They welcome you to join them on October 7 at the Pearson Lakes Art Center. Registration begins at 10:00am with the walk beginning at 11:00am.

Enjoy a scenic walk along the Dickinson County Trails followed by fun awards such as best trick, cutest mutt, and pet/owner look-alike contest. Even if you don't have a dog, you're in luck! The Humane Society has some furry friends they would love for you to meet.

Register by September 22 to ensure your long-sleeve shirt arrives before the event so you can stay cozy in the beautiful fall weather. The first 50 participants who register will also take home a goodie bag full of treats for both you and your dog. Pre-registration is \$20 and day-of registration is \$25. 100% of the proceeds go to support the Humane Society of Northwest Iowa. What better way to spend your Saturday morning than a fun walk with treats and prizes, all while helping a great cause.

Grapetree Medical Staffing Hosts Iowa Governor Kim Reynolds

Governor Joins GrapeTree Medical Staffing In Announcing Major Expansion of Headquarters

GrapeTree Medical Staffing (GrapeTree) welcomed Iowa Governor Kim Reynolds to its Milford, Iowa, office on Tuesday, August 22, in an exclusive announcement of the planned expansion of GrapeTree headquarters. Iowa Lakes Corridor Development Corporation Board of Directors Chair Kent Stensland joined Governor Reynolds and GrapeTree CEO Tim Kinnetz for the announcement.

"We are so excited to announce our expansion in Milford, Iowa," said GrapeTree CEO Tim Kinnetz.

Governor Kim Reynolds

"We are proud of the strong commitment we are making to our local community by bringing new jobs to the Iowa Lakes Corridor, and by helping to drive economic development in Northwest Iowa."

The GrapeTree expansion will break ground in spring 2018, and the company plans to move into the new space by the summer of 2019. The \$15-20 million budgeted for the expansion will go toward a new 72,000 square foot building, comprised of two floors; state-of-the-art technological capabilities; a modern fitness facility; and other amenities for employees.

"To see an Iowa company invest so much right here in Northwest Iowa, and plan to nearly triple its local employment, is encouraging," said Governor Reynolds.

"The future of our state depends on companies like GrapeTree that allow Iowans

to put down roots right here at home, rather than looking beyond the state's borders for opportunities."

The expansion will create roughly 200-300 new office positions, ranging from entry-level to management roles. The new building will be able to accommodate roughly 400 office staff members.

The growth of the office positions will support field staff growth both in Iowa and surrounding states, further increasing employment in the region. Currently, GrapeTree employs approximately 90

addition to its own staff. This number will likely grow with the announced expansion.

GrapeTree was founded in 1999 and has enjoyed tremendous growth, especially in the past year. In August 2017, GrapeTree was honored as one of America's fastest growing staffing firms by both Staffing Industry Analysts and Inc5000. In Iowa alone, GrapeTree assists half of all health-care facilities in the state with their staffing shortage needs.

GrapeTree CEO Tim Kinnetz

Founded in 1999 by travelling RN Tim Kinnetz, GrapeTree Medical Staffing is a healthcare staffing agency that provides staffing solutions to healthcare facilities across the Midwest by providing healthcare professionals to fill last-minute or long-term shifts left by staffing shortages. GrapeTree is rated one of the top 10 most reliable staffing firms in the Midwest and is certified by The Joint Commission, recognized nationwide as a "Gold Seal of Approval" and a symbol of quality that reflects an organization's commitment to meeting high performance standards.

Through the utilization of the latest technology to help streamline staffing and scheduling, GrapeTree has experienced tremendous growth over the past year, employing 90 office staff members who manage nearly 3,000 healthcare employees working in approximately 1,000 facilities in an eight-state area - Iowa, Minnesota, South Dakota, Nebraska, Missouri, Illinois, Wisconsin and Kansas.

GrapeTree is headquartered in Milford, Iowa.

Labor Day weekend is time to Rock 'n' Roll

As cool as August has been weatherwise, it's still hard to realize that Labor Day weekend is straight ahead. But the good news is Labor Day weekend brings the Iowa Rock 'n' Roll Hall of Fame induction ceremonies, concerts and lots more fun, too.

The festivities begin with the Lifetime Membership Party 5:30 Friday night, followed by a 7:30 concert.

Saturday starts with an 8:30 waffle breakfast and parade, along with the official opening ceremonies, a vintage car show and the association's annual meeting. A silent auction will take place at noon, followed by a battle of the bands, and the inductee meet and greet.

The official induction ceremony will take place at 2:00 Sunday afternoon, followed by an autograph party and the induction concert.

Full details are available online at: IowaRockNRoll.Com

Northwest Iowa inductees include the late Don 'Shakey' Ahrens, and Jerry Jones.

While IRRMA really had no specific category to recognize a guy like Shakey, he will be inducted posthumously as an "artist." And that he was quite the artist! In his 40 years in Arnolds Park, Shakey probably did more to promote music — and the lakes community — than anyone else in his time. It was only in his "retirement" that Shakey took over the shuttered Roof Garden and the Macombo Club.

Bass guitar man Jerry Jones, who will receive a Lifetime Achievement Award, has also been involved in the local music scene for decades, including most recently his associations with John Senn and Friends, and The Lake Patrol Band.

Both recognitions are well deserved...

RAMBO-ling

tweeners cut the rug. The youngsters, 5-year-old Alexander and his 3-year-old sister Penelope, really got into the swing of things. Their 8-month old brother wasn't as impressed. For the record, Steve's great grandmother and Glenn's grandfather were siblings.

Glenn is returning to his regular house concert schedule this week at his place in Spirit Lake, on Tuesday and Wednesday nights, starting at 7:00; adding his final Sing Along in The Lounge at The Inn, Friday night, from 6 - 8:00.

Stage Kat Stan tells us he has heard that Glenn's final (September 20th) show in the Lakeview Room at The Inn will be the *Swing Inn-To Fall Variety Show*. Get it!

There continues to be a lot more going on this week and next, too, even with the weekend being semi-official close of the summer season. Maybe we'll see an extended Indian Summer...

The Jackson Center for the Arts will be adding to its music schedule this week with a special Wednesday night session for anyone who might be 'fearful' of playing in a group or would just enjoy jamming with other musicians. The gathering starts at 6:30 at the JCA in downtown Jackson. It's an attempt to "grow musicians." Think "Slow Pitch Jam"...

Thursday night will also see Neal Ruge back on stage at That One Place restaurant, in the Boji Bay Funhouse, in Milford, from 6:30 - 8:30...

The Arch Allies tribute band will feature the music of Bon Jovi, Boston, Styx, REO Speedwagon, and Journey, Saturday night in Preservation Plaza, starting at 7:30, marking the final concert in the Live at the Lake summer series...

Sly James will be returning to the stage in the barn at the Little Swan Lake Winery, Saturday night from 6 - 8; then the Winery's annual Great Grape Stompede will get underway Sunday morning at 11:00, with fun contests and yoga instruction, music, food and more music. Charlie Leissler will perform on the stage in the barn from 1 - 3:00, and 4 - 6:00 on the patio. You might do well to call the Winery for more details.

Your last chance to hear a 2017 performance by the Dick Bauman Big Band at the Pearson Lakes Art Center will be Monday night, starting at 7:00...

