Kiwanis Club Presents The 'Buddy Bench' To Okoboji Elementary

Some Members of the Milford Kiwanis Club formally presented the 'Buddy Bench' to Okoboji Elementary. Principal, and Kiwanis Member, Justin Bouse accepted the Buddy Bench on behalf of the school. Principal Bouse commented that the Buddy Bench is achieving its goal and purpose already.

The Buddy Bench is a place one can go and sit when they are feeling left out and feels down. Others will come over and invite that person to go and be with them.

A special thanks to Kiwanis member, Jay Chapman, who poured the concrete pad for the bench. Also a great thanks to Dave Stoeber and Kirby Berhow who set and mounted the Buddy Bench. This project originated during the Presidency of Dave Stoeber. Job well done Dave! Also, special thanks goes out to the whole elementary staff for the explanation, the support and the development of what the Buddy Bench is all about.

The following letter from a local parent really puts it into place: "Our 8 year old daughter told me how she and a friend saw a little girl sitting on the buddy bench today and went over and asked her to play with them. She said the teachers had taught them what the buddy bench is for and when they saw the girl sitting there they knew they should ask her to play. They spent the rest of the recess sliding and swinging and having a ball. A couple of years ago our daughter would have been the one sitting on that bench so, it is off to a great start!"

The Kiwanis Motto is "Serving the Children of the World". Our Defining Statement really, truly sums it up as to what Our Milford Kiwanis Club really does: Kiwanis a global organization of volunteers dedicated to improving the world one child and one community at a time. That is Our 'Why'!

OMS Student, Former Teacher Honored

by Mrs. Stevens

It was a great honor to be chosen by William Alexander to accompany him at the Belin Blank Center Awards Ceremony. Working with William and other students like him is one of the things I truly enjoy about teaching. His passion for knowledge and learning drove me to find more and more things to challenge him. The ceremony included some inspiring keynote speakers who really spoke to the students and teachers. Sadly many teachers don't always receive the recognition they deserve, but I was lucky enough to get invited to this ceremony. I feel honored and grateful, but I accept this honor on behalf of all the teachers in the Okoboji schools who do amazing things for all students each and every day.

Parks Marina's "Boatloads Of Toys"

Parks Marina in Okoboji and Upper Des Moines Opportunity have teamed up once again, to launch Boat Loads of Toys, an effort to provide Christmas toys and clothing to youth in need in Dickinson county. To date, Parks Marina's Boatloads of Toys estimates close to \$15,000 in toys and clothing have been distributed to area youth.

Now through December 19th, bring an unwrapped new toy or new articles of clothing to Parks Marina, located on East Lake Okoboji or to Okoboji Boat Works on West Lake Okoboji. Toys will be distributed by Upper Des Moines Opportunity, to youth in Dickinson County.

"Christmas is my favorite time of year," says Debbie Parks, Marketing Director at Parks Marina. "This toy drive helps make it just as special for local families in need. Please consider making a donation."

This is the seventh year for the toy drive and to encourage donations, Parks Marina will offer a 20% shopping spree to those who donate. The coupon will be good on all Barefoot gear, apparel and select water accessories.

Upper Des Moines Opportunity, Inc. (UDMO) is one of 18 Community Action Agencies in the State of Iowa and has been serving our communities since 1965. It is a nonprofit organization that was established under the Economic Opportunity Act of 1964 to fight America's War on Poverty at the local level.

Parks Marina continues to not only be dedicated to the service and care of its customers and employees, but also to the Iowa Great Lakes Region and its surrounding communities. For more information log on to parksmarina.com.

Identity Restored: Women's Retreat

Plan to attend a community-wide women's retreat to explore the topic "Identity Restored: Who I Am in Christ," which will be led by speaker and musician Becky Linn of Follow Hard Ministries. The one day retreat will take place in Lakeview Lodge at Lakeshore Center at Okoboji, 1864 Highway 86, Milford, Iowa, on Saturday, November 7, from 8:30am - 4:00pm.

The majority of women today struggle with "identity theft" - negative and false perceptions of who they are. Take time to spend a day understanding God's truth about ourselves as we experience a time of refreshing, renewal, and fellowship.

For more information, see Becky's website www.followhardministries.com. To register online, go to <http://fpcspiritleake.org/news/> or call First Presbyterian Church, Spirit Lake, 712-336-1649. Registration is \$30 per person and includes the all-day retreat, lunch, breaks, and child care. For overnight lodging Friday night, call the camp at 712-337-3313.

Good Neighbor Month During October

October has been designated "Good Neighbor Month". During the month of October the Good Neighbor Fund will be collecting funds to support the non-profit agencies in our community. The good work of these agencies helps enhance the lives of others.

The Good Neighbor Fund provides substantial funding to local charities that, without the support of community members, would be unable to provide services to our neighbors in need. This year's fund drive goal is \$93,000. Eighteen different local charities have been selected as recipients of funds this year.

If you would like to support the Good Neighbor Fund Drive for 2016, please send your contribution to: Good Neighbor Fund of the Okoboji and Spirit Lake Territory, P.O. Box 454, Spirit Lake, IA 51360.

Be a "good neighbor" and help support this drive today.

Wills Elected House Majority Assistant Leader

Representative John Wills (R-Spirit Lake) was elected by fellow House Republicans as a new House Majority Assistant Leader. Rep. Wills will replace Rep. Lee Hein (R-Monticello), who was recently selected to become the House Agriculture Chairman.

"I am honored and humbled to be elected by my peers to serve as an Assistant Leader for our caucus," said Rep. Wills. "I am excited for this opportunity to bring a fresh perspective to the House leadership team. I am also looking forward to next session where House Republicans will continue to fight to create jobs, reduce burdensome regulations on Iowa businesses, and balance the budget by spending less than the state collects. I would also like to thank my constituents in House District 1 for the honor of representing them in my caucus and in the Iowa House."

Representative Wills, who is serving his first term in the House, is currently the Vice Chairman of the House Environmental Protection Committee. When not serving in the Legislature, he is the Clean Water Coordinator for the Dickinson County Soil and Water Conservation District in Spirit Lake, where he lives with his wife, Cami. John and Cami have three adult children.

SLHS, OHS students earn All-State seats

Spirit Lake High School vocal music director Duane Ites was quick to let us know Sunday that congratulations are in order for several of his students who had successful auditions for the Iowa All-State Chorus.

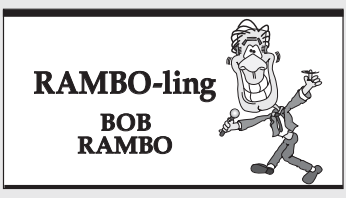

Senior soprano Lauren Wickham was selected for her second year. Senior baritone Tyler Jenness was selected for his first year, along with junior alto Lauren Sandison and junior soprano Noelle Yost.

And freshman clarinet player Ruby O'Hagan was selected to participate in the All-State Band.

Okoboji senior bass clarinet player Kaycee Arrowood was accepted to the All-State Band. And junior alto saxophonist Hannah Roberts selected to be an alternate.

As SLHS band director Tyler Pedersen noted, all those who worked for the auditions are to be congratulated, "as it is a lot of work and everyone should be proud of their efforts." Amen.

Some 1,000 students were part of Saturday's trials. The groups will perform in the Hilton Coliseum, at Iowa State University, in Ames, on November 21...

Like many other snowbirds, Stagerat Stan was planning to hit the road for warmer climates weeks ago, but instead is enjoying the mostly beautiful autumn weather. We're glad he did, as he has ferreted out some good information about what could be one of the biggest music events of 2016 - the 60th anniversary of Marilyn Maye's first appearance at The Inn.

