4th of July Fireworks

One of the many special aspects of the Iowa Great Lakes Area is the abundance of traditions that are shared here. An annual favorite is the 4th of July fireworks show, a celebration cherished by friends and family from near and far. The beautiful display of fireworks by J&M Displays will light up the sky over West Lake Okoboji for all to enjoy on that Tuesday at 10:07pm.

Your help is needed to keep this tradition alive. Please visit www.okobojichamber.com to make an online contribution, or send checks to IGLCC Fireworks Fund, P.O. Box 9, Arnolds Park, Iowa 51331.

Your contribution is greatly appreciated by generations who continue to enjoy this Okoboji tradition. For more information, contact the IGL Chamber at 712-332-2107.

First Lutheran Walking Trail

First Lutheran Church of West Okoboji invites area residents who love nature and walking to use their "Mission Mini Mile" Walking Trail which is now open for the summer.

The trail is located just northeast of the church's education wing, at the intersection of Three Cross Road and Heritage Avenue. To walk the trail, begin at the sign shown in the picture, go north .3 mile to the property fence. Then turn left (west) following the sign .1 mile to the western edge of the property by the fire pit. Follow the sign and proceed south .3 mile. The trail runs in front of the outdoor worship stage and speaking area, hooking up with the blacktop road which runs back up the hill to the parking area by the trail sign.

The trail which is open to the public features a great view of prairie, with many colorful wildflowers and vegetation and pheasants, ducks, geese and several varieties of songbirds nearby. Trail users who wish to take a "break" from their exercise will find two new trail benches on which to relax. The benches are a memorial gift from the Harvey Larson Family in his memory. "God writes the gospel not in the Bible alone, but on trees and flowers, and the clouds and sky" (Martin Luther)

Rev. Callahan to Speak at UU Fellowship

On Sunday, June 11, Rev. Joe Callahan will return to the Iowa Lakes Unitarian Universalist Fellowship to speak on "Trinity Sunday at the UU Fellowship," the second talk in a series of six sermons. He will look at, among other things, the legacy from Augustine and others of the Patristic period, the Filioque controversy that split the Eastern and Western churches and still divides them, and the controversy between Grace and Merit, regarding salvation. The Iowa Lakes UU Fellowship meets at the Arrowwood Conference and Convention Center in Okoboji. Rev. Callahan was an ordained minister in the United Church of Christ. He is retired. The UU Fellowship begins with coffee at 10:30 and service begins at 11:00. An optional lunch (\$10) follows the program. For more information check the UU website uukoboji.com. Okoboji Foundation Awards Quarter-Million Dollars in Grants

On May 31st, representatives of the Okoboji Foundation Grant Committee and nonprofit recipients celebrated awards of \$250,000 to make a lasting positive impact in our Lakes Community. (Pictured: Mary Freiborg, Okoboji Foundation; Dan Carson, Okoboji Foundation Grant Committee; Bob Kirschbaum, Pearson Lakes Art Center; Andrew Fisher, Bedell Family YMCA; Kirk Huisenga, Spirit Lake Protective Association; Britleigh Ingwersen, Bedell Family YMCA; and Holly Skopec, Okoboji Foundation.)

Two of the four Leadership Grant Awards focus on Lake Quality & Environment.

Reed's Run Watershed by Spirit Lake Protective Association: "According to the Iowa Great Lakes Water Quality Management Plan, this zone is critical to the ecosystem, as the water from this area has almost instant access to the lakes in a storm and will have the least amount of time to filter out contaminants. This project will permanently remove harmful contaminants from water before it leaves the property. Okoboji Foundation's contribution as a significant early investor in the purchase of these 43 acres of prairie, wetland and wildlife habitat will inspire others to join us to prevent an estimated 647 pounds of phosphorus from reaching the Iowa Great Lakes each year by keeping this site natural rather than developed." – Joe Ulman, Vice-President of Spirit Lake Protective Association

Microscopes for Blue-Green Algae Testing by Iowa Lakeside Laboratory: "An emerging threat for the Iowa Great Lakes is the increased frequency and severity of noxious blue-green algae blooms. Building capacity for blue-green algae toxin monitoring at Lakeside Lab allows for a more rapid response to events, a greater synergy with existing water quality testing programs and better information regarding when and where blooms are occurring in the Iowa Great Lakes. I commend the 25 area high school students in Youth in Philanthropy for recognizing the value of this project and prioritizing a YIP Grant for water quality as a key component in the economic vitality of this region." – Dr. Mary Skopec, Director of Iowa Lakeside Laboratory

In 2017 the Okoboji Foundation received grant requests totaling \$720,000. Proceeds from Okoboji Foundation endowments provided \$220,000 for awards. The Youth in Philanthropy initiative raised an additional \$30,000 in annual funds for grants steered by student decision.

- Okoboji Foundation Leadership Grant Awards:
- \$100,000 to Spirit Lake Protective Association for Reeds Run Watershed & Wildlife Management Area
 - \$65,000 to Bedell Family YMCA Aquatic Center Renovation
 - \$45,000 to Pearson Lakes Art Center Outdoor Classroom and Mini Amphitheatre
 - \$10,000 to Iowa Lakeside Laboratory Microscopes for Blue Green Algae Testing
 - Youth in Philanthropy Grants steered by student decision:
 - \$20,000 to Iowa Lakeside Lab Microscopes for Blue-Green Algae Testing (with additional \$10,000 above)
 - \$9,410 to Dickinson County Expo Center for Refrigeration Unit and Water-Saving Plumbing
 - \$590 to Voluntary Action Center for Meals on Wheels Food Carriers

The Okoboji Foundation is the community foundation for the Iowa Great Lakes Region. Started in 1988, the Okoboji Foundation serves as the Center Point of Community Giving for Vital Capital Projects with approximately \$3.25 million in grants from our endowments.

Gifts of any size make the impact happen. Okoboji Foundation Board and Youth in Philanthropy thank all donors who join us to send their Ripple of Good throughout the Lakes Community. Our Grant Committee and Youth in Philanthropy's due diligence verifies that grant awards are reviewed and prioritized to make a vital difference. To assure awards are spent as designated, grants are paid after we receive receipts for approved projects.

