ROC Management/Godfather's Pizza recently had the privilege and honor to recognize 30 year employee Nancy Thoreson. Nancy is an assistant manager in Spirit Lake and a vital member of the Godfather's Pizza team. It's an unheard of accomplishment amongst today's workforce to stay with a company for 30 years and something Nancy should be very proud of achieving. #### LETTERS TO THE EDITOR

Ed Vos, Interim President/CEO for IGL Chamber; Kari Karnes, Finance and Membership Director for IGL Chamber; Kara Matheson, Events Coordinator for IGL Chamber; Josh Brenner of Ames, angler who caught the tagged walleye.

#### To The Editor:

#### A Walleye Weekend to Remember

From the fantastic weather and record turnout to the tagged walleye caught, the 35th Annual Walleye Weekend was one to remember. The Iowa Great Lakes Area Chamber of Commerce totaled an astounding 2,222 entries—up from 1,784 entries in 2016. Individuals from 14 different states got to experience the Lakes area this weekend. Anglers from Nevada to Ohio and even Florida participated in the annual fishing tournament.

One of those anglers particularly enjoyed Walleye Weekend this year. Josh Brenner of Ames, IA was fishing off Templar on Big Spirit Lake when he caught one of the 10 tagged walleye. He caught this \$35,000 fish at 5:30 AM on Saturday—within the first 6 hours of the tournament. Brenner took the specially tagged walleye to Kabele's Trading Post where the Chamber then confirmed the DNR's floy tag as one of the 10 released.

We would like to congratulate and thank everyone who was involved in making this year such a success.

Thank you to the Iowa Department of Natural Resources, Dickinson County Cattlemen, Fareway, Hy-Vee, and the Dickinson County Fairgrounds for contributing to another successful year for Walleye Weekend.

Thank you to all bait shops and weigh in stations that we are fortunate enough to work with including Fisherman's Factory Outlet, Kabele's Trading Post, Oh Shuck's Bait and Tackle, Pioneer Beach Resort, and Stan's Bait and Tackle.

Thank you to the Chamber members who sponsored this year's t-shirts. These businesses include Buck's, Fisherman's Factory Outlet, Grapetree, Great Lakes Marine Services, IGL Teleconnect, Jiffy, Kuhlman, Mediacom, Northwest Bank, Snook's, Stammer Financial Group, Tri-State Litho, and Walker

Thank you to Pure Fishing for generously donating over \$3,500 in prizes for our 1st, 2nd, and 3rd place winners in the heaviest fish categories.

Thank you as well to the Chamber members who donated a variety of items to the prize packages given out at the Awards Luncheon. These businesses include Boulders Inn & Suites, C & N Sales, Custom Creations, Godfather's, Jiffy, Kabele's Trading Post, Maritime Museum Gift Shop, MHR Insurance, Parks Marina, Polaris, Round Lake Vineyards & Winery, Shucks Lures, and Walmart.

Thank you to the dedicated Iowa Navy Commodores and other volunteers for their time spent registering participants late into the night on Friday and additional help at the Awards

Thank you to ALL of you for taking part in the 35th Annual Walleye Weekend. Due to the efforts of everyone involved, the Iowa Great Lakes Area Chamber of Commerce will be making a donation of \$2,500 to four local Protective Associations—totaling \$10,000. These Protective Associations include the Center Lake Protection and Improvement Association, East Lake Okoboji Improvement Association, Okoboji Protective Association, and Spirit Lake Protective Association. In doing so, we wish to help keep the Iowa Great Lakes a great place to fish for generations

#### 2017 YIP Team Raised \$45,540

The 2017 Okoboji Foundation Youth in Philanthropy set a new annual fundraising record of \$45,450 with 2017 YIP Grant Awards to:

• Iowa Lakeside Laboratory for Microscopes for Blue-Green Algae Testing · Dickinson County Fair Board for Expo Center commercial refrigeration units and water-

saving plumbing upgrades Voluntary Action Center for Meals on Wheels Food Carriers. To celebrate the lasting positive impact of YIP Grants, 2017 recipients joined Youth in Phi-