From what Stan tells us, Marilyn should be on stage in The Lakeview Room for what has become her regular three-night stand, the Sunday, Tuesday and Wednesday nights of the second or third week in July.

Place your bets on the week - and be the first to make your reservations. The scheduling is good news on several of fronts. But most interesting is that the dates are being set so far in advance.

Stan also sez there could be major changes coming soon at The Inn, though he wouldn't elaborate while he was packing his bags.

Many fans will be pleased to know that Marilyn is also returning to New York's Metropolitan Room for New Year's Eve - and a few nights in the new year - before gigs in sunny Palm Springs, California (in January), and warm West Palm Beach, Florida (in March). She must have a great booking agent...

One highlight of this week's activities would be the Iowa Lakes Community College Jazz Festival - for ILCC students and jazz lovers, alike. In addition to a convocation and clinics for area students, Thursday night will see Kirk Garrison, Tony Gulizia, Andy Hall, and Joey Gulizia in a 7:00 concert with the students in the ILCC gym in Estherville...

That same night will see Damon Dotson, Chad Elliott and J. Jeffrey Messerole featured in the Western Iowa Songwriters Showcase at the Pearson Lakes Art Center. The workshop will run from 3 - 5 :00, with the concert starting at 7:30 in the Lauridsen Performing Arts Theatre...

Another big show - or two - will be Sunday, when the Spirit of Harmony Chorus celebrates its 35th anniversary with a 2:00 matinee at the SAMI Center, in Spirit Lake, and a second performance in the Emmetsburg High School auditorium, at 7:00.

The theme is Why We Sing, and will also feature The Benson Family Singers, in Spirit Lake; and The Cornbelt Chorus, in Emmetsburg...

Tonight (Tuesday) could be Glenn Henriksen's Tuesday night finale at his place in Spirit Lake. The show starts at 7 p.m. (We can always hope he'll stick around another week or two)...

The Itty-Bitty Boji Band will be performing at Table 316, in Arnolds Park, Wednesday night, with a special Halloween Party. ('Boji' Bill Carpenter will be the guy with no mask)...

Kris Karr will be featured Thursday night from 6 - 8:00, on stage, in the barn, at the Little Swan Winery, where Andrew and Jennifer will host a Halloween costume party and contest, Saturday night, from 7 - 9:00.

Fresh off his Thursday Songwriters Showcase, Damon Dotson will take the same stage Sunday afternoon, from 4 - 6:00...

And, finally... The fact that there's no more Class... to do research for hasn't kept research director R.D. from her appointed duties. Today, she tells us, is "Cranky Co-workers Day." Because we all have bad days - some more than others - today is the day when such crankiness at work is actually encouraged. We're not sure how this event came to be or why.

But we would all do well to remember that we might have to pay tomorrow for today's crankiness...

All the news that fits we print.

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

To The Editor:

I would sincerely appreciate you casting your vote for me, as I am running for Milford City Council as a write in candidate. I have absolutely NO hidden agendas, and definitely no ax to grind. I have no pending issues against the city of Milford, nor do I expect to. I will be able to sit down at the table and discuss matters pertaining to the well-being of the citizens without having to bring any personal matters into the discussion. The city council is headed in the right direction, and I am certain that I can get with the present administration to solve the needs of the city. I am a 22 year military veteran, and I firmly believe my integrity will never be an issue. I have been a General Contractor in this area for nearly 20 years and I believe I have attributes that will assist the council in making decisions on building and structural matters. Having been on the board of adjustment in Milford for the past four years, I am in tune with what is going on in the city, and I believe I can be an asset to the people of Milford. Please vote on Tuesday, November 3, 2015, and fill in the oval for write in candidate with the name Bill Huse on the adjacent line. Thank you for voting and thank you for your support.

LETTERS TO THE EDITOR

Dear Citizens of Spirit Lake:

I am writing this letter to show my support for Donna Fisher running for Spirit Lake City Council. Donna is a current incumbent on the council appointed back in October 2014, as a female on an all male board. Donna retired to Spirit Lake in 2013, to be closer to her family and grandchildren. As a former City Clerk and City Manager and Finance Officer in Spencer for over 30 years she has experience in policies, procedure, city planning, finances, and issues that may arise. Donna is in tune with our community and supportive of the growth that Spirit Lake has seen over the past several years.

Donna is a reliable, caring and trustworthy person. Her heart is genuine and she is cautious and caring about her community in which she lives and raises her family. She has the foresight and experience to keep Spirit Lake moving in the right direction as we continue to attract new business and families to reside in Spirit Lake.

Show your support for Donna Fisher at the polls on Tuesday, November 3, 2015.

Sincerely,
Nancy Vierkant, Spirit Lake

Acclaimed Americana Stringband Mipso To Perform At PLAC

Rising young Americana stringband Mipso will be performing on November 5, 2015, at Pearson Lakes Arts Center in Okoboiji, in support of their new album Old Time Reverie, to be released via Robust Records on October 2, 2015. Spawned from the ongoing renaissance currently enriching and expanding the traditional vocabularies of old time and bluegrass music, Old Time Reverie finds Mipso putting time-honored tools to work on new terrain - with evocative, intoxicating results. Years of constant touring have tightened their attack, lending a new degree of authority and cohesion to their sound, while the addition of fiddler and vocalist Libby Rodenbough to the existing lineup of Jacob Sharp (mandolin), Joseph Terrell (guitar), and Wood Robinson (bass), has added new colors to an already rich palette.

Tickets are on sale for \$20 general admission, \$16 for PLAC members, and \$15 for students. This event is sponsored by Gregory Gamble, Walker Insurance, Pizza Ranch in Spirit Lake, and Okoboiji Wines - Mark and Sheila Reed. For more information about Mipso and Old Time Reverie, visit www.mipsomusic.com.

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

Dear Citizens of Spirit Lake:

Please vote for Donna Fisher on November 3rd in her re-election to the Spirit Lake City Council. Donna has over 35 years of experience in city government, making her a very resourceful and valuable candidate for the open council seat. I am truly impressed by her compassion to make a difference and the depth of her willingness to do the right thing. She has a big heart that shines through in everything she does. She is all about family, being there for her children and grandchildren when they needed her most. Donna will give the citizens of Spirit Lake the research and commitment to do what is best for the City of Spirit Lake, along with the time and energy to be a great leader for our community.

Remember to Vote on the 3rd!
Cindy Mart, Spirit Lake

Fall Films For The Cinematically Disadvantaged

Arts on Grand and Carey's Electronics are once again cooperating to present Films for the Cinematically Disadvantaged this fall beginning on October 19. This series will feature four films on consecutive Monday evenings running through November 9. The films are screened upstairs at Carey's, 220 Grand Avenue, beginning at 7:00pm. This fall's series features films from Argentina, UK/Ireland, Finland, and France.

- November 2 - *Mother of Mine Finland*: One of more than 70,000 Finnish children evacuated to Sweden during World War II, Eero struggles to find his way to adjust to his new life with a new "mother".
- November 9 - *The Artist French*: George Valentin is a dashing silent movie star at the peak of his career in 1927. But the advent of talking pictures and Hollywood's constant need for fresh faces signals the decline of his fame and fortune. Valentin has a brief, innocent flirtation with young ingénue Peppy, whose star is on the rise. Valentin loses his fame, while Peppy becomes a huge success, but never forgets the man who once showed her kindness.