You probably realize that when you don't see any mention about the Itty Bitty Boji Band here through the winter months that Boji Bill and Mrs. Boji Bill (Jackie) are off not to see The Wizard, but "vacationing" in Alabama, where the IBBB also performs a bit and they get to see other performers at places like the Flora-Bama Roadhouse.

Their favorite of those performers is Neil Dover, a singer they have coaxed into coming to Okoboji to perform at the Rolling Oaks Barn, next Tuesday night, September 5th, from 7:00 - 9:30. 'Should be an interesting show!

Research director RD is too young to remember Nelson Riddle's 1959 LP *The Joy of Living*, which included the song *Life is Just a Bowl of Cherries*, that became a huge hit for Nelson Riddle. But with umpteen small screws in her hand and a new cast to cover the surgery she still thinks "life is just a bowl of cherries."

RD says that's because Friday is Cherry Popover Day. The song was written by Ray Henderson and Lew Brown in 1931. But it wasn't until 36 years later — 1967 — that Doris Day recorded a pensive version that was used in her very popular LP, *The Love Album* — that album wasn't released for another 27 years — in 1994!

Getting back to today, RD wants you to know that it is Herbs Day — a time, she notes, to remember Simon & Garfunkel's third LP, *Parsley, Sage, Rosemary and Thyme* — released in 1967. Sergio Mendez covered the song in 1968, with (Go figure) *Brasil '66...*

And, it was on this day in 1964 that the *Mary Poppins* motion picture was released with many great songs, including *Chim Chim Cher-ee*, performed by chimney sweep Dick Van Dyke and the cast. Written by the very talented Disney songwriting team of Richard and Robert Sherman, CCC... won the Academy Award for Best Original Song.

Another original song from the movie, *A Spoonful of Sugar*, has been most medicinal for RD in recent weeks.

Arranger, composer, conductor, all-around entertainer, and recording artist Johnny Mann was born in Baltimore on August 30, 1928, and had several charted hit songs to his credit, including the *Cinnamint Shuffle (Mexican Shuffle)* which was a hit not only for Mann for but also for a 60's group called the T-Bones.

It was also used as a chewing gum commercial.

You can find the ...Shuffle on YouTube along with other gastronomic delights by the T-Bones, including the also commercial song, *No Matter What Shape Your Stomach Is In*.

No matter what shape your stomach is in, we hope you safely enjoy the Labor Day weekend...

All the news that fits we print.

Please send your music-related announcements and comments to RAMBOling@mindspring.com or POBox 676, Okoboji, Iowa 51355-0676

Beth Moore Bible Study

The Women's Bible Study at Harbor of Joy Lutheran Church in Milford will be hosting the Beth Moore Bible Study, Daniel: Lives of Integrity, Words of Prophecy. It will begin Tuesday, September 5, 9:00am at Harbor of Joy, 1204 L Avenue, and continue for 12 weeks. This is a DVD study with Beth leading this faith-building study of prophecy and learning to live with integrity in today's self absorbed society. Everyone who has ever participated in a Beth Moore study knows she is a very colorful presenter of scripture, and is passionate about women knowing and loving the Word of God. She brings the Bible to life in a most entertaining way. All women are invited to call the church (712-338-2355) for more information and to register for this study.

Three and five-year olds Penelope and Alexander Hansen, of Austin, Texas, were the youngest dancers on the floor at That One Place, Thursday night, when Glenn Henriksen and Jerry Behnkendorf (rear) entertained.

The Back to School Bash will include a free meal of hotdogs, hamburgers, chips, cookies and water. New this year is Karaoke.

Iowa Hall of Fame Honors Past and Inspires Future

The Iowa Rock 'n Roll Music Association hosts three days of events Labor Day Weekend celebrating the 2017 Iowa Rock 'n Roll Hall of Fame Inductions. Rock 'n Roll Legends will take the stage in the infamous Hall of Fame Induction Concert Sunday night at the Roof Garden, but not before the winners of the association's Battle of the Bands performs.

After the Riot (Johnston), Black Hilt (Cedar Rapids), Dog Bite (Fort Dodge), Imperium (Ankeny), Ledd Peppers (Neola), Norwegia (Okoboji), and Youth Gone Wild (Waterloo) will battle it out Saturday from 1pm to 4 pm at the historic Roof Garden in Iowa Rock 'n Roll Music Association's Battle of the Bands finals. A yearly statewide competition that any musician under 21 can enter, Battle of the Bands is a great opportunity for young bands to see what their peers across the state are doing and have a little fun showing off their skills to the judges. Competitions across the state qualify bands for finals Labor Day weekend with the winning band receiving recording time from Catamount Studios in Cedar Falls.

Imperium was formed by a bunch of metalheads that wanted to create their own music. After the Riot's diverse musical influences makes their brand of hard rock music something to hear. Their goals include releasing an EP of original music by the end of the year and inspiring others to create and share music of their own. Black Hilt is a face-melting thrash metal band who joined together for the pure emotional freedom that music allows. They want to become better musicians and inspire others to do something they love. Youth Gone Wild is a metal/hard rock band out of Waterloo formed in June of 2015. They love interacting with fans and feel music brings people together.

Join us Labor Day Weekend to not only honor those making significant contributions to rock 'n roll music in Iowa, but to witness the future of music in the state. The Iowa Rock 'n Roll Music Association is a 501(c)(3) nonprofit organization whose mission is to preserve the legacy of rock 'n roll music in Iowa by honoring achievements, educating youth, and inspiring artists. For more information about the Iowa Rock 'n Roll Music Association and a full list of events, go to www.iowarocknroll.com or call 712-332-6540.

LETTERS TO THE EDITOR

To the Editor:

Thank you again, Spirit Lake, for coming out and giving the blood of life on August 17, 2017, for the American Red Cross. We didn't have a huge turnout but had no deferrals so everyone contributed that came.

Five contributed double red units counting as 10 units, and 27 contributed whole blood. We had a total of 37 units which was about 15 units below our goal.

A big thank you to all that donated and mark your calendar for October 16, 2017. Let's make our goal this time!

A big thank you to all the volunteers for their help in the canteen: Joan Shanafelt, Lois Hansch, and Judy Hagedorn and to Lois' Bake Shop for providing such wonderful cookies. Thanks also to Julie Lande for being in the reception area.

Your generosity is most appreciated by those needing transfusions in trauma situations and for on-going treatment of chronic life-threatening illnesses.

Finding Help and Hope at a Grief Support Group

by Jo Winkowitsch, Milford, Iowa

GriefShare has been in the Okoboji area for over 10 years now. Many people have attended the group and been helped. Many of you might be thinking about attending. Whether you need help to know what is considered “normal” in grief, or you want some support and help as you process your grief and losses... GriefShare may be right for you. Another group starts Monday, September 18, 2017. Your loss can be recent or years ago, if you find yourself feeling stuck or struggling with a grief, you are welcome to come check the group out.

It has been many years since I was broadsided by grief when my daughter died. Since then I have been drawn into being part of the grief support community to help provide a safe place (like a hospital or emergency room) for people to be educated and supported as they deal with their pain. No matter what your age or loss, if you have lost someone to death, GriefShare is available.

