"Putting for Patriots" Event

Pirate's Cove Adventure Golf, in Arnolds Park, Iowa, will host the Ninth Annual Putting for Patriots fundraiser, May 23-25. This national event will occur simultaneously at 33 Pirate's Cove, Pirate's Island and Jungle Golf miniature golf courses throughout the United States. This May event will culminate on Memorial Day weekend and support three charities, which serve our wounded veterans, their families and survivors of the fallen. These organizations include: "Hope For The Warriors", "Homes for Our Troops" and "TAPS—Tragedy Assistance Program for Survivors." Pirate's Cove, Jungle Golf and Pirate's Island will donate a percentage of their total sales on Saturday, May 23 and Sunday, May 24. In addition, from May 8 through May 25, each golf course will accept donations to be turned over to the three charities. Since its inception, this event has raised over \$231,000. "Memorial Day was specifically founded to remember those who died serving our nation," notes Brad Graft, Pirate's Cove Partner and Regional Director. "The Pirate's Cove / Pirate's Island family thought it appropriate to establish an annual event to serve charities that assist our living veterans and the survivors of fallen military members. These are men and women who have sacrificed so much for our freedom."

Pirate's Cove, Pirate's Island and Jungle Golf operate 33 miniature golf courses throughout the United States. For more information, visit their Web sites at www.piratescove.com, www.piratesislandgolf.com, and www.junglegolfmini.com. Additional information on the above charities can be found by accessing their Web sites: www.hopeforthewarriors.org, www.homesforourtroops.org and www.taps.org. To become a participating Putting for Patriots golf course, see the Putting for Patriots tab on the home page of the Pirate's Cove Web site: www.piratescove.com.

LETTERS TO THE EDITOR

To The Editor:

Due to unfortunate charges by the paper recycling company we will no longer have a paper truck donation sight for our Okoboji Spirit Lake Debate Boosters. The recycling company is imposing a \$150 fee per monthly pickup. As this is intended to be a fund raiser for our kids the balance paid back to us by the recycling company is less than their fee. Simple economics imposed by this company no longer "pays" for our communities recycling efforts. A BIG thank you to all in our community who helped support this effort. As a Booster group we will attempt to find another company to assist in our fund raising efforts.

Thank you,
OSL Debate parents

LETTERS TO THE EDITOR

Dear Editor:

The Pearson Lakes Art Center would like to sincerely thank the Good Neighbor Fund for their donation to the Education Department, specifically the Preschool Art Program. Their commitment to non-profit organizations in the Lakes Area is appreciated by the PLAC staff, the preschool teachers, and most importantly the preschool students who participate in this unique program.

The donation will be used to offset the costs of the program including transportation, supplies, classroom maintenance, and staff. Because of the support we will be able to continue to offer high quality programming and continue to add preschools to our program.

Sincerely:
Holly Zinn • Education Director Pearson Lakes Art Center

The Spirit Lake Community Schools Board of Education last week approved Graettinger-Terrill band director Tyler Pedersen's contract to become band director at Spirit Lake High School for the 2015-16 school year. Pedersen (center) performed in several chairs in the Northwest Iowa Community Concert Band's April 20th concert in Estherville.

'All-Strings' returning to Okoboji UM Camp

While due to a schedule conflict, the *All-Strings Orchestra* won't be heard at the Arnolds Park Amusement Park this year as expected, the Carroll-based group has set a June 5th performance at Lake Okoboji United Methodist Camp. This group of 50-plus members will be performing at the Camp starting at 6:30 that Friday night — with grilled burgers served a half-hour earlier. Last year's Camp concert drew a good crowd on a nice night to picnic...

With the Okoboji Summer Theatre Association still offering its discount ticket voucher books for the summer season, we should note that the *OST*'s musical staging of *Cinderella* has been replaced with an even more grand production of Rogers and Hammerstein's *State Fair*, set to open July 14. After months of planning, rights to the musical version of the fairy tale were not available to the *OST* this year, even after it was listed on early schedules ...

You should already know that the Arnolds Park Amusement Park has three spectacular concerts planned for the July 4th holiday weekend. Friday night, July 3rd, will see *The Rumbles* returning to Preservation Plaza; with *Kory and the Fireflies* on July 4th; and a "surprise" act on Sunday, July 5th to add to the Park's 125th anniversary celebration.

Keeping his little rodent ears to the ground, Stagerat Stan has heard that the leader of the July 5th act is an American singer, musician, lyricist, rapper and guitar player, who will be celebrating his 40-something birthday shortly after the big concert is announced the first week in June...

Starting Memorial Day weekend a bit early, the Pearson Lakes Art Center's *Blues - Rock 'n' Roll Jam* is set for Thursday night at 7:00. Musicians of all levels are urged to bring their instruments and be ready to play in *Pomerantz Hall*. There is no charge to either the performers or spectators -- music-lovers all...

Thursday night also starts an extended weekend at the Little Swan Lake Winery, with Mark and Rowaida Lair on stage in the barn from 6 - 8:00. Jen and Andy will be performing in a special show on the same stage, Saturday night, from 7-9:00. And Damon Dotson will be returning, Sunday afternoon, from 4 - 6:00...

Glenn Henriksen will also be returning to his part-time Friday night haunt in *The Lounge at The Inn*, from 6 - 8:00 p.m. *The Itty Bitty Boji Duo* will perform in the same venue the following Friday, night...

And, of course, with Memorial Day weekend as early as it can be, Monday night will see the *Dick Bauman Big Band* opening in *Pomerantz Hall* at the PLAC starting at 7:00. If our arithmetic is right, this will be the *DBBB*'s 19th season, which is to run through and including Labor Day.