Films for the Cinematically Disadvantaged is a partnership between Arts on Grand and Carey's Electronics. Admission to the films is free to the public, but free-will donations are accepted to help support the series.

Christmas Holiday Market

The holiday market is shaping up to be a great success. So far, a dozen vendors have signed up for space and more will sign up as we get closer to the market date. The date for the holiday market is December 5th and it begins at 7:30am, just like the regular market. There's no better time to stock up on local goods as this will be the last time we meet for 2015. Where does the time go?

A Good Year For Small Egg Producers

There is some good news for our egg sellers since the avian flu has rampaged across the landscape. Their market is flourishing and it is about time. I say that because much like milk producers these fine people never have a day off. We have 3 different producers at the market and they sell out quickly as the market is inverted at this point in time. Inverted here means that the small producers are around the same price as the mega-food stores which is a rarity since the mega stores have the economies of scale on their side, whereas the small producers have freshness and taste on their side. Do you know how to judge if an egg is fresh? If an egg floats, it is absorbing air and it is not as fresh as it could be. Try it, my fellow readers, and see the difference freshness makes.

Hunter's Moon

This week, the full moon will have a scary guest. A dragon haunts the night sky: the constellation Draco. Its coils wrap around Polaris, the North Star. In mythology, it guarded a golden apple tree for Hera, the queen of the gods. As a reward for its service, Hera placed the dragon in the stars. The clear evening skies make for perfect star watching. Watch out for goblins and kids this Halloween and until next week, Eat Well!

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji and Iowa History

The model ship in the bottle pictured above was made from wreckage of the Battleship Maine, using the wood from a Purser's desk "an officer having charge of the accounts of the vessel". History states that on February 15, 1898, the American Battleship Maine exploded while sitting in Havana Harbor, killing 266 men. A fire in the Maine's coal bunker near a canister of gunpowder may have caused the explosion. The model ship was one of many interesting items in the W.S. Adkins Museum in Milford. The item was given by Mr. Adkins to Jake Williams Jr., a geologist, formerly of Milford, and later from Midland, Texas. The Clark Museum acquired the item from Mr. Williams and displays many interesting items from the former Adkins Museum and Mr. Williams.

The museum is located 1 mile west and 1/2 mile north of the Catholic Church in Milford. Call 712-338-2147 or email ijclark1@msn.com for any information. The museum is air-conditioned.

Dickinson County 3rd Graders Receive Dictionaries From IGL Rotary Club
Pictured are the two class rooms of third graders at the Harris Lake Park Elementary school proudly displaying their new dictionaries they received on October 21, 2015. Since 2006 dictionaries have been distributed to all third graders in Dickinson County by the Rotary Club. This nationwide project helps to assist all students in becoming good writers, active readers, creative thinkers, and resourceful learners by providing them with their own personal dictionary. The dictionaries are a gift to each student to use at school and at home for years to come. Educators see third grade as the dividing line between learning to read and reading to learn. The Iowa Great Lakes Rotary Club and Secure Benefits of Spirit Lake are proud to continue this very important service to our community.

Southern Lakeville Township Club
On October 23, the Southern Lakeville Township Club met at Minerva's Restaurant for their annual Club Meeting/Halloween Party. Hostesses: Molly Mulqueen, Susie Jones-Doomink, and Deanna Pixler. These loyal women-and their mothers and Grandmothers, have been gathering every month since 1922. The Ladies of the Southern Lakeville Township Club first began as a way for the women of Wahpeton to gather and support one another through the often lonely and frightening times of the early 1900s. Their families were some of the original settlers of West Lake Okoboji and the group formed in order to bring support and help to their community, and any new families who moved to the Wahpeton area during that turbulent time. The Club that began with 9 amazing women has grown to over 65-daughters and Grand daughters-all of whom still gather, on the 3rd Friday of every month to celebrate their history, their friendship, and their families---for they truly are- One Family, bound by nearly 100 years of Love-and Loyalty.

Green Waste Site Hours

The green waste site operated by the City of Spirit Lake and the City of Orleans will have new fall hours. The site will be open for persons who live in the city limits of Spirit Lake and Orleans.

New hours are:
9:00am - 5:00pm on Saturdays
11:00am - 5:00pm on Sundays
2:00pm - 6:00pm on Tuesdays and Thursdays.

After November 1, 2015, the site will close at 5:00pm on Tuesdays and Thursdays.

There is a lot of traffic on the road to the green waste site this time of year which includes vehicles related to harvest and other farming operations. There has been a pattern of people showing up early to the site, which causes congestion on the road. The City is requesting that citizens come to the site when it is open, not before the gate opens, and to also consider, given the number of hours it is open, not coming right at opening. Reduction of crowds at this time will enhance safety for all concerned and allow for more efficient access for all when the gate is opened.

Annual Adopt A Family Program

Upper Des Moines Opportunity, Inc. (UDMO) is taking applications and donations for the annual Adopt A Family program in Dickinson County.

For this program to be successful, it needs the continued support of the community. Upper Des Moines would be most appreciative if you could fit Adopt A Family program into your holiday plans this season. They would encourage you to adopt a family, but if that is not practical for you, the program also accepts monetary donations of any amount that would be used to purchase gifts for those that do not get adopted.

UDMO recognizes that the economy is placing significant stress on many families, the elderly and the disabled, so they would like to be able to meet some of their needs through this program. They also realize that this is an uncertain economic time for those who give, and that makes them especially appreciative of the community's generous spirit.

If you are someone that may benefit from the Adopt A Family program, consider coming to the UDMO office at 1575 18th Street in Spirit Lake, to obtain an application.

Both those wishing to be adopted and those wishing to adopt a family or contribute a monetary donation, can receive further information by calling the UDMO office at 712-336-1112.

Our Caregiver's: Living With Alzheimer's Program

Spencer Hospital would like to invite you to Our Caregiver's: Living with Alzheimer's program to be held Thursday, December 10, 2015, at 12:00 noon in the maple conference room at the Spencer Hospital. This event is sponsored by the Spencer Hospital and presented by the Alzheimer's Association of Sioux City.

While patients with dementia-related diseases need patience and understanding, often those who fill their caregiver's role put their needs on hold when they also could use a healthy dose of TLC. Presented by a representative of the Alzheimer's Association of Sioux City this program provides information on recognizing the signs of stress, a variety of ways to cope and tips to be a healthy care partner. Tips will also be provided for coping with the holiday season.

Light lunch will be provided or bring a sack lunch. To register for this program, please call 712-264-6142 or visit SpencerHospital.org and click the program on the Event Calendar.

MUG Discussion

The Morning Users Group (MUG) meets Fridays at 9:30am in the Black Box Theater of the Sami Center at the Spirit Lake High School. This group of beginner and experienced computer users discusses the latest trends in new computer technology and how to solve problems brought by the users. Local residents and visitors are asked to bring their computer questions and observations for a lively discussion. The meeting lasts about an hour. Free coffee is available. The group does not meet if Spirit Lake Schools are delayed or cancelled that day due to weather.

Campus Women's Club Secret Santa Tree

The Campus Women's Club will again sponsor their Secret Santa project in hopes of brightening the holidays for less fortunate children in the area.

If you know of a less fortunate child in the Okoboji School District, please call Julie Weaver at 712-338-2591 or Susan Reiser at 712-338-4674. Deadline for inclusion is Friday, November 6.

Beginning Friday, November 27, area residents, organizations, clubs, church groups, etc., can choose from tags containing information about less fortunate children from the Secret Santa tree located at Melander's, TV & Appliance 922 Okoboji Avenue, Milford.