Here are some reasons for a person to consider attending a grief support group:

- You feel alone or disorientated and can't seem to find your way. As your relationship with the deceased was unique, so is your grief journey. At a support group you will learn you are not alone on your grief journey, and will find hope that you can find healthy ways to cope and adjust. You will learn about different kinds of loss and different ways to deal with the pain. Grief reminds us of how fragile life is, and at a grief support group everyone understands how difficult it is to deal with the losses.
- You find yourself wondering if you will “get over it” as you think about your grief and loss. As you share and process your grief you will come to understand that grief is a lifelong process when you lose someone to death. We get through the valley...not around or over it. You will come to see that you must find your own way of grief, and that you must be patient with yourself as you go. While the agonizing pain of loss diminishes over time, it is never completely gone. People are irreplaceable and our lives are changed by the death of a loved one.
- Your life seems meaningless and you are having trouble finding a purpose in life. Being with people who are understanding and good listeners will help you acknowledge your feelings as you adjust to your losses. Finding a new purpose in life is part of the grief process and those at a grief support group know that and will support you as you listen and share.
- You have people in your life who say things like... “God won't give you more than you can endure,” or “It's all for the best”, or

“God needed another angel,” or “You will be your old self soon.” At GriefShare you will learn that everyone has to find their own way and that it is not helpful to share clichés or platitudes to try to help someone who is grieving the loss of a loved one. You are feeling what you feel and need not try to talk yourself out of your pain or to try to figure out the whys of what happened. A grief group will help educate you on what is healthy grieving and will help you process the helpful and not helpful things well-meaning people say.

- You worry that death ended your relationship with the one you lost. At the support group you will likely learn ways to celebrate the love you shared and the person you loved.
- You have suffered losses in your life and don't want to think about them. “Blessed are those who mourn, for they shall be comforted.” Matthew 5:4. The word “mourn” here means to get on the outside what is on the inside. If you are not able to mourn or grieve you can get stuck and not move forward in your new life. Some people have come through our groups who seem to have frozen faces, finding it difficult to talk about or feel the pain of their losses. I have seen people thaw and change as they find a safe place to feel and share and learn. A grief group can be intimidating, but the benefits can provide an amazing freedom and good relief. Healing means that one can think about the loved one or be reminded of the losses without feeling like they will fall apart.
- You find yourself using negative or harmful coping to cope with your pain. At GriefShare we talk about finding coping skills to help us express our pain and deal with our losses. We don't believe in quick fixes or avoiding the pain long term, and we know that it will take time to work through the pain of losing someone you cared a lot about.

GriefShare is a Christ-centered grief support group that meets weekly for 13 weeks. Each week has time for grief experts and fellow grievers to share about a different subject, and a time for discussion. But no one is forced to talk if they don't want to.

The Okoboji GriefShare meets at the Okoboji Lakes Bible Conference Community Center at 45 South Highway 71, Arnolds Park. It will begin at 6:30pm on Monday, September 18, and continue for 12 more weeks. For more information or questions, call Jo Winkowitsch, at 712-330-7091 or go to www.griefshare.org and put in your zip code.

Free Wellness Program for Older Adults Beginning September 7

Major indicators of health, longevity, and independent living in older adults are attributed to, in a large part, physical activity and nutrition. In Dickinson County 33 percent of adults are obese and 23 percent are physically inactive, which is similar to or higher than the state average. These data points indicate there is room for improvement for local adult physical activity and nutrition.

Dickinson County Public Health wants to help older adults in the Lakes area improve their health and increase their physical activity. On the first Thursday of every month beginning September 7, Dickinson County Public Health, with funding from Elderbridge, will provide a free program called Fresh Conversations. Each Fresh Conversations program will offer:

- Fun conversation regarding nutrition and physical activity
- A free recipe to try, which will be made and eaten at the session
- A brief exercise session
- A newsletter that highlights a specific food and nutrition topic

Dickinson County Population and Public Health Director Brandon Rohrig said, “The program is a great opportunity for older adults to try new foods, get some social interaction, and get moving. The main emphasis will be about being practical and independent living. The classes will be interactive and enjoyable.”

The program is free and available to adults ages 65 years and older. They will be held on the first Thursday of every month from 12:30 until 1:00pm at the Senior Citizen Center in Spirit Lake, located at 2100 Zenith Avenue. Participants do not need to attend the Dinner Date meal to participate in the Fresh Conversations program.

Those interested in more information regarding Fresh Conversations or other local Dickinson County Public Health programs can call 712-336-2682.

Proclamation for Poppies

The distribution of VFW Poppies will be Friday, September 1 and Saturday, September 2, in the lakes area. The VFW Auxiliary of John W. Kidd Post 4514 of Spirit Lake will be distributing the Buddy Poppies. All patriotic citizens are urged to wear a Buddy Poppy as mute evidence of our gratitude to the men and women of this county who have risked their lives in defense of the freedom which we continue to enjoy as American citizens.

The basic purpose of the annual sale of Buddy Poppies by the VFW is eloquently reflected in the desire to "Honor the Dead by Helping the Living", therefore Blain Andera, Mayor of the City of Spirit Lake, and Bill Reinsbach, Mayor of the City of Milford, do hereby urge the citizens of this community to recognize the merits of this cause by contributing generously to its support through the purchase of Buddy Poppies on the days set aside for the distribution of these symbols of appreciation for the sacrifices of our honored dead.

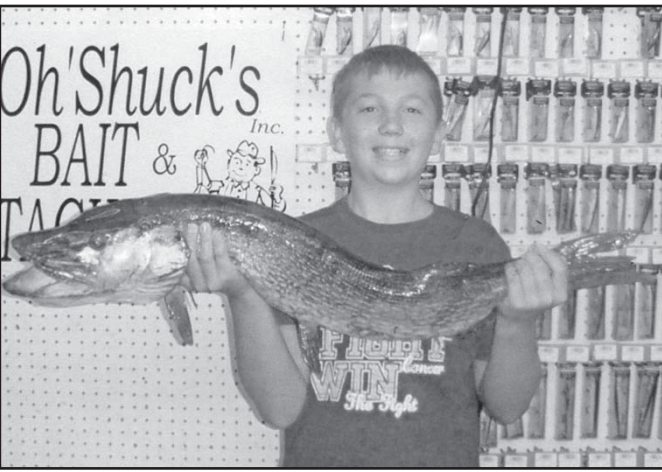

Proclamations have been officially signed and endorsed. VFW Buddy Poppies are assembled by disabled veterans, and the proceeds of this worthy fund-raising campaign are used exclusively for the benefit of disabled and needy veterans, and the widows and orphans of deceased veterans. For more information call President Elaine Wallace at 712-291-1002 or Poppy Chairman Susan Reiter 712-330-2476 or visit the VFW in Spirit Lake.

Iowa Red Cross Volunteers Mobilizing to Texas

by Mark Tauscheck, Regional Communications Officer, American Red Cross Serving Greater Iowa

The threat from Hurricane Harvey is far from over as extremely dangerous flooding continues in Texas and parts of Louisiana. Getting help in some areas will be challenging for some time due to devastating floodwaters and closed roads. This is a heartbreaking and challenging situation for those in the storm's path. Hundreds of Red Cross volunteers from all over the country are on the ground now, working around the clock to provide safe shelter and comfort to people impacted by this devastating storm. Twenty volunteers from Iowa are either in Texas as of Sunday night or will soon be in the disaster area.

