### Spirit Lake FFA Receives Sponsorship

Spirit Lake High School's FFA Chapter has been awarded a \$1,000 sponsorship by Farm Credit Services of America (FCSA) to help students attend the 2017 National FFA Convention and Expo.

The National FFA Convention and Expo in Indianapolis, Indiana, is an annual highlight for FFA students. The convention offers a lineup of national speakers and entertainers, leadership workshops, agriculture-related tours and education and plenty of opportunities to meet FFA students from across the country. This year's convention is October 25 to 28.

FCSAmerica presented its \$1,000 sponsorship to the Spirit Lake FFA Chapter following the Iowa State FFA Convention on April 9-11 in Ames. The chapter's advisor is Liz Naviaux.

FSCAmerica awards its sponsorships to two FFA chapters in each of the four states it serves to help defer the cost of traveling to Indianapolis. The sponsorship opportunities are part of a random drawing in which FFA Chapters in Iowa, Nebraska, South Dakota and Wyoming are encouraged to register for their chance to win.

"FCSAmerica shares FFA's goal of growing a new generation of leaders for agriculture and our rural communities," said Angela Vaughn vice president of retail operations at FCSAmerica's Emmetsburg office. "We understand that by supporting FFA we are supporting the future of agriculture."

FCSAmerica provides state convention support, chapter sponsorships and educational tools to FFA and other agricultural organizations across its four-state area. Learn more about young and beginning opportunities at [www.fcsamerica.com/products/young-beginning](http://www.fcsamerica.com/products/young-beginning).

**Because we all value & respect THE NATURAL BEAUTY of the IOWA GREAT LAKES the following information will be of CONCERN TO YOU!**

A request to rezone 65 acres of natural grasslands, mature trees, and cropland very close to East Lake Okoboji, and near Parks Marina, is sailing through the Dickinson County rezoning process. This proposed Planned Unit Development (PUD) would allow up to 520 small vacation type houses and allow less than 30 day rentals of those houses.

Specific plans for the entire 65 acres have been hard to come by, and may only exist for a small portion of the property. Due to the location and proposed high density of the development, significant issues are in play.

Over 200 adjacent and nearby property owners have expressed serious concerns, and ask the Dickinson County Board of Adjustment Members to consider:

- Reducing the plan density (adjacent owners have seen [but were not given copies] a capacity drawing, prepared by Beck Engineering, that shows a possible 520 small housing units!).
- Do not allow less than 30-day rental (Phase 1 of the proposal is clearly meant to be for vacation use, similar to the Bridges Bay cabins, and not for family homes as the builders state).
- Request that unbiased, third party professionals provide studies of drainage, water, sewer, street and other public utilities, and local traffic congestion, prior to approval, to assure that taxpayers and utility users are not burdened with unforeseen costs due to this development; and to assure that nearby property owners and East Lake Okoboji are not subjected to unforeseen erosion and drainage runoff.
- Request that all of the Lakes area water protection and environmental groups be contacted for comments and requirements to assure protection of clean water, and sensible boating usage.
- Drainage plans must be altered as it appears the bulk of the land will surface drain through adjacent owners' property to East Lake Okoboji.
- A protective drainage berm should be constructed along all south-side adjacent property.
- Do not allow removal of the perimeter trees and much of the natural vegetation.

These matters and other concerns must be discussed and approved before any rezoning and PUD is finalized. Needless to say, this proposed intense development impacts the entire Okoboji area watershed! The Dickinson County Board of Adjustment members must thoroughly review the County Zoning Ordinances, specifically the Conditional Uses and Planned Unit Development (PUD), to assure complete compliance.

The applicants' Proposed Development Plan Agreement is available from David Kohlhaase at the County Zoning Office.

# Obituaries

A funeral service for **Edward Donovan**, age 94, of Spirit Lake was held Saturday, September 16, 2017 at Immanuel Lutheran Church in Spirit Lake. Interment was at Lakeview Gardens Cemetery in Spirit Lake. Memorials may be given to Immanuel Lutheran Church in Edward's name.

Born May 26, 1923, to Edward Braun Donovan and Charlotta Augusta (Bowen) Donovan in Spirit Lake, he was the youngest of 11 children. He grew up in Spirit Lake and graduated from Spirit Lake High School in 1941. He was an All Conference and All State football player. Though offered scholarships to college, he chose to join his best friend, Burton Newell, working at McDonald Douglas Aircraft's WWII Defense Plant in California. He quickly achieved a promotion to be in charge of his shift's work in the plating department.

Also in the summer of 1942, he met the girl he married, Vergene Bleeker. They bumped into each other on a street in California. She was from Spencer, he was from Spirit Lake. It was love at first sight. They got acquainted at a drug store soda fountain and were married on August 24, 1942, at the Lutheran Church on 10th and Linden in Long Beach, California. On August 24, 2017, they celebrated 75 years of marriage.

Edward joined the U.S. Armed Service on January 15, 1943. He was a Staff Sergeant in the 8th Air Force – European Theater of Operations. He was in charge of a ground crew bomb squad with 29 men. They loaded 8 missions on D-Day.

His father taught him mechanics, watch and clock repairs - and how to be a good husband and father.

In 1949, Edward went to work for Berkeley and Co. in Spirit Lake. He built, bought and/or assembled all of the equipment for the company. He was VP of Operations. He opened plants for the company in Canada, Taiwan, California, Emmetsburg and Spirit Lake, IA. He mentored, trained and placed the managers for the plants. When Union organizers showed up to enter the company, the employees voted "No", not as long as Edward was their boss. Edward developed Trilene fishing line. He bought the company's nylon recycling equipment in Israel. Governor Branstad presented him with the Certificate for Iowa's Outstanding Company of the Year in 1987. When he retired in 1987, he mentored the people that took his place. Berkeley and Co. meant a lot to him. Even after his retirement, Berkeley and Co. employees considered him their friend and boss. Whenever he was out and about, someone would call out "Hi Ed!"

Edward was Community minded. He was a Kiwanian. He was Chairman of Voters at Immanuel Lutheran Church and Co Chair of the Building Committee when the church on Hwy. 71 South was built in 1964/1965. He worked on the design and the construction of the new building.

He was a family man – He loved his parents, sisters and brothers. Most of all, he loved his wife and children. He attended all of their church and school activities. He was proud of their achievements. He enjoyed going hunting and playing golf with his sons and friends. And he loved the family vacations.

Edward and Vergene travelled the world. And they were very active in Republican politics at the Local, State and National levels.

He looked forward to going to Heaven – and on September 12, 2017, succumbed to a lingering illness that he endured with patience and loving care.