Under terms of this project, persons selecting a tag will shop for items listed. The gifts should be gift wrapped and marked with the letter and number from the original tag and returned to Melander's by Wednesday, December 9 at 5:00pm. Names of all participating children are kept confidential. Children are only identified by a letter and number on their tag.

Members of the Campus Women's Club, along with Santa Claus, will distribute these gifts to the children Monday, Tuesday and Wednesday, December 14-16.

Last year, over 170 less fortunate children were remembered by area residents who felt the need to touch the lives and warm the hearts of children during the holidays.

Annual St. Hubertus Day Service At St. Alban's

What does an 8th Century bishop in the Ardennes have to do with a pot luck dinner? The answer: Saint Hubertus was an 8th Century bishop and is recognized as the patron saint of hunters and honored among sport-hunters as the originator of ethical hunting behavior.

On Tuesday, November 3, a traditional European-style St. Hubertus Day service will be held at 5:30pm at St. Alban's Episcopal Church. It will be brief service, and is a fitting end to an afternoon of pheasant hunting or whatever else is in season. This will be the 10th Annual Hunters' Mass at St Alban's.

All hunters - past, present or future - are welcome. Hunting clothes are encouraged and expected. Following the service, prayers will be offered and blessings pronounced in the church yard for dogs (leashed), birds of prey (tethered), guns (unloaded), and any game you have taken in the day's hunt. Immediately following there will be potluck of hors d'oeuvres, preferably of wild game, but anything domestic will be accepted. All are invited.

St. Alban's is located at 23rd Street and Zenith Avenue just east of the Lakes Regional Hospital.

For more information, please contact Fr. Carl Mann at St. Alban's (712336-1117), or check the church's website at www.stalbanepiscopalchurch.org or Facebook page at www.facebook.com/stalbanspiritlake.

Youth In Philanthropy: Important To Our Lakes Community

25 Students from area high schools participate from October through May in the Okoboji Foundation's annual Youth in Philanthropy (YIP) initiative to learn about the importance of community giving.

- Each student was asked to comment on "Why is Youth in Philanthropy important to our Lakes Community and to you?"
- Maddie Richter: "Youth in Philanthropy is important because it has allowed our community to have new experiences and continue to grow and thrive. YIP allows young leaders to give back and help make our community a better place."
 - Alec Harrington: "Youth in Philanthropy allows people like me to have a better understanding of what it's like to work together in order to give back to our community."
 - Carson Miller: "Youth in Philanthropy, to me, is a gateway into a future of smart money management and participation in the community."

The 2015-16 Youth in Philanthropy team hopes to inspire others to join them as YIP sponsors. There is nothing to buy; every dollar given to YIP goes directly back to the community through YIP Grant Awards. Visit www.GiveOkoboji.com to make a secure online gift to YIP or mail your tax-deductible donation to Okoboji Foundation, PO Box 593, Okoboji IA 51355.

The Okoboji Foundation is the community foundation for the Iowa Great Lakes Region. Started in 1988, it serves as the Center Point of Community Giving for Vital Capital Projects. For additional information visit www.okobojifoundation.org or call the Okoboji Foundation at 712-332-7177.

Medical Assistant Students At Iowa Lakes Celebrate Week

Students in the Medical Assistant program of Iowa Lakes Community College are gearing up to celebrate Medical Assistants Recognition Week, October 19-23, as designated by the American Association of Medical Assistants (AAMA). Students in the Medical Assistant program who will graduate in 2016 include (pictured above) Maria Celina Fonseca Ramirez, Heather Mauer, Courtney Blocker, Victoria Thomas, Rachel Bleuer, Devyn White, Mariah Gath, and Molly Good.

The national recognition week is held to increase awareness of the importance of Medical Assistants in the workforce.

Medical Assisting is an allied health profession whose practitioners function as members of the health care delivery team and perform administrative, laboratory and clinical procedures. With their unique versatility, Medical Assistants are proving to be the allied health profession of choice.

At Iowa Lakes, the program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Medical Assisting Education Review Board (MAERB).

Students learn on up-to-date equipment with computer training and simulation clinic labs. That education includes training in administrative duties such as scheduling appointments, data entry, and management of the electronic health record, medical coding, billing and insurance. Coursework includes clinical duties such as taking patient history, measurement of vital signs, assisting provider with physical exams and minor office procedures, as well as administration of medication. Laboratory skills include phlebotomy, lab specimen collection and laboratory testing of specimens.

Students participate in a practicum to provide additional on-the-job training. And graduates of the program are eligible to sit for the AAMA National Certification Exam.

In fact, the U.S. Bureau of Labor Statistics projects that Medical Assisting will continue to be one of the fastest growing occupations. The American Association of Medical Assistants serves the professional interests and educational needs of Medical Assistants. It provides numerous services that help Medical Assistants put their careers on a successful and rewarding track and keep them in the region in which they are educated.

Those with questions may call Val Curry, Medical Assistant Program Coordinator, at 712-580-8635.

Must See Movie

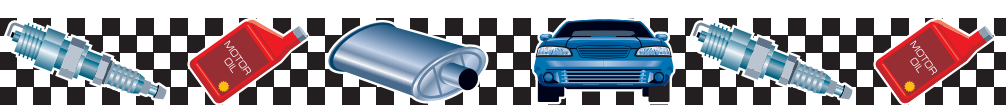

I couldn't tell you the last movie that I have been to, but this past Saturday night we had a free night and decided to get out and see "Woodlawn". For those who haven't seen the previews of "Woodlawn" it is a true story about the Woodlawn High School football team in the early 1970s when the school finally desegregated. Woodlawn High School is located in Birmingham, Alabama, which was one of the most racially divided and one of the most violent cities in the Civil Rights Era.

This is one excellent movie whose main characters are a football coach, a Fellowship of Christian Athletes Chaplain, a black running back and his family, and a white quarterback from a rival school. The running back, Tony Nathan and the rival quarterback Jeff Rutledge would both go on to have stellar careers at Alabama and in the NFL. I won't give away much of the movie but will tell you that the main theme of the story is how the Woodlawn football team's dedication to faith, love and each other helped a community that was filled with racism and hate actually come together and rally around the football team. I am far from a movie critic, but this is one must-see movie and actually a movie that you can bring your kids to. While the movie shows the ugliness of racism in the 1970s, it also shows how sports can bring together people from all different backgrounds, as well as how sports can be about so much more than the final score.

LETTERS TO THE EDITOR

To the Editor:

On behalf of the American Red Cross, we wish to express our deep appreciation and say "Thank You" to every donor, volunteer and support person who participated in the October 19th blood drive in Spirit Lake. A special thanks go to Grace Lutheran Church for providing a wonderful place for this to happen and a big "thank you" goes to Walmart for the fabulous cookies they provided.

I am sorry to report we missed our goal by 10 units. The weather was too nice and too many farmers in the field, I guess. We had such a good showing the last visit but really need to step up to the plate in February. We had 46 presenting donors, 3 deferrals, 35 units of whole blood and 14 units of double red blood making our total of 49 units.

You all made a difference in someone's life and your generosity is most appreciated by those needing transfusions in trauma situations and for on-going treatment of chronic life-threatening illnesses.

Mark your calendar for February 1st and let's make this an even more successful drive

Julia Davis and Karen Dokken Co-chairs

Tales of Tails

This week the tale from the Northwest Iowa Humane Society is of the multitude of kitten "tails" waiting for adoption. Recently it seems the shelter has been the compassionate recipient of kittens of all descriptions.

