"There is no reason to travel out of town for great heart care."
— Jim Shields, Danville businessman

Keep Your Heart Close

When Jim Shields suffered a heart attack, the cardiac catheterization lab team at Danville Regional Medical Center, a Duke heart affiliate, was able to quickly diagnose a blockage in his heart – "the widow maker."

Jim survived, thanks in part to the smooth and seamless care he received at Danville Regional. He participated in Danville Regional's cardiac rehabilitation program and still runs his business full-time.

At Danville Regional, your heart is our priority. When the highest quality heart care is this close to home, the choice is easy.

You can keep your heart close. Just like Jim.

ACTS 2:38

An elderly woman had just returned to her home from an evening of religious service when she was startled by an intruder going through her belongings.

As she caught the man in the act of robbing her home of its valuables, she yelled, "Stop! ACTS 2:38!!" (..turn from your sin...).

The burglar stopped dead in his tracks. The woman calmly called the police and explained what she had done.

As the officer cuffed the man to take him in, he asked the burglar, "I'm curious. Why did you just stand there? All she did was yell a scripture at you."

"Scripture!?!?" replied the burglar.
"She said she had an AXE and TWO 38's!"

THE HISTORY OF THE AMERICAN FLAG

National flags serve to unite citizens of a given country. Flags wave proudly in front of government buildings and schools, and they also identify athletes during international sporting competitions. In many countries, flags also serve as symbols of honor for members of the military and their families.

For more than 200 years, the American flag has been a symbol of unity and pride in the United States. The red, white and blue flag has a storied history and has gone through various incarnations. The following are some of the more interesting facts pertaining to the American flag.

- Six different flag designs were flown before Betsy Ross announced that she had sewn the official American flag. These designs included a series of alternating red and white stripes, the Liberty Tree, the Sons of Liberty, and the Forester flag designs. The Continental Army once used a flag featuring a snake with the mantra "Don't Tread on Me."
- On June 14, 1777, the Second Continental Congress proposed and passed the Flag Act of 1777. This resolution was designed to facilitate the creation of an official flag for a nation that was aiming to earn its independence from Great Britain. The flag was to have thirteen stripes, alternating red and white, with thirteen white stars on a blue field. The thirteen stars signified the original members of the Union.
- The American flag remained unchanged until 1795, when the stripes and stars were increased to 15 for the addition of Kentucky and Vermont to the Union.
- After seeing the new 15-star and striped flag flying over Fort McHenry during the War of 1812, Francis Scott Key was inspired to write the poem that would eventually become the nation's national anthem.
- A sea captain from Massachusetts named William Driver named a large, 10-foot-by-17-foot flag "Old Glory" after it survived multiple defacing attempts during the American Civil War. Driver's nickname of the flag inspired the name to be used for all American flags.
- Although Flag Day was established as a formal national holiday in 1949, it was not made a federal holiday. Flag Day is only an official holiday in the state of Pennsylvania. This may be fitting because legend holds that Betsy Ross sewed the first flag in Pennsylvania.
- Today's flag features the original 13 alternating white and red stripes (in 1818, another design went into effect, permanently setting the number of stripes at 13 in honor of the original colonies) and 50 stars to represent the states of the Union. The colors of the flag signify as follows: red for hardiness and valor, white for purity and innocence, and blue for vigilance, perseverance and justice.

The Color Association of the United States creates the palette of colors used for both private and public institutions and the U.S. Army. Mass-market flag manufacturers tend to use Pantone Matching Shade of Dark Red (193 C) and Navy Blue (281 C).

The American Flag has been a fixture of the United States for centuries and continues to serve as a symbol of pride, valor and history.

Save-a-Lot Returns Remodeled with Improved Fresh Cut Meat Program:
Danville, VA, June 1, 2017– The Save-a-Lot grocery store located at 703 Piney Forest Rd is re-opening under new ownership at 8 a.m., June 7. Honor Capital, the veteran owned and operated company who purchased the Save-a-Lot, will deliver a redefined shopping experience where customers can expect an updated look and feel to the store which includes an improved bakery, produce, and fresh cut meat program.

Bryan Winter, senior vice president of operations, said, “The main thing we want shoppers to know is that our mission is to serve communities. We serve communities by running clean stores, operating fresh, high quality meat and produce programs, and by saving our customers 40% on average as compared to other grocery stores. We ensure that our farm fresh produce hits the shelves at peak freshness and that our in house butchers cut meat on a daily basis to ensure we deliver fresh meat to our customers. We also make sure our store stays well stocked with all the products our customers want and need. Save A Lot just revamped their product line to include several name brand products and their new private label “America’s Choice” brand. We are extremely excited and are hoping new customers and previous shoppers stop by to take advantage of grand opening week giveaways and check out the new store!”

