To the West Point Rapid Responders and paramedics that came out to save our son's life on the morning of the 21st of July, 2017. We thank you from the bottom of our hearts, without you we would have lost him forever.

To the ER Staff, CCU Staff and 4th floor nurses at CRMC. We thank you for the care, compassion and love shown to our son and my family.

A special thank you to Dr. Hall, he stood with us in the most difficult time of our lives. He prayed with us, loved us and most of all loved our son. Thank you Dr. Hall!

And to the countless friends and family that showed to support Rusty and his family there are too many of you to list by name, but you know who you are...we thank you.

And to our Pastor's Dudley Brock and Malcolm Carter and all the rest that prayed and sent text of love and support. We thank you and we give God the Glory!

And one more thank you to a special Angel...our daughter Nichole who was in the right place at the right time...you saved your brother's life. We love you.

Taking certain omega-3 fatty acid supplements during pregnancy can reduce the risk of childhood asthma by almost one third, according to a new study published in the New England Journal of Medicine. One out of five young children suffer from asthma or a related disorder before school age.

In a population-based study published in the British Journal of Clinical Pharmacology, use of commonly prescribed acid suppression medications such as proton pump inhibitors (PPIs) was linked with an increased risk of intestinal infections with C. difficile and Campylobacter bacteria, which can cause considerable illness. Users of these medications should be particularly vigilant about food hygiene as the removal of stomach acid makes them more easily infected with agents such as Campylobacter, which is commonly found on poultry.

Despite recommendations, less than 45 percent of adults younger than 40 years with an elevated low-density lipoprotein cholesterol (LDL-C) level of 190 mg/dL or greater receive a prescription for a statin, according to a study published online by JAMA Cardiology. Cardiovascular disease affects 1 in 3 patients and remains the leading cause of death in the United States. Severe elevation of LDL-C levels is a modifiable risk factor for developing premature cardiovascular disease. Treatment with statins is recommended for all adults 21 years or older with an LDL-C of 190 mg/dL or greater, with treatment appearing to reduce the risk of death and result in cost savings for health systems.

*The Innovative Mattress Solutions credit card is issued by Wells Fargo Financial National Bank. Special terms apply to qualifying purchases charged with approved credit. The special terms for 5 years (60 months) APR will continue to apply until all qualifying purchases are paid in full. The monthly payment for this purchase will be the amount that will pay for the purchase in full in equal payments during the promotional (special terms) period. The APR for Purchases will apply to certain fees such as a late payment fee or if you use the card for other transactions. For newly opened accounts, the APR for Purchases is 28.99%. This APR may vary with the market based on the U.S. Prime Rate and is given as of 07/01/17. If you are charged interest in any billing cycle, the minimum interest charge will be \$1.00. Offer expires 07/30/2017. Prior sales excluded. Art is for representation purposes only; actual product may vary. All beds not available in all stores, but may be ordered at customer's request. Free delivery applies to purchases over \$599. Free boxspring offer with select mattress purchase. Please see store or website for complete details. Offers cannot be combined.

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

Looking For A Special Pre-K?

We have an excellent pre-K at KidZone Learning Center, LLC. Our pre-K exceeds the Head Start program.

- Reading - recognition of vowels, consonant, letter and sound blends, sight words and color words
- Math - count to 100, recognize numbers 1-20, addition/subtraction, patterns, shapes & opposites
 - Spelling - first and last name, and spelling challenges to help with thinking skills
- Science - planets, order and facts about each, animal habitats, plant growth and cycles, weather, seasons, colors blends, cause and effect
- Social Studies - facts about our home living, Alabama and surrounding states, Presidents, community helpers and holiday significance. We start each day with the Pledge of Allegiance.

Our lessons cover much more than is required to make sure each child is ready for kindergarten

Why is our pre-K class so great?

Our one year old room teaches the basics such as; small and large muscle activities, letters, sound games, shapes, songs and colors as we transition from our ones to our two year old room we recognize letter sounds, counting small numbers, colors, animals and their sounds, finger plays, educational songs, as well as friendly group play and sharing. In the three year old class they will begin getting ready for our pre-K class learning letters and sounds, counting to twenty, learning to trace and write their name, recognizing colors, days of the week, months of the year, each child's learning skills are evaluated and though each child is allowed to learn at his/her own pace we work to prepare each child so that they know the proper skills when entering our pre-K program.

KidZone Learning Center accepts children ages 3 weeks to 12 years. Accepting enrollment in all age groups. We look forward to have you visit our center.

Saving You MONEY

IS WHAT WE ARE ALL ABOUT

We Are Proud To Be Part of The North Alabama Owned

Local North Alabama, Folks Serving North Alabama Folks! We Truly Appreciate Your Business

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