Edward is survived by his wife of 75 years, Vergene; his son Edward G. Donovan and wife Susan, son Jim Donovan and wife Char, daughter DeEtte Bryant, and son Scott Donovan; 19 grandchildren, 21 great-grandchildren and 2 great-great-grandchildren. He was preceded in death by his parents, all of his brothers and sisters, and his son-in-law, Tim Bryant.

Turner Jenness Funeral Home was in charge of arrangements.

(Mona) **June Myers**, the daughter of Carl Andrew and Audrey Juliel (Griffin) Holmberg, was born July 3, 1932, on a farm north of Dickens. She received her early education at a country school near Dickens. Her family later moved to a farm south of Rossie, where she continued her education, graduating from Greenville-Rossie Consolidated School in 1950 as Salutatorian. June married her high school sweetheart, Milo Wayne Myers on August 13, 1950, at the First Congregational Church in Spencer. From 1950 to 1969, they were engaged in farming in the Rossie, Linn Grove, Milford, Everly, Hartley and Terril communities. In 1969, they chose to leave the farm life and moved to Terril, then Ruthven, before moving to Spencer in 1977 for the remainder of their life. June was an Avon representative from 1974 until 2009, where she accomplished the goal of being in President's Club for several years. In 1988, she worked in the housekeeping department at the Spencer Hospital until her retirement in 1997. June's pride and joy was her family and she loved nothing more than being with them. Seeing her grandchildren and also great-grandchildren always brought a huge smile to her face. She also enjoyed playing pinochle or dice at family functions. She shared her love for music by playing the piano while her daughters sang along. Many of her evenings were spent watching her favorite TV shows or a Twins baseball game; but if there was an Elvis Presley movie on, that took top priority! In March of 2015, June moved to Northshire Care Center in Spencer where she made many dear friends. Channel 15 was always on the TV to watch Matlock or a good cowboy movie. Monday was bingo day with her daughters and she enjoyed the many other activities as well.

June passed away at the Spencer Hospital on Wednesday, August 30, 2017, at the age of 85. She was preceded in death by her parents; her husband, Milo in 2007 and one brother, Dean Holmberg. ## Iowa Senator David Johnson Visits the Bedell Family YMCA

Governor Kim Reynolds signed a proclamation designating September 2017 as Iowa YMCA Appreciation Month, in recognition of more than 100 years of helping build a healthy Iowa. As a result, the Iowa YMCAs initiated a statewide effort to engage community leaders with their local Ys to share the organization's three focus areas: youth development, healthy living, and social responsibility.

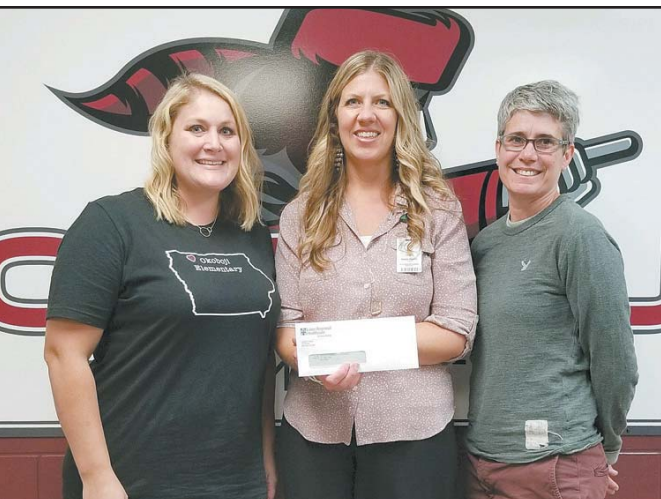

Iowa Senator David Johnson visited the Bedell Family YMCA facility to get a firsthand look at the Y's work to nurture the potential of youth, improve our communities' health and give back to our neighbors in the lakes area and surrounding communities.

Like many rural YMCAs, the Bedell Family YMCA serves as a community center, day care, pool and many other functions within our community. Beginning in 2015, rural Iowa YMCAs have been eligible for Rebuild Iowa Infrastructure Fund (RIIF) grants. The YMCA of the Okobojis is pleased to be the recipient of a portion of those dollars, once in 2016 for the Camp Foster dining hall heating project, and again in 2017 for the Bedell Facility water heater project.

During his tour of the Bedell facility by YMCA CEO Andrew Fisher, Senator Johnson was shown the impact the RIIF funding has on the YMCA and also how the Y partners with other local organizations and community leaders including the Big Splash Program, and the school districts in Dickinson County.

"We were pleased to have Senator Johnson visit today in conjunction with YMCA Appreciation Month," said YMCA CEO Andrew Fisher. "It was great to hear the senator strongly values youth development, which is one of the YMCA's three main areas of focus, along with healthy living and social responsibility. I had the opportunity to show him some of the many ways the YMCA impacts youth in our community and it was great to have a platform to show how important continued support of YMCAs is at both the community and state levels."

## Drum Safari in Milford

Drum Safari will be at the Milford Memorial Library on Tuesday, September 19, at 7:00pm. Drum Safari is a group based in Kansas City that travels all over the Midwest providing high-energy, interactive programs that encourage all ages to think creatively. They use a mix of percussion instruments, interactive songs, dancing, and, of course, drumming. This program is free to the public and sponsored by the Friends of the Milford Memorial Library.

## Hike the Wild Fall

The next Hike the Wild programs with the Dickinson County Conservation Board take people to sites outside of the county. "It's just good to explore new places," said environmental education coordinator Bryanna Kuhlman. Experience Fort Defiance State Park in the fall during the next hike Tuesday, September 26. Meet at 9:30am at the Dickinson County Nature Center in Okoboji and then caravan to the Spring Creek trailhead at Fort Defiance in Estherville. "We'll be winding through a couple trails to enjoy Spring Creek and other forest life," Kuhlman said.

