The entries were judged on innovation, relevance to the contest theme, and overall aesthetic and technical quality. Participants had to be Iowa residents working in 2D media. The winning entries were judged by officials from the three sponsoring organizations.

# 1st Annual U of O Oktoberfest

Thousands and thousands of people experience the Iowa Great Lakes Area throughout the summer months each year, but the Iowa Great Lakes Area Chamber is always looking for ways to attract visitors in the months that follow.

One opportunity we believe could benefit the area in the "shoulder season" and further boost the local economy would be an Oktoberfest weekend. Why should locals and potential Lakes area visitors be heading to surrounding cities when the IGL Area is capable of holding a similar event—especially in the fall season when it is still as BEAUTIFUL as ever?

Similar to the format of Winter Games, we are looking forward to building a schedule that incorporates Oktoberfest-related events throughout the IGL Area on September 29 – October 1.

One event that the IGL Area Chamber will be holding is the U of O Oktoberfest Bike Ride. It is the 26th year of this fantastic event that attracts 500+ bikers each fall. Bikers will enjoy a scenic ride around West Lake Okoboji, and West O will congratulate them with their delicious Oktoberfest beer at the end of the ride. For more information, visit [www.ufoOktoberfestBikeRide.com](http://www.ufoOktoberfestBikeRide.com).

Please contact Kara Matheson at 712-332-2107 or [kara@okobojichamber.com](mailto:kara@okobojichamber.com) with all Oktoberfest event information.

## Farmers Market News

Located at Dickinson Co. Fairgrounds  
15th Street & Peoria Avenue, Spirit Lake, IA 51360

Do you like your salsa hot and spicy or mild and sweet? Come to Lakes Area Farmers Market on Saturday, August 26, and you can taste a variety of different salsas prepared by vendors. It's our annual Salsa Taste-Off. As you explore the market, pick up a poker chip and a bowl of nacho chips. Look for vendors that display a red numbered sign, taste the salsas and when you find your favorite, use the poker chip to vote for that vendor's number. The winning vendor gets a traveling trophy and bragging rights for the next year.

If you like other foods hot and spicy or mild and sweet, you can find many seasoning options at the Farmers Market. Of course, there are vegetables such as peppers, onions, fresh herbs, and garlic. But there is also a variety of hand mixed seasonings and rubs at Rissy's D&C Dry Rubs and Seasonings. Her seasoning combinations are great as dry rubs on meat or mixed with olive oil to make a paste. But they also can be added to pasta, soups, vegetables, or crackers or pretzels for a snack mix. Besides the Farmers Market, you can find her rubs in stores or online.

If you want a little sweetness added to your dishes, Properly Delicious has infused maple syrup and vanilla. Syrup is not just for pancakes but can be used in a variety of dishes. Honey can also be used in place of sugar in many recipes. Honey adds its own unique flavor and more moisture and you can usually use less to get the same sweet flavor. The Farmers Market has 3 local honey vendors: Boernsens Bees, Stransky Honey, and Pohlman Produce. Wine makes a good seasoning but is also a good accompanying beverage to your meal. Get locally made wine at the Little Swan Lake Winery booth. If you'd rather have a non-alcoholic beverage, Sojo Coffee sells freshly ground coffee beans.

While you are shopping, take a look at all the fresh vegetables, meat, baked items, and crafts or gifts you can find at Lakes Area Farmers Market. Come Saturday and taste the salsa. We hope to see you there.

Whether you come to dance or listen to the band, all ages are welcome. The Senior Center is air conditioned and you will be dancing on a newly refinished dance floor.

Upcoming dances will be September 24, October 29, and a Holiday Gala December 10.

### LETTERS TO THE EDITOR

#### From the Mayor

I know it's been a while since I've written a letter letting everyone know what's going on in Milford, but I want to update the citizens on all the great things that have happened and continue to happen.

Our H Avenue project started about 2 1/2 years ago with phase one. With the cost savings of our great Engineering firm, Beck Engineering, we saved a total of just over \$346,000.00 on phase one. We also saved MMU \$55,120.00 on phase one. That allowed us to do an additional block, phase 2, with the savings from phase 1 paying for 92% of the phase 2 construction cost for the City and also MMU. That is nothing but great for you, the taxpayers of Milford. The Council and I continue to find ways to upgrade our streets and infrastructure with the help of Beck Engineering while finding all the cost savings we can for the community.

