### Snakebite Vaccine Buys Time for Dogs

**DEAR PAW'S CORNER:** I am commenting on your answer to the owners worried about their dog being bitten by a snake while on vacation out West. The rattlesnake vaccine is actually only \$64; the treatment is well over \$1,000 per vial of antivenin. If a pet has the vaccine, it is highly possible that it may not need the antivenin. The vaccine should be given to all dogs at risk for snakebite. Please advise your readers to contact their local veterinarian. — Rebecca O., Trinity County, California

**DEAR REBECCA:** Thank you for the correction! I did a little more digging and found detailed advice at the UC Davis School of Veterinary Medicine's website. The snakebite vaccine itself, developed in the early 2000s, is quite inexpensive compared to treatment for a rattlesnake bite. That can run well above \$1,000, as you noted.

It's important to keep in mind, as the website notes, that the vaccine isn't complete protection. Its greatest benefit is that it buys your dog time after a snakebite so that you can get it to a veterinarian for emergency treatment with antivenin. According to the manufacturer, a vaccinated dog bitten by a poisonous snake needs to get to the vet within 12 hours for further treatment. Frequent boosters (every 4 to 6 months) may be required.

It's important to keep in mind that snakebites are generally very rare at national parks, especially if pets and people stay within trail boundaries. Parks have leash requirements so that your pet stays within your sight and control at all times, further minimizing the risk of a bite.

### Thanksgiving Novena to ST. JUDE

O Holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ. Faithful intercessor of all who invoke this special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg you, to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Marys and three Glory Be's. Publication must be promised. St. Jude pray for us and all who invoke your aid. Amen. This novena has never been known to fail. It helped me. Thank you St. Jude for answering my prayers.

# Donna's Day Creative family fun

by Donna Erickson

should slice a 10-inch round at the center portion and set on a serving plate. (If your watermelon is smaller or larger, cut the widest portion for this dessert and adjust quantities.)  
 3. Evenly cut the slice into sixths. Pinch the cut triangles tightly together on the plate.  
 4. Ask your child to spread the yogurt or creme fraiche over the round.  
 5. Spoon the strawberries and blueberries over the yogurt. Sprinkle with chopped mint. (I like to add an extra sprig of mint on the side or in the middle of the presentation.) Serve slices on a dessert plate.

**WATERMELON AND BERRY PIZZA**  
 (Serves 6)

12 strawberries halved  
 6 mint leaves chopped  
 1 teaspoon balsamic vinegar  
 1 large watermelon slice (1 inch or more thick), 10 inches in diameter  
 6 ounces natural lemon-flavored yogurt, or 3 ounces creme fraiche  
 1/2 cup blueberries  
 Mint sprigs for garnish (optional)

1. In a small bowl, drizzle balsamic vinegar over the strawberries, and stir. Set aside.  
 2. Let your junior chef wash and dry the whole watermelon. An adult

## Pizza for Dessert? Start With Watermelon

Pizza for dessert? Here's a guilt-free, ridiculously simple and naturally sweet "pizza style" version of everyone's favorite locally grown foods — tasty watermelon and lots of berries. There are a few things in common with the pizza idea ... well, actually only two. The dessert presentation is round, and it has lots of tempting healthy, fresh toppings.

Plus, there's the wow factor when your kids proudly carry their work of culinary creativity to the table at an informal supper with your family and friends. They'll be so proud.

Kick it up for other events, too. We're making doubles for my son's birthday party this weekend, and topping them off with lots of bright candles.

**Alternate Ideas:**  
 —Instead of using yogurt or creme fraiche, whip up a half cup of heavy cream with a 1/2 teaspoon of vanilla and a teaspoon of sugar, or whip cream with two teaspoons of honey.  
 —Fresh sliced peaches, nectarines and plums also are welcome add-ons to the dessert.

**Eliminate Auto Odors**  
 (NAPSA)—When the smells of mud, slush, cigarettes, pets, food spills and so on linger in your car, you can drive them away if you know a few facts and hints.  
 While common air fresheners use perfumes to try to cover up the smell, they provide only temporary relief that doesn't often cover the entire vehicle. To truly eliminate odor, you have to control the cause.  
 To that end, there's an odor eliminator that uses ClO2 technology. It controls odor-causing bacteria, eliminating even the foulest smells quickly and permanently.

You don't have to put up with bad smells in your car.

The EPA-registered, patented technology of Star brite Auto Odor Eliminator is easy to use. Its deep-penetrating vapor gets into all areas of your car's interior—under seats, into the upholstery and throughout the ventilation system—and works within hours. It's also a great way to remove odors from RVs or boats that have been in seasonal storage.  
 Once you've eliminated bad odors, keep your car smelling sweet: Vacuum it whenever you wash it; make sure there are no food wrappers, cigarette butts or dirty clothes lying around; and don't let anyone smoke in it.