In addition to our community grant program, the Okoboji Foundation Family of Funds is the local connection for other nonprofits, individuals, families and businesses to create their own charitable funds. As an affiliate of the Community Foundation of Greater Des Moines, the Okoboji Foundation is also able to offer the Endow Iowa Tax Credit. GiveOkoboji.com is a one-click site for secure giving to Youth in Philanthropy, Okoboji Foundation and several other local Nonprofit Partner Funds.

Sixth Street, Circus Day, Estherville, Iowa • Circa 1916

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji area and Iowa history – Milford, Iowa.

"With laughter, hugs and tears, and the requisite death-defying stunts - the Ringling Brothers and Barnum & Bailey Circus received its final standing ovation Sunday night as it performed its last show at the Nassau County Coliseum in Uniondale, New York, after performing for 146 years.

The parade included brightly colored wagons that hauled wild animals, girls in tights that rode on elephants, and clowns and a calliope brought up the rear. Almost as exciting as what went on under the big tent was the loading and unloading operation at the Rock Island Railroad Yard, where three special trains were used for carrying the animals, tents, and circus people to the next show town."

Barnum & Bailey, Ringling, Barnes, Sells Floto were well known circuses. Weeks before a circus, posters with photos and stories were plastered all around the town and surrounding towns. Who could resist buying a ticket after viewing the posters?

The Clark Museum, located one mile west and a half mile north of the Milford Catholic church, is educational, historical and entertaining. For more information, call 712-338-2147 or email ijclark1@msn.com. *The Clark Museum is a 501 (c)3 Non-Profit.*

The First-Time Home Buyers Savings Program was Signed

REALTORS® know that homeownership is the American dream. With the First-Time Home Buyer Savings Program, Iowans will now be able to start saving and move into a home of their own more quickly than in recent years.

2017 marks the fourth year that the Iowa Association of REALTORS® has worked to get the First-Time Home Buyer Saving Program legislation passed. Through a grant from the National Association of REALTORS®, Iowa REALTORS and consumers rallied to contact legislators about the benefits of home ownership and the importance of the program. The First-Time Home Buyer Savings Program, Senate file 505, passed in the Senate with a vote of 49-11 and passed the House with a vote of 87-11. Governor Branstad signed the bill Tuesday, May 9, 2017. It will go into effect January 1, 2018.

The Iowa Association of REALTORS® will be working with the Department of Revenue to implement the new program.

Key features of the program:

- This bill allows individuals to open an interest-bearing savings account and designate the account as a first-time home buyer savings account
- The funds must be used to buy a property in Iowa
- A first-time home buyer is identified as an Iowa resident who has not owned a single-family residence for at least 3 years prior to the home purchase for which the account's funds are applied
- An individual may establish more than one account so long as each account has a different beneficiary
- Parents and grandparents can start an account for a child or grandchild
- There is no limit as to how much can be retained in each account
- An account holder is allowed to deduct from the individual income tax the amount of contributions made during the year by the account holder to account holder's accounts, not to exceed \$2,000 per year or \$4,000 per year for married tax payers with a joint account
- The interest on the account is not taxable
- The yearly tax deduction can be taken up to 10 times (a max of 10 years)
- This is a state tax deduction NOT a tax credit
- It cannot be deducted on federal taxes
- If the money is not used to buy an Iowa property, it may be subject to penalty

The Iowa Association of REALTORS® is the state's largest real estate professional organization representing almost 7,000 members and affiliates. For more information, visit www.IowaRealtors.com.

Chef Training 101

Kid's love to be in the kitchen learning new things, so what better way for them to expand their knowledge in the kitchen, than with the Chef Training 101 class being offered through Iowa Lakes Community College!

This class isn't the typical kiddie cooking class where pizza and ice cream sundaes are made. In Chef Training 101, kids will learn techniques for everything from making buttermilk from scratch, baking soft pretzels and cheese dip, to whipping up a tiramisu with chocolate curls.

Bring the kiddos over to the Spencer high school from Monday, June 26, through Friday, June 30, from 9:00am to 12:30pm, and allow them to become a chef in training! Aprons will be provided for each student, and the best part of all – the students will eat their own projects for lunch!

The cost of this class is \$135 for all 5 days. To register a future chef, please do so by visiting www.iowalakes.edu/ce. For more information, contact the Continuing Education office at 800-252-5664, or contact Teresa Ball, Career Pathway Navigator, at 712-580-8617.

Farmers Market News

Located at Dickinson Co. Fairgrounds
15th Street & Peoria Avenue, Spirit Lake, IA 51360

The first day of the Farmers Market opened with a lovely warm day and a nice sized crowd of people. While produce was a bit scarce, more will be arriving each week. Two occasional vendors from last year will now be present all summer. Sojo Coffee will again have coffee beans and Shady Lane Farm has a variety of farm raised chicken and pork products. There are also two new vendors. Mary Winter returns after a long absence with baked items and locally grown grains. Jean Weems will have a selection of handmade jewelry. Most of the other vendors from last year have returned and you will be able to read vendor profiles throughout the summer in this column. In the meantime these vendors will continue to bring locally grown and handmade items for you to enjoy. Watch for the Cookie Bake-off which will be held in late June. You'll get to taste vendor's cookies and vote for your favorite. We hope to see you there.

To the Editor:

On behalf of Hope Haven, Inc. and clients that benefit from the generous contribution of the Good Neighbor Fund, I would like to thank you and others involved in determining the benefactors of the funds. Echo Plus was acquired by Hope Haven, Inc. in December of 2014 and operates as Hope Haven Inc. dba Echo Plus. Donations such as yours are used for the needs of Echo Plus as it has been known here in Dickinson County for years. Our mission statement reads: "As followers of Christ, we unleash potential in people through work and life skills so that they may enjoy a productive life in their community". It is through donations such as yours that we can continue to do this. One of our greatest needs is replacing vans that have been deemed unsafe to drive. Our vans are used daily transporting clients living in a waiver home or their own apartment to and from appointments, work, church and to various jobs and activities in the community. Dickinson County Museum Open for the Season

The Dickinson County Museum, located one block north of the Fareway on Highway 9 in Spirit Lake, is open for the season and excited about their new look. The original Milwaukee Railroad Depots were grey thus the new siding which will be treated later. There is also a new flat screen T.V. to show videos of older residents sharing memories of the history of our area. Put this on your "must do list". The memories of old hotels, restaurants and resorts will come flooding back to you as you walk through the museum.