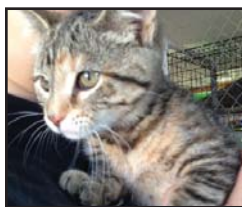

Five kittens were left in a box outside the shelter one night - discovered when the employees came to work in the morning. Three different groups of kittens were found in or under dumpsters. One small kitten was almost mowed down when a kind man stopped his lawnmower just in time as he was mowing ditches. Another small orange kitten was seen foraging for food but with a "broken" tail. She was eventually caught in a live trap and brought to the shelter. The vet had to amputate her tail, but Honey as she is now called doesn't let her lack of a tail slow her down at all.

Fire Truck Kitten is a favorite at the shelter. He's a light grey tabby with white feet. Why the "crazy" name? The five-year-old son of the family who rescued Fire Truck gave him that name. The kitten was found wet, dirty, bedraggled and frightened in an operating car wash. Fire Truck welcomed his new home, but when his caregivers began to clean him the noise of running water scared him. One can understand why!

All these kittens and many more are fun to watch as they play together each morning, but as they grow older, they are going to want homes of their own.

Remember... "In a perfect world every animal would have a home, and every home would have a pet."

Call the Northwest Iowa Humane Society at 712-338-2738 or come see the animals at 607 28th Street, just north of Milford - open Thursday through Sunday, noon to 6:00pm.

Milford Library News

Inviting all ghosts, ghouls, goblins, superheroes, and creatures alike! Halloween is this week and we are celebrating by participating this Friday, October 30, in the 4th annual Trick or Treat with Milford Businesses. Stop by the library anytime between 3:30pm and 5:00pm to pick up some treats and show off your awesome costume.

Ever wonder about the history of Halloween? Did you know the holiday dates back 3,000 years ago to Ireland? Halloween was started when the Celts believed that on that day the boundary between the worlds of the living and the spirit were very thin and the dead could roam. They also believed that those who died in the last year would come back and walk the Earth so the Celts would leave out food and sweets to please the dead. You can learn more about the history of Halloween from a DVD in our collection The Haunted History of Halloween from The History Channel.

Join us for great stories and much more every Friday morning at 10:00! Betty, our children's librarian, looks forward to sharing stories with you! No pre-registration is necessary. The theme this week is "Halloween."

Want to know more about Internet TV? Come to the Milford Memorial Library Wednesday, November 4, at 6:30pm, to learn more about Internet TV from Jeff Cookinham.

The Milford Memorial Library is wishing everyone a fun and safe Halloween!

By the Water's Edge Where Do We Go Now? By Steve Weisman

A few weeks ago, our greatest fear about the extent of the zebra mussel infestation was realized when docks and hoists started to come out. I recently looked at a line of hoists, probably 30 or so, taken out of East Okoboji that had been placed on the shoreline. The entire bottom half of the hoists' legs were totally covered with adult zebra mussels (see photo).

At this point, Big Spirit is the only lake where adult zebra mussels have not been discovered. We will only know if that holds true when all docks and hoists have been removed and none are found! If that happens, then we still have a chance to protect the lake from this invasive.

That is why we must, and I repeat MUST follow the law: It is illegal to possess or transport zebra mussels and other prohibited aquatic invasive species in Iowa. It is also illegal to transport any aquatic plants on water-related equipment. Boaters must drain all water from boats and equipment before leaving a water access and must keep drain plugs removed or opened during transport.

At the same time, the DNR has worked with Iowa Great Lakes service providers to help prevent the introduction of zebra mussels or other aquatic invasive species to additional waters. Providers were given a permit to transport water-related equipment that is or may be infested with zebra mussels and aquatic plants to an approved storage location via an approved route. All equipment removed must be allowed to dry a minimum of 10 days and all mussels and plant materials must be removed before being moved outside of the approved area. The old adage, "It is what it is" best describes our situation right now, but we must move on from here. We need to remain diligent about trying to control the spread of zebra mussels to other waters. That's the reason that Iowa and surrounding states now have the law about water in livewells, etc. We flat out need to do a better job of taking care of our resources. We are such a mobile society and go to so many waters across the country that we must keep working on stopping the spread of invasives.

Plus there are so many other invasives that could take up residence in our lakes. They can all be stopped by not transporting water and vegetation from one body of water to another. Of course, we have already dodged the attack of bighead and silver carp. They are one of the reasons why it is illegal to throw baitfish back in the water when we are done fishing. There are invasives out there knocking on the door:

- Spiny and Fishhook Waterfleas, small crustaceans that threaten aquatic ecosystems. Plus they foul fishing gear and collect in masses on fishing lines.
- White Perch, 5-7 inches long, can overpopulate and displace other fish. They have made their way to the tributaries of the Missouri River in southern Iowa.
- Round Goby, 3-6 inches long, can negatively impact native fish populations.
- Rusty Crayfish, very aggressive and often displaces native crayfish species.
- Aquatic invasive such as Brittle Naiad, Curlyleaf Pondweed, Eurasian Watermilfoil, Flowering Rush, Purple Loosestrife.

Yes, we have an uphill battle ahead, but we can't just give up. We must fight and do a better job of it!

Now, back to zebra mussels and their impact on the Iowa Great Lakes... In visiting with Mike Hawkins, Spirit Lake District fisheries management biologist, we are really in uncharted waters when we talk about what this means in the future. We do know that if the normal pattern is followed, there will be a population explosion.

Zebra mussels are filter feeders and directly compete with native species, including mussels and small fish, for food. Zebra mussels also adhere to hard objects. If densities are high enough, they can smother native mussels by attaching to their shells. Studies have shown photos of scores of zebra mussels attached to a single native mussel! Drinking water utilities and the State Fish Hatchery are also impacted since zebra mussels could attach and grow on the inside of intake pipes, potentially clogging them.

Yes, they will filter the water causing the water to become much clearer. However, that does not mean that the water will be "cleaner." What they have done is to filter out the algae, which is part of the food chain for native microscopic organisms. This will most likely increase the depth that we will find submerged vegetation. This will probably favor largemouth bass, northern pike and panfish like perch, bluegills, crappie and yellow bass. It might negatively impact the walleye population. On West Okoboji, this might mean weeds consistently out in depths up to, maybe, 40 feet.

On a lake like East Okoboji, this might be more native vegetation occurring and potentially curly leaf pondweed expanding into more of the lake.

There is the possibility that after the initial zebra mussel population explosion, it might settle back a bit as the system tries to find a balance for everything to fit in some way or another.

All the while, we cannot give up. Researchers are working every day trying to find an answer to limit the impact of zebra mussels. From what I have read, none of them think they will ever be totally eliminated. However, there is hope, though it may be years down the road, that there can be an answer.

Aaron Ruschy (left), vice president of operations and engineering, and Rick Olesen (right), president/CEO, present Steve Loken, lineman, with his Certified Loss Control Professional Certificate.

Steve Loken Becomes A Certified Loss Control Professional

Iowa Lakes Electric Cooperative is pleased to announce that lineman, Steve Loken, has recently met the precise requirements needed to become a Certified Loss Control Professional.

To receive this certification, Loken completed an intensive program in electric utility safety and loss control. The Loss Control Internship is a series of workshops offered by the National Rural Electric Cooperative Association in conjunction with the National Utility Training & Safety Education Association. The program is designed to instruct participants in many areas related to electric utility industry safety.

According to the Occupational Safety and Health Administration, nearly 4 million injuries occur annually in the workplace. One of the goals of a Certified Loss Control Professional is to help ensure a safe work environment for utility workers and the public in general. Avoiding workplace accidents avoids down time and can ultimately lead to lower utility rates.