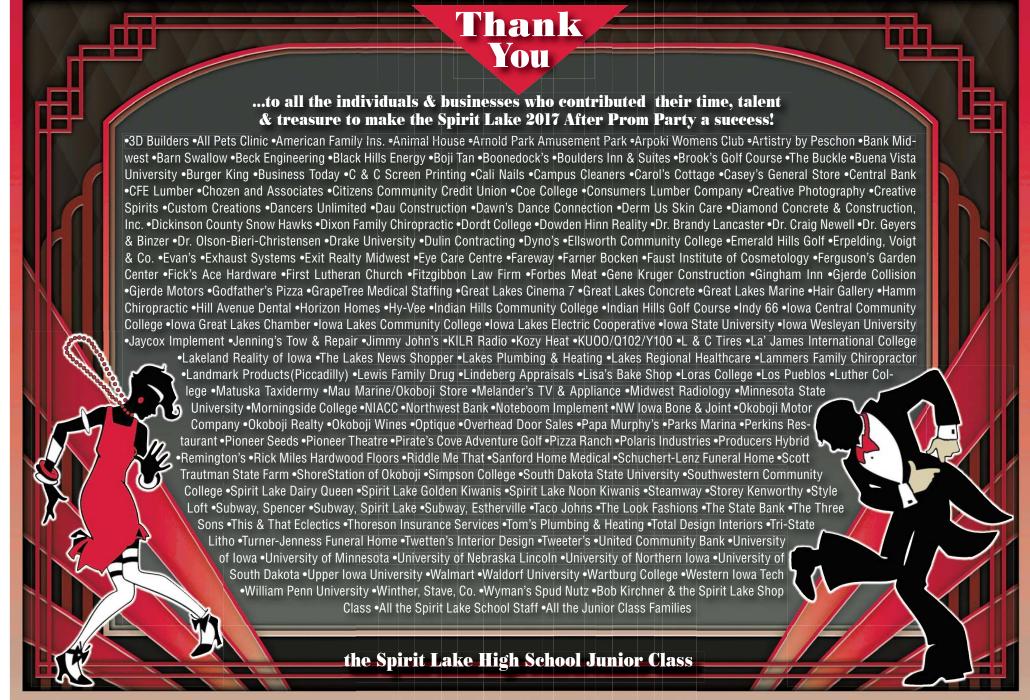

lanthropy participants including: Payton Ahrenstorff, Emily Alger, Michael Allen, Parker Brevik, Katelyn Brockmeyer, Hannah Butler, Nick Christensen, Erin Dau, Bradenn Droegmiller, Abby Dulin, Grace Eckard, Alli Harms, Brooke Harrington, Kaitlyn Kuker, Josh Kujanson, Lauren Laven, Annie Lux, Nancy Lynn Maris, Carson Miller, Tessa Reed, Maddie Richter, Madison Sieperda, Adam Skopec, Frankie Waters, and Harry Whittenburg-Nelsen.

Youth in Philanthropy grant announcements were part of a year-end celebration on Wed., May 3rd at Camp Foster to highlight the bunk beds and mattresses funded by a 2016 YIP Grant in a new cabin added to make a camp experience available to more kids each summer.

104 students have participated in YIP since 2010, collectively raising over \$200,000 for vital capital projects in the Lakes Community. YIP students thank all past sponsors who made their learning experience and grants possible.

Youth in Philanthropy teaches the Next Generation about the importance of community giving. Students meet October through May to learn about the Okoboji Foundation and other nonprofits and raise funds to make grants steered by student decision.

Application to participate in Youth in Philanthropy is available annually online in August at www.okobojifoundation.org click on the Youth tab. Contact Mary Freiborg or Holly Skopec at the Okoboji Foundation with questions. Phone 712-332-7177 or email info@okobojifoundation.org.

#### LETTERS TO THE EDITOR

To the Editor:

May is National Foster Care Month. It's a time to raise awareness about children in foster care and to celebrate the foster families, workers, and advocates who make a difference in their lives.

In observance of National Foster Care Month, Iowa KidsNet staff held an Appreciation Event in Spencer on April 29, 2017, where over 60 foster/adoptive parents were in attendance. There were lots of great door prizes and great speakers. Iowa KidsNet staff would like to thank all the wonderful donors to the event including sub sandwiches that were donated by Milford Subway, decorations donated by CinTa Rentals, location free by Bethany Lutheran Church, Spencer A and M Laundry for providing table cloths and napkins, dessert donated by Carroll's Bakery and many other great donations including a monetary donation from Storm Lake Dairy Queen.

Iowa has an ongoing need for more foster parents, especially for families who can foster teenagers, sibling groups, and children with special behaviors. In our state, more than 2,550 children were referred to foster care in 2015. But there are only 2,300 licensed foster families in Iowa. We have to work together to change that number.

Please consider becoming a foster or adoptive parent. These children deserve a brighter future, and you could be the person to transform their life.

To learn more, please visit www.lowaKidsNet.com.

Sincerely, **Bambi Schrader** 

Iowa KidsNet Recruitment Supervisor

# OSTA spring meeting set for next Tuesday

The spring dinner meeting of Okoboji Summer Theatre Association is set for 5:30 next Tuesday night, May 16th, in the Frances Shloss Green Room at the OST — with a "meet and greet" beginning a half-hour earlier. And if you are interested in learning more about the OST, and/or becoming an OSTA member, you are invited to attend!

OST executive director Ruth Ann Burke will be highlighting the OST's 2017 season which begins on June 13th with The World Goes Round — the musical featuring the work of John Kander and Fred Ebb.

The Association is a volunteer organization, celebrating its 65th year of support for the OST by encouraging attendance, providing scholarships to Stephens College students, and sponsoring one show each season. For information about dinner and OSTA membership contact co-presidents Evy and Ron Robinson, at 712-338-4342 —

With the warmer weather, there's been a lot of conversation about when 'Piano' Glenn Henriksen will begin his summer home concerts. The simple answer is every Tuesday and Wednesday night beginning the first week of June. 'Farmer' Glenn told us over the weekend that he has been busy in the field, said he has about

half his corn already in the ground. When that's done, it'll be time to plant soybeans. But we should note there will be several opportunities to see Glenn perform before the end of the month — on Wednesday, May 24<sup>th</sup>, at The Inn's Open House; and at Keelson Harbour, on Wednesday, May 31<sup>st</sup>. Glenn has also scheduled four sing-alongs in the Lounge, at The Inn, on May 26<sup>th</sup>, June 16<sup>th</sup>, July 28<sup>th</sup>, and September 1<sup>st</sup>...

Hannah Roberts

Pomerantz Hall was full of appreciative family and friends Saturday night — all eager to hear the Okoboji High School Jazz Band, which put on a four set evening of great music.

One of the highlights of the evening was tenor saxophonist Hannah Roberts prancing through the audience as she played the theme from *The Pink Panther* movie. It was one of several solos she and other band members handled with aplomb — and one that even Plas Johnson, who made that sax solo famous with Henry Mancini back in the early sixties, would appreciate hearing today. Even the flowers in Hannah's hair were a throwback to the sixties — albeit the sixties in San Francisco -not Paris and Rome where the movie was set.

Hannah and three of her bandmates, Luke Thompson, Nionie Egsdal, and April Welle, are four of the 20-member Class 1A-2A All-State Jazz Band that will be performing at the Iowa Bandmasters conference, Thursday, in Des Moines.

In case you didn't stop to do the arithmetic, that means 20 percent of the 20-member band is from Okoboji High School!

The Jackson Center for the Arts will be holding it's monthly Jam Session, Thursday night — but not in the JCA building. Instead, the session will be moved to the new Ellefson Coffee Company — about a block north on the east side of Second Street where guests will also enjoy a display of musical memorabilia. The fun starts at 6:30...