The official start of summer on the campus of the U of O also means that Tuesday night will see the *Jazzed Up Big Band of Okoboji* start its second season in the *Majestic Pavilion* at the Arnolds Park Amusement Park. The *JUBBO*'s season will continue through mid-August...

The very accomplished Alexander Piano Trio will be performing June 15 for the Arnolds Park Amusement Park 125th Anniversary Tea. William, 10; David, 14; and John, 12; are the sons of Helen and Doug Alexander, of Arnolds Park.

You are invited to join the Old Professor for Ballads, Blues and Big Bands, too, at Class 105, The LIVE Broadcast from the College of Musical Knowledge at the University of Okoboji. Class 105... airs Sunday mornings from eight 'til noon, on 105.7, KRAQ-FM. All the news that fits, we print. Please send your music-related announcements or comments to: class105@connect.com or P. O. Memorial Day

While Memorial Day Weekend marks the unofficial start of summer in the Iowa Great Lakes, let us not forget the real meaning of Memorial Day, to honor our United States Military men and women who have died serving our great country. We could not enjoy the many freedoms we have without the sacrifice of all of these great patriots. So many of the things that we enjoy in the Iowa Great Lakes- the beautiful lakes, Arnolds Park, our awesome schools and their unbelievable facilities, the golf courses, the bike trails, the Pearson Lakes Art Center, the fantastic shops and restaurants and everything else we are so fortunate to have in the Iowa Great Lakes; none of these things would be here today without the sacrifices of the military members and their families. Please continue to pray for those who have lost loved ones protecting our freedom, as well as for those who are currently serving our country and for their families, and give thanks for those who have served and given so much so that we may be FREE! While you are enjoying this holiday weekend with your family and friends, think about those who are serving overseas, as well as those who have served, and their families who are missing them, or are now happy to have them home, and make sure you tell them and their families, THANK YOU!

GREAT CATCH! – Drew Johnson with a Crappie caught in East Okobojo Lake.

Obituaries

A Memorial Gathering and Prayer Service for **Patricia Crandall**, 69, of Milford, will be held Sunday, May 31, 2015, from 4:00-6:00pm in the Luther Rose Prayer Garden at the First Lutheran Church in West Okobojo with the Prayer Service starting at 4:30. The service will be a gathering of friends, memories and music.

Patricia Irene Crandall, the daughter of Laura (Lagergren) and James Crandall was born October 31, 1945, in St. Cloud, Minnesota.

Memorial Day Flag Set Up

May 25th marks a very important day in United States history. The 4th Monday in May has been declared as "Memorial Day". This is the day that many people look back and remember those who fought for our freedom and helped protect the United States. The Milford Boy Scout Troop 170 is proud of these men and women for serving our country, and want to make sure that they are remembered by putting up their United States of America Flag that had been presented to them by the U.S. Government and is stored at the American Legion Post 384 right here in Milford. Troop 170 will be raising all of these flags on May 25th (weather permitting), starting at the Legion Post and moving to Florence Park. Flag loading starts at 7:00 at the Flag raising to follow shortly after at Florence Park. At around 4:00pm, the Troop will return to the park and begin the process of taking the flags down and folding them for display at the Legion Post. There are around 280 flags that will need to be put up and taken down on that day. Troop 170 is inviting any one from the public that wants to help to join in. Please meet us at the park around 7:15 to help set up flags and again at 4:00 to help take them down.

Saving Lives At The YMCA

Teaching children how to swim and be safe around water is one of the most important life skills that parents or caregivers can help children learn. It not only builds confidence, but it also helps to save lives. The Y's swim programs teach water safety skills and offer swimmers the opportunity to enjoy water sports, enhance or learn new swim techniques and meet new friends.

- They partnered with local organizations and schools to provide water safety instruction and information to more than 180 SPLASH Program children in our community
- They provided progressive swimming lessons to more than 750 children and adults in 2014, helping them to feel safe around water

The Bedell Family YMCA wishes to thank all of their valued donors and partners for their support in ensuring that every person in the community has access to water safety instruction and programs, so that they can be safer in and around water.

To support their efforts: Visit www.okobojiyymca.com/support-the-y/ or call 712-336-9622.

Spencer Hospital Accepts South O'Brien School Service Project

Four 7th grade students from South O'Brien school were charged with picking out a service project. They decided they wanted to do something for the new babies that were delivered at Spencer Hospital. So they got to work cutting and tying. They made 27 very soft shoulder clothes - just the perfect size for new moms (and dads) to put on their shoulder during burp time or just holding time. They selected 2 different fabrics to make these useful gifts.

Spencer Hospital extends a "Thank you!" to these students: Jillian Hemstra, Avarie Honkomp, Shara Wallin and Colby Huffman (not pictured). They delivered the shoulder clothes to the Spencer Hospital Obstetrics department Wednesday, May 13 with their teacher Liz Reichle.

Local Student To Have Poem Published In National Publication

Hannah Gulick of Spirit Lake has had her poetry entry in the National High School Poetry Contest accepted for publication. The poem entitled, "Father Fidelity" will appear in the Summer edition of the American High School Poets "My World" anthology.

"My World" is a meaningful study of introspective poems written by teenagers from all over the country. It explores how today's teens view their world and where they see themselves fitting into today's complex moral and social issues. It is scheduled for publication in Mid-June and is published by the Live Poets Society of NJ in conjunction with JUST POETRY!!!, the National High School Poetry Quarterly Magazine.

