“Cardiac rehab changed my life, and still does.”

— Rev. Carl Burger, Danville pastor

Keep Your Heart Close

After a successful surgery to repair four blockages in his heart, Carl Burger began cardiac rehabilitation at Danville Regional Medical Center, a Duke heart affiliate. The expert, compassionate care helped him get back to what was really important – helping others as a pastor in our community. Danville Regional’s cardiac rehab program ignited such a difference in Carl that he still attends sessions regularly, seven years later.

At Danville Regional, your heart is our priority. When the highest quality heart care is this close to home, the choice is easy.

You can keep your heart close. Just like Carl.

Holmes & Watson

Sherlock Holmes and Doctor Watson are hiking. They hiked all day long and then, having gotten tired, went to sleep in their tent.

Holmes wakes up deep at night, wakes Watson and says, "Watson, do you see the bright stars and do you notice how clear the sky is? What can you deduce from it?"

"Well, this clearly tells us the weather tomorrow is going to be dry and sunny."

"No Watson, it's simpler than that. It just means that somebody has stolen our tent."

Celebrate All Military This May

Memorial Day is celebrated each May to commemorate the people who died in service of the United States of America.

Even though barbecues and visions of the upcoming summer weather may command much of the attention come Memorial Day weekend, the holiday really serves as a remembrance for those military members who paid the ultimate sacrifice for their country, as well as the personnel who continue to protect and serve today.

Memorial Day origins
Memorial Day was first known as Decoration Day and was borne out of the Civil War. on May 30, 1868, General John Logan, a national commander of the Grand Army of the Republic, decreed General Order No. 11, which designated the day for the "purpose of strewing with flowers, or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village and hamlet churchyard in the land." May 30th was chosen because it wasn't the anniversary of any particular battle.

It took several years for the first state to recognize the holiday, which New York adopted in 1873. By 1890, all northern states recognized Decoration Day. When the holiday changed from commemorating those who died fighting the Civil War to honoring Americans who died fighting in any war after World War I, the South began to recognize it as well.

Honoring the military
Although Memorial Day pays homage to the brave people who perished fighting for their country, it also is an opportunity to recognize the military men and women and their families who continue to work to ensure the freedom of Americans.

The United States Armed Forces is renowned for its size and strength. Various sources suggest the size of the United States military is somewhere between 1.4 and 1.6 million active service people. The military is comprised of the Army, Army National Guard, Navy, Air Force, Marine Corps, and Coast Guard. Each of these military branches also has its own reserves.

There are many ways to honor active, reserve and former veterans, as well as those who died in service of their country.

- Help Veterans of Foreign Wars distribute red poppies as a visual reminder of the military's efforts.
- Volunteer at a veterans' hospital or visit a wounded veteran at home.
- Offer financial, legal or career expertise through the Corporation for National & Community Service (serve.gov).
- Help to maintain the veteran area of a nearby cemetery. Place flags on all of the graves.
- Befriend military families who frequently relocate, making a concerted effort to welcome them into your community.
- Educate children about past wars and the services the military provides.
- Visit a military museum or historic site.
- Observe the National Moment of Remembrance at 3 pm local time for one minute.
- Post a message to the troops at the USO website (uso.org).

Salome's Stars

ARIES (March 21 to April 19) You might have to turn your Arian charm up a few degrees if you hope to persuade that persistent pessimist to see the possibilities in your project. Whatever you do, don't give up.

TAURUS (April 20 to May 20) A "tip" about a co-worker's "betrayal" might well raise the Bovine's rage levels. But before charging into a confrontation, let an unbiased colleague do some fact checking.

GEMINI (May 21 to June 20) Although a relationship still seems to be moving too slowly to suit your expectations, it's best not to push it. Let it develop at its own pace. You'll soon get news about a workplace change.

CANCER (June 21 to July 22) A continually changing personal situation makes you feel as if you're riding an emotional roller coaster. But hold on tight; stability starts to set in early next week.