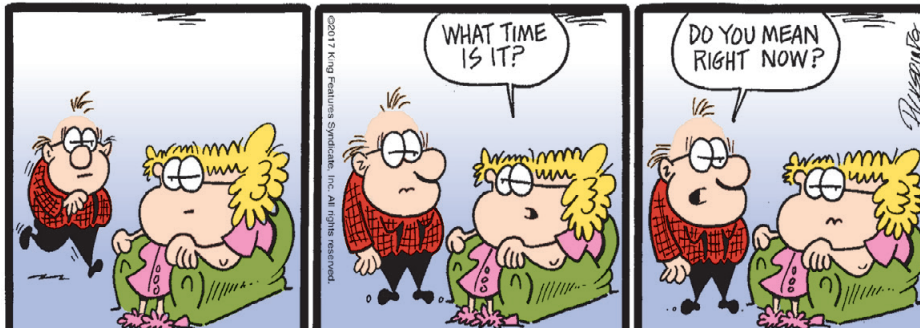

Honor Capital was founded by a group of military veterans who served together in the Navy and Marine Corps. After completing their military service, they embarked upon a mission to defeat food deserts across the country by opening and operating Save-a-Lot grocery stores in underserved communities. Honor Capital was able to re-open the previously closed Save-a-Lot after the previous owner made the decision to shut down the once thriving store.

About Honor Capital
Honor Capital LLC is a veteran-owned business that is focused on combating and eradicating food deserts in underserved communities across the United States. Its mission is focused on providing convenient access to affordable fresh food including meat and produce to USDA certified food deserts. It has partnered with Save-a-Lot, the third largest grocery store chain in the US, to train and assist veterans to become Save-a-Lot operators and future business leaders in their communities.

**Dixie Shorter
DOSS**

It is with a saddened heart we share that Dixie Shorter Doss, RN of 214 Whittington Dr., Danville, moved to heaven after a valiant fight with cancer. She was 66 years old. She was born in Danville, Va. to the late Josephine Walker and the late Bobby "Popeye" Shorter. She was an active member of Unity Presbyterian Church. She married the love of her life Richard "Rick" Doss on May 30, 1969, who survives, of the residence.

Dixie was a graduate of Chatham High School and she worked at Dan River Mills, Inc. for a number of years. She decided later in her life to return to school to become a Registered Nurse. Dixie graduated from the Memorial Hospital School of Nursing in 1992, the recipient of the Frances McGovern Award of Academic Excellence. She used her knowledge and compassion to care for more people both near and far than could ever be counted. She worked at DRMC for a number of years and later entered retirement after working for Cone Health at the LeBauer Endoscopy Center as a Nurse Manager. Even in her retirement she continued to care for many who sought her nursing expertise on a daily basis.

Dixie was an American patriot and an avid Harley Davidson rider alongside her husband Rick. Together they dearly loved the thousands of miles she shared

with family and friends. She was always thinking of ways to cheer people who may have been struggling with any challenge in life. This may have involved dressing up with a traveling show or showing up quietly at just the right time to encourage anyone in need. She loved photography and shared that special gift with many families celebrating weddings, graduations, proms and other special events. She took great pride in being the best daughter, sister, wife, nurse and friend. She taught so many people that "friends are the family we choose". Therefore, her extended family reaches far and wide. Her life will live on through her family and many friends who she taught the valuable lessons of unselfishness and love.

In addition to her family, she had many very special adopted children who will carry on her legacy.

In addition to her husband Rick, she is survived by two brothers, Bobby D. Shorter and Keith E. Shorter and her beloved "puppies", Diesel and Lucy. Dixie's Journey was "not to arrive safely at the grave in a well preserved body, but rather to skid in sideways totally worn out shouting, Woohoo! What a ride!"

The family asks that in lieu of flowers, contributions may be made to the Dixie Doss Nursing Scholarship Fund which will be announced at a later date or to the Unity Presbyterian Church Building and Grounds Fund, 835 Franklin Turnpike Danville, VA 24540.

