Hospital Equipment Donations

The Unit 384 Milford American Legion Auxiliary has a program which loans hospital equipment at no charge to people and is happy to do so. Sometimes demand outstrips supply so they run out of certain items such as wheelchairs or shower benches. If you have or know of items that are no longer in use, please return them so others may use them.

Also, they are accepting donations of used equipment. If anyone with walkers, wheelchairs, shower chairs and other items that need a new home would be gratefully accepted. Please contact Darlene at 712-332-5057 or LaVonne at 712-332-5089.

Washington School Building, Estherville, Iowa • Picture 1910

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji area and Iowa history – Milford, Iowa.

A modest growth in population, induced by railroad transportation, set in motion the building of new schools in Estherville, including the very nice looking Washington Building in 1891. Originally used as a high school it was centrally located on North Sixth Street. The community built the Jackson School on the south side in 1895 for \$11,000, followed in 1900 by the Mc Kinley School west of the river on a hillside, and the Lincoln School in north Estherville. To raise money for these schools, three sections sold from \$6.00 to \$10.00 an acre.

We would like to thank the Farmers Savings Bank and Great Lakes Insurance for sponsoring our column for the season. Please let them know your appreciation of their sponsorship.

The Lakes News Shopper will continue our column into October.

This summer, many people have commented that the Clark Museum was their most entertaining place to visit in the lakes area.

The educational museum, located one mile west and a half mile north of the Milford Catholic church, is a great place for your club or organization to visit. Many signs and history from the old amusement park are on display as well as all 99 Iowa Counties. Bring a friend or a group. You will be amazed!

For more information, call 712-338-2147 or email ijclark1@msn.com. The Clark Museum is a 501 (c) 3 Non-Profit.

Jenness Good Works Team Winner

Jacob Jenness was named to the 2017 Allstate AFCA Good Works team as announced by the Allstate Insurance Company and the American Football Coaches' Association earlier today.

This award, made up of 22-players from the NCAA D-I, D-II, D-III and NAIA, shines a spotlight on the incredible stories of selflessness and community service displayed by these student-athletes, and honors their dedication to volunteerism and enriching the lives of others. This team will be introduced during half time of the Sugar Bowl.

Jenness was named a team captain and is in his fourth year playing for the Red Raiders. He currently ranks third on the team with 18 tackles and has one forced fumble while leading No.19 Northwestern to a 3-0 record.

Jenness has served on spring service projects to both Jonesboro, Arkansas, and New Orleans, Louisiana, over the last two spring breaks at Northwestern. In Jonesboro, Jacob helped with a tutoring and recreation program for kids and then served alongside Urban Impact to help restore the city of New Orleans after Hurricane Katrina through small construction projects. Jacob has been also involved with short term mission trips to Chicago and New York City as a high school student.

Jacob is actively involved as a leader in the Fellowship of Christian Athletes (FCA) at both Northwestern and at Spirit Lake High School. He also has volunteered each fall to be a youth flag football coach as well as being a student ambassador at Northwestern.

The 22 student-athletes named to the Allstate AFCA Good Works Team® are selected from nominations submitted by their SIDs. From the nominations, an esteemed voting panel comprised of former Allstate AFCA Good Works Team® members, former college football coaches and college football media selected 11 players from the Football Bowl Subdivision and 11 players from the Football Championship Subdivision, Divisions II, III and the NAIA to comprise the 22-player team.

Artisans Road Trip at AOG

Artisans road trip exhibits in the area continue with the Arts on Grand show which will open September 26, 2017. More than twenty-five artists will have their work on display as a part of the A.R.T. weekend, and many of those will be a part of the SpencerAOGexhibit.

It is a great way for artists to promote the wonderful art weekend in October.

During the A.R.T. weekend which takes place October 14, from 9:00am to 5:00pm and October 15, from 12:00 to 5:00pm, the AOG gallery will host Karen Ruddy, Perry Polson, Patricia Johnson, and Glenda Drennen. The public can watch painters at work and wood turning in process, an interesting stop on the way north to the Okoboji area or on the way south to Peterson and Storm Lake.

The reception for the A.R.T. Road Trip exhibit will be September 28, 2017, from 5:30 to 7:00pm. Appetizers and beverages will be served and everyone is welcome. The exhibit at AOG is supported by a donation from S.P.A.C.E. (Spencer Alliance for a Creative Economy). So stop by and enjoy a glimpse of the possibilities of the actual weekend trip in October.

Jim and Judy were married September 22, 1957, at the First Christian Church in Red Oak, Iowa. The couple requests no gifts please. Farmers Market News

Located at Dickinson Co. Fairgrounds
15th Street & Peoria Avenue, Spirit Lake, IA 51360

This time of year it seems like there is pumpkin something everywhere... pumpkin spice coffee, pumpkin donuts, pumpkin dip, pumpkin decorations. Here at Lakes Area Farmers Market we have plenty of pumpkin stuff. There are Jack-o-lantern, warty, miniature, white, or painted pumpkins for decorating. There are pie pumpkins or pumpkin already made into bread or muffins. You can even find pumpkin hats. Come and see our large selection of pumpkins and pumpkin items.

The vendors that attend Arnolds Park Farmers Market would like to thank all the loyal patrons who supported them all summer. While the market in Arnolds Park is over for this year, we plan to be back next season. In the meantime, the Spirit Lake site is still open on Wednesday and Saturday mornings from 7:30am to 12:00 noon. The last day there will be October 14. We still have a big selection of fall produce, baked items, and crafts. We hope to see you there.

NWIAS Dance

Northwest Iowa Area Singles (NWIAS) will have a dance on Saturday, October 6, at the Hap Ketelsen Center in Evely, from 7:30pm-11:00pm. The band will be Jessie James and the Outlaws. The theme will be Octoberfest. Singles, couples (married, too) are all welcome for a fun evening of dancing - there will also be mixers, prizes and snacks.

A million here, a million ...

It was Illinois Senator Everett Dirksen who earned credit for coining the phrase, "A million here, a million there, pretty soon, you're talking real money." And we were talking about real money here last week — \$12 million budgeted for the Historic Arnolds Park Amusement Park improvements, many of which are already in process or even completed.

But last week's **RAMBOLing** confused the Park's overall \$12 million fundraising project with the \$1.5 million IRRMA's Museum project. That apparently caused a gasp or two — or maybe 10,500,000 gasps.

AS IRRMA's ever-effervescent executive director Cindy Stanbro explained, the association will soon be, "reaching out in a capital campaign to fill the box offered by Historic Arnolds Park with exhibits that will bring people to the Lakes Area to enjoy all we have here." The plans, by-the-way, call for the museum to be open year-round.

FWIW — As times changed, Senator Dirksen also got credit for uttering several versions of, "A billion here, a billion there, ..." — a line he quite properly denied. As the January 10, 1938 edition of the *New York Times* noted, the "billion dollar" quote actually goes back to The Depression Years, if not even earlier.

In classic Dirksen fashion, the senator admitted, "A newspaper fella misquoted me once, and I thought it sounded so good that I never bothered to deny it."