- More than 1,800 people took refuge from the deadly storm Saturday night in 34 Red Cross and community shelters in Texas. These numbers are expected to grow and dozens of additional shelters could open.
- Harvey will continue to produce an additional several feet of rain over the next several days and millions of people are

facing flash flood warnings, including the entire Houston metro area which is under a flash flood emergency.

- There are numerous reports of people stranded in their homes and water rescues are ongoing. Roads are flooded, rail lines are shut down, airports closed and hundreds of thousands have no power.
- The Red Cross has enough shelter supplies in Texas to support 28,000 people and supplies for an additional 22,000 people are being sent in now. In addition, tractor trailer loads of ready-to-eat meals, comfort kits, kitchen supplies and cleaning supplies are on the ground in Texas.
- Nearly half of the Red Cross emergency response fleet -- more than 150 vehicles -- have been mobilized. Four of those emergency response vehicles are from the Iowa Region.

For more information on how you can help, go to <http://www.redcross.org/local/iowa>

MISSION POSSIBLE

IMPROVING STRENGTH AND REGAINING INDEPENDENCE FOR AGING ADULTS

By Tyson Dukes, Senior Fitness Specialist of InHome Fitness Solutions

As a Physical Therapist Assistant for the past 20 years, I've noticed a thing or two about the patterns that exist in the current healthcare system. What I see happening is the aging adult population enters the healthcare system because they've had an injury, or a fall, or they've had need for a surgery. Then they are treated with some form of physical therapy until either their insurance dictates that they've fulfilled the amount of treatments available or until they're discharged from therapy. In this case, healthcare is RE-ACTIVE to a problem or injury. But then what happens? The person goes home only to find the same problems they had prior to the injury still exist there; stairs are still hard to navigate, it's still hard to go from sitting to standing, and maybe they're still worried about falling.

What if we thought about the system differently? What if we were able to improve strength, balance and stability so you could help prevent that fall or injury? What if there was a better - more PROACTIVE approach?

Fortunately, there is, as a Senior Fitness Specialist, I am able to provide you with a comprehensive program to help you regain your strength, balance and stability all in the hopes of maintaining your independence, keeping you strong and, more importantly, keeping you home. These training sessions are done in the privacy and comfort of your home and are 100% customized to your needs and goals.

If you're ready to put the GOLD back in your golden years, please call us today for your free consultation.

REAL ESTATE ROUNDUP

Presented by **RE/MAX Lakes Realty**

Welcome back folks and happy Labor Day weekend. As we all prepare for a fun and busy weekend, please keep Texas in your thoughts and prayers. At the time that I write this, hurricane Harvey has just made landfall and it is not looking pretty. Living in the Iowa Great Lakes my whole life, it is difficult to comprehend the sheer horror and damage that hurricanes can do. Peoples' lives are ruined in the matter of just a few days. If you have an opportunity to help and/or reach out to provide hope to just one family that has to rebuild, do it! These citizens will need much more than government assistance to get back on their feet. In fact, don't think of this weekend as Labor Day, think of it as Charity Day. Did you know that there is an International Day of Charity that is celebrated on September 5th? I didn't! It doesn't quite have the shock value of a political scandal I guess; am I right media outlets? But I digress. Again, don't hesitate to help and give what you can, whether it is in Texas or a family in need here at home.

On the Real Estate front, we have seen a recent surge of new listings here at RE/MAX Lakes Realty and on the MLS as a whole. Once Labor Day passes and lake properties get buttoned up for the season, we are hoping for even a greater surge of listings, especially lake listings. Our listings are selling and we NEED more listings. In talking with my agents, we have buyers just waiting, but there aren't enough well-priced lake homes to choose from. Our lake buyers this year are more particular than ever. They know exactly what they want and what specific location they wish to buy at. We simply need more supply and more options. If you are thinking of selling, please make sure to call us today, so that we can provide you an objective market analysis and also so we can show you how nobody can provide more exposure for your listing than RE/MAX! **There was some other news that came out this week that we as Real Estate professionals will be keeping a very close eye on in the coming months.** Fannie Mae and Freddie Mac recently announced that for certain purchase mortgages (they have already been doing this for refinances), they may NOT require an appraisal. Appraisals have historically always been required by both GSE's. This does NOT mean the end to appraisals, as the majority of mortgage loans will still require an appraisal, but if your transaction satisfies a certain set of criteria, you may be able to save the cost and substantial time of an appraisal. Stay tuned as this could be a huge shift for the real estate industry.

On a side note, I would personally like to give a shout out to Tim Kinnetz, CEO of Grapetree Medical Staffing for his recent expansion announcement. The Iowa Great Lakes has historically been supported by manufacturing and tourism. Now, with this announcement of 200 to 300 extra white collar jobs, it is my hopes that this is the beginning of a substantial shift to bringing our young talent back home to Okoboji to utilize their educations, get professional and technical experience, and in turn be entrepreneurs themselves. In order to have any type of substantial growth, it's been my belief that the Iowa Great Lakes would need to land 2 or 3 companies in the tech, health care, or administrative industries that could offer substantial employment. Kudos to Grapetree, as hopefully this will be a great boost to our local economy and real estate market.

This week I'd like to feature our entire team at RE/MAX Lakes Realty: We have some of the best support staff in the business and our agents are a special group. All across the world, agents come to RE/MAX because of our brand power, generous commission splits, independence, technology, and support. **Stop in or call one of our professional agents today, and let us show you the advantages of selling and buying through a RE/MAX agent.**

The Grade and Draw Bridge, Lake Okoboji, Iowa • Early 1900

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji area and Iowa history – Milford, Iowa.

This is one of my favorite pictures. It shows Okoboji from the grade, looking north, showing the early fleet of steamboats at the coal dock, the Smith Cottages and homes on the hill, the wagon bridge, and the Wilson & Sons General Store. The large boat is The Ben Lennox. Notice the bend and how narrow the road is. Many changes have taken place since then. The Clark Museum displays many pictures of the lakes area and original signs and items from the old

amusement park. The Fun House and Roof Garden signs are many favorites. The museum also has old advertisements from all 99 Iowa Counties. Bring a friend or a group. You will be amazed!

The Clark Museum, located one mile west and a half mile north of the Milford Catholic church, is educational, historical and entertaining. For more information, call 712-338-2147 or email ijclark1@msn.com. *The Clark Museum is a 501 (c) 3 Non-Profit.*

Bee and Butterfly Festival

We love pollinators at the Dickinson County Nature Center in Okoboji.

That love is shared with hundreds of people during the annual Bee & Butterfly Festival, held 4:00-8:00p.m. Friday, September 1, this year.

“The Bee & Butterfly Festival is our biggest event of the year,” said Kiley Roth, community relations coordinator for Dickinson County Conservation. “We love seeing the smiles on both kids’ and adults’ faces as they hold a monarch butterfly or get a photo taken with Sweetie the Bee. Plus, we hope people find a passion for pollinators along the way.”

The fun begins at 4:00pm with live monarch butterfly tagging. Participants will gently place a sticker with a tag number on a butterfly’s wing and take it outside to release it. Keep your butterfly’s tag number to track it through the University of Kansas’ Monarch Watch program.

From 4:00-7:00pm, stop by a variety of craft booths in an outdoor tent in Kenue Park. Make a butterfly mask and antennas to wear; create a butterfly from an egg carton and a bee from a paper plate, and try your hand at pollinator origami.