The museum admission is free and hours are Tuesday - Saturday, 12:00 - 4:00pm. The museum is also open for tours to schools, clubs, reunions and more. Call Cindy at 712-336-5928 or Teresa at 712-336-2040 to arrange a time and to find out more about their contest for a chance to win a Jimmy John Sandwich.

Cinema at the Lakes Film Series at PLAC

Cinema at the Lakes will bring first-run independent films, documentaries, and world cinema to the PLAC on the first Thursday of every month in 2017, with tickets available through the www.lakesart.org box office. Films will begin at 6:30pm.

How did this come about and what is Cinema at the Lakes?
Over the past few years, a group of film lovers from the Okoboji area traveled to Sioux Falls to attend "specialty cinema" movie events presented by Cinema Falls. The desires of these film fans converged with the vision of the already enthusiastic arts leaders and board members at the PLAC, and together they invited the Cinema Falls founder to create Cinema at the Lakes in order to bring current specialty or "art house" films to the Lauridsen Performing Arts Theatre.

Who is the founder of Cinema at the Lakes?
Cinema Falls and Cinema at the Lakes are operated by Julie Anderson Friesen, who has been a summer renter in the area since 2014. She was first introduced to the PLAC by longtime arts supporters in the community. This marks her fourth summer traveling regularly to the area to boat, dine, shop and enjoy the Iowa Great Lakes.

How do movie patrons find a schedule, film information and what is the first film?
All upcoming film selections and more can be found at www.lakesart.org and on these Facebook pages: <http://www.facebook.com/pearsonlakesart> or <http://www.facebook.com/cinemalakes>.

The next film will be Thursday, July 6. Tickets can be purchased at the box office or online for \$10, with the theatre doors opening at 6:00pm for the 6:30pm film. For additional information, contact the Pearson Lakes Art Center's Executive Director Bob Kirschbaum, or Amanda Schindler at 712-332-7013. For Cinema at the Lakes - contact Director@CinemaLakes.com.

Carstens Financial Group Announces Third-Annual Charity Golf Tournament

Local financial firm two-day charity golf tournament to benefit the Wounded Warrior Project

As an extension to his commitment to service and placing the needs, goals and desires of others first, Carstens Financial Group is proud to announce the return of the third-annual Carstens Financial Group Charity Pro-Am.

This year's Pro-Am, benefiting the Wounded Warrior Project (WWP), will be held August 7 and 8, 2017, at Emerald Hills Golf Club in Arnolds Park. The Pro-Am will feature professional golfers from The Dakota Tour, a 19-event professional golf tour played in the Midwest states of Minnesota, Iowa, Nebraska, Wyoming and North and South Dakota. Players will be paired with up to 80 amateurs during the Pro-Am.

"Carstens Financial Group is committed to helping our clients, as well as residents in our surrounding communities, through any circumstances that come their way, both financially and personally," said Kirt Carstens, president of Carstens Financial Group. "The Carstens Financial Group Charity Pro-Am is our chance to give back to veterans and active duty service members who do so much for us. Many of the soldiers' circumstances have changed, and we owe them our help and gratitude."

The benefactor of this year's golf tournament, the WWP, was formed in 2003 to raise awareness and enlist the public's aid for the needs of injured service members. The non-profit aims to foster the most successful, well-adjusted generation of wounded service members in our nation's history by raising awareness and aid for the needs of injured service members. Last year's tournament raised more than \$17,500 for the WWP.

This year's Pro-Am will include an auction as well as the involvement of local veterans and service members. In order for this event to be a success, Carstens Financial Group is reaching out to individuals and businesses in the Iowa Great Lakes area for their support.

"At Carstens Financial Group, we believe it's important to provide support to local organizations that improve the lives of Iowa Great Lakes' citizens, and the Wounded Warrior Project does just that," said Carstens. "We're excited to involve local veterans in the event and hope to have strong community involvement. You don't have to play golf to be part of this great event. Any amount of support—including financial or participating in any of the various events—makes a difference in helping aid these brave individuals."

There are varying sponsorship levels for the Carstens Financial Group Charity Pro-Am. If you are interested in sponsoring, donating or playing in the tournament, please contact Carstens Financial Group at 712-332-5960 or Randy Rohlfen at Emerald Hills Golf Club at 712-332-7100.

Emerald Hills Fundraiser Raised \$3,002 For LRH Cancer Program

Lakes Regional Healthcare Foundation recently received a gift of \$3,002 for Lakes Regional Healthcare's cancer program. The gift was provided by Emerald Hills Golf Club as a result of their Golf for a Cure tournament that was held on May 5.

The annual golf tournament is coordinated every year by Donna Janssen and Judy Wendell, from Spirit Lake and West Okoboji respectively, and the funds raised are split equally to benefit Lakes Regional Healthcare's cancer program and the Abben Cancer Center. "Because cancer has affected my family and dear friends, I am especially proud and privileged to be involved in this very worthwhile event. I want to thank all who donated and participated," said Wendell.

Janssen added, "Thanks to everyone who donated and helped to make this a successful event."

Emerald Hills Golf Club owner and PGA Golf Professional Randy Rohlfen, far right, said, "At Emerald Hills our members not only enjoy but look forward to playing Golf for a Cure. We do a lot of fun events at Emerald which makes donating to a great cause a joy. Thanks to all who participated and we are glad that we can help 'cure'."