LEO (July 23 to August 22) Believe it or not, someone might dare to say "No!" to the Regal One's suggestion. But instead of being miffed, use this rebuff to recheck the proposition and, perhaps, make some changes.

VIRGO (August 23 to September 22) You might find it difficult to make a decision about a family matter. But delay can only lead to more problems. Seek out trusted counsel and then make that important decision.

LIBRA (September 23 to October 22) Concentrate your focus on what needs to be done, and avoid frittering away your energies on less-important pursuits. There'll be time later for fun and games.

SCORPIO (October 23 to November 21) Although the conflicts seem to be letting up, you still need to be wary of being drawn into workplace intrigues. Plan a special weekend event for family and/or friends.

SAGITTARIUS (November 22 to December 21) Your quick wit helps you work through an already difficult situation without creating more problems. Creative aspects begin to dominate by the week's end.

CAPRICORN (December 22 to January 19) Be patient. You'll soon receive news about a project that means so much to you. Meanwhile, you might want to reconsider a suggestion you previously turned down.

AQUARIUS (January 20 to February 18) There are still some aspects about that new job offer you need to resolve. In the meantime, another possibility seems promising. Be sure to check that out as well.

PISCES (February 19 to March 20) Opening up your emotional floodgates could leave you vulnerable to being hurt later on. Watch what you say, in order to avoid having your words come back to haunt you.

BORN THIS WEEK: You're usually the life of the party, which gets you on everyone's invitation list. You also have a flair for politics.

Dr. William Edward Broach, III

It is with a deeply saddened heart to announce the passing of William Edward Broach III, MD, after a hard fought battle with cancer. Dr. Broach was surrounded by the love of family when his body finally found rest on Monday May 8, 2017. He was 71.

Dr. Broach was born on March 21, 1946 to William "Willie" and Mavis Broach of Waycross, Georgia. He and his family moved to Tampa, FL. Dr. Broach's love of rhythm earned him the drum major position in the Robinson High School Marching Band.

After graduating from the University of South Florida with a Bachelor of Arts in 1968, Dr. Broach began teaching High School Chemistry and Biology in Tampa, FL. Feeling unfulfilled, he decided his talents and caring personality would be better suited by helping others in a medical capacity. In 1975, he began his journey to become a physician in Guadalajara, Mexico by attending University bilingual medical school. His experience with a malnourished population leading to high-risk pregnancies enabled him to enhance his specialties. While attending the University of Alabama's School of Medicine, Dr. Broach chose to follow a path that would mold him into an instrument to help bring life into the world. After completing his residency at the West Virginia University Medical Center in Morgantown, WV in 1985, Dr. Broach started his professional medical career at OB-GYN Associates of Danville in Danville, VA. Since that time, Dr. Broach has touched the lives of countless patients, their family members, and fellow doctors and nurses alike. He humbly tasked himself with the privilege of delivering thousands of sons, daughters, nephews, nieces, cousins, grandchildren, and even great grandchildren.

Playing a major role in one of the most important moments in a person's life wasn't enough for Dr. Broach. Since 1988, when not in the office, on-call, or in the hospital, he spent his free time helping patients at The Free Clinic of Danville. He enjoyed this sense of giving back to the community so much so that he became the Board Chairman. After 31 years of dedication and service to his patients and to the Danville area, Dr. Broach formally retired from practicing medicine in February 2017.