Also in the tent will be a variety of vendors, including Boemsen Bees, the Nature Store, The Prairie Flower and Soy Candles by Julie. Cotton candy will also be for sale for \$2, with proceeds going to the Conservation Foundation of Dickinson County, and the Farm to Fork food truck will be on hand outside with delectable dinner offerings.

Head down to Pollinator Paradise throughout the event to see exhibits on butterflies, bees and native plantings or play outdoor lawn games like bee and butterfly giant Jenga, ladder golf and pollinator bean bag toss.

At 4:30pm Anita Westphal, a butterfly wing assistant at Reiman Gardens in Ames, will speak in the outdoor amphitheater about her experiences and the importance of butterflies. Then Jessie Lowry, the conservation manager at Blank Park Zoo in Des Moines, will talk about the Plant.Grow.Fly. pollinator program and how we can all make a difference in bringing back pollinator populations.

The Great Plains ZooMobile from Sioux Falls, SD, will bring out live animals 6:30pm in the amphitheater, talking about how different creatures have adapted to the habitats they live in. Following the presentation, the zookeeper will allow audiences the chance to touch one of the animals as well.

The culminating presentation of the festival will be a honey extraction demonstration by Boemsen Bees at 7:15pm in the lower level of the Dickinson County Nature Center. See how honey is taken from the honeycomb and even sample some of the fresh treat. Seating is limited for this popular program.

“All ages are invited to this free event,” Roth said. “From the monarch tagging to the crafts to the speakers, there really is something for everyone.”

For more information on the Bee & Butterfly Festival or other nature center offerings, visit www.dickinsoncountynaturecenter.com or call 712-336-6352. You can also keep up with the latest happenings on Facebook, Instagram and Twitter.

The Designer Outlet Giving Back

Northwest Iowa's Newest Outlet Store Opens Its Doors

It's not often you use the words 'designer clothing' and 'mission' in the same sentence. But the MH Designer Outlet (MHDO) in Spencer, is looking to change that! The new outlet store, selling name brand designer clothing, just opened its doors, with all profits from the store supporting local and global missions work. The store opened on August 5th with over 1,000 people coming through the doors during their first day.

At the opening Karmen Brown, Store Manager, said, "Wow, I am just blown away at the support our new Designer Outlet has received from the Spencer area and surrounding communities. What a blessing in so many ways. Again, we could not do this without our wonderful volunteers and staff. These folks serve with such loving hearts. All to reach out in Jesus' name, supporting missions locally and globally."

MH Designer Outlet allows customers to find high-quality designer clothing items up to 75% off the original department store price. "We offer some amazing major designer brands at MHDO, including Ralph Lauren, Calvin Klein, Michael Kors, London Fog, Giacca, Tommy Hilfiger, Free People, Jessica Simpson, and many more. We offer women's clothing, some men's clothing, shoes, accessories, and plus size items," says store manager, Karmen Brown.

MH Designer Outlet is an extension of the Many Hands Market, a boutique thrift store in Spencer. The two stores share the same location, with customers able to access the outlet store expansion by first entering through the Many Hands Market. Though the stores share a manager, Karmen Brown, they remain their own establishments. All profits from both stores support local non-profit causes, and work done by Many Hands for Haiti.

The unique designer outlet is located at 1019 S. Grand Avenue, in Spencer. It is open Monday through Friday from 10:00am-6:00pm and Saturday from 9:00am-5:00pm. Be sure to visit the store, or find out more by following MH Designer Outlet on Facebook, or visiting www.mhdoutlet.com.

The Torkays—IGL’s Forgotten 1960s Garage Band

Labor Day Weekend has become a rock ‘n roll celebration in the Lakes Area as bands, facilities and entities relating to the Iowa rock ‘n roll music legacy are recognized and inducted into the Iowa Rock & Roll Association records. It has also become an annual reunion for many “old rockers” to get reacquainted and reminisce about the good old times! Even though many local bands have been formally recognized over the years, some that may have had a significant local impact have become distant memories. A brief synopsis of one such band follows.

with the final state crowning at the Roof Garden in Arnolds Park. Vickie Lutes at age nine could belt out all the Brenda Lee hits and was featured at these outings. Following the Little Miss Iowa shows, Darlowe Oleson owner of the Roof Garden (IRRMA facility inductee), saw and liked the group giving it greater exposure by having the band play at a reception for build-up to the larger Miss Iowa contest which at that time was also held at the Roof Garden.

In 1964, Yarns left the band to pursue other interests, but The Torkays continued on with the addition of Dean Aakhus (Drums) and Jerry Upson (Guitar/Vocals/Song Writing). Later, Denny and Steve left the group and Jim York (Bass) and Mark Gentry (Guitar), later a 2011 IRRMA inductee with the Sticks & Stones, joined as replacements. This group went on to record a Coulee Records 45 single featuring Kenny Cunningham singing originals, “Linda I’m Worried So” and “You Don’t Know About Love” both written by Jerry. This record was number one in the LaCrosse, WI market for some time. The band also went to Omaha to back Vickie Lutes on her first 45 single on Applause Records, “Don’t Break My Heart” and “Tears Are Falling” (both written by Jerry) as she was breaking out as a headliner in her own right. The Torkays continued to play many dates at ballrooms, lounges and other venues in Iowa, Minnesota, Illinois and Wisconsin as a headliner or second to a national headline act.

As with most ‘60-’70s era bands, once its members graduated from high school or the local junior college or were

compromised by the Vietnam conflict, members left, which was the case for Kenny and Dean. Bob and Jerry kept the group together for a while longer and the Torkays backed up Chubby Checker on his Iowa performances at the Roof Garden, Danceland and Playmor ballrooms (all IRRMA facility inductees). Following Jerry and Jim’s departures the band did finally break up. Only Dean, Kenny and Mark are surviving members of the latter Torkays band.

Although never formally recognized by any associations, the Torkays set an early standard for local garage band achievements. Due to its success, it prompted many other NW Iowa rock band start-ups. Additionally its various members or substitute players went on to play in later notable groups like the Gas Company (IRRMA inductee), Day Break, Runaways, Dark Knights (IRRMA inductee), Sticks & Stones (IRRMA Inductee) and Dentairs (IRRMA inductee). Bob York toured later on nationally with many rock music troupes as did Dean. So the Torkays band was not only a trend-setter in its own right, but also set a strong base for nurturing individual talents that significantly influenced the rock ‘n roll music legacy contribution of Northwest Iowa and beyond. This made obvious by all the noted IRRMA recognized individuals and inducted bands with members emanating from the Torkays plus IRRMA recognized facilities that readily booked the band to play many performances! It’s important to cite the contributions of Kenny Cunningham, Dean Aakhus and the late Jerry Upson who unfortunately were never part of later bands whose members have been formally recognized.

Petoberfest Challenge

October is National Adopt-A-Shelter Dog Month and is also Petoberfest, a friend and fundraiser for People for Pets of Spencer. A non-profit no-kill animal shelter serving northwest Iowa and beyond, People for Pets is a safe haven and adoption center for unwanted, abused and stray pets.

Pictured is adopter and supporter extraordinaire, Kirsten Wampler of Midstates Builders, with a \$1,000 check in hand. Along with husband Craig and their three P4P alumni dogs, Kirsten is challenging fellow animal lovers to match this donation as People for Pets receives no federal, state or city support to maintain operations.