Lakes Regional Healthcare Foundation was organized exclusively for the purpose of supporting and benefiting Lakes Regional Healthcare and the expansion and improvement of healthcare services to the area. Those interested in information about donating to Lakes Regional Healthcare Foundation are encouraged to call Sonja Hamm at 712-336-8791.

Summer is All About Family Time

The Dickinson County Conservation Board is offering three great opportunities to create outdoor family memories during its monthly Family Nature Nights 6:00pm, June 12, July 10 and August 14.

"This is the second year of Family Nature Night programs, and we're excited to offer some enjoyable recreational opportunities such as fishing, camping and disc golf," said community relations coordinator Kiley Roth. "Not only will families have fun together, but they will learn skills they can take with them to create even more memories in the future."

The first Family Nature Night will take place Monday, June 12, at the Spirit Lake Fish Hatchery. Families of all ages will get to fish in the outdoor ponds and will learn how to bait a hook and tie a lure. In between casts, challenge your family members to a competition to see who can secure his or her life jacket fastest or make a handprint fish craft to take home.

"The free program lasts about an hour," Roth said. "From baiting hooks to catching fish to crafts and friendly competition, the event will be packed with family activities."

The second installment in the Family Nature Night series will be held Monday, July 10, at the Dickinson County Nature Center in Okoboji and will have a camping theme. Learn how to put up a tent and then compete against other families to see who can accomplish the task in the shortest amount of time. Roast marshmallows and make s'mores, and then gather with the entire group for a sing-along and campfire stories.

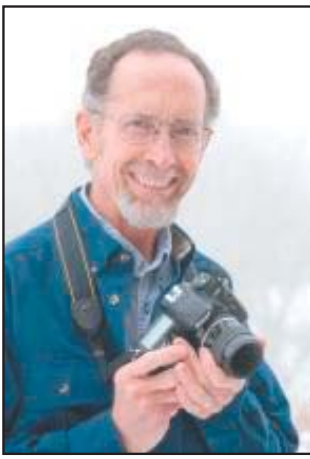

Family Nature Nights will culminate with a Disc Golf Challenge Monday, August 14, at the Okoboji Gold Disc Golf Course in Kenu Park, which is also home to the Dickinson County Nature Center. Learn basic disc golf throws and rules of the game, then try your hand at the fast-growing sport on the 18-hole professional level disc golf course.

"We just want families to see how much fun they can have together outside," Roth said. "We are always striving to foster an appreciation of the natural world in our program participants and visitors, and we think Family Nature Night is a great way to get people outside, learning and making lasting memories."

For more information on Family Nature Night or other year-round Dickinson County Conservation Board programming, call 712-336-6352 or visit www.dickinsoncountynaturecenter.com. You can also keep up with the latest happenings on Facebook, Instagram and Twitter.

Whitetail Deer: Treasure, Trophy Or Trouble?

From farmers and hunters to motorists, wildlife watchers - and even suburbanites - whitetail deer affect the lives of Iowans most everywhere today. Are they a treasure, a trophy or are they trouble?

This question, along with the history of a Iowa's deer populations, has fascinated Larry Stone for most of his life, and will be the topic of special lecture he will present at Iowa Lakeside Laboratory on Wednesday, June 14. After his boyhood growing up on a farm and exploring surrounding creeks and woodlots, and his training in biology and journalism Stone brings both a fascination and an understanding of the natural world to his presentations. In a 25-year career with the Des Moines Register, Stone traveled throughout Iowa documenting the state's natural treasures through stories and photography. His work also has appeared in The Iowan, Iowa Natural Heritage, Pheasants Forever, Our Iowa and other magazines. He has received awards from the Iowa Wildlife Federation, the Iowa Chapter of the Sierra Club, the Iowa Sportsmen's Federation, the Iowa Division of the Izaak Walton League of America, the Association of Earth Science Editors, the International Regional Magazine Association, and the Outdoor Writers Association of America.

According to Stone, Iowa's original deer herd vanished in the face of Euro-American settlement during the 1800s only to rebound to the point of over-population during the 20th century. Come learn about the history, causes and consequences of the dramatic population shifts of whitetail deer on Wednesday, June 14, at 7:30pm, in Mahan Hall. Stone's presentation is part of the Friends Science Seminar Series which is normally held on Tuesdays. The following week's seminar will return to the regular Tuesday schedule. Thanks to Humanities Iowa and the Friends of Lakeside Lab for sponsorship of this presentation.

Iowa Lakeside Lab to Host Free, Fun, Educational "Wild Wednesdays"

Looking for fun, family-oriented and educational activities this summer? The public is invited to participate in hands-on educational programs held Wednesday evenings at 7:00pm at Iowa Lakeside Lab. The theme of this summer's Wild Wednesday series is "Build a Better World". From topics ranging from animal architecture to how wetlands store and filter water, participants will explore how nature teaches and encourages us to create and sustain a better world for all living creatures. "Wild Wednesdays are a long Lakeside tradition," explains Mary Skopec, Lakeside Executive Director. "Not only are they educational and fun, but they present an opportunity for the public to learn about what Lakeside Lab is, the types of learning and research conducted here, and how that benefits the public."

Iowa Lakeside Laboratory and Regents Resource Center is a biological field station founded in 1909 and operated jointly by Iowa's three state universities as an Iowa Board of Regents institution. In addition to the natural sciences, the Lab also hosts artist and writer in residences programs, school year and volunteer programs, and the Okoboji Entrepreneurship Institute. The State Hygienic Lab operates the Bovbjerg Water Chemistry Lab in collaboration with Lakeside.

Wild Wednesdays take place every Wednesday at 7:00pm in Waitt Lab, located on the Iowa Lakeside Lab campus. Programs will begin June 14 and end August 2. Participants should come ready to sing, dance, craft and learn about how awesome the natural world around us is and the ways in which we can follow in nature's footsteps and build a better world! If you have questions or would like more information contact Jane Shuttleworth at jane-shuttleworth@uiowa.edu or 712-337-3669 ext. 7.