The City Council and I have developed a 5 to 7 year street improvement plan assessing the worst of our city street needs and putting a financial plan together looking at our current bond schedule to find the least impact on tax dollar increases.

We recently welcomed a new Dollar General store to Milford on the north end of town. If you haven't stopped in yet, please do and welcome them to town.

By hiring out our garbage collection, our street department has provided us a savings of over \$80,000.00 by doing the repairs ourselves instead of having to hire the repairs done. Also, our workman's compensation insurance rate has declined as garbage collection creates one of the highest workman's compensation premium rates for cities.

Boji Bay continues to grow moving the restaurant back into the Pavilion which allows them to utilize the old Clubhouse for other ventures. Boji Bay has been great working with the City of Milford and have added a ton of new donors for concerts and events which tells me Milford is getting noticed!

We have several other potential projects in the works for business and housing development. I will keep you all informed as things progress.

We continue to update our playground equipment with Buchanan Park being the next in line. We are currently installing new equipment in that park as I write this.

We just finished celebrating our 125th Birthday in Milford with week long events for friends and family. With a few minor glitches, it went very well and I want to thank the many, many people who donated time, money, gifts, or anything else to make it a huge success. I would also encourage anyone who thought something could have gone better or differently to volunteer next year to help with our annual Pioneer Days to understand what goes into putting these celebrations together and have your ideas part of them.

Finally, I want to thank the public for voting me in this last term and would ask for your support this November. Anyone that knows me can tell you I put a lot of time, thought, and heart into being the Mayor and I'm a straight forward person. It is not just about signing checks and leading the meetings. I am constantly in contact with people trying to bring them to town. I am truly honored to be the Mayor of Milford and would like to continue. We have so many opportunities on the horizon and we are gaining momentum and recognition from our peers. Great things are happening in Milford and I'd love to continue to lead the way for the wonderful citizens of Milford. Thank you, and as always, please call me with any comments or concerns.

Bill Reinsbach,  
Mayor of Milford

### 9/11 NEVER FORGET Mobile Exhibit visits Manning

This summer, a mobile museum traveled across the country, making a stop in Manning, Iowa. During their time in Manning, the crew traveling with 9/11 NEVER FORGET Mobile Exhibit got to enjoy the comfort and hospitality of the local Boulders Inn & Suites.

The Stephen Siller Tunnel to Towers Foundation began touring its mobile exhibit around the country in 2013, to provide interactive education and display artifacts from the tragic events of 9/11.

"We had the honor of hosting two New York firemen and the rest of the exhibit staff, during their stay here in Manning," said Jodie Rowedder, General Manager of Boulders Inn & Suites in Manning. "They were great guests. Very humble and respectful."

The exhibit includes steel beams from the towers, documentary videos, and recordings of first responder radio transmissions. From the United States to Canada, the exhibit has been visited by over 250,000 people to date.

More information about the Stephen Siller Tunnel to Towers Foundation can be found at [www.TunnelToTowers.org](http://www.TunnelToTowers.org) or by visiting them on Facebook.

To learn more about Boulders Inn & Suites, visit their official website at [www.BouldersInnAndSuites.com](http://www.BouldersInnAndSuites.com) or follow the company on Facebook.

### Free Identity Theft Informational Session to be held in Arnolds Park

Iowa State University (ISU) Extension and Outreach will host an informational "Identity Theft: What You Need to Know to Protect Yourself and Your Family" session on Thursday, September 7, from 10:00am to 11:00am, at the Calvary United Methodist Church in Arnolds Park.

According to Jan Monahan, program presenter and human sciences specialist in family finance with ISU Extension and Outreach, identity theft is the fastest-growing type of financial fraud. In the last five years, 27.3 million people have been victims of identity theft, and last year alone, identity theft cost consumers \$16 billion.

"Identity theft occurs when your personal information is stolen and used to commit fraud or other crimes - without your knowledge," Monahan said. "It is a serious crime that can be prevented and defended against."

Monahan said that during the free one-hour session, she will cover what identity theft is, how identity theft can be detected, and steps a person can take to protect their personal information and defend against identity theft.