The approximately two-mile hike is considered moderate, over varied terrain and crossing bridges over Spring Creek. Kuhlman and naturalist Ashley Hansen will talk about the nearby forest vegetation and wildlife and how it compares to the prairie areas that have been home to previous Hike the Wilds this year. "I think people will like the landscape --- the woodland vegetation and the trees," Hansen said. Fort Defiance State Park is a beautiful place to explore, with hills, ravines, running water and forests full of changing foliage colors. The October 24 Hike the Wild will again start at 9:30am at the Dickinson County Nature Center and will then bring people to Loon Lake Cemetery, walking along the mowed grass path to talk about the historical significance of the site and why it's important to local culture. Hike the Wild is held the fourth Tuesday of each month year-round, although November's Native Thanksgiving hike will be changed to 3:00pm, Wednesday, November 22, at Kenue Park. The final hike of 2017 will focus on winter survival tips and will be held 3:00pm, Tuesday, December 27, at Kenue Park. "Hike the Wild is a great program to get people outside in all seasons," said community relations coordinator Kiley Roth. "Adults and youth alike enjoy not only hiking but learning while they walk." LETTERS TO THE EDITOR

**From the Mayor**  
I want to share some great news for Milford. The City has been working quite diligently over the last few months with Tim Kinnetz, owner of AnnLeo and GrapeTree Medical Staffing, on an expansion project for his business. Tim is expanding to the west of GrapeTree's current facility with a beautiful new office building that will house his employees and meet his growing needs. Tim is expecting to hire about 300 people and, so far this year, has already added 47 new employees to his team. This means employment opportunities for some local people who became displaced with the Polaris closing as well as new people moving to town. As some of them will surely have families, it will mean added students to Okoboji's enrollment numbers. This will also create a need and opportunity for affordable housing which I have been talking to the council about for quite a while. Tim has been wonderful to work with while putting this together and I look forward to working with him even more to see this project through! He has an incredible staff and we are very lucky to have Tim and his business grow with our great city.

To make this happen, we recently vacated and conveyed the area for the projected N Ave. by Boji Junction to help serve his needs while maintaining the easement on the parcel. This will help him provide much needed parking for his employees along with his overall needs for the project. There is still more that we need to do to help with his success and I look forward to continuing working with Tim and his team.

As I drive around town, it makes me proud to see all of the new businesses Milford has added as well as the expansions of existing ones. Boji Bark, Dollar General, the new stage and expansion at Boji Bay, AnnLeo and GrapeTree, Pioneer Theatre re-opening and expansion and others. We also have several other new and current business opportunities in the works that I will share with you as they progress. We have great momentum today in Milford and I will work very hard to keep it going. I am very humbled to have been part of helping these come to fruition and excited to be part of Milford's future. I continually work to recruit and entice businesses to look at Milford and what we have to offer them. There are a lot of people I have networked with during my career and am constantly sourcing them for any leads they may have.

Finally, I look forward to seeing the needs assessment for the Okoboji Schools and working with Superintendent Todd Abrahamson on the final plans. I greatly appreciate his open communication with the City and his understanding that everything can't be perfect! I believe he is doing a great job and appreciate the new perspective he brings. While change is not always easy to accept and understand, it is inevitable and you have to focus on the bigger picture and keep your eye on the prize!

As always, please contact me with any questions or concerns. I'm always happy to listen and explain anything we are doing.

Sincerely,  
Bill Reinsbach, Mayor of Milford, Iowa

## LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

Dear Dickinson County Residents:

I am writing this letter to share my opinion on a pending Planned Unit Development (PUD) next to East Okoboji Lake. The Board of Adjustment has a scheduled hearing on this request scheduled for 7:00pm, September 25.

I live at Chalstrom Beach Condos and retired last year. I have attended the recent Board of Supervisors meeting and listened to the proposal and the Supervisors questions. I feel the stated goals and rationale for the developers are illogical or contradictory. They stated that this development of an initial 65 small homes on 10 acres and eventually up to 520 units on 65 acres would bring new students to the nearby schools. However, they also stated that they expect 50-70% of the units will be owned by investors as rental properties and want a waiver to allow short term rentals of 1-7 days. Short term rentals don't bring in new students to the surrounding school districts. In addition, the developers touted this development as small homes for retirees, but I don't think retirees want to live with the noise and congestion from short term rentals.

Another supposed benefit is to solve the perceived lack of affordable housing in the county, but the initial price on these small houses on small lots with narrow streets and no sidewalks is \$225,000. I did a brief online search for similar size houses in the county and found dozens of houses with the same or larger footprints on bigger lots for less money. The benefits to the consumer are unclear while the benefit to the developers are obvious.

I think this project as planned will have a negative effect on East Okoboji Lake from increased traffic and lake run-off and I urge our citizens to attend the meeting of the Board of Adjustment on September 25 to voice their concerns.

Sincerely,  
Edward Law, Okoboji, IA

Those interested can register at the Arnolds Park Public Library, Spirit Lake Public Library, and the Milford Memorial Library. Attendees of any skill level are invited to recreate a beautiful painting by following step-by-step instructions from the artist who created the original painting. Participants will be painting on a 16 x 20 canvas and all the supplies are provided by the libraries. Mark your calendars for Paint Night at the Library. Sponsored by Arnolds Park Library, Spirit Lake Public Library, and Milford Memorial Library.

Drum Safari is coming to the Milford Memorial Library Tuesday, September 19, at 7:00pm. Drum Safari is a group based in Kansas City that travels all over the Midwest providing high-energy, interactive programs that encourage all ages to think creatively. They use a mix of percussion instruments, interactive songs, dancing, and, of course, drumming. Be watching for more information coming soon.

There will be no Public Story Time this Friday, September 22. Join Betty next Friday, September 29, when Story Time returns.

## "Saving Brinton" Barnstorms its way to the Pearson Lakes Art Center

Two men, born a century apart, bound together by 20,000 feet of film and the gently rolling hills of Washington County, Iowa.

In a farmhouse basement on the Iowa countryside, eccentric collector Mike Zahs makes a remarkable discovery: the show reels of the man who brought moving pictures to America's Heartland.

Among the treasures: rare footage of President Teddy Roosevelt, the first moving images from Burma, a lost relic from magical effects godfather Georges Méliés. These are the films that introduced movies to the world. And they didn't end up in Iowa by accident.

The old nitrate reels are just some of the artifacts that belonged to William Franklin Brinton. From thousands of trinkets, handwritten journals, receipts, posters and catalogs emerges the story of an inventive farmboy who became America's greatest barnstorming moviemaker.

As Mike uncovers this hidden legacy, he begins a journey to restore the Brinton name that takes us to The Library of Congress, Paris and back for a big screen extravaganza in the same small-town movie theater where Frank first turned on a projector over a century ago.

By uniting community through a pride in their living history, Mike embodies a welcome antidote to the breakneck pace of our disposable society. "Saving Brinton" is a portrait of this unlikely Midwestern folk hero, at once a meditation on living simply and a celebration of dreaming big.

Cinema at the Lakes and the Pearson Lakes Art Center present the screening of "Saving Brinton" with special guests film subject Mike Zahs and film directors Tommy Haines and Andrew Sherburne for a Q & A and reception. Tickets for "Saving Brinton" at the Pearson Lakes Art Center on Thursday, October 5 at 6:30 pm are \$10 and are on sale now. They can be purchased at the Pearson Lakes Art Center box office, online at [www.lakesart.org](#), or by calling 712-332-7013. ## New Athletic Trainer Helping to Keep Student Athletes Safe

Lakes Regional Healthcare (LRH) and several other local hospitals have had a partnership for several years called Sports Medicine Northwest. (The program is under the Medical Direction of an orthopedic surgeon from Northwest Iowa Bone, Joint & Sports Surgeons.) Through this partnership, area high school student-athletes receive game/event coverage, care during training sessions, and more.