After "wintering" and playing in Alabama, Bill Carpenter tells us *The Itty Bitty Boji Band* is "ready to rock, again," playing at Table 316 in Arnolds Park, this Wednesday night, from 7 - 9:00, then on Saturday night, at the American Legion Hall in Brewster (That's just north of the state line in Minnysnowta.) from 7:30 - 11:30. That means poor Bill will have to stay up past his usual 10:00 bedtime...

**Saturday night will also see Stephen Baker** (& Friends) in something of a ukulele fest at Spencer's Arts on Grand. The merriment begins at 7:00, as a part of AOG's Music in the Gallery series, which will feature flutist Catherine Glackin, on May 27<sup>th</sup>...

**Emma Wicks and Ryan Sather will be taking the stage** in the barn at the Little Swan Lake Winery, Thursday night, from 6 - 8:00. And the Scott Larsen Band will be performing on the same stage, Sunday afternoon, from 4 - 6:00...

Picture this in your mind — if you can: A self-described wacky blonde from Minnesota (Only her hairdresser knows...) doing *The Chicken Dance* under a full moon. That's what research director RD says could happen this week.

First of all, weather permitting, the full moon should appear on Wednesday — the Full Flower Moon, as flowers are becoming so apparent in this merry month of May. RD's song selections include East of the Sun, West of the Moon, recorded by Stan Getz in 1955, followed by Frank Sinatra six years later, and Diana Krall in 1999. But more important in the month of the Flower Moon is dancer-singer Fred Astaire's May

10th natal day, and his rendition of Orchids in the Moonlight, from the motion picture Flying Down to Rio ... In addition to Sunday being Mother's Day, it is also Chicken Dance Day, noting the day The Chicken Dance was composed by Werner Thomas, of Davos, Switzerland, more than half a century ago — not as The Chicken Dance, but called Der Ententanz, which translates to *The Duck Dance!* The song was first recorded on the "flip side" of an otherwise nondescript 45-rpm record that was so unsuccessful that disc jockeys began

playing the "B" side that was often a throwaway song...
Other natal days of note would include: William Martin 'Billy' Joel turning 68 on Thursday. His first hit, Piano Man, came in 1973, and the song later became a title for

the talented Long Islander... Israel Isidor Baline – Irving Berlin – was born on May 11, 1888, and wrote his first published song, Marie From Sunny Italy, when he was only 19 years old. He sold the publishing rights for just 33 cents, launching a career that spanned eight decades of great American Music...

One of Berlin's later songs, *If the Managers Only Thought the Same as Mother*, connects the famed songwriter to Mother's Day..

Burt Freeman Bacharach turns 89 on Friday. The Kansas City, Missouri, native has

so far earned six Grammy Awards and three Academy Awards...

While his time in the recording studios was so very limited, singer-songwriter Walden Robert Cassotto — Bobby Darin — was born on May 14<sup>th</sup>, 1936. One of his biggest hits, 1959's Beyond the Sea, was most recently recorded by Australian canary Nikki Parrot, who revisited the song on her 2013 album *The Last Time I Saw Paris...*As RD was quick to point out in her notes, each of these stars has too many songs

to their credit to list here. But you will have fun reminiscing with Google or YouTube... Happy Mother's Day!

#### DEFINITIONS

- Maximum Contaminant Level (MCL) The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
- Maximum Contaminant Level Goal (MCLG) -- The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- ppb -- parts per billion.
- ppm -- parts per million.
- N/A Not applicable ND -- Not detected
- RAA Running Annual Average
- Treatment Technique (TT) A required process intended to reduce the level of a contaminant in drinking water.
- Action Level (AL) The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
- Maximum Residual Disinfectant Level Goal (MRDLG) The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial

#### GENERAL INFORMATION

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants or potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Spirit Lake and Orleans are responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at http://www.epa.gov/safewater/lead.

#### **CONTAMINANT / OTHER VIOLATIONS**

This system had no contaminant violations or any other violations in 2016.

#### SOURCE WATER ASSESSMENT INFORMATION

This water supply obtains water from one or more surface waters. Surface water sources are susceptible to sources of contamination within the drainage basin.

Surface Water Name	Susceptibility
Big Spirit Lake	high

#### SYSTEM SECURITY

Our water utility is making every effort to protect the water system from potential security threats. You, as customers, can also help. If you see any suspicious activity near the water tower, treatment plant, or fire hydrants, please contact us at the Spirit Lake Water Department at 712-336-2127 or the local police/sheriff department at 712-336-2525. We appreciate your assistance in protecting the water system.

#### **CONTACT INFORMATION**

For questions regarding this information, please contact Darin Peterson at 712-336-2127 during the hours of 7:00a.m. to 4:00p.m., Monday through Friday. Decisions regarding the water system are made at City Council meetings which are held on the second and fourth Tuesday of each month at 5:30p.m. at Spirit Lake City Hall and are open to the public.

Please note: This report will not be mailed to individual customers.

How Can You Celebrate A Parent Whose Child Is No Longer Alive?

This time of year, companies who are in the business of making money off of our emotions are successfully creating pictures in our minds of smiling families surrounding a mother and a father in celebration. However, many parents find Mother and Father's day to be one of dread and sadness. So, it is important to remember moms and dads who have experienced infertility, pregnancy loss, or the loss of a child of any age.

I follow many social media blogs and pages only to read the same comments this time of year; "Friends and even family don't acknowledge us as parents." or "I think friends are afraid to say the words, "Mother's day", let alone talk about their own plans around me." "Some people don't feel comfortable saying my son's name for fear of reminding me of his death." Whatever you say cannot change the sadness.

The simplest actions or words can make a dreaded weekend a little more bearable for those parents whose child is no longer

Acknowledge that they are parents. Send them a card or give them a hug to show you remember. "I know this is a difficult time for you, but you are in my thoughts." Sometimes just an email, phone call, or text is enough to show you care. Use their child's name in conversation. Honor them.