Spencer's Performing Arts Coalition (SPARC) has announced its 2017-18 season performances beginning with *Victor & Penny* and *The LCO*, on Friday, November 11th. At first we thought it strange that the *London Chamber Orchestra* could be performing in Spencer. Then, with a quick Internet lookup, we discovered this LCO is the *Loose Change Orchestra!* That makes sense — or maybe cents — for this Kansas City - based jazz duo.

The *Dick Bauman Big Band* will be performing at the Spencer Community Theatre for the second SPARC show, the annual alumni concert, which will feature Spencer High School Band Director Kurt Schwark in the trumpet section. Kurt graduated from SHS about 40 years ago, and was one of the band directors at Creston High School following Dick Bauman's exit to Southwestern Iowa Community College in Creston.

Another Spencer alum who has been featured with the *DBBB* on occasion is the now Los Angeles-based jazz saxophonist, band leader, and arranger, Roger Neumann. You can expect to hear several of Roger's offerings throughout the show!

Other season shows include *Shattered Glass*, in April, and *Pony Creek*, in June... Both season memberships and tickets for individual performances as they are available...

Windom's Concert Association season opens this weekend, with the all-female *Seraph Brass* quintet this Friday night at 7:30. The show at Windom's BARC Auditorium is open to members only. Future shows will include *Roy & Rosemary* (November 4th), Broadway star J. Mark McVey (March 2nd), and *The David Osborne Trio* (April 10th)...

The **Main Street Community Theatre** in Emmetsburg has set six dates for its presentation of *Lend Me a Tenor* — November. 10,11,12, 17,18, and 19. The opening night performance will mark Mainstreet's 40th Anniversary, when the audience will enjoy an evening of food and refreshments with a fun show...

Glenn Henriksen is absent from the local landscape this week, as he is in Minot, North Dakota, to help celebrate 40 years of "Scandinomium" at the Norsk Hostfest. And his house concerts are apparently over until next year, as well. But Glenn's closing comments at last week's performance at The Inn indicated there may be plans underway for yet another show at The Inn...

Jessie James and The Outlaws will be performing tomorrow (Wednesday) night in the Rolling Oaks Barn, from 7 - 9:00...

Also Wednesday night, Gary Lambert will take the stage in That One Place in the Boji Bay Funhouse, from 6:30 - 8:30...

Thursday night will see the *Itty Bitty Boji Band* performing for the Good Samaritan's annual benefit dinner. The music at the Elk's Club starts at 5:00. The public is welcome.

Bad Authority, the winner of the Iowa Rock 'n' Roll Association's 2014 Battle of the Bands, will provide the music for the Iowa Great Lakes Chamber of Commerce' Oktoberfest, Saturday night in the Roof Garden Ballroom, with the music starting at 8:00 — after a full day of fun Chamber-events...

Charlie Leissler will be playing at the Little Swan Lake Winery, Saturday, from 4 - 6:00. Then, *The Kris Karr Band* will play Sunday, from 4 - 6:00...

Never a "Go-Go Girl," research director is all "Go-Go Gershwin," today — the day George Gershwin was born in Brooklyn, N.Y., in 1898.

The composer and pianist is credited with hundreds of hit songs from the early decades of the 20th century — one of which, *For You, For Me, For Evermore*, was released earlier this month as a part of Seth MacFarlane's latest recorded effort, *In Full Swing*.

For You, For Me, For Evermore is a rarely-heard Gershwin gem that was introduced in the 1946 film, *The Shocking Miss Pilgrim*.

More familiar Gershwin tunes include, *Rhapsody In Blue* (most recently used in United Airlines commercials), along with the music for *An American in Paris*, and *Porgy and Bess*; and one of our favorites, *'SWonderful*.

Julie London (1926 - 2000) shared Gershwin's natal day, and included three of his songs, *The Man That Got Away*, *Love Is Here To Stay*, and *Summertime*, on her album of standards. Any Internet search will lead you to many hours very pleasurable listening...

If you thought RD would have a problem finding music for Wednesday as "Ancestor Appreciation Day," you'd be wrong. She came up with Phil Harris' 1947 novelty tune *He's His Own Grandpa*, which was written by Moe Jaffe and Dwight Latham after one of them read a Mark Twain anecdote that rationalized just how this situation could happen!

We celebrate another Brooklyn-born musician's birthday on Saturday — famed drummer and bandleader Bernard "Buddy" Rich (1917 - 1987). In addition to all his big band and jazz works, Rich recorded three vocal volumes, the first of which was all Johnny Mercer, and contained such classics as *Dream*, *Skylark*, and *Day In, Day Out*...

Singer John Royce 'Johnny' Mathis turns 82 on Saturday. The Gilmer, Texas, native sold more than 350 million records worldwide, since he recorded his first two pop hits, *Wonderful*, *Wonderful*, and *It's Not For Me To Say*, more than 60 years ago...

Sunday may make you jump for joy or Jump For Joe — a song heard on Stan Kenton's 1963 album, *Artistry in Bossa Nova*, and several others in his discography. The theory here is that the song that was written by jazz composer and musician Gene Roland, was so named, as coffee is called "Joe." "Joe" is a common name, and coffee is the common man's drink — at least until Starbucks came along!

"Guess that must mean the Old Professor is a very common man..."

Personal note: Many of you know the Rev. Dr. Carl Klein and his wife Sharon, who live in Spirit Lake. Fewer probably know their son Andrew, who holds an endowed chair at Texas A&M University, and has spent much of the last 19 years studying the human impacts in Antarctica. Klein and his students are using remote sensing to monitor tropical glacier recession. He has been actively involved in the development of algorithms to measure snow using data collected by NASA.

Klein will be hosting a Third Age College class at Iowa Lakes Community College, in Spencer, on Tuesday, October 3rd, to share a small part of the information he and his students have gleaned from their long-term environmental monitoring program.

The class will run from 9 - 11:30, and is open to the public with no "tuition" charge. It should be a most interesting morning...

Dr. Ford Joins LRH Advisory Board

Dr. Brian Ford has been a long-time presence in the Lakes area when it comes to providing healthcare for residents and visitors. He practiced medicine at Spirit Lake Medical Center for over 36 years. In 2014 he retired and practiced medicine part-time in Sibley. He recently retired from medicine completely and has been enjoying traveling, and spending time with family.

However, he has missed giving back to the healthcare needs of the Iowa Great Lakes, and this month will continue to benefit the health of Dickinson County residents. He was recently appointed by Lakes Regional Healthcare's Board of Trustees to their Advisory Board. The Advisory Board has traditionally consisted of community members who often run for a voting board position once a seat has expired. Trustees and Advisory Board members serve six- and one-year terms respectively and meet 12 times each year.

In his role, Dr. Ford hopes to advocate for the provision of family medicine in the area, especially advocating for the remodel or new construction of primary care clinics. "It's important for the hospital to have a single primary care clinic with providers under one roof. I am very motivated not only as a previous physician, but also as a resident, to see the hospital continue to do well," he said.

Lakes Regional Healthcare President and CEO Jason Harrington added, "I was very excited when Dr. Ford approached me about serving on the Board. At this time, we did not have any board positions that were expiring that he could run for so I asked if he'd be willing to serve as an Advisory Board member until the next vacancy and was thrilled when he agreed. It is important to have a mix of perspectives on your board and he will join Dr. Bolluyt in giving us a strong medical perspective which I think will make the Board that much stronger."