I love to engage in repartee with people who are stupider than I am.

-Ann Coulter

**ARIES** (March 21 to April 19) You're wise to let your Arian skepticism question a former adversary's request to let bygones be bygones. Time will tell if they are trying to pull the wool over the Lamb's eyes.

**TAURUS** (April 20 to May 20) Congratulations. Your hard work soon pays off with some well-deserved recognition. Meanwhile, that important personal relationship needs more attention from you.

**GEMINI** (May 21 to June 20) That new person in your life seems trustworthy, but don't turn him or her into a confidant just yet. Remember: The secret you don't reveal is the one you won't lose sleep over.

**CANCER** (June 21 to July 22) Your kindness makes a difference in someone's life. But by week's end, a touch of Cancerian envy could create a problem with a colleague. Take care to keep it under control.

**LEO** (July 23 to August 22) A new spurt of energy sends you roaring back into that challenging work situation. But be careful not to overdo it, or your sizzle could fizzle before your task is completed.

**VIRGO** (August 23 to September 22) Your practical sense helps you see the logic of being a bit more flexible with a workplace colleague. But you still have a ways to go before there's a true meeting of the minds.

**LIBRA** (September 23 to October 22) A surprise situation could cause you to spend more money than you feel you can afford. But careful budget adjustments will help. Your fiscal picture soon brightens.

**SCORPIO** (October 23 to November 21) That decision you made might still have its detractors, but your supporters are growing. Meanwhile, your personal life takes on some welcome new developments.

**SAGITTARIUS** (November 22 to December 21) Matters of the mind intrigue the sage Sagittarian through week's end. By then, you should feel more than ready to make room for pursuits of the heart.

**CAPRICORN** (December 22 to January 19) The canny Capricorn can offer good counsel to others. But how about taking some advice yourself from a close friend or family member who is able and ready to help?

**AQUARIUS** (January 20 to February 18) A new workplace opportunity offers a variety of challenges that you might find intriguing. Best advice: Take things one step at a time so that you don't feel overwhelmed.

**PISCES** (February 19 to March 20) A bid to revive a relationship that ended on a bitter note needs to be carefully thought out before you can even begin to consider plunging into a new emotional commitment.

**BORN THIS WEEK:** You enjoy being with people, and people love being with you. You would probably do very well in politics.

**Four Steps To Price Your Home**

(NAPSA)—Pricing your home for sale is one of life's major financial decisions. What's too little, what's too much? When researching selling a house or condo, consumers often anxiously turn to the Internet, neighbors and Realtors to come up with a good estimate. But is it the right price?

The National Association of Realtors reports that over 15 percent of home sales are delayed, renegotiated or canceled due to

A pre-appraisal report from a reputable property history service can help a seller set the right price for a home.

home appraisals falling short of the contract price. To get the best value from your home, here are tips to look out for.

- Online house estimates can vary widely and are often based on incorrect square footage and lot size.
- Banks approve loans based on an accurate appraisal, not a "guesstimate."
- Home improvements and updated cosmetics make the difference in what a buyer will pay.
- It's smart to stage your home; buyers want to see themselves, not you, living there.

To receive the true value for their property, sellers and Realtors can get a pre-appraisal report before pricing a home. A certified appraiser measures, inspects and studies the local comparable market activity so that sellers get the most accurate price and feel confident to move forward in selling their home.

For more information on pre-appraisal reports, go to Housefax.com or call (877) 598-6634.

**Homebuyers, Beware Before Buying**

(NAPSA)—For many, finding and buying the right home is still a big part of the American dream.

However, that dream home can turn into a nightmare when hidden costs from weather and other types of damage start adding up.

It's not uncommon for consumers to find out about these hidden costs rather late in the process. That's because until now, buyers had to wait until just before closing to receive a "seller's disclosure."

There's a new service that offers homebuyers a comprehensive history of a property.

This is a document that reveals details about the house the buyers plan to purchase. At that point, it's likely that a prospective buyer has already paid thousands of dollars for legal fees, inspections, deposits and title fees and may be reluctant to back out of the deal.

Fortunately, there is a resource that buyers can call on earlier in the process. Real estate tycoon and "Shark Tank" host Barbara Corcoran suggests going online to find property history and insurance claims on a home. An Insurance Claims report can give homebuyers and Realtors information that was previously only available to homeowners.

For instance, a company called Housefax offers online reports that provide a comprehensive history of a home, including building permits; mortgage information; insurance claims; fire, flood, hail and catastrophic history; and other residential property details.

The reports also include information on schools in the district, current property assessment values and inspector alerts.