Sports Medicine Northwest recently hired new Certified Athletic Trainer Dylan Hengst. Originally from Cedarburg, Wisconsin, he recently earned his degree in athletic training at Northwestern College in Orange City, Iowa. He covers student-athletes in Okoboji, Spirit Lake, Jackson, and Windom. He said, "The services I provide are free to the schools because we want to do what we can to ensure the student-athletes remain healthy and return to play when they should, for optimal safety."

Hengst is currently busy attending practices, training sessions, and events for cross country, volleyball, and football. He said, "I mainly see ankle sprains, knee issues, and shoulder issues. Sometimes they're chronic because of overuse, but sometimes they're acute from a recent game."

This fall many students have benefited from LRH's purchase of the Balance Master. Hengst has recently finished providing baseline balance/concussion assessments to Okoboji High School football players. He said, "The football players at Spirit Lake High School also had baseline balance assessments, which will help provide an objective measure on an athlete's return-to-play decision if they do sustain a head injury during the sports season."

Student-athletes can visit with Hengst anytime at a practice or game. Otherwise coaches often request Hengst visit with a particular student-athlete. Hengst also gets phone calls from parents asking him to take a look at their child. "I don't have a student-athlete wait more than 24 hours to be seen," he said. "I'm pretty accessible - people can either stop me in person, email me, text me, call me - whatever works best for them."

Another option for student-athletes to be seen is at a free sports injury clinic, held every Saturday morning in LRH's Rehabilitation Department at 9:00 am, now through October 21. An orthopedic surgeon, athletic trainer, and physical therapist assess the injury and provide further evaluation and specify treatment if needed. A free screening x-ray is also provided if warranted.

Those interested in contacting Hengst can call or text him at 262-365-9382 or email him at [dylanh@nwlabone.com](#).

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

**To The Editor:**  
This is for the individual(s) who have way too much time on their hands and decide to write weekly liberal editorials.  
1) Get over it. You lost and no matter how much you batter our President I guarantee you a recount or bashing Mr. Trump will not give you the victory.  
2) If your party choice had exercised a good job while in office, and the voters were happy with the way our government was run – your Hillary would be in office and she would not be writing a book of why she lost. Losers always write good books. Hurry, hurry before it is sold out.  
The voters have spoken, you had your chance – you lost. Put on your big boy pants and move on. Support our elected leader.  
**Respectfully Submitted,**

**Terril Library News**

New program offered: Daycares and Toddlers and their parents are welcome to join us this Wednesday at 10:00-10:20am for special reading and play time. Fun for all. If this is successful, we will continue this every week.  
Other possible programs we are considering in the near future are adult coloring book club, book club, and legos for kids time.  
We are looking for any donations of Legos that people might want to give to our library. We have already received some duplos as a donation so if anyone has some Legos stored away we would certainly appreciate them and put them to good use. Come on in and see our new library look as we are painting and sprucing our library up. A special thanks to Peggy, Terry and Linda for your help in this project.  
Also we have expanded our audio book section so if you plan to travel come check our selection out. We have several series of Karen Kingsbury books: *The First Born Series*, *Forever Useful Series*, *9/11 Series*, *Baxter Family Series*.  
Other books to consider: *Waiting for White Horses*, by Minnesota author Nathan Jorgenson, a which is set in Northern Minnesota. The enduring friendship between Grant and Will is all that sustains Grant through a series of painful losses. Grant finds love in a beautiful woman but once again tragedy makes him reassess his dreams. Grant must find a way to embrace the bitter struggle that is life.

**PRINT MARKETING vs DIGITAL MARKETING**

CONSUMER BEHAVIOR & NEUROMARKETING PRINCIPLES

One of the most common questions that I get from new clients is "should I focus on digital ads or print ads?" There is no easy answer to this question, but my general answer to that question is both. And, for the clients that want to move completely digital, there is new data out that suggests you should put the brakes on that thought and rethink.

Why? Simply put, it's about how our brain works. In a recent study, based on brain scans, a print ad appeals more to the part of the brain that has the highest correlation with advertising effectiveness than a digital ad. Brand recall is up to 70% higher in print advertising than in digital media. In a study that measured 1,400 campaigns using a variety of ad venues, print advertising resulted in the highest return on ad spending. Consumers are 70% more likely to remember a company name from a print ad than a digital ad. There is also a 75% print ad recall, (meaning they remember the ad) in comparison to a 44% digital ad recall.

Generally speaking, consumers tend to be more relaxed and focused when they read print magazines or newspapers. As a result, they are less likely to be distracted by other options and they therefore make decisions more quickly and are generally more likely to feel satisfied with purchases they make in this mindset.

Researchers are just starting to understand the neurological pros and cons of online versus print advertising. But, it may come as no surprise that print and digital media excel in different areas. One of the most notable benefits of print ads is that they are better at stimulating emotions and desires. Engaging with a physical ad can also improve recognition and recall because paper stimulates more senses and is therefore more real to the brain. And for those of us trying to build a brand that connects emotionally with our customers, to create brand loyalty, it builds a case for continued print ad spending.

So, you may still be thinking, who reads print anymore? It comes as no surprise to me that based on this study, magazine readers are wealthy and well educated. However, they also found that the Millennial did not get lost, as data shows 95% of Americans under the age of 25 still read print magazines. And that's the real story.

## Shop Locally for Fall

## 1st Annual U of O Oktoberfest

Thousands and thousands of people experience the Iowa Great Lakes Area throughout the summer months each year, but the Iowa Great Lakes Area Chamber is always looking for ways to attract visitors in the months that follow.

One opportunity we believe could benefit the area in the "shoulder season" and further boost the local economy would be an Oktoberfest weekend. Why should locals and potential lakes area visitors be heading to surrounding cities when the IGL Area is capable of holding a similar event—especially in the fall season when it is still as BEAUTIFUL as ever?

Similar to the format of Winter Games, we are looking forward to building a schedule that incorporates Oktoberfest-related events throughout the IGL Area on September 29 – October 1.

One event that the IGL Area Chamber will be holding is the U of O Oktoberfest Bike Ride. It is the 26th year of this fantastic event that attracts 500+ bikers each fall. Bikers will enjoy a scenic ride around West Lake Okoboji, and West O will congratulate them with their delicious Oktoberfest beer at the end of the ride. For more information, visit [www.uofooktoberfestbikeride.com](http://www.uofooktoberfestbikeride.com).