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

To The Editor:

This is in response to Joe McKee's September 19 letter to 'Individuals who have too much time on their hands and decide to write weekly liberal editorials.'

1) It takes time to research and get the facts straight.
2) I am thankful for 'liberals' and 'conservatives' who have time and responsibly use it to express their concerns by writing editorials.

3) I'm also thankful for Democrats, Republicans, No Party Citizens, some who work 10 hour days, some retired, some walk with canes, young and old who take the time to protest with homemade signs once a week in small towns. Have you heard of 'Podunk Resistance'? Some of the things they resist are: bigotry, racism, misogyny, hatred, homophobia, xenophobia, lies, anti-semitism, and fear. Some things they encourage are: acceptance, love, equality, collective bargaining, working together, freedom and justice for all, and, my favorite, make america think again!

You are right, Mr. McKee. We lost a chance to elect Hillary as president. Perhaps we can do better next election if, rather than getting over it, we exercise our First Amendment Rights of religion, speech, press, assembly and petition. How blessed we are to have those freedoms. Hopefully we won't lose those freedoms during Trump's presidency.

Respectfully submitted,
JoAnn Heerd, t,

Local Musician to Perform

Gary Lambert will perform at That One Place in Milford on Wednesday, September 27, from 6:30-8:30pm.

Lambert, of Milford, has been performing music around the midwest since 1994. Whether performing with his bands Rock a la Carte, Ten Seven, Boon & Lambert, or solo he always keeps the audience entertained. Lambert feels it's important to play for the venue, and keep the toes tapping, and the audience dancing. His solo set features a variety of bands and styles from the '60s through today. During a set you'll be sure to hear some tunes from The Beatles, The Monkees, Queen, The Beach Boys, Oasis, Peter Paul and Mary, The Cowsills, Weezer, Ricky Nelson, and many more. Lambert has performed throughout the USA. Some of his favorite shows have been Headlining the North American Queen Convention in Detroit, Cleveland, and Atlanta. Lambert loves playing the Okoboji area also. Gary enjoys music, and often will jam with fellow musicians at gigs around the area including Dave Rowley and Derek Post. Lambert loves teaching the next generation also. He owns and operates Route 86 Music where he teaches drum, guitar, and bass lessons. Gary has recorded on over 25 albums in the past 23 years including 11 feature albums.

Police Department

Fall has arrived and the new school year is well under way. In an effort to keep all our kids safe, we are asking that everyone use caution when approaching a stopped school bus from either direction. When the warning lights are flashing and the stop arm is extended, you MUST stop and allow the children to enter or exit the school bus safely. Whether a school bus is picking up or dropping children off on either a two-lane road or three-lane highway, you must stop when the warning lights are activated. We appreciate everyone's cooperation in keeping our school children safe.

We can tell by the falling temperatures, that winter will soon be here. We would like to take this time to remind everyone of a few things:

- Keep your sidewalks free of snow and ice. This is the responsibility of the property owners in both the residential and business districts.
- During snow removal, do not park, abandon, or leave unattended vehicles on any public street, alley, or City owned off-street parking area unless the snow has been removed or plowed from said street, alley, or parking area and the snow has ceased to fall. Any vehicles left on City streets following a snowfall of 2 inches or more will be ticketed or towed at the owner's expense whether or not a snow emergency has been declared by the City.
- Keep a Winter Emergency Kit in your car. You never know when or where you may become stranded.
- Drive Carefully. Please allow extra time to reach your destination and use caution when traveling on wet or snow covered roads.

Any resident of Arnolds Park that is leaving for an extended amount of time this winter may come to the Arnolds Park Police Department and fill out a House Watch form. This will allow the police department to contact you or an

emergency contact should there be an incident that involves your residence.

If you have any questions or concerns, please contact the police department at 712-332-2227.

Yard Waste & Open Burning

The City has proper disposal methods for yard waste and we ask that it never be blown onto or placed on the streets, public roads, or neighboring lots.

Yard waste is collected on Tuesdays. If you wish to have your yard waste picked up it must be placed in City bags, tied shut, and placed at the curbside by 7:00 a.m. on collection days. Bags will not be picked up if there is garbage or other items in the bag.

If you choose to burn your yard waste, please be courteous to neighbors and use good judgment based on weather conditions. All fires must be attended by a person 18 years of age or older at all times. Any yard waste you burn on your property, must originate on your property.

The burning of garbage, rubber, or anything of a toxic matter is strictly prohibited. Yard waste cannot be burned on City property.

Snow Removal

Town and Country Disposal will not empty commercial dumpsters if there is snow in front of or blocking the dumpster. Businesses are responsible for snow removal and ensuring the path is clear for the garbage trucks.

Winter Utility Shut Down

Every winter there are homes that have water lines freeze up and break. In addition to water issues, we have seen sewer back-ups over the past several years. If a homeowner is leaving for a period of time, the water to the house should be shut off. If for some reason there is a power outage, or the heat should go off, a flooded lower level might be avoided. In addition, it would be wise to have someone check the house periodically.

Emergency Number

If you have a water or sewer emergency on weekends or holidays, please call the Dickinson County Communications Center at (712) 336-2525.

Recycling Changes

The City will be changing its recycling program. We will be starting a co-mingled cart system in December, 2017. Watch for a letter outlining the program.

We invite you and other family members and friends to a

MEMORIAL Service

We will honor those loved ones who passed away. Please join this service of recognition, music and prayer.

Expert to Share Environmental Information on Antarctica

A professor at Texas A&M University will travel this month to northwest Iowa to share information with the public about Antarctica.

Dr. Andrew Klein will hold a free class on the human impacts in Antarctica as he shares his data on a long-term environmental monitoring program. Klein will make his presentation as part of Third Age College on October 3 from 9:00-11:30am in room 108 at the Spencer campus of Iowa Lakes Community College. His appearance is open to the public.

Dr. Klein started his career as a hydrologist at the Minnesota Department of Natural Resources where he conducted aquifer tests and other groundwater investigations in response to severe drought conditions in that state. He has since worked as a geologist evaluating river terraces in Virginia; investigated glacier and snow distribution in the Himalayas; and is now working in Geographic Information Science, also called GIScience.

He and his students are currently using remote sensing to monitor tropical glacier recession and he has been actively involved in the development of algorithms to measure snow using data collected by NASA.

Since 1999, he has been involved in a long-term environmental monitoring program at McMurdo Station in Antarctica. "Dr. Klein enjoys sharing his information and has co-written nearly two dozen publications," said Teresa Ball, Continuing Education Programmer who helps to organize classes for Third Age College.

Third Age College is a growing program designed by Iowa Lakes Community College to appeal to the educational interests of individuals of any age. There are no tests, no homework, no required reporting, yet there is lots of discussion as well as an exchange of opinions.

New Naturalist at Dickinson County Nature Center

When Ashley Hansen was an environmental conservation volunteer with the Peace Corps in Santo Domingo, Paraguay, she came across a little kitten with big ears.

