ST. JUDE NOVENA

O Holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ. Faithful intercessor of all who invoke your special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg you, to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known and cause you to be invoked. St. Jude pray for us and all who invoke your prayer.

Say 3 Our Fathers, 3 Hail Marys, and 3 Glories. Publication must be promised.

Novena to the BLESSED VIRGIN

(Never known to fail). O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the sea, help me and show me here in, you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times.) Holy Mary, I place this cause in your hands (3 times). Say this prayer for three consecutive days. You must publish it and it will be granted to you.

I wasn't looking for a discount funeral. I was looking for an affordable one.

Most "discount funerals" mean less money, less service, less attention to detail, less of everything. An affordable funeral is a complete funeral based first on the needs of the family, then priced to fit within their budget.

Unlike other butterflies that can overwinter as larvae, pupae, or even as adults in some species, monarchs cannot survive the cold northern winters. In autumn they migrate, using a combination of air currents and thermals to travel about 50 to 100 miles a day - some have been recorded traveling over 200 miles in one day! It can take up to two months to complete their journey to their winter homes in Mexico and California. - Brenda Weaver

From start to finish, you can save time finding a great used car with help from mobile apps.

That's because mobile apps can help you shop used cars on the go—anytime, anywhere. You can:

- 1. Compare vehicles** by searching local listings with apps from Autotrader.com and Cars.com.
- 2. Get a quote** on insurance. With apps such as those from eSurance.com, you can get a quote as soon as you find the right car.
- 3. Check history** and get important vehicle history information, so you can know more about the used car before you buy it. All you have to do is enter the license plate or scan the VIN when you have the Carfax app.

A Carfax Report can reveal:

- Accidents or reported damage
- Maintenance and service
- Previous owners, mileage and so on.

The Carfax and other mobile apps are available for iPhones, iPads and Android devices.

Salome's Stars

ARIES (March 21 to April 19) Your ideas earn you the respect of your colleagues. But you'll have to present some hard facts and figures if you hope to persuade those who make the big decisions to support you.

TAURUS (April 20 to May 20) Keep those bright Bull's eyes focused on the project at hand. Avoid distractions. There'll be lots of time for fun and games later. Expect to get welcome news this weekend.

GEMINI (May 21 to June 20) You soon might have to decide about moving a relationship from its current status to another level. Don't let anyone influence your decision. It must be yours and yours alone.

CANCER (June 21 to July 22) You finally can get off that emotional roller coaster and get back to focusing on your goals without interruptions through the rest of the week. A nice change is due by the weekend.

LEO (July 23 to August 22) Trying to make an impression on some people runs into a bit of a snag at first, but it all works out. An old and almost forgotten personal matter once again needs attention.

VIRGO (August 23 to September 22) A rise in your energy level helps you finish an especially demanding task. Take some time now to spend with family and friends before starting a new project.

Thought for the Day: "Humanity needs dreamers, for whom the disinterested development of an enterprise is so captivating that it becomes impossible for them to devote their care to their own material profit. Without doubt, these dreamers do not deserve even, because they do not desire it. Even so, a well-organized society should assure to such workers the efficient means of accomplishing their task, in a life freed from material care and freely consecrated to research." — Marie Curie

Strange BUT TRUE

By Samantha Weaver

- It was 20th-century American pediatrician and author Benjamin Spock who made the following sage observation: "All the time a person is a child he is both a child and learning to be a parent. After he becomes a parent he becomes predominantly a parent reliving childhood."
- If you're lucky enough to be hanging out with a bunch of frolicsome pug dogs, you can accurately call your companions a grumble of pugs.
- You might be surprised to learn that an early version of scuba diving took place as early as the 1770s. A man named Andrew Becker wore his leather-covered diving suit during an hour-long immersion in a London stretch of the River Thames. He even had a window in his helmet — though there's no report on what, if anything, he saw in the notoriously murky waters.
- Those who study such things say that the average American man shaves at least 20,000 times in his life. If you add up all that time spent shaving, by the time he reaches the age of 75 a man has spent more than 37 days with a razor in his hand.
- If you decide to move to Kentucky, you might want to keep in mind that in that state, it's against the law to paint your lawn red.

Your Garden

Experts Say Fall Is the Time to Plant Perennials

(NAPSA)—Perennial plants are a gardener's dream: They add color to borders and beds, and are relatively easy to maintain. Perennials can also be used to add fragrance and texture to gardens, as well as attract beneficial wildlife such as butterflies and hummingbirds. Planting perennials in the fall is like making a long-term investment—one that pays dividends the next year.

Herbaceous perennials are plants that die back to the ground in cold weather but resume growing in spring. This feature offers gardeners a wide selection of plant sizes, flower colors and forms, and seasons of bloom to choose from.