Share a favorite memory of the child; a picture or an anecdote. Plant a living memorial or donate to a favorite charity in the

These spring months are very hard for those of us parents who hold our child in our hearts and not in our arms. We are forever parents. Finally, I want to wish a peaceful Mother's and Father's day to all who have known a child's love.

#### LETTERS TO THE EDITOR

To the Editor:

The Milford American Legion knows how the citizens of Milford Support the Military and our Veterans and that same support also extends to the local law enforcement officers. Starting on Thursday and for the next week (at a minimum), the Legion is asking the public to show support for our local law enforcement officers. It is in times like the situation last Sunday night that our community needs to show we support our officers.

The Milford American Legion is asking for the public to display the blue lights, your thin blue line flags, signs of support for our officers. Let's not let the officers who were faced with a very difficult situation last weekend question our support for them We would like to see the support start as soon as possible.

Thank you for your continued support of those who have and continue to protect us overseas and here at home.

**Tom Arends** Milford, Iowa

#### LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper. To The Editor:

#### The First 100 Days

The news is out. Most Republicans that voted for Donald Trump think he is doing a great job. However, though Hillary Clinton got 48.2%, a 2.9 million advantage over Trump's 46.1% in the popular vote, a number of Republicans must feel that Trump is not pleasing them, as his approval rating is at an all-time low of 40%.

So, what is it that could be bothering them? Well, a number of his team is under investigation by the FBI for colluding with our most worrisome military advisory, Russia. His National Security Advisor, Michael Flynn was dismissed for improper discussions with Russian agents which may end up with Flynn being jailed, Attorney General Jeff Sessions has had to recuse himself from any cases involving Russian intervention because of his undisclosed conversations with Russian personnel, and the investigation continues to see who else was involved. The nearly automatic practice of approving a Supreme Court Justice required changing the rules of the senate to employ the nuclear option to secure the disputed nomination.

Additionally, his most important election promises are not materializing: Repeal of Obamacare, building a border wall that Mexico will pay for, the Muslim ban, locking up Hillary Clinton, and his latest order to cut off Federal funds for sanctuary cities. The April 3rd cover of Time magazine asked the question "Is Truth Dead?" The piece by the editor, Nancy Gibbs, "When a President can't be taken by his word" states that 70% of the statements by Trump during the campaign were false according to reviews by PolitiFact. Voters were not deceived, as nearly two thirds said that he was not trustworthy, including the nearly one third of the people who voted for him anyway. Go figure! Now that he is our president, he speaks for the country. What are we to believe? What are our allies and adversaries to believe? WORDS MATTER! In the United Kingdom, our most important ally, petitions signed by hundreds of thousands seek to ban President Trump from entry to the country. Other allies, Mexico, Canada, Australia and Germany have been offended by the president's statements.

So what are we to do? If he lasts for four years, we have to hope that our President is successful because if the President fails, the country fails.

Robert Sneitzer, Spirit Lake, Iowa

#### 2017 NALC Food Drive

Saturday, May 13, marks the 25th anniversary of one of America's great days of giving --the National Association of

Letter Carriers Stamp Out Hunger Food drive. Each year on the second Saturday in May, letter carriers across the country collect nonperishable food donations from our customers. These donations go directly to the local food pantries to provide food to people in Dickinson County that need our help.

Last year, they collected over 80 million pounds of food nationally, feeding an estimated 64 million people. Over the course of its 24 year history, the drive has collected 1.5 billion pounds of food, thanks to a postal service universal delivery network that spans the entire nation.

The need for donations is great. Currently 49 million Americans -- 1 in 6 -- are unsure where their next meal is coming from. 13 million are children who feel hunger's impact on their overall health and ability to perform in school.

The food drive's timing is crucial. Food banks often receive the majority of their donations during the Thanksgiving and Christmas holiday seasons. By springtime, many pantries are depleted, entering into the summer low on supplies at a time when many school breakfast and lunch programs are not available to children in need.

Participating in this years food drive is simple. Just leave a non-perishable food donation in a bag by your mailbox on Saturday, May 13, (prior to your carrier arriving) and your carrier will do the rest. A designated hamper will also be available the week of the drive in the lobby of the Spirit Lake Post Office (located at 1513 Hill Avenue) for donations. Additionally, a hamper will be located on the back loading dock of the Post Office the day of the drive for your convenience also. A reminder postcard will be mailed reminding you of the date.

Please help in the fight to end hunger, as the National Association of Letter Carriers celebrate their 25th anniversary year in America's great day of giving.

#### **LETTERS TO THE EDITOR**

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper. **Letter to the Editor:** 

Kudos to Phil Petersen for his positive and informative letter in the April 25 edition of The Lakes News Shopper. He cites at least nine major areas our president has tackled in the first 100 days, and the successes for which he can be credited. Whether your candidate last fall won or lost, how about focusing on the good to come instead of spewing forth useless vitriol!

To Phil's list of "outstanding cabinet selections" I'd add the name of Dr. Ben Carson, as Secretary of Housing and Urban Development (HUD). Having heard Dr. Carson speak several times here in Spencer, I'm glad he's in this position for he brings real life experiences to bear on the plight of young people stuck in the ghetto and the choices they face for their futures. I wish him well and all the support we as a nation can give him.

If our previous president is wanting to get back in the limelight and do something constructive for the country, I'd urge him to pick up his smart phone and contact President Trump, ASAP. Let him know that he's available to meet with him and discuss ways to solve some of our country's most pressing problems. Do so behind the closed doors of the White House, or on the golf course. Don't have it be a photo op. Tell us about it after there is something of substance to report. Now that would be news! Bill Kersting, Spencer

**Historic Carnegie Building Dedicated 1912** 

On September 24, 1912, the above "Free Public Library The Historic Carnegie Library" was dedicated in Spirit Lake, Iowa. It was built for a total cost of \$8,200.00. At the time of the dedication the head librarian was Ms. Minnie Stowe. Moving into this new modern facility was a castle compared to what the other library was.