She adopted the cat and named her Nambi, which in the local native language of Guarani in her village in Paraguay means “ear.” Even utilizing that bit of the tribal tongue helped Hansen connect with locals as she taught educational programs to kindergarten through ninth-grade students.

Hansen, a Sedalia, Colorado, native, spent two years with the Peace Corps in Paraguay, teaching biodiversity, creating a tree nursery, making a school garden, working on trash management projects and more.

Now she is on to her next adventure as the new naturalist for the Dickinson County Conservation Board, stationed at the Dickinson County Nature Center in Okoboji. In this position, she will work on environmental education programs for students in local schools as well as public programs for all ages at the nature center.

“I like the environmental education aspect of it. I like working with kids a lot, and I like nature and the environment, and this job combines the two of those things. I like getting kids outside and excited about nature,” Hansen said. “When they’re excited about the environment, then they care about it.”

Hansen graduated from Castle View High School in Castle Rock, Colorado, in 2010 and went on to graduate from Colorado State University in Fort Collins, in 2014 with a bachelor’s degree in fish, wildlife and conservation biology with a concentration in wildlife biology.

“I’ve always loved animals and the outdoors, and I thought that was a good way to combine the two,” Hansen said.

After returning from her two-year commitment to the Peace Corps, she decided to find a job stateside, and the position at the Dickinson County Conservation Board intrigued her. Plus, the Iowa Great Lakes offers plenty of beautiful areas for wildlife.

Hansen is excited to teach students of all ages about wildlife, especially birds, and how animals have adapted to their habitats.

When not at work, Hansen enjoys running, hiking, traveling, reading, crafting, and of course, spending time with Nambi.

“I’m excited to be here, and I look forward to meeting new people,” Hansen said.

To learn more about Dickinson County Conservation Board’s environmental education programming, visit www.dickinsoncountynaturecenter.com or call 712-336-6352. You can also stop by the Dickinson County Nature Center at 2279 170th St., Okoboji, to meet Hansen. The nature center is open year-round, with off-season hours 10:00am-4:00pm, Monday-Friday.

Northwest Bank Earns Top Workplace Award

Northwest Bank has been awarded a 2017 Top Workplaces honor by the Des Moines Register. The Top Workplaces are based solely on the results of an employee feedback survey administered by Workplace Dynamics, LLC, a leading research firm that specializes in organizational health and workplace improvement. Several aspects of workplace culture were measured, including Alignment, Execution, and Connection, just to name a few.

“The Top Workplaces award is not a popularity contest,” says Doug Claffey, CEO of WorkplaceDynamics. “But to be a Top Workplace, organizations must meet our strict standards for organizational health. And who better to ask about work life than the people who live the culture every day—the employees. Claffey adds, “Obviously, you have to treat people fairly and pay people well, but we find pay and benefits correlate least with employee engagement. Employees want to feel they are part of a greater mission. Fundamentally, we believe engaged employees drive productivity and results.”

Greg Post, CEO and President of Northwest Bank commented, “Receiving the Top Workplaces award for three consecutive years is a fantastic honor. I’m proud to share that our organization is filled with talented employees who are given the opportunity grow and develop their skills, encouraged to share ideas for process improvement, continually provide first class service and go out of their way to support and improve the communities in which we serve and live in. Our management’s focus on attracting and retaining the best people to work for our company results in becoming an Employer of Choice. We ask ourselves, how can we add value to our employees and what do we do as a company that is unique? We look for people who are team-oriented, engaged and community focused, and who are interested in growing personally and professionally.”

Northwest Financial Corp. is a family owned organization led by Neal and Dwight Conover and includes two bank charters, Northwest Bank and First National Bank in Creston, and Northwest Wealth Management, LLC. The organization employs 425 team members and focuses on the importance of supporting a good balance between work and personal life.

Wellness Fair Focuses on Better, Healthier Sleep

Do you struggle to sleep at night yet find yourself tired during the day? Do your sleep habits impact your family members? Want to learn how to improve your sleep? Visit the “Better Sleep Event” on Thursday, September 28, between 10:00am–4:00pm, at the Spencer Medical Arts Building (Avera Medical Group Spencer location), hosted by Avera Home Medical Equipment of Spencer Hospital. Vendors of various sleep products will be available to visit with and two speakers will present information on improving sleep.

“Our Better Sleep event offers a wonderful opportunity for people to learn more about various tools which can help enhance the quality of their sleep,” said Tanya Snarski-Carlson, manager of Avera Home Medical Equipment of Spencer Hospital. “Also, we’re excited to have two speakers. Amber Brown of SomniTech will present at 11:00am on ‘Sleep’s Role in Your Overall Health.’ Amber performs sleep studies at Spencer Hospital. Then at 1:00pm, Patrice Jerke of Avera Home Medical, will present ‘Tips for a Better Night’s Sleep.’ Both programs will provide valuable information.”

Staff will also be providing free CPAP cleaning and checks and will also be demonstrating SoClean, which helps cleanse and purify a CPAP unit. Other aids, such as oxygen pillows and CPAP pillows will be available.

“SoClean is an automated cleaner and sanitizer for CPAP equipment which studies have shown is able to kill 99.9% of CPAP germs and bacteria in the mask, hose and reservoir without requiring disassembly, water or chemicals,” Snarski-Carlson said. “We encourage anyone using a CPAP for easier nighttime breathing to come check out SoClean products.”

The Better Sleep wellness fair is a come and go event and pre-registration isn’t required; however, pre-registration will allow vendors to better anticipate the number of attendees. To pre-register, go to Avera.org/events and then in the search bar, type in “Spencer” which will take you to the registration info on this event. If you have questions, please contact Spencer’s Avera Home Medical Equipment store at 712-580-3923.

View From The Bench

by John Adams, Jr.

Huge Week for ISU and Iowa

While it's still early in the season, this week's games for Iowa State and Iowa could go a long way to determine what type of season each team will have. Iowa State will host Texas on Thursday in a nationally televised ESPN game while Iowa travels to Michigan State on Saturday for a 3:00 Fox national television game. This will be the conference opener for both Iowa State, Texas and Michigan State while Iowa enters the game with an 0-1 BIG record after a heartbreaking 21-19 loss to #4 Penn State (more on that later).

Iowa State has looked very impressive on offense during their 2-1 start on the season, scoring over 40 points in every game while also nearly topping the 500 yard mark in each game. The ISU defense has been a work in progress while working in quite a few new players; they have looked great at times, while also getting gashed at times (like the Iowa game late in the 4th quarter). Texas enters the game 1-2 under first year coach and former Iowa State offensive coordinator Tom Herman. The Longhorns looked terrible in a season-opening 51-41 loss to Maryland (who lost at home 38-10 to Central Florida on Saturday), but looked much improved in a week 3 double overtime 27-24 loss at #5 USC. With Big 12 play starting, there will probably be only two times Iowa State will be the favorite to win (Kansas and maybe at Baylor). For the Cyclones to get to 6 wins and bowl eligibility they will have to pick off a few games against teams they are not favored against, and Thursday at home against Texas is a prime example of a game they need to win against a Longhorn team that is a 5.5 point favorite.

