Okoboji Community School District Facility Assessment - Community Workshop

An Okoboji Community workshop will be held on Wednesday, August 9, 2017, at the Okoboji high school gymnasium. The first workshop with the community held in June, engaged discussions with community members, District staff and administration regarding potential modifications to the District that will enhance the learning environment, thus supporting the District's goal of Pioneering Pathways for Every Student. Attendance was good, with staff, the general public, and the administration in attendance throughout the day. The next workshop will include summary of RSP enrollment and demographic findings plus site and plan options development. The public is welcomed and encouraged to come participate in discussions during this time.

Don't miss this opportunity to "Party like Petty". The music of Tom Petty has become the soundtrack for the 20th century and beyond. Tom Petty has sold over 80 million records, including many number one singles. His songs are heard everyday on a variety of radio formats. Based in Minneapolis MN, Free Fallin is made up of six gifted musical artists that blend their extraordinary talents to honor the music of Tom Petty. The perfect blend of songs, musicianship, costumes and onstage charisma has earned Free Fallin a glowing reputation, over the past 10 years, as one of the finest tribute acts in the country. Don't miss this show.....Come on out and "Party like Petty."

Anniversary Celebration

The families of Duane and Ann Wulf, Ron and Joni Tschetter, and Tim and Jody Gunderson would like to invite you to join them as they honor their parents (grandma and grandpa), Jon and Peggy Gunderson, with an open house reception to celebrate their 50th wedding anniversary. The reception will be on Friday, August 11, from 5:00 to 7:00pm, at the United Methodist Church Fellowship Hall in Lake Park. Please, no gifts. Anniversary wishes can be sent to them at 1777 140th Street, Lake Park, Iowa 51347.

Saxophonist Jim Schroeder, who performs with the Dick Bauman Big Band each Monday night at the Pearson Lakes Art Center, also doubles on the keyboard, with The Le Mars - based Jammers, as he did Friday night at Boji Bay. Jammers' vocalist / guitarist Gene Nussbaum is at right.

GROUP EFFORT - Hayden and Mason Zuspann, of Fort Dodge, with Crappie, Walleye and Yellow Bass caught on July 21, 2017.

Music spans generations

Sometimes we learn things at the strangest times in the strangest places. Friday night was one of those times. And Boji Bay's Legacy Park was the place, when The Jammers opened for the 1910 Fruitum Company and Boji Bay CEO Tom Golden introduced The Jammers as, a Le Mars - based group he had worked with for many years.

Was that Dr. Jim Schroeder from the Dick Bauman Big Band at the keyboard? It sure looked like him. But we never knew much more about Jim than his sax work with the DBBB. Yes. It was Jim at the keyboard - with his sax close at hand. He split his time between sitting at the keyboard bench and standing with his sax.

As Jim explained at intermission, he and Tom have known each other for about 50 years, when he played in the Sioux City - based Rhythmaires with Tom's father Jerry, the drummer for the band that was a conventional four - then six - piece dance band of the day, and played in all sorts of venues, ranging from barn silos to The New Inn! Jim has a lot of great stories to tell of the bands he worked with over more than five decades - most of which you'll probably never see in print!

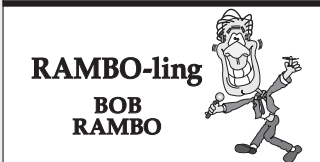

Had we skipped Friday night's Boji Bay show we might have never known the history. And we would have missed what was perhaps the best line of the night after a fine opening performance, when Jim left the door open for another obvious question. "We couldn't even play some of our best songs, he said with a laugh." Why? "They were on the set list for the main attraction!"

Now Paul Harvey, you know the rest of the story... While the Fruitum Company's "Bubblegum" music is fun, there's more fun coming up at Boji Bay Legacy Park in addition to its regular weekend schedule.

Sunday afternoon's Joy of Life concert will have three bands performing from 4 - 8:00, including The Lake Patrol, Rock à La Carte, and the Omaha - based Element. The show has been put together by SLHS alum - turned SDSU nursing student Morgan Walz, whose mother passed away about two years ago shortly after being diagnosed with Melanoma (skin cancer). A free-will donation will be taken, with proceeds going to Melanoma research and Lakes Regional Healthcare.

If you can't make the concert, we're told that Central Bank is a repository for other gifts to the Joy of Life Foundation. The concert will be fun with a serious purpose...

As noted here last week, there's another benefit this weekend, with Glenn Henriksen performing during and after Friday night's Uff da Scandinavian Feast at Okoboji Lutheran Bible Camp in Milford. Dinner will be 'served' starting at 5:30, with the concert to follow. Yes, Glenn is also scheduled to perform his regular house concerts, tonight and Wednesday...

Rick Ayres is also doubling his duties this week, starting with his Jazzed Up Big Band of Okoboji, tonight, at 7:00, in the Majestic Pavilion. Then Rick will be leading the Okoboji Jazz Sextet, composed of Justin Kisor, C. J. Koehler, Jim McKinney, Michael Anderson, and Greg Olson, along with Rick - on trumpet, saxophones, vibes, bass, drums, and trombone, respectively - at the Little Swan Lake Winery, Thursday night, from 6 - 8:00... Damon Dotson will be taking the barn stage, Sunday, from 4 - 6:00...

Thursday night's IRRMA Rock The Roof session in the Roof Garden will have the TJ Express opening for the annual Elvis Night, starting at 6:00...

And, Amber Norgaard will be singing in front of the courthouse steps in Spencer for Thursday night's Main Street Market, which opens at 5:00, with music at 6:00...

Boji Bay's Legacy Park will be hosting Free Fallin', a Tom Petty tribute group, Friday night, with Murphy Brothers as the opening act, at 7:00...

After last week's appearance in Spencer, The Itty Bitty Boji Band will be playing Friday night in the Lake Park City Park, from 8 - 10:00, as a part of Lake Park's quasiquintennial celebration. Then, the IBBB will be playing at the Hap Ketelsen Community Center in Everly, Saturday night, from 7:30 - 11:00 - a long night for Boji Bill and company and dancers from miles around...

The Beyond Blue Trio will play Friday night, in the Lounge at The Inn, from 6 - 8:00... The rock group Chuck Prophet will be the Live at the Lake entertainment, Saturday night in Preservation Plaza...

With Sunday explained above, we're left with just Monday's performance by the Dick Bauman Big Band, starting at 7:00 in Pomerantz Hall at the Pearson Lakes Art Center...

Research director RD is recommending a root beer float and/or ice cold watermelon this week as relief from the August heat, as Watermelon Day is Wednesday, and Root Beer Float Day is Sunday. Suggested music for the celebrations would include Watermelon Weather, a rare Hoagy Carmichael composition recorded by Perry Como, and as a duet by Bing Crosby and Peggy Lee. There's also Herbie Hancock's much jazzier Watermelon Man...

RD managed to find a root beer song, too - Root Beer Rag, written by Billy Joel, and included on his 1974 album Streetlife Serenade. The ragtime-flavored instrumental was also used by Andre Kostelanetz in 1975, on the movie-themed album Murder on the Orient Express...

If Elon Musk has his way, Joe Harnell's recording of Fly Me to the Moon could take on a new significance as soon as next year. Harnell was born on August 2, 1924. Fly me... is a 1963 hit in Bossa Nova style, written by Bart Howard. But Harnell earned a Grammy award with it as the best pop instrumental performance of the year...

Tony Bennett, who turns 91 on Wednesday, recorded Fly Me... two years later. Today his rendition is used behind commercials for a stock brokerage firm...