In doing research I have found that the front steps have been "recapped" once since built. In October of last year working with two local contractors, K & K Masonry and Diamond Concrete, we took on the task of replacing the steps of this Historic Building. At the time, we never realized what we would find, or rather what we wouldn't find. There were no supports under these steps, they just crumbled away. We were right, they were totally unsafe. So the project which we thought would cost one figure turned into a larger project than anyone expected. Yet if you are going to do something, you do it right... and that's what

We found that there was a possible grant available to assist with the cost of construction with the Olde Town Betterment Incentive Program. Working closely with the City of Spirit Lake and this committee, and the city council, we were awarded this grant to assist in the partial coverage. Then the fundraising began and still continues and will continue not only to pay for the steps, we have other repairs and improvements we have for this building.

The final touches are being completed with custom made handrails by Alger Customs, Inc. And then our front steps will be safe for all and the upstairs of our building will again be available to the public for events, meetings, showers, bible studies, etc.

On Friday, May 19, from 4:00 – 7:00pm, we will be having a rededication of the new steps and improvements of the building for the public. We will be grilling burgers and dogs, a live band will be providing entertainment on the corner that evening. At 5pm we will be having the ribbon cutting. We are excited about these new improvements, so come out to support us and the community that evening and enjoy the fellowship with your friends and neighbors.

#### **ALLIANT ENERGY FRANCHISE FEE**

The Arnolds Park City Council recently voted to replace the 1% Local Option Sales Tax on Alliant Energy electric bills with a 1% franchise fee, starting April 1, 2017. This onefor-one percentage exchange is not an increase in your electric bill, unless your account has had state sales tax exemption.

The change will affect all Alliant Energy electric customers located within the Arnolds Park city limits. The amount collected from each customer will vary based on the customer's total electricity bill and will appear on the bill listed as "Franchise Fee."

The City of Arnolds Park will use the collected fees as specified in the City's revenue purpose statement. Alliant Energy does not profit from the collection of the franchise fee.

For any questions about the franchise fee please contact City Hall. For other questions about your Alliant Energy utility bill, please contact 1-800-ALLIANT (800-255-4268).

#### RENTING OF RESIDENTIAL **PROPERTY**

The intent of residential uses to use and/or the use of a room or group of rooms for the sleeping, living and housekeeping activities for the same person or the same group of persons, on a permanent or semi-permanent basis for an intended tenure of one (1) month or longer. It is prohibited to provide for or permit the rental of residential property for an incidental term of less than 30 consecutive days. This holds true for rentals in R-1 Single-Family, R-2 Medium Density, and MH Mobile Home and Manufactured Housing Districts.

Anyone renting residential property in these districts for tenure of less than 30 days could be subject to a citation and subsequent fines.

#### **GREASE TRAPS**

The City has had reoccurring problems in the last couple of years with the appearance of grease in the City's sewer mains. In most, if not all cases, the grease has come from commercial restaurants and establishments that prepare food. Grease ultimately hardens in the lines and causes the City's sewer to back up.

Please make sure your interceptors (grease traps) are maintained on a regular basis and are working properly at all times. If the equipment is not functioning properly it could possibly result in a violation of City Ordinance Chapter 96.06 Interceptors Required. Your cooperation in this matter will be greatly appreciated.

Do not flush non-biodegradable wipes of any kind (baby wipes, makeup wipes, etc.) down the toilet. These also create a back-up in the sewer lines.

#### YARD WASTE & OPEN BURNING

The City has proper disposal methods for yard waste and we ask that it never be blown onto or placed on the streets, public roads, or neighboring lots.

Yard waste is collected on Tuesdays. If you wish to have your yard waste picked up it must be placed in City bags, tied shut, and placed at the curb side by 7:00 a.m. on collection days. The bags must not weight more than 75 pounds. Cut branches in 4' lengths and bundle with a City bag attached.

If you choose to burn your yard waste, please be courteous to neighbors and use good judgment based on weather conditions. All fires must be attended by a person 18 years of age or older at all times. Any yard waste you burn on your property, must originate on your property.

The burning of garbage, rubber, or anything of a toxic matter is strictly prohibited. Yard waste cannot be burned on City property.

#### **GARBAGE COLLECTION**

Garbage pick-up switches back over to being picked up Mondays and Fridays beginning Memorial Day thru Monday on Labor Day.

Collection begins at 7:00 a.m. If you do not have your container out in time it will not be picked up again until the next designated collection day.

If you have been gone all winter and have not yet received your garbage cart, contact City Hall and we will have it delivered to your resi-

With the new garbage cart system you are not allowed to throw paint, lawn waste, or recyclables into the cart. Also, remember to place your carts back away from the street after the garbage is collected.

#### RECYCLING

Curb side recycling days are the 2<sup>nd</sup> and 4<sup>th</sup> Fridays of each month. There are recycling bins located at 700 240th Avenue.

if you should miss the curb side collection. Please remember to separate your recycling into tin, plastic, cardboard or paper. Shamrock will not pick up bins mixed together.

Do not recycle the following items: waxed milk cartons, egg cartons, styrofoam, bleach bottles, anti-freeze, oil containers, plastic bags, window glass, light bulbs or ceramics. You may reach Shamrock at 712-922-4172.

#### **APPLIANCES & ELECTRONICS**

The City will pick up appliances and electronics at your curb side. You must purchase a tag for these items at City Hall. Dickinson County has a recycling facility located at 2260 220th Street in Milford where you can dispose of all of the above items yourself. Please contact 712-338-2549 with any questions.

#### **SEVERE WEATHER**

#### **Auto Paint Toner Donation**

A shiny topcoat just isn't enough for the students and teachers in the Auto Collision Repair & Paint Technology program at Iowa Lakes Community College — they know that what's below the sparkle counts too.

That's why those in the program are grateful for the recent donation of automotive paint toners from Arnold Motor Supply, Spencer, and PPG Automotive Refinish.