Petoberfest is Saturday, October 14, at the Spencer Community Theatre. Visit www.peopleforpets.org to donate online or mail tax-deductible contributions to 2312 Highway Boulevard, Spencer, IA 51301.

Recreational Trail Safety & Iowa Bike Laws

This month we are focusing on recreational trail and bicycle safety in addition to being kind to our fellow trail users.

ATVs On Trails: While AllOTerrain Vehicles are allowed on most streets throughout the Iowa Great Lakes they are not allowed on Dickinson County Trails. The Trails Board has a motorized vehicle policy that allows the use of small vehicles for those who need assistance. There is a permit required for these vehicles that can be found on our website at www.dickinsoncountytails.com. For the safety of pedestrians and bicyclists, refrain from riding unpermitted vehicles on the trails.

Bicycling Etiquette: *Be Cool, It's a Bike Path* by Brian Fiske (www.bicycling.com). Multi-use paths are being added to cities across the country at an exciting rate and more people are using them. That's a great thing but crowding can lead to conflict. To stay safe, and make the experience more enjoyable for everyone, here are a few guidelines for blissfully sharing bike paths with fellow cyclists, joggers, dog walkers, and everyone else.

1. Get out of time-trial mode: It is fun to go fast, but a bike path is not the place to seek a record time. Yes, you can crank things up a bit if you have clear sight lines and few other users but, as a general rule, keep it under control.
2. Ride right, pass left: Act like a car in these situations. Right for travel, left for passing. And, of course, obey all traffic signals.
3. Slow down—and be prepared to stop—when there are others around: People are unpredictable. Kids and pets especially, but the truth is, anyone can be so involved in a conversation or wrapped up in their own thoughts that they'll make a bad choice even if they hear you coming. Slow to a walking pace and keep your hands on your brakes.
4. Make some noise well before passing: A bell is more charming (and less startling) than an "on your left," but either is preferable to a stealth pass. Make noise—be sure you are heard—well before you reach the person you're passing.
5. Look around (and signal) before passing or stopping. Just because you are doing it right doesn't mean everyone else is. Before you swing left to pass or hit the brakes to stop, throw out a hand signal, and take a look behind you for oncoming traffic.
6. Don't stand in the path. Sometimes it's nice to stop and look around and take a drink. Pull off the path when you do so, otherwise you'll block the way for everyone else.
7. Be nice. It is the most important thing. You are representing cyclists as a group. Don't be a stone-faced automaton determined to maintain your 20mph pace. Treat people the way you want to be treated. Be friendly. Wave. Say hello. It will make all of our time on these super paths a little more fun.

Iowa Rules Of The Road For Bicyclists: Know and Obey Iowa's Traffic Laws – A person riding a bicycle on the street or highway has all the rights, and is required to know and obey all traffic laws and rules of the road, applicable to the driver of a motor vehicle.

Ride on the Right and With Traffic – Bicyclists must ride with the flow of traffic on the right side of the roadway, except: when overtaking and passing another vehicle; when preparing for a left turn; when avoiding parked vehicles, drain grates, or debris; or when avoiding any other road conditions that may affect the operation of bicycles. Bicyclists may also ride on the shoulder or a designated bike lane. Bicyclist operating on a roadway at less than the normal speed of traffic shall ride as close to the right curb or edge of the roadway as is safe and practical.

Use Hand and Arm Signals – Bicyclists must signal their intentions to turn or stop. The proper signals are made with the left arm. To make a left-turn signal, extend hand and arm horizontally; to make right-turn signal, extend hand and arm upward; and to stop or decrease speed, extend hand and arm downward. The keys to safe bicycling include be predictable, visible and communicate your intentions to motorists.

Use a Light at Night – A bicycle operated between sunset and sunrise must be equipped with a white light on the front, and red light or reflector on the rear, both visible for a distance of at least 300 feet.

Follow Lane Markings – Bicyclists must follow lane markings and select the appropriate lane for their intended direction of travel.

Ride Only Where Permitted – Bicyclists are allowed on almost all Iowa roads with the exception of interstates, other controlled-access highways with posted minimum speed limits, and streets where bicyclists are prohibited by local ordinance.

Limit Riders to Those Your Bicycle is Equipped to Carry – Bicyclists must not carry more people on their bicycle than it is designed and equipped to carry, except for adults carrying a child securely attached to the bicycle in a seat or trailer designed to carry children.

Pass on the Left – Bicyclists should always pass on the left. To pass a motor vehicle, the bicyclist must first move to the left lane. After overtaking the vehicle, they must return to the right lane once reaching a clear distance.

Report Crashes – Bicyclists must stop and exchange information when they have been involved in a crash.

Never Ride Against Traffic – Motorists and other cyclists aren't looking for a bicyclist on the wrong side of the roadway. Riding on the wrong side increases the likelihood and severity of head-on collisions.

Bicycles and Traffic Violations – Bicyclists who violate traffic laws are subject to the same fines as motor vehicle drivers.

Be Prepared to Stop for School Buses – Bicyclists must come to a complete stop when they come upon a school bus with flashing signal lights and the "STOP" arm out.

Cars Passing Bikes – Use extra caution when passing bicycles. Move entirely into the left lane; on a two-lane road, do not pass a bicycle if oncoming traffic is near.

Be Safe and Have Fun! As always, Happy Trails to You and Yours.

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

To The Editor:

On August 21, my wife Fawn and I journeyed to the town of Rock Port, Missouri, to observe the total eclipse of the sun. It was exciting and moving as we watched the moon gradually cover the sun and the corona appeared! It was well worth the trip!

Earlier, as we were preparing for our trip we couldn't fail but to notice that the land path of the totality zone of the eclipse passed entirely over U.S. soil (Oregon to South Carolina). Also, the path split the lower 48 states into two nearly equal portions. In addition, the partial portion of the eclipse was visible in all 50 states.

In light of many recent events in our nation, the division, anger and hate, can we interpret this eclipse as a message from God to America? Is this a time to take pause and take a good hard look at ourselves? And a good time to get our priorities straight. Think and pray about it.

Sincerely,

Dan & Fawn Rogers, Spirit Lake

Agronomy ADVICE:

Tips from the Channel Field Check Up Series

Late Season Soybean Management

By this time of the season, many decisions have already been made about your soybean crop that will affect yield potential. However, there are still ways to help protect the number of bushels per acre you will achieve at harvest time. Full pod, or reproductive stage R4, marks the beginning of the critical period for determining soybean yield potential.

Preserving leaf surface area is of primary concern during the seed fill period, as it can cause more reduction in yield than at any other growth stage. Defoliation is detrimental because it results in less photosynthetic activity. This decreases the plant's growth rate and therefore lowers yields. Insects, diseases, weed escapes, unfavorable weather, low moisture levels, and fertility challenges can all create yield losses during this stage.

Insect damage can occur in the form of leaf and tissue destruction as well as direct pod and seed feeding. Treatment thresholds and methods vary for insects from location to location. Some common soybean insects that may be encountered are: bean leaf beetles, grasshoppers, soybean podworm, stink bugs, spider mites, and soybean aphids. Timely scouting is crucial for the correct identification and for detecting the presence of these insects.