Another cause for celebration is Saturday being Sandcastle Day. Few childhood memories are looked back upon more fondly than building sandcastles on the beautiful beaches of the Iowa Great Lakes. Frank Sinatra recorded the song Sand and Sea in his 1966 album, That's Life, which was something of an anomaly, because the title song became a top five hit in an era dominated almost totally by rock music...

Many of you understand that we have a squirrel problem in our neighborhood. It is our mindset that the only good squirrel is Rocky, the Flying Squirrel. And he has been suddenly silenced with the passing of June Foray, who died last week.

Foray, 99, made a very good living doing something that would have been impossible when she was born in 1918. As a cartoon voice-over artist, Foray was the voice of Rocket J. Squirrel, and countless other Warner, Disney, and Hanna-Barbera cartoon characters - including that of Natasha Fatale, in the Rocky Show, before retiring in 1998.

Yes, we're going to miss the talent that made Foray known as "The Female Mel Blanc." That's all folks...

All the news that fits we print.

Farmers Market News

Located at Dickinson Co. Fairgrounds
15th Street & Peoria Avenue, Spirit Lake, IA 51360

Summer is the season for grilling and fresh vegetables are great on the grill. Before seasoning and grilling your vegetables toss with a light coating of olive oil. Vegetables can go straight onto the grill grates or you can put them in a grilling basket or on skewers if they are small enough to fall through the grates. Vegetables can also be grilled in a foil packet. Spray heavy duty foil with non-stick spray, fill with a single layer of vegetables, fold and crimp. Grill for 10 to 12 minutes. Most vegetables will be done after 6 to 15 minutes, depending on their thickness. If you're not into grilling, many vegetables can be sauteed, or roasted instead of just boiling them.

No matter how you like to cook your vegetables, you can find fresh ones at Lakes Area Farmers Market. Right now you should be able to find green beans, onions, potatoes, zucchini and summer squash, sweet corn, cucumbers, beets, cabbage, tomatoes, and some garden tomatoes. Here are a few vendors who have some of those vegetables.

Dave Stoeber from Tannenbaum Trees comes to the Farmers Market from Milford. He grows a large variety of vegetables, such as tomatoes, cucumbers, zucchini, squash, pumpkins, and also has strawberries and raspberries in season. His fall raspberries are just starting.

Karen and Vince Bezdeck drive from rural Jackson, MN, to bring you sweet corn, beets, cucumbers, pumpkins and squash. They have some of the sweetest sweet corn that should be arriving soon.

Dennis McDonald is from rural Spirit Lake. On his acreage he grows tomatoes in his hoop house and also has onions, potatoes, squash, pumpkins, and other vegetables.

Lakes Area Farmers Market is indoors so we are there rain or shine, hot or cold. Shop early for the best selection; we open at 7:30am on the fair grounds in Spirit Lake. We hope to see you there.

It's the "Dog and Cat Daze of August" at Bijou Gallery

"This Thursday at Bijou is for the animals," explained owner Kathryn Buckley. "Starting with our First Thursday Gallery Day event and running through Sunday, 10% of all sales of items depicting dogs or cats will be donated to The Humane Society of Northwest Iowa. We thought it would be a great way to add to what's generated with the Hoedown fundraising event at the Rolling Oaks Barn, this Thursday evening. "And there's no shortage of dog and cat art at Bijou," added Buckley. "We're big on animals and have many fun things - from art prints to coffee mugs, photo stands, engaging glass sculptures and more. You can check out a few of them on our Facebook page @ Bijou Gallery of Iowa."

Bijou Gallery is just one of the stops you'll want to make during First Thursday Gallery Day - an event which showcases the variety, creativity and quality of the fine art and crafts to be found in the Lakes Area. Participants include: Art On 16th in downtown Spirit Lake, 712-336-6881; Bijou Gallery at Center Lake Plaza in Spirit Lake, 712-759-1946; Summerwind Gallery in downtown Arnolds Park, 712-332-5906; The Wine Bar & Art Gallery in downtown Arnolds Park, 712-539-1351.

For more details, contact any of the participating locations, or you can check things out on Facebook @ First Thursday Gallery Days - Iowa Great Lakes.

PRINT MARKETING vs DIGITAL MARKETING

CONSUMER BEHAVIOR & NEUROMARKETING PRINCIPLES

One of the most common questions that I get from new clients is "should I focus on digital ads or print ads?" There is no easy answer to this question, but my general answer to that question is both. And, for the clients that want to move completely digital, there is new data out that suggests you should put the brakes on that thought and rethink.

Why? Simply put, it's about how our brain works. In a recent study, based on brain scans, a print ad appeals more to the part of the brain that has the highest correlation with advertising effectiveness than a digital ad. Brand recall is up to 70% higher in print advertising than in digital media. In a study that measured 1,400 campaigns using a variety of ad venues, print advertising resulted in the highest return on ad spending. Consumers are 70% more likely to remember a company name from a print ad than a digital ad. There is also a 75% print ad recall, (meaning they remember the ad) in comparison to a 44% digital ad recall.

Generally speaking, consumers tend to be more relaxed and focused when they read print magazines or newspapers. As a result, they are less likely to be distracted by other options and they therefore make decisions more quickly and are generally more likely to feel satisfied with purchases they make in this mindset.

Researchers are just starting to understand the neurological pros and cons of online versus print advertising. But, it may come as no surprise that print and digital media excel in different areas. One of the most notable benefits of print ads is that they are better at stimulating emotions and desires. Engaging with a physical ad can also improve recognition and recall because paper stimulates more senses and is therefore more real to the brain. And for those of us trying to build a brand that connects emotionally with our customers, to create brand loyalty, it builds a case for continued print ad spending.

So, you may still be thinking, who reads print anymore? It comes as no surprise to me that based on this study, magazine readers are wealthy and well educated. However, they also found that the Millennial did not get lost, as data shows 95% of Americans under the age of 25 still read print magazines. And that's the real story.

Miss Amazing Receives Donation from Milford Family Care

Iowa's Miss Amazing, Lynn Murphy, recently stopped in Milford Family Care with her mom, Lori, where they were surprised by the staff who presented Lynn with a check to help support her travel expenses for the national competition approaching in August. The clinic staff has established a fun tradition of donating a dollar each Friday to wear jeans to work. They've been pooling those dollars for several weeks, in anticipation of being able to surprise Lynn with their gift of financial support along with their cheers and encouragement for her. All members of the staff contributed toward the fun surprise. Pictured with Lynn and Lori are registered nurse Monica Rice and Vicky Siemers, Advanced Nurse Practitioner. Lori shared that representatives from 30 states will be participating in the national Miss Amazing event. Lynn was selected as Iowa's Miss Amazing after competing in a talent show, where she danced with her father, and interviewed with four judges. The participants also participate in a formal gown presentation. For more information you can check out the website at www.missamazing.org. Best of luck to Lynn!

City Meat Market • Archer, Iowa • Circa 1909

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji area and Iowa history - Milford, Iowa.

The town of Archer was named for John H. Edmonds & Londergan & Co., C.S. Goodrich, B.S. Archer, who owned the land upon which the town was platted. He was an extensive farmer and, at the time, was largely interested in the town, but resided in Sheldon where he was also interested in banking. The town was platted in 1888, and incorporated in 1902, with W.J. Sinyard as the first Mayor. The Railroad was built in 1887. This photo of the City Meat Market might be the Joseph Lamkin Store. I'm sure the owners lived upstairs.

Other early business names were Goodrich & Co., Garrett Vander Schoor, Chris Peterson, Jacob Duintstra, Henry Teimens, Mrs. John Tanner, John Ham, A.J. Byers, Henry Kleinheksel, Joseph Lamkin,

Edmonds & Londergan & Co., C.S. Goodrich, B.S. Renswick, C.M. Pederson, Dr. M.D. Kiely.