Although Dr. Broach has parted ways with his earthly body, he is resting easy knowing that his memory will endure through the loved ones he cherished so very deeply. The emphasis he placed on the importance of family and the joy it brings will continue to live on through his children and grandchildren. He is survived by his son, William "Bill" Edward Broach, IV of Staunton, VA, his daughter

ter Nicole Luisa Broach Lynn and her husband Gene of Danville, VA, his son William "Tyler" Broach of Williamsburg, VA and his daughter Audra Leigh Broach of Marietta, OH. He also leaves his grandchildren Isabella Lynn, Owen Lynn, Rebekah Lynn, and Kasey Lynn, his sister Nancy Stewart of Blue Ridge Mountain, VA and brother Steven Broach of Danville, VA

To honor the life and memory of William Broach III, the family will be hosting a Celebration of Life event at the Danville Science Center on Thursday, May 11th, 2017 from 5-9pm. All those who have been touched by the love and kindness of Dr. Broach are welcome to join in the celebration, including children.

The family humbly asks that in lieu of flowers, please send any donations to The Free Clinic of Danville, Inc. at 133 South Ridge Street Danville, VA 24541.

Moments in time

THE HISTORY CHANNEL

* On May 31, 1859, the famous tower clock Big Ben rings out over London for the first time. Two months later the bell cracked. It was three years before the clock went into service again. The bell was rotated so that the hammer would strike another surface, but the crack was never repaired.

* On June 2, 1865, in an event marking the end of the Civil War, Confederate Gen. Edmund Kirby Smith, commander of Confederate forces west of the Mississippi, signs surrender terms offered by Union negotiators. With Smith's surrender, the last Confederate army ceased to exist.

* On June 4, 1896, in the shed behind his home in Detroit, Henry Ford unveils the Quadricycle, his first automobile. The Quadricycle was too wide to fit through the shed door, so Ford took an axe to the brick so the vehicle could be rolled out.

* On May 29, 1914, two boats collide in heavy fog on the St. Lawrence River in Canada, killing 1,073 people. The Empress of Ireland, following standard procedure, came to a complete stop in the fog. The Norwegian coal freighter Storstad not only failed to stop, but didn't reverse engines, flipping the Empress on her side.

* On May 30, 1922, William Howard Taft, chief justice of the Supreme Court, dedicates the Lincoln Memorial on the Washington Mall. Taft is the only former U.S. president ever to hold a seat on the Supreme Court.

* On June 3, 1965, astronaut Major Edward H. White II opens the hatch of the Gemini 4 and steps out of the orbiting capsule, becoming the first American to walk in space.

* On June 1, 1980, CNN, the world's first 24-hour television news network, makes its debut in Atlanta. Initially available in less than 2 million U.S. homes, today CNN can be seen in almost 100 million households.

Since 1991, the Allen Family has traveled internationally. The group was launched onto the Gospel music scene with a first place finish in the 2000 National Quartet Convention Talent Search. Since then, the group has two nominations for Singing News New Mixed Group Of The Year and multiple appearances on the Southern Gospel Top 80 radio charts. Todd, Michelle, Caleb, Gabrielle, Joshua, Jared, Danielle, Abigail, Zachariah, and Christian live in their bus 365 days a year and fill over 275 engagements each year. In October of 2014, their original television pilot, Home Sweet Bus, premiered on TLC. The show is based on their unique lifestyle and follows their travels as they share the Gospel in song. There is no charge but a love offering will be taken.

FLASH RACK

POP, ROCK & SOUL TRIVIA

BY MICK HARPER

1. Who was Elmo Glick?
2. Name the group that released “Disco Inferno.”
3. They called themselves The Moments ... until they changed their name. What was the new name?
4. Which band had a hit with “Listen to the Music,” and when?
5. Name the song that contains this lyric: “A tropical heaven out in the ocean covered with trees and girls. If I have to swim I’d do it forever till I’m gazin’ on those island pearls.”

Answers

1. That was the pseudonym for Jerry Lieber and Mike Stoller, composers and producers of scores of hits, including “Hound Dog,” “Kansas City,” “Ruby Baby” and “Yakety Yak.”
2. The Trammps, in 1976. The song didn’t catch fire until 1978, after it was included in the soundtrack for “Saturday Night Fever.”
3. Ray, Goodman & Brown. The Moments released “Love on a Two-Way Street” in 1970 and “Special Lady” as RG&B in 1979.
4. The Doobie Brothers, in 1972.
5. “26 Miles (Santa Catalina),” by the Four Preps in 1958. Santa Catalina Island is 26 miles out in the Pacific southwest of Los Angeles, a magnet for 1 million tourists per year. The main focus (of the song AND the island) is romance.