A visitation by friends will occur on Tuesday, June 6, 2017 from 7:00 – 8:30 p.m. at Norris Funeral Services, Mt. Hermon Chapel, Franklin Turnpike, Danville, Va. A private graveside service will occur Tuesday, June 6, 2017. All those who are touched by the life of Dixie are welcome to join in a celebration of life that will be announced at a later date. Become A More Positive Person

Learned optimism can be beneficial, helping to minimize feelings of depression, reduce stress levels and possibly improve physical health. According to a controlled study by the University of Pennsylvania's Martin Seligman, Ph.D., and Gregory Buchanan, Ph.D., incoming university freshmen who participated in a workshop on cognitive coping skills reported fewer adverse physical problems over time and retained their physical and mental health better

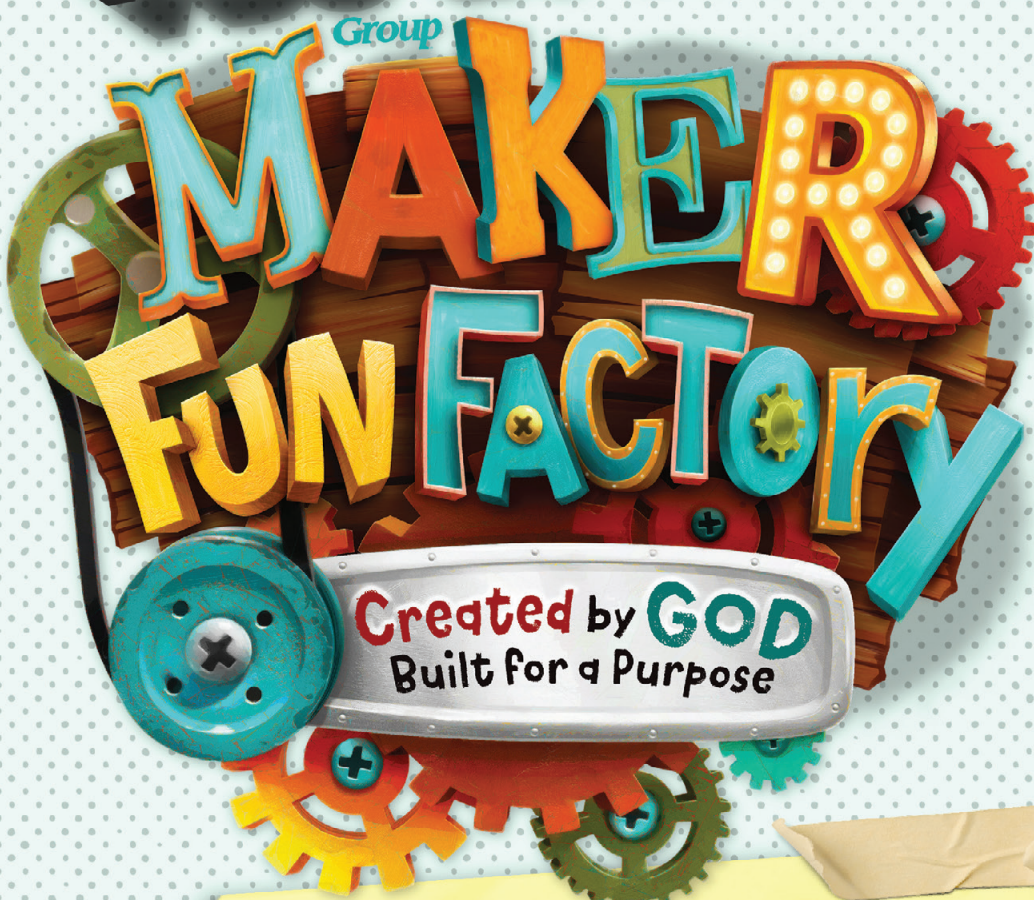

than those who were not in a coping skills group. This isn't the first evidence that optimism can have profound benefits. In a retrospective study of 34 healthy Hall of Fame baseball players who were on teams between 1900 and 1950, the known optimists lived longer. Survival rates for optimistic cancer patients are higher than for those who are hopeless. Optimists are also better equipped to handle stress and manage incidents that would incite anxiety.

Although there are plenty of people who seem to be eternally optimistic, optimism is not an inherited trait. Changing perceptions and teaching oneself to be more optimistic is possible. Being an optimist doesn't mean turning a blind eye to problems or expecting everything to be easy. Being optimistic means learning from situations and recognizing that obstacles are there for a purpose.

Men and women hoping to become more optimistic can employ the following strategies.