Hannah is the daughter of Mark and Peggy Gulick and attends Spirit Lake High School under the tutelage of Language Arts instructor, Miss Schulz.

Hannah has no definite college plans at this time.

Dickinson County Community Garden Kicks Off 2015 Season

Spring is in full swing and so are the Dickinson County Community Gardens. Though members have already been busy planting various plants from a seedling project, this year's Kick-Off Event will be on Tuesday, May 19 from 6:30 to 7:30pm at the new Lakes Regional Healthcare garden site located on the corner of 23rd Street and Zenith Avenue.

New and previous members can come to get registered if they haven't already, get information about this year, and sign up for the season's watering schedule. This is a great opportunity to answer questions for people eager to get more information. Weather permitting, there will be planting activities to get started on. In case of inclement weather the Kick-Off Event will move to the foyer of the new Lakes Regional Healthcare wing located directly southwest of the garden site.

For the seventh season the Dickinson County Community Gardens will aim to provide families and individuals the opportunity to plant and harvest healthy produce together on two garden plots in Spirit Lake. The new site located on the corner of 23 Street and Zenith Avenue has been donated for use by Lakes Regional Hospital. A site behind Dynos off Hwy 9 and Keokuk Ave in Spirit Lake is donated for use by Jo Nelson.

Members help to plant, water, maintain and harvest the garden throughout the year. The organization shares its food with those in need through various community services and holds workshops to educate about fresh food preparation and preservation. Annual memberships cost \$35 for families and \$25 for individuals and seniors. For more information or to register for the 2015 season go to www.dccgardens.com.

This year the organization will look forward to developing the new LRH Site, planting various organic, heirloom and open-pollinated varieties of produce grown from seed, having more children's gardening activities, and increasing yields to share with those in need. Last year the organization donated between 300-500 pounds of fresh produce to various charitable organizations in Dickinson County.

The Dickinson County Community Gardens is funded by membership fees and grants including the Dickinson County Endowment Fund, Hy-Vee On Step Grant and The City of Spirit Lake, as well as land use permissions from Lakes Regional Healthcare and Dyno's.

International Yoga Teacher To Visit Yoga Okoboji In July

Tina Bock, Abu Dhabi, United Arab Emirates based international yoga teacher will teach workshops at Yoga Okoboji on Thursday, July 16 at 7:00 – 9:00pm and Friday, July 17 at 9:00 – 11:00am for \$45 each class.

From a young age, Tina has always found an importance of connecting the physical body with the mental body. As her mother always likes to say, "she was doing back flips in the womb before she was born". Tina was first introduced to yoga as a teen, by her father in a headstand on the living room floor. While studying Music Industry at Ramapo College of New Jersey, Tina found yoga as a compliment to her dancing. After studying and practicing daily with some of New Jersey's most recognized yoga teachers, she soon became completely dedicated to the practice and lifestyle of yoga.

After four years teaching children, Tina decided to venture to India to pursue her 200-Hour Yoga Alliance Certificate from Trimurti Yoga. In the motherland, she trained in traditional Ashtanga yoga under Swami Veet Jayo, Karolina Sharma, and Acharya Yogesh.

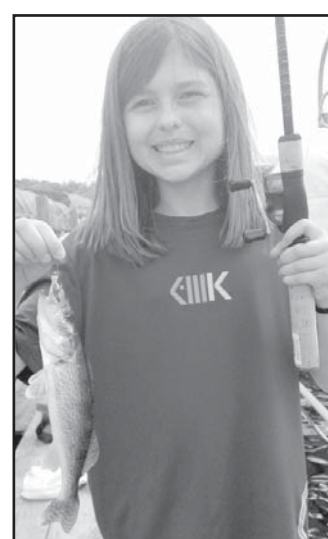

She and her husband have now relocated to Abu Dhabi, United Arab Emirates, while Tina continues to share her love for yoga on the other side of the world. She is teaching at Abu Dhabi's first hot yoga studio, The Hot House, New York University in Abu Dhabi, and running workshops frequently in Dubai.

Spencer In The 1960s

Parker Historical Society of Clay County is partnering with Spencer's Historic Preservation Commission to offer an interesting look back at Spencer in the 1960s on Thursday, May 21. This program will be in the Bob Keir Meeting Room at the Clay County Heritage Center located at 7 Grand Avenue in Spencer, 5:30-7:30pm.

James T. Parker, son of the Rev. and Mrs. James E. Parker--founders of the Parker Historical Society, worked in the field of publishing in New York after graduating from college. He was an amateur photographer as was his father. When returning to Spencer to visit his parents between 1957 and 1969, Jim would record on film the many progressive changes happening in his hometown. Today his slides are a treasure trove documenting many of the "new" businesses and industries built during this boom time.

Members of Spencer's Historic Preservation Commission have sorted through the hundreds of slides in preparation for this presentation. Audience participation will be encouraged to assist in providing historical information about the buildings, businesses and people identified in the images. For a "blast from the past" please join us on May 21 at 5:30pm.

Seating will be limited to the first 30 people. Some standing room will be available.

For more information about this program or the Clay County Heritage Center, please contact Cindy McGranahan, Director at 712-262-3304 or at parkermuseum@smunet.net.