Some fungal diseases that may affect soybeans late in the season include: Cercospora leaf blight, brown spot, frogeye leaf spot, pod and stem blight, and anthracnose. These diseases are generally favored by warm and humid or wet conditions. Spots or blotches on leaves, stems, or pods may indicate the presence of a fungal disease. The proper identification of a disease is the key to treating it and to prevent its occurrence in the future. Once you know what diseases your fields are prone to, you can select products with good resistance to those specific diseases in the years to come. Another option to consider is a fungicide application if the disease is treatable in-season. Fungicide applications are generally made during the R3-R5 stages and not recommended after R6.

While generally weed control should be completed before mid-to-late season, field scouting should still involve an observation for any weeds that have escaped control. Generally, weed escapes have little impact on yield potential and chemical control is not warranted. Weed escapes may, however, have the potential to interfere with harvest and introduce foreign matter to the harvested soybeans. Along with this, weed seed may be added to the soil, which can result in problems for next year. In some cases, weed management may be necessary. Be sure to follow labeled recommendations for any herbicide you may decide to use.

Water demands are highest during the soybean reproductive period. Good soil moisture conditions need to exist from beginning bloom until the beans are touching in the pods in order to reach maximum yield potential.

Also in high demand during a soybean's reproductive period is nitrogen. Soybeans in a high-yield environment may not be able to fix enough nitrogen in nodules to supply all that is necessary for optimum grain fill. Research done in Kansas has shown an average yield increase of 12% when supplemental nitrogen was applied at the R3 growth stage under irrigation.

Be sure to consult your Channel Seedsman with any questions you may have about late season soybeans.

Convocation Schedule Announced for Iowa Lakes

Iowa Lakes Community College would like to extend an invitation to the public to attend the 2017-2018 convocation series. Convocations were implemented as a means of bringing cultural and diverse events to campus and the community. The events have proven to be extremely popular among the students, local schools, and community members. Convocations are free and open to the public.

Tim Collins will present an award winning one-man show about men, masculinity, and sexual assault prevention. His show will address a range of critical Title IX issues, including: Bystander Intervention, Informed Consent, and Intimate Violence. Collins will be in the Emmetsburg Campus Gymnasium on Tuesday, September 19 at 1:00pm, and in the Estherville Campus Gymnasium on Thursday, September 21 at 1:00pm.

Chris Norton suffered a severe spinal cord injury playing college football and was told he would never walk again. He defeated all odds and walked across the stage of his college graduation at Luther College, which inspired millions across the world. Norton calls us to focus on response, instead of situation, as well as to be defined by attitude rather than circumstance. On Wednesday, February 7, he will be in the Estherville Campus Gymnasium at 10:00am and again in the Emmetsburg Campus Gymnasium at 1:00pm that same day.

"We are excited about the individuals coming to Iowa Lakes to share their experiences and bring their wealth of knowledge and culture to our campuses and community," stated Katie Larson, Student Senate Coordinator for the Estherville campus. Any questions may be addressed to Larson at klarson@iowalakes.edu or 712-362-8367.

Farmers Market News

Located at Dickinson Co. Fairgrounds
15th Street & Peoria Avenue, Spirit Lake, IA 51360

Since Lakes Area Farmers Market is indoors, we are here every week, rain or shine. Except Saturday, September 2, when we will be outside, east of the Expo building, during the flea market. After that we will remain inside for the rest of the season.

This is tomato season so last week we celebrated with our annual Salsa Taste-off. The winning salsa was made by Robert Keller. When making your own salsa, sauce, or salad, look for the small or ugly 'seconds'. You may have to cut off a few imperfections but they are often lower priced and are just as flavorful. Heirloom tomatoes are another good choice. These lumpy, bumpy, or striped varieties have all the old time flavor and are grown from seed that has been saved and passed down through generations. Store your tomatoes at room temperature for best flavor. Turn them upside down when storing. That prevents air from entering through the spot where the stem was, which can speed up spoilage. You can use tomatoes in sauces, soups, salads, sandwiches, drinks, and even desserts. To grill tomatoes, thickly slice them and grill for 3 to 4 minutes on each side, until grate marks appear. Use them on burgers or chop them for a smoky salsa.

You can find fresh tomatoes at several vendors at the Farmers Market. A new vendor this week at the market is Melissa's Garden from Spencer. She has many of the unique or heirloom varieties of tomatoes along with other vegetables. Come check out her tomatoes and the other good things at the Farmers Market. We hope to see you there.

Milford Fire and Rescue Benefit

They will be serving pancakes, toppings, sausage and a beverage for free will donations. This event is Sponsored by the Milford Fire Department Foundation.

Library News

EW

We have completed the automation process and rearranged our library so come on in and see what we have done.

We wish to thank Donna Chappas, Jill Jennings and Diana Pritz who did an outstanding job automating our library. Also a special thanks to Cindy Davis, head librarian at Spirit Lake Library, for all of her help and encouragement. We could not have done this project without them, and we are very grateful for all the time they have put in for us.

On Wednesdays at 10:00am, we are having toddler reading programs which will last until 10:20 or so. All are welcome to attend and we encourage day-cares to come too.

Some new books we have received are now ready to be enjoyed by our patrons:

Every 15 Minutes by Lisa Scottoline – Dr. Parrish finds himself plunged into a professional and personal maelstrom at the hands of a sociopath bent on destroying his practice, his family and his life. How can he defend himself against an enemy he doesn't know?

Summerland by Elin Hilderbrand – students of Nantucket High gather for the traditional graduation bonfire on the beach. But the celebration ends in tragedy. A story about the enduring bonds of family and community and about love in its many forms.

Two new young adult books:

Where She Went by Gayle Forman – It's been three years since the devastating accident ...and Mia walked out of Adam's life forever. Then chance brings them back together for one night.

Dead Reckoning by Mercedes Lackey and Rosemary Edghill – Jett Gallatin expects trouble in Alsop, Texas, but not zombies. It's everything she can do to keep the zombies from killing or taking every living soul in their path.

Heart to Heart With Heritage Landing

Don't forget to eat your veggies! by Sally Anderson

Well, it's that time of year. Our gardens are overflowing with all kinds of vegetables; peppers, tomatoes, cucumbers, zucchini and more.

I was perusing through some old recipes that belonged to my Mom and my Grandmother, to see if I could find their tomato preserve recipe (A delicious way to use some of the tomatoes from my garden.) I noticed that so many of their recipes came from magazines or were from newspaper clippings. It reminded me of Kitchen Klatter magazine and all the recipes that were shared in our local paper when I was a kid. All this reminiscing gave me a great idea. I have the opportunity to share recipes in the newspaper just like the ones my Mom and Grandma clipped. These recipes may give you the opportunity to use some of your own home grown produce. So here goes.

Pico de Gallo
2 pound tomatoes (6 Roma or 4 beefsteak), chopped.
2 jalapeno (seeded for less heat, if desired), finely chopped.
1 white onion, finely chopped.
1/2 cup fresh cilantro, chopped.
2 T. Fresh lime or lemon juice
Salt & pepper to taste.
Mix all ingredients together and enjoy.
Delicious with tortilla chips or as a relish.