Ritzer Wins DAR History Award

Kiah Ritzer, daughter of Jeff and Christie Ritzer, Arnolds Park, is the winner of the annual Daughters of the American Revolution (DAR) History Award. Ladies of the Lake DAR Regent, Mary Thunhorst of Spirit Lake, made the presentation at the Okoboji Middle School's 8th Grade Capstone Banquet on May 25.

Mrs. Thunhorst credited the 8th grader with an outstanding essay focusing on the connection of history to the present and the need to pay attention to the past. The Civil Rights movement was one of her examples.

As 5th/6th grade History teacher before her retirement this year, Mrs. Thunhorst recalled that Kiah always participated in discussions and had a notable interest in the subject. Sue Hilsabeck, 7th/8th grade Social Studies teacher, remarked that "Kiah is very deserving."

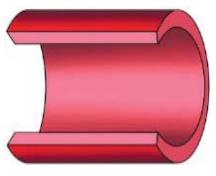

Kiah's father describes her as "a learner, interested in everything." In addition to excelling in academics, during the school year, Kiah sang in the school choir. This summer she is working at Bob's in Arnolds Park and taking a Drivers Ed course. He commented that "We're very proud of her."

Persons interested in the varied community activities of the Ladies of the Lake DAR Chapter can contact Mrs. Thunhorst for information at mdthunhorst@gmail.com or call 712-336-0240. Guests are welcome at all DAR programs and events.

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

To The Editor:

Changing The World's Climate

Is "Climate Change" guaranteed to bring us higher temperatures? Can man change the world's climate? Back in the 1950s we tried to create rain by seeding the clouds. We were not successful then and haven't been more successful since in trying to control the weather. Today the best weather predictions can only predict the weather for the next two weeks. How can anyone predict the weather 20 or 30 years from now? If our weather forecasting is that good, please tell us the weather for the Iowa Great Lakes in July and August. How about predicting the lake level by the end of the summer?

Renewable energy is a great idea. We should pursue it when it is viable. The most viable renewables are wind and solar. Our inability to produce all the electricity we need from wind and solar is a well-known problem. Even if wind and solar could produce all the power we need, there is no method to store the huge amounts of electrical energy when the wind doesn't blow or the sun doesn't shine. Energy efficient light bulbs and appliances have helped reduce our energy needs, but we will still need natural gas and coal for the foreseeable future.

According to Article II, Section 2 of our Constitution - to become a treaty of the United States - the agreement must be approved by two-thirds of the US Senate. Neither President Bush for the Kyoto agreement or President Obama for the Iran deal and Paris accords submitted them to the Senate for approval. The reason they were not submitted is that - it was known in advance - they would not be approved. Under the Paris accords major polluters – China and India - do not have to make any climate improvements for 20 years. Many developing countries are expecting huge payments from the developed countries before they participate. For example, India does not have to do anything until they are paid 2 billion dollars. Who do you think is going to pay that cost? All three of these deals have fatal flaws that would not stand up to critical scrutiny in the Senate.

In two previous Letters to the Editor the states approval requirement for a Constitutional Amendment was incorrectly stated. The correct requirement is that three-fourths of the states must approve a Constitutional Amendment before it is in effect.

A DEDICATION

Tony Gulizia dedicated the Hoagy Carmichael song *Georgia on my Mind* to Georgia Shelley each time he saw Georgia in an audience — like last summer when *The Headliners* performed at Thoreson Park in Estherville. *The Headliners* are returning for the Iowa Lakes University of Okoboji Jazz Camp, June 18 - 22.

The times are a changin'

Over the years we've attended too many funerals that were funereal at best. But Georgia Shelley's funeral was much more than that. It was a celebration of her life — a life well lived! Georgia was everywhere and involved in everything — always helping someone in her 82 plus years in the Milford and Iowa Great Lakes communities. If you knew Georgia, you can understand that she also had a major hand in planning Thursday's celebration — one that included the music she appreciated — both spiritual and secular. Allison Oyler, Jennifer Johnson, Brian Moore, John Moore, Ryan Sather, Karess Knudtson, Tim Schumacher, Tyler Pedersen, and Greg Forney were the hearts, hands, and voices behind *What a Wonderful World*, *Amazing Grace*, *Spirit in the Sky*, *Smile*, *Going Home*, *Come to Jesus*, *Prayer of St. Francis*, *'Tis The Gift To Be Simple*, and *I Can Hear The Angels Singing* — not forgetting Hoagy Carmichael's *Georgia On My Mind*. That was understandably one of Georgia's favorites. But Greg Forney noted that Georgia had a lot of favorite songs. As he explained to his Monday night audience last week, the fav that surprised the members of the *Dick Bauman Big Band* was Roger Neumann's *The Time Is Right*. The trumpet chorus made her tingle. A funeral doesn't have to be funereal. Celebrating life should be uplifting...

With summer-like weather upon us, there is a lot going on this week, starting tonight, with the jazzed *Big Band of Okoboji* kicking off its season in the Majestic Pavilion in Arnolds Park, at 7:00, and every Tuesday night at 7:00, through mid-August...

The Senders will take the stage at Table 316 in Arnolds Park for your dancing and listening pleasure, Wednesday night, from 7 - 9:00. Next week will see *Jessie James* and *The Outlaws* returning to that same stage...

The South 71 Trio will be performing in the barn at the Little Swan Lake Winery, Thursday night, from 6 - 8:00 — on the same stage where Dave Rowley and Ryan Sather will be featured Sunday afternoon, from 4 - 6:00...

Also Thursday night, *Hymns and Hers* (Jay and Judy Clarke) will be heard in Estherville's Library Square, from about 5 - 7:00, as a part of Estherville's Music in The Square series. *Jessie James* and *The Outlaws* will be returning on June 22nd...

And Spencer's final SPARC concert of the season will take place Thursday night as well, with May City's Shawn Mayer performing outdoors at The Bear on the River, starting at 7:30. In case of rain (or snow) the Nashville recording artist will move the show to The SCT Playhouse...

Thursday is also opening day for the 42nd annual Glenn Miller Festival in Clarinda. Check GlennMiller.Org or call 712-542-2461 for details...