The museum displays many pictures and advertisements of O'Brien County including Archer, Paullina, Primghar, Hartley, Sheldon, Sutherland, Moneta, Germantown as well as all other 98 counties in Iowa. REAL ESTATE ROUNDUP

Presented by RE/MAX Lakes Realty

Welcome back folks. The feeling this time of year recurs like clock-work. You know...that feeling when the beginning of August is here, but you feel like the 4th of July was last week! August always inches us back to college and NFL football, kids going back to school (far too soon by the way) and the local businesses scrambling to find employees because their help has packed their cars and headed back to college. At least a few times a year, I cringe at the complaining and whining because of uncontrollable slower service caused by extremely depleted staffs. Give these hard working servers, managers, and owners a break. They are working harder than most this time of year to try to make you happy.

Not much has changed since our last evaluation of the local market. Sales on lake homes have been slower than anticipated, so you might see some pricing adjustments there, and there are other price points off-lake and in town that are doing better than expected, but not much change to discuss there as well.

A subject I want to hit on this week continues to have a huge impact on the real estate market and how real estate sales and marketing is being completely reshaped by our old friend, "technology". In the last 5 years, this industry has been inundated with new marketing tools like video tours, drone footage, 3D modeling, saved search emails, social media marketing, numerous apps, search kiosks, retargeted property ads, and so much more. In addition to adapting to new marketing tools, some real estate brokers are being pushed into new business models such as 100% online "offices", hybrid offices, paperless back-office, online e-signed transactions, and so much more. There is so much change happening in the industry, it does make it difficult to stay caught up. One thing is for certain, and many brokers and agents don't want to accept it, but the buying and selling of real estate is becoming much less "personal", and much more "transactional". Properties are being bought and sold many times without ever even meeting the client face-to-face. It sounds crazy, but it's very real, and the shift is being driven by millennials who are accustomed to instant answers, instant transactions, and are focused on the process more than the personal interaction. At RE/MAX Lakes Realty, we understand that a total shift has not occurred yet, but our industry is in the midst of that shift. At RE/MAX Lakes Realty, we pride ourselves on offering the very best personal service in the industry, and will continue to do that. We understand and welcome our clients that prefer that personal touch and we embrace it, and will continue to offer those services like we always have. However, we have been, and will continue to be an industry leader in the technology necessary to compete in the future. We are proud to have had the vision to invest heavily in the future of this industry, by spending the last 5 years developing an online marketing and transaction platform that integrates with our websites, our clients, our agents, and our one-of-a-kind custom APP. In fact, we have positioned ourselves already to be prepared to be 100% online firm if our real estate market would ever totally demand that. Our investments in online marketing and development of technology tools described above are part of a long-term effort to be the office of choice for buyers and sellers alike. We will continue to reach ahead of the curve in order to be the one and only choice to provide real estate related services to our buyers and sellers. Whether you prefer 100% face to face service or prefer to be all about the process, we provide our clients with all options. When you think of real estate, we want you to think of RE/MAX Lakes Realty.

2017-2018 Youth in Philanthropy Application Online

The Okoboji Foundation Youth in Philanthropy Initiative is an annual program for area high school students, empowering them to make a lasting positive impact in our Lakes Community.

The 2017-18 Youth in Philanthropy Application is available on the Okoboji Foundation website through September 8, at www.okoboijfoundation.org Click on YOUTH Tab.

Students receive community service hours as they learn about the work of the Okoboji Foundation and other nonprofits in the Lakes Community. Students also participate in fundraising for their own grant process and recommend awards to vital nonprofit projects. In the first seven years of Youth in Philanthropy students have raised over \$200,000 for community grants steered by student decision.

All high school students interested in personal development, community awareness and leadership skills are invited to apply. YIP participants from previous years are invited to reapply. All applications will be read and scored by YIP Steering Committee without knowing names of the applicants. Up to 25 students will be selected to participate.

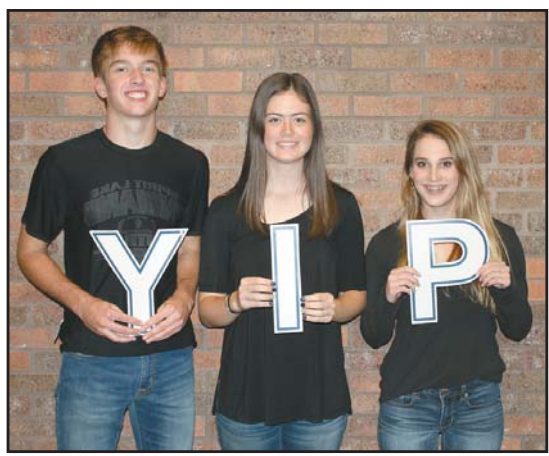

Eligibility: Students who attend area high schools and are interested in making a lasting positive impact in the Lakes Community are eligible. Applicants should commit to attend YIP meetings one Wednesday per month from 6:00 – 7:15 p.m. from October through May. Applications must be received on or before: September 8, 2017

Students will be contacted by email and/or phone supplied on application with further information about participation by September 25, 2017.

Through the generosity of community donors, Youth in Philanthropy has awarded YIP Grants to assist with these capital projects since the beginning of this student leadership initiative in 2010:

LETTERS TO THE EDITOR

Letter to the Editor:

I want to thank the community for coming together and enjoying the events planned for the 125th Quasiquintennial/Pioneer Days Celebration that took place July 17-23, 2017, and making them a success. The events were well attended with many enjoying themselves and numerous pleasant comments.

This was a huge week-long event and wouldn't have been possible without the people who helped plan, prepare, work during the events, and clean up after the events. It truly is a community event from the committee planning it to the people sponsoring and working the events. Thank you for helping make the week-long events possible! Thank you to the local churches for hosting the social gatherings and meals each evening leading up to the weekend activities. I would also like to thank Milford City employees for their extra time in making our parks beautiful, cleaning our streets and putting up signs. Thank you to the Milford Police Department for keeping us safe. And thank you to Milford Municipal Utilities for providing all utility needs and to all who assisted in parade control.

Respectfully,
Carrie Funk, Quasiquintennial Chairperson

Soil Health and Cover Crop Field Day Planned for August 9

Iowa Learning Farms, in partnership with Clean Water Alliance and Dickinson County

The field day will be held at the Boettcher farm: 2208 130th Street, Spirit Lake. From Spirit

Soil and Water Conservation District, will host a soil health and cover crop field day near Spirit Lake on Wednesday, August 9. The 5:00-7:00pm event hosted by John and Kristy Boettcher is free and open to the public. It will begin with a complimentary dinner.

Farmer host and speaker, John Boettcher, began strip-tilling corn and no-tilling soybeans eighteen years ago to reduce time constraints in the spring when establishing seed crops and has continued to use the practices for soil conservation benefits. In 2013, Boettcher added cover crops to his operation as a way to improve soil health and reduce soil erosion. Using a variety of species, his goal is to mimic the benefits of alfalfa in the rotation ahead of corn while also providing a feed source for his livestock through grazing.

Also speaking at the field day is Doug Peterson, Natural Resource Conservation Service soil scientist, who will discuss how managing soil health can increase your farm's potential. Iowa Learning Farms researchers Ann Staudt and Liz Juchems will share results from cover crop projects examining species selection, seeding techniques, water quality and soil health indicators like earthworms.

The Field Day is part of the Prairie Lakes Conference that is held at Arrowwood Conference Center in Spirit Lake on August 10 and 11.

Lake at Highways 71 and 9, head west on IA-9 for three miles. Turn right on IA-86N for two miles. Turn right to head east on 130th Street and keep right to stay on 130th Street for about 1.7 miles. Tent will be located on the south side of the road.