Strange BUT TRUE

By Samantha Weaver

* It was Douglas Hofstadter, American professor of cognitive science and Pulitzer-winning author, who made the following sage observation, known as Hofstadter's Law: "It always takes longer than you expect, even when you take into account Hofstadter's Law."

* According to Reed Hastings, the CEO of Netflix, the biggest competition faced by the online streaming service isn't HBO, Hulu or Amazon -- it's sleep. He recently told stockholders that when viewers are deciding whether or not to watch Netflix, the alternative they're usually considering is going to bed, not watching another service.

* You might be surprised to learn that in the United States, there are more people employed in the solar-energy industry than there are employees in the coal, oil and gas industries combined.

* Economists aren't known for their optimism, but in the summer of 1930, one of the 20th century's most influential economists made a bold prediction. Even as the Great Depression was gaining momentum, John Maynard Keynes declared that by the year 2030, the typical workweek in developed nations would be just 15 hours long. It's not looking good so far, but we do have 17 years to go.

* Those who study such things say that a monarch butterfly can fly a whopping 620 miles without stopping for food.

* You may have never heard the term "reduplicative rhymes," but you're certainly familiar with them. "Razzle-dazzle" is one. Also, "hocus pocus," "fuddy-duddy," "roly-poly," "dillydally," "higgledy-piggledy" and "chick flick." Interestingly, Chick Flick also was the name of a baseball manager -- he managed Rustic Tavern, a semi-professional team in the 1940s and '50s.

Thought for the Day: "Words are like leaves; and where they most abound / Much fruit of sense beneath is rarely found." -- Alexander Pope

SRIRACHA MAYO SAUCE

- 1 1/2 tablespoons Sriracha
- 1 teaspoon honey or agave syrup
- 1 teaspoon lemon juice
- 1 teaspoon salt
- 1/2 teaspoon pepper

- Gently combine beef, 2 teaspoons Worcestershire sauce, steak sauce, garlic powder, and salt and pepper in a bowl. Set aside.
- Heat oil and butter in a small skillet over medium-high heat. Add onion and remaining teaspoon of Worcestershire sauce and cook, stirring occasionally, until translucent, about 2 minutes. Remove from heat and let cool completely.
- Make Sriracha mayo sauce: In a small bowl, combine mayonnaise, sour cream or Greek yogurt, Sriracha, honey or agave, lemon juice, salt and pepper until well-combined. Set aside.
- Heat grill to medium-high. Gently form meat mixture into 8 one-inch-thick patties. Grill 4 to 5 minutes per side for medium-rare. Top with a square of cheese after flipping burger. Close grill for 30 to 60 seconds to melt cheese. Toast buns on the grill, about 30 seconds.
- Place hamburger patty on a bun, top with reserved onions, tomato slice, lettuce, Sriracha mayo sauce and remaining bun.

* Don't let your keys sink in the pool, lake or ocean this summer. If you're taking them with you, make sure you add a flotation device. They sell keychains just for this purpose.

* "The dollar store is the best place for pool toys -- they stock foam balls and all kinds of diving sticks and blow-up beach balls. I bring out lots when we go to the pool, and whatever kids are there can play with them. When we are ready to pack up, we'll leave some behind if kids still are playing with them." -- C.A. in Arkansas

* Many shells have holes in them, and kids are natural collectors. If you want a fun car-ride-home project after a day at the beach, bring a craft needle (blunt) and some yarn or embroidery floss for each child. Have them thread shells onto the yarn. When flipped upside down, a Frisbee holds a selection of shells securely on little laps while they search for the perfect one! -- JoAnn

* Do yourself a favor and invest in a net bag to take to the beach. Anything that's sandy can be placed in the bag, then you just shake it off. Get one for dry items and another for sand toys -- just dunk that one in the ocean for a rinse before you go!