Loken is one of only a few electric utility professionals in the country that will receive the certification this year. The program requires participants to complete a rigorous series of seminars and tests, a 30 hour OSHA course, and a detailed final course project.

Loss Control participants go through four, 6-day sessions that are designed to challenge and educate participants in new, innovative safety techniques. Participants must also maintain their certificate by attending courses every year in order to stay on top of changes in the industry.

Loken has been with Iowa Lakes Electric Cooperative for 18 years. He graduated with a lineman degree from Northwest Iowa Community College and is currently pursuing a bachelor's degree from Buena Vista University. He resides in Milford, Iowa, with his wife and two daughters.

Iowa Lakes Electric Cooperative serves over 12,500 member-owner accounts locally in Buena Vista, Cherokee, Clay, Dickinson, Emmet, Kossuth, Palo Alto and Pocahontas counties. Iowa Lakes Electric Cooperative is dedicated to leadership and growth by providing reliable, competitively priced energy while offering valuable service to benefit their member-owners, their customers and the communities they serve. Spencer Area Jobs Trust Internships Bring Interest, Young Talent To Spencer

Seven college students recently finished up their internships in Clay County through the Spencer Area Jobs Trust Internship program this summer. Participating companies included: Noteboom Implement, Midwestern Mechanical, Inc., Cannon Moss Brygger & Associates, Eaton Corporation, Saga Communications/KICD, Crown Clinics and Northwest Bank.

Interns participated in an extensive application and interview process. Once accepted into the program, interns were thoroughly involved in the companies during a 14 week period. Local businesses, like KICD, continue to use this program each summer because of the incredible talent the students bring to their businesses.

"Our radio stations have participated in the Spencer Area Jobs Trust Internship Program for the last couple years," said Kevin Tlam, Operations Manager at KICD. "This program has not only benefited our interns receiving additional job experience, but we have also benefited having very talented, future broadcasters come work for us during their internship."

Interns also enjoy receiving on-the-job experience in Clay County because of the diverse opportunities available to young people.

"At the beginning of the summer, I started as a Sales Intern because of my experience working on my family's farm, however as the summer progressed I was really interested in the technology side of things," said Mitchell Wiemers, an Agriculture Assistance Technology student at South Dakota State University and an intern for Noteboom Implement through the Spencer Area Jobs Trust internship program. "My manager adjusted my internship duties to better fit my interests, so I learned a lot more and I gained really valuable experience that will help me land a job after graduation."

Not only did Wiemers gain valuable experience, but the internship also helped him decide where he wanted to start his career after completing school.

"My family is from Spencer, so I've always been interested in staying close to home, but this internship helped me realize how many connections and helpful people there are in this community," said Wiemers. "I will definitely look for jobs here in Spencer come spring time."

The Spencer Area Jobs Trust provides support and financial resources for student internships to assist existing employers find workers with the right skills, to introduce new young people or retain existing young people in the region. The purpose of the program is to connect talented students with existing employers in Clay County and to help employers recruit and retain skilled workers. Spencer Area Jobs Trust is an organization that consists of representatives from Spencer area businesses and the Iowa Lakes Corridor.

Lakeside Writer In Residence To Offer Free Workshop

Genevieve Guzmán, Lakeside Autumn Writer-In-Residence will hold a free public writing workshop on Sunday, November 8 at Iowa Lakeside Laboratory, from 2:00 – 4:00pm.

The November 8 workshop, titled "November in Words", will be held in the dining hall at Iowa Lakeside Laboratory overlooking a view of Lake West Okoboji. The first part of the workshop will be spent reading literary reflections about the month of November by regional and nationally known nature writers, including Aldo Leopold, Paul Gruchow and Annie Dillard and Wallace Stevens. "We'll then disperse onto the Lakeside grounds to pen our own Novembers - in verse or prose, as wished," says Guzmán. "Afterwards, we'll regroup and compare notes."

Guzmán is an experienced writer and is also a translator and editor in California. She has a master's degree in literary translation from the University of Iowa in Iowa City, a master's degree in Russian literature from Columbia University in New York City and a bachelor's degree in English from Stanford University in Stanford, CA. Her writing and poetry translations have appeared or are forthcoming in "St. Petersburg Review," "The Brooklyn Quarterly," "Ulbandus" and "Serpentine Magazine," and on the blogs of "Asymptote" and "Words Without Borders." The Lakeside Writer in Residence program is sponsored by the Friends of Lakeside Lab.

Register for the free Prairie Tumbleweed workshop by e-mailing Guzmán at gkguzman@alumni.uiowa.edu. Youth in high school or younger are encouraged to query Guzmán before registering.

Western Iowa Songwriters Workshop and Showcase

Three local musicians, Damon Dotson, Chad Elliott, and J. Jeffrey Messerole, will come together to conduct a songwriting workshop and concert on Thursday, October 29, in the Lauridsen Performing Arts Theatre. The workshop will be held from 3:00 to 5:00pm and is open to everyone. Tickets for the workshop are \$10 for general admission and free for PLAC members and students. The concert will begin at 7:30pm and tickets are \$10 per person.

Damon Dotson is based out of Des Moines, IA and originally from Northwest Iowa. He's released four original albums and has performed countless shows throughout the Midwest. His latest album, 'Tumbler', was released in March of 2015 and was #24 on the iTunes rock charts.

Chad Elliott is from Iowa and performs more than 200 shows each year. Besides writing more than 1,000 songs during his career, he also has written and illustrated a children's book. He's won multiple awards and released 20 albums, the most recent entitled Wreck and Ruin where the title track was conceived after the Moore, Oklahoma tornado of 2013.

J. Jeffrey Messerole is a self-taught guitarist from Iowa's Great Lakes region. He's written nearly 100 songs and recently created an album that resulted in a 6-track EP called Darling of the Western Sky. Messerole performs over 50 shows a year with 2015 being the busiest to date. Two full length albums will be released in September and October of this year.

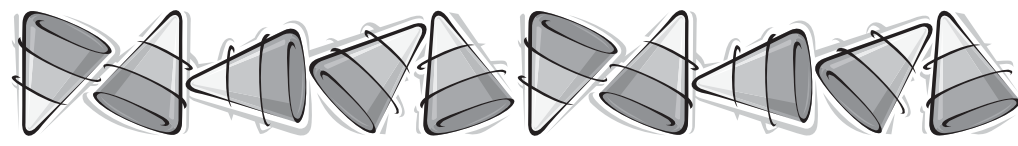

This event is coordinated by Perry Pearson and sponsored by Perry and Teresa Pearson.

SLMS Builder's Club And SLHS Key Club Collecting To Eliminate Maternal/Neonatal Tetanus

The SLMS Builder's Club and SLHS Key Club will be partnering to collect donations to Eliminate Maternal/Neonatal Tetanus on Saturday, October 31, from 1:00 to 3:00pm in the town of Spirit Lake. They will be going door-to-door requesting donations to prevent this highly preventable disease. In developing countries, one baby dies every 9 minutes from tetanus, 60,000 in a year. An infected baby will die within 5 to 7 days without being able to receive the comfort of its mother's touch. The Kiwanis family is partnering with UNICEF. Just \$1.80 can protect one woman and her future babies. The \$1.80 provides immunization, education on safe birthing practices, and skilled staff to women and children that have little or no access to medical care. Help save precious lives. Thank you for your support.

