. If you observe closely, it is easy to see there is a pecking order among birds.

There are two other feeders that contain safflower, which the doves love, so the two pair were busy going from one feeder to the other. The not so good part is I haven't seen the resident orioles for a few days. I've tried moving the grape jelly feeder to a different location but nothing has worked so far. Meanwhile, at Bird Haven there are a lot of orioles. Stop in to watch sometime.

We have gotten in a substantial supply of the Gardman squirrel proof cages. They come with a seed feeder inside the cage, which is easily removed. Last year Wendell devised a way to put a dish inside the cage for grape jelly. Only orioles and catbirds can fit in the cage or other little birds that have a fondness for grape jelly. Once the orioles are gone, it is easy to reinstall the seed feeder and have a squirrel proof feeder the rest of the year. Meanwhile the expense of grape jelly is lessened.

The six of one half dozen of another applies, too. Putting the jelly in an open feeder will attract many other birds including rose-breasted grosbeaks. We think there are four nesting pair of grosbeaks here, and they really like the Nutra-saf, which is a type of safflower that has thinner shells and is higher in protein.

Prepare to have more house finches when you add this seed to your offerings as well as cardinals.

I refer to myself as a "tree person". Every year finds me looking for a spot for another tree.

That has been quite the challenge with 18 big, old burr oaks in my yard. Migration has been quite the interesting time around Bird Haven. Many varieties of warblers love the gently flowing water in the ponds and little stream that connects them. Orioles are, of course, orange but when they fly away from the water areas, they are really bright orange. Wendell has been spotting an orchard oriole at Bird Haven for awhile now, and we are hoping for a nesting pair. Last week there were many Pine Siskins. They ate the 50/50 blend with the goldfinches, but they have now headed north.

Also seen here is a red-headed woodpecker. Those woodpeckers are rather rare especially in urban areas.

I hope everyone gets out and enjoys the wonderful spring all over our area. Enjoy all this wonderful beauty and activity around us!

## Farm Service Agency County Committee Nomination Period

The U.S. Department of Agriculture announced that the nomination period for local Farm Service Agency (FSA) county committees (COC) began on Monday, June 15, 2015. It is important for county committees to reflect America's diversity. All eligible farmers, including beginning farmers, are encouraged to get involved in this year's elections. FSA has seen an increase in the number of nominations for qualified candidates, especially among women and minorities - a trend the Agency would like to see continue.

To be eligible to serve on a FSA county committee, a person must participate or cooperate in an agency administered program, be eligible to vote in a county committee election and reside in the local administrative area where they are nominated. Farmers may nominate themselves or others. Organizations representing minorities and women also may nominate candidates. To become a candidate, an eligible individual must sign an FSA-669A nomination form. The form and other information about FSA county committee elections are available at [www.fsa.usda.gov/elections](http://www.fsa.usda.gov/elections). Nomination forms for the 2015 election must be postmarked or received in the local USDA Service Center by close of business on August 3, 2015.

FSA will mail election ballots to eligible voters beginning November 9, 2015. Ballots will be due back to the local county office either via mail or in person by December 7, 2015. Newly elected committee members and alternates will take office on January 1, 2016.

While FSA county committees do not approve or deny farm ownership or operating loans, they make decisions on disaster and conservation programs, emergency programs, commodity price support loan programs and other agricultural issues. Members serve three-year terms. Nationwide, there are about 7,800 farmers and ranchers serving on FSA county committees. Committees consist of three to eleven members that are elected by eligible voters.

According to FSA County Executive Director, Larry Lago, "The 2015 county committee election in Dickinson County will be for the purpose of electing a representative to serve a three year term on the Dickinson County FSA committee from the FSA Local Administrative Area #2 (LAA) comprising the townships of Spirit Lake, Superior, Center Grove, and Richland. Walter Brunsdold from rural Superior area is currently the incumbent for LAA2 and is eligible for re-election for another three year term. Any farm owner or operator from those townships is also eligible to serve and vote in this year's FSA COC election."