The Itty Bitty Boji Band — with Bill, Mel, and Jackie — will be performing in The Lounge at The Inn of Okoboji, Friday night, from 6 - 8:00. The very next day, Boji Bill will be doing his solo thing aboard The Diamond Lady, for the sunset cruise from 6:30 - 9:30...

This is also the final weekend for the Emmetsburg Main Street Community Theatre's production of *Annie Jr* — 7:00, Friday night, and 2:00, Saturday and Sunday afternoon. The box office opens one hour prior to each performance...

Bad Authority opens the free concert season at Boji Bay Legacy Park, Friday at 7:00...

The Arnolds Park summer concert series also opens this weekend, with country artist Jacob Martin performing in the first of 17 free concerts over a 14 week period, Saturday night, starting at 7:30...

Spencer's Municipal Band will be performing in the bandshell at East Leach Park, Sunday afternoon, at 1:00, as a part of Spencer's Flagfest weekend...

Monday night brings the return of the *Dick Bauman Big Band* to the Pearson Lakes Art Center, starting at 7:00...

Even before the DBBB on Monday night, Discovery House in Spirit Lake will host the second of its summer Porch Parties, featuring *Jessie James* and *The Outlaws*, with the fun and food starting about 5:30. Bring your lawn chairs and enjoy!

Although we have 'only' lakes to brag about on campus, research director RD has come up with what she relates as "Oceans of Fun," on Thursday, Friday, and Saturday.

That's because Thursday is Ocean Day — bringing up the 1932 Irving Berlin favorite, *How Deep is the Ocean*, recorded by the likes of a guy named Sinatra and some Fitzgerald gal. More recently there is also the song *Under the Sea*, from the Disney picture *Little Mermaid*, which was covered by Omaha's very-own *Mannheim Steamroller*, in the album *Mannheim Steamroller Meets the Mousse*.

Friday, RD reminds us, is Cole Porter's birthday. Although he was born in Peru, Indiana, Porter traveled the world and wrote songs about his exploits. His show *Anything Goes* relates the madcap antics aboard an ocean liner bound from New York to London, and included the song *I Get A Kick Out of You*, originally sung by Ethel Merman, then by that Fitzgerald lady, and most recently by Jamie Cullum, as a part of his *twentysomething* CD.

RD even managed to connect the musical dots from Cole Porter to Judy Garland, whose natal day falls on Saturday. Garland's 1962 album *The Garland Touch* included Porter's *I Happen to Like New York*, which was first heard as a part of Porter's musical *The New Yorkers*...

We celebrate the centennial of Dean Martin's birth on Wednesday. "The King of Cool," as he was known, didn't live long enough to hear his daughter Deanna successfully reprise one of his top songs, *Ain't That a Kick In the Head* 45 years after he had a hit with it in 1960...

Songwriter Charles Strouse turns 89 on Wednesday. One of his best remembered songs, *A Lot of Livin' To Do*, from *Bye, Bye Birdie* was a hit for Sammy Davis, Jr., and later for Nancy Wilson...

Rat Pack Heiress Nancy Sinatra turns 77 on Thursday. In addition to singing about the boots that were made for walkin', Nancy also put some miles on the title track from the 1967 James Bond film *You Only Live Twice*...

And finally this week, RD notes that if there is too much cloud cover, it might appear as if there is *No Moon at All*, on Friday, even though we should see a full moon, weather permitting. This all brought to the blonde's brain the song *No Moon At All*, which singer Joe Williams performed with *The Count Basie Orchestra* in 1958, with subsequent covers by Robert Goulet five years later, and by Diana Krall in her early 2017 release *Turn Up the Quiet* — which is just what we're going to do here...

All the news that fits we print.

A Fiberartist Journey: 50+ Years of Making Fiberart

Explore Timothy Arand-McIlrath's works at the Pearson Lakes Art Center, June 15 through August 5, in the Weaver Lobby and McIlrath Landing Galleries of the Pearson Lakes Art Center in Okoboji. Meet the Artist at the Opening Reception Thursday, June 15, 5:00 – 7:00pm, with an Artist Talk at 6:00pm. This reception is free and open to the public, with wine and cheese served.

Fiberart has been Timothy J. Arand-McIlrath's artistic expression for most of his life. Color, texture, and the "feel" of fabric has always been important to him. He began his creative exploration using photographic images and repeat pattern to screen print textiles. Feeling the need for more dimensional work led him to feltmaking, which soon led him to building forms and inhabiting the forms with crocheted webs and eventually incorporating found objects. Over the last 50 years, he has had an incredible "love affair" with fiber and fabric, producing and exhibiting artwork on national and international juried, regional, state, and local exhibitions.

Originally from Racine, Wisconsin, Arand-McIlrath earned his Masters in Related Art from the University of Wisconsin-Madison in 1969. His professional career was spent at Iowa State University in the Department of Art and Design – serving as the Associate Chair from 1993–1997. At Iowa State, Arand-McIlrath taught studio classes in all aspects of design and fiberart, with a specialization in printed and dyed surface design on fabric. In 2002 Arand-McIlrath moved to Okoboji, where he became an active member of the Pearson Lakes Art Center. He is also a member of Northwest Iowa's annual Artisans Road Trip.

The Pearson Lakes Art Center has no admission charge. Summer hours are 10:00am–4:00pm, Monday–Saturday; 10:00am–9:00pm Thursday, 12:00pm–3:00pm Sundays.

Founded in 1965, the Pearson Lakes Art Center has focused on broadening horizons through the arts for more than 50 years. For more information or to become a member, please contact the Art Center at 712-332-7013, by email info@lakesart.org, or visit the website at www.lakesart.org.

Milford Library News

Students in 5th-12th grades are invited to come to MML for the first day of Summer Reading Program. On June 8, we will be making a wobblebot! Also learn how you can make a word cloud. If you make it to most of the programs or participate through reading you can get a T-shirt at the end with your word cloud printed on it. Contact the library at 712-338-4643 or gilliana@milford.lib.ia.us.

