**TALK
OF THE
TOWN**

2017

Favorites!

Congratulations to all!

CONGRATULATIONS

Our readers have honored and elected the businesses and people listed on these pages as their Talk of the Town favorites in Delaware County.

During this past June and July, our readers voted for their favorite places to shop and dine. They voted for their favorite retail stores, service businesses, medical providers, entertainment venues and much more. Readers voted via our web page and newspaper ballots.

It is important to keep in mind that more than one business can be elected in a category. This method recognizes this is not just a 'best of' election. Our readers have told us that more than one business has demonstrated that they deserve the recognition of being a Talk of the Town Honoree.

The winners listed on these pages served our readers in an exemplary manner, distinguishing themselves from their competitors by their excellence. Being chosen a Talk of the Town choice is the highest compliment a business can be paid.

Congratulations,

Rich Crowe - Sales Director

SEAMLESS GUTTERS • GUTTER GUARDS • GUTTER CLEANING

- GutterRx is an all aluminum system so you don't have to worry about it warping or deteriorating over time.
- GutterRx is attached to the front & back of the gutter which strengthens the entire gutter system making it strong enough to handle snow and ice buildup.
- The ridges make GutterRx™ self-cleaning by promoting air flow. Dry debris blows off the system with a slight breeze.
- GutterRx completely encloses your gutter so birds, squirrels and insects cannot build nests.

DON'T LET YOUR WORN DOWN TIRES CAUSE AN ACCIDENT

New Tires Lower Your Risk of Crashing in Winter Weather

The Problem: • 596 people died in tire-related crashes in 2014. About 19,000 Americans are injured every year in tire related crashes.

About 600 people die every year from those injuries, according to the NTSB. • Many of those crashes were caused by poor tire maintenance, including failure to maintain proper inflation, check for adequate tread, monitor for damage, or have repairs made properly.