* "There are a lot of ways to get your stuff out to the perfect sunning spot on the beach. My way is to dump all my stuff in a big laundry basket, which we pull with a rope. The flat bottom slides over the sand." -- R.D. in Florida

* "One thing you might not think to bring to the beach is bug spray. Sometimes there are sand fleas, and a little bug spray really helps." -- L.I. in Virginia

How To Show Support For Local police

Police officers put their lives on the line every day they show up for work. But in spite of the sacrifices officers routinely make, their contributions often go unnoticed. Police officers' jobs might be thankless, but that does not mean people cannot express their gratitude to the men and women in blue who keep their communities safe. The following are a handful of ways to show support for the police officers who work hard to protect and serve your community.

- Pick up a police officer's tab. Police officers work in your community and, therefore, they likely break bread in your community as well. When you see police officers ordering meals at a local restaurant or sitting down to lunch at a neighborhood diner, offer to pay for their meals or arrange payment with their waiter or waitress without letting the police officers know. Picking up police officers' tabs is a simple gesture, but it's one they will appreciate and it will let them know they're supported in the community they're working hard to protect.

- Support police fundraisers. Police departments fundraisers support various causes. Some might aim to raise funds for sports programs designed to help local youth, while others might hope to raise money for the families of fallen officers. Whatever the motivation for the fundraiser, by supporting the event you are donating to a good cause and showing the police they and their efforts are being supported.
- Teach kids to respect police officers. Police officers have come under considerable scrutiny in recent years, and youngsters may not know how to respond to news stories that do not paint police officers in a positive light. Parents can show their support for police officers by teaching their kids to respect police at all times. Encourage children to come to you if they read or hear stories that depict police officers negatively so you can help them process the story and encourage them to maintain the respect they have for police officers.
- Thank a police officer when given the opportunity. Though it seems simple, saying "Thank you" to police officers can reassure them that the communities they work so hard to protect support and appreciate their efforts. Thanking police officers may only take a few seconds, but such a gesture can help police officers better cope with the stress of their jobs. Police officers have difficult jobs that require them to make considerable sacrifices to protect the communities where they work. But it doesn't take much to show your support for local police officers and express your gratitude for the sacrifices they make every day.

VETERANS
POST

Health Care as Close as the Drugstore

If you're a veteran in Arizona and you need medical care, why not just head on down to the drugstore? You soon may be able to do just that. The Department of Veterans Affairs has partnered with CVS to give veterans another place to go for care. The pilot program will give approximately 120,000 veterans in the Veterans Choice Program access to care at the 24 CVS Minute-Clinic locations in the Phoenix area.

You won't be able just to stroll in, however. First you'll need a referral from a nurse at the Phoenix VA. Which means you'll need to get someone at the VA on the phone and then get permission.

What care will you get at a MinuteClinic? You'll get treatment by family nurse practitioners or physicians assistants for a number of minor illnesses and injuries. You can get flu shots and birth control, treatment for sprains and poison ivy, sports physicals, and diabetes and high blood-pressure tests. If you have allergies, nausea or a bladder infection, they can help.

Not all conditions will be covered, however. If, for example, you have a temperature of 103 F and higher, you don't qualify for care there. If you have chest pain or think you've been poisoned, don't go there. If you need a prescription for a controlled substance, they can't help you. If you need an X-ray for a broken bone or injuries from a car wreck, they will send you elsewhere. If you're in Texas and need a referral, call the Phoenix VA Health Care System Help Line at 602-222-6550 or 800-574-7174. Meanwhile, take a look at the Minute-Clinic website to see what it will cover, so you'll know whether to head there first. After each visit, your medical information will be forwarded electronically to the VA.