"It can start with a person's Social Security number or other identifying information," Monahan said. "The thief sets up fraudulent accounts with that person's identity, and soon that person's credit is ruined and his or her money may be gone. Take one hour on September 7th to protect your investments and your future."

Monahan reminds interested individuals that the class is completely free thanks to the generous sponsorship of the Dickinson County Extension Council. There is also no registration required. Interested individuals need only to be at the Calvary United Methodist Church at 10:00am on September 7.

### LETTERS TO THE EDITOR

#### To The Editor:

On behalf of the Iowa Great Lakes Rotary Club, we would like to thank everyone who supported our first ever Boji Brew Fest on July 29 of this year. Working in conjunction with Spirit Lakes PEO Chapter PA, we were able to raise money for renovations of Shelby's Playground at Elinor Bedell State Park. In our first year, we had 12 craft breweries serve almost 40 different craft beers to attendees who were able to enjoy an Okoboji summer afternoon while sampling all the varieties of beer. A huge thank you to all the brewers, everyone who attended, and all the volunteers from both Rotary and PEO and their spouses. A special thank you to Walmart and Hy-Vee for donating the water, to the local breweries West O Beer and Okoboji Brewing Company for helping to host the event, to the Clear Lake Brews on the Beach for sharing in the fencing costs, Dave Rowley and Ryan Sather for the great live music, and to The Lakes News Shopper, Dickinson County News and KUOO for helping us promote the event. We are already planning for next year's Boji Brew Fest to benefit community projects - watch for the date to be announced soon.

Thank you again for everyone who made our first year such a success.

Boji Brew Fest Steering Committee - Kathy Fahy, Tom & Sherry Fuhrman, Steve & Karrey Lindeberg, Dave & Kris Rowley, Nate Gruys, Peggy Gustafson and Eileen Skogerboe

### Happy 75<sup>th</sup> Anniversary

They bumped into each other on a street in southern California in July 1942. She was 18 and he was 19. He said "Excuse me," and then, "Hey, I know you." She was from Spencer and he was from Spirit Lake, Iowa. They got acquainted over a soda at a nearby drug store. He went home and told his best friend he had found the girl he was going to marry. That was 75 years ago (August 24, 1942).

Those two young people were Edward and Vergene Donovan of Spirit Lake. They have had an amazing life together. They have had good times and bad, happy times and sad. Their family and friends have been a big part of it all and they would like to say "Thank you!"

### Wednesday Night Live!

### Roller Coaster Fans from Around the Nation Bring National Conference to Arnolds Park

Representatives from 26 U.S. states and Canada were among more than 100 roller coaster experts that will descend upon Iowa for a national conference. Members of American Coaster Enthusiasts (ACE) hold three national events a year that include two conferences and a week-long convention. The ACE Summer Conference started Saturday, August 19, at Arnolds Park.

"ACEers love wooden roller coasters, and Arnolds Park has a classic here in The Legend. But this coaster is even more special to members as it is an ACE Roller Coaster Landmark, and ACE helped contribute financially to its preservation," said ACE President Jerry Willard. "I know like many of our members, I have always wanted to get to this charming park. Places like Arnolds Park that have so much character are really embraced by our membership, whether on a first visit or returning again to a place you love."

It has been more than a decade since American Coaster Enthusiasts have held a national event in Iowa. At that time, the park's wooden coaster, The Legend, was honored as an ACE Roller Coaster Landmark. A plaque was installed during a ceremony in 2006.

As an organization, ACE recognizes the historic significance a park and nostalgic coaster can provide to a community. In the case of Arnolds Park, the amusement park has transcended many generations offering fun and family connections. During the conference, attendees will be treated to exclusive ride time and interactions with park management.

"Returning to Arnolds Park was a treat," said Communications Director Tim Baldwin. "The park truly exudes charm. The classic rides, the wonderful setting, the historic character — it really does exemplify summer."

Founded in 1978, American Coaster Enthusiasts is a nonprofit, volunteer organization dedicated to the preservation, promotion, appreciation and safe enjoyment of roller coasters. With more than 5,000 members worldwide, ACE is the largest and longest-running enthusiast organization in the world. Members of ACE receive exclusive park benefits, newsletters, magazines and the opportunity to attend national, local and even international events at parks. ACE has been prominently featured on various news programs and many cable networks such as the Travel Channel.

