HERE'S THE CATCH: You must have a slight or moderate hearing loss and must have difficulty understanding speech in background noise situations. Participants selected will evaluate one of the most-advanced, digital hearing solutions from Miracle-Ear® — the GENIUS™ RIC. *To determine participation, you must have your hearing screened FREE OF CHARGE at our testing location and consult with our hearing instrument specialist. This offer is free of charge and you are under no obligation.

Candidates will evaluate these instruments for 30 days to prove manufacturer's claims of up to 25% better speech recognition in challenging listening environments than people with normal hearing? At the end of your evaluation, special testing will be done to determine the increased benefits of this technology. You may purchase this same model instrument, if you so desire, at tremendous savings for participating. LIMITED TIME OFFER! YOU MUST SCHEDULE YOUR HEARING SCREENING APPOINTMENT BEFORE AUGUST 25, 2017!

Miracle-Ear® introduces our SMALLEST HEARING AID EVER!

Free offer to new candidates with a tested hearing loss. No other offer or discount applies and does not apply to prior sales. Hearing aids do not restore natural hearing ability. Individual experiences vary depending on severity of loss, accuracy of evaluation, proper fit and ability to adapt to amplification. Hearing screening and video otoscope exams are always free, they are not medical exams and are used to determine proper amplification needs only. See store for complete details.

^ Studies conducted at the University of Northern Colorado (2014) and Oldenburg Horzentrum (2013) showed that Speech Reception Thresholds (SRT) in cocktail-party situations improved up to 2.9 dB for wearers with mild to moderate hearing loss using GENIUS™ with Directional Focus, compared to people with normal hearing. This corresponds

The spy glass that made naval history... ADMIRAL FARRAGUT'S

TELESCOPE

(with table top tripod) from us only \$69.95*

• The optics of Admiral Farragut's Telescope are 25x30. This means that you get 25x magnification and the great light-gathering capacity of a 30mm objective lens. The scope is fully chromed (over brass) for extra beauty, protection and durability.

When Admiral Farragut fought his legendary naval battles he used a telescope just like this to monitor the movements of the enemies' fleets. This beautiful optical instrument, a faithful replica of the famous original is about 5" long in its collapsed position and 13" when extended to full operating

Enlargement is 25x, which means that it brings everything 25-times closer, and in needle-sharp focus, than if viewed with the unaided eve. ADMIRAL FARRAGUT'S TELESCOPE comes with a beltloop vinyl carrying case. There is also a table-top tripod for extended observations.

The only universal optical instrument...

PANSCOPE

(the complete optical system) from us only \$59.95*

• PANSCOPE is beautifully gift-boxed, comes with its neatly fitted leather case and with a plastic "tripod" for extended observations at 15x and

This is a little optical marvel. PANSCOPE (only 2" long) contains a complete optical system in its tiny body. You may use it as a 3x telescope or as a unique 3x telescope-loupe. In its magnifying mode, it delivers magnifiers and loupes at 5x, 10x, and 15x enlargement. And to top it all, it also functions as a 30x microscope of laboratory quality.

A special stand for long-term observation for 15x and 30x microscope is included.

This marvelous little instrument, developed in Wetzlar (Germany), home of famous Leica cameras, is the product of one of Asia's finest makers. Its coated optics are of superb quality, delivering the image with brilliant luminosity, in needle-sharp focus, with absolute clarity and with full chromatic correction.

You have seen such zoom binoculars advertised nationally for \$150...

6x to 18x JOMIRAZOOMS from us only \$99*

• JomiraZooms focus smoothly from 6x to 18x or anything in between, letting you see unexpected details.

Porro prism construction and rubycoated lenses are the best in optical construction. The 18mm objective lenses provide high light-gathering capacity. JomiraZooms come with a belt-looped carry case and strap.

JOMIRAZOOMS are the absolutely ultimate in binoculars. They fit in your hand and weigh less than 7 ozs. But they pack an enormous wallop in their small body. Porro roof-prism construction and ruby-coated lenses guarantee pinpoint sharpness at any distance. The 18mm objective lenses provide great light-gathering capacity making JOMIRAZOOMS utterly reliable even in the dim light of dawn or dusk. The zoom lever lets you smoothly change the magnification from 6x to 18x or anything in between. Are you watching the pitcher's windup on 6x? Zoom to 19x and you may be able to tell whether he is throwing a fastball or a slider. There can be nothing more useful for sports. nature watching, navigation, and so many other pursuits. JOMIRAZOOMS is an instrument that should be in every home.