Al-Anon Meetings:

New Hope Al-Anon Meetings will be held on Mondays at 8:00pm at the St. Joseph Catholic Church School (1301 Okoboji Avenue, Milford).

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

Dear Editor:
Due to the pending resignation of council member, Roger Rieck, I am endorsing Kristine Hoss for Orleans City Council. Kris has been a resident of Orleans for 30 years. She presently serves on the Orleans Planning and Zoning Commission. With her work experience, Kris has proven she can work with a variety of people as well as work through controversy. She is open to new ideas, able to bring a new perspective to the issues facing the council, and be a valuable team member with an independent voice. A write - in vote for Kristine Hoss is a vote for a fresh perspective.

Process Underway To Determine Community's Health Needs

Feedback requested from Dickinson County residents

The Patient Protection and Affordable Care Act was passed in 2010 and places a significant focus on community-based prevention, requiring nonprofit hospitals such as Lakes Regional Healthcare (LRH) to show that they understand and engage with their communities to identify the most pressing needs of their communities. Local public health departments are also required to assess the health needs of communities. In addition to the gathering of existing health data, a Community Health Needs Assessment is a way to identify the services that are needed in a community and is a vehicle in which to develop an implementation plan to address these needs.

To that end, LRH and Dickinson County Public Health have partnered to develop a joint Community Health Needs Assessment and are encouraging all Dickinson County residents to take this anonymous, quick survey online at www.lakeshealth.org by November 20, 2015 to provide the greatest opportunity for feedback. LRH President and CEO Jason Harrington said, "On our home page you'll see a link to the Community Health Needs Assessment. Just click on the link and start answering the questions. The survey doesn't take much time but does have several questions that will help us determine what our community needs regarding healthcare services and other items in our area that affect a person's health. This data, in addition to health outcomes data we've collected, will be used to set the direction for the next couple of years regarding improving the health and well-being of the area."

Those that don't have access to the internet or who prefer not to do the survey online can pick up a paper version of the survey inside Lakes Regional Healthcare's east and west entrances and at local churches and grocery stores. Harrington said, "Once you've completed it, you can drop it in a collection box at the same location these paper forms are found."

According to Harrington, it is important that many people in the community are involved in this survey to identify our area's needs related to health care. Once the survey is completed, the anonymous results will be tabulated and opportunities for improvement, strategies, and necessary resources will be determined. Harrington said, "We plan to have a strategy determined by the end of December so we can start addressing our needs as 2016 begins."

Those who would like more information about this process can visit www.lakeshealth.org or call Dickinson County Public Health Manager Cyndy Powers at 712-336-2682.

Pierre, The Littlest Pumpkin

by Lois A. Rute

It was soon to be Halloween, and all the pumpkins were ready on the vines at *Sammy Scarecrow's Pumpkin Patch*. All the pumpkins were so excited with the idea of a good girl or boy coming out to pick them to be their very own Jack-o'-lantern!

The biggest one, whose name was Joe, knew that he'd be the first to go. He would sing to the other pumpkins in the patch:

Ha, ha, ha, I'll be the first
Because you guys are the worst!
I'm the biggest and the best
And I'm the grandest dressed!
So the rest of you just sit there
'Cuz I just don't care.
Ho, ho, ho, I'm the biggest here
All the kids will want me never fear!

He made all the other pumpkins in *Sammy Scarecrow's Pumpkin Patch* feel bad and, yes, was even a little mad. They all hoped to get chosen by some girl or boy. To be taken home and loved and not treated like any old toy would bring them joy.

On the day before Halloween all the girls and boys from far and near came to pick out their favorite pumpkin. There were so many pumpkins to choose from, all sizes and shapes. They'd look then all over from "head to toe" and then yell for *Sammy Scarecrow* that they'd found one.

Everyone would look at the littlest in the patch, whose name was Pierre, and say "wait until next year, you're too small". Poor little Pierre, the littlest pumpkin, would get such big tears in his eyes and his little pumpkin heart would just ache! He knew that on Halloween night he'd be the only pumpkin left in *Sammy Scarecrow's Pumpkin Patch*. Oh! How he wished and wished that some girl or boy would come along and say:

Hey little pumpkin you're the one!
I'll take you home and we'll have some fun.
You'll be the best Jack-o'-lantern for me
And you'll shine the brightest for all to see!

As Pierre, the littlest pumpkin, watched his friends go he tried not to let his tears show. First went Joe, just like he said. Then went Shannon, Thomas, Lori, Chris, Jonathan, Gwendolen, Jennifer and Paul to name just a few! He wished them all well and said his goodbyes while trying to hold back the tears in his eyes.

Then all of a sudden this little boy named Andrew arrived and saw Pierre, the littlest pumpkin, and he jumped up and down and acted like a funny clown. Andrew was so happy to find his very own pumpkin just his right size. As he walked out of the pumpkin patch with a grin on his face he said to Pierre.

Hey little pumpkin you're the one!
I'll take you home and we can have some fun.
You'll be the best Jack-o'-lantern for me
And you'll shine the brightest for all to see!

Pierre, the littlest pumpkin in *Sammy Scarecrow's Pumpkin Patch* is now so happy that he can say:

Halloween is so much fun
I love to see the children run
With costumes gay and bright
They'll eat their treats all night!
I wish you all this fall
The best Halloween of all!

Happy Halloween!

Hass Wins National History Award

Jim Hass of Peterson, Iowa, has received national recognition for his historic preservation of pioneer structures in his hometown, his museum of historic artifacts - "Jim's History Barn" in Peterson, and his volunteer efforts in presenting educational programs in the schools of northwest Iowa.

DAR representatives Regent Colleen Lemkuil on the right and Maryanna Hubbard on the left presented Jim Hass the NSDAR Historic Preservation Medal.

In recognition of his lifelong efforts to preserve history, the Ladies of the Lake Chapter of the National Society of the American Revolution nominated Jim Hass for the prestigious NSDAR Historic Preservation Medal, an award records indicate only one other Iowan has ever received in the 125 year history of the DAR.

Hass began collecting as a seven-year-old when his uncle gave him a sea shell collection. Jim then began searching for Indian relics and animal skeletons on the home farm near Sutherland. When his "treasures" began to overflow his bedroom, he and his mother cleaned out an old smoke house which became his first museum. In 1994 he moved a barn to his backyard in Peterson that became "Jim's History Barn."

"After two of our members toured 'Jim's History Barn,' they were so impressed that they suggested we recognize his efforts," explained Ladies of the Lake Regent Colleen Lemkuil. "In our 103 years as a chapter we had never nominated anyone for the Medal award. We are delighted that Mr. Hass has been selected."

National Historic Preservation Chair Martha Herzog of Austin, TX described Hass as a "wonderful" and "outstanding" candidate.

Ladies of the Lake Historian Maryanna Hubbard agreed saying, "Jim's application was so easy to write since he fit the criteria so perfectly. To be eligible for the Medal, the candidate must qualify in at least one of five focus areas. Hass met three of the criteria: 'preserved a local landmark(s), restored or preserved objects of historic cultural significance, undertook youth leadership and education, as it pertains to historic preservation.'"

Three letters of recommendation from non-DAR members were required. Pastor Michael Hyde, president of Peterson Heritage, Inc. wrote of Jim's leadership in that organization's restoration of two homes of the first settlers of Peterson as well as the blockhouse, a part of the original Peterson fort. Jim is the last charter member of the Peterson Heritage organization that was established in 1971. He was president when the blockhouse was restored and relocated along Highway 10 in Peterson.