The workshop is free and open to the public, but reservations are suggested to ensure adequate space and food. Contact Liz Juchems at 515-294-5429 or email ljf@iastate.edu.

For more information about Iowa Learning Farms, visit the website: www.iowalearningfarms.org.

Established in 2004, Iowa Learning Farms is building a Culture of Conservation, encouraging adoption of conservation practices. Farmers, researchers and ILF team members are working together to identify and implement the best management practices that improve water quality and soil health while remaining profitable. Partners of Iowa Learning Farms are the Iowa Department of Agriculture and Land Stewardship, Iowa State University Extension and Outreach, Leopold Center for Sustainable Agriculture, Iowa Natural Resources Conservation Service and Iowa Department of Natural Resources (USEPA section 319), Conservation Districts of Iowa, Iowa Farm Bureau, Iowa Water Center and Practical Farmers of Iowa.

Get ready to shop and save northwest Iowa, with a new and unique outlet experience. MH Designer Outlet will be having a Grand Opening on August 5, at the store located at 1019 South Grand Avenue in Spencer.

This unique store hopes to enrich the shopping area of Spencer, with all the profits and proceeds of the store going to support local and global missions. At MH Designer Outlet, customers will be able to find high-quality designer clothing items up to 75% off the original department store price. "We offer some amazing major designer brands at MH Designer Outlet including Ralph Lauren, Calvin Klein, Michael Kors, London Fog, Giacca, Tommy Hilfifer, Free People, Jessica Simpson, and many more. We will offer women's clothing, men's clothing, shoes, accessories, active wear, and plus size items," says store manager, Karmen Brown.

MH Designer Outlet is an extension of the Many Hands Market. The two stores will share the same location, with customers able to access the outlet store expansion by first entering through the Many Hands Market. Though the stores will share a manager, Karmen Brown, they will remain their own establishments.

"We are excited for the opening of MH Designer Outlet and the blessing it will provide. First, we will give the public the chance to shop and save in big ways. Second, just like the Market, all profits will support mission work locally and globally. Shoppers will be able to save money on brands they love while making a difference in the world."

Since 2015, the Many Hands Market in Spencer has donated over \$20,000 in support of local non-profit causes. This doesn't include \$3,025.50 in vouchers to help local families in need during 2016. It has also helped fund work done by Many Hands for Haiti, the non-profit owning organization of both stores.

The outlet will be open Monday through Friday from 10:00am-6:00pm and Saturday from 9:00am-5:00pm, with the grand opening on Saturday, August 5, starting at 9:00am. Find out more by following MH Designer Outlet on Facebook or visiting www.mhoutlet.com.

Road Trip Dooming Twins

I apologize to Minnesota Twins' fans everywhere as I did my normal jinxing of a team that I like and write positive things about when I praised them in my June 27th column for a great first half of the season. Since that article the Twins played average baseball for the most part until this recent West Coast road trip that has appeared to put an end to any playoff dreams the Twins had and turned the Twins into sellers instead of buyers as the MLB trade deadline approaches.

What a difference a week can make in baseball as just last Monday the Twins had traded the Braves for starting pitcher Jamie Garcia and were starting their road trip in second place with a 49-48 record trailing the Cleveland Indians by just two games. Since then, the Twins have gone 1-5, traded Garcia to the Yankees, pretty much showing that they have given up hope for making the playoffs, and now find themselves in third place behind two red-hot teams, the Indians and Kansas City Royals. The main culprits for the bad road trip has been a bullpen that can't hold a lead and an offense that hasn't put teams away when they had the opportunity. Minnesota has held a lead in every game during this current road trip, including four leads in the 8th inning or later which turned into losses. The starting pitching and early hitting has been great during the trip, but the bullpen can't hold a lead and the offense goes stagnant after the 5th inning. Adding to the misery is that Kansas City and Cleveland have both won 9 out of 10 games to put a lot of distance between themselves and the Twins, who now find themselves 7 games out of first place and 5 games out of the Wild Card race.

I guess we should be happy that the Twins were in contention for a playoff spot late into July, but it sure is disappointing to see them slide like they have on this road trip. As of our press deadline (11AM), the Twins haven't traded ace Ervin Santana or closer Brandon Kintzler, but there are rumors out there that still could happen before the 3PM CST Trade deadline. If that happens, we Twins fans know that we can turn our full attention to the upcoming football season as we will know the twins are officially giving up on this season and building for the future. Let's just hope that future is soon and will include the Twins first playoff appearance since 2010!

To The Editor:
New Revelations From Donald Trump Jr.
On July 14, 2017 the New York Times reported a meeting between Donald Trump Jr. and Russian operatives that took place about one year ago. Trump Jr. then was forced to acknowledge, that in June 2016, he had met with Russian lawyer, Natalia Veselnitskaya and two other Russians, who promised damaging information on Hillary Clinton's campaign. This, after repeated claims by the White House and Trump Jr. himself that there had been no such meetings with Russians. He told the New York Times in March, 2017 that he had never met with any Russians while working in a campaign capacity. Trump Jr. now released his email exchange about the meeting which totally contradicts his earlier denials.

It all started on June 3, 2016, with an email to Trump Jr. from Rob Goldstone, an intermediary for the Russian group planning the meeting stating: "In the meeting, they offered to provide the Trump campaign with some official documents and information that would incriminate Hillary and her dealings with Russia and would be very useful to your father. This is obviously very high level and sensitive information but is part of Russia and its government's support for Mr. Trump." Best, Rob Goldstone. Trump Jr. emailed back: "Thanks Rob, I appreciate that. I am on the road at the moment but perhaps I just speak to Emin first. Seems we have some time and if it's what you say, I love it, especially later in the summer. Could we do a call first thing next week when I'm back?" Best, Don

After the NY Times disclosure, Trump Jr.'s first statement about the meeting was "We primarily discussed a program about the adoption of Russian children, but it was not a campaign issue at the time and there was no follow-up." He also stated that no useful information was gathered. This statement seems highly misleading in the light of the published emails. Potential problems also exist for attendees then Trump campaign chairman Paul Manafort and Trump Sr. son-in-law Jared Kushner who failed to report the meeting on his security clearance form. Non reporting of this meeting on the security clearance document is a punishable crime. Sometime later he amended his submission to include the meeting.

It will be interesting what special counsel Robert Mueller makes of all this.

The median sale price rose 5.8 percent in June when compared to June of 2016. \$165,000 was the median price last month compared to \$156,000 last year in June.

The Days on Market Report continues to show homes selling faster and faster. Last month homes sold on average in 72 days. In June 2016, days on market was 75.

"Late Spring and Summer are very busy in real estate. For the past several years, June and July have had the most properties sold. The record number of homes sold last month shows that Iowa isn't a secret anymore. Many of our metro areas continue to see steady growth each year. Iowa's good economy, low cost of living and a great lifestyle are appealing to people of all ages," stated Cindy Miller, IAR President.

2017 continues the positive trends in real estate. Statistics for the second quarter increased in comparison to the second quarter of 2016. Median price rose 4.7 percent in the second quarter of this year when compared to the same period last year. Days on market fell 6 days in Q2. Sold homes rose 2.3 percent in Q2 compared to last year. Year-to-date sales rose 3.5 percent compared to the first 6 months of 2016.

The information used to create the IAR June 2017 Housing Trends Report was current as of July 20, at 1:30 p.m. The information is subject to change due to the dynamic nature of the IAR's housing statistics system, which is updated hourly based on information present in local participating MLS (multiple listing service) systems.

Growing Girls Hockey

Lakes Area Hockey Association had its first ever 12U girls hockey team in 2016, consisting of 15 girls, ages 8-12 who bravely stepped on the ice, played over 20 games and gained the recognition as the team that never gave up. These girls are excited to return to the ice again this season and welcome new teammates.