Saturday's Iowa/Penn State game showed how football is such a game of inches. Despite being outgained in total yards 579-273, getting only 11 first downs to PSU's 29 and losing the time of possession battle 40:00-20:00, the Hawks showed a ton of heart and rallied for a 19-15 lead after Akrum Wadley's second 4th quarter touchdown. Unfortunately Penn State drove down the field and scored on Trace McSorley's 4th and goal pass to Juwan Johnson on the last play of the game. Iowa was probably an inch away from winning that game as Iowa safety Amani Hooker just missed knocking the ball down, and another Penn State receiver just missed being in the way by an inch or two. Iowa now has to bounce back from that emotionally draining loss where they left everything they had on the Kinnick Stadium turf, and will be facing a 2-1 Michigan State team that is coming off an embarrassing 38-18 home loss to Notre Dame on Saturday. If Iowa can win this game they will be looking good in the BIG West standings as they play at home against Illinois the following week, which would mean a win at Michigan State puts them at a probable 5-1 overall and 2-1 BIG record heading into their bye week. A loss means they start conference play at 0-2 for the first time since 2008 and will have to try and play catchup to Wisconsin the rest of the way.

One thing is for certain with the 2017 football season, I think both Iowa State and Iowa are better than most people thought they would be. It's always nice when both programs are playing well and representing the State of Iowa so well. Also, is there a better tradition than the new one at Iowa where the fans wave to the children and their families in the new University of Iowa Children's Hospital at the end of the first quarter? This new tradition looked amazing under the lights on Saturday when fans turned on their cell phone lights and showed them up to those watching in the Hospital. It's absolutely awesome when sports can provide a much needed distraction to those who are going through hard times like those in the Children's Hospital. Hats off to those who started this awesome tradition and to Iowa fans who have made it happen; whether you are a Cyclone or a Hawkeye you have to love this!

Annual Breast Cancer Walk in Spencer

Celebrate survivors, honor loved ones who have lost their breast cancer battle, support those who are currently undergoing cancer care and, in general, join us to help bring attention to the importance of increasing awareness of breast cancer screenings and treatment by participating in Spencer's 2017 Breast Cancer Awareness Walk on Sunday, October 1, at 4:00pm.

The awareness walk is free to attend, thanks to the sponsorships from Avera Medical Group Spencer, More 104.9 Radio, Northwest Iowa Surgeons, Abben Cancer Center and Spencer Hospital. Registration for the walk begins at 3:45pm in Spencer Hospital's Grand Avenue Park.

The walk takes participants through the highly visible area of downtown Spencer. From the hospital park, participants will walk south on Grand Avenue, across the bridge, and then return to the hospital, walking north on the east side of the street. For those who wish to walk a true 5K, there's an additional loop through East Leach Park to achieve that goal.

In the case of inclement weather, the walk will take place in Southpark Mall. Please watch Spencer Hospital's Facebook page, website and More 104.9 radio for weather-related announcements.

Thanks to the generosity of sponsors, there is no cost to participate. T-shirts are provided as supplies last. Walkers who are interested in making a freewill donation to the Spencer Regional Healthcare Foundation for Women's Health Services or the Abben Cancer Center will have an opportunity to do so at the event.

Spirit Lake Library News

Lake Park Native Author to Visit Spirit Lake Library

Lake Park native and former Sioux City Journal reporter Bill Zahren plans to talk about his long road to publishing books during a visit to the Spirit Lake Public Library on Tuesday, October 3 at 6:30.

Zahren will talk about his latest novel, *Avenging Angel* set in Sioux City, and his three-book Kingman & Reed mystery series during the event, as well as his upcoming novel, *Tipsy House*, set in Okoboji.

“It’s really fun to meet with fellow book lovers and talk about the process of writing and publishing, both the good and the bad, and get their feedback and suggestions,” Zahren said. “I’ve talked at several libraries about my books, and it’s always great to meet readers who enjoy mysteries and fiction in general as much as I do,” Zahren said. “I’m always humbled when people show up and show interest in my books, especially people in my home county.”

Zahren is a third-generation Iowan from Lake Park, where his parents still reside. He graduated from Harris-Lake Park high school and Morningside College in Sioux City, where Zahren met his wife, Rhonda, a native of Alton, Iowa, who is a registered nurse. After graduation, Zahren spent two years as a reporter for the *Le Mars Daily Sentinel*, followed by seven years at the *Sioux City Journal*, and four years at Gateway Inc. in North Sioux City. After living in Sioux City for a total of 15 years, Bill and Rhonda moved to West Des Moines in 2000. Zahren originally drafted his first book, *Officer Involved*, in 1998 but didn’t publish it until 2015.

All of Zahren’s novels feature *Sioux City Sentinel-Leader* reporter Tom Kingman and his opposites-attract love interest Assistant Woodbury County attorney Hillary Reed. The book, set in present-day Siouxland and elsewhere in western Iowa, Zahren makes fictitious use of many real Siouxland landmarks. His fourth book, *Tipsy House* set in Lake Park and Okoboji on a Labor Day weekend is planned for an August 2018 release.

Zahren’s books are available in paperback and eBook at Amazon.com, BarnesandNoble.com, and at the Spirit Lake and Lake Park public libraries.

Senior Center News

by Beverly Atwell, Building Manager

The days are getting shorter; leaves are falling and I can hear grandma telling us, “it just feels like fall”! Our speakers in September were Brandon Rohrig, Director of Population and Public Health with Lakes Regional Healthcare, who spoke about the benefits of eating Greek yogurt; Josh Johnson, Deputy/K-9 with Dickinson county Sherriff’s office, spoke about his K-9 partner and demonstrated a drug search; Marcia Barrios-Hunt, Community Liaison with Good Samaritan Society, spoke about staying safe in your home. Thank you all for taking time to speak with us!

We have two new sets of pool balls for the pool tables from C&N Sales. The old sets are for sale \$10 a set or best offer. The pool room also has four new bar type stools for the players to use. Thank you for the memorial donation for these items.

In October, Lisa with Jorgenson Hearing Center will speak about hearing loss and how to keep your ears healthy. Brandon will be back speaking about foods to help your blood pressure and the benefits of eating sweet potatoes. Call or stop at the Lakes Area Senior Citizens Center for the dates and time for these speakers.

Mark your calendar for our Harvest Dinner on Sunday, October 15, from 11:00am to 1:00pm. Red’s Café of Hartley will cater the meal. The menu consists of turkey, mashed potatoes with gravy, sage dressing, green bean casserole, cranberries, and pumpkin pie with whipped cream. Coffee, water and orange drink will also be provided. Cost is \$10 for adults and carry outs; \$5 for children ages 5-12; under age 5 is free. Tickets can be purchased from any of the Board Members or stop at the Senior Center to purchase a ticket. Tickets will also be available at the door; we hope to see you on the 15th for our Harvest Meal.

If you are looking for a handicapped accessible place for your next party or meeting, please stop out to see our facility. The Lakes Area Senior Citizens Center is a non-profit; we must rely on rental fees, memorials and donations to keep the doors open. We still have a few cookbooks for sale with recipes from the many volunteers at Lakes Area Senior Citizens Center. The cookbooks make a wonderful gift! We have RADA products and greeting cards for sale. Puzzles and books are for sale or borrow one and return it when you are finished or donate a book or puzzle and take a book or puzzle.