USDA issued uniform guidelines for all county committee elections nationwide to help ensure that FSA county committees fairly represent the agricultural producers of a county or multi-county jurisdiction, especially minority and women producers. Minority persons are African Americans, American Indians or Alaska Natives, Hispanics, Asians, Native Hawaiian or other Pacific Islanders. The guidelines govern the FSA county committee election process and are designed to increase participation by minorities and women.

To read more on the FSA Election guidelines, visit the County Committee Elections page at <http://www.fsa.usda.gov/news-room/county-committee-elections> or contact the Dickinson County Farm Service Agency Office located at 3302 18th Street, Spirit Lake, Iowa 51360 (712-336-3782 ext.2).

**By the Water's Edge**  
Addressing Phosphorus Issues  
By Steve Weisman

Water quality on the Iowa Great Lakes is extremely important to all of us. We know that water is not unlimited, and whether in our homes, in our businesses, on our farms or as we recreate on these waters, it is the responsibility of all of us to be stewards of this valuable resource.

For those of us in the communities around the Iowa Great Lakes, including some of the unincorporated areas, we are part of the Iowa Great Lakes Sanitary District (IGLSD). The District's collection system includes a service area of approximately 12,000 acres. Municipal wastewater includes wastewater from homes as well as businesses and industries within the service area, as well as from storm water runoff. The wastewater passes through several treatment processes at the Waste Water Treatment Plant (WWTP) to remove pollutants before discharge into Mill Creek (Milford Creek). All of this follows the rules and regulations of the Clean Water Act, and in Iowa the Iowa DNR supervises and grants the permits for the release of this discharge.

In a recent visit with Steve Anderson, Superintendent of the IGLSD, the IGLSD is currently applying for its new permit. "We have always met the levels as dictated by the Clean Water Act. As sanctions have become more stringent, we have worked to meet those demands. One of the newest areas of focus is the level of phosphorus."

Too much phosphorus in the wastewater is suspected to cause algae blooms, stress on aquatic life and vegetation and unsafe limits for humans recreating in the body of water. According to Anderson, "We don't currently have a limit for phosphorus, but our average level is 2.89 milligrams per liter of water. As the Clean Water Act has increased its restrictions, we know that we will need to do more to decrease our levels of phosphorus released into Mill Creek (Milford Creek)."

At this point, the DNR is requiring the IGLSD decrease its phosphorus discharge level to 1 milligram per liter of water. "I think this is something we can do by tweaking a few things here at the plant. We can add an iron chloride treatment that will pull phosphorus levels down. These changes will cost about a million dollars, but it's something that we can handle."

However, Anderson has also been told that the permit could include eventually dropping the phosphorus level to .5 milligrams per liter of water. "If we have to do this, we will have to install a filtration system that will cost around 7 million dollars. The Trustees will either have to change priorities to further improve Mill Creek (Milford Creek) or raise the tax levy to continue our work for protecting the Iowa Great Lakes and the additional requirements for Mill Creek (Milford Creek)."

What we can do  
7 million dollars! That's a lot of money, but there is something we can do all of us to help lower the level of phosphorus. It all comes down to what we use and what we flush down the drain and into our wastewater systems.

Anderson says, "Everything we use and flush into the sanitation system affects the way we handle our discharge." One of the best things we can do is do away with using as much phosphorus as we can. For example, our dish soap, our detergent, our hand soap and shampoos -- if we go phosphate free, we will make a huge difference. That's thousands of homes and businesses doing their part.

At the same time, if business and industry can look at using chemicals and cleaners that are phosphate free. All of these steps can go a long way toward helping keep our IGLSD from having to pass a 7 million dollar filter system on to all of us!

Let's do our part and see just how much of a difference we can make without having to pay for a 7 million dollar filtration system!