Exhibit Reception And Open House At The PLAC May 21

The Pearson Lakes Art Center is celebrating its 50th Anniversary in 2015. To commemorate the occasion, we will be having four anniversary events throughout the summer. The first one is scheduled for Thursday, May 21st, from 5:00 to 7:00pm. The event is a reception and gallery talk for two new exhibits and an open house meet and greet for three new PLAC employees. The opening reception is for two new art exhibitions with gallery talks at 6:00 and 6:30pm. The community is also invited to meet and greet three new PLAC employees, Executive Director Tim Hoheisel, Visual Arts Director Britney Hansen, and Events Manager Jim McDonald. Complimentary beer, wine, and light hors d'oeuvres will be available.

"50 works for 50 Years: PLAC Collection" is on display in the Monte Pearson Gallery from April 23 through July 25. Visual Arts Director Britney Hansen curated the exhibition that celebrates some of the most important pieces in the PLAC collection, including works by Frederick Brown, N. C. Wyeth, Andy Warhol, Roy Lichtenstein, Henri Matisse, Jasper Johns, Robert Rauschenberg, Joan Miró, Pablo Picasso, Christo, Marc Chagall, and Norman Rockwell among many other notable visual artists.

A gallery talk by Britney Hansen about the exhibit will be at 6:00pm.

"Lakeside Lab: Tonic of the Wilderness" is on display from April 16 - June 15 in the Goodenow Gallery. In the summer of 2014, Lakeside Laboratory hosted eight artists-in-residence whose work stems from interests in ecology, water conservation, and landscape. At Lakeside Lab, artists partnered with scientists and community members in unique collaborations that reflect the Iowa Great Lakes area's environmental concerns. Artists spent two to four weeks on Lakeside's campus doing research, developing ideas, and making ecologically-based art. The artists then used the following year to develop new works of art whose ideas were generated during the residency. This exhibition will display those works created by the eight artists-in-residence. Participating Lakeside Lab Artists include Paul Crow, Cathleen Faubert, Jacob Gorke, Aurora Green, Lisa Johnson, Amanda Maciuba, Benny Melton and Allen Morris.

The gallery talk for the exhibit will be at 6:30pm. Founded in 1965, the Pearson Lakes Art Center has focused on broadening horizons through the arts for 50 years. For more information or to become a member, please contact the Art Center at 712-332-7013, by email info@lakesart.org, or visit the website at www.lakesart.org.

LETTERS TO THE EDITOR

Dear Editor:
May is Mental Health Month; a time designated to learn more about the importance of our mental health and its effect on our daily living and functioning. Mental Health America reminds us that 1 in 5 Americans will have a diagnosable mental health condition in any given year. Fifty (50) percent of Americans will meet the criteria for a diagnosable mental health condition sometime in their life; half of these people will develop conditions by the age of 14.

We understand that in the first stages of mental health conditions, symptoms are subtle. Functioning may not change at home, work, or school at first; yet we may "know" something's different. As mental health issues continue in frequency and severity, these can cause an individual trouble keeping up with activities and responsibilities.

It's at the point where symptoms and behaviors become more severe and often take place at the same time that we realize there are significant disruptions in an individual's daily roles. Just like any medical condition (cancer, heart disease, or diabetes), by the time stage four comes, mental health conditions have the potential to cause persistent impairment with a person's life (unemployment, homelessness, incarceration) to the point of early death.

The lethal effects of untreated mental health conditions among rural Americans are striking. According to a study conducted by Cynthia Fontanella, Ph.D. at Ohio State University, rural Americans tend to pride themselves on strength and self-reliance but on the flip side, may struggle with social isolation that can contribute to feelings of depression and loneliness. It's also common in rural areas for fewer individuals to seek help due to farther distances to access professional behavioral healthcare, or due to the stigma of mental illness that can postpone care until symptoms are much worse.

What can we do to prevent or reduce the risks associated with mental health conditions? We can improve our knowledge about what it takes to promote better mental health (practicing healthy habits for rest, diet, exercise, purposeful activity etc.). We can learn through mental health education (i.e. Mental Health First Aid) how we, as members of our community, can recognize symptoms and encourage support and treatment in a timely manner. We can request integrated healthcare where primary physicians and behavioral health professionals work closely together to identify and treat multi-occurring medical and mental health conditions. We can more readily accept specialized telemedicine options where there are behavioral healthcare workforce shortages. We can join local chapters of NAMI, DBSA, and peer support networks to connect with local resources for assistance.

As we improve our awareness and understanding of mental health conditions, we have the potential to positively impact our overall health and well-being. Let's challenge ourselves to make a difference- one person at a time- to improve our awareness of mental health needs in our communities.

Sincerely:
Kim Wilson • NAMI of NWIA Secretary

Spirit Lake High School Key Club

Spirit Lake High School Key Club, in partnership with Kiwanis International and the Spirit Lake Noon Kiwanis, provides students with opportunities for leadership and service, while also focusing on the six pillars of Character Counts: trustworthiness, respect, responsibility, fairness, caring, and citizenship. Key Club's motto drives the club's work: "Caring - Our Way of Life." in that students continually look to give back to the school and community in meaningful ways.

During the last two years, students have taken the initiative to plan, prepare, and execute a number of service projects. These projects positively impact the youth in the community, as members help with Elementary Parents-In-Education Family Fun Nights, creating positive experiences for students and their families. Key Club also positively impacts the elderly population, as members frequently visit Hilltop Care Center and Wel-Cov to play bingo, sing, serve holiday dinners, and spread cheer.

Additionally, Spirit Lake High School Key Club members make a positive impact on regional and international communities. Student leaders saw the need to serve a meal in Sioux Falls, South Dakota, and initiated contact with The Banquet soup kitchen. More than 35 members helped prepare and serve a taco meal to 225 patrons, all the while gaining a deeper understanding of those facing challenges due to poverty and a lack of resources. Furthermore, Key Club members reached out to make a global impact by creating a partnership with Food for Kidz. By packing meals of rice, protein, and vegetables, members were able to provide food to hundreds of people in developing countries in Africa.