Due to the growing interest, Lakes Area Hockey Association is looking to offer two options for girls interested in playing. For the 2017 season, in addition to our 12U travel team, a low cost, recreational program has been developed. The "Rec League" is designed to help teach basic skating and hockey skills.

The "Rec League" consists of two 8-week seasons. The fall season starts on Saturday, October 14, and ends on December 9. The winter season begins on January 6, and ends on February 25. The cost of the 8-week season is \$30 plus an annual USA Hockey Membership fee of \$48. Hockey equipment and skates will be provided on a first come first served basis for participants new to hockey. The Rec League is available to boys and girls, who based on age, will be split into instructional groups.

For girls who are comfortable skating and look to play in a more competitive environment, we invite you to try out for the 12U (11 and 12 years old) team, and there is the possibility of a 10U (9 and 10 years old) team this year, depending on interest.

To learn more about the Lakes Area Girls Hockey Program or to register, attend the informational meeting on Monday, August 14, at 6:30pm at the Boji Bay Ice Arena. A floor hockey demonstration and opportunity to "shoot the puck," will be available for the participants. A helmet, shin guards, and stick will be provided. Participants should wear athletic shoes if participating in floor hockey.

The Lakes Area Hockey Association, located at the Boji Bay Ice Arena, 3800 Sunner Avenue, Spirit Lake is a not-for-profit organization whose mission is to create, nurture and sustain ice-related sports and recreation programs that teach and improve skills; to foster sportsmanship, teamwork, and enjoyment; and improve fitness. These programs aim to serve and meet the interests throughout the corridor.

Anniversary Announcement

Dwayne and Connie Sidles, of Terril, are celebrating 50 years of marriage! They fell in love while Connie was becoming a nurse and Dwayne was working with his family's house moving business and serving in the National Guard. They were wed in the Lutheran Church at Terril on August 6, 1967, but ended up members of the Methodist Church where they remain active. They have shared many joys in their time together. They became parents to Natalie and Nathan, in-laws to Craig and Marisa, and grandparents to Brooke and Courtney. They purchased a house and farm together in Terril and have enjoyed raising all sorts of animals, from traditional farm stock like cattle, hogs, chickens, dogs and cats to novelties such as bison, fox, and Canadian geese. As job and family responsibilities have slowed, they have become travelers, enjoying visits to family in Arizona and North Carolina and even heading offshore to the Bahamas.

Please join their family in congratulating them on 50 years together and wishing them many more joyful years of marriage! Greetings may be sent to them at 2343 340th Street, Terril, Iowa 51364.

IGL TeleConnect recently completed a significant capacity upgrade of its network in Sioux Rapids, which allows even more businesses and residents to access its fast, reliable services. In 2017, the company has also launched service in Terril, Dickens and will soon be in Peterson.

As part of IGL TeleConnect's five-year anniversary, the company is giving away nearly \$1,000 in prizes through their Facebook page as well as giveaways to new customers who sign up during the month of July.

Echo Plus Day Habilitation Program Gives Back

The Echo Plus Day Habilitation program, a division of Hope Haven Inc, recognizes the importance of giving back to the community and is constantly searching for ways to do this.

The vision of Hope Haven is community committed to the special creation of God that is the human being; encouraging the realization of dreams, desires, and aspirations, valuing gifts, talents, and contributions, sharing accountability for individual and community growth. In Spirit Lake and other surrounding areas Hope Haven offers many services for people with Disabilities. The Day Habilitation program is one of the services that are offered in the Lakes area. This program is person-centered. It gives participants more choices over their daily activities. They have the opportunity to explore new areas of interest; become more involved within their communities; develop communication and interpersonal skills; and set and pursue personal goals.

Throughout our community persons served and staff strive to do many volunteer activities for other non-profit organizations. Clients are currently volunteering at; Nursing Homes, Day Care Centers, Churches, Meals on Wheels, Libraries, Shelters, Humane Society, and cleaning some of the local beaches. Various volunteer activities include stuffing bulletins, cleaning and organizing, taking care of the needs of animals, boxing things up to donate, making things to donate, reading to children, etc. Other activities clients and staff have been involved with include adopt-a-family project over the Holiday Season, Fundraise for Special Olympics and fundraisers for local residents that have lost everything in house fires.

An upcoming project in the planning stage is to begin working on making blankets and meals for community people in need. The focus is to help those recovering from illnesses that are in need.

Just recently persons served volunteered at Harbor of Joy Lutheran Church in Milford, doing gardening and sanitizing where needed. One of the church's recent projects has been to update and remodel the nursery. Volunteers chose to help raise the funds for this project. In May and June each individual in the Day Hab program was given the opportunity to take one of the donation containers home and collect from friends, family etc. On Sunday, June 25, several members of our Day Hab group attended Harbor of Joy's church service and presented them with a \$400.00 donation to help with the remodel of the nursery.

Hope Haven/Echo Plus wish to thank the community for their support and the opportunities being provided in so many ways that open the door for individuals with disabilities to participate fully within their communities.

Tales of Tails

by Maryanna Hubbard

Thursday, August 3, is an important day for all the “tails” at the Humane Society of Northwest Iowa for that’s the date of the annual fundraiser. Since the shelter receives no tax dollars, funding for the food, medicine, cleaning, and overall care for the many “tails” depends on the voluntary financial support of those who realize their needs.

Few people perhaps know the importance of the HSNWIA. Presently the shelter has 96 “tails” ready for adoption and thirty or more kittens too small yet to be available. Thanks to Pet Finder on the internet new “parents” come from across the USA. Many Minnesota residents use the local shelter to find new “tails.” One dog named Hunter ended up in Montana; others have gone to Wisconsin.

Last fall the local shelter had two Munchkins, a breed of cats with short legs like dachshunds in the canine world. On the internet only 14 of this breed in the entire country were available for adoption; two of them being here in Milford. These two ended up going to a “forever” home in North Carolina. They made the trip with Pete Bergquist of Spirit Lake who is a long-haul truck driver. He cared for the cats in his cab sending photos back to the shelter every day. It was a great answer for two “tails” who had lost their Iowa mistress to a care center, but found a loving home far from Iowa.

At the August fundraiser, “tails” from the shelter will be at the Rolling Oaks Barn in Okoboji to socialize with the guests. Thumper, the resident bunny “tail” will be there as will Smudge, a very friendly and playful black cat who loves people. Also lucky enough to attend the fundraiser will be Thelma and Louise, a pair of siblings that were found in a box on a porch in Fostoria. They were only about a week and half old. They were then bottle-fed by Val Sievert, a shelter employee, who took them home as a foster parent. Thelma is the smaller of the two and the “bossy” one while Louise is larger but follows her sister’s lead as they play and sleep in the sun. Both are tortoise beauties predominately black with tan, orange, and white patches. Thelma and Louise have been spayed, have their shots, and are now ready for adoption.

The HSNWIA fundraiser begins at 5:30 with social time followed by the meal of pulled pork sandwiches with all the fixings. The silent auction items will be on display throughout the evening with bidding to close after the meal. Tickets can be purchased at the door or by calling the shelter at 712-338-2738. Children will enjoy the animals that come to the fundraiser so this year \$10 tickets for those under 12 are available as well as the \$65 tickets for adults.

Remember... “In a perfect world every animal would have a home, and every home would have a pet.”

Call the Humane Society of Northwest Iowa at 712-338-2738 or come see the animals at 607 28th Street, just north of Milford - open Thursday through Sunday, noon to 6:00pm.