### Free Sports Injury Clinics

Fall sports are an exciting time for the entire community, and local sports specialists want to ensure it's a safe one for the athletes themselves. Local medical professionals collectively comprising Sports Medicine Northwest are providing care for area athletes in various ways. Orthopedic surgeons from Northwest Iowa Bone, Joint & Sports Surgeons, a Certified Athletic Trainer, and Physical Therapists from Lakes Regional Healthcare (LRH) are offering a free Sports Injury Clinic and game coverage.

The free Sports Medicine Clinic will be held every Saturday at 9:00am or by appointment August 26 through October 21. Located within LRH's Physical Therapy department, just inside LRH's south entrance, the clinic is offered free of charge to area middle and high school athletes. Appointments and physician referrals are not necessary to utilize the clinic. However, a parent or guardian must accompany athletes under age 18. Therapists will review the injury and orthopedic surgeons will be available to provide further evaluation and specify treatment if needed. A free screening x-ray is also provided if warranted. Any follow-up appointments, further radiology tests such as CT scans or MRIs, or supplies such as casts, braces, or splints are charged to health insurance. Those interested in an injury evaluation other than Saturday mornings are encouraged to call LRH's Physical Therapy department at 712-336-8651 to schedule an appointment.

Glenn Henriksen's Galaxy bandmate, Mark Kurseth, and vocalist Jerry Behnkendorf (in mirror), keep watch on pianist Glenn Henriksen as they appeared with him last week at The Inn.

## A good time was had...

With the venerable Inn at Okoboji being literally being put on the auction block next month, Wednesday night's performance by Glenn Henriksen and his friends at The Inn could very well be one of the last of its kind.

Nobody knows what the outcome of the auction might be. Nevertheless, a good time was had by all last week — especially 97-year-old Claude Hone, who was featured here a year or so back dancing to the music of the Dick Bauman Big Band at The Pearson Lakes Art Center.

Just the night before the Henriksen event, Hone was relating his World War II Marine Corps fighter pilot experience before fellow veterans at the Legion hall in Spirit Lake. But Wednesday night he was one of the first to take to a minuscule dance space between the tightly-packed tables in The Lakeview Room. The Marine is truly a leader. Others followed!

The good news is that Glenn surpassed his previous record number of guests in the Lakeview Room, Wednesday night, and is booked for one more appearance there — on Wednesday night, September 20th — which is expected to be the closing for the season.

Maybe Glenn can go out on an even higher note in September. Here's hoping the music and dancing will continue at The Inn for at least another century.

As noted here last week, Glenn will be hosting his regular Tuesday night house concert tonight, but will be at Boji Bay's That One Place restaurant, from 6:30 - 8:30, Wednesday night, instead of his house concert...

Terry Brooks will be taking the stage in the barn at the Little Swan Lake Winery, Thursday night, from 6 - 8:00. Kris Karr is expected to return to the same stage, Sunday from 4 - 6:00.

The Sidekicks will be closing Estherville's Music in the (Library) Square summer concert series, Thursday night, from 5 - 7:00...

Friday night will have the South 71 Trio performing in The Lounge at The Inn, from 6 - 8:00...

After a fun night at the O'Brien county park near Peterson last week — with natural thunderous sound effects and a bit of rain — the Itty Bitty Boji Band can be heard in the Barefoot Bar Saturday, from 2:30 - 6:30, and also on Sunday, from 2 - 6:00...

Casey Muessigmann will put on the penultimate concert in this season's Live at the Lake series, Saturday night, starting at 7:30, in Preservation Plaza...

And the Dick Bauman Big Band's penultimate performance of the year comes Monday night in Pomerantz Hall at the Pearson Lakes Art Center, starting at 7:00. Labor Day will mark the official close of the DBBB's season at the PLAC...

With peaches specially priced in at least one grocery store last week, research director RD has an appetite for Peach Pie. That's good timing, as Thursday is Peach Pie Day.

RD's song selection is Peach Tree Street, which you can find in duet format featuring Frank Sinatra (who wrote the song) along with a very young Rosemary Clooney who was thrilled to be a part of the Columbia recording with "The Voice." But it should be noted here that Sinatra really wanted Dinah Shore as his singing partner! It's a cute 1950s tune — sort of Johnny Mercer or Hoagy Carmichaelish. You can find it on YouTube.