Spirit Lake High School Key Club ultimately provides an opportunity for students to engage in teamwork and collaboration, creative problem solving, and communication and follow-through, all while creating positive, lasting relationships with various constituents and organizations in the community. Several students commented on their involvement with Key Club and how it has helped them. Meredith Hickerson stated, "I love being in Key Club because there's no greater feeling than collaborating with your classmates and having fun while knowing you're making a positive mark in the community." This positive mark is simply the beginning of student's efforts to positively impact their community. Lauren Wickham noted, "Key Club has provided me the opportunity to share, collaborate, and put my ideas for service projects into action." Key Club is student driven and student run, and members contribute to the club's success. Maddie Richter expressed, "Key Club is an amazing organization that has allowed me to further my leadership capabilities and bring joy to others' lives." It is without a doubt that Key Club serves to bring joy and positive change to others, and will continue to do so moving forward. Spirit Lake High School's Key Club advisors are Lisa Duffy and Brock Holman.

ILCC Students Selected To Attend Okoboji Entrepreneurial Institute

Iowa Lakes Corridor Development Corporation has announced that four Iowa Lakes Community College students have been selected to attend the 10th Okoboji Entrepreneurial Institute (OEI) this summer. This is the ninth year students from Iowa Lakes have participated in the August event.

Rachel Schroeder, Heather Brown, Ashley Claus and Nick Schany.

This year's Okoboji Entrepreneurial Institute is August 2 to August 7. Iowa Lakes students participating include: Heather Brown, Business Administration and Management, from West Bend; Ashley Claus, Sales and Marketing, from Spencer; Nick Schany, Accounting, from Gracettinger; and Rachel Schroeder, Accounting Specialist, from Emmetsburg.

Participants attend educational seminars on entrepreneurship and work in teams to complete a computer simulation to start a company. Attendees also have a chance to network with some of Northwest Iowa's finest entrepreneurs as well as earn three college credits.

Past participants recommended that this year's nominees apply. Brown said she applied after "hearing about student's experiences who attended in the past." She hopes to gain "a better understanding of what it takes to become a successful entrepreneur."

Schany was prompted to apply for OEI based on "the feedback from former students who participated in the program and the opportunity to meet some extremely successful entrepreneurs."

Schroeder said, "My sister was accepted and she absolutely loved it. I think it's going to be a great experience to get my future on the right path."

Based on that recommendation she said, "I hope to learn the importance of working on a team and how to apply what I learn to my real-life success."

Claus said Professor Denise Reimer, Sales and Marketing, recommended she apply for OEI. "I hope to gain experience and leadership skills for future use." She added, "I also hope to put my current and past class material into practice."

An OEI Alumni and Friends celebration is also planned for Saturday, August 1 at Arnolds Park Amusement Park.

The Okoboji Institute is a cooperative effort of the Iowa Department of Economic Development, the Pappajohn Entrepreneurial Centers at the University of Iowa, Iowa State University, University of Northern Iowa, as well as the Iowa Lakes Corridor Development Corporation, Iowa Lakeside Lab, Buena Vista University, and Iowa Lakes Community College.

Iowa Lakes College Farm Thanks Local Ag Industry

Running a farm in Iowa is an expensive proposition. Running a working farm-lab for a community college must be a partnership between Iowa Lakes Community College and the local agriculture industry.

Neal Williamsen, Director of Agricultural Technology, said, "These partners provide us with not only donations but also with occupational experience when students go out to work."

"We're really appreciative of what this allows us to do - it would be difficult to provide the educational opportunities we do without their support," added Williamsen.

Every fall sophomore Agriculture Production Technology students analyze the decisions made the previous growing year and share the information with new freshmen.

The freshman committee then decides what they want to do: fertilizer trials, application rates, split applications (half nitrogen applied now and half in June sometime), and so forth. Up to now they have not done anything with chemicals because almost all they need for farming the 360-acre college farm is donated.

"This started as a pilot project in 2010, resulting from an industry round table discussion," said Jolene Rogers, Executive Director of Community and Business Relations at Iowa Lakes. "This partnership of businesses working with Agriculture students is crucial. The opportunity for them to present to industry professionals enhances the connection between business and education."

The majority of the Iowa Lakes farm lab is supported by donations from: Ag Partners, The Andersons, ASGROW, Croplan, F.I.R.S.T. Plot, Max Yield Cooperative, Pro Coop, Chad Anderson Pioneer, Spencer Agronomy Services, StateLine Cooperative, Stine Seed, Titan Pro, Tom Eichen Seed and Sales, and Wyffels.

Eight acres are planted in plot trials. F.I.R.S.T. Plot plants corn varieties in 1/1000 of an acre plots - each variety is replicated three times. Iowa Lakes provides the land; F.I.R.S.T. Plot does the rest.

Business contributions are nearly \$60,000 providing all the corn, soybean and alfalfa seed, and partnering with industry for all the fertilizer but nitrogen.

Proceeds from harvest go to scholarships. Other proceeds combine with programs like Perkins and are used for scholarships, farm improvements, tiling, leasing new equipment, and the recent upgrade of some precision equipment.

For more information about the Iowa Lakes farm or to make a donation, please contact Neal Williamsen, Director of Agricultural Technology, Iowa Lakes Community College, at 712-852-5259.