For more information, contact Housefax at www.housefax.com.

## Decked Out With Style

### Three Easy Steps to Creating the Outdoor Space of Your Dreams

(NAPSA)—There's no better time than now to make the most out of your outdoor living space before the cool months arrive. Creating an outdoor haven is easier to achieve than you think thanks to a few expert tips. These simple steps will not only extend the life of your deck, but also make it the talk of the neighborhood for the rest of the summer and beyond.

Prepare your deck for good times ahead.

**1. Deck-spiration:** Before tackling the transformation, think about how you plan to utilize your outdoor living space. Will you be mostly cooking, dining and entertaining al fresco? Or will your deck be a haven to unwind and relax? Maybe it will be a combination of both? No matter what you dream up, it's best to pull references from magazines, DIY blogs, or even Pinterest to help guide your inspiration process.

weather fabric umbrella or sunshade in a fun, stylish pattern.

**2. Time to Beautify:** Tough weather elements such as direct sunlight, rain, snow and everyday wear can dull the appearance and integrity of your deck. One of the best ways to liven up your outdoor space is with a fresh coat of beautiful, color-rich exterior wood stain. When choosing your wood stain or sealant, consider a product that also includes waterproofing and UV damage protection benefits like Thompson's WaterSeal's new Penetrating Timber Oil. This premium product nourishes and beautifies with a unique triple blend of fast-absorbing oils designed to provide coverage with just one coat.

Lastly, dress up the stairs or entryway of your deck by lining the edges with wood planters in various sizes filled with flowers, fresh herbs or other garden fare in vibrant colors and textures to add visual interest. HGTV/DIY Network star Jeff Wilson recommends sealing planter boxes with Thompson's WaterSeal Waterproofing Wood Protector—Clear Aerosol to help maintain wood's natural color and protect your pieces from water damage.

Comfort and visual appeal are equal partners with deck-orating; you're more likely to spend time outdoors if you can relax, entertain and dine in style. No matter what outdoor activities appeal to you most, the Thompson's WaterSeal website is a great place to start for inspirational ideas and product application tips to make the most of your outdoor living space this summer and for years to come.

**3. Deck-orate & Enjoy:** Once the stain or sealant has been applied, it's time to furnish and personalize your deck with accessories that are functional and design friendly. Select comfortable and eye-catching amenities that are dual purpose, such as wicker pieces or end tables that can double as pull-up seating. Accent pillows are an easy way to add a pop of color and personality to an otherwise neutral space. If your deck is in direct sunlight, consider blocking the blazing rays by creating a shady oasis with an all-

Thompson's WaterSeal Penetrating Timber Oil and Thompson's WaterSeal Waterproofing Wood Protector—Clear Aerosol are sold nationwide at The Home Depot.

Thompson's WaterSeal Penetrating Timber Oil is available in five colors: Natural, Pecan, Walnut, Redwood and Teak.

## Your Yard

### Choosing The Right Mulch

(NAPSA)—If you're looking for a simple way to add new life to a garden, boost curb appeal or spruce up your landscaping, it could be time to start mulching.

Mulch can improve the health of soil and plants by minimizing weed growth and retaining water and nutrients. Plus, a thick layer of mulch helps protect roots from cold weather and extreme heat—all while helping to define flower beds and "edge out" bushes and trees.

All mulch, however, is not created equal. Yard experts say using the right type can save you work and money in the long run.

For instance, mulch made from wood, gravel or straw often needs to be replaced a few times throughout the year. But mulch made from recycled rubber requires little to no maintenance and lasts years without fading, decomposing, compacting or losing its original beauty. International Mulch Company even manufactures recycled rubber mulches that look just like their natural counterparts. In addition to being used in gardens and beds, the mulches can be spread under playground equipment to keep children safe.

An added bonus: The mulch keeps tires out of landfills. In fact, by the end of the year, the company will have recycled more than 200 million pounds of rubber into a full suite of landscaping and playground products—from mulch to mats, and timbers to tree rings. Try these additional mulching tips:

#### Pre-Mulching

Thoroughly rake and weed the area you plan to mulch before adding any ground cover. You might also consider using landscape paper to prevent the growth of unwanted grass or plants in a mulched garden.

New types of recycled rubber mulch can be a low-maintenance, eco-friendly alternative to other ground covers.

#### How Much Mulch?

About 2.5 cubic yards of wood mulch will provide 4-inch deep coverage to 200 square feet of garden. But with rubber mulch you only need 1½ inches as it doesn't compact. You can find a number of mulch coverage charts and calculators online to help you get a more precise understanding of your needs.