Seeking all Pre-K–4th grade students to attend the Stem Lab & Literature in the Library workshops at the Milford Memorial Library. The workshops will be put on by an intern, Bradi Baschke. The internship is an Extension and Outreach Project directed by Constance Beecher. The dates of the workshops are: June 9, 16, 23 and 30. The themes will be: Colors, Playdough, Pollination and Bridges. The workshops will be from 10:00 – 11:00am at the Milford Memorial Library.

The Milford Memorial Library is excited to announce that Caroline Perkins and her dog, Hank, will be available to listen to stories the second Saturday of each month starting Saturday, June 10, from 10:30am to 12:30pm. Caroline and Hank are a therapy dog team, licensed by the Pet Partners Therapy Animal Program. In the past they worked for 5 years in Cable, WI, as part of the Reading Education Assistance Dogs (R.E.A.D.) program. Prior to the R.E.A.D. program Caroline was a Special Education Teacher. Hank is a great listener and loves to listen to all kinds of stories. Children who are beginner readers or just want a chance to improve on reading aloud are encouraged to come read to Hank. Children can read to Hank on a first come, first serve basis. The amount of time a child will get to read to Hank is determined by the length of the book, child's reading level, and the number of children waiting to read to Hank.

The theme for the 2017 Children's Summer Reading Program is "Build a Better World." Come to the library Tuesday, June 13, at 10 a.m., to see Rick Brammer present "Absolute Science." Join us every Tuesday and Friday at 10:00am, through June 27, for stories, crafts, drama, and more! Young people of all abilities from preschool to 4th grade are invited to participate free of charge. To register for the Children's Summer Reading Program stop by the library or go to the Milford Memorial Library website www.milford.lib.ia.us. For more information or any questions contact Betty Naab at 712-338-4643 or betty@milford.lib.ia.us.

Newly Remodeled Children's And Youth Areas Are Ready For Summer

A puppeteer, a naturalist, an author, a couple of 'scientists', a magician, some storytimes and more are coming to the Spirit Lake Public Library for kids of all ages during our 'Build a Better World!' summer reading program which runs now through July 8th. Children can choose to attend any or all of the programs regardless of registering to participate in the prize program.

Storytimes will be on Thursday mornings at 9:30 and 11:00am from June 1 through July 6.

Tuesday, June 6, at 10:00am, Creative Spirits will be bringing "Storytime to Canvas." Miss Krista will read the book F is for Flag followed by kids painting a patriotic canvas just in time for Flag Day and the 4th of July. Children ages 6 and under will want to bring a parent. Preregister for this activity at <http://www.creativespiritsokoboji.com>. Please note there is a fee for this activity.

Tuesday, June 6, at 2:00pm, local author Mary Meinking Chambers will be here to present a children's program on her popular Predator vs. Prey series. These books are 'hot' items for our young borrowers.

Friday, June 9, at 10:30am, Jane Shuttleworth from Iowa Lakeside Laboratory will be sharing how nature can teach us about building a better world. She always brings fun hands-on learning fun.

Friday, June 16, at 11:00am, Lisa Laird and her "Pockets Full of Fun" puppets will be performing an all new show. In the afternoon Lisa will have a puppetmaking workshop beginning at 1:00pm. We ask that participants preregister for the workshop to insure we have enough puppet making supplies.

Thank you to our many generous reading program sponsor including Northwest Bank, Alliant Energy, Bank Midwest, ReMax, Indian Hills Golf, Turner-Jenness Funeral Home and Lakeland Realty.

Looking forward to seeing you here at the library!

LETTERS TO THE EDITOR

To The Editor:

Neglected Nazi Symbols: Vandalism in Milford

Thursday, May 18th was as ordinary as they come in the mostly-quiet city of Milford, with the exception of the sweltering spring heat, of course. The children rode the bus to yet another day of school at Okoboji, the banks, restaurants, and grocery store opened as they did every morning, and the otherwise-silent Florence Park waited for the families to come and play on it in the afternoon.

But on that day, a large, red swastika was spray painted on the side of the public restroom that faced a children’s daycare center.

I do not blame you if you are surprised when reading this. In fact, a quick Google search will show that there was no news coverage of this event. If you were to view the park today, you would not see any trace that this had ever happened in the first place.

If you are not surprised that this happened, you are not alone. In fact, in the past year, there has been a dramatic rise in the amount of racially-biased vandalism across the country. This destruction of public property has become another appalling but desensitized crime in the news we hear on KUOO every now and again.

It is easy, in our close, cozy town, to speculate that this could be the work of teenagers who were bored on a Wednesday night and thought painting a phallic image and a Nazi symbol would be a good way to pass their time. We could all nod it off and say, “It is only paint, and it is just a symbol. No harm has been done.”

Taking those passive actions and ignoring a blatant act of hate against our community and the people around us is not the Milford I grew up in.

I have been away for two years in a small college in Minnesota. I have always taken pride in representing my hometown in a place where hardly anyone knows how to say “Okoboji”, much less spell it. One of the biggest aspects of my upbringing that has become a close part of my identity and values is the strength of the community we are a part of.

When I was on the high school debate team and we were low on funds to attend tournaments in cities around the Midwest, local businesses from all over our community charged to our sides to help us raise funds to compete. The police cars and fire trucks always took their eyes off our streets to escort our award-winning jazz band back home when we returned from state contest. Every time my mom and I would shop at Sunshine Foods, we always found friendly faces, whether we knew them or not, smiling at us in every aisle.

We have a rare community here that values the importance of acknowledging, understanding, and helping the people we live with every day. It’s something that I took for granted while I was here. But returning home and learning that an act of hate against people who may look, speak, or pray differently than our predominately Caucasian city, is not the place I called home. The actions of hate against other human beings, like the presence of a Nazi symbol, are perpetuating a dangerous narrative. What makes it even worse is pretending like they never happened.

The people of Milford are not the kind to slap white paint over a problem and never deal with it again. No. The pain of our world’s past is seeping into our present, even in places like our quiet, Iowa town, and it is nothing to joke about or forget. We, as a community who values respect and inclusion, must recognize this as a fact of our world today and take action to prevent this in our future. Not just today, not just when the next Nazi symbol appears in Milford, but every single time.