The October menu is available. Meals are served Monday through Friday at noon; we ask that you call the day before by 1:30pm to reserve a meal 712-336-5247. If you are under 60 years of age, you can purchase a meal at the Lakes Area Senior Citizens Center however the cost of the meal is \$6.25.

We look forward to seeing you on Sunday, October 15, for our Harvest Dinner and our dance on October 29.

Okoboji Mercantile Awarded Best Indoor Exhibit at Fair

The Okoboji Mercantile, located in Arnolds Park, was judged to be the overall, Best Indoor Commercial Exhibit at the Clay County Fair in Spencer during the nine-day event.

Each year the Clay County Fair gives awards to commercial exhibitors in three categories: Best Outdoor Exhibit, Best Food/Beverage Concessionaire, and Best Indoor Exhibit. A plaque is awarded in each category. Judging is based on initial impression, personnel, overall exhibit appearance, exhibit signage, and fair compliance.

“The Clay County Fair engages ‘Secret Shoppers’ to help with the judging. That means it’s a group effort to win,” said Tina Sherrill-Range. Sherrill-Range is the Proprietor of the Okoboji Mercantile.

She added, “This award was especially meaningful to me because it was given during the Centennial Celebration at the Clay County Fair and because my family has been selling antiques at the fair since I was in school at West Bend, Iowa.”

The Okoboji Mercantile is a seasonal shop in Arnolds Park, which sells antiques, vintage, wine, coffee and tea

Iowa Lakes ‘Best of the Best’ Veteran Friendly College

Only three community colleges in the nation earned the U.S. Veterans Magazine designation of “Best of the Best” for outreach, accessibility and support of military veterans—and Iowa Lakes Community College was one of them.

The magazine, published by DiversityComm Inc., chose Iowa Lakes due to its dedication to military veterans, including students and staff alike.

“It’s really great that we are being recognized for all the hard work we’ve accomplished in our effort to show support for our military members and veterans,” said Kent Schmidt, Veteran Affairs Outreach Specialist and Career Center Coordinator at the Emmetsburg campus.

In the last four years, Iowa Lakes has certified GI Bill benefits for almost 100 student veterans and their dependents, as well as opening Veteran Centers on the Estherville and Emmetsburg campuses, providing places for students to gather and receive social support from fellow veterans.

Iowa Lakes also offers military family scholarships for enrolled veterans and their dependents, as well as several other school-sponsored benefits and events in appreciation for their service.

The “Best of the Best” recognition from U.S. Veterans Magazine comes on the heels of several other awards, such as “Military Friendly” status awarded by Victory Media, the “Patriot” and “Above and Beyond” awards from Employer Support of the Guard and Reserve, and the “Certified Higher Academic Military Partner” designation as part of the Home Base Iowa initiative.

Schmidt said that the initiatives and awards were the result of a “total team effort that started with support from college leadership.”

Diabetic Support Group

The Spirit Lake Area Diabetic Support Group will meet Monday, October 2, at 7:00pm, in the Big Spirit Room at Lakes Regional Healthcare’s Education Center, on the hospital’s lower level. Admission is free.

LADA, an autoimmune diabetes in adults will be addressed for information and discussion. LADA is a slow-moving type of autoimmune diabetes may affect more adults than expected according Diabetes Forecast Magazine. Some people diagnosed with type 2 diabetes actually have latent autoimmune diabetes in adults (LADA).

Diabetes is a chronic but controllable disease with education being an important tool in management of the disease. Knowledge is power for motivation in steps taken to a healthier attitude and care of the body. With the power of knowledge, diabetes care can be focused on inspiring, encouraging, and making life better while “taking over the management of the pancreas.”

The local diabetic support group meeting, led by local patient facilitator, Marcia Young, is open to anyone dealing with diabetes, spouse, family members, or friend.

Not One, But Three Venues

Northwest Iowa's Artisans Road Trip members invite you to attend the 14th annual open studio tour on Saturday, October 14th, from 9:00am to 5:00pm and Sunday, October 15th, from noon until 5:00pm. This year there are a total of 31 artists participating in A.R.T. from Spirit Lake to Ida Grove!

Along with the open studio tour, everyone is encouraged to see and purchase original art at the two collective (group) shows sponsored by Arts on Grand and the Witter Gallery. "There will be artwork from a variety of the artists on the Artisans Road Trip this year," states chairperson, Haley Tardiff. "It's impressive to see the range, quality and diversity of each artist's work and as a collective group."

- Artisans Road Trip's Open Studio Tour: October 14 – 15
- Arts On Grand, Spencer: September 26 to October 21
- Witter Gallery, Storm Lake: October 1 – 31

Planning your personal A.R.T. tour is easy. To learn all about the 2017 Artisans Road Trip, preview artists' work and begin planning your personal tour we encourage you to use these tools:

- Brochure: You can find brochures at local art centers, participating artist locations, banks, libraries and gathering places in your community.
- Website: www.artisansroadtrip.com
- Blog: <http://artisansroadtrip.blogspot.com/>

"I love it when people come to my studio, see what I do and ask questions—I learn a lot from this exchange! And people learn something too, in a fun way. I believe (that) the interchange between the artist and public fuels the act of creativity. The biggest barrier to any artist is the issue of 'exposure'. A.R.T. gives the artist a venue for interaction and the potential for the purchase of the work. It also opens the world of 'creativity' to the public." – Bruce Morrison, photographer/painter

"Sharing my work with the public is something I love to do," says Hank Hall. "I create to satisfy my sense of aesthetics, and if someone else gets a kick out of it then it just doesn't get better than that!" – Hank Hall, pottery, drawings, painting

There will be a lot to see and do - be sure to support your local artists!

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

President Trump at the United Nations

To The Editor:

A 40 some minute speech by the president at the UN drew differing opinions nationally and internationally. Trump once stated – I could shoot someone on 5th Avenue in New York City and my supporters would still follow me. It seems that this was more truthful than most people thought. His speech drew wide acclaim from his base of support. Elliot Abrams, foreign policy advisor for both Regan and Bush, stated "He cleverly made patriotism the basis for international cooperation." Others issued praise for the strength and direction in his comments.

Not surprisingly, views on the speech from others differed significantly. Swedish foreign Minister Margot Wallstrom stated "It was the wrong speech, at the wrong time, to the wrong audience." Many felt that the speech would have been more appropriately directed to a political party gathering rather than a meeting of international leaders.

There was further concern that his statement "to totally destroy North Korea" was an unveiled threat to commit an international war crime as an act of genocide by killing the population of an entire country of 25 million people.

Further comments on his views on the Iran and Venezuela issues drew questions about his thoughts on U.S. intervention there.

We all hear the same words, but may our conscience be our guide as we decide which side to support.

Fair Celebrates Centennial in Record Style

When asked to "Come Home" to celebrate the Clay County Fair's Centennial, fairgoers responded in record numbers.

Total estimated attendance for "The World's Greatest County Fair," held September 9-17, was 335,670. (The previous all-time attendance record was set in 2013 with 334,575 guests.)

Weather was abnormally warm and sunny for the duration of the nine days with the exception of rain on September 15 and September 16.

