HOW TO BABY PROOF YOUR HOME

Whether you're a parent, grandparent or just have kids in the home, it is important to keep your space safe for little ones.

Foam Edge and corner protectors, these cushions are available in many lengths and can be cut to fit over any hard surface with an edge, while still allowing a child to still climb and play in the area.

Door knob covers make it

hard for the baby to open doors to any room. These are easy to install and hard for the child to open the door.

Drawer and cabinet latches allow only adults to access the cupboards and drawers.

Fold down bed rails are great for small children, it keeps them from falling out of bed and also keeps them from getting out bed.

These are just a few items to help keep children safe.