Today is Be An Angel Day — with many songs about angels. RD's favorite is Angel Eyes, written by Matt Dennis (Who co-wrote one of our alternate themes, Ballads & Big Bands, too...) and Earl Brent, in 1946. Ella Fitzgerald recorded Angel Eyes, at least four times, and has been quoted as saying it was her favorite song. A distant runner-up in the angel department would be either Arthur Prysock's or Dean Martin's rendition of How Do You Speak to an Angel?

We celebrate singer, dancer and movie star Gene Kelly's 105th natal day on Wednesday. Kelly is best-remembered for his part in An American in Paris, and Singing in the Rain. His motion picture debut was in 1942's For Me and My Gal, featuring a young Judy Garland...

With the August 8th Cat Day behind us, RD says Saturday is Dog Day. The tiny-voiced Nellie McKay's Dog Song was featured on her debut CD in 2004. But as RD's favorite pooch is Snoopy — the beagle of Peanuts fame — her pick for the Saturday connection would be Vince Guaraldi's album of Peanuts music. We might have picked Snoopy vs The Red Baron...

Laura Fygi turns 62 on Sunday. The Dutch jazz singer has worked with many talented musicians, including Belgian Toots Thielmanns, and Clark Terry. Fygi's 2011 album, The Best is Yet To Come, included selections saluting her personal singing idol, Julie London.

Besides having a great voice and the talent to use it, Fygi has great taste in singing idols, too!

The audience at The Inn was all eyes and ears last week as Glenn Henriksen opened his performance at The Inn with music from the Broadway production of South Pacific.

All the news that fits we print.

## Terril Library News

We are thrilled and excited to inform everyone that we have received a Dickinson County Endowment Fund Grant for our new Library Automation project. This will add tremendously in improving our library services for our patrons. A grateful thank you to the members of the endowment fund committee for helping us finance our project.

Our reading program was well attended and lots of fun which included a carnival, presentations from the Northwest Iowa Humane Society and the coming solar eclipse. We want to thank Jan Donaldson and Marc Benedict for coming to present. A special thanks to Charlie (Charlotte) for captivating our hearts, and we wish her well in her new forever home.

We have finished our automation process and now are working on training sessions so hope to have it completely set up in a couple weeks. Don't forget to come in and browse because we have a good selection of wonderful books, magazines and DVDs. We are planning to add new audiobooks so when you travel you can listen to a great book.

**SLCS Stem Program To Help Area Businesses, Community**

Everyone learns in different ways. Some people are visual, some understand concepts by reading or listening alone, and some learn best after having a hands-on experience. Beginning this school year, Spirit Lake High School's Science Technology Engineering Math (STEM) Innovator Plus semester-long class will give students the opportunity to learn in all of those ways and to utilize their creativity and problem-solving skills to help improve area businesses and the community.

Rick Reinking and Kim Sierck recently received specialized training and will co-teach 15 students registered for the fall semester. They will develop a project pool with area businesses and non-profit organizations that have identified problems to solve. These problems may be issues they want to solve, yet don't want to spend a lot of money doing so. That's where the students will come in. They will work together, research and create options, and present their solutions to the businesses and non-profit organizations.

Reinking said, "The problem can be anything, really. Say, for example, a construction company would like their bidding process to be more efficient. The students may develop an app for them to use. It's a way for our students to take what they've learned in school and apply it to real-world problems and ultimately help our community."

Students will also mentor kindergarten through 4th grade students on different projects as well. "We anticipate this to be a great program. We're working on an entrepreneurship pathway to a degree at ILCC, and students will also be able to get three credit hours from the University of Iowa's School of Engineering by taking this class," said Reinking.

The location of the class will also be unique. It will be held in a space currently leased by Lakes Regional Healthcare within the Bedell Family YMCA. According to Reinking, "Research shows students think more creatively when they are off-campus, so we are very grateful to Lakes Regional Healthcare for graciously allowing us to utilize their space and to the YMCA for hosting. We are fortunate to have great partners like this in Spirit Lake!"