"We were blessed with great weather," said Fair Manager Jeremy Parsons. "When you take that weather, and mix it with great programming and improvements to the fairgrounds, you have the right recipe for a fantastic fair."

Fairgoers were able to enjoy several activities and programs celebrating the Fair's Centennial, including the straw sculpture "Farm Party," the Centennial Mural Art project, the 4-H Barn Quilt Challenge, and the Centennial Historical Exhibit presented by Clay County Heritage and the Iowa Great Lakes Auto Club.

The Centennial celebration ended with the Centennial Birthday Bash in the Grandstand on Sunday, Sept. 17 when fairgoers were treated to a 200-voice high school choir, the Karl King Band, motor thrill acts, comedian C. Willi Myles, the human cannonball, local performers Jill Barr and Bill Lauritzen, juggler Sean Emery, and the largest fireworks display in Clay County history.

The Fair also had a new look with the opening of the new Tower Gate Pavilion located on the east side of the fairgrounds, and the remodeling of the Photography Center, Fields and Gardens Building, and the Ag Marketplace. The Family Place, located in the old Administration Building, was also introduced to assist fairgoers of all ages.

Six concerts and seven dirt event performances attracted 21,758 fairgoers to the U.S. Cellular Grandstand. The top attended performances included Old Dominion on September 16 and Herman's Hermits with Peter Noone on September 10.

"The World's Greatest County Fair Food" Contest returned for its second year highlighting four of the 31 new foods introduced at the 2017 Fair. Chicken waffle on a stick (Waffle Chix) took home top prize for the best new food at the Fair, topping three other finalists including breakfast quesadillas (Regal Concessions), hot tenderloin sandwich (Terry Town Concessions) and Thanksgiving balls (Eat-it Concessions).

New foods represented only a fraction of the shopping experiences found at the 2017 Fair, which again boasted the largest farm machinery and agriculture equipment show at any fair in the United States. Nearly 500 vendors participated at the Fair. Winners of the commercial exhibits awards for best displays went to Okoboji Mercantile (best indoor exhibit), Sheldon Power (best outdoor exhibit) and The Branding Iron (best food/beverage concession).

Wild About Monkeys, The Britins, Country Roads, and Disc-Connected K-9's packed bleachers and drew standing room only crowds. The Fair offered \$180,000 in free entertainment at The Farmers Bank Stage, Northwest Bank Stage, Dish Plaza, and KICD Courtyard, plus numerous strolling acts.

The Events Center Ballroom hosted two first-time events, The Browns in concert on September 11 and Curious George Live on September 15.

Standing room crowds flocked to the Outdoor Arena for the Bull Riding Challenge on September 10, which drew an estimated crowd of 1,800, and the finals of the North American Classic Six-Horse Hitch competition, which featured eight hitchers competing for \$10,000 in prize money, tenderloin sandwich (Terry Town) and Thanksgiving balls (Eat-it Concessions).

Other competitions gave fairgoers the opportunity to win ribbons, trophies, and more than \$95,000 in premium money. Special Centennial contests were held in the Creative Culinary (fried chicken and potato salad), Farm Gadget ("guess the gadget"), and Textiles, Crafts, and Arts departments. Craft beer also made its competitive debut at the Fair.

A record was set in the Big Boar Contest when the winner weighed in at 1,176 pounds.

The Fair remained one of the largest 4-H and FFA showcases in the Midwest with more than 800 exhibitors from 42 counties participating in livestock and static competitions.

Utilizing the Fair as "Northwest Iowa's Largest Classroom," a record 1,465 third and fourth graders participated in ISU Extension Clay County's Ag-Citing and Sci-Citing school field trip program throughout the week. Education about Iowa's number one industry - agriculture - was center stage at Grandpa's Barn, where fairgoers were educated through animals, crop plots and the tractor and combine simulators. The Ag Partners Discovery Stage also provided six interactive, educational shows per day on agriculture and music technology.

For the fourth year, the Fair's employees and volunteers participated in the HERO program, which recognized employees who were helpful, enthusiastic, represented the Fair professionally and delivered outstanding service. Nine daily winners were selected with an overall "superhero" selected on Sept. 17. The crew from the Family Place was selected as this year's "superhero".

More detailed information on the 2017 Clay County Fair will be made available at the Clay County Fair Association's annual meeting on October 24. Lifetime memberships to the Fair Association are available for \$100. Call 712-580-3000 for more information.

The 2018 Clay County Fair will be held September 8-16 in Spencer, Iowa.

Agromony ADVICE:

Tips from the Channel Field Check Up Series

White Mold in Soybeans

White mold is a disease that thrives under cool and moist conditions and can substantially reduce soybean yields. This disease is particularly problematic in fields with dense canopies during the reproductive stages, coupled with rain, fog, or dew.

White mold is a relatively easy disease to identify. As its name suggests, the fungal disease produces a white, fluffy, cottony growth on the outside of the stem and on the pods of soybean plants. Other symptoms may include wilted leaves, stems that appear bleached, and shredding of stem tissue. Sclerotia, which are small black structures that resemble mouse droppings, can be found on and inside plants that have been affected by white mold. Timely scouting is crucial to identification of white mold.

The disease cycle of white mold is complicated because favorable environmental conditions and soybean growth stages must intersect for the disease to occur. The fungus overwinters in the soil as sclerotia and can survive in the soil for many years. Under wet conditions, these sclerotia can germinate and form small mushroom-like structures called apothecia. The apothecia may then discharge airborne spores, which are carried by the wind to soybean plants. Spores which land on the petals of soybean flowers are the most likely to cause infection. If cool and wet conditions continue, the infection may spread throughout the plant.

As with the disease cycle of white mold, its management is also a challenging task if environmental conditions favor the disease. Management plans should be based on field history and integration of several tactics that include soybean product tolerance, cultural practices, and chemical control options.

Because white mold has a wide host range and sclerotia can survive in the soil for several years, crop rotation to non-host crops like small grains and cereals can reduce the disease load in the soil over the long term. Deep tillage to bury infected residue may prevent germination of sclerotia, but additional tillage may bring sclerotia to the surface where they can germinate. In no-till fields, sclerotia remain at the surface and a large number germinate during the corn or other rotational crop years. No-till fields may see white mold pressure only in "hot spots," whereas fields using tillage may spread disease pressure throughout the field. Reduced tillage and no-till are preferable for fields with a history of white mold pressure.

Product selection for white mold is very important because some varieties may be more tolerant to it than others. Remember, no product is completely resistant to white mold. Make sure to consult your local Channel Seedsman to see what product can help you best manage white mold in your fields.

Other management practices to consider for white mold are: increasing row spacing, lower planting populations, and chemical control options such as fungicide application or herbicides that thin the plant canopy.

Effectively managing the risk of white mold can be a complicated process. Contact your local Channel Seedsman with any questions you may have about white mold identification or management.

"To those who work in acres and not hours, we thank you."

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper.