330 SW 43rd St., Ste K333, Renton, WA 98057

Hold the whole world in your hand with...

OMIRASCOPE 8 x 20 monocular only \$59.95

 The optics of jomirascope are 8x20 - 8x

magnification with 20 mm objective lens. It comes in a neat zippered carrying case. The objective lens can be used as an 8x magnifier. A 25x microscope attachment (\$29.95, 3 for \$59.90) is also available.

Jomirascope is so small that it fits unobtrusively in a man's coat pocket or a lady's purse. Yet it packs a tremendous wallop in its tiny body. Its 8 x 20 fully prismatic and hard-coated optics give you 8x magnification, with a remarkable field of 430 ft. at 1,000 yds. Its 20 mm objective lens affords unusual light gathering even at dusk or dawn. What was that rustling in the bushes? With JOMIRASCOPE you'll discover that it was an ivory-billed woodpecker. Do you wish to explore every feature on the moon? JOMIRASCOPE will be your instrument of choice. Much smaller than even "pocket" binoculars and with greater magnification than most, JOMIRASCOPE should be your constant companion. And do consider the 25x microscope attachment of laboratory quality, which makes JOMIRASCOPE a complete optical system.

An imcomparable timepiece, an incomparable value...

RADIO-CONTROLLED CLOCK only \$59.95*

 The sleek styling of R-C Clock makes it an adornment for any home or office. It works on two (included)

his beautiful clock is sleek in design, and makes it an adornment for any home or office. It measures 5-3/4" x 4 1/2" and can be set on your desk or hung on the wall. Time is displayed in inch-high digits. In addition to the time (hours, minutes, seconds), you also get the date, the day of the week, and the temperature in F (or in C). There is a melodious but insistent alarm, complete with snooze button which also activates the back-lit function when pressed for those extra winks. The clock is controlled by a radio signal emitted by a U.S. government department; that ensures up-to-the-second accuracy. RADIO-CONTROLLED CLOCK works on two AA-batteries (included, of course). It's ready to go when you get it. You don't even

Is this the famous Brand "X"

have to set it—it sets itself.

watch that sells for over \$1,000? No, it is the Argonaut™ Watch

- yours for only \$69 In contrast to many highly advertised watches, the ArgonautTM is not a mechanical watch. It is powered by an exquisite Japanese quartz movement. Besides the hands and the date disk,

there are no moving parts. Nothing can go wrong or wear out. And no matter how many jewels they may have that inevitably happens with mechanical watches sometimes as soon as within a year.

We guarantee the **Argonaut**TM for three full years. If you treat it reasonably well it should last you a lifetime. The **Argonaut**™ Watch is of solid stainless steel construction. It is guaranteed to be watertight to about 330 ft. You'll never dive that deep. Accuracy is guaranteed to 3 secs./month. You will need to change the battery in about two years. It shouldn't cost you more than \$5. The **Argonaut**™ Watch is a thing of rugged masculine beauty. It comes with a splendid adjustable stainless

*And here is our "special deal": You may buy any three of these items -mixed or matched -- for the price of two. The least expensive item is on the house -- absolutely FREE!

You may order by toll-free phone, by mail, and pay by check or AMEX/Visa/MasterCard. Please give order code shown. Add \$9.95 for ship/ins. for one and \$12.95 for three items, except one JomiraZooms or one Adm. Farragut's Telescope is \$12.95 and any three items containing one or more JomiraZooms or Adm Farraguts Telescopes is \$15.95. plus sales tax for WA delivery. You have 30-day refund and one-year warranty. We do not refund postage customer service or wholesale information, please call (425) 264-6393.

We ship the same day we receive your order. Please give order code A044.

Gladwin City HOUSING Commission

Low Income Housing
989-426-5721 😉 🚉

SMOKING FREE HEAT AND RENT BASED ON INCOME

If you or a family member is in need of an apartment, the Gladwin City Housing Commission has smoke-free affordable apartments in downtown Gladwin and Beaverton. Seniors and disabled citizens can rent a one bedroom apartment for 30% of their income. This includes appliances, gas, electric and water. Small pets are welcome.

You'll also have access to a laundry room, arts & crafts room and lounge. Other services available include curb side pickup from the City County Transit and lunch at the Council on Aging dining centers. You do not have to live in Gladwin or Beaverton to qualify for this low income housing. So contact the Gladwin City Housing Commission at 426-5721 to see if you qualify. An Equal Housing Opportunity