"The donation of these toners, worth \$6500, allows the program to use funds for student learning, other materials and supplies," said Rob Schultz, assistant professor in the Auto Collision Repair & Paint Technology program.

Toners have a significant effect on the outcome of a paint job. These toners will likely last more than three years, and will allow students to match paint manufacturers formulas for almost any vehicle both foreign and domestic made from the 1960s up to today.

"We appreciate the opportunity for PPG and Arnold's (Motor Supply), giving this chance for students to use the product and gaining customers for life," said Randy Schultz of PPG.

More than 70 percent of area auto body shops use PPG products, so using them helps students get experience with industry

"The college greatly appreciates the support of industry and area businesses, for students to learn professional work standards, using industry quality materials," said Executive Dean Tom Brotherton.

Grant Schenk of Arnold Motor Supply said the donation should mean an easier transition for students from school to work, since they'll be using the same products in the field.

"Experience with this product makes the graduate more marketable in northwest Iowa," Schenk said. "They are able to say 'I can do that,' because they've worked with this PPG product."

The water-based paint system used with these toners has less environmental impact while still resulting in an exceptional finish, Brotherton added.

#### LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper. To the Editor:

The writer of a Letter to the Editor seems to be confused about support for President Trump. He noted that Hillary Clinton received 3 million more votes than Donald Trump. What seems to be forgotten is - that since the inception of our country - our President is elected by the Electoral College. There is not much point for a Republican candidate to campaign in California or New York, because of the heavy presence of Democrats in those two states. A republican would be better served by campaigning in Pennsylvania, Ohio, Michigan, and Wisconsin which Donald Trump did. The electoral system requires 270 votes, Trump received 306 votes.

Second, the writer places great confidence in a national poll that shows President Trump is only supported by 48 percent of the public (not the voters). It is amazing that Donald Trump can even receive 48 percent public approval when 90 percent of the news stories present a negative view of President Trump. This negative view is understandable when it is known that 90 percent of the national news media lives in counties won by Hillary Clinton. Of course, we remember how accurate the polls were last fall in predicting the outcome of the general election. There are 3,141 counties in the United States – 84 percent of them voted for Donald Trump.

President Trump has many positive accomplishments. His main problem with achieving legislative success is that Democrats are fighting him all the way. At times the Democratic resistance seems so negative towards President Trump that if Trump said "the sky is blue", the Democrats would say "no the sky is black".

Federal District Courts on the left leaning West Coast have blocked two of Trump's Executive Orders. They are supported by a left leaning Ninth Circuit Court of Appeals in San Francisco that is reversed 80 percent of the time. Let's see what happens when these cases reach the US Supreme Court.

If one goes looking for negative news one can find it. By the same token if you are looking for positive news that can be found also. Personally, I find the positive news leads to a more enjoyable life.

#### Spencer RAGBRAI Art Contest

Spencer RAGBRAI is now less than 80 days away and there is a multitude of things happening to get ready for the riders to come through. Housing applications are open, planning meetings are happening on a weekly basis, Hospitality is working on fun ways to welcome riders and more.

Spencer RAGBRAI is not only asking for adults to get involved; kids play an important part in gearing up for RAGRAI as well. Each year, RAGBRAI holds an art contest for elementary age children in the overnight towns with a statewide grand prize \$350.

"This is a chance for Spencer area youth to show off their art to the community and help us decorate the town for RAGBRAI," said Andrea Wiesenmeyer, Publicity Chair. "The winner of the Spencer contest is also going to compete against the other stops for the statewide title and show off their art to the state.'

There are some required elements. Spencer's theme is "Kick Up Your Wheels!" and the artists should incorporate it into their entry in some fashion. Entries should be no bigger than 8.5x11 and can be a drawing, painting or collage. Entries must be marked with the child's name, age, address, school and phone number.

Entries can be dropped off at the Spencer Chamber of Commerce, 1805 Highway Boulevard. The deadline is May 19.

Spencer's entries will be judged by a panel that includes local artists and art teachers. The public will also have the opportunity to cast a vote at the May 23rd Town Hall meeting. Questions about the contest can be directed to the Spencer Chamber at 712-262-5680. Full rules can be found at www.spencerragbrai.com.

## Massage Therapy Offered to LRH Hospice Patients

Hospice patients and their family members experience a range of emotions that take their toll physically and mentally. One

way Lakes Regional Healthcare (LRH) Hospice addresses that is by offering their hospice patients massage therapy. Licensed Massage Therapist Andrea Nielsen recently joined LRH Hospice with the goal of helping hospice patients relax yet experience a posi-

tive, energizing feeling. She said, "When they relax, they are better equipped mentally, physically, and emotionally for what they're facing.'

Nielsen has always wanted to be a Massage Therapist, but took a more traditional route to caring for others first. After being a Registered Nurse for 18 years, she became a Licensed Massage Therapist last August and now practices in her own business, Healing Tree, in Spencer. She said, "I enjoy the physical part of massage; it's a workout! I also enjoy being able to work one on one with my clients in a hands-on manner.

Nielsen is also a Reiki Master, which is a Japanese healing technique that balances energy and helps alleviate anxiety, depression, and physical pain. Nielsen plans to offer it to hospice patients if they're interested.

LRH Hospice will offer massage therapy to their patients and Nielsen will visit them where they live. "I'm flexible and can visit patients during the daytime or evening hours," she said.

Those interested in learning more are encouraged to call LRH Hospice at 712-336-8709.

#### Webb Performing Concert at Sami Center Memorial Day Weekend

Jaime Webb, a Spirit Lake High School 2013 graduate and Luther College 2017 vocal music performance graduate will be giving a fundraising concert Memorial Day Weekend. Webb will be hosting the concert at the Spirit Lake Sami Center Black Box Theater on May 28, at 4:00pm. The concert will be free-will donation with funds going towards AIMS Graz tuition.