President Trump, the NFL and the First Amendment To The Editor:

The First Amendment guarantees Freedom of Speech. This covers not only spoken or printed words, but actions as well. The Supreme Court has ruled that even political contributions to the party you support are covered. Actions—kneeling - by athletes during the playing of the National Anthem to demonstrate their resistance to the blatant racism in our country is another form of free speech. Somehow, President Trump is not aware of, or does not understand the meaning of the amendment. His message to the owners of the teams "fire the s.o.b.s for disrespecting the flag" violates the amendment in every respect.

The response by coaches, owners and players on Sunday was overwhelming as they knelt together to react to the president's words. Many, from different parties related his comment to his comments following the Charlottesville riots regarding the white supremacists. Should we expect more from the president?

Heart to Heart With Heritage Landing

Retirement is in Your Future by Sally Anderson

Just the other day it hit me. I'm not getting any younger. Isn't that a shocker? Retirement, hopefully, will be just around the corner - in about ten to fifteen years give or take if all goes well. I got me thinking of all the things I should be actively planning for. Planning for retirement can be an exciting time. There seems to be no shortage of ideas for where or how to spend your golden years. But how do you ultimately decide?

Here are five questions to ask yourself before you choose a location:

- 1) What is the cost of living in my dream location? You will want to research the tax rate and cost of household items in the area of your new home. If you are moving into a senior living community, find out what creature comforts are covered in the fees, and what aren't.
- 2) Will my new home be close to activities that I enjoy? Are you a golf nut? Is playing bridge all afternoon your ideal day? Do you enjoy fishing or boating? What about a library, shopping mall or sports stadiums? Having access to your favorite pastimes will be a consideration in your decision.
- 3) How close to family will I be? For some people, nothing is more important than family. You don't want to choose a location that is too far away or somewhere that your family wouldn't want to go.
- 4) How is the weather? Is sitting in the sun enjoying the rays your thing? Have you had enough of cold and snow – scooping and shoveling? Or maybe you enjoy the changing of the seasons. You will want to check the average temperatures before you move.
- 5) Will I have access to quality healthcare? Does the area have plenty of choices for family and general physicians? How close are the healthcare facilities relative to where you would be living? Is there a pharmacy nearby?

These are just a few questions you can ask yourself before starting your new journey of retirement.

If you have decided the Iowa Great Lakes area is your ultimate retirement destination, you should check out Heritage Landing. We are a senior living community for seniors 55+ who want to shed the responsibilities and costs associated with owning a home and who prefer to spend their time doing what they love most. Maintenance And Trail Signage

Work continues on Gordon Drive in Okoboji and the trestle bridge is now closed at the north end by Mau Marine. The south end of the bridge will be closed in the near future to replace rough pavement and correct the drop off at the bridge approach. The project is providing much needed trail improvements in this area.

The bridge on the Kenue Park Trail just north of Pearson Lakes Art Center will be replaced this week and the trail will be closed for 2-3 days. One other significant maintenance project will take place yet this fall on the Spine Trail south of 202nd Street near Nature Trails in Milford. We will be doing work to stabilize the bank and replace nearly 200 feet of trail pavement. This project will close the trail between 202nd Street and 210th Street for approximately 2-3 weeks. Notification of trail closures will be sent out on our website, Facebook and DickinsonA!ert. Sign up to get alerts from the Dickinson County Trails Board delivered to your cell phone via text message by texting DCTRAILS to 69310 or visit www.dcem.us.

Orleans DCTB representative Bill Maas and Executive Director Erin Reed have been out doing sign inventory and cataloging what signs need to be replaced or added to the trail system. This is an extensive project that we hope to start implementing this fall and continue into the spring. Our goal is to get everything in good shape and help trail users find their way around the beautiful Iowa Great Lakes before the next biking season begins. Milford Boy Scout Quinn Dodds will also be working on his Eagle Scout Rank this fall by implementing E-911 signage along the West Okoboji Trail. Thank you to Quinn and Milford Boy Scouts for their help in continuing this important project.

Happy Trails to You and Yours,
Erin Reed, DCTB Executive Director

IGL Curlyleaf Pondweed Management Meeting

Recommendations to manage the invasive curlyleaf pondweed at East Okoboji Lake will be presented at a public meeting at 6:30pm, September 28, at the Sami Bedell Center for the Performing Arts on the Spirit Lake High School campus.

A team, made up of leaders from the county, local cities, lake associations, drinking water utilities, Iowa Lakeside Lab, and the Iowa Department of Natural Resources (DNR) have been working together over the past few months on a plan to manage an invasive aquatic plant that has caused water access and navigation issues for many Iowa Great Lakes residents and lake users. Team members will be on hand at the meeting to answer questions and take comments on the proposed plan.

"Curlyleaf pondweed has been in our lakes since the middle of the last century, but under mild winter weather conditions it can gain a foothold growing to form dense mats impacting recreation and access," said Mike Hawkins, Iowa DNR fisheries biologist.

Terry Wilts, with the East Okoboji Lakes Improvement Corporation, helped spearhead this effort and explains that there are no easy options to solve this problem. "This plant impacts hundreds of acres. As a team, we realize that we can't treat all of it, but should prioritize our funds and efforts," Wilts adds, "Our team is made up of folks on each side of this complex issue. The proposed plan is a measured compromise we can all support."

The proposed management plan includes working to at least double the number of acres harvested mechanically in 2017. To do this, a larger commercial harvesting system will be brought in on loan from the residents of Carter Lake near Council Bluffs. This harvester is not currently in use, and will give the community a chance to try out a bigger machine. Harvest should increase significantly with this bigger harvester working alongside the commercial unit used in 2017.

Treating two 10 acre test areas with an approved aquatic herbicide is another treatment option recommended by the team. The use of

herbicides to control aquatic plants is common in other lakes, but has never been tried in the Iowa Great Lakes. The use of herbicides has been controversial in the Iowa Great Lakes for many reasons, but the team plans to show how they can be used safely and effectively as a part of the overall plan. The two test areas, one in the extreme northern end of East Okoboji Lake and the other in Lower Gar Lake, will be monitored to determine effectiveness. Water samples will also be taken to confirm the herbicide doesn't move outside the treatment area.

The team hopes to increase efforts to educate the community about treatment options and the level of control that is possible. They will work with the DNR and other agencies to increase awareness and help stop the illegal use of herbicides.

Eric Stoll, with Milford Utilities which supplies drinking water for thousands of customers in the region states, "We can't tolerate lakeshore residents illegally applying herbicides. Only the DNR has the authority to put these chemicals in the lake. Everyone living or vacationing in this area gets their drinking water from our lakes. Not following the law endangers that precious resource."

Funding for the project will come from local contributions to the East Okoboji Lakes Improvement Corporation and the DNR's Marine Fuel Tax Fund which is dedicated to improving boater access in Iowa.

The 2018 proposed management plan is available online at <https://sites.google.com/al/dnr/iowa.gov/igl-curlyleaf-pondweed/>.

Written comments can be sent by e-mail to michael.hawkins@dnr.iowa.gov or mailed to the Iowa DNR, 122 252nd Avenue, Spirit Lake, IA 51360.

Any person attending the public meeting who has special requirements such as those related to mobility or hearing impairments should contact the DNR or ADA Coordinator at 515-725-8200, Relay Iowa TTY Service 800-735-7942, or Webmaster@dnr.iowa.gov, and advise of specific needs.