Three Panels to Discuss Clean Water at Okoboji Blue Water Festival

by Steve Weisman, Outdoor Editor

Although the 2017 Okoboji Blue Water Festival, which will run Friday, August 11 through Saturday, August 12, is meant to be a fun weekend, it is also meant to challenge those in attendance to learn more about clean water and how we all can go about making our waters cleaner.

One of those educational opportunities come in the form of three 90-minute panels that begin at noon on Saturday. Located under the Big Tent, the panels include: a local panel from 12:00-1:30pm; a state panel from 2:00-3:30pm; and a political panel from 4:00-5:30pm. According to festival organizer, Greg Drees, “I believe we have put together three outstanding panels. I really hope we can get a lot of people to come and listen to the panelists.”

Local Panel – This panel will include local experts discussing water quality issues unique to the Iowa Great Lakes. Moderator for the Local Panel will be Bill Mass, President of the East Okoboji Lake Improvement Corporation. Panelists include:

- John Boettcher, Dickinson County farmer practicing cover crops, buffer strips, etc.
 - Steve Anderson, Director Iowa Great Lakes Sanitary District
 - Mike Hawkins, Fisheries Management Biologist with the Iowa DNR
 - Mary Skopec, Director of the Iowa Lakeside Laboratory
 - Donna Buell, Dickinson County organic farmer
 - Eric Hoen, Low Impact Development (LID) techniques
- State Panel** – This panel includes experts that will discuss broader issues facing us across the state of Iowa. Moderator for the State Panel will be Kristin Aschenbrenner, Iowa Nature Conservancy. Panelists include:
- Chris Jones, Water quality monitoring advocate, U of I
 - Tammie Krausman, DNR legislative liaison and coordinator of the REAP program
 - David Weirens, director of the Minnesota Board of Water & Soil Resources
 - Joe McGovern, president of the Iowa Natural Heritage Foundation
 - Jon Thelen, professional fishing guide/educator with Lindy’s Fish Ed

Political Panel – This panel will include 2018 Iowa gubernatorial candidates. Moderator will be Kathie Obradovich, Des Moines Register Political Columnist. Panelists include:

- Ron Corbett, Republican, mayor of Cedar Rapids and a former member of the Iowa House of Representatives
- Cathy Glasson, Democrat, ICU nurse at the University of Iowa Hospitals
- Andy McGuire, Democrat, physician and health care management executive and former Democratic Party Chair
- Jon Neiderbach, Democrat, attorney and former Des Moines School Board President
- John Norris, Democrat, former state party chairman and longtime aide to Tom Vilsack
- Todd Prichard, Democrat, member of the Iowa House of Representatives
- Ross Wilburn, Democrat, former Iowa City Mayor and current diversity office and associate program director for Community and Economic Development for Iowa State University Extension and Outreach

Reflecting on the impact of the three panels, Drees adds, “Although this is a celebratory event, we also want to focus on what is going on with our water quality and natural resources both locally and statewide. By inviting politicians, we can hear their thoughts on these two key topics: water quality and natural resources. Our hope is that we can bring these discussions to those in attendance and that we can get more people actively working to address these important issues.”

Humane Society of NW Iowa Fundraiser Hoedown

Everyone is invited to come out for this very fun event that will take place at 5:30pm on Thursday, August 3, (at the Rolling Oaks Barn) to help support the care of animals at our community's Humane Society.

A Hoedown, including barbecued pulled pork with all the fixings is included in the plans for this year. The event will be catered by Farm to Fork and Family Diner. There will be appetizers and a cash bar plus the annual silent auction.

The shelter hopes to bring some of the animals to share the evening's fun giving everyone there a chance to see the available pets. If you are looking for a pet to adopt, you might find that special dog or cat and "fall in love."

For the animals and employees at the Humane Society of Northwest Iowa it's a very special and important event. The funds raised at the Hoedown will provide food, shelter, and continuous care for rescued animals who definitely need your help. Tickets are \$65 (children 12 and under are \$10) and can be purchased at the door or in advance by calling the shelter at 712-338-2738.

Channel Ag Resources

Agronomy ADVICE:

TTips from the Channel Field Check Up Series

Soybean Aphids

Heavy soybean aphid infestations can result in severe yield losses. Controlling aphids is most critical during the early reproductive stages. Routine scouting is necessary to estimate aphid populations and to determine if insecticide applications are necessary.

The soybean aphid is small, pale yellow to green, with distinct black cornicles near the end of the abdomen. There are both winged and wingless forms. Aphids remove plant sap with piercing-sucking mouthparts and are often found feeding on the underside of new growth. Soybean aphids overwinter on a small woody shrub called buckthorn. They lay eggs on buckthorn in the fall from which wingless aphids hatch in spring. The aphids will complete 2 to 3 generations on buckthorn. In early June, winged females will develop and move into soybeans where many generations of wingless aphids will occur. During this time, aphid populations can grow exponentially. Populations can double in 2 to 3 days when conditions are favorable.1 Towards late summer or early fall, winged aphids will develop and return to buckthorn where they mate and lay eggs to overwinter. The presence of winged aphids can also indicate migration to other fields. Damage occurs to soybeans when large numbers of aphids remove water and nutrients from leaves and stems during feeding. This can cause leaf puckering, stunting, reduced pod and/or seed counts, and smaller seeds. Under heavy infestations, leaf edges may turn yellow, which may appear similar to potassium deficiency. Aphids excrete a substance called honeydew on which sooty mold can grow. This can give soybean leaves a black appearance and can interfere with photosynthesis. Moisture stress during an aphid infestation can increase the risk for yield loss.

Effective management of soybean aphids requires consistent scouting from seedling stage through pod-fill to track aphid populations. Determine the average number of aphids per plant on 20 to 30 plants throughout the field. Field edges can be hotspots for aphid infestations, resulting in overestimation of populations, so make sure to scout all areas of the field. The commonly accepted economic threshold for soybean aphids is 250 per plant. However, it may be a good idea to take action before this threshold is met, considering the speed at which soybean aphid populations can grow.

Protecting plants with insecticides during the flowering through pod development stages will have the greatest impact on soybean yield potential. Applications made prior to flowering may not provide an economic benefit and generally reduces beneficial insect populations, which may result in a resurgence of aphids. Applications made at or beyond the full seed stage of growth (R6) have not been found to improve yield potential unless plants are under additional stress such as from drought. Good insecticide coverage at high water volumes and pressures is important for reaching aphids within the soybean canopy.

Consult your local Channel Seedsman for advice on when to spray and product selection to control soybean aphids in your fields.

Emergency Grazing & Haying of CRP Expanded to Include NW Iowa

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) administers the Conservation Reserve Program (CRP), a federally funded voluntary program that contracts with agricultural producers so that environmentally sensitive agricultural land is not farmed or ranched, but instead used for conservation benefits. CRP participants establish long-term, resource-conserving plant species, such as approved grasses or trees (known as "covers"), to control soil erosion, improve water quality and develop wildlife habitat. In return, FSA provides participants with rental payments and cost-share assistance. Contract duration is between 10 and 15 years.

Emergency haying and grazing of CRP acres is authorized on a county by county basis to provide relief to livestock producers in areas affected by prolonged dry or similar weather conditions that adversely affect forage production throughout the growing season. Emergency authorization is provided by either a national FSA office authorization or by a state FSA committee determination utilizing the U.S. Drought Monitor.

Emergency grazing and haying of Conservation Reserve Program (CRP) land was recently announced as being authorized for NW Iowa counties including Dickinson and Emmet County due to D2 drought level on the U.S. Drought Monitor.