Please contact Kara Matheson at 712-332-2107 or [kara@okobojichamber.com](mailto:kara@okobojichamber.com) with all Oktoberfest event information.

## LETTERS TO THE EDITOR

Dear Editor:

Here is a big shout out and thanks to the persons listed below who helped complete the 19th consecutive sampling season of Dickinson County lakes as volunteers for the Cooperative Lakes Area Monitoring Program (CLAMP). CLAMP is coordinated by the Iowa Lakeside Laboratory in partnership with the State Hygienic Lab at Lakeside, with funding support from the Friends of Lakeside Lab, Inc. CLAMP participants cut the cost of the monitoring at least half by volunteering their time and boats to collect field measurements and water samples.

Each year the CLAMP project continues, the data set becomes a more valuable and powerful tool for understanding the difference between natural variations and long term water quality trends of Dickinson County lakes. Preliminary analysis of data show increased water clarity and nutrient reduction in West Okoboji and several other lakes since the 1970s when the first ever Iowa Great Lakes watershed study was conducted by Roger Bachman and John Jones of Iowa State University.

In addition, we thank the Friends of Lakeside Lab and State Hygienic Lab for funding two Externships for local science teachers: Art Hellert of Spirit Lake and Marc Benedict of Terril Graettinger. They were selected from a competitive applicant pool and spent the summer working with Dennis Heimdal, Environmental Scientist with the State Hygienic Lab at Lakeside, analyzing data and developing projects to incorporate CLAMP data into their classrooms.

Volunteers who logged over 400 hours monitoring the health of Dickinson County lakes in 2017 include: Tal Allen, Cheryl and Boyd Bahney, Marc Benedict, Barbara Benson, Maggie Bleakly, Elizabeth Blunt, Don Brown, Bunny Camozzi, Clark Christensen, David Chozen, Val Cota, Lynn Davis, Kate Ebinger, Denny Galloway, Tom Gronstal, Lou Hasenwinkel, Dick Hawes, Dennis Heimdal, Art Hellert, Brad Holtz, Harper Hunter, Douglas Julius; Beth, Clayton and Myles Krummen, Dennis Langstraat, Stan Lemkuil, Christy McCoy, Hank Miguel, Mary Ann Montgomery, Paige and Shelly Morris, Mary Jean O'Hair, Chris Oponski, Howard and Sheryl Paul, Devon Piersma, Perry Pearson, Kyle Read, Steve Rose, Leroy Schoon, Jane Shuttleworth, Heidi Toale, Margy Wood, and Scott Zeigler.

Sincerely,  
Jane Shuttleworth CLAMP Coordinator, Iowa Lakeside Laboratory

## LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

**Wake Up To Overbuilding Of The Lakes**  
People concerned about the overuse of the Lakes should be aware of another huge new development proposed on land owned by Butch Parks near the Barefoot Bar. A small local builder of homes and farm buildings and Subway franchise owner are proposing 520 units of rental housing. In addition, Parks Marine has recently completed a 57,000 square foot dry rack boat storage building, and has plans for at least two more, with the expressed goal of developing a "Disneyworld" type complex and providing dry rack boat storage, service, lake access, and docking for every existing lift on Okoboji (in spite of the County's Ordinance against "key holing"). Dickinson County Board of Supervisors recently approved General Commercial zoning for property Parks acquired from the Lutheran Camp without so much as a plan or drawing on the back of a napkin. The proponent is also requesting Tax Increment Financing to extend utilities over 1/2 mile through available land in Spirit Lake, prematurely into the rural County, to service this development. Without experience and a market study supporting the pace of development, if the development slows or fails Dickinson County Property owners will end up with the tax bill. In the meantime, tax dollars generated from this project will be diverted from the County Budget to this project.

The list of adverse effects to the land, natural resources, and surrounding properties goes on and on, but the largest impact will be upon Lake Okoboji. The unbridled and ever expanding capacity of Parks Marine paired with an additional 520 housing units will seriously erode the quality of the use of Lake Okoboji.

You can't blame Butch Parks; he is a business man capitalizing on the Lakes. Dickinson County is responsible for following their own plan and their own ordinances, and providing a professional level of review necessary to protect the Public Health, Safety, and Welfare. It is pretty hard to do that when you approve something that does not have a plan and neither the proponent nor the County has experience with this scale of development.

If you care about the quality of Lake Okoboji, join the more than 200 property owners at the upcoming meeting of the Dickinson County Board of Adjustments on September 25, at 7:00pm, in the Community Room of the Dickinson County Courthouse.

## Scottie Miller to Perform at "That One Place" in Milford

Scottie Miller, a blues pianist and singer-songwriter based in Minneapolis, Minnesota, will perform in concert at "That One Place" (Boji Bay Funhouse & Event Center, 2501 Boji Bend Drive, Milford) on Wednesday, September 20, from 6:00 - 9:00pm.

Scottie was recently inducted into the Minnesota Blues Hall of Fame for "2017 Blues Performer of The Year". Scottie recently co-wrote a song with three-time Grammy nominated singer Ruthie Foster which is featured on the new album by the six-time Grammy winning gospel group The Blind Boys of Alabama.

Scottie is just returning home from a tour in Norway with his band. His brand new CD release "Stay Above Water" has been in the top twenty Roots Music Report charts the past 4 weeks. (#2 Contemporary Blues Album in Minnesota). This is Scottie's tenth CD release.

"Local music scene stalwart Scottie Miller has been around long enough to acquire a funky nickname (Bones), membership in the Minnesota Blues Hall of Fame, experience touring with blues icon Bo Diddley, a signature style that warps far to the south of his home tundra, and an international rep. He's first and foremost a pianist, with a grease-and-grits-slathered approach that suggests an affinity for New Orleans, Memphis, and swampy spots in between, but he also cranks up organ, guitar, and, lately, mandolin. His muscular vocals boast grit and firewater, and he really howls on the riveting dark-hued title track from SMB's new album, Stay Above Water, whose release will be celebrated here. It's packed with solid Miller originals grounded in blues and rock, but with soul, R&B, country, and jazz elements, suggesting Little Feat, Mofro, Wet Willie, and Dr. John, and with a funky NOLA/Caribbean vibe thrown into "It's What You Do." - Rick Mason - City Pages. Minneapolis, Minnesota.