Sour Cream Cucumbers with Onions
2 medium cucumbers, thinly sliced
2 tablespoons kosher salt
1/2 cup low-fat sour cream
1 tablespoon white vinegar
1 tablespoon white sugar
2 small onions, thinly sliced

Lay cucumbers in one layer and sprinkle liberally with salt. Then take paper towels and blot moisture from cucumbers. Let rest for 30 minutes. Get them as dry as possible. Mix sour cream, vinegar, and sugar. Combine onions and cucumbers. Mix sour cream mixture and vegetables together. Cover and chill at least 6 hours, preferably overnight, stirring occasionally.

Many our tenants at Heritage Landing are enjoying the vegetables they raised in our ever-expanding garden. Enjoy the fresh veggies now for the first frost is just around the corner. To learn more about Heritage Landing Senior Living Apartments or to schedule a tour give us a call at 712-338 -2909.

Sally's quip of the day: My cooking is so good that even the smoke alarm cheers me on.

Clean Water And Soil Protection:
We're All In It Together

By Steve Weisman

It is hard to believe, but we are part of the "dead zone" in the Gulf of Mexico. Would you believe that the Mississippi River and its tributaries drain 41 percent of the United States and carry nutrients like nitrogen and phosphorus from lawns, storm drains, water treatment plants, farmland and other sources right down to the Gulf of Mexico.

Reports recently came out and were published in several major news sources that the Gulf's dead zone is now the largest on record. According to Ian Hendy, Senior Scientific Officer at the Institute of Marine Sciences, University of Portsmouth, around 8,776 square miles of ocean is almost lifeless. The reason? The runoff that travels from the north all the way down to the Gulf. The nutrients cause huge algae blooms, and the end result is this huge area void of life.

Right away, those of us upstream often get defensive and rationalize why we aren't part of the problem. Yet, we all are. The point is it's not about pointing fingers and placing blame.

No, it's about each of us asking ourselves, "What can I do?" No, it's not about getting rid of our lawns and gardens, and we can't undo all of the cement in our cities and town landscapes, and we certainly aren't going to quit our farming...we need the food!

That's what the recent Prairie Lakes Conference and the Okoboji Blue Water Festival were all about. Leaders and panelists giving us sound ideas about what we can do.

What panelists think

David Weirens, a member of the state clean water panel and director of the Minnesota Board of Water and Soil Resources, put a lot of things in perspective with this statement about changes in our landscape. "It took 150 years to get where we are. It's a generational problem. Changes don't happen with a snap of your fingers."

Chris Jones, a member of the state panel and water quality monitoring advocate from the University of Iowa followed up with this. "Although some changes are occurring, not a lot has happened. We know what works, but we can't get people to adopt the measures." Jones noted that one of the biggest keys is diversity. "It really needs to be more than a corn and soybean landscape."

John Boettcher, Dickinson County landowner/farmer addressed the same topic during the local panel discussion, noting that cover crops can be a solution on farmland planted in corn and bean rotation. However, there are upfront costs and the benefits are long term. "Cover crops are a long-term investment, and farmers can't expect to get their money back in a year. It is about improving the soil health over a period of years." Boettcher also noted that part of the answer in agriculture is farmers and the agricultural community working together and reaching out to each other. "It takes enhanced management."

Donna Buell, a Dickinson County organic farmer, agreed with Boettcher that demonstration sites of conservation practices and talking and communicating with one another can definitely make a difference.

Eric Hoen, local realtor and landowner, agreed that our landscape has greatly changed. However, there are practices like prairie strips that can make a huge difference. A correctly placed prairie strip (10 percent of the field) can take care of 90 percent of the runoff. "The native grasses have deep roots that act like a sponge and will take care of the runoff, getting rid of the bad stuff. By walking out into the field, you can see the results. Seeing is believing." Hoen also concurred that the real answer lies in communication. "We are all in this together, and we can learn how we all can get better."

The bottom line

I think Joe McGovern, president of the Iowa Natural Heritage Foundation and a part of the state panel, said it best. "Whose problem is it? It is everyone's issue. It's not about us versus them, and we can't just sit on the sideline. We can all be part of the solution!"

No, it's not about finger pointing and placing blame. I truly believe there is so much potential for us to make drastic improvements in soil protection and water quality. There are programs and technologies out there that allow us to protect fragile lands. The answers are there, but are we all willing to change?

LETTERS TO THE EDITOR

To The Editor:
I would appreciate your vote for Okoboji School Board on Tuesday, September 12.
My husband Travis, a 1996 Okoboji Community School District alumni, and I have lived in Milford since 2002. We have three children in the school district; a daughter in 5th grade, a son in 2nd grade and a son in Pre-K. I graduated from Galva-Holstein Community School District in 1997 and Iowa State University in 2000 with a BS in Accounting. From 2000-2010, I worked professionally in both private and public accounting and am currently serving as the Director of Finance at a local non-profit, a position I have held since 2010.
I am a board member of the Okoboji Community School Foundation, board chair of the Okoboji Community School Foundation Special Projects Committee, Pioneer Parents (elementary PIE group) Treasurer and past member of the Okoboji Community School District finance committee. I am running for school board because I feel my proven budget experience and fiscal responsibility through volunteer positions as well as past and current professional positions will be an asset to our school district. I am also running to support all of the amazing students, teachers and administrators at Okoboji Community School District. I am a strong advocate for our school and community and would be proud to serve on the Okoboji school board!

Thank you,
Juli Johnson, Milford, IA

Celebrate Our Freedoms!

Lakes area residents are invited to hear a nationally known expert speak on the First Amendment and journalism ethics on Tuesday, September 12, at 1:30pm, at Cutty's Resort. The Ladies of the Lake Chapter of the Daughters of the American Revolution is sponsoring this speech by Dr. Andrea Frantz, professor of digital media at Buena Vista University in Storm Lake.
Ladies of the Lake Regent Mary Thunhorst explains the significance of this presentation; "A primary goal of the DAR is to promote awareness of our Constitution and appreciation of the rights that it guarantees us as citizens. September 17 is Constitution Day. This presentation by Dr. Frantz opens our local Constitution Week activities."

As the winner of the Louis E. Inglehart First Amendment Award at the National College Media Convention in Atlanta, GA, last October, Dr. Frantz has been invited to teach at the First Amendment Institute in Washington D.C. Recipients of the Inglehart award are professional journalists, institutions, or advisors who have made an extraordinary long-term contribution in support of the First Amendment. Dr. Frantz regularly presents on media law issues at the National College Media Association Conference.
The professor is an Iowa native from the community of Grinnell. She received her B.A. degree from Simpson College in Indianola, IA, went on to earn both an M.A. and a Ph.D. from Iowa State University in Ames, and began teaching at Buena Vista. She then left Iowa to teach at Wilkes University and later at Robert Morris University, both in Pennsylvania. After over a decade of achieving tenure and serving as head of her departments at both schools, she and her husband decided to return "home" to Iowa. Buena Vista University was delighted to welcome a professor of her stature back to their staff.
Local residents are encouraged to attend this free and very timely presentation on media law issues. When entering Cutty's Resort, 1528 Highway 86, simply tell the gatekeeper that you are attending the 1:30 presentation and you will be directed to the large parking lot outside the main building where Dr. Frantz will be speaking in the Community Room. Contact Ladies of the Lake Regent Mary Thunhorst at mdthunhorst@gmail.com or by calling 712-336-0240 if you have any questions.