Webb, a lyric soprano, has been accepted into the American Institute of Musical Studies in Graz, Austria, the leading European summer vocal program and the most comprehensive training of its kind. Here, she will connect with future opera and concert performers, as well as a host of distinguished faculty. AIMS focuses on individual technical and professional development. This is an ideal program for a vocalist between education and a professional career.

While there, Webb will take vocal lessons, master classes, foreign language, diction, conversational German, stage artistry, repertoire and career guidance sessions, as well as undergo auditions with agents, presents and networking opportunities. Only a few are selected and she needs your help to make this opportunity a reality.

'It is such a great honor to have been selected," Jaime Webb said, "I would greatly appreciate your generous donation! I promise to use your support to advance my vocal development and be an advocate for the arts."

Please join Jaime Webb for a beautiful evening of music celebration! She will be singing her favorite arias such as Handel's Da Tempeste, Mozart's Ach, ich fühl's, and Gounod's The Jewel Song!

For more information on Webb's upcoming experience, please contact her at webbja01@luther.edu. If unable to attend and would still like to assist, information can be found at https:// www.gofundme.com/jaime-singing-at-aims-in-austria.

#### 5 Reasons You Should Bike To Work

What do you remember about your drive to work today? If you're like most people, you do it nearly every day and take the same route, without even thinking or appreciating the drive. Admit it - it becomes a kind of mind numbing task where it's easy to space out and not even remember the drive much. For this and other reasons, riding a bike to work is a much better option than driving. Consider these reasons:

1. It's fun! You'd be amazed at how much you notice when you ride your bike to work. You smell the freshly cut grass, hear the birds chirping, see squirrels chasing each other, and even see other bicyclists and walkers waving hello. It's pretty great to be in the present moment and notice what surrounds us every day.

2. It's a healthy activity. A bicycle is like a free gym on wheels and cycling is an easy way to build physical activity into your daily routine. Obviously you expend physical energy to ride a bike, which is always beneficial for your health. One study found that people who biked weighed about six pounds less than their peers. Biking can also improve your mental wellness – it can enhance your creativity, strengthen your ability to concentrate, and boost your mood. Don't worry if you're out of shape at the moment because you control how fast you pedal and how hard it is to pedal, so don't worry about not being able to do it. We know you can!

3. It saves you money! Consider how much money you spend in gas each month. A lot of that is probably due to driving to and from work. Imagine how much money you could save, or spend on something special for yourself by riding a bike to work! Also, because biking improves your health, it will likely decrease your health care expenses, too!

4. You don't have to worry about parking. You probably have your favorite parking spot or favorite area to park in each day. We get it; it can bum you out to not get your "spot." Biking to work will eliminate that bummer because there are a lot of bike racks throughout our community. If your employer doesn't have one, ask if they'd install one.

5. It's good for the environment. Riding a bike decreases your carbon footprint. Since a bicycle uses no fuel, batteries, or motor oil, it is a pollution-free mode of transportation.

Now is the perfect time to start riding your bike to work. May 15-19 is Bike to Work Week and May 19 is Bike to Work Day. Before you hit the road, however, Lakes Regional Healthcare suggests you consider a few things:

• Plan your route and the time it will take.

· Put safety first and always wear a helmet when riding a

Prepare for the weather; you might want to wear sunscreen or bring an umbrella.

Don't forget to hydrate. Have fun, be safe, and we'll see you outside!

## Arnolds Park Amusement Park Announces Major Renovation Plan The Board of Directors of Historic Arnolds Park Inc. (HAPI)

The Board of Directors of Historic Arnolds Park Inc. (HAPI) announced plans for a major renovation to the facilities of the 128-year-old operation. Plans include

128-year-old operation. Plans include an expansion of the Maritime Museum, new parking, completion of the restoration of The Majestic Pavilion, a new Roof Garden, a new bathroom inside the amusement park, a lake front pedestrian commons area, updated infrastructure throughout the property and many

donors have come forward

the property and many more improvements.

An anonymous group of

and pledged a matching grant of up to \$6 million dollars for the renovation project. A capital fund raising project called "Restore the Park" has been slated to begin July 1st. CEO Charley Whittenburg stated, "All members of both HAPI and The Park Foundation Boards have made financial commitments to the project. This 100% commitment from the Boards has paved the way for the upcoming fundraiser." A committee composed of current and former board members has been established to spearhead the fund-raising project to accomplish the \$12 million-dollar goal. The group has already begun making calls and has about \$2 million of the \$6 million

matching funds raised.

Phase I of the project began late last fall with The Arnolds Park Foundation supplying the funds for planning and infrastructure such as updated electric, sewer and fiber optic lines to prepare the property for the upcoming improvements. Also in phase I is additional parking located on Highway 71 and new restrooms inside the amusement park. Preparation work for the parking lot has been started with the demolition of some housing and retail space. New bathrooms are in the process of being built and are slated to be operational by the beginning of the season.

Phase II of the project is slated to begin in the Fall of 2017 with the expansion of The Maritime Museum, completion of The Majestic Pavilion, a renovation of The Preservation Plaza Stage and the addition of fiber optic lines throughout the park for ride operations. The Maritime Museum expansion will include a significant increase in the size of the facility and will provide a new home for The Iowa Rock and Roll Hall of Fame as well as green room facilities for guest bands and offices for the Okoboji Foundation, Iowa Great Lakes Chamber of Commerce and Okoboji Tourism. The completion of the Majestic Pavilion will also include new flooring and new administration facilities.

Phase III of the project will consist of the building of a new Roof Garden. The new facility will have the look and feel of the original Roof Garden with updated amenities to make it a much more functional space. Whittenburg stated at the press conference held that "Our larger efforts with the new fundraising campaign are to see the restoration of the Roof Garden both inside and out, the restoration of The Majestic Pavilion and expansion of our Maritime Museum. In addition, there will be many things upgraded to bring us into the 21st century and poise us for sustainability for future generations. The park is the epi-center of our community and remains the heart of Okoboji. It is the iconic crown jewel of Iowa."

