## Thank you ... again ...

To my husband, family and friends for the cards, gifts of money and phone calls since my return home from Strong Memorial Hospital.

A special "thank you" to my daughter Sara Yencer and her husband, Rob, for all you do. Taking me to Dr. appointments, getting my meds, taking care of personal business, getting groceries, making meals so your father wouldn't starve! To my granddaughter, Nicki Rae Baker, "my little nurse", for helping me with my personal needs, making sure I took my meds, getting groceries making meals, cleaning, doing laundry, etc.

A big, thank you to my three sisters: Linda Ridall, Leota Cudney and Wendy Moran, for being by my side, taking me to and from my dialysis appointments. I don't know what I would do without you three!

To my niece Kimmie VanValkenburg-Wolcott for all she does for me. The meals, soups and everything!

Love all of you!  
Lyla Slocum

P.S. Thank you to my two boys and their better-halves: Brian Blackmore (Julie) and Steve Slocum (Trista), my daughter, Sara and Rob Yencer for their delicious roasted chicken dinner they made for Mother's Day.

Love you! Mom

## I FOUND A BAT IN MY HOUSE!

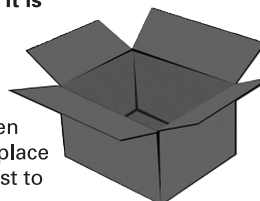

You could be subject to getting rabies vaccinations if the bat is not tested.

Bats are important in the environment but can cause a serious health risk in the home. Based on NYS Department of Health guidelines, if you encounter a bat while sleeping you may need to undergo rabies treatment. Bites can be very small and unknown. **Once rabies is contracted it is nearly always fatal.**

### If you find a bat in your home:

1. Keep it isolated to one room if possible.
2. Capture the bat if you are comfortable doing so. Wait until it lands and then place a can, plastic container or box over it. Slide a paper under it and then place a cover on top to contain it. You may also contact a wildlife removal specialist to capture it.
3. If the bat is killed, the head must not be crushed or destroyed to allow testing.
4. Call the Livingston County Department of Health, Center for Environmental Health, at (585) 243-7280 \ (585) 335-1717. For after hours emergencies, call the Livingston County Sheriff's Office at (585) 243-7100.

**Remember: Capture that bat!**

## Wisdom Teeth

Wisdom teeth are always the last teeth to typically erupt in the mouth. Although your teen's mouth may seem big enough to accommodate them, most often it is not. As soon as it is clear that the wisdom teeth, technically known as third molars, will not grow in normally, they should be removed. Early removal of the wisdom teeth lessens the risk that your teen will experience impacted or partial eruption, and the complications that often result.