**Adam J. Williams Memorial Scholarship To Auto Collision Student**

Iowa Lakes Community College Auto Collision Technology student, Cody Bonnsetter of Belmond, was presented with the Adam J. Williams Memorial Scholarship at a small gathering of his classmates.

Buck and Lee Williams presented the scholarship in memory of their son, Adam J. Williams.

"As a result of a life-altering, tragic accident, the Williams family has graciously shared Adam's story and financially assisted students in achieving their educational goals and beginning their careers," said Jolene Rogers, Executive Director of Community and Business Relations.

Williams was a 2006 graduate of the Auto Collision and Paint Technology program. Later, when he was killed in a motorcycle accident, his parents decided to invest his life insurance in the future students of the Auto Collision program. His parents have honored his classmates with a scholarship since then.

"This scholarship is the only one Iowa Lakes currently has that's specifically for Auto Collision students," said Rob Schultz, Assistant Professor.

He continued, "For most of them this helps a lot with paying for their summer term and gives them a few less loans when they start their careers."

For more information about the scholarship or the Auto Collision program contact Rob Schultz, Auto Collision and Paint Technology Assistant Professor, at 712-852-5236.

We will be hosting two events - Monday June 22nd from 1-2 PM and another the following Monday, June 29th from 11:00 - noon. We hope to use the Library Green Space as part of this exhibition. Come to one or both open houses and see if you know any of these Community Heroes. This is part of the summer reading program where this year's theme is 'Every Hero Has a Story'. Get more information by calling 336-2667 or checking the website for the library [slpublib@weebly.com](http://slpublib@weebly.com). See you there.

On the 22nd we are planning to have some local firemen with a truck, a veteran and his Army jeep, a local yoga instructor teaching the kids 'super' poses and some outdoor 'super' activities for the kids. Wear your capes!

**A SAFE PLACE TO BELONG**

During the summer months, kids don't always have access to safe places where they can make friends, continue learning and have fun. Thankfully, the Y provides those safe places, along with positive role models and tremendous opportunities to realize their full potential.

Camp Foster YMCA campers experience a number of benefits during the summer:

- They feel a sense of accomplishment by building new skills
- They stay active and healthy by playing outdoors
- They unplug from technology and build friendships that will last a lifetime
- They are paired with positive role models all summer long

We wish to thank all of our valued donors and partners for their support in ensuring that children in our community have safe spaces and nurturing environments that help them to grow and thrive during the summer months.

## Schuchert-Lentz Funeral Home Receives Award Of Excellence

Schuchert-Lentz Funeral Home of Spirit Lake received the Award of Excellence in Funeral Service at the 135th Annual Iowa Funeral Directors Association (IFDA) Convention held May 12-14, 2015, at the Iowa State Center and Gateway Hotel in Ames, Iowa.

The Iowa Award of Funeral Service Excellence recognizes a funeral home's exemplary service to the community it serves. Schuchert-Lentz Funeral Home, which has been serving Spirit Lake and the surrounding communities since 1999, was one of 17 funeral homes from throughout the state to receive the award. It is the 1st year the funeral home has been recognized by peers for this achievement. To qualify, a funeral home must excel in four of five areas: presentation of public information, active membership in the state association, sponsorship of community events or services, professional development, and personal development.

This year's Annual IFDA Convention featured highly regarded local and national funeral service speakers who presented current information on bereavement education, business and management practices, regulatory updates, technical skills and training, and additional topics related to the funeral service profession. The Annual IFDA Convention provides funeral directors with a forum to receive and exchange information so they may return home with new ideas that will allow them to better serve the families in their communities.

The Iowa Funeral Directors Association "promotes and supports funeral service excellence" by representing over 700 Iowa licensed funeral directors and 413 funeral home establishments throughout the state and promotes high standards within the field of funeral service through continuing education programs, legislative representation and service to Iowa communities. For consumer information regarding funeral service, please visit IFDA's website at [www.iafda.org](http://www.iafda.org).