Local author Roger Stoner, who wrote *Horse Woman's Child* a story of Inkapadutah and the Spirit Lake massacre based upon new research, described "Jim's History Barn," Hass' museum in Peterson, as filled with his huge collection of local history items, Indian relics, antique guns, mounted animals of the region, military items from the Revolutionary War on to present conflicts, and his vast collection of history books and documents providing historical research sources.

A thank you note from South Clay third graders who toured "Jim's History Barn" and a letter from Sheldon Middle School teacher Cathy McWilliams gave evidence of Jim Hass' youth leadership and education efforts. Teachers and students throughout northwest Iowa have benefited by museum tours or by his presentations at field days and outdoor classrooms.

Historic preservation has been a lifetime hobby for Jim Hass as he supported his family, his wife Sue and three sons, selling insurance. His business Arrowhead Insurance, Inc. also supported his hobby since his museum charges no admission fee with only freewill donations being accepted.

The NSDAR, the Iowa Society of DAR, and the Ladies of the Lake Chapter that has over 60 members from Clay, Dickinson, Emmet, O'Brien and Osceola counties are extremely proud of Jim Hass' receiving the well-deserved NSDAR Historic Preservation Medal. A DAR tour of "Jim's History Barn" is scheduled for June 28, 2016. Contact stancoleen37@gmail.com for information.

Letter to the Editor:

It is an honor for me to recommend Donna Fisher to be elected as a member of the Spirit Lake City Council. I have known Donna for several years and she is a person of extremely high integrity who has a tremendous work ethic and skills that definitely match the needs of our community. Donna has a good grasp of city finances and budgets and will continue to be an effective member of the City Council as she has already proven in the partial term she has served. On top of all that, Donna is a very caring and compassionate person who loves Spirit Lake. I enthusiastically support Donna Fisher for City Council!

Shooting Sports Enthusiasts Encouraged To Donate To Range Renovation

Fundraising is underway for a renovation of the Spring Run Shooting Range east of Spirit Lake.

The Iowa Department of Natural Resources and Dickinson County Conservation Board have partnered to renovate the public shooting range at the Spring Run Complex in Spirit Lake.

The \$64,000 project, located at 1776 272nd Ave. in Spirit Lake, will include a variety of improvements. The current schematic for the renovation includes the removal of the cement shooting tubes and the addition of an archery range.

The public area will also feature a trap shooting range with three throwing areas and three distance ranges at 25 yards, 100 yards and 200 yards for handgun and rifle shooters.

Live security cameras will be installed to help eliminate misuse of the range and trash buildup at the site, and shooting benches as well as a shade structure will also be erected for the comfort of shooters.

"The Spring Run Shooting Complex was built in the 1970s and has served the people of Dickinson County for over 30 years with limited upgrades," said Lee Sorenson, executive director of Dickinson County Conservation. "This is an opportunity to make major upgrades to the shooting range to enhance the enjoyment of the users and to provide a safer range with added amenities."

Construction on the project is expected to start in April 2016 with an anticipated summer completion.

So far, \$45,000 has been secured for the project, and about \$19,000 is still needed. The public is invited to help out with the renovation by donating funds to the Dickinson County Conservation Board. Checks may be sent to the Dickinson County Nature Center, 2279 170th Street, Okoboji, IA 51355, and should have a notation in the memo line that the donation is for the Spring Run renovation.

For more information on the project or on how to donate, please visit www.dickinsoncountycorrespondenceboard.com or call 712-336-6352.

Learn About Puppy Mills Thursday, November 19

Please plan to attend a public meeting to learn about puppy mills on Thursday, November 19. They will discuss Iowa's commercial dog-breeding industry, define the issues, and offer ways that we all can help the dogs.

Bring your friends. The meeting will be held at the Hedberg Auditorium in the Arnolds Park Amusement Park (37 Lake Street, Arnolds Park) from 5:30 - 6:30pm.

The time has come... no more business-as-usual for disreputable breeders. The dogs need us to rally together to help them. Please do not let them down. For more information, contact Mary LaHay - 515-556-5949.

Trees Forever And Black Hills Energy Offer Grants To Plant Trees

Deadline is November 1 for Power of Trees program

Iowa communities seeking to save energy, beautify their neighborhoods and enhance the environment can apply for a grant through the Power of Trees program.

Applications are due November 1 for the program, a partnership between Black Hills Energy, Trees Forever and participating communities. Applicants must be served by Black Hills Energy, with plantings related to energy efficiency.

Trees Forever field coordinators are available for site visits to interested communities to help develop a project and work on the application. Trees can be planted on both public and private property.

"This is a wonderful opportunity for communities interested in planting more trees," said Meredith Borchardt, program manager and field coordinator for Trees Forever. "Streets, trails, entryways, schools, public buildings, homes and cemeteries are prime spots for these projects, but each town can develop its own idea."

Black Hills Energy provides grants of \$500 to \$7,000 for the tree-planting projects. Trees Forever administers the program and provides staff to help community leaders and volunteers plan and complete successful, long-lasting projects.

The deadline is November 1, 2015, for spring plantings. Applications can be found at: www.treesforever.org/Power_of_Trees.

Contact Deb Roman at 1-800-369-1269, ext. 110 or droman@treesforever.org to be connected with a Trees Forever staff person to help with your application.

For more information, contact Meredith Borchardt at mborchardt@treesforever.org or 319-278-1131.

Trees Forever is a nonprofit organization nationally headquartered in Marion, IA that is dedicated to planting trees, encouraging volunteer and youth involvement and environmental stewardship. For over 25 years, we've been planting a better tomorrow. For more information visit www.treesforever.org or call 800-369-1269.

Dia de Los Muertos

At The Pearson Lakes Art Center
2201 Hwy 71, Okoboji, Iowa

The Pearson Lakes Art Center is celebrating the Dia de Los Muertos (Day of the Dead) holiday at the art center with an art exhibition, music, theatre, food, and activities for children beginning at 3:00pm on Saturday, October 31, 2015. Children are encouraged to wear their Halloween costumes to the art center and take part in the festivities!

As a benefit for the Oaxaca Street Children, the PLAC's Dia de los Muertos Celebration is a free, all day (3pm - 9pm) Festival including: an art exhibition opening; family activities; puppet workshop; games; costumes; puppet show "Skeletons in the Closet" by Heart of the Beast Puppet Theater from Minneapolis; and a play, "Too Much Trick or Treat" written and directed by Marta Barnard, performed by young, local actors. There will also be food, dance, and live music from Trio de Colores. Admission is free and open to the public, donations appreciated.

In addition, and in conjunction with the Saturday event, the PLAC will be screening the 2014 animated comedy film inspired by Dia de los Muertos entitled Book of Life. The film will be shown at 1:00pm on Sunday, November 1, in the Lauridsen Performing Arts Theatre and is free and open to the public.

The Dia de Los Muertos (Day of the Dead) is a holiday originating in Mexico and celebrated annually on November 1. Because of the belief that the dead would be insulted by mourning or sadness, Dia de los Muertos celebrates the lives of the deceased with festivals and lively celebrations — food, drink, parties and activities the dead enjoyed in life.

The Dia de Los Muertos art exhibition will be on display October 29 – December 12, 2015.

For more information, please contact the PLAC Visual Arts Director Britney Hansen, phone: 712-332-7013 ext 114, or email: visual@lakesart.org.

Founded in 1965, the Pearson Lakes Art Center has focused on broadening horizons through the arts for 50 years. For more information or to become a member, please contact the Art Center at 712-332-7013, by email info@lakesart.org, or visit the website at www.lakesart.org.