Landowners interested in emergency haying or grazing of their CRP acres, prior to any haying or grazing activities occurring, should first contact their local FSA office that administers their CRP contract to discuss options available to them. In addition before CRP acres are declared eligible for haying or grazing, the applicant must meet with NRCS to obtain a modified conservation plan developed by NRCS to include their intended emergency haying or grazing interests. The modified conservation plan must be site specific, include the authorized duration and reflect local wildlife needs and concerns. The primary purpose of the plan must be to maintain an effective vegetative cover, minimize soil erosion, protect water quality, and wildlife habitat quality. Not all CRP fields or practices qualify for this emergency haying or grazing release.

"It is vital that any Farm Owners and/or Operators who are interested in this CRP emergency release for haying or grazing, must request written approval from FSA before any haying or grazing begins out on the farm as there are several qualifications that must be discussed and agreed to before a conditional approval to hay or graze can be granted" according to FSA County Executive Director Larry Lago. There is no payment reduction for CRP acres used for haying and grazing under these emergency provisions.

To take advantage of the emergency haying and grazing provisions, once all of the application requirements are completed, fields are defined, and approval granted by FSA, authorized producers can use the CRP acreage for their own livestock or may grant another livestock producer use of the CRP acreage. CRP participants can donate but are not allowed to sell any hay or forage removed from CRP as a result of this emergency release.

If a CRP contract holder is approved for haying, the haying is authorized through August 31 and is limited to one cutting. All haying activities must be completed by Aug. 31, 2017. If a CRP contract holder is approved for grazing then livestock must be removed from the CRP acres by Sept. 30, 2017. Haying or grazing may be requested, but not both on the same CRP contract.

Other conditional requirements of the emergency authorization of haying or grazing are as follows:

- All signatories on the CRP contract must sign a request and modified conservation plan before grazing and haying begins.
- Livestock producers who are not a signatory to the CRP contract but are having the CRP acreage donated to them by the CRP participant for either haying or grazing, must also sign a conditional request at the FSA office.
- 25 percent of the approved eligible CRP contract acreage must be left un-grazed or the stocking rate reduced to 75 percent as determined by NRCS.
- With respect to haying requests, at least 50% of the CRP field must be left untouched with no haying being conducted on that portion of the field.
- If grazing is approved, it will be authorized through September 30, 2017 or until the CRP cover crop reaches a certain grazed condition identified by the NRCS grazing plan.

For more information and before grazing or haying any CRP, contact your local FSA office at 3302 18th St., Spirit Lake, Iowa 51360 or 712-336-3782 extension 2, or visit the FSA national website & fact sheet online at: <https://www.fsa.usda.gov/programs-and-services/conservation-programs/conservation-reserve-program/emergency-haying-and-grazing/index> or https://www.fsa.usda.gov/Assets/USDA-FSA-Public/usdfiles/FactSheets/2017/emergency_haying_and_grazing_july_2017-1.pdf.

Low Interest Emergency Physical Loss Loans Available

U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) Acting Administrator Chris Beyerhelm today announced that physical loss loans are available for nine counties in Iowa. Farm operators who have suffered major physical losses caused by excessive rain, flash flooding, flooding, hail, high winds, lightning and tornadoes that occurred from June 12 through June 17, 2017, may be eligible for emergency loans.

This Administrator's Physical Loss Notification has been issued for Cass, Emmet, Harrison, Linn, Marion, Mills, Muscatine, Page and Taylor counties as the primary damaged area.

Additionally, 31 Iowa counties are contiguous to this designated disaster area, making these producers also potentially eligible for programs based on this designation. The contiguous counties are: Adair, Adams, Audubon, Benton, Buchanan, Cedar, Clay, Crawford, Delaware, Dickinson, Fremont, Guthrie, Iowa, Jasper, Johnson, Jones, Kossuth, Louisa, Lucas, Mahaska, Monona, Monroe, Montgomery, Palo Alto, Polk, Pottawattamie, Ringgold, Scott, Shelby, Union and Warren.

The following contiguous counties in surrounding states are also eligible for emergency loans:

- Illinois: Rock Island
- Minnesota: Jackson and Martin counties
- Missouri: Atchison, Nodaway and Worth counties
- Nebraska: Burt, Cass, Sarpy and Washington counties

FSA's low interest emergency loans may be made available to any applicant with a qualifying loss in the counties named above. Approval is limited to applicants who suffered severe physical losses only.

Physical loss loans may be made to eligible farmers and ranchers to repair or replace damaged or destroyed physical property essential to the success of the agriculture operation, including livestock losses. Examples of property commonly affected include essential farm buildings, fixtures to real estate, equipment, livestock, perennial crops, fruit and nut bearing trees, and harvested or stored crops and hay.

Producers in eligible counties have eight months from the date of the declaration to apply for loans for physical losses. Please contact FSA for more information on loan eligibility and the application process. FSA office information is available at <http://offices.usda.gov>. Additional FSA disaster assistance program information is available at <http://disaster.fsa.usda.gov>.

Discovery House News
Julie Scheib, Director
www.mydiscoveryhouse.com

July is history as well as three-fifths of our Porch Parties. Last month John Senn and Friends entertained our largest group of the season with their never-ending catalogue of oldies, but goodies. John Senn, Terry Klein, and Tyler Pedersen always inspire the crowd to clap and sing along. If you attended, you were blessed.

We will welcome Spirit of Harmony members for the first time to our Porch Party on August 14. They will be sure to please with their choreographed song, dance, and comedy. Please join us at 6:00pm for grilled brats and hot dogs and don't forget to bring along a lawn chair.

Discovery House has been hopping for the past several months with our room renovation project and getting the Daniel House move-in ready. Ceiling fans have been installed in all of the resident rooms at Discovery House, thanks to Mike Reed. Carpets are being torn up and replaced with vinyl laminate by Discovery House residents. Painting will begin as soon as the weather cools off. We have been blessed with volunteers including Dave Bjork, Dorothy Sloma, Bob Voss and residents of Discovery House at the Daniel House who have totally transformed the interior of the first floor. Windows, doors, trim, closets, and walls have been painted, hard-wood floors have been repaired, sanded and finished, carpets have been torn up, and the kitchen and bathroom have been deep cleaned. These volunteers have been such a blessing to us.

You may have noticed something missing if you drive through the alley east of Discovery House. Thanks to Diamond Concrete and the Home Builders Association of northwest Iowa, our 1908 carriage house has been demolished. It was sad to see such an historical landmark disappear, but it was deteriorating at a rapid pace, and the cost would have been prohibitive to restore it. This will make a great space for a house garden next spring.

Take time to get out and enjoy summer before it slips away. Hope to see you at our next Porch Party. God bless you until then.

Okoboji Bible Conference Opens with Audrey Assad

Audrey Assad, daughter of a Syrian refugee, opens the 83rd Okoboji Bible Conference Saturday, August 5, at 7:15pm in the Tabernacle at 69 West Broadway in Arnolds Park. Audrey is an author, speaker, producer, and critically lauded songwriter and musician. She has been honored with the iTunes Christian Breakthrough Album of the Year as well as 2 Dove award nominations. Audrey has also participated in events such as IHOP's One Thing Conference in Kansas City with Francis Chan and the "Meeting of Families" in Philadelphia with Matt Maher and Pope Francis. Her most recent album, Inheritance, features re-stylings of treasured hymns.

The annual event will continue with weekday Morning Bible Hour and Christian Life Communities starting Monday, August 7, at 9:00am. Bible Hour will focus on the Bible book of Joshua with John Walton, professor at Wheaton College and Graduate School in Illinois. At 10 am Christian Life Communities begin with speakers such as Skye Jethani (The Benefit of Doubt), Sarah Stevenson (Abiding in Christ, Women's Community), and Rob and Phil Vischer (Christian Perspectives on Law and Culture). Evening gatherings begin at 7:15pm. Featured artists include The Isaacs and Annie Moses Band. Guest speakers are David Fitch of Northern Seminary in Chicago, Ron Walborn of Alliance Theological Seminary in New York, and Jason Steffenhagen of Bethel University in St. Paul.