May is Mental Health Month

http://www.mentalhealthamerica.net/b4stage4-changing-way-we-think-about-mental-health

When we think about cancer, heart disease, or diabetes, we don't wait years to treat them. We start before Stage 4—we begin with prevention. When people are in the first stage of those diseases and are beginning to show signs or symptoms like a persistent cough, high blood pressure, or high blood sugar, we try immediately to reverse these symptoms. We don't ignore them. In fact, we develop a plan of action to reverse and sometimes stop the progression of the disease. So why don't we do the same for individuals who are dealing with potentially serious mental illness?

1 in 5 American adults will have a diagnosable mental health condition in any given year.

50 percent of Americans will meet the criteria for a diagnosable mental health condition sometime in their life, and half of those people will develop conditions by the age of 14.

Stages of Mental Health Conditions

Stage 1) Mild Symptoms and Warning Signs
At Stage 1, a person begins to show symptoms of a mental health condition, but is still able to maintain the ability to function at home, work or school—although perhaps not as easily as before they started to show symptoms. Often there is a sense that something is "not right."

Stage 2) Symptoms Increase in Frequency and Severity and Interfere with Life Activities and Roles

At Stage 2, it usually becomes obvious that something is wrong. A person's symptoms may become stronger and last longer or new symptoms may start appearing on top of existing ones, creating something of a snowball effect. Performance at work or school will become more difficult, and a person may have trouble keeping up with family duties, social obligations or personal responsibilities.

Stage 3) Symptoms Worsen with Relapsing and Recurring Episodes Accompanied by Serious Disruption in Life Activities and Roles

At Stage 3, symptoms have continued to increase in severity, and many symptoms are often taking place at the same time. A person may feel as though they are losing control of their life and the ability to fill their roles at home, work or school.

Stage 4) Symptoms are Persistent and Severe and Have Jeopardized One's Life

By Stage 4, the combination of extreme, prolonged and persistent symptoms and impairment often results in development of other health conditions and has the potential to turn into a crisis event like unemployment, hospitalization, homelessness or even incarceration. In the worst cases, untreated mental illnesses can lead to loss of life an average of 25 years early.

Red Cross Seeks Blood Donors In Weeks Leading Up To Summer

The American Red Cross asks eligible donors to help ensure blood is available for patients in need by giving blood in May before the busy summer season kicks in.

Blood and platelet donations often decrease when regular donors are vacationing and school is out of session, but the need for blood is constant. Donors are needed in the weeks leading up to summer to help alleviate this seasonal decline.

Donors of all blood types – especially those with types O negative, A negative and B negative – are needed to help ensure blood is available for patients this spring. Those who come to donate blood between May 23 and May 25, 2015, will receive a limited-edition Red Cross-branded RuMe® tote bag, while supplies last.

To make an appointment to give blood, download the Red Cross Blood Donor App, visit redcrossblood.org or call 1-800-RED CROSS (1-800-733-2767).

Upcoming blood donation opportunities:

- Spencer – May 21, 9:30am - 2:30pm, Spencer Family YMCA,
- Milford – May 20, 1:00pm - 6:00pm, Community Center, 9th & Okoboji

New IRVM Vegetation Specialist

Aric Ping has joined the Dickinson County Conservation Board as the new Integrated Roadside Vegetation Management vegetation specialist.

The IRVM program will establish native, tallgrass prairie stands in the county right-of-ways in order to reduce runoff, reduce erosion and provide wildlife habitat as well as visually-appealing aesthetic in the ditches.

After working in Douglas County, Colorado, Ping said his goal was to return to his home state of Iowa to help work with tallgrass prairie restoration.

"I feel tallgrass prairie is an undervalued and underappreciated ecosystem, and I enjoy the work," he said.

He will start work by surveying county right-of-ways as well as county wildlife areas, and then he will create management plans for each area.

"I'd like us to become a leader in the state with the IRVM program," Ping said. "We have all these natural assets within the state lands and our own. It would be nice if they were more connected, and I think having habitat in the right-of-way will achieve that."

This program will offer a variety of benefits for the county. The decrease in the amount of time needed for weed control and erosion reduction will be a cost-savings over the years, and the highly-diverse ecosystem that will be created in the right-of-ways will be more resistant to invasive species. The removal of brush and trees will also provide safer travel corridors for motorists. Plus, native vegetation will act as a snowbreak that will help reduce drifting over the roads during the winter.

Ping said people should start seeing a difference in the right-of-ways starting in 2016 with reseeding, burning or mowing occurring, depending on the vegetation type. This winter, tree and debris removal will begin to happen in the right-of-ways.

Ping started his duties on May 6 and is based out of Horseshoe Bend Wildlife Area in Milford.

Ping graduated from Westwood High School in Sloan and then from the University of Nebraska, Omaha, with a bachelor's degree in environmental sciences.

He completed an internship at the University of Nebraska, Omaha, biology department, working with prairie preserves and wetlands. He then accepted a position as a biological science technician with The Nature Conservancy Platte River Preserve in central Nebraska. Ping also spent time as the lead range technician at Custer State Park with the South Dakota Game, Fish & Parks Department before his last job as a vegetation technician in Douglas County.

In his spare time, Ping enjoys hiking, taking pictures, brewing his own beer and more hunting with his wife, Katie, and their two greyhounds.

Jane Hummel Design Welcomes Katie Sires As An Associate

Jane Hummel, who has been an interior designer in the lakes area for over 30 years, is proud to announce the addition of Katie Sires, an independent design consultant.