## Celebrate The Foundation Of America

DAR Promotes Constitution Week

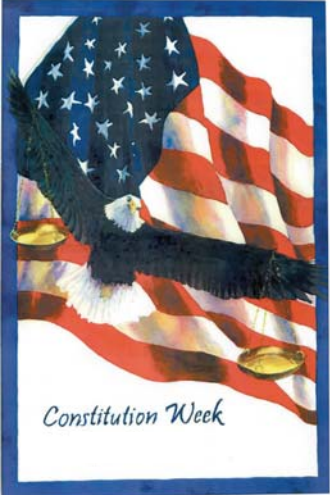

There are two documents of paramount importance to American history: the Declaration of Independence, which forged our national identity, and the United States Constitution, which set forth the framework for the federal government that is still in use today. While Independence Day is a beloved national holiday, fewer people know about Constitution Week, an annual commemoration of the living document that upholds and protects the freedoms central to our American way of life. This year, the annual celebration began September 17, 2017.

The Daughters of the American Revolution (DAR) initiated the observance in 1955, when the organization petitioned the U.S. Congress to dedicate September 17-23 of each year to the commemoration of Constitution Week. Congress adopted the resolution, and on August 2, 1956, President Dwight D. Eisenhower signed it into Public Law #915. The celebration's goals are threefold: to encourage the study of the historical events that led to the framing of the Constitution in September 1787; to inform people that the Constitution is the basis of America's great heritage and the foundation of our way of life; and to emphasize U.S. citizens' responsibility to protect, defend and preserve the Constitution.

DAR has been the foremost advocate for the awareness, promotion and celebration of Constitution Week. This annual observance provides innumerable opportunities for educational initiatives and community outreach, two mission areas of crucial importance to the National Society's work. By fostering knowledge of and appreciation for the Constitution and the inalienable rights it affords to all Americans, DAR helps to keep alive the memory of the men and women who secured our nation's independence, whose bravery and sacrifice made possible the liberties we enjoy today.

"The framers created a Constitution that translated into law the ideals upon which our nation was built," said DAR President General Ann Dillon. "Their vision was so forward thinking that their words still guide us today. No American history education can be complete without a thorough understanding of the impact the Constitution has had on the lives of American citizens past and present."

One of the largest patriotic women's organizations in the world, DAR has more than 185,000 members in approximately 3,000 chapters across the country and even in numerous foreign countries. DAR strives to promote historic preservation, education and patriotism via commemorative events, scholarships and educational initiatives, citizenship programs, service to veterans, meaningful community service, and more. For additional information about DAR and its programs, visit [www.dar.org](http://www.dar.org).

## Don't Let a Fear of Falls Hold You Back

Balance Screenings will be offered at the Bedell Family YMCA in conjunction with National Falls Prevention Awareness Day.

Each year on the first day of fall, national organizations from the Falls Free Coalition and the National Council on Aging (NCOA) join together for National Falls Prevention Awareness Day, a day of action to help raise awareness and prevention of falls in the Lakes Area. On Friday, September 22, professionals from Lakes Regional Healthcare will be conducting free balance screenings at the Bedell Family YMCA from 8:30-11:45 am. A sign-up sheet will be available at the YMCA front desk leading up to the event. Additionally, the Y is asking older adults, caregivers, family members and health care professionals in the Lakes Area to unite to raise awareness to prevent falls among older adults.

According to the Centers for Disease Control and Prevention (CDC), an older adult in the U.S. is treated in the ER for a fall-related injury every 14 seconds and dies from a fall-related injury every 29 minutes. Additionally, falls put an immense strain on the health care system, with the financial toll expected to reach \$67.7 billion by 2020. The good news is falls are preventable, and the first step to prevention is understanding risk. With a focus on healthy aging, the Y is committed to helping older adults learn their fall risk and access programs that can help them reduce their risk for falls.

"Falling and fear of falling may prevent older adults from staying active, which leads to reduced mobility, diminished quality of life and actually increases their risk of falling," said Scott Hunter Health Enhancement Director, Bedell Family YMCA. "The good news is that falls are highly preventable and help is available for older adults and their families who want to get active but don't know how."

As a leading community-based organization dedicated to improving the nation's health for all families, the Bedell Y encourages older adults to learn their risk for falls by taking a fall risk test at <http://www.ymca.net/health-wb-fitness/>.

Once risk is assessed, the Y is helping older adults feel strong, steady and safe by reducing fall risk through programs like Beginners Strength and Delay the Disease.

The CDC suggests these basic lifestyle and safety changes to help reduce risk or prevent falls:

- Begin an exercise program to improve your leg strength & balance.
  - Ask your doctor or pharmacist to review your medicines.
  - Get annual eye check-ups & update your eyeglasses.
  - Make your home safer by: removing clutter and tripping hazards, putting railings on all stairs and adding grab bars in the bathroom, installing proper lighting, especially on stairs.
- To learn more about the Y's programming, please contact Scott Hunter at 712-336-9622.

An architect's rendering of the proposed \$12 million Iowa Rock 'n' Roll Hall of Fame Museum at Arnolds Park shows several very hands-on, interactive displays

## It's a 'New Era' for IRRMA

That Ralph Kluseman has been appointed to the president's post at the *Iowa Rock 'n' Roll Music Association* is old news at this point. But little has been said about Kluseman, the businessman, and his 49 years as a musician.

After a wide-ranging career, Kluseman spends his days as the business counselor for the Northeast Iowa Small Business Administration Development Center in Dubuque, and many nights and weekends as a part of several musical aggregations — in addition to being the Northeast Iowa director for *IRRMA*.

In a phone conversation that took place while Kluseman was attending a business conference in Nashville, he told us that his appointment will allow *IRRMA* founder John Senn to be freed-up to become much more visible with the new museum project — more face-to-face, and not necessarily as involved in the day-to-day functions, which are executive director Cindy Stanbro's responsibility.

It appears that the new president and executive director should get along well together. Speaking as the Northeast Iowa director of the *IRRMA*'s board, Kluseman told us he thinks "Cindy is a great director — just the person we were looking for to come on board earlier in the year." And Cindy told us in an enthusiastic email, "He's a nice guy."

Besides, Kluseman is a fund-raiser. Largely through his efforts, musicians from the Dubuque area have raised more than \$100,000 in the last eight years to benefit special needs children with fund raisers at the Diamond Jo Casino in Dubuque. "It's a natural extension for *IRRMA* to take this to the state level with John Senn's strengths. *IRRMA* has been his whole life's mission practically. He has a tremendous amount of passion and sweat equity in this. So we're going to work in tandem to reach more Iowans."

The most interesting part of that involves a new \$12 million museum at the Arnolds Park Amusement Park. As the architect's rendering (above) shows, in addition to being much larger, the museum will be hands on — and very interactive. There's also a lot more you can't see — like traveling exhibits, and even a recording studio with virtual reality musicians as part of a patron's band.