Grant Applications Now Available at Area Libraries

The Avera Lakes Regional Healthcare Volunteers Auxiliary will be awarding a \$1,000 William F. and Neva Clifton Grant. The Cliftons bequeathed money to LRH Volunteer Auxiliary to award a \$1,000 scholarship each year to a resident or a graduate of a Dickinson County High School that is pursuing a career in the field of physical and or health education. The student must be enrolled in school full time and will be entering their third year of schooling.

The Avera Lakes Regional Healthcare Volunteer Auxiliary will also be awarding four \$500 Judd Grants to students pursuing a nursing career. Clarence Judd was a long time resident of the lakes region and bequeathed money to the LRH Volunteers with the stipulation that the money be used to provide grants for prospective nurses. Those receiving the Judd Grants are chosen by a random drawing. Residents of Dickinson County or a graduate of a Dickinson County High School are eligible to apply for these grants if they are entering or are enrolled in an LPN, RN or BSN program with preference given to full time students.

Applications for either of the grants are available at any of the public libraries in Dickinson County now and must be returned by June 30. Avera Lakes Regional Healthcare will not have the necessary application blanks available. Any questions may be directed to Jona Forbes at 712-330-5508.

Discovery House News

Julie Scheib, Director

www.mydiscoveryhouse.com

Miss Madelyn Kaufman, my 7th grade music teacher, used to call herself a “battle-axe”, but boy could she pound the ivories, and she made sure that we learned songs from all genres, including musical films. Every year at this time, I can’t help but think of a song from Rodger and Hammerstein’s “Carousel” that we sang,” “June is Bustin’ Out All Over!” Check out the lyrics – they will put a smile on your face. “June, June, June.”

Things are bustin’ out all over at Discovery House as well. For the last six months, our average census has been 10, which is full capacity. We currently have nine residents comprised of four women and five men. This is typically the time of year when our census decreases.

We are starting our resident room renovation project with the installation of ceiling fans. Next we will be painting then ripping up old carpets and replacing the flooring. It is not too late to sponsor a room – if you are your organization are interested in helping us update our resident rooms, please call me at 336-5340. Soon we will be needing volunteers to help paint.

Our first Porch Party of the season was a success, even though we had to move it inside due to the weather. Thanks to Duane and Sally Ites and the Spirit Lake High School music students (and parents) who drew a crowd and did such a fantastic job of providing an evening of fine entertainment. We had father/daughter duets, husband and wife duets – even teacher/former student now teacher duets. They left us wanting more, but we will have to wait until next year. Thank you to all of our guest performers and those in attendance.

The next Porch Party is scheduled for June 12, 2017, at 6:00pm. Brats and hot dogs will be served from 6:00 to 6:30pm, and our entertainment will be Jessie James and The Outlaws. Please join us on the west lawn at 1411 Hill Avenue, for a night to remember at Discovery House. Jim and Jessie Howard and band have never failed to accomplish their goal of a fun-filled evening. Don’t forget your lawn chairs.

There will soon be a new addition to Discovery House – the Daniel House directly behind us. We are in the process of purchasing it and making it a transitional home for some residents who are ready to leave Discovery House. They still want or need some level of support and are not ready or willing to jump back into their former surroundings. More details will follow as we have more to report.

Get out and enjoy June – it, like life, flies by way too fast!

LETTERS TO THE EDITOR

To The Editor:

Well, I certainly never thought I would be sending a letter like this one. But I must say, I already miss going to track meets and soccer matches! I say this more out of an acknowledgement of the efforts of our students than I do out of an understanding of what I am seeing (in either case).

In both of these sports, however, I have come to appreciate the hard work of our coaches and athletes. I commend all of them for their exceptional efforts.

Thank you for a fantastic season - see you next spring!

Spirit Lake Library News

The Spirit Lake Public Library will be hosting an open house and ribbon cutting ceremony to celebrate our newly remodeled library. The open house will be held on Tuesday, June 13, from 4:00-7:00pm with the ribbon cutting taking place at 4:30. Refreshments will be served.

We began our remodeling project in January of this year with help from 3D Builders in Spirit Lake. 3D Builders created our new children's space by removing existing walls and installing a new window. They also redid walls and ceilings to create a large, bright new space with room for children to play while parents and caregivers can work or visit nearby. Local artist Crystal Cross painted a beautiful mural in our children's area featuring a Seussical fish and also painted a quote from Dr. Seuss above our new children's area. The children's area was finished off with flooring from Snook's of Okoboji.

Mueske Electric donated their time and materials to redo the electrical components for the new children's area. They removed electrical wiring and installed new outlets and switches for a computer area and lights. Mueske Electric also provided electricity to our new staff circulation desk and a new area for computer users. A1 Tech Solutions moved and installed phone panels and computer components for the new children's area and also the staff circulation desk.

A1 Woodworking installed a wall of storage cabinets and a circulation desk in our new children's space. Their next project was creating the main circulation desk for the staff, which was moved to a more central location in the library. This desk doubled our counter space and includes a new book drop and shelving. A1 Woodworking also added decorative trim on the endcaps, several new endcaps, and slatwall panels for our information centers.

Library staff with help from the City's Water & Street Departments moved every book and almost every shelving unit in the library! We relocated several of our collections including nonfiction and all of the youth materials. Library board members, Friends members and community members all got in on the moving. Help was always needed with moving and cleaning off the shelving units. Several members of the high school football team helped set up the new furniture.

Patrons have been enjoying our new space with record breaking attendance during the week after Memorial Day when we kicked off our summer reading program. We will be celebrating at our open house, which will include door prizes, refreshments, and a scavenger hunt. Participants in the scavenger hunt will earn a chance to win a new Kindle tablet. All attendees may enter to win door prizes including a Pheasants Forever chess set donated by Blain Andera and a variety of other items. The remodeling and open house have all been sponsored by the Friends of the Spirit Lake Public Library. The children's space was done in memory of Fran Egan and the new teen space was done in memory of Jo Williams.