Expert Advice
 Explains flower specialist Venelin Dimitrov, "Fall is the ideal time to plant perennials because the cold winter months that follow are very important for dormancy. Many beautiful plants from temperate climates must experience a period of low winter temperature to initiate and accelerate flowering, which is known as vernalization. This process establishes the plant, so it starts growing earlier the next spring and produces brighter and bolder colors."

Dimitrov suggests that for most gardeners, border perennials are probably most useful in a mixed border, interplanted with low-growing shrubs that may or may not lose their foliage in winter. Mixed borders allow woody plants to add structure, height, texture and yearlong interest to the garden.

Make A Plan
 When determining which perennials to use, it's important to consider the overall size of a garden, the amount of sun it gets, and the climate.

To create continuity of interest, choose plants that bloom at different times during a season. Height is an important factor. Dimitrov suggests using taller plants at the back of a border or bed, with the lowest perennials at the front. In shade-challenged beds, consider using drought-tolerant plants, or those with low water requirements.

For a dynamic sweep of color every spring, plant snowdrop, crocus, tulip and daffodil bulbs when the ground has cooled sufficiently.

Add edible interest by planting perennial fruits such as blackberries, raspberries and strawberries. Garlic is also easy to grow, richly flavored and will keep up to 10 months after harvest.

Free, Helpful App
 To make it easier to plant in specific garden regions, W. Atlee Burpee & Co. created a free Garden Time planning app. To download the app, access helpful how-to articles and videos, and order perennial plants, visit www.burpee.com or call (800) 888-1447.

Decked Out With Style

Facts To Help You Fix Your Deck

(NAPSA)— It may be easier than you think to do a little fix-up work around the house, especially on that great get-away place—the deck. Decks need TLC, too—particularly if those boards are exposed and regularly face wind, rain and heat. Construction expert Joe Sainz has a few tips for homeowners who want to do their own deck maintenance correctly and safely using a single tool.

Smart Deck Repair
 Even the best-protected deck boards are susceptible to twisting, rotting or cupping. And usually it's that board in the middle of a 30-foot run that's the issue. A pry bar or a claw hammer can be used to remove the compromised piece, but it's easy to injure boards around it. The smart option is to do some strategic cutting.

A multi-tool, such as the Bosch Multi-X and its many cutting blades, is well suited for this job. Start by using the tool with a wood-cutting blade to remove a board section between the joists to allow access, then make a quick change to a metal-cutting blade and get between the remaining boards to cut the nail.

Once the board is removed, measure the opening, cut a new piece of treated lumber and attach with a galvanized fastener. Be sure to allow for an 1/8-inch expansion. Now that's a repair that saves both time and money. And this process can be used on handrails, as well.

Save the Stairs
 Stairs face the same heat and weather abuse that deck boards do, so they can easily become cupped, with the front of the step higher than the remaining surface. This is another job for the multi-tool. There are a couple of options for reworking your existing stair. Using the rasp accessory, work down the high spot at the front of the stair, then follow up with a sanding triangle to smooth the surface. An alternative for addressing high corners is to place a segmented cutting blade flat on the stair and then push it toward the high spot to cut away the excess; sand to smooth the surface.

For more details about these projects and additional tips, visit Bosch Power Tools and Accessories at www.bethepro.com and click on the Idea Box. You can also visit www.facebook.com/bethepro.

 This is a photo of him at Johnson's Pond.

The Miracle Prayer

Dear Heart of Jesus: In the past, I have asked for many favors. This time, I ask you this very special one. Take it dear Heart of Jesus and place it within your own broken heart, where your father sees it. Then, in your merciful eyes, it will become your favor, not mine.

Say this prayer for 3 days, promise publication and your favor will be granted no matter how impossible. Thanksgiving also to the Blessed Virgin, Flower of Mount Carmel and St. Therese.

Central Coventry Fire District ANNUAL BUDGET MEETING

Monday, September 18, 2017 – 7:00 p.m.
Vote for Directors 5:30 p.m.-9:00 p.m.
Coventry High School

You deserve the best Fire and Rescue Services that your generous tax monies can afford.

To receive great service,
You have to VOTE for Directors
that will make solid decisions.

Directors must understand Union Contracts, and bargain with Union Presidents and lawyers – in RI this is mandatory.

Directors need to understand Financial Statements, and Cash Flow and must understand that expenses cannot exceed revenues before they approve spending.

We need Directors that are productive and are willing to be active in running this operation.

Today the Central Coventry Fire District is a viable business that services the community.

YOU need to VOTE for people that are strong, and experienced, who can keep it this way.

Previously I was a member of this board for 3 years, and helped take it out of bankruptcy.

I am endorsing candidates DAN LANTZ and RON FLYNN

Re-Elect Director Dan Lantz who has been a director on the board for 4 years.

Vote for Ron Flynn - over 10 years of experience on the Coventry Planning Board.

VOTE FOR THE DOCTOR (DR) DAN and RON

Paid by Marie Baker - Former V.P. Chair, Board of Directors 2013-2016