#### Spreading Mulch

Generally, you'll only need a rake and shovel to spread mulch. Start with a pile in the middle of the area to be mulched and spread the ground cover toward the garden's edges. After the mulch has been spread, fill in bare or thin spots by hand and water thoroughly.

**Tips For Making Your Home Spectacular From Top Designer And Best-Selling Author**

(NAPSA)—What makes a house a home? The answer for Dena, acclaimed designer and author of "The Painted Home," is simple: Look at every room as an opportunity to reflect who you are by surrounding yourself with the things you love.

From the kitchen, a warm and welcoming space, to the bedroom, a haven for relaxation and dreaming, Dena offers a host of insider tips and practical, whimsical DIY projects in "The Painted Home" that can bring out the designer in anyone.

"There are countless yet inexpensive ways to transform the everyday into something special," says Dena. "With a trip to the flea market, some needle and thread, a glue gun and, of course, paint, there's no limit to what you can do to turn your home into a place that is uniquely yours."

Dena Designs' home products include everything from rugs and wallpaper to stationery and children's decor and can be found in more than 15,000 retail outlets, including Dillard's and Bed Bath & Beyond.

Dena's favorite DIY home design projects include:

Slip covers can be a great way to revamp a chair and show off your talent for design.

able. Dena recommends a white slip cover that provides a clean palette to let your inner designer flourish. Cut circles, leaves or any shape out of a mix of favorite fabrics. Place the slip cover on the chair and arrange the shapes. Use a simple over-and-under running stitch 1/4" from the edge of the fabric to add charm and secure the cutouts to your slip cover.

**Stenciled Wall:** Stenciling a wall is easy and inexpensive—and adds an interesting focal point to the room. Dena includes a stencil in her book, or you can create your own. Beginning at the bottom corner of the wall, adhere the stencil with low-tack masking tape. Put a small amount of acrylic or stencil paint onto a palette. Using a stencil brush, apply paint perpendicularly to the wall. Repeat the pattern until the wall is covered.

**Decoupage Plates:** To help create an eye-catching wall, Dena suggests grouping together a collection of similar objects, such as decoupage plates. Using thin paper, print copies of fabrics, colorful designs or family photos to adhere to clear glass plates. Cut the copies to fit the plates, leaving a 1/2" border around the edge. Use a foam brush to spread thin coats of Mod Podge on the back of the plate and the front of the image. Adhere the image to the plate and work out any air bubbles. Dena uses a cork to gently roll out bubbles. After the plate dries, use a metallic gold marker to create a border around each plate.

For the complete steps for these projects, visit [www.dena-designs.com](http://www.dena-designs.com). For a copy of "The Painted Home" by Dena, visit [www.amazon.com](http://www.amazon.com).

**Layered Glass Vases:** Create a one-of-a-kind centerpiece with a collection of different-sized, clear, cylindrical vases. Print out color copies of fabric or use wallpaper, sturdy gift wrapping paper or other patterned material. Use double-stick tape to adhere the paper to the inside of the vase. Insert a smaller vase into the larger one and fill with water and fresh-cut flowers.

**One-of-a-Kind Slip Cover:** Slip covers are a great way to revamp a chair and make it wash-

**Frozen Fruit Yogurt**

It's so simple! In just 10 minutes you can make delicious frozen yogurt by blending your favorite frozen fruit with plain yogurt! And it's low-fat!

- 1/2 ounces frozen strawberries, cherries or peaches (about 2 3/4 cups), or 10 ounces frozen raspberries (about 2 1/2 cups)
- 1 container (8 ounces) plain low-fat yogurt
- 1/2 cup sugar
- 1 tablespoon fresh lemon juice
- 1/8 teaspoon almond extract

1. In food processor, with knife blade attached, blend frozen fruit until fruit resembles finely shaved ice, stopping processor occasionally to scrape down sides. If fruit is not finely shaved, dessert will not be smooth.

2. Add yogurt, sugar, lemon juice and almond extract, and process just until mixture is smooth and creamy, scraping down sides occasionally. Serve immediately. Or, spoon into freezer-safe containers and freeze to serve later; let stand at room temperature 10 minutes to soften slightly before serving. Makes about 2 1/2 cups.

TIP: If you want to freeze fresh fruit yourself, spread a single layer of whole berries, pitted cherries, peeled and sliced peaches, nectarines or plums, or melon chunks in 15 1/2-by-10 1/2-inch jelly-roll pan; freeze until firm. When frozen, place fruit in freezer-weight self-sealing plastic bag and return to freezer to use within three months.

**I wasn't looking for a discount funeral. I was looking for an affordable one.**

Most "discount funerals" mean less money, less service, less attention to detail, less of everything. An affordable funeral is a complete funeral based first on the needs of the family, then priced to fit within their budget.