The family-friendly event provides nursery care during most sessions, as well as youth and children's ministries for early childhood through young adults. Fare You Well food truck and Daily Addiction coffee shop will provide on-site concessions. Touch of Hope from Sheldon will be the on-campus Christian bookstore.

There is no fee or registration for the conference and it is open to the public. Free-will offerings are received. For more information call the conference office at 712-332-2883, send an email to info@okobojiconference.org or visit okobojiconference.org online.

Executive Dean Hired for the Estherville Campus of ILCC

A new executive dean has been selected for the Estherville campus of Iowa Lakes.

The Board of Trustees of Iowa Lakes approved the hiring of Lisa Stich at their meeting in Algona Tuesday afternoon.

Stich has a doctorate degree in education – with an emphasis on the two-year college and organizational change – from Capella University.

Over the past two decades, Stich's positions have progressively increased in administrative experience in community and technical college education. She has served as an associate dean, district curriculum and assessment administrator, dean and vice president.

"Dr. Stich has a wealth of experience that closely aligns with Iowa Lakes' short- and long-term goals," said Valerie Newhouse, President of Iowa Lakes. "She has a broad scope of experiences in academics and community college leadership, which will allow her to hit the ground running."

"Lisa has a strong familiarity with the Higher Learning Commission's Academic Quality Improvement Program (AQIP) which is the accreditation process utilized by Iowa Lakes," Newhouse added.

Stich comes to Iowa Lakes from Illinois Central College where she is currently serving as interim vice president of academic affairs. Before that, she was vice president of academic and student services at West Shore Community College in Scottville, Mich.

Over the years, she has written strategic plans, board policies on instruction as well as grants to benefit students. She has also led development of a new success plan and metrics to help attain positive results for students.

"I am excited to be joining the fine team at Iowa Lakes in continuing to make a difference for our students," said Stich. "This is an exciting time to be joining the college, and I am eager to dive right in."

"Everyone has been very welcoming to my husband and me. We are looking forward to making Estherville our home and becoming involved in the very fabric of the community," Stich added.

Stich is expected to start her new job in mid-August.

Terry Firkins to Exhibit at AOG

The exhibit "Harvest" showing in the gallery at Arts on Grand from August 1 to September 23, is a series of plein air oil paintings by Terry Firkins, a member of the 1965 class of Spencer High School.

For many years Terry taught in the Milwaukee area and would come home to Spencer to visit his parents and spend some time painting. The idea of plein air (a French term) is to paint out doors with the natural light available. The paintings in this exhibit include farm animals, farm implements, farm buildings and the local scenery surrounding the Spencer area. The reception for this "Harvest" exhibit will be Friday, August 4, 2017, from 5:30pm to 7:00pm. The artist will be present at this event. The public is cordially invited and refreshments will be served.

Business After 5 at Softail Saloon

Softail Saloon in Superior will be hosting Business After 5 on Tuesday, August 8, from 5:00-7:00pm, along with co-host The Hair Gallery. Join your Iowa Great Lakes friends and community members for a great night of networking!

Business After 5 is open to the public and all are encouraged to attend this fun and rewarding Lakes Area networking tradition. The cost is \$5 per person.

Contact the Iowa Great Lakes Area Chamber of Commerce for more information at #712-332-2107 or e-mail kari@okobojichamber.com.

"Come Home" and See What is New at the Fair

With a Centennial Celebration in mind, the Clay County Fair will celebrate Sept. 9-17 with some new additions as well as some rearranging for fairgoers to enjoy for the next 100 years.

"When you invite people to come to your home for a special celebration, you always take the opportunity to clean out the closets and rearrange some furniture," said Fair Manager Jeremy Parsons. "It's been no different here as we prepare for our big Centennial celebration. We've done some rearranging."

The Photography Center, formerly the Industrial Building located south of the Commercial Exhibits Building, will display blue ribbon photography and give viewers a chance to explore Fair history and classic cars with the Centennial Historical Exhibit, presented by the Clay County Heritage Center and the Iowa Great Lakes Car Club.

For daily educational opportunities at the brand-new FarmU, fairgoers will want to visit the Ag Marketplace, formerly the Innovation Pavilion. Ag vendors at the Fair will be given space and time to do daily presentations and demonstrations as part of FarmU. In addition, this building will feature the Farm Gadget Show, as well as ag-related vendors.

Take in blue ribbon fruits, vegetables, grains, farm crops, scarecrows, and giant pumpkins at the newly renovated Fields & Gardens Building, next to the Art Barn.

More than 50 of the 500 vendors will be exhibiting in the Tower Gate Pavilion located on the east end of the fairgrounds. This new 12,000 square foot building also includes restrooms.

Calling all thrill-seekers, Bull Riding has once again returned to the Fair. This event will be held on Sunday, September 10, at 6:00pm, in the Outdoor Arena. It will be free with gate admission and is presented by Barnes Rodeo Company.

In addition, there will be a new ride this year in the Gold Star Midway. 2Xtreme is guaranteed to raise adrenaline by spinning riders 360 degrees high in the air.

Embrace the change with the beginnings of Centennial Plaza, the new park that is being created on the site of the former Ag Building. This latest improvement project will feature educational opportunities and give families a place to take a break with the Family Place, a building devoted to guest services.

Experience various job opportunities in the Plaza area with hands-on simulators at the Northwest Iowa Opportunities Hub presented by the Iowa Lakes Corridor, Iowa Lakes Community College and IowaWORKS.

"Come Home" September 9-17, 2017 to Spencer, Iowa for our Centennial Celebration! "The World's Greatest County Fair" since 1917, the Clay County Fair attracts more than 300,000 guests each September. "Come Home" for unique experiences including world-class Grandstand entertainment, award-winning fair food, daily livestock and horse shows, more than \$150,000 in free entertainment, thousands of competitive exhibits, the thrilling GoldStar Amusements Midway, hundreds of commercial vendors, and the largest farm machinery display at any fair in the United States. Visit claycountyfair.com to plan your visit.

Artist Paula Streeter to Explore Historic Media at Art in the Park

Have you ever wondered what type of paint has lasted for nearly 40,000 years when early man documented his life on the walls of caves in Spain? Or what did the ancient Egyptians use to paint King Tut's sarcophagi? Or before Bic pens, what was used to sign the Declaration of Independence? How did Native Americans make paint for their winter counts?

Empty Dresses- Historic Media, housed in an informational tent at the Pearson Lakes Art Center's Art in the Park on August 5th in Arnolds Park, will provide answers. Artist Paula Streeter will demonstrate how media was made and used in the past and guests will have the opportunity to try a variety of homemade paints, inks and drawing materials. Paula has ties to the Iowa Great Lakes area, and is currently a Lecturer in the College of Design at Iowa State University.

Beyond working in and sharing historic media and techniques, this project focuses on the creation of two dimensional representations of dresses created by Streeter that are symbolic of those worn by significant women in Iowa's history. Several of the drawings and paintings will be on display including a tribute to Wahpekute women of the Santee Sioux tribe and Abbie Gardner Sharp.

In addition, a special invitation is extended by Streeter to all who have history, stories or information about significant women in the Iowa Great Lakes area, past or present, to be used in her work.

Empty Dresses-Historic Media is supported in part by the Iowa Arts Council, a division of the Iowa Department of Cultural Affairs, and the National Endowment for the Arts.

Art in the Park will be held Saturday, August 5, from 9:00am to 4:00pm, at Preservation Plaza in Arnolds Park. Presented by the Pearson Lakes Art Center, Art in the Park is sponsored by Remington's Restaurant and Okoboji Tourism.