"I am thrilled to welcome Katie's energy, enthusiasm and talent. I feel very fortunate to have her as a colleague," Says Jane. "Even though we are independent there are times when we will partner on projects."

Both Jane and Katie offer a wide range of services and products including but not limited to: Commercial and Residential Design, Project Management, Remodels and New Design, Floor Plan and Layout Design, Design Consultation, Paint Selection, Window Treatments, Kitchen and Bath Design, Flooring, Furniture, Lighting, Area Rugs, Wall Covering and more.

Katie has always been familiar with the Okoboji area, as she grew up close to the Iowa Great Lakes, and happily became a resident in 2009. She currently resides on an acreage outside of Milford with her husband and three children. They enjoy both the country life and the wholesome activities that the lakes area has to offer.

Katie has a Bachelor of Arts Degree in Studio Art from Southwest Minnesota State University and over 10 years experience in the interior design field. She has a real passion for creating. Katie Commented, "I take a lot of pleasure in collaborating with clients. My job is to help them create what they want but cannot accomplish by themselves. It is a rewarding challenge to find ways to bring out their personalities in their spaces. To see the reaction of a client that loves what you've done, well, there's just nothing like it."

Katie also loves to work with her hands. She takes well loved furniture and repairs or repurposes it into new pieces. "There is something very rewarding in giving new breath to old pieces and incorporating them into spaces." She hopes to have a storefront one day that incorporates her passions of art, interior design and repurposed furniture.

Contact Katie today for a complimentary first time consultation at 515-200-9065 or okobojihomedesign@gmail.com or visit her new website at: www.okobojihomedesign.com

DAR Inducts New Members, Issues Invitations To Events

Five new members were inducted on May 13 at the meeting of the Ladies of the Lake Chapter of the Daughters of the American Revolution (DAR). They are pictured (L to R) Margo Sievers, Rembrandt, Bonnie Kubrick, Spencer; Kris Meyer, Germantown, and Rita Brockshus, Spirit Lake. Not pictured is Tanna Lair, Estherville.

The Ladies of the Lake Chapter serves Northwest Iowa. Eight new members were inducted in 2014. These five in 2015 make a total of 65 members, with a number of applications pending. All meetings and programs are open to the public and women interested in tracing their family genealogy are especially encouraged to attend.

The recent Tuesday luncheon, the first of the spring/summer schedule, took place at the Dream Center, Spencer, where participants were introduced to the many worthy outreach programs of that non-profit charitable organization located in the former Tangney Hotel. Participants then met for a tour of the Heritage Center on Grand Avenue to see interesting exhibits including photos of the now famous Spencer fire.

At the business meeting, Regent Colleen Lemkuil, Spirit Lake, announced the following event schedule:

June 9, 11:20am - Lunch at Los Pueblos, 384 Highway 71, Arnolds Park, followed by: 1:00pm program at the Abbie Gardner Sharp Shelter House, Arnolds Park. Tour of grounds, monuments, cabin and museum. Regent Lemkuil notes that this will be a particularly interesting program for out of town members and those who wish to bring visitors to our area.

Children are especially invited as member Diane Lavender will be present to launch the new Children of the American Revolution (CAR) Chapter. Area women who have children, grandchildren and young friends are urged to bring them to this event to get information.

June 15, 1:00 - 3:00pm - High Tea, Arnolds Park Pavilion, a fundraiser celebrating this historic amusement site. DAR members will assist the local Okoboji Queen Questers Chapter in presenting tables elegantly decorated with antique china and linen, followed by a program with a unique display of antiques. Tickets are \$125, e-mail dnddewall@gmail.com.

June 24-27 - Ruth Ann Van Donslear, Milford; Carol McDowell, Sheldon; Marge Cleveringa, Iowa Falls, and Mrs. Lemkuil will attend the convention of the National Society of the American Revolution (NSDAR) one of the largest women's organizations in existence with chapters both in North America and abroad. Regent Lemkuil will hand deliver applications for local membership.

June 30, 7:00pm - Landings Club House, 15536 Landings Ave. off Highway 86, West Okoboji. Members, new and potential members and guests are invited to play DARopoly, a fun game providing a great orientation to DAR. NSDAR is 125 years old this year and is one of the largest women's groups in existence, with chapters both in North America and abroad. The game is one of its Anniversary Celebration offerings. Enjoy pizza and popcorn too.

July 1, 1:30pm - June Parker Goldman, a longtime member well known in the area, will be honored with a Marker Ceremony. Metal DAR markers are placed in local cemeteries. Mrs. Goldman's family and friends are invited to join DAR members in the Keelson Harbor dining room, 2810 Aurora Ave., near Spirit Lake, off Highway 71 by Goodies Candy Store. For reservations, contact Mrs. Lemkuil.

July 14, 11:00am - Annual potluck picnic, The Landings, 15535 Landings Ave., West Okoboji Lake. Charlene Thomsen, Arnolds Park, will give a presentation on "Patriotism" and Margo Sievers in costume will entertain as an historical figure.

August 1 - DAR members plan to march in the Lake Park Parade. For information on the events noted above, contact Colleen Lemkuil, 515 229-4619, stancolleen37@gmail.com or any DAR member listed.

Iowa Lakes Nurses and RSVP Volunteers Collaborate

Problem-based, standardized patient scenarios are critically important, but they can be difficult to teach. At Iowa Lakes Community College, first semester Associate Degree Nursing (ADN) students learn with the help of RSVP volunteers.

Patient scenarios give students the opportunity to practice communication and a symptoms analysis while implementing a head-to-toe assessment.