- * Stop and embrace a positive event.
- Take time to mull over something good that has happened and take credit for your involvement. Mentally categorize this feeling for later when you need an example of the way optimism makes you feel.
- * Surround yourself with optimists. Hang out with people who have a sunny view on life rather than those who bring you down or commiserate. Learning from example can help you develop more positive thinking patterns.
- * Believe you can and will succeed. When approaching something new, don't set yourself up for failure. Go into it with the vision that you will thrive. Even if you don't succeed as planned, you can use the opportunity as a learning experience and set a new plan to tackle.
- * Erase negative phrases from your vocabulary. Using the terms "I can't" or "It's impossible" is a recipe for failure.
- * Avoid complaints. Complaining does little more than make the person complaining feel even worse and could bring down the people around you. Because it won't solve anything, there really is nothing productive about it. If you must get your feelings out, write them in a book and then tuck that book away.
- * Take care of your body. You certainly can't be positive if you aren't feeling 100 percent. A well-balanced diet, routine exercise, sufficient rest, and finding time to go outdoors and get some fresh air and sunshine can help keep a person on a positive path.
- * Practice positive affirmations. Tell yourself good things. Receiving praise is something that instantly can put a person in a good mood. Instead of waiting for praise from others, give yourself a pat on the back every day.
- * Realize that things don't happen overnight. Becoming more optimistic will take time, but it can be done. Don't be discouraged if it takes a little more time than you expected. Living longer and more productively comes partially from being an optimistic person and making the best of every situation.

Now here's a tip! by Jo Ann Derson

* If you have trouble telling black slacks from navy, here's a tip from L.B in Iowa: "Put one small safety pin inside the front waistband of the black, and two small safety pins in the navy pair. This also shows the front at a glance, and in case of emergency, you have a pin to use."

* "Dried out glue? Add a little vinegar and let it set a few days." -- C.J. in Idaho

* N.B. in Wisconsin clips puzzles out of his local paper and takes them to his local copy shop to get enlarged. Then he saves them to do with the grandkids when they visit. "They sure do love to come to Grandad's house," he says.

* "Wrap the lint from your dryer in 6 inches of wax paper. Roll it up and squish both ends. Now you have a perfect firestarter!" -- M.K. in Michigan

* S.B. in Minnesota has this tip to keep metal skewers at the ready: "Instead of digging through my drawer looking for my skewers, here is how I keep them together. After you wash them and they are completely dry, wrap them in a piece of press-and-seal plastic wrap. The next time you need to use your skewers, they are in one place, neatly wrapped together."

* If you have teens, they can help out by being responsible for dinner one night a week. This will teach them to be independent and let them make a contribution to the household. The bonus is that it's one less night parents have to prep and plan!

Cinnamon Sugar Soft Pretzels

- Ingredients**
- for the pretzels:
 - 2 cups warm milk
 - 1½ tablespoons yeast
 - ¼ cup brown sugar
 - 4 tablespoons butter, melted
 - 2 teaspoons salt
 - 4½ cups flour, more or less as needed

- for the topping:
 - ¼ cup baking soda
 - 3 cups warm water
 - 4 tablespoons butter, melted
 - ½ cup sugar
 - 2 teaspoons cinnamon

Instructions
 In a large bowl or the bowl of a stand mixer, dissolve the yeast in the warm milk. When the mixture is bubbly, mix in the brown sugar, butter, one cup flour, and salt, and mix until combined. Add the remaining flour, one cup at a time, and mix until a smooth and slightly sticky dough forms. Cover the bowl with plastic wrap and let rise about one hour, until doubled in size. After the dough has risen, preheat the oven to 450. Line two baking sheets with parchment paper and set aside. Divide the dough into twelve equal sized pieces, and roll each piece into a long skinny rope. Twist into a pretzel shape. In a medium bowl, mix together the warm water and baking soda until dissolved. Dip each pretzel into the baking soda mixture and place on the prepared baking sheets. Bake 7 to 11 minutes, or until golden brown. In a shallow dish, whisk together the sugar and cinnamon. Brush the pretzels with melted butter, then dip them in the cinnamon sugar mixture.

1. Who had a worldwide hit with "Rose Garden"?
2. What was the b-side to the "Ebony Eyes" single by the Everly Brothers?
3. Which heavy metal band released "God of Thunder"?
4. Who wrote and recorded "All I Really Want to Do"?
5. Name the song that contains this lyric: "The room was empty as I staggered from my bed, I could not bear the image racing through my head."

Answers

1. Lynn Anderson, in 1970. She won a Grammy for vocals while songwriter Joe South earned two Grammy nods for the song.
2. "Walk Right Back," released in 1961. "Ebony Eyes" was written by John D. Loudermilk Jr., who died in September 2016. He also was known for "Talk Back Trembling Lips," "Tobacco Road" and "Rose and a Baby Ruth."
3. Kiss, in 1976. Background effects included children whose voices were captured by a walkie-talkie.
4. Bob Dylan, in 1964. He recorded the song in one take.
5. "I Had Too Much to Dream (Last Night)," by the Electric Prunes in 1966. The song is word play, taking its idea from having had too much to drink. In this case, it's about having had too much love.