Lakes Regional Healthcare President and CEO Jason Harrington indicated that, "Although we have a long-term goal of putting a clinical program at the Y, the relationship with the STEM program is a great partnership for our organization. As you can imagine, nearly 90 percent of the occupations in healthcare have core STEM curriculum. As a result, it's important for us to get young adults interested in STEM-related career fields. It also fits well with our Junior Volunteer program which is also encouraging students to enter healthcare careers. We were happy to be a part of it."

"We're very excited about deepening our partnership with Lakes Regional Healthcare and the future opportunities ahead in developing an even healthier Iowa Great Lakes community. We're very happy that LRH has chosen a program to utilize the space that's in alignment with the YMCA's key areas of focus of Youth Development and Social Responsibility," added YMCA of the Okobojis CEO Andrew Fisher.

Area businesses or organizations interested in working with the STEM program are encouraged to contact Rick Reinking at 712-336-3707 or [reinking@spirit-lake.k12.ia.us](mailto:reinking@spirit-lake.k12.ia.us).

# "STEM Lit and Lab in the Library" Events Reach Nearly 500 Youth

"STEM Lit and Lab in the Library," a summer internship program coordinated and sponsored by Iowa State University and the Lyon, Osceola, Dickinson, Sioux, O'Brien and Clay County Extension Councils, has recently wrapped up for the summer.

The program, which focuses on bringing additional science, technology, engineering and mathematics (STEM) youth programming into local libraries reached nearly 500 Northwest Iowa youth residing in smaller communities.

Lori Hayungs, human sciences specialist in family life with Iowa State University (ISU) Extension and Outreach, shared that the program was offered in smaller communities where often the amount of library programming is less than that in a larger city.

"The local extension councils chose which libraries to partner with and offer the program at," Hayungs said. "In most cases, 'STEM Lit and Lab in the Library' was offered in a library in a smaller community in the county. Although we may not have seen the numbers that larger libraries often see, the impact and the appreciation from the community was great."

Mackenzie DeJong, Human Sciences Program Coordinator, supervised the "STEM Lit and Lab in the Library" interns. She explained that interns served as library assistants, as well as facilitated learning opportunities.

"In each lesson, the intern introduced a scientific concept, read a story related to that concept and led the youth in hands-on discovery of that concept," DeJong said. "For example, in the Colors lesson, youth explore chromatology, or the study of colors, through the reading of 'The Dot,' discussion and creation of primary versus secondary colors using red, blue, and yellow paint on a color wheel; and exploration of solubility using washable markers, which when combined with water on a coffee filter, pulls out the primary colors to illustrate that colors are all made up of the primary red, blue, and yellow."

DeJong said that interns also led library art lesson, story times and even coordinated an escape room for teenagers in one of the libraries.

Overall numbers for "STEM Lit and Lab in the Library" which took place primarily during June and July were as follows:

- Hull Public Library: 69 youth participated in 4 programs.
- Sanborn Public Library: 105 youth participated in 5 programs.
- George Public Library: 74 youth participated in 9 programs.
- Sibley Public Library: 47 youth participated in 4 programs.
- Everly Public Library: 25 youth participated in 4 programs.
- Milford Public Library: 141 youth participated in 4 programs.

"As a whole, we felt the program was very successful thanks in large part to the above-mentioned libraries; our summer interns Kodie Borchers, Whitney Jorgensen and Bradi Baschke; and the local youth who participated," Hayungs said.

For more information on "STEM Lit and Lab in the Library" or similar programs available during the school year, contact Hayungs or DeJong at 712-737-4230.

## LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

### To The Editor:

I want to comment about the recent events in Charlottesville Virginia. The recent tragedy there was a result of two opposing forces who went to the city both looking for a fight. The "alt right" and the "antifas" could have cared less about Robert E. Lee or the statue of him. They have their own extremist, violent agendas they wanted to promote. They got the violence they wanted and people paid for it with their lives.

President Trump condemned the violence on all sides - the racists as well as the anarchists - and for it he has been subjected to a barrage of what I can only call hate.

I'm worried for the future of our Nation, right now I would consider the chances of another Civil War at about 60%. The 1st Civil War was bad enough, but the Nation survived. I'm not so sure this time.

Pray for America and don't give in to any kind of hate.