As Kluseman says, "This will really be a tremendous asset to Arnolds Park and all the Okoboji area. It's the perfect marriage of what I do for a living and what I do for my passion. It's going to be a fabulous experience. We're here to build a better life and community. I'm looking forward to the fun..."

After a full nine day run at the Clay County Fair, Glenn Henriksen will hold his regular Tuesday night house party in Spirit Lake, this week, but take the show on the road to The Inn, Wednesday night to present "Swing Inn-to Fall — a Variety Show," that will be similar to, but not the same as, his last Lakeview Room gig. Wednesday night will be The Inn's closing for the season. Doors open at 6:00 for dinner. The show starts at 7:00. He will be in North Dakota next week...

Also Wednesday night, Scottie 'Bones' Miller will be performing at That One Place, in the Boji Bay Fun House, from 6:30 - 8:30...

And, *The Itty Bitty Boji Band* will take the stage (upstairs) at The Rolling Oaks Barn, from 7 - 9:00 Wednesday night; before moving to the Iowa Good Samaritan meeting at the Elk's Club in Estherville, Thursday night, starting at 5:00...

Sunday will see Damon Dotson returning to the barn at the Little Swan Lake Winery, from 4 - 6:00...

Today — Tuesday — is Butterscotch Pudding Day, for which research director RD found the song *Butterscotch*, and an instrumental recording of it on Freddie King's 1961 album *Let's Hide Away and Dance Away*...

Omaha-born composer, singer, songwriter and actor, Paul Williams, whose song *Rainbow Connection* was used as the theme for the 1979 motion picture *The Muppet Movie*, turns 77 today. Popular renditions of his song have been recorded by Kermit the Frog (Jim Henson) — with and without Lena Horne, and also by the Carpenters...

Gogi Grant was born in Philadelphia, on September 20, 1924, and is best-known for her 1956 top hit, *The Wayward Wind*, which was written by Stanley Lebowitz and Herb Newman. (No, we hadn't heard of them, either — at least until RD found their names)...

Thursday is Gratitude Day, for which RD suggests the most appropriate song is one Bob Hope and Shirley Ross sang countless times. Thanks for the *Memory* was also recorded by a grateful Susannah McCorkle as the title track for her 1983 album, *The Songs of Leo Robin*...

In the waning weeks of September, RD reminds us that Autumn arrives on Friday. The song for the arrival, she says, should be Kay Starr's version of *My Heart Reminds Me*, also known as *Autumn Concerto* — which was written by Italian composer Camillo Bargoni, and revisited most appropriately by the *Four Seasons*, in 1969...

And with a mind that is sometimes like a steel trap, RD also reminds us that *The Letterman's Sweetest September* was one of the last songs we played on the radio two years ago. *Que Sera, Sera*...

All the news that fits we print.

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

**Dear Editor,**

I am one of many concerned home and condo owners around the Chalstrom Beach Road area. There is a proposal to develop land near us. It is being 'sold' to us and the community as a needed affordable housing development for young families and retirees. There could be over 500 units in this space with very little green space. There will be weekly rentals, which in my opinion is not a residential area but commercial. I don't believe young families and retirees want to live in an area where there are visitors coming and going on a weekly basis. The proposal is very deceptive and we seem to be having a hard time as a large, concerned group of homeowners and taxpayers to get anyone to listen to our issues with the development of this property. We believe if this were on West lake it would not be allowed.

Could this extra traffic of people and boats coming and going be the tipping point to do much more damage than good to our lake. Because we have been unable to find the channels necessary to voice our concerns, we are turning to you ,the public to help us.

Thank you for this forum,

## Manhattan Short Film Festival

Filmgoers in Okoboji will unite with over 100,000 film-lovers around the world during the week of September 28 - October 8, when the 20th Annual MANHATTAN SHORT Film Festival screens at the Pearson Lakes Art Center on Friday, September 29, at 6:30pm. MANHATTAN SHORT is the only event of its kind. The Final 10 nominees are screened simultaneously across the world during a one-week period, with the Best Film and Best Actor awards determined by ballots cast by the audiences in each participating cinema.

The 10 MANHATTAN SHORT finalists hail from nine countries including Syria, Latvia and Georgia representing their respective countries for the first time in this event. Two short films hail from Spain, the only country with multiple Final 10 selections. These Final 10 short films represent the best short films among a record 1615 submissions from 75 countries received by MANHATTAN SHORT for 2017, testimony to the enduring vibrancy and creativity of short films. This year's Final 10 represent an extraordinary range of film genres with comedy, drama, horror, sci-fi, animation, and martial arts short films all part of the MANHATTAN SHORT program.

In addition, all Final 10 short films will become Oscar-qualified, meaning they will be automatically eligible for an Academy Award nomination, by screening for a week at Arena Cinelounge in Hollywood from September 22-September 28.

For more information, please call the Pearson Lakes Art Center at 712-332-7013 or visit [www.lakesart.org](http://www.lakesart.org).

Public School Building, Linn Grove, Iowa • Early 1900

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji area and Iowa history – Milford, Iowa.

The Independent District of Linn Grove was organized in 1892. The board consisted of O.A. Mickelson, H.E. Loe, P.L. Ward and O.J. Hesla. An old schoolhouse across the river and in the town was used. During the year 1894, a schoolhouse, thirty-six by fifty-four was erected, costing \$1,840, an addition, costing \$600, was built before it was finished. In 1901, a heating and ventilating apparatus was installed. The old buildings were sold when the new one was erected. The school was well built and had a nice bell tower. Linn Grove in Buena Vista County had a population of 211 in 2000.

The Clark Museum displays many pictures and advertisements from Storm Lake, Linn

Grove, Rembrandt, Albert City, Marathon, Sioux Rapids, Alta, and Newell in Buena Vista County as well as all other 99 Iowa Counties.

The museum, located one mile west and a half mile north of the Milford Catholic church, is a great place for your club or organization to visit. Many signs and history from the old amusement park are on display. Bring a friend or a group. You will be amazed!

For more information, call 712-338-2147 or email [ijclark1@msn.com](mailto:ijclark1@msn.com). The Clark Museum is a 501 (c) 3 Non-Profit.

## LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

**To The Editor:**

Because we all value and respect the natural beauty of the Iowa Great Lakes, the following information will be of grave concern to you.

A variance to rezone 65 acres of natural grasslands, mature trees, and cropland adjacent to East Lake Okoboji, and near Parks Marina, is sailing through the Dickinson County rezoning process. This proposed Planned Unit Development (PUD) will allow up to 520 small vacation type homes and allow less than 30 day rentals of the homes.

