Instead of the so called Christian church doctrines being known as the changed times and laws of the beast (Dan 7:25), it is taught as a lawless covenant by Jesus Christ, so they are not under the law of Moses; brainwashing children with gifts and candy to keep traditions brought forth from pagan emperors. Unchangeable history reveals this man made doctrine (Mt 15:9) was forced upon the people, even death to millions who spoke against it (325-1826). The Holy Bible is the only "Legal" guidance for righteousness, not from a man (2Cor 11:13-15) who charms many into denying what The Holy Bible gives, then promises life to the sinner (Gen 3:4, Ezek 13:22). So Be It!

Giving severely depressed patients the arthritis drug celecoxib (Celebrex) dramatically boosted the effectiveness of their antidepressant medication, a new study presented during the International Congress on Psychiatry and the Neurosciences has found. Celecoxib is used to treat pain, redness, swelling and inflammation from arthritis. It also can manage acute pain and menstrual cramps. By itself, it does not treat depression.

The U.S. Food and Drug Administration approved Intrarosa (prasterone) to treat women experiencing moderate to severe pain during sexual intercourse (dyspareunia), a symptom of vulvar and vaginal atrophy (VVA), due to menopause. Intrarosa is the first FDA approved product containing the active ingredient prasterone, which is also known as dehydroepiandrosterone (DHEA). During menopause, levels of estrogen decline in vaginal tissues, which may cause a condition known as VVA, leading to symptoms such as pain during sexual intercourse.

Women who undergo hormone therapy for menopausal symptoms such as hot flashes can not only increase bone mass, but also can improve bone structure, according to a new study published in the Endocrine Society's Journal of Clinical Endocrinology & Metabolism. Osteoporosis is a progressive condition in which bones become structurally weak and are more likely to fracture or break. Menopause, which usually occurs when a woman is in her 40s or 50s, significantly speeds bone loss. Over time, the human body is constantly breaking down and building new bone tissue. The imbalance between bone breakdown and formation causes bone mass to decrease, so osteoporosis can develop and fractures can occur more easily.

504R Signature Baler

The Signature name says it all. The 504R Signature baler advances the Vermeer legacy by giving the working man a baler for any operation. Built upon the three signature pillars of Vermeer balers — convenience, ease of use and durability. Combine that with a camless wide pickup, rotor and durable steel windguard roller for quiet and smooth operation — all while making bales at a quicker pace. Backed by a 3-year pickup warranty*, it's clear the 504R Signature baler is truly one of a kind.

Jason Wayne Speakman
April 9, 1980 ~ May 23, 1999

I wonder what you think of us as you check in from time to time. I wonder if you laugh at the memories I see as I write this meaningful rhyme.
I wonder how different life would be if I had remained a little brother. I wonder if we would've ever realized the precious gift we had in each other. I may not be able to see you, but I know when you are there. Like when a someone randomly calls me Jason out of nowhere. You left us 18 years ago remembering each detail feels like an illusion, When life changed that 23rd day of May in that crippling confusion. Playing as kids seems so very long ago its almost just like a dream. When we'd play G.I. Joe all day or catch crawfish in the stream. Every time we were partners in crime you were so quick to confess and cry, I learned how priceless all those moments were the day you learned to fly. Never doubt you will live on strong as ever in our thoughts, stories, and daily prayer, And one day we will all rejoice reunited in the place where we'll have no care.