Sincerely,  
**Dan Rogers, Spirit Lake**

OAK ST. CRAIG IOWA No. 10  
Oak Street, Craig, Iowa • Early 1900

*Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji area and Iowa history - Milford, Iowa.*

Seven miles north and seven miles west of Le Mars is the little town of Craig. Craig had its origin in 1910, when the Northwestern Railroad system plotted it as one of its stations. The town got its name after Wright L. Craig, a Northwestern Railroad attorney of Sioux City. In 1916, there were eighteen businesses with two banks, elevator, hotel and a doctor. This is a nice old picture showing the hitching post and a slow business day. The railroad was abandoned in the 1970s. The museum displays pictures and advertisements from Remsen, Kingsley, Le Mars, Akron, Seney, Struble, Hinton, Craig and Merrill in Plymouth County. Bring a friend and view towns from 99 Iowa counties and many pictures and original items from the old Amusement Park. You will be amazed.

The museum is located one mile west and a half mile north of the Milford Catholic church. For more information, call 712-338-2147 or email [ijclark1@msn.com](mailto:ijclark1@msn.com). *The Clark Museum is a 501 (c) 3 Non-Profit.*

### Spirit of Harmony Entertains at Discovery House

The Spirit of Harmony Chorus was pleased to entertain the residents and friends of Discovery House in Spirit Lake on Monday evening, August 14 with several a cappella selections. The quartet, Affinity, also sang two songs. The weather was beautiful and many enjoyed the picnic served before the music began. Spirit of Harmony would love to sing for your special occasion or gathering. Please contact Marilyn at 712-330-3640 to schedule.

The Spirit of Harmony Chorus is part of Sweet Adelines International. All women who love to sing are invited to visit a rehearsal to learn about the group. They meet on Monday nights, 7:00pm, at Immanuel Lutheran Church in Spirit Lake.

## NOTICES

**CITY OF MILFORD: Board of Adjustment Member Needed**

The City of Milford is seeking applicants to serve on the Board of Adjustment (5 year term). The Board of Adjustment is not a policy making board, but rather a quasi-judicial board responsible for the following: (1) Administrative review where it is alleged that there is error in any order, requirement, decision, or determination made by the Zoning Administrator; (2) Hear and decide special exception use applications; and (3) Authorize in specific cases a variance from the terms of the Zoning Ordinance when the variance is not contrary to the public interest and, due to special conditions, a literal enforcement would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done.

If interested please contact:  
LeAnn Reinsbach, City Administrator @ 712-338-2741, email lreinsbach@milford.ia.us, or visit [www.milford.ia.us](http://www.milford.ia.us) for a board member application. Deadline for applications is 4 p.m. on Friday September 8th or until position is filled. All appointments will be in accordance with Milford City Ordinances, Iowa Code § 69.16 concerning gender balanced boards, and the City's Volunteer Board Appointment Policy. **4-47c**

**LETTERS TO THE EDITOR**

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

**To The Editor:**

**Who Got The Money?**

The weekly Anti-Trump writer of Letters to the Editor seems to search out with great vigor everything President Trump has to say. Yet, whatever President Trump has to say, makes him very upset. It reminds you of the guy who was pounding his head against the wall. When asked "why do you do that?" he respond "because it feels so good when I stop".

I may not agree with everything President Trump says, but I do appreciate a President who means what he says and says what he means. I wish more politicians would do that rather than saying one thing and then doing another. I generally support President Trump's policies and believe he is placing the United States of America on a positive path to create more jobs, improve the economy, and protect us from international threats.

The Democrats have spent a year trying to prove President Trump colluded with Vladimir Putin. So far they have not been able to come up with any evidence. The President's actions do not have the appearance of anyone who is soft on Putin. The Special Council has hired mostly high power attorneys who donate to the Democratic Party. It has been said any good prosecutor - given the power of a Grand Jury - can "indict a ham sandwich".

When the Clintons left the White House they complained they were broke after many years in public service. Yet a few years later they have millions of dollars. Did they make a very wise investment? No, once Hillary became Secretary of State - and then was almost guaranteed to be the President of the United States - the speaking fees started rolling in. Who else do you know that can command a \$500,000 speaker's fee? How much of the Clinton Foundation funds were used for good purposes and how much was used to benefit the Clintons and their friends? Once Hillary Clinton lost the election the speaking fees magically stopped. How refreshing it is to have a President that is not always searching for more money. President Trump has his own money.