Unanswered concerns include:

1. Has there been a qualified third party environmental impact study of this high density housing, including potential erosion into East Lake Okoboji, and drainage through nearby properties on and near East Lake?

2. Have the Iowa Great Lakes Sanitary District, the DNR, Lakeside Lab, East Okoboji Lakes Improvement Corp., Iowa Great Lakes Improvement Association, Dickinson County Clean Water Alliance, Okoboji Protective Association and others been consulted for their input and agency requirements?

3. Has there been a professional traffic management study as it relates to an already dangerous and congested 178th street and 175th street to the east and west of the proposed property, and especially near Parks Marina and the intersections at Stakeout Road?

4. Has there been an unbiased, professional third party capacity study completed for the required infrastructure, such as sanitary sewer, water, and fire and police protection for such an intense development?

These questions and other concerns must be discussed and answered before any rezoning and PUD is finalized. Needless to say, intense development impacts the entire Okoboji area watershed!

The final decision, perhaps an environmental tipping point, is at hand. Please attend the meeting of the Dickinson County Board of Adjustment on September 25, 2017, at 7:00pm in the County Courthouse Meeting Room.

## LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

**To The Editor:**

**When you see something say something**

"Folks we got trouble, we got trouble right here in Dickinson County..."

Homeowner's in the Chalstrom Beach area since 1995, we have had a farm field as a good neighbor to our north, giving us the peace, tranquility and rural quality that is the cornerstone of our small urban communities and the draw for our local tourism trade- most folks who come to the lakes or buy homes in the area do so for that very reason. We advertise our rural qualities- unfortunately that very precious commodity is fast disappearing into the hands of developers. The development proposed on the agricultural land at Stakeout Road and 175th is approximately 520 unit development of patio homes and 2 – condominiums containing 3 floors and a restaurant- does not meet with the Dickinson County Comprehensive Use Plan. The rezoning to R3 Residential is not consistent with the surrounding properties zoned as R1 and R4 residential as defined in Ordinance 102 which defines the parameters required. The plan as presented for rezoning did not provide a plan for the entire 65 acres- it only set forth a plan for 10 acres and 62 homes- Phase 1, daily rental was requested which not allowed on R3 zoned property -rental would then make it a commercial property- therefore the rezoning, which is pending approval contingent on the approval of the proposed PUD Planned Unit Development by the Board of Adjustments, is improper.

The PUD is in direct conflict with the County Ordinance 102. A detailed analysis was also provided to support our claims of non compliance of the PUD requested. A letter has been filed to our local supervisor identifying several errors in the actions taken in this matter. This is a complex process that has never been handled by our county before. The request requires detailed analysis by our Zoning and Supervisors- not done. Boards passed these requests at the same meetings as were presented. Local individuals with 45 years of planning and development have done analysis which has been provided, and is available for public review thru the zoning office.

Decisions for rezoning and conditional use cannot be made based on exceptions and misinterpretations of established ordinance 102.

We must learn that it really is OK to *Just Say –No!*

**Larry and Bertie Bergeson**  
**Okoboji, Iowa**

**Welcoming Bad Authority Back Home**

Iowa Rock 'n Roll Music Association is pleased to be working with the Iowa Great Lakes Area Chamber of Commerce to help produce a fun-filled Oktoberfest September 30. Along with the 24-mile bike ride, food and drink specials around town, and a craft show, visitors can rock out to Bad Authority at the Roof Garden starting at 8pm that night.

Recapturing the true spirit of rock and roll with big hair, loud guitars, wailing vocals, and relentless energy. Influenced by artists such as KISS, Led Zeppelin, Dokken, Iron Maiden, Mötley Crüe, and many more, Bad Authority delivers a rip-roaring, explosive rock and roll show to be enjoyed by listeners of all ages.

Bad Authority caught their first big break by winning Iowa Rock 'n Roll Music Association's Battle of the Bands in 2014. Part of the prize was a recording session at Catamount Studios. They recorded their first EP in 2015 and in 2016, the band opened for a number of nationally-acclaimed acts including the Steve Miller Band, Ted Nugent, and Hairball. This summer, folks may have seen Bad Authority opening for Three Dog Night and Great White at Boji Bay in Milford. On September 30, Iowa Rock 'n Roll Music Association welcomes Bad Authority back home to the Roof Garden where it all began.

Tickets for Bad Authority are \$10 and are available online at [www.iowarocknroll.com](http://www.iowarocknroll.com), at the door, or by calling 712-330-0889. Those with a University of Okoboji Oktoberfest Bike Ride wrist band get in for half price. The Iowa Rock 'n Roll Music Association is a 501(c)(3) nonprofit organization whose mission is to preserve the legacy of rock 'n roll music in Iowa by honoring achievements, educating youth, and inspiring artists. For more information about the Iowa Rock 'n Roll Music Association, please go to [www.iowarocknroll.com](http://www.iowarocknroll.com) or call 712-330-0889.

**Titus Andronicus at the PLAC**

The Performing Arts Series returns to the Pearson Lakes Art Center with the Royal Shakespeare Company's Titus Andronicus on Thursday, September 21, at 6:30pm.

When a society is oppressed, it becomes violent. How do we govern ourselves? In the chaos and disorder of 2017, Titus Andronicus is a commentary on the way this world could be going.

Titus has returned from a brutal 10-year war having lost 21 sons in battle. Betrayed by his nation, and with his family in pieces, a series of bloody events follows as he and Tamora, Queen of the Goths, begin a violent cycle of revenge. Rape, cannibalism, mutilation and murder are the gruesome tools in Shakespeare's bloodiest play.

Blanche McIntyre (The Two Noble Kinsmen, 2016) directs David Troughton in this chillingly contemporary Titus Andronicus.

Titus Andronicus is rated R. Viewer discretion is advised. Tickets for Titus Andronicus at the Pearson Lakes Art Center on Thursday, September 21, at 6:30pm, are \$15 and are on sale now. They can be purchased at the Pearson Lakes Art Center box office, online at [www.lakesart.org](http://www.lakesart.org), or by calling 712-332-7013. For more information, please call the Pearson Lakes Art Center at 712-332-7013 or visit [www.lakesart.org](http://www.lakesart.org).

The Performing Arts Series are film recordings of live performances that have taken place in London. These productions are not live performances on the Lauridsen Performing Arts Theatre Stage.

*Founded in 1965, the Pearson Lakes Art Center has focused on broadening horizons through the arts for more than 50 years. For more information or to become a member, please contact the Art Center at 712-332-7013, by email [info@lakesart.org](mailto:info@lakesart.org), or visit the website at [www.lakesart.org](http://www.lakesart.org).*