National cattle behavior specialist Temple Grandin will be

the keynote speaker at the Cattle Stewardship Conference June 8 at the Dickinson County Fairgrounds, Spirit Lake. The conference also features beef cattle specialists from Iowa, Nebraska and South Dakota.

Grandin provides a unique view of stewardship," said Beth Doran

Cattle Stewardship begins at 10:00am with a cattle handling demonstration conducted by Dean Fish. Fish is one of the national cattle handling experts recognized by the National Cattlemen's Beef Association. In the afternoon, Grandin will present a practical approach to improving animal welfare. She is the nation's leading expert on cattle comfort and behavior, having designed facilities for both packing plants and livestock producers.

"Consumers are asking about how the beef they eat is produced, and beef packers have developed management protocols for the feedlots that supply their cattle," Doran said. "The goal of the conference is to help cow-calf and feedlot producers fine-tune the best management practices they currently use."

Following Grandin's presentation, six breakout topics will be offered through four sessions: techniques in managing pain, designing facilities for cattle comfort, low-stress weaning, best methods in cattle processing, managing heat stress in cattle, and successfully completing feedlot assessments.

The conference is cooperatively organized by the Iowa Beef Center, ISU Extension and Outreach, Iowa Beef Industry Council, Iowa Lakes Community College and Iowa Cattlemen's Association with local support. Participants of the day-long program will fulfill the requirements to become Beef Quality Assurance

Registration, which includes the noon meal, is \$30 per person and due May 31, to ISU Extension and Outreach Dickinson County Office, 1600 15th Street, Spirit Lake, Iowa 51360. The program brochure has the entire schedule, sponsor list and registration form.

For more information, contact Doran at 712-737-4230 or e-mail doranb@iastate.edu.

#### **Dark Money**

Jane Mayer's book "Dark Money" speaks to today's political reinvention of our country by the super rich people who hate taxes, regulations and government. "Wag the Dog" is what is happening now by these super rich to get their way. False propaganda is put out to draw our attention away from what super rich don't want us to know they are doing. Did Donald Trump act as a dictator to draw attention away from his tangled finances where he might be in cahoots with international racketeers in Russia? Would he go to the extreme and cause people to die to cover his trail. Rand Paul calls this incident in Syria a means for Trump to cover his tracks. The worlds attention is away from Trump's deceptions by this deception.

Trump proved himself a dictator by firing missiles at Syria without getting permission from congress. His temper and temperament are too close to that

I was amazed at the news commentator who watched the missile going to Syria and, described it as a "beautiful sight". I was reminded of the deceit Hitler used to start WW2. He faked a battle claiming an outpost in Germany was being attacked. Shortly after news about the Syria missile strike, a General announced this was the right time to attack North Korea. Now, ships are going there. No wonder Trump greatly increased the military budget. I'm with the father of the Navy Seal who died. He wanted an investigation of this useless raid. The U.N. is now involved in this "chemical raid". Our record for use of chemicals is not clean: agent orange in Vietnam and white phosphorus in craft. Call 712-338-4643 for Iraq produced millions of deformed babies. Dark Money rules more information. the world. 666 is here.

WAHPETON WATER TOWER COMPLETED - After more than a week of weather-related delays in hanging the cap of the tank on the new Wahpeton water tower at the High Point site on Iowa Highway 86, the job was finally completed in foggy conditions, less than two hours, just before 8:00am, Tuesday, April 25, 2017. ## Jeremy Parsons Receives Certified Fair Executive Status

Jeremy Parsons of the Clay County Fair in Spencer, Iowa, was honored at the 2017 Management Conference of the International Association of Fairs and Expositions (IAFE) as a recipient of the Certified Fair Executive (CFE) designation.

The purposes of the CFE program are: a) to provide incentive for professional improvement in fair management; b) to recognize those who achieve the specific standards; and c) to develop professional status in the field of fair management. Certification also honors those members who have demonstrated their abilities through years of service to their fairs, fair associations, communities, and the Association.

He was one of 9 CFE recipients this year that were honored during a ceremony at the IAFE Management Conference in Spokane, Wash.

Parsons has served as CEO/Manager of the Clay County Fair since November 2011. Billed as "The World's Greatest County Fair" and home to the largest farm machinery and ag equipment show at any fair in the United States, the Clay County Fair draws nearly 330,000 people each year during its nine-day run in September.

He also served as executive director of the Missouri State Fair Foundation, and prior to that, was a high school teacher and coach at Newtown-Harris R-3 in Newtown, Mo.

Parsons, a native of Leon, Iowa, is a 1995 graduate of Central Decatur High School and a 1998 graduate of Southwest Baptist University.

He and his wife, Kelsi, have three sons and live in Spencer. The International Association of Fairs and Expositions (IAFE), based in Springfield, Mo., is a voluntary, nonprofit corporation, serving state, provincial, regional, and county agricultural fairs, shows, exhibitions, and expositions. Its associate members include non-agricultural expositions and festivals, associations, corporations, and individuals engaged in providing products and services to its members, all of whom are interested in the improvement of fairs, shows, expositions, and allied fields.

#### LETTERS TO THE EDITOR

To the Editor:

Time-Out Nursery would like to personally thank the Good Neighbor Fund for their generous contribution to our organization. We also want to recognize the community members that have been giving to and supporting the Good Neighbor Fund over the years. Without your contributions, programs like Time-Out Nursery would simply not exist. So, THANK YOU for continuing to serve and provide for non-profit organizations like ours in the Okoboji area.

For over 30 years, the Child and Parent Council (Time-Out Nursery) has been providing childcare services to families in Dickinson County. It not only provides a safe place for children, but also gives parents and caregivers the opportunity to attend appointments, exercise, study, volunteer in the community, participate in parenting classes or simply take a break from the tolls of parenting. Time-Out Nursery has served 107 children including 58 families so far this year.

T.J. Simington – Time-Out Nursery Director