In a recent Gallop poll asking which professions the public views as most trustworthy, nurses topped the poll. According to Nurse.com, "more than 80 percent of Americans have rated nurses as having 'high' or 'very high' honesty and ethical standards."

Participants from RSVP worked with them as students developed the skills needed to build that trust.

"Nurses hold great power both inside and outside of clinical settings. Patients and communities rely on nurses for information, care, and strategic leadership. As such, nurse educators must equip their students with the knowledge, skills and attitudes necessary for successful interactions with local and global communities," said Nursing Instructor, Jessica Koppen.

She added, "Since bridging the gap between academia and authentic experience can be difficult to accomplish inside the classroom, many universities have incorporated service learning into their curriculum."

Kendra Lindloff, Director of Nursing Education commented, "The RSVP volunteers were wonderful! I heard one of the volunteers pretending to be a man, talking to one of our male students - 'Does your wife nag as much as mine?' It was just the way patients and nurses build relationships and get comfortable. We're so lucky to have them!"

This spring the RSVP volunteers for the collaboration included Arlene Aldrich, Audrey Baatz, Jacqueline Ellingrod, Marylou Morrison, and Barb Schleisman.

For more information about the nursing-RSVP collaboration, contact Kendra Lindloff, Iowa Lakes Director of Nursing Education, at 712-852-5293.

THANK YOU

At the passing of Rick Van Goetsch
The family would like to thank everyone who lifted us up with support, kindness and encouraging words during a very difficult time of Rick's illness and in his passing. Our heartfelt gratitude and appreciation is extended to all of you. We would also like to thank the Spirit Lake Hospice Program, Missy Hilgendorf, Connie Gossman and all the nurses at LRH for their excellent care they gave Rick and our family. To Greg Jenness and his staff and Rev. Michael Gewecke in helping us to create a celebration of Rick's life. It will be the little things that we will remember; the quiet moments, the smiles, the laughter and although it is hard right now, these memories will help us to hold on tight and continue to get through.
There is another Angel around the Throne tonight!
Wayne Goetsch and Debra (Goetsch) Letscher and family

Thank you so much for remembering me on my 85th Birthday. Your thoughtfulness will always be remembered.
Thank you, Betty Goodell

Spirit Lake Recognized by Governor Branstad

Blue Zones Project® demonstration communities attend first Blue Zones Project Summit

Spirit Lake was one of more than 20 Blue Zones Project® demonstration communities from across the country that attended the first-ever Blue Zones Project Summit in Des Moines on May 5 - 6. The event brought together leaders and influencers who are passionate about the health and well-being of their communities. Attendees heard from nationally known speakers, networked and shared their successes with others. Blue Zones Project is a community well-being improvement initiative developed by Healthways, Inc. (NASDAQ: HWAY) and Blue Zones founder Dan Buettner to make healthy choices easier through permanent changes to environment, policy, and social networks.

Lt. Governor Kim Reynolds, a strong supporter of Blue Zones Project in Iowa, welcomed attendees. In her opening remarks, she thanked attendees for being willing to lead and innovate and to change the trajectory of health and disease in this country.

Governor Terry Branstad kicked off the afternoon session by complimenting the work that Iowa communities have accomplished toward the goal of becoming the healthiest state in the nation. He also recognized Spirit Lake for becoming a certified Blue Zones Community®. A few of Spirit Lake's achievements include:

- 11 dedicated employers became official Blue Zones Worksites®.
 - New city policies pave the way for healthy eating via farmers' markets and community gardens.
 - The K-8 healthy snack cart program encourages smart snack choices.
- "We are proud to see the transformations that have taken place over the past three years in the 15 Blue Zones Project demonstration communities in Iowa," said Laura Jackson, Wellmark executive vice president. "From creating policies that improve community well-being to engaging grocery stores, restaurants, schools and individuals, these communities are producing results that help the entire state experience improved health."

Attendees also heard from Blue Zones® founder Dan Buettner, behavioral economist and author Brian Wansink, REAL School Garden Regional Director Scott Feille, Congress for the New Urbanism President and CEO Lynn Richards, and community engagement expert and President of Community Arts Resources Aaron Paley.

"This event is a great way to bring communities together and learn how we can further make an impact on longer, healthier and happier lives in our communities," said Norman Johnson, CEO of the YMCA. "We are really excited that we are able to continue this journey and build upon what we've learned the last three years."

"The Blue Zones Project Summit brought together a powerful combination of local leaders who are on the front lines of community transformation, partnering with national experts to adopt best practices and generate new ideas," said Ben R. Leadle, Jr., president and chief executive officer of Healthways. "This week's summit underscored the importance of a strategic approach to well-being improvement and served as a catalyst for continued innovation at the community level."

Children's Summer Reading Program
The theme for the 2015 Children's Summer Reading Program is "Every Hero Has a Story." Starting Tuesday, June 9, at 10:00am, we will have Lisa Laird from Pockets Full of Fun with "You Might Be a Hero!!!" Join us every Tuesday and Friday at 10:00am through July 7 for stories, crafts, drama, and more! Local superheroes and two well known presenters will provide educational entertainment.

Young people of all abilities from preschool to 4th grade are invited to participate free of charge. Incentives and prizes add to the excitement and challenge the children to keep reading, encourage them to continue using the library and maintain their reading skills during the summer vacation. This programming is made possible because of the generous donations of many businesses in our community who provide funds for presenters, supplies, prizes, and incentives. If you would be willing to make a donation, contact Betty Naab, children's librarian, at 712-338-4643 or e-mail her at betty@milfordlibrary.net.
